– Unwinding of discount and effect of changes in the discount rate	**0.76**	0.12
Balance at end of the year	**251.50**	173.60

Provision for warranty represent the present value of managements best estimate of the future outflow of economic benefits that will be required under the Company's obligations for warranties. The estimate has been made based on historical warranty trends and may vary as a result of new materials, altered manufacturing process or other events. It is expected that most of these costs will be incurred in the next financial year and all will have been incurred within three years after the reporting date. Assumptions used to calculate the provision for warranties were based on current sales levels and current information available about returns based on the three-year warranty period for all products sold . Further, specific waranty related cases identified by management are also covered.

Note No: 29 - Segment information

For management purposes, the Company is organised into business units based on its products and services to the customer and has two reportable segments, as follows:

– Defence and Homeland security

– Non Defence

The Managing Director, the chief operating decision maker (CODM), have chosen to organise the Company in to the above mentioned segments and which is also the basis for the purposes of resource allocation and assessment of segment performance. No aggregation has been done in arriving at the reportable segments of the Company.

The CODM primarily uses Earnings before Interest and Tax (EBIT) as a measure to assess the performance of the segments.

(Amount in Rs. Lakhs)

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**16,723,655**	16,723,655
Weighted average number of equity shares used in the calculation of Diluted EPS	**16,723,655**	16,723,655

Note No. 31 - Employee benefits

(a) Defined Contribution Plan

The employees are entitled to receive benefits under the Provident Fund. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of an employee's basic salary. All employees have an option to make additional voluntary contributions. These contributions are made to the fund administered and managed by the Government of India (GOI). The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of profit and loss in the period they are incurred.

An amount of Rs. 257.52 Lakhs (Previous year: Rs 250.67 Lakhs) has been recognised as an expense in respect of the Company's contribution to Provident Fund deposited with the relevant authorities and has been shown under Employee benefits expenses in the Statement of Profit and Loss.

(b) Defined Benefit Plans:

Gratuity

The Company has a gratuity plan covering qualifying employees. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Post retirement medical benefits

The Company provides post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Asset volatility

Through its benefits plan the Company is exposed to a number of risk, most significant of which are detailed below:-

Salary Increases

Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Discount Rate

Reduction in discount rate in subsequent valuations can increase the plan's liability.

Mortality & disability

Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities

Withdrawals

Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

Defined benefit plans

(Amount in Rs. Lakhs)

Particulars	**Un Funded Plan Gratuity**		**Unfunded Plans Post Medical Benefit**	
	2021	2020	**2021**	2020
Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:				
Service cost				
Current service cost	**75.17**	71.03	**15.88**	19.49
Net interest expense	**25.73**	23.02	**5.42**	4.60
Components of defined benefit costs recognised in profit or loss	**100.90**	94.05	**21.30**	24.09
Remeasurement on the net defined benefit liability				
Actuarial (gains) and loss arising from changes in financial assumptions	**35.03**	(8.96)	**9.12**	1.45
Actuarial (gains) and loss arising from experience adjustments	**3.98**	(19.01)	**(11.47)**	(21.81)
Actuarial (gains) and loss arising from Demographic adjustments	**(40.73)**	0.03	**(8.49)**	(0.02)
Components of defined benefit costs recognised in other comprehensive income	**(1.72)**	(27.94)	**(10.84)**	(20.38)
I. Net Asset/(Liability) recognised in the Balance Sheet at the end of the year				
1. Present value of defined benefit obligation at the end of the year	**442.85**	373.99	**89.13**	78.67
2. Fair value of plan assets at the end of the year		–		–
3. Surplus/(Deficit)	**(442.85)**	(373.99)	**(89.13)**	(78.67)
4. Current portion of the above	**56.69**	20.80	**0.44**	0.10
5. Non current portion of the above	**386.16**	353.19	**88.69**	78.57
II. Change in the obligation during the year ended				
1. Present value of defined benefit obligation at the beginning of the year	**373.99**	345.06	**78.67**	74.96
2. *Expenses Recognised in Profit and Loss Account*				
– Current Service Cost	**75.17**	71.03	**15.88**	19.49
– Past Service Cost	**–**	–	**–**	–
– Interest Expense (Income)	**25.73**	23.02	**5.42**	4.60
3. *Recognised in Other Comprehensive Income Remeasurement gains/ (losses)*				
– Actuarial Gain (Loss) arising from:				
i. Demographic assumptions	**(40.73)**	0.03	**(8.49)**	(0.02)
ii. Financial assumptions	**35.03**	(8.96)	**9.12**	1.45
iii. Experience adjustments	**3.98**	(19.01)	**(11.47)**	(21.81)
4. Benefit payments	**(30.32)**	(37.18)	**–**	–
Present value of defined benefit obligation at the end of the year	**442.85**	373.99	**89.13**	78.67

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Actuarial assumptions	2021	2020	2021	2020
1. Discount rate	6.25%	6.88%	6.25%	6.88%
2. Salary Increase	8.00	8.00	8.00	8.00
3. Attrition rate				
Up to 30 years	23.00	5.00	23.00	5.00
31 to 44 years	19.00	4.00	19.00	4.00
above 44 years	3.00	3.00	3.00	3.00
4. Medical premium inflation	–	–	7.50	7.50
5. In service morality	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)	IALM (2012-14)

The estimate of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Amount in Rs. Lakhs)

Principal assumption		**Changes in assumption**	**Impact on defined benefit obligation**	
			Increase in assumption	**Decrease in assumption**
Discount rate				
	2021	**0.50%**	**(17.22)**	**18.45**
	2020	0.50%	(20.72)	22.62
Salary growth rate				
	2021	**0.50%**	**18.05**	**(17.02)**
	2020	0.50%	22.27	(20.67)
Medical Inflation rate				
	2021	**0.50%**	**(7.38)**	**7.39**
	2020	0.50%	(6.68)	6.84

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

	2021	2020
Within 1 year	**56.69**	20.80
1 - 2 year	**40.74**	32.30
2 - 3 year	**31.84**	14.54
3 - 4 year	**27.26**	13.38
4 - 5 year	**28.27**	12.79
5 - 6 years	**18.80**	16.86
6 years onwards	**239.25**	263.31

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020	For the year ended March 31, 2019	For the year ended March 31, 2017	For the year ended March 31, 2016
Defined benefit obligation	**442.85**	373.99	345.06	270.02	278.46
Net asset/(liability)	**(442.85)**	(373.99)	(345.06)	(270.02)	(278.46)
actuarial (gain)/loss on obligation	**(1.72)**	(27.94)	4.82	(32.09)	4.07

Note No. 32- Financial Instruments

Capital management

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

Undrawn Borrowing facility

(a) The Company has working capital facilities amounting to Rs. 45,000 Lakhs (31 March 2020: Rs 45,000 Lakhs) from HDFC bank. Of this the Company has utilised Rs 39,179.75 Lakhs and balance Rs 5,820.2 Lakhs is undrawn as at 31 March 2021 (Of this the Company has utilised Rs 19,506.28 Lakhs and balance Rs 25,493.72 Lakhs is undrawn as at 31 March 2020)

(b) Working capital limits from HDFC bank are secured by way of first pari-passu hypothecation charge over Stocks and Book Debts

The following table summarises the capital of the Company:

(Amount in Rs. Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Share Capital	**1,672.37**	1,672.37
Other Equity	**32,011.71**	26,999.64
Total Equity	**33,684.08**	28,672.01

The following methods and assumptions were used to estimate the fair values:

The following table categorise the financial instruments measured at fair value into Level 1 to Level 3, as described below.

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors. The Company manages risk through finance department, which evaluates and exercises independent control over the entire process of market risk management. The Company operates a risk management policy and a program that that performs close monitoring of and responding to each risk factors which includes management of cash resources and ensuring market risk limit and policies.

The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Credit Risk

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company is majorily dealing with creditworthy counterparties i.e government agencies and big companies with international repute. Company has negligible history of bad debts in the past.

Company has strong system to manage receivable . Ageing analysis is being done where monthly emails are send to marketing to minimise the risk and regular followup is done to realise the receivables.

The credit risk on fixed deposits is limited because the counterparties are banks with high credit-ratings assigned by domestic credit-agencies. Customers are basically Government agencies, State police or Army dealing for majority of them is done on credit basis.

The age analysis of trade receivables as of the balance sheet date have been considered from the due date.

The loss allowance provision is determined as follows:

(Amount in Rs. Lakhs)
As at March 31, 2021

Particulars	**Not due**	**Less than 6 months past due**	**More than 6 months past due**	**Total**

Net balance	3,091.57	2,774.47	1,163.61	7,029.65

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(Amount in Rs. Lakhs)

Particulars	**Less than 1 Year**	**1-3 Years**	**3 -5 Years**	**Carrying Value**
Non-derivative financial liabilities				
As at March 31, 2021				
Non - Interest Bearing				
Trade payables	**9,828.96**	**–**	**–**	**9,828.96**
Other financial liabilities	**36.66**	**–**	**–**	**36.66**
Total	**9,865.62**	**–**	**–**	**9,865.62**
As at March 31, 2020				
Non - Interest Bearing				
Trade payables	7,400.96	–	–	7,400.96
Other financial liabilities	49.49	–	–	49.49
Total	7,450.45	–	–	7,450.45

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Amount in Rs. Lakhs)

Particulars	**Less than 1 Year**	**1-3 Years**	**3-5 Years**	**Carrying Value**
Non-derivative financial assets				
As at March 31, 2021				
Non Interest Bearing				
Security deposits	**63.50**	**165.84**	**–**	**229.34**
Trade receivables	**17,048.31**	**3,411.07**	**–**	**20,459.38**
Cash and cash equivalents	**3,259.05**	**–**	**–**	**3,259.05**
Unbilled revenue	**4,923.12**	**–**	**–**	**4,923.12**
Total	**25,293.98**	**3,576.91**	**–**	**28,870.89**
As at March 31, 2020				
Non Interest Bearing				
Security deposits	44.39	194.53	–	238.92
Trade receivables	5,931.70	1,025.88	–	6,957.58

Unbilled revenue	3,235.50	–	–	3,235.50
Total	16,591.63	1,220.41	–	17,812.04

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises one type of risk: currency risk . The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

(Amount in Lakhs)

Particulars	Currency	March 31, 2021	March 31, 2020
Trade receivables	USD	**1,672.51**	1,217.42
Trade receivables	CAD	**–**	–
Trade receivables	GBP	**168.67**	155.50
Advance to supplier	USD	**–**	–
Trade payables	USD	**278.05**	71.87
Advance from customer	GBP	**–**	–
Trade payables	EUR	**0.31**	21.59
Trade payables	GBP	**0.19**	0.18
Trade payables	AUD	**11.70**	0.47

Of the above foreing currency exposures, the following exposures are not hedged by a derivative:

(Amount in Lakhs)

Particulars	Currency	March 31, 2021	March 31, 2020
Trade receivables	USD	**1,672.51**	1,217.42
Advance from supplier	USD	**–**	–
Trade receivables	GBP	**168.67**	155.50
Trade payables	USD	**278.05**	71.87
Trade payables	EUR	**0.31**	21.59
Advance from customer	GBP	**0.19**	0.18
Trade payables	GBP	**0.19**	0.18
Trade payables	AUD	**11.70**	0.47

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD ,CAD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities . The Company's exposure to foreign currency changes for all other currencies is not material.

(Amount in Rs. Lakhs)

Particulars	Currency	Change in rate	Effect on profit before tax
As at March 31, 2021	**USD**	**+10%**	**139.45**
	USD	**-10%**	**(139.45)**
	EUR	**+10%**	**(0.03)**
	EUR	**-10%**	**0.03**
	GBP	**+10%**	**16.85**
	GBP	**-10%**	**(16.85)**
	AUD	**+10%**	**(1.17)**
	AUD	**-10%**	**1.17**
As at March 31, 2020	USD	+10%	114.55
	USD	-10%	(114.55)
	EUR	+10%	(2.16)
	EUR	-10%	2.16
	GBP	+10%	15.53
	GBP	-10%	(15.53)
	AUD	+10%	(0.05)
	AUD	-10%	0.05

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Note: Owing to dispute with MSME vendor, interest on outstanding amount not considered in the financial statements Rs 26.51 Lakhs (Previous year Rs 55.51 Lakhs) while outstanding amount current year is Rs 208.46 Lakhs (Previous year Rs 808.60 Lakhs), The Company do not expect any Future Outflow.

Note No: 36 - Information in respect of Options granted under the Holding Company's Employee Stock Option Schemes ('Schemes')

The employees of the Company covered under Mahindra & Mahindra Limited (Holding company) Employee Stock Option Scheme (M&M ESOS) are granted an option to purchase shares of Mahindra & Mahindra Limited in accordance with the terms and conditions of the scheme as approved by Mahindra & Mahindra Limited from time to time. Each Option entitles the holder thereof to apply for and be allotted ten Ordinary Shares of Mahindra & Mahindra Limited of Rs. 5.00 each upon payment of the exercise price during the exercise period.

The Options have been granted at the 'market price' as defined from time to time under the erstwhile Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The fair value of the options granted is determined using the Black Scholes Option Pricing model at the grant date.

The scheme has been recognized as cash settled share based payment scheme in accordance with Ind AS 102 – Share Based Payment. The fair value of options granted is recognized as employee benefits expense , net of reimbursements, if any. The total cost recognized during the year amounted to Rs. 2.06 Lakhs (previous year - Rs. 4.13 Lakhs). The Company consider these amounts as not material and accordingly has not provided for the disclosures.

Note No: 37 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

Note No: 38 - There are no amounts that are due to be transferred to investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act, 2013 and rules made thereunder.

Note No: 39 - Contingent liabilities & Commitments (not provided for)

(Amount in Rs. Lakhs)

	Particulars	As at March 31, 2021	As at March 31, 2020
(i)	**Contingent Liabilities**	–	–
(ii)	**Commitments**		
	Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	**1,126.70**	306.67

The Company does not have any pending litigations as at March 31, 2021 and as at March 31, 2020.

Note No: 40 - Research and development expenditure

(i) Debited to the statement of Profit and Loss - Rs 727.39 lakhs (previous year Rs 457.37 lakhs) (excluding depreciation and amortisation of Rs. 684.72 lakhs) (previous year: Rs. 967.52 lakhs)

(ii) Capitalization of assets and development work in progress (Net) - Rs. 381.15 lakhs (previous year: Rs. 126.54 lakhs)

Note No: 41 - Corporate Social Responsibility

As per section 135 of Companies Act 2013, a CSR committee has been formed by the Company. The area for CSR activities includes projects like education, woman economic empowerment and rural development such as safe drinking water, health and education etc. (i) Gross amount required to be spent by the company during the year is Rs 48.60 Lakhs (ii) Actual Spent is Rs 48.60 Lakhs

Note No: 42 - Leases

With effect from 1 April 2019, the Company had adopted Ind AS 116, 'Leases' and applied to all lease contracts existing on 1 April, 2019 using the modified retrospective method. Accordingly, the Company is not required to restate the comparative information for the previous periods. Right-of-use (ROU) assets at 1 April, 2019 for leases previously classified as operating leases were recognised and measured at an amount equal to lease liability (adjusted for any related prepayments). Also, the Company had elected not to apply the requirements of Ind AS 116 to short-term leases or low value leases.

The Company as a lessee

i) The Company has taken certain premises on lease

ii) Depreciation charge for right of use assets, addition to right of use assets and carrying amount of right of use assets at the end of the reporting period by class of underlying asset- Refer to Note 5A

iii) The following is the movement in lease liability during the year ended March 31, 2021

(Amount in Rs. Lakhs)

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Balance at the beginning of the year	**630.80**	–
Addition during the year	**–**	826.78
Finance cost accured during the year	**31.09**	44.08
Payment of Lease Liabilities	**258.06**	240.06

Within one year	**260.00**	226.97
Later than one year but less than five years	**143.83**	403.83
Later than five years	**–**	–

viii) Extension and Termination options

Extension and termination options are included in building lease executed by the company. These are used to maximise operational flexibility in terms of managing the assets used in company's operations.

Generally, these options are exercisable mutually by both the lessor and the lessee. For the above lease there is no extension clause and details of termination clause is as follows:

1. 30 Days, if any breach of any term of agreement
2. 15 Days, if lessor, fail to any compensate, loss/cost
3. 90 days by giving a written notice.

The Company as Lessor

The Company has entered into operating lease arrangements for land and premises. These arrangements are both cancellable and non-cancellable in nature and range between one to five years. Lease rental income earned by the Company is set out in Note 21 as 'Rental income'. The future minimum lease receivables under non-cancellable operating leases are as under:

2. Contracted Assets, Contracted Liabilities & Receivables

(Amount in Rs. Lakhs)

Particulars	Opening as on April 1, 2020	Addition During the Year	Reduction During the year	**Closing as on March 31, 2021**	Reference
Unbilled Revenue	3,235.50	4,902.77	3,215.15	**4,923.12**	Note -a
Advance Billing	2,274.46	1,208.98	1,620.46	**1,862.98**	Note -b
Advance from Customer	2,339.97	943.94	2,331.70	**952.21**	Note -c
Receivables	7,029.65	44,838.31	31,408.58	**20,459.38**	Note -d

Note – a: Opening unbilled revenue represents the fulfilled obligation which couldnot be invoiced to the customer on opening balance sheet date due to contractual terms. Addition/reduction in unbilled revenue represent the accumulation of further unbilled obligations and invoicing of opening unbilled revenue respectively. The Closing balance represents the revenue for which contractual obligation has been fulfilled and invoicing is pending on the balance sheet date. The unbilled revenue pertains to defence as well as non defence business

Note – b: Opening Advance billing represents the unfulfilled obligation which though has been invoiced to the customer on opening balance sheet date but obligation is still to be performed. Addition/reduction in Advance billing represent the further invoicing and fulfilling performance obligations respectively. The Closing balance represents the revenue for which invoicing has been done on balance sheet date and contractual obligation has still to be fulfilled. The Advance pertains to defence business as well as non defence business

Note – c: The Advance from customer relates to the money received in advance ahead of the performance obligation to be fulfilled in future. Reduction in advance to customer represents fulfilment of contractual obligation and invoicing to the customer. Major part of advance from customer pertains from defence business.

Note – d: Account recievables represent the amount for which performance obligation has been fulfilled and revenue recognized but the money is receivable from customer.

* Revenue Recognized in the current year that was included in contracted Liability at beginning of the year (Refer Note 19)

3. Unsatisfied Contract Value

Total performance obligation remaining unsatisfied as on March 31, 2021 with timelines within which it is expected to recognize revenue.

(Amount in Rs. Lakhs)

Performance obligation	0-1 Year	1-3 Year	3-5 Yrs	Total
Unsatisfied Performance Obligation as on March 31, 2021*	49,970.40	100,097.72	7,809.37	157,877.49

* Represent unsatisfied performance obligation for major contracts entered with the customer which is to be satisfied in future as per the terms of the contract.

4. Performance Obligations over the period of time

a) When the Performance Obligation is satisfied over period of time, Input method is used to recognize revenue on the basis of Percentage completion method applied on the company actual spent on the basis of resources consumed, labour hours expended, costs incurred, time elapsed or machine hours used, as applicable. This is considered to be most appropriate method for performance obligation satisfied over period of time due to the fact that there is direct relationship between the resource consumed and the control transferred to the customer.

b) Output methods recognize revenue on the basis of direct measurements of the value to the customer of the goods or services transferred to date relative to the remaining goods or services promised under the contract. Output methods include methods such as surveys of performance completed to date, appraisals of results achieved, milestones reached, time elapsed and units produced or units delivered. This is considered to be most appropriate method due to the fact that the company performance towards completion of performance obligation can be measured more appropriately with the output.

c) Company evaluates whether to apply an input method or output method for revenue recognition. For evaluation of method to be applied, the company considers the relationship between the resource consumed and the control transferred to the customer ie input method & whether the company performance towards completion of performance obligation can be measured more appropriately with the output ie output method

5. Significant Payment term in Subcontracting project with the customer having significant financing component

Payment Milestone

Project 1

INDEPENDENT AUDITORS' REPORT

To the Members of Mahindra Telephonics Integrated Systems Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Telephonics Integrated Systems Limited ("the Company"), which comprise the balance sheet as at 31 March, 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our

opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

   (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March, 2021.

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA TELEPHONICS INTEGRATED SYSTEMS LIMITED FOR THE YEAR ENDED 31 MARCH, 2021.

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date).

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) As explained to us, the Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified annually. In our opinion, this periodicity of physical verification by management is reasonable having regard to the size of the Company and the nature of its assets. As informed to us, discrepancies noticed on such verification were not material.

(c) According to the information and explanations given to us, the Company does not have any immovable properties. Accordingly, paragraph 3(i)(c) of the Order is not applicable.

(ii) Inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable having regard to the size of the Company and the nature of its business. According to the information and explanations given to us, the procedures for physical verification of inventories followed by the management during the year are reasonable and adequate in relation to the size of the Company and the nature of its business. No material discrepancies noticed on verification between the physical stocks and the book records.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of paragraph 3(iii) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not given any loan, or provided any guarantee or security or made any investment as specified under Section 185 and 186 of the Companies Act, 2013. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.

(v) As per the information and explanations given to us, the Company has not accepted any deposits as mentioned in the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) To the best of our knowledge and as explained, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013, in respect of any activities undertaken by the Company. Accordingly, the provisions of paragraph 3(vi) of the Order are not applicable.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and services tax, duty of customs, cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities though there has been slight delay in depositing in a few cases. Dues relating to value added tax, sales tax, service tax and duty of excise are not applicable to the Company.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, value added tax, sales tax, employees' state insurance, income tax, service tax, goods and services tax, duty of customs, duty of excise, cess and other material statutory dues were in arrears as at 31 March, 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, goods and services tax, and value added tax which have not been deposited on account of any dispute.

(viii) The Company did not have any dues to debenture holders or outstanding loans or borrowings from any bank, financial institution or government during the year. Accordingly, paragraph 3(viii) of the Order is not applicable.

(ix) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, provisions of paragraph 3(ix) of the Order are not applicable.

(x) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit for the year.

(xi) According to information and explanations given to us and on the basis of our examination of the records of the Company, managerial remuneration has been provided or paid in accordance with the provision of section 197 read with schedule V to the Companies Act.

(xii) According to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the transactions with the related parties are in compliance with section 188 of the

Companies Act, 2013 where applicable and the details have been disclosed in the financial statements as required by the accounting standards. Further, the provisions of Section 177 of the Companies Act, 2013 are not applicable to the Company.

(xiv) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable.

(xv) According to information and explanations given to us and based on our examination of the records of Company, the Company has not entered into any non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA TELEPHONICS INTEGRATED SYSTEMS LIMITED FOR THE YEAR ENDED 31 MARCH 2021.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

(Referred to in paragraph 1 (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date).

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Telephonics Integrated Systems Limited ("the Company") as of 31 March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March, 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(All amounts in Indian ₹ Lacs, unless otherwise stated)

1 CORPORATE INFORMATION

Mahindra Telephonics Integrated Systems Limited (“”the Company””) is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956 having its registered office at MAHINDRA TOWERS, P. K. KURNE CHOWK, R. G. M. BHOSALE MARG, WORLI, MUMBAI, Mumbai City, Maharashtra - 400018. The Company is jointly held by Mahindra Defence Systems Limited and Telephonics corporation, USA.

The financial statements were authorised for issue in accordance with resolution of the Board of Directors on 27 April, 2021.

1.01 Basis of preparation

These financial statements comply in all material aspects with Indian Accounting Standards (IND-AS) notified under Section 133 of the Companies Act, 2013, relevant provisions of the Companies Act, 2013 (“the Act’) and other accounting principles generally accepted in India. Financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- Net defined benefit (asset)/ liability- Fair value of plan assets less present value of defined benefit obligations.

1.02 Functional and presentation currency

These financial statements are presented in Indian rupees (₹), which is also the Company’s functional currency. All amounts have been rounded-off to the nearest lacs up to two place of decimal, unless otherwise indicated.

1.03 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non- current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non current.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2 SIGNIFICANT ACCOUNTING POLICIES

2.01 Use of estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about significant areas of estimation/uncertainty and judgements in applying accounting policies that have the most significant effect on the financial statements are as follows:-

Note 2.08-: Measurement of defined benefit obligations: key actuarial assumptions;

Note 2.02 and 2.03: Measurement of useful life and residual values of property, plant and equipment and useful life of intangible assets;

Note 2.05: Fair value measurement of financial instruments;

Note 2.13-: Judgement required to ascertain lease classification

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of various assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including economic forecasts etc. and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company’s financial statements may differ from that estimated as at the date of approval of these financial statements.

2.02 Property, Plant and Equipment

Property, plant and equipment including capital work in progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of CENVAT credit and VAT/GST credit availed wherever applicable. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their respective useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Capital work- in- progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives and is generally recognised in the statement of profit and loss. The residual value are not more than 5% of the original cost of assets.

Depreciation on property, plant & equipment is provided on prorata basis on straight-line method using the useful lives of the assets estimated by management and in the manner prescribed in Schedule II of the Companies Act 2013. The useful life of Property, Plant and Equipment are as follows:

Assets	Useful life (in years)
Plant and Equipment:	15
Office Equipment (clubbed under plant and equipment):	5
Computers and Peripherals	3
Mobile Phones (clubbed under computer and peripherals):	2
Furniture and Fixtures:	10
Vehicles:	5
Electric Installation:	10

Vehicles and mobile phones are depreciated over the estimated useful lives of 5 years and 2 years, respectively, which are lower than those indicated in Schedule II. On the basis of technical assessment made by the management, it believes that the useful lives as given above best represent the period over which the assets are expected to be used.

Leasehold improvements are depreciated on straight line basis over the remaining lease agreement period.

2.03 Intangible assets

Separately acquired intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangibles, excluding capitalised development cost, are not capitalised and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from disposal of the intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the assets are disposed off.

Intangible assets with finite useful life are amortised on a straight line basis over their estimated useful life as follows:

Assets	**Useful life (in years)**
Softwares	3/10

2.04 Foreign currencies

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction.

Measurement of foreign currency items at the balance sheet date

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transaction/ Non-monetary item measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognised as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.05 Financial instruments

a. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company become a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequently to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held with in a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrecoverably designate a financial asset that otherwise meets the requirement to be measured at amortised cost as at FVTPL if doing so eliminate or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost at effective interest rate. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairments are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities:

Financial liabilities are classified as measure at cost amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative and it is designated as such on initial recognition. Financial liabilities at FVTPL and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The company derecognises a financial asset when the contractual rights to cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfer assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not recognised.

Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The company also derecognises a financial liability when its terms are modified and then cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

d. Offsetting

Financial assert and financial liabilities are offset and net amount presented in the balance sheet when and only when the Company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.06 Inventories

a) Basis of valuation:

i) Inventories are valued at lower of cost and net realisable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realisable value is made on an item-by-item basis.

b) Method of Valuation:

i) **Cost of raw materials and components** has been determined by using moving average basis and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

ii) Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.07 Government Grants

Government Grants are recognised at their fair value when there is reasonable assurance that the grant will be received and all the attached conditions will be complied with.

When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

2.08 Employee benefits

A Short-term obligations

Liabilities for salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

B Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

C Post-employment obligations

The Company operates the following post-employment schemes:

(a) defined benefit plan such as gratuity and post-employment medical benefit liability; and

(b) defined contribution plan such as provident fund

Defined benefit plans

The liability or asset recognised in the balance sheet in respect of gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

2.09 Revenue Recognition

The Company earns revenue primarily from sale of goods and rendering of maintenance services.

Effective 01 April, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. The Company has adopted Ind AS 115 using the cumulative effect method. The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer.
- Revenue from services is recognised in accordance with the terms of contract when the services are rendered and the related costs are incurred.

Revenue is measured based on the transaction price, which is the consideration as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Interest income is recognised on time proportion basis taking into account the amount outstanding and the applicable interest rates and is disclosed in “other income.

2.10 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

2.11 Taxes

Tax expense for the year comprises of current tax and deferred tax.

Current Tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date.

Current income tax relating to item recognised outside the statement of profit and loss is recognised outside profit or loss (either in other comprehensive income or equity). Current tax items are recognised in correlation to the underlying transactions either in OCI or directly in equity.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or direct in equity.

2.12 Impairment of non- financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset’s recoverable amount. An asset’s recoverable amount is the higher of an asset’s or cash-generating unit’s (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company’s assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses including impairment on inventories, are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

2.13 Leases

The Company’s lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.14 Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of Profit and Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are recognised as expense in the period in which they occur.

2.15 Provisions and Contingent Liabilities

Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

2.16 Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(i) In the principal market for asset or liability, or

(ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.17 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is considered to be the Board of Directors who makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

3. Property, plant and equipment including right -of -use of assets and capital work-in-progress

Employer's Contribution towards Employee State Insurance (ESI)	**0.72**	1.12
Employer's Contribution towards Labour welfare fund	**0.25**	0.27
	21.97	21.86

Defined Benefit Plan

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. Every employee is entitled to the benefit equivalent to 15 days of total basic salary last drawn for each completed year of service.

The Company’s gratuity benefit scheme is a defined benefit plan. The Company’s net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the Company’s obligation under the plan is perforrned annually at the balance sheet date by a qualified actuary using the projected unit credit method.

The Company provides post retirement medical cover to employees for grade L1 to L5 to cover the retiring employee and their spouse upto a specified age through mediclaim policy. The eligibility of the employee for the benefit as well as the amount of the medical cover purchase is determined by the grade of the employee at the time of retirement.

Medical cost increase rate is company’s long term best estimate as to cost increases taking into account of inflation, other relevant factors on long term basis as provided in relevant accounting standard.

The Code on Social Security, 2020 (‘Code’) relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and post retirement medical cover plan and the amounts recognised in the Company’s financial statements as at balance sheet date:

(All amounts in Indian ₹ Lacs, unless otherwise stated)

		Post employment medical benefits		Gratuity

	9.59	1.51

26. Segment Reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Board of Directors and the Company has only one reportable business segment i.e. defence sector.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

Accordingly, the disclosure requirements of Ind AS 108 are not applicable.

Entity wide disclosure details as per Ind AS 108 on Operating segments are given below:

Information about geographical areas:

The following table shows the distribution of the Company's operating revenue by geographical location of customers, regardless of where the goods were produced/services were rendered from:

Particulars		Year ended 31 March, 2021	Year ended 31 March, 2020
Revenue from operations	India	**422.96**	67.72
	Outside India	**783.60**	626.16

* Including accruals

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

28. Fair value measurements

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments:

Financial instruments by category	**Carrying Value**		**Fair Value**	
	As at 31 March, 2021	As at 31 March, 2020	**As at 31 March, 2021**	As at 31 March, 2020
Financial assets at amortised cost				
Cash and cash equivalent	**172.42**	175.67	**172.42**	175.67
Bank balances other than cash and cash equivalent	**71.51**	95.01	**71.51**	95.01
Other financial assets (current)	**1.62**	4.62	**1.62**	4.62
Loans	**21.60**	20.47	**21.60**	20.47
Trade receivables	**466.08**	376.69	**466.08**	376.69
	733.23	672.46	**733.23**	672.46
Financial Liabilities at amortised cost				
Trade Payables	**431.45**	499.20	**431.45**	499.20
Lease liabilities	**407.39**	508.86	**407.39**	508.86
Other financial liabilities	**87.49**	82.16	**87.49**	82.16
	926.33	1,090.22	**926.33**	1,090.22

(All amounts in Indian ₹ Lacs, unless otherwise stated)

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1) The fair value of financial assets and liabilities at amortised cost is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.
2) Long-term receivables/payables are evaluated by the Company based on parameters such as interest rates, risk factors, individual creditworthiness of the counterparty and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The significant unobservable inputs used in the fair value measurement categorised within level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at 31 March, 2020, are as shown below:

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities,

Level 2: other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly,

Level 3: techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Quantitative disclosures of fair value measurement hierarchy for assets as on 31 March, 2021

	Carrying Value	Fair Value		
Assets carried at amortised cost for which fair value are disclosed	**31 March, 2021**	Level 1	Level 2	Level 3
Loans	**21.60**	–	–	21.60
Other financial assets (current)	**1.62**	–	–	1.62

Quantitative disclosures of fair value measurement hierarchy for assets as on 31 March, 2020

	Carrying Value	Fair Value		
Assets carried at amortised cost for which fair value are disclosed	31 March, 2020	Level 1	Level 2	Level 3
Loans	**20.47**	–	–	20.47
Other financial assets	**4.62**	–	–	4.62

Note: The management assessed that cash and cash equivalents, bank balance other than cash and equivalent, trade receivables, trade payablesand other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

29. Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade and other payables and cash credit from bank. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets includes security deposits given for rental properties taken on lease and equipment leases, trade and other receivables, and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarised as below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. However, since the Company is not having any borrowings and since its nature of business does not involve commodities, it is not exposed to interest rate risk and other price risk. Financial instruments affected by market risks include deposits and foreign currency receivables and payables. The sensitivity analyses in the following sections relate to the position as at 31 March, 2021. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations, provisions, and the non-financial assets and liabilities. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of 31 March 2021.

(i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). Foreign currency exchange rate exposure is party balanced by purchasing of goods from the respective countries. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows establish risk management policies and plan the purchases and sales in manner with similar credit period and payment period that results in a natural hedge and cover risk arising due to volatility in the foreign currency risk.

Foreign currency risk sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's loss before tax is due to changes in the fair value of monetary assets and liabilities. Foreign currency exposures recognised by the Company that have not been hedged by a derivative instrument or otherwise are as under:

Description of Currency	**Currency**	**31 March, 2021**		**Impact on loss before tax and equity**	
		FC	**Indian Rupees**	1% increase	1% decrease
United States Dollar	**USD**	**1.18**	**85.62**	(0.86)	0.86

Description of Currency	Currency	31 March, 2020		Impact on loss before tax and equity	
		FC	Indian Rupees	1% increase	1% decrease
United States Dollar	USD	3.24	266.90	(2.67)	2.67

Increase represents Indian Rupee becoming stronger against USD in Indian Rupee terms

(ii) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in

(All amounts in Indian ₹ Lacs, unless otherwise stated)

market interest rates. The Company's is not exposed to the risk of changes in market interest rates since the Company's investment in fixed deposit with bank are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of change in the market interest rates.

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

(i) Trade Receivables

Currently, the Company is primarily engaged in supplying goods to one of its shareholder; namely Telephonics Corp. Further, for unrelated parties, the customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company with the its treasury policy. Investments of surplus funds are made in bank deposits and other risk free securities. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March, 2021 is the carrying amounts. The Company's maximum exposure relating to financial is noted in liquidity table below. Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

	As at 31 March, 2021	As at 31 March, 2020
Financial assets for which allowance is measured using 12 months Expected Credit Loss Method (ECL)		
Cash and cash equivalent	**172.42**	175.67
Bank balances other than cash and cash equivalent	**71.51**	95.01
Loans	**21.60**	20.47
Other financial assets (current)	**1.62**	4.62
	267.15	295.77
Financial assets for which allowance is measured using Life time Expected Credit Loss Method (ECL)		
Trade Receivables	**466.08**	376.69
	466.08	376.69

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies.

The ageing analysis of trade receivables (gross of provision) has been considered from the date the invoice falls due

	As at 31 March, 2021	As at 31 March, 2020
Particulars	**As at 31 March, 2021**	As at 31 March, 2020
Neither past due nor impaired	–	207.34
0 to 180 days due past due date	**466.08**	169.35
More than 180 days past due date	–	–
Total Trade Receivables (gross of provision)	**466.08**	376.69

The following table summarises the change in loss allowance measured using the life time expected credit loss model:-

	As at 31 March, 2020	As at 31 March, 2019
Balance at the beginning of the year	–	–
Provision during the year	–	–
Bad debts	–	–
Balance at the end of the year	–	–

(c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of short term bank deposits and current account with bank. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

As at 31 March, 2021	**Less than 1 year**	**1 to 5 years**	**Total**
Trade payables	**431.45**	–	**431.45**
Lease liabilities	**119.01**	**288.38**	**407.39**
Other current financial liabilities	**87.49**	–	**87.49**
As at 31 March, 2020	Less than 1 year	1 to 5 years	Total
Trade payables	499.20	–	499.20
Lease liabilities	101.47	407.39	508.86
Other current financial liabilities	82.16	–	82.16

30. Capital Management

For the purposes of Company's capital management, capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximise shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March, 2021 and 31 March, 2020.

The Company monitors capital using gearing ratio, which is net payables divided by total capital plus net payables.

(All amounts in Indian ₹ Lacs, unless otherwise stated)

		5.92	2.80
E	**Deferred tax assets (net)**		
	Deferred tax assets on account of:		
	Lease Liability	**13.95**	9.03
	Provision for employee benefits	**27.79**	47.73
	Carry forward business losses and unabsorbed depreciation	**1,074.17**	954.43
	Total deferred tax asset (A)	**1,115.92**	1,011.18
	Deferred tax liabilities on account of:		
	Property plant and equipment	**(5.97)**	(9.68)
	Total deferred tax liabilities (B)	**(5.97)**	(9.68)
	Net deferred tax assets/(liabilities) (A)-(B)	**1,109.95**	1,001.50
	Deferred tax assets recognised	–	–

The Company has significant unabsorbed depreciation and carry forward losses. Further, there exists no convincing evidence that sufficient taxable profit will be available against which such deferred tax assets can not be realised. Accordingly, the Company has recognised deferred tax assets to the extent of deferred tax liabilities.

F Movement of temporary differences

	As at 31 March, 2019	Temporary Difference	Carry forward business losses and Unabsorbed depreciation	As at 31 March, 2020	Temporary Difference	Carry forward business losses and Unabsorbed depreciation	**As at 31 March, 2021**

	808.55	39.89	153.05	1,001.50	(11.30)	119.75	**1,109.95**

32. Transfer Pricing

The Company has a process of maintenance of information and documents as required by the transfer pricing regulation under sections 92-92F of the Income-Tax Act, 1961. Since the law requires existence and updating of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation of all transactions entered into with the associated enterprises as well as deemed international transaction with un-related parties during the financial year 2020-21 and expects such records to be updated by the date as required by law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any material impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

33. Earnings per share

a) Basic Earnings per share

	As at 31 March, 2021	As at 31 March, 2020
Numerator for earnings per share		
Profit after taxation	**(304.23)**	(747.50)
Denominator for earnings per share		
Weighted number of equity shares outstanding during the year	**50,784,313**	50,784,313
Earnings per share-Basic (one equity share of INR 10 each)	**(0.60)**	(1.47)

The Company does not have any potential equity shares which have a dilutive impact on earnings per share, accordingly, basic and dilutive earnings per share are same.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of
Mahindra Emirates Vehicle Armouring FZ-LLC
Ras Al Khaimah, UNITED ARAB EMIRATES

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mahindra Emirates Vehicle Armouring FZ - LLC (the Company)**, which comprise the statement of financial position as at 31 March 2021, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to:

i) Note 2 to the financial statements which states that the Company has presented these financial statements as separate financial statements under International Accounting Standard (IAS) 27 wherein investment in subsidiary is carried at cost without consolidating the financial results of the subsidiary.

ii) Note 3.4 to the financial statements which states that the INR amounts in the accompanying financial statements are presented as supplementary information solely for the convenience of users of the financial statements. Such supplementary information does not form part of the financial statements. We have not audited this supplementary information and, accordingly, we do not express an opinion on this supplementary information.

Our opinion is not modified in respect of these matters.

Other Matter

The financial statements of the Company for the year ended 31 March 2020 were audited by another auditor who expressed an unmodified opinion on those statements on 19 May 2020.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Further, as required by the UAE Federal Law No. (2) of 2015, we report that:

1. we have obtained all the information and explanations we considered necessary for the purposes of our audit;
2. the financial statements have been prepared and comply, in all material respects, with the applicable provisions of the UAE Federal Law No. (2) of 2015;
3. the Company has maintained proper books of account;
4. the financial information included in the Directors' report, in so far as it relates to these financial statements, is consistent with the books of account of the Company;
5. the Company has not purchased or invested in shares or stocks during the year ended 31 March 2021;
6. note 10 to the financial statements discloses material related party transactions and the terms under which they were conducted; and
7. based on the information that has been made available to us, nothing has come to our attention which causes us to believe that the Company has contravened during the financial year ended 31 March 2021 with any of the applicable provisions of the UAE Federal Law No. (2) of 2015 or its Memorandum and Articles of Association, which would materially affect its activities or its financial position as at 31 March 2021.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. GENERAL INFORMATION :

Mahindra Emirates Vehicle Armouring FZ - LLC (the Company) is a Limited Liability Company incorporated in Ras Al Khaimah, United Arab Emirates. The registered office of the Company is P.O. Box. 39893, RAK, United Arab Emirates and principal place of business is located in Ras Al Khaimah, UAE.

The principal activities of the Company are trading and assembling of automobiles, specialised vehicles, auto spare parts and components, auto accessories, special accessories fitting & tyres & rims and manufacturing of vehicle bodies & vehicle upholstery services.

2. PRESENTATION OF SEPARATE FINANCIAL STATEMENTS OF PARENT COMPANY :

These financial statements are presented as separate financial statements wherein investment of the Company in its subsidiary is carried at cost without consolidating the financial results of the subsidiary. In these separate financial statements, investment in subsidiary is accounted for as explained in note 3.8.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DISCLOSURES :

3.1 Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are presented in Arab Emirates Dirhams (AED) and all values are rounded to the nearest AED. The principal accounting policies adopted are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.2 Statement of compliance

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards.

3.3 Adoption of new and revised International Financial Reporting Standards

The following new and revised Standards including amendments thereto and Interpretations which became effective for the current reporting period have been adopted, wherever applicable. Their adoption has not had any significant impact on the amounts reported in these financial statements but may affect the financial reporting for future transactions or arrangements.

Amendments to IFRS 3: Business Combinations - Amendments to clarify the definition of a BusinessAmendments to IAS 1 and IAS 8: Amendments regarding the definition of Material
Amendments to References to the Conceptual Framework in IFRS Standards
Amendments to IFRS 9, IAS 39 and IFRS 7: Amendments regarding interest rate benchmark reform

The following Standards, amendments thereto and interpretations have been issued prior to 31 December 2020 but have not been applied in these financial statements as their effective dates of adoption are for future periods. It is anticipated that their adoption (except for Amendment to IFRS 16 - COVID-19-Related Rent Concessions) in the relevant accounting periods will have impact only on disclosures within the financial statements.

Amendment to IFRS 16 - COVID-19-Related Rent Concessions - 1 June 2020
Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 - Interest Rate Benchmark Reform - Phase 2 - 1 January 2021

Amendments to IAS 37 - Onerous Contracts - Cost of Fulfilling a Contract - 1 January 2022
Amendments to IAS 16 - Property, Plant and Equipment: Proceeds before Intended Use - 1 January 2022
Amendments to IFRS 3 - Reference to the Conceptual Framework - 1 January 2022

Annual Improvements to IFRS Standards 2018-2020 - 1 January 2022
IFRS 17: Insurance Contracts - 1 January 2023
Amendments to IAS 1 - Classification of Liabilities as Current or Non-current - 1 January 2023
Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Date to be determined

3.4 Foreign currencies

In addition to presenting the financial statement in AED, supplementary information in INR has been prepared for the convenience of users of the financial statements. All amounts are translated from AED to INR at the closing exchange rate at 31 March 2021 of INR 20.20 to 1 AED (31 March 2020: INR 20.54).

3.5 Foreign currencies

(a) Functional and presentation currency

The financial statements are prepared and the items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in AED, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of outstanding amounts of such transactions and from the re-translation of monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are recognised in the profit or loss. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

3.6 Property and equipment

Property and equipment is stated at cost less accumulated depreciation and identified impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items including installation costs. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the profit or loss during the reporting period in which they are incurred.

The depreciation is calculated on a straight-line basis over the estimated useful lives of the assets, as follows;

	Years
Leasehold improvements	**10**
Machinery and equipment	**7 - 8**
Prototype	**4**
Furniture and equipment	**4**
Motor vehicles	**4**

In the case of leasehold improvements, it is assumed that the lease will continue to be renewed over the useful life.

The assets' residual values and useful lives are reviewed at the end of the reporting period, with the effect of any changes in estimates adjusted on a prospective basis. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

The gains or losses arising on the disposal or retirement of an item of property and equipment is determined by comparing the disposal proceeds with the carrying amount of the asset and is recognised in the profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021 (CONTINUED)

3.7 Leases

The Company as lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying value of the lease liability also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Company if it is reasonably certain to assess that option;
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right–of–use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Company is contractually required to dismantle, remove or restore the leased asset.

Subsequent to initial measurement, lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortised on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

When the Company revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lease extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in profit or loss.

When the Company renegotiates the contractual terms of a lease with the lessor, the accounting depends on the nature of the modification:

- if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy.

- in all other cases where the renegotiation increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount.

- if the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For contracts that both convey a right to the Company to use an identified asset and require services to be provided to the Company by the lessor, the Company has elected to account for the entire contract as a lease, i.e. it does not allocate any amount of the contractual payments to, and account separately for, any services provided by the supplier as part of the contract.

3.8 Investment in subsidiary

Subsidiaries are entities (including structured entities) controlled by the Company. Control is achieved when the Company has power over the investee; is exposed, or has rights to variable returns from its involvement with the investee; and has the ability to use its power to affect its returns. The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements if control listed.

When the Company has less than a majority of voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power.

Investment in subsidiary is stated at cost less identified impairment losses, if any.

3.9 Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on a weighted average cost basis and comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing them to their present location and condition. Net realisable value represents the estimate of the selling price in the ordinary course of business, less all estimated costs to completion and costs necessary to make the sale.

3.10 Impairment of tangible and right-of-use assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as revaluation increase.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021 (CONTINUED)

3.11 Financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) are initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Financial assets

A financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ("FVTOCI") – debt investment; fair value through other comprehensive income ("FVTOCI") – equity investment; or fair value through profit or loss ("FVTPL"). The classification of financial assets is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are; solely; payments of principal and interest on the outstanding principal amount.

All financial assets of the Company are classified as and are subsequently measured at amortised cost using the effective interest method and is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment losses are recognised in profit or loss.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss.

All financial liabilities of the Company are classified as and are subsequently measured at amortised cost using the effective interest method.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the sum of consideration paid and payable is recognised in profit or loss.

3.12 Impairment of financial assets

'Expected Credit Loss' (ECL) model requires considerable judgement in selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Company records an allowance for ECLs for all financial assets at amortised cost, debt investments at FVTOCI, but not to investments in equity instruments.

The Company measures impairment allowances using general or simplified approach as considered appropriate. Loss allowances are measured on either of the following bases:

12 month ECLs: these are ECLs that result from possible default within 12 months after the reporting date; and

Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

ECLs under the general approach are a probability weighted estimate of credit losses which are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

ECLs under the standard's simplified approach are calculated based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the financial assets and the economic environment.

The Company considers a financial asset in default when contractual payments are past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by Company.

3.13 Cash and bank balances

Cash and bank balances comprise cash on hand and bank deposits free of encumbrance with a maturity date of three months or less from the date of deposit and other short-term highly liquid investments with a maturity date of three months or less from the date of investment, net of temporary bank overdrafts.

3.14 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is recognised in the profit or loss, net of any reimbursement.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Provisions are not recognised for future operating losses.

3.15 Provision for employees' benefits

Provision for employees' end of service benefits is made in accordance with the UAE labour laws, and is based on current remuneration and periods of service at the end of the reporting period.

Provision is made for the estimated liability for employees' entitlement to annual leave as a result of services rendered by the employees up to the end of the reporting period. The provision relating to annual leave is disclosed as a current liability, while the provision relating to employees' end of service benefits is disclosed as a non-current liability.

3.16 Revenue recognition

Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control, at a point in time or over time, requires judgement. The Company recognises revenue from sale of goods or rendering of services based on a five-step model as set out below:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer goods or rendering of services to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or rendering of services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021 (CONTINUED)

Step 5. Recognise revenue when (or as) the Company satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or

2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or

3. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which performance obligation is satisfied.

When the Company satisfies a performance obligation by delivering the promised goods or rendering the promised services, it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised, this gives rise to a contract liability.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty.

Sale of goods

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of goods and issuance of the invoices to customers.

Rendering of services

Revenue from storage income is recognised as the services are rendered. Revenue from service income is recognised over time as the customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and effective interest rate applicable.

4. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS :

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed on page number 22.

a) Depreciation of property & equipment

Management assigns useful lives and residual values to property and equipment based on the intended use and the economic lives of those assets. Subsequent changes in circumstances could result in the actual useful lives or residual values differing from initial estimates. Where management determines that the useful life or residual value of an asset requires amendment, the net book amount in excess of the residual value is depreciated over the revised remaining useful life.

b) Impairment of non-financial assets

Assessments of net recoverable amounts of property & equipment, right-of-use assets and other non-financial assets are based on assumptions regarding future cash flows expected to be received from the related assets.

c) Inventory provisions

The Company reviews the carrying amounts of the inventories at the end of the reporting period and assesses the likely realization proceeds taken into account, the age of inventory, estimated future demand for various items in the inventory, and physical damage etc. Based on the assessment, adequate provisions are made.

d) Business model assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

e) Significant increase in credit risk

ECLs are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

f) Calculation of loss allowance

When measuring ECL the Company uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

g) Lease term and useful lives of right-of-use assets

The Company's management determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

5. PROPERTY AND EQUIPMENT :

Movement in property and equipment are given on page number 40.

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note3 to the financial statements.

25. CAPITAL RISK MANAGEMENT :

The Company manages its capital to ensure that the Company will be able to continue as a going concern while providing maximum return to stakeholders through the optimisation of the debt and equity balance and to maintain an optimal capital structure to reduce the cost of capital. The Company's overall strategy on capital risk management remains unchanged from the previous year.

The capital structure of the Company consists of equity funds as presented in the statement of financial position. Debt comprises total amounts owing to third parties and related party, net of cash and bank balances.

26. FINANCIAL RISK MANAGEMENT :

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's management. The management identifies and evaluates financial risks on regular basis to minimise the adverse impact over the Company's operation.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises: interest rate risk and currency risk. The Company's activities are exposed primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities, when revenue or expense are denominated in a different currency from the Company's functional currency which is AED. There is no significant foreign currency risk as all financial assets and financial liabilities are denominated in AED.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is limited to its interest bearing assets and liabilities.

The Company's sensitivity to interest rates has not changed significantly from the prior year.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade receivables and committed transactions) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

The Company deals only with highly reputed local and international banks. In respect of major customers, credit risk is managed by assessing the credit quality of these major customers, taking into account their financial position, past experience and other factors including regular follow up.

Of the trade receivables balance of AED 921,111/- (2020: AED 3,077,582/-) at the end of the period, AED 852,064/- (2020: AED 744,186/-) is due from one customer (customers with more than 10% of total balance have been considered).

Significant concentration of credit risk by geography is as follows:

	31.03.2021 AED	**Unaudited Supplementary Information (refer note 3.4) 31.03.2021 INR**	31.03.2020 AED	Unaudited Supplementary Information (refer note 3.4) 31.03.2020 INR

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021 (CONTINUED)

(c) Liquidity risks

Liquidity risk refers to the risk that an entity will encounter difficulty in meeting obligations associated with its financial liabilities at maturity date.

The Company manages the liquidity risk through risk management framework for the Company's short, medium and long-term funding and liquidity management requirements by maintaining adequate reserves, sufficient cash and bank balances to ensure funds are available to meet its commitments for liabilities as they fall due.

The table analyses the Company's remaining contractual maturity for its financial liabilities based on the remaining period at the end of the reporting period to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. The contractual maturity is based on the earliest date on which the Company may be required to pay.

27. FAIR VALUE :

The fair value of a particular asset or liability is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial assets and liabilities approximate their carrying amounts as reflected in these financial statements.

28. COMMITMENTS AND CONTINGENCIES :

Details of the commitments and outstanding contingent liabilities of the Company which are in the normal course of the business activities are as follows:

28.1 Capital commitments

Except for the ongoing service commitments in the normal course of business against which no loss is expected, there has been no other known capital commitments on the Company's account.

28.2 Contingent liabilities

As at the end of the reporting period, the following contingent liabilities were outstanding:

		Unaudited Supplementary Information (refer note 3.4)		Unaudited Supplementary Information (refer note 3.4)
	31.03.2021 AED	**31.03.2021 INR**	31.03.2020 AED	31.03.2020 INR
Performance guarantees	**705,626**	**14,253,645**	1,040,603	21,373,986

29. COVID-19 IMPACT :

As the outbreak of COVID-19 continues through subsequent phases, the Management is continuously monitoring the situation and will take appropriate actions on a timely basis to respond as necessary. The Company was proactive in implementing a range of measures designed to mitigate the impact of COVID-19 and to fully implement governmental regulations and recommendations to ensure the safety and security of staff and provide, to the extent possible, uninterrupted services. Following the analysis of different possible scenarios, the Management has concluded that sufficient reserves are available in respect of the liquidity and also the equity base of the Company to guarantee continuity of its operations at the date of the authorization of these financial statements. Accordingly, the Management remains wholly satisfied that it is appropriate for the Company to prepare the financial statements on a going concern basis.

INDEPENDENT AUDITOR'S REPORT

TO THE PARTNER OF
MAHINDRA ARMORED VEHICLES JORDAN
A LIMITED LIABILITY COMPANY
AQABA - JORDAN

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **MAHINDRA ARMORED VEHICLES JORDAN Co.**, which comprise the statement of financial position as at March 31, 2021 and comprehensive income statement, statement of Changes in equity, statement of cash flows for the year ended at March 31, 2021 and a summary of significant accounting policies and other explanatory notes.

In our opinion, the financial statements present fairly, in all material respects the financial position as at March 31, 2021 and of its financial performance and its cash flows for the year ended at March 31, 2021 in accordance with International Financial Reporting Standardds.

Basis Opinion

We conducted our audit in accordance with International Auditing Standards. Our responsibility in accordance with those standards have been mentioned more clearly in our report in "Auditor's Responsibility on the Audit of Financial Statements" paragraph.

We are independent of the company and in accordance with the requirements of The International Ethics Standards Board for Accountants (IESBA) "Code of Ethics for Professional Accountants" relevant to our audit conducted of the financial statements, and that we have fulfilled the ethical responsibilities in accordance with those requirements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The financial statements for the year ended at March 31, 2020 which appear for comparison purposes were audited by another auditor who expressed unqualified audit opinion on May 28, 2020.

Management's responsibility and those responsible for governance to the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards.

This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Those who responsible for governance are responsible for monitoring the financial reporting process in the company.

Auditor's Responsibility on the Audit of Financial Statements

Our objective is to obtain reasonable assurance that the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report which includes our opinion.

Reasonable assurance is high level of assurance, but our audit in accordance with International Auditing Standards does not always guarantee the discovery of substantially errors, even if they exist.

Errors can arise from fraud or by error, and is considered essential if they are individually or cumulative may affect the economic decisions of users of financial statements reasonably.

As part of the audit process in accordance with International Auditing Standards, we exercise professional judgment and maintain the application of the principle of professional skepticism in all aspects of the audit, in addition to:

- Identify and assess material misstatement of the financial statements of risk, whether due to fraud or error, as well as the design and implementation of audit procedures that respond to those risks, and obtaining sufficient and appropriate audit evidence to provide a basis for our opinion. The risk of non-discovery material misstatement resulting from fraud is higher than of the error risk, and that fraud may include collusion and fraud, or deliberate deletion and misrepresentations, or bypass the internal control systems.
- Get an understanding of internal control systems relevant to the work for the purpose of checking design audit procedures that are appropriate in the circumstances, and not for the purpose of expressing an opinion on the effectiveness of internal control systems in the company.
- Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related notes prepared by the management of the relationship.
- Conclude on the appropriateness of management's use of going concern basis in accounting, based on the audit evidence obtained, whether there is presence of non-substantial uncertainties relevant to events or conditions that may cast significant doubt about the company's ability to continuity. If we conclude that there are no lack of substantial uncertainty, we are required to draw attention in the audit report to the relevant information contained in the financial statements notes, or if the disclosure of this information is not sufficient, we will modify our opinion, the conclusions based on the audit evidence obtained them until the date of the audit report. However, it may cause future events or conditions in the company ceased to continue as a going concern.
- The overall presentation, structure and content of financial statements, including notes and whether the financial statements represent transactions and events are to achieve equitable offer.
- We have communicated with those responsible for governance with respect to the scope and timing of the planned audit and observations important including audit any significant deficiencies in internal control system identified during our audit.

Report on Other Regulatory Requirements

The Company maintains proper accounting records and the financial statements and the financial information presented in the Board of Directors' report are in agreement therewith. We recommend approving these financial statements.

- ambulances and special – purpose vehicles.
- In addition to the goals mentioned in the articles of association

2. **Basis of Preparation:**

- The financial statements have been prepared in accordance with International Financial Reporting Standards.
- These financial statements have been prepared on the basis that the company is continuing in the foreseeable future and in accordance with the historical cost basis except the financial assets that have presented at fair value through income and through other comprehensive income and any other items at fair value on the financial statements in accordance with international standards.
- These financial statements have been prepared on the accrual basis of accounting and whereby the recognition of the impact of financial transactions and other events when they occur, regardless of payment or cash receipt and therefore are recorded accounting records for the periods to which they relate (except the statement of cash flows).
- The accounting policies adopted in the financial statements are consistent with the accounting policies of the previous financial years.

3. **Functional and presentation currency:**

The financial statements have been presented in Jordanian dinars, which is the functional currency of the Company and all amounts in the financial statements have been rounded to the nearest JD unless otherwise indicated.

STANDARDS ISSUED BUT NOT YET EFFECTIVE

The standards and interpretations that are issued but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

IFRS 17 Insurance Contracts

IFRS 17 provides a comprehensive model for insurance contracts covering the recognition and measurement and presentation and disclosure of insurance contracts and replaces IFRS 4 -Insurance Contracts. The standard applies to all types of insurance contracts (i.e. life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. The standard general model is supplemented by the variable fee approach and the premium allocation approach.

The new standard will be effective for annual periods beginning on or after 1 January 2021 with comparative figures required. Early application is permitted provided that the entity also applies IFRS 9 and IFRS 15 on or before the date it first applies IFRS 17. This standard is not applicable to Company.

Amendments to IAS 1: Classification of Liabilities as Current or Non-current

In January 2020, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement?
- The right to defer must exist at the end of the reporting period,
- That classification is unaffected by the likelihood,
- That an entity will exercise its deferral right,
- And that only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and must be applied retrospectively.

Reference to the Conceptual Framework – Amendments to IFRS 3

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements.

The Board also added an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 or IFRIC 21 Levies, if incurred separately.

At the same time, the Board decided to clarify existing guidance in IFRS 3 for contingent assets that would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements.

The amendments are effective for annual reporting periods beginning on or after 1 January 2022 and apply prospectively. The amendments are not expected to have a material impact on the Company.

Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

In May 2020, the IASB issued Property, Plant and Equipment Proceeds before Intended Use, which prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Company

NOTES TO THE FINANCIAL STATEMENTS

SIGNIFICANT CHANGES IN ACCOUNTING POLICIES

Amendments to IFRS 3: Definition of a Business

The amendment to IFRS 3 Business Combinations clarifies that to be considered a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that, together, significantly contribute to the ability to create output. Furthermore, it clarifies that a business can exist without including all of the inputs and processes needed to create outputs.

These amendments had no impact on the financial statements of the Company.

Amendments to IAS 1 and IAS 8: Definition of "Material"

The IASB issued amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors to align the definition of 'material' across the standards and to clarify certain aspects of the definition. The new definition states that, 'Information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.

These amendments had no impact on the financial statements of the Company.

Amendments to IFRS 7, IFRS 9 and IAS 39 Interest Rate Benchmark Reform

Interest Rate Benchmark Reform Amendments to IFRS 9 and IFRS 7 includes a number of reliefs, which apply to all hedging relationships that are directly affected by interest rate benchmark reform. A hedging relationship is affected if the reform gives rise to uncertainties about the timing and or amount of benchmark-based cash flows of the hedged item or the hedging instrument.

These amendments have no impact on the financial statements of the Company.

Amendments to IFRS 16 Covid-19 Related Rent Concessions

On 28 May 2020, the IASB issued Covid-19-Related Rent Concessions - amendment to IFRS 16 Leases. The amendments provide relief to lessees from applying IFRS 16 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. This relates to any reduction in lease payments which are originally due on or before 30 June 2021. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification.

The amendment applies to annual reporting periods beginning on or after 1 June 2020. Earlier application is permitted.

The Company did not have any leases impacted by the amendment

4. The principal accounting policies adopted:

<u>Property and equipment</u>

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment in value if any.

The carrying values of property and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amounts.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with expected pattern of economic benefits from items of property and equipment.

<u>Inventories</u>

Inventories are stated at the lower of cost or net realizable value. Finished goods (vehicles) and raw materials costs are determined using the weighted average method. Net realizable value represents the estimated selling price less all estimated completion costs and costs to be Incurred in marketing, selling and distribution.

Accounts Receivable

Accounts receivable are stated at net realizable value after deducting a provision for expected credit loss.

A provision for doubtful debts is booked when there is objective evidence that the Company will not be able to recover

whole or part of the due amounts at the end of the year. When the Company collects previously written-off debts, it

recognizes the collected amounts in other revenues in the statement of income and comprehensive Income.

Furthermore, revenue and commission from doubtful debts are suspended and recognized as revenue upon collection.

Moreover, debts are written-off when they become uncollectible or are derecognized.

<u>Financial Instruments</u>

Financial assets and financial liabilities are recognized in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on Initial recognition.

<u>Financial Assets</u>

Financial assets are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument. Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or Issue of financial assets (except for financial assets at fair value through statement of profit or loss and other comprehensive income) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

<u>Classification of Financial Assets</u>

Debt instruments that meet the following conditions are measured subsequently at amortised cost:

The financial asset Is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows;

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value.

<u>Impairment of Financial Assets</u>

The Company recognises a loss allowance for expected credit losses on trade receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

For all other financial instruments, the Company recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. Lifetime expected credit losses represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

NOTES TO THE FINANCIAL STATEMENTS

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, bank balances. With an original maturity of three months or less.

Accounts payable and accruals

Liabilities are recognized for amounts to be paid in the future for goods or services received, whether billed by the supplier or not.

Offsetting

Financial assets and financial liabilities are offset, the net amount is presented in the statement of financial position only when there is a legal right to offset the recognized amounts.

Provisions

Provisions are recognized when the Company has liabilities as of the date of the statement of financial position arising from previous events, settlement of the liabilities is probable and the liabilities can be reliably measured.

Warranty Provision

Warranty provision is recognized for 1% of total cost of armor-related items installed, and conversion-related custom workmanship, including transparent armor, for the period of 2 years or 20,000km, whichever comes first.

Provision for slow-moving inventory

Management estimates the provision for slow-moving and obsolete inventories on the basis of prior experience, physical condition and expected future use of such inventory in conformity with International Financial Reporting Standards (IFRSs).

Revenue Recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties. Revenue is adjusted for expected discounts and volume discounts, which are estimated based on the historical data or forecast and projection. The Company recognizes revenue when it transfer control over goods or services to its customer.

The Company is involved in the sale of goods in the form of armored vehicles. Revenue is recognized at point in time when control of the goods has transferred, being when the goods have been shipped to customer's specific location. Following delivery, the customer has full control over the goods, and the primary responsibility of the goods and bears the risk of obsolescence and loss in relation to the goods. A receivable is recognised by the entity when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue represents the invoiced value of goods sold during the year, net of discounts and returns. Revenue from the sale of goods is recognised when all the following conditions are satisfied:

The Company has transferred to the buyer the significant risk and rewards of ownership of the goods;

The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;

The amount of revenue can be measured reliably;

It is probable that the economic benefits associated with the transaction will flow to the entity: and

The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Finance cost

Interest on bank overdrafts is recognized as an expense in the period in which it is incurred, which covers the grace period if any.

Income Tax

Income tax expenses represent accrued taxes and deferred taxes.

Income tax expenses are accounted for on the basis of taxable income. Moreover, income subject to tax differs from income declared in the financial statements because the latter includes non-taxable revenue or non-deductible tax expenses in the current year but deductible in subsequent years, accumulated losses acceptable by the tax authorities, as well as unallowable and nontaxable items.

Taxes are calculated on the basis of the tax rates prescribed according to the prevailing laws, regulations, and instructions in Jordan.

Deferred taxes are taxes expected to be paid or recovered as a result of temporary timing differences between the value of the assets and liabilities in the financial statements and the value of the taxable amount. Moreover, deferred taxes are calculated according to the tax rates expected to be applied upon the settlement of tax liability and the realization of the deferred tax assets.

Deferred tax assets or liabilities are reviewed as the statement of financial position date and are reduced in case they are expected not to be utilized, upon the settlement of tax, wholly or partially.

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated to Jordanian Dinars using the Central Bank of Jordan average exchange rates prevailing at the reporting of date. Foreign currency transactions during the year are recorded using exchanger rates that are effective at the date of the each transaction. Foreign exchange gains or losses are recorded in the statement of comprehensive income.

Related parties transactions

The company enters into transactions with related parties i.e., major shareholders, directors and key management personnel of the company, and companies which they are principle owner.

Pricing policies and terms of these transactions with related parties are approved by the company's management.

Related parties details are as follows:

	March 31, 2021	March 31, 2020
	JD	JD
Mahindra Emirates Vehicles Armoring	**195,528**	814,253

Fair value

Fair value represents the closing market price (Assets Purchasing/ Liabilities Selling) of financial assets and derivatives on the date of the financial statements.

In case declared market, prices do not exist active trading of some financial assets and derivatives is not available or the market is inactive fair value is estimated by one of several methods including the following:

- Comparison with the fair value of another financial asset with similar terms and conditions.
- Analysis of the present value of expected future cash flows for similar instruments.
- Adoption of the option pricing models.
- Evaluation of long-term assets and liabilities that bear no interest through discounting cash flows and Amortising premium/discount using the effective interest rate method within interest revenue/ expense in the statement of income.

NOTES TO THE FINANCIAL STATEMENTS

The valuation methods aim to provide a fair value reflecting the market's expectations taking into consideration the market expected risks and expected benefits when the value of the financial assets. When the financial assets fair value can't be reliably measured, they are stated at cost less any impairment.

5. Use Of Estimates:

The preparation of financial statements and implementation of accounting policies requires company management to make judgments and estimates that depend on future conditions that may affect the reported amounts of assets and liabilities and disclosure of contingent liabilities, as they may affect the revenues and expenses and allowances and accumulated variable in the fair value and, in particular requires the Company's management issuance of important provisions to estimate the amounts of future cash flows, times, taking into account that the estimates and judgments made by management, which depend on future conditions based on assumptions and multiple factors involving varying degrees of judgment and uncertainty and therefore the future actual results may differ from the actual results due changes in future conditions and based on the above, we believe that our estimates are reasonable within the financial statements and detailed as follows

- The company prepare an estimate useful lives of intangible assets and calculating the annual depreciation based on these estimates are recorded any losses on those assets decline in the income statement.
- The company is dedicated to taking the interview doubtful debts after studying the viability of the debt for collection.
- The company loads the fiscal year, including its own income tax expense and in accordance with the laws and regulations in force.
- The company's provision for cases filed against it take, depending on the reasonable estimates of the company's lawyer.

6. Financial Instruments and Risk management

Risk management is how to deal with the conditions of uncertainty and contain risk assessments facing the facility and the development of policies and strategies internal to deal with these risks allowing the facility up on the competition and achieve its objectives, in addition to dealing with the fundamental risks in the framework of Activity its normal as an entity to reap revenues mainly to do its operational activities and its business is exposed mainly to the following risks:

Interest rate risk

The company is exposed to interest rate risk on its interest-bearing assets and liabilities such as due to banks. The sensitivity of the income statement is the effect of the assumed changes in interest rates on the company profit for one year, based on the floating rate financial assets held at 31 December.

Exchange rate risk:

The exchange rate risk is result of the fluctuation of the value of financial instruments due to fluctuations in foreign currency exchange rates, the key processes in the company are in Jordanian Dinars and believes the company's management that the exchange rate risk lies in dealing in foreign currencies except the US dollar that the dinar Jordanian (the functional currency of the company) fixed to the US dollar, and therefore do not represent any significant risk.

Market risk:

Market risk is the risk that the fair value of the cash flows of financial instruments arising from the possibility of future changes in market prices as the change in exchange rates, interest rates and prices of equity instruments.

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The company is exposed to credit risk on its bank balance and accounts receivable as reflected in the statement of financial position.

Liquidity risk

It is associated with the possibility that facing the established difficulty in providing the necessary funds to meet its financial obligations at maturity Risk to avoid such risks, the company has diversified its sources of funding and management of assets and adapt the schedule and keep an adequate balance of cash and cash equivalents.

Capital risk management:

The company's capital managed in the manner that maintains the rights of partners to ensure the continuity of the company and meet its obligations to third parties and that the preservation of capital ratios to maximize property rights and to support the company's activity and keep track of the company to maintain a reasonable rate of debt relative to equity and policy Investment in assets provides an acceptable return for partners.

14. Tax Position

The Company is located within Aqaba Special Economic Zone in Aqaba - The Hashemite Kingdom of Jordan (ASEZA). The Company is exempted from sales and income tax as per article No. 14 of the Investment Law.

In the opinion of the management and the tax advisor, there is no need to record income tax provision.

15. Legal Cases

As of March 31, 2021, the Company was not a defendant in any legal case.

16. COVID-19 Impact

The Company has assessed the value of assets and liabilities as at March 31, 2021 due to rapidly changing dynamics of COVID-19. The management is closely monitoring the liquidity position of the Company which is healthy so far. The Company is financially supported by its holding company for its operation. Accordingly, the management believes there is no material impact on value of assets and liabilities as at March 31, 2021 due to COVID-19 and does not foresee any going concern issues.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF MAHINDRA FIRST CHOICE WHEELS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra First Choice Wheels Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon ("Other Information")

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director's report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   i. The Company does not have any pending litigations which would impact its financial position.
   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
   iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):
   In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2021

With reference to the Annexure A referred to in the Independent Auditors' Report to the members of Mahindra First Choice Wheels Limited ('the Company') on the Ind AS financials statements for the year ended 31 March 2021, we report the following:

i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a programme of physical verification of its fixed assets by which all fixed assets are verified once in two years, pursuant to which all fixed assets were physically verified in the financial year ended 31 March 2021 and no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable properties. Accordingly, paragraph (i) (c) of the Order is not applicable to the Company.

ii. The inventory has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been suitably adjusted in the books of account.

iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013 ("the Act"). Accordingly, paragraphs (iii) of the Order are not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us and based on the audit procedures conducted by us, the Company has complied with provisions of Section 185 and 186 of the Act in respect of making investments. Further, the Company has not given any guarantee or provided any security under Section 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted any deposit during the year and accordingly compliance with Section 73 and 76 of the Companies Act, 2013 is not applicable. According to the information and explanations given to us, there are no unclaimed deposits and accordingly the question of complying with Section 74 and 75 of the Companies Act, 2013 is not applicable.

vi. In respect of maintenance of Cost records under Section 148(1) of the Companies Act, 2013, having regard to the nature of the Company's business/activities, reporting under paragraph (vi) of the Order is not applicable.

vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income tax, Goods and Services Tax and other statutory dues have been regularly deposited during the period by the Company with the appropriate authorities. Duty of Customs, Duty of Excise, Sales Tax, Service Tax, Value Added Tax and Cess are not applicable to the Company.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' State Insurance, Income tax, Goods and Services Tax and other statutory dues that have remained outstanding for more than six months from the date it became payable. Further as informed to us, the Company did not have any dues on Sales Tax, Service tax, Value Added Tax and Cess.

(b) According to the information and explanations given to us, there are no dues of Income tax, Sales tax, Service tax, Valued added tax, Goods and Service Tax and other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute, except for the following:

Name of the Statute	Nature of the Dues	Amount as per demand (Rs. in Lakhs)	Amount paid under protest (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	3.79	–	2008-09	Commissioner of Income Tax (Appeals)
		31.08	–	2012-13	Assistant Commissioner of Income Tax
		1.11	–	2018-19	Income tax officer
Value Added Tax, Maharashtra	Value Added Tax	347.79	47.47	2005-06 to 2010-11 and 2012-13	Joint Commissioner of Sales Tax (Appeal)
Value Added Tax, Hyderabad	Value Added Tax	45.73	39.04	2005-06 to 2008-09	Sales Tax Tribunal (Hyderabad)
Value Added Tax, Kerala	Value Added Tax	1.55	1.16	2008-09	Commercial Tax Officer
Central Sales Tax, Maharashtra	Central Sales Tax	34.77	–	2008-09	Joint Commissioner of Sales Tax (Appeal)
Goods and Services Tax	Goods and Services Tax	0.33	–	2017-18	Deputy Commissioner
Goods and Services Tax	Goods and Services Tax	12.21	5.00	2018-19	State Tax Officer

viii. The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under paragraph (viii) of the Order is not applicable to the Company.

ix. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) or through term loans during the year. Hence reporting under paragraph (ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT – 31 MARCH 2021 (CONTD...)

according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and Nidhi Rules, 2014 are not applicable to it. Accordingly, paragraph 3 (xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with the related parties in compliance with provision of Section 177 and 188 of the Companies Act, 2013. The details of such related party transactions have been disclosed in Ind AS financial statements as required under applicable Ind AS.

xiv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3 (xiv) of the Order is not applicable to the Company.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3 (xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF MAHINDRA FIRST CHOICE WHEELS LIMITED FOR THE YEAR ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified in the operating effectiveness of the Company's internal financial controls with reference to financial statements as at 31 March 2021:

The General Information Technology ('IT') Controls with respect to data and program changes and access to programs relating to yard management parking fee are determined to be ineffective during the year. Further, the Company's internal control system with respect to physical verification and reconciliation of vehicles with the accounting system, did not operate effectively during the year. This could potentially result in material misstatements in the Company's revenue from operations and unbilled revenues.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has, in all material respects, maintained adequate internal financial controls with reference to financial statements as of 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"), and except for the possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company's internal financial controls with reference to financial statements were operating effectively as of 31 March 2021.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the 31 March 2021 financial statements of the Company, and these material weaknesses does not affect our opinion on the financial statements of the Company.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Corporate information:

The financial statements comprise financial statements of Mahindra First Choice Wheels Limited (“the Company” or “MFCWL”) for the year ended 31 March 2021. The Company is an unlisted Public Company domiciled in India.

Mahindra First Choice Wheels Limited is principally engaged in the business of facilitating trading in used vehicles through its Franchise network and electronic platform and providing allied products and services, including online pricing guidance, used vehicle inspection and valuation services, yard management services and used vehicles inspection services for insurance.

2. Significant Accounting Policies:

2.1 <u>Statement of Compliance:</u>

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (“the Act”) and other relevant provisions of the Act.

2.2 <u>Basis of preparation and presentation:</u>

These financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs for the asset or liability that are not based on observable market data.

2.3 <u>Business combinations:</u>

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at fair value on acquisition date and the amount of any non-controlling interests in the acquiree. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances, and pertinent conditions as at the acquisition date.

2.4 <u>Goodwill:</u>

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company’s cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

<u>Estimated impairment of goodwill</u>

The Company tests annually goodwill for any impairment, in accordance with the above accounting policy. The recoverable amount of cash generating units is determined based on value-in-use calculations. These calculations require the use of estimates.

2.5 <u>Revenue recognition:</u>

Effective 1 April 2018, Ind AS 115 ‘Revenue from contracts with customers’ has replaced Ind AS 18’ Revenue’ and Ind AS 11 ‘Construction contracts’. The Company has applied Ind AS 115 ‘Revenue from Contracts with customers’ (“herein after referred to as Ind AS 115”) effective from 1April2018, using modified retrospective approach for the purpose of transition. Accordingly, comparatives for the previous period have not been restated. The application of Ind AS 115 did not have any material impact on the financial results of the Company. Ind AS 115 specifies a uniform, five-step model for revenue recognition, which is generally to be applied to all contracts with customers.

Sale of goods:

The Company recognizes revenue from sale of goods measured at the fair value of the consideration received or receivable, upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on are as on able credit term. As per the terms of the contract, consideration that is variable, according to Ind AS 115, is estimated at contract inception and updated thereafter at each reporting date or until crystallisation of the amount.

Sale of Services:

i) Franchise fee - The Company recognizes revenue from the date of activation of the dealer’s account on receipt of security deposit.

ii) Commission Income - The Company recognizes revenue on receipt of seller’s confirmation for auction.

iii) Vehicle valuation fee - The Company recognizes revenue on release of valuation report.

iv) Inspection Fee - The Company recognizes revenue on release of inspection report.

v) Yard Management fees - The Company recognizes revenue on accrual basis of entry of the vehicle in the yard.

vi) Wholesale Bulk Income – The Company recognizes revenue on issue of release order of vehicle.

vii) Repo Management Service – The Company recognizes revenue on receipt of seller’s confirmation.

viii) <u>Other Operating Income</u>:

– Warranty income - The Company recognizes revenue on sale of warranty product of a third-party warranty service provider, with no obligations to the Company. A part of warranty income related to road side assistance is deferred over the period of warranty with the Company being the primary obligor.

– Registration Income – The Company recognizes revenue over the term of registration.

– Others – The Company recognizes revenue on satisfaction of performance obligation towards rendering of such services.

Significant financing component - Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

2.6 Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.7 Operating lease rental income:

The income arising from operating leases is accounted on a straight-line basis over the lease terms.

The Company's policy for recognition of revenue from operating leases is described in Note No.- 2.15 below.

2.8 Foreign currencies:

In preparing the financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

2.9 Employee benefits:

a) Short term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Post-employment benefits

i) Defined Contribution Plan: Provident and Family Pension Fund

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the Company has no further obligations beyond making the contribution. The Company's contributions to Defined Contribution Plan are charged to the statement of profit and loss as incurred.

ii) Defined Benefit Plan: Gratuity (unfunded)

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Company accounts the gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year which is determined using the Projected Unit Credit method. Actuarial gains and losses are recognised in the Other Comprehensive Income. Past service cost is recognised immediately to the extent that the benefits are already vested.

c) Other long-term employment benefits – Compensated Absences

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/ availment. The Company makes provision for compensated absences based on an independent external actuarial valuation carried out at the end of the year.

2.10 Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.11 Taxation:

a) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.12 Property, plant and equipment:

Property, plant and equipment are stated at cost less depreciation and impairment losses, if any. Costs comprise purchase price net of any trade discounts and rebates and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses directly attributable to acquisition of assets up to the date the asset is ready for its intended use

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful life of the assets are given below:

- Leasehold improvements over the period of the lease.
- Office equipment - 2 to 5 years.
- Furniture - 10 years,
- Computers and servers - 3 to 6 years
- Vehicles - 3 years for used vehicles or 5 years for new vehicles.
- Plant and equipment - 5 to 15 years
- Electrical Fitting - 5 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.13 Intangible assets:

a) Intangible assets acquired separately:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

b) Intangible assets under development:

The Company capitalise costs incurred during IT Development phase, such expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible asset.

The expenditure incurred is amortised over the estimated period of benefit. The amortisation period for intangible assets with finite useful lives are reviewed annually and changes in expected useful lives are treated as changes in estimates.

c) Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

d) Useful lives of intangible assets:

Estimated useful lives of the intangible assets are as follows:

Software	5 years
Website	5 years
Non-Compete Fees	Contractual Terms
Market Information	Contractual Terms
Customer Relationships	7 years
Service Provider Contracts and intellectual property	3 years

2.14 Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, these assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15 Leases:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 and this may require significant judgment. The Company also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend or terminate the lease if the Company is reasonably certain based on relevant facts and circumstances that the option to extendor terminate will be exercised. If there is a change in facts and circumstances, the expected lease term is revised accordingly.

The discount rate is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-of-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

2.16 Inventories:

Inventories beyond 90 days from the date of valuation or purchase except for stock held as part of Pilot Projects and Finance funding cases, as the case may be, are valued at Cost or Net Realisable Value whichever is lower.

2.17 Provisions and Contingencies:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

2.18 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.19 Financial assets

All regular way purchases or sales of financial assets are recognised and de-recognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets are subsequently measured at fair value.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition, it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

2.20 Financial liabilities and equity instruments

a) **Classification as debt or equity**

Debt and equity instruments issued by a Company entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b) **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

c) **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the ‘Finance costs’ line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company’s obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.21 Critical accounting judgements and key sources of estimation uncertainty:

In the application of the Company’s accounting policies, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Useful lives of Property, plant and equipment and intangible assets

The Company reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods.

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical evaluation, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Vehicles - 3 years in case of used vehicles or 5 years in case of new vehicles.

Recent Accounting Pronouncements:

Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

During 2017-2018, the Company issued 49,41,470 shares of Rs 10 each, issued at a premium of Rs 192.37 per share. Also during current year, Company issued 6,18,281 shares of Rs 10 each, issued at a premium of Rs 213.00 per share. The securities premium is created on issue of equity shares. The securities premium of Rs.15.87 lakhs is on the issue of 3,17,423 equity shares in earlier years to the Trust constituted under the Employees Stock Option Scheme but not allotted to employees.

Rs in lakhs

Share option outstanding account

	31 March 2021	31 March 2020
Balance as at the beginning of the year	**65.82**	57.19
Add:- allotment of shares by ESOP Trust to employees	**10.75**	8.63
Balance at the end of year	**76.57**	65.82

The above reserve relates to share options granted by the Company to its employees under its Employee Share Option Plan (ESOP). Further information about share-based payments to its employees is set out in note 21A.

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company's revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share option outstaning account.

Equity instruments through other comprehensive income

	31 March 2021	31 March 2020
Balance as at the beginning of the year	**12.30**	11.26
Remeasurements of the equity instruments through other comprehensive income	**0.65**	1.04
Balance at the end of year	**12.95**	12.30

This reserve represents the cumulative gains arising on the revaluation of equity instruments measured at fair value through other comprehensive income. (FVOCI)

Remeasurements of the defined benefit plans

Balance as at the beginning of the year	**(123.80)**	(105.66)
Remeasurements of the defined benefit plans	**113.02**	(18.14)
Balance at the end of year	**(10.78)**	(123.80)

This reserve represents the cumulative gains / (losses) arising on remeasurement of the employee's defined benefit plan.

Salaries and wages, including bonus (Refer Note 27)	**6,093.51**	5,971.08
Contribution to provident and other funds (Refer Note 27)	**347.31**	348.59
Share based payments to employees (see Note 21A)	**10.75**	8.63
Staff welfare expenses	**111.44**	198.84
Total Employee benefits expense	**6,563.01**	6,527.14

21A Employee share option plan of the company

1.1. Details of the employees share option plan of the Company

Mahindra First Choice Wheels Limited has share option schemes under which the employees have an option to subscribe for the Company's shares which have been granted to certain executives and senior employees. The share-based payment reserve is used to recognise the value of equity-settled share-based payments provided to employees, including key management personnel, as part of their remuneration.

Each employee share option converts into the equity share of the Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of expiry.

The number of options granted is calculated in accordance with the performance-based formula approved by shareholders at the previous annual general meeting and is subject to approval by the remuneration committee. The formula rewards executives and senior employees to the extent of the Company's and the individual's achievement judged against both qualitative and quantitative criteria from various financial and customer service measures.

The Company has framed an Equity settled "Employee Stock Option Scheme (ESOS), 2010" for its employees. It has a trust viz. Mahindra First Choice Wheels Limited Employees' Stock Option Trust" (ESOS trust), which would hold the shares for the benefit of the eligible employees, including Directors of the Company and its subsidiaries. In addition to the above, the Company has also settled "Employee Stock Option Scheme (ESOS), 2015" for its employees.

The following share-based payment arrangements were in existence during the current and prior years.

Rs in lakhs

Options series	Number	Grant date	Expiry date	Exercise price	Fair value at grant date (Rs per option)
1	2,336,483	4-Oct-10	3-Oct-15	10	0.70
2	921,817	31-Aug-12	30-Aug-17	10	2.46
3	752,226	25-Apr-13	20-Apr-18	10	2.93

19	154,390	18-Feb-21	18-Feb-26	10	4.06

1.2 Fair value of share options granted in the year

The weighted share value of share option granted during the financial year is Rs. 3.94 (during the year ended 31 March 2020: Rs. 4.14). Options were priced using the Black-Scholes-Merton pricing model. An average exercise period of 4 years has been assumed based on our estimate. In view of the losses, expected volatility is based on various considerations.

Inputs into the model	Option series																		
Options series	**1**	**2**	**3**	**4**	**5**	**6**	**7**	**8**	**9**	**10**	**11**	**12**	**13**	**14**	**15**	**16**	**17**	**18**	**19**

1.3 Movements in share options during the year

The following reconciles share options outstanding at the beginning and end of the year:

	31 March 2021		31 March 2020	
	Number of options	**Weighted average exercise price**	Number of options	Weighted average exercise price
Balance at beginning of the year	**3,764,006**	**Rs. 10**	3,649,189	Rs. 10
Granted during the year	**550,971**	**Rs. 10**	313,192	Rs. 10
Forfeited during the year	**181,541**	–	–	–
Exercised during the year	**7,500**	–	–	–
Lapsed / expired during the year	**38,351**	**Rs. 10**	198,375	Rs. 10
Balance at end of the year	**4,087,585**	**Rs. 10**	3,764,006	Rs. 10

All outstanding options are exercisable at the end of the respective reporting period.

1.4 Share options outstanding at the end of the year

The share option outstanding at the end of the year had weighted average exercise price of Rs.10 (as at 31 March 2020: Rs. 10), and the weighted average remaining contractual life of 33 months (as at 31 March 2020: 33 months).

22. Finance cost

	31 March 2021	31 March 2020
Interest expense		
– On others	**100.32**	121.57
Total Finance cost	**100.32**	121.57

23. Other Expenses

	31 March 2021	31 March 2020
Power and fuel	**22.49**	67.41
Repairs and maintenance - others	**52.27**	78.97
Rent - yards	**3,408.92**	5,514.85

	31 March 2021	31 March 2020
Rent- others	**18.88**	119.72
Rates and taxes	**1.76**	15.47
Warranty related expenses	**107.99**	105.15
Vehicle valuation expenses	**1,368.40**	1,581.37
Preinspection expenses	**1,370.75**	1,587.01
Printing and stationary	**22.38**	37.61
Office expenses	**36.51**	58.32
Bad debts written off (net)	**–**	371.88
Information technology costs	**521.74**	428.30
Internet charges	**30.93**	67.41
Communication charges	**165.11**	119.97
Insurance charges	**89.64**	67.56
Allowance for Expected Credit Losses	**116.26**	575.57
Auditor's remuneration and out-of-pocket expenses (See Note below)	**22.00**	23.26
Director Sitting Fees	**5.40**	3.80
Professional fees	**979.38**	441.41
Advertisement, promotion and selling expenses	**471.96**	1,454.56
Travelling expenses	**251.22**	907.88
Loss on sale / discardment of Property, plant and equipment (net)	**(0.91)**	0.49
Commission expenses	**296.99**	760.13
Miscellaneous expenses	**442.23**	360.78
Total Other Expenses	**9,802.30**	14,748.88

24. Earnings per share

Basic and Diluted Earnings Per Share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

	31 March 2021	31 March 2020
Loss for the year	**(329.76)**	(701.06)
Weighted average number of equity shares used in the calculation of basic and diluted earnings per share.	**79,144,939**	78,883,989
Basic and diluted earnings per share (Face value Rs. 10/- per share)	**(0.42)**	(0.89)

25. Contingent liabilities and commitments

Claims against the Company not acknowledged as debts comprise of:

Demands raised by Income tax department where the Company is in appeal	**35.98**	34.87
Demand raised by VAT Department where the Company is in appeal	**350.60**	164.47
Total	**386.58**	199.34

Note: In respect of above items, till the matters are finally decided, the financial effect cannot be ascertained.

In February 2019, Supreme court of India in its judgement opined on the applicability of allowances that should be considered to measure obligation under Employee Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and therefore has currently not considered any probable obligation for past period.

26. Financials Instruments

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to maximise the shareholders value.

Rs in lakhs

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

CREDIT RISK

(i) Credit risk management

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure are continuously monitored.

Trade Receivables

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. The Company has taken security deposits which are considered as collateral and these are considered in determination of expected credit losses, where applicable.

Amounts pertaining to these collaterals are as given below:-

Particulars	**31 Mar 2021**	31 Mar 2020
Security Deposits from franchisees	**415.88**	930.63

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

			31 March 2021	
Particulars	**Not due**	**Less than 6 months past due**	**More than 6 months past due**	**Total**
Gross carrying amount	–	**4,900.43**	**2,383.87**	**7,284.30**
Allowance for Expected Credit Losses	–	–	**501.10**	**501.10**

				31 March 2020
Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
Gross carrying amount	–	3,263.45	1,239.60	4,503.05
Allowance for Expected Credit Losses	–	–	598.50	598.50

In respect of other financial assets, the maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of financial assets.

Reconciliation of loss allowance provision for Trade receivables

Particulars	**31 March 2021**	31 March 2020
Balance as at beginning of the year	**598.50**	909.62
Impairment losses recognised in the year based on lifetime expected credit losses	**116.26**	575.57
Amounts written off during the year as uncollectible	**(213.66)**	(886.69)
Balance at end of the year	**501.10**	598.50

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which provides guidance for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by efficient management of surplus cash and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturity profile of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	**Less than 1 Year**	**1-3 Years**	**3 Years to 5 Years**	**5 years and above**
Non-derivative financial liabilities

- Other	100.04	–	–	–
Total	9,497.93	–	308.91	–

27. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 347.31 lakhs (31 March 2020: Rs.348.59 lakhs) has been recognised in the Statement of Profit and Loss.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities. Thus, an increase in inflation will also increase the deficit to some extent.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Rs in lakhs

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31 March 2021	31 March 2020
Discount rate(s)	**6.35%**	6.65%
Expected rate(s) of salary increase	**8.00%**	10.00%

Defined benefit plan – as per actuarial valuation on 31 March 2020

	Unfunded Plan	
	Gratuity	
	31 March 2021	31 March 2020
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
I. Amounts recognised in profit or loss

Rs in lakhs

SENSITIVITY ANALYSIS	31 March 2021		31 March 2020	
	Discount Rate	**Salary Escallation Rate**	Discount Rate	Salary Escallation Rate
Defined Benefit obligation plus 100bps	**489.10**	**569.88**	483.77	567.69
Defined Benefit obligation minus 100bps	**576.31**	**493.62**	576.34	488.79

The above sensitivities analysis have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous period in the methods and assumptions used in preparing the sensitivity analysis.

PROJECTED PLAN CASH FLOW

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date.

Maturity Profile	31 March 2021	31 March 2020
Expected Benefits for Year 1	**51.17**	45.43
Expected Benefits for Year 2	**50.82**	47.28
Expected Benefits for Year 3	**56.96**	46.96
Expected Benefits for Year 4	**73.40**	52.89
Expected Benefits for Year 5	**69.74**	75.51
Expected Benefits for Year 6	**45.36**	67.19

Maturity Profile	31 March 2021	31 March 2020
Expected Benefits for Year 7	**28.76**	42.02
Expected Benefits for Year 8	**23.24**	26.11
Expected Benefits for Year 9	**20.34**	21.30
Expected Benefits for Year 10 and above	**585.37**	664.76

The weighted average duration of the defined benefit obligation as at 31 March 2021 is 8.20 years (31 March 2020: 8.75 years)

Experience Adjustments:	Year Ended				
	2021	2020	2019	2018	2017
	Gratuity				
1. Defined Benefit Obligation	**529.59**	526.58	401.82	362.46	200.42
2. Fair value of plan assets	–	–	–	–	–
3. Surplus/(Deficit)	**(529.59)**	(526.58)	(401.82)	(362.46)	(200.42)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(44.02)**	(18.64)	(6.76)	23.25	10.76
5. Experience adjustment on plan assets [Gain/(Loss)]	**–**	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

28. Fair Value Measurement

Fair Valuation Techiques and Inputs used - Recurring Items

Financial assets/ financial liabilities	Fair value as at 31 March 2021	Fair value as at 31 March 2020	Fair value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value and sensitivity
1) Investment in equity instruments at amortised cost (Unquoted)	**3,497.71**	3,045.00	Level 3	Unquoted bid prices	Long term revenue growth rates.	An increase in the long-term revenue growth rates used in isolation would result in a significant increase in the fair value.
2) Investment in equity instruments at FVTOCI (Unquoted)	**13.97**	13.31	Level 3	Unquoted bid prices	Long term revenue growth rates.	An increase in the long-term revenue growth rates used in isolation would result in a significant increase in the fair value.
3) Mutual Fund Investments (Quoted)	–	–	Level 1	Quoted bid prices in an active market	–	–

Fair value of financial assets and financial liabilities that are not measured at fair value i.e. measured using amortised cost

The carrying value of other financial assets and liabilities represent reasonable estimate of fair value.

Rs in lakhs

Fair Valued Hierarchy as at 31 March 2021

	Level 1	Level 2	Level 3	Total

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.	**–**	–

31. Segment Information

The Company is engaged in providing various value added services to their customers in the used vehicle segment. The information reported to the Chief Operating Decision Maker (CODM) primarily revolves around the revenue generated by each area of business, while he evaluates operational performance on an overall company basis, both from cost and profitability perspectives. Similarly the Board reviews the results from an organizational perspective as well.

Manpower, which is a critical resource, is fungible between the areas of business to maximize effectiveness. Similarly, the Company leverages its product and service delivery structures for offering a suite of services to its customers across all areas of business. Additionally, there are costs incurred towards advertisement, which is another major cost driver, such that its impact permeates across all areas of the Company's. Thus, considering the high interchangeability of its resources and processes for delivering its objective of serving the used car eco market and the fact that its results are reviewed at an organizational level, the company is a single operating segment.

32. Other matters:

In March 2020, World Health Organization declared Covid-19 as a pandemic. Escalation of Covid-19 has the potential to impact the global economic growth and business developments. The countrywide lockdown declared by Government of India covered a part of March 2020 and continued until May 2020. Whilst overall impact is still uncertain, the Company has carried out an assessment for any possible impact on performance of the Company due to the outbreak. Based on the current situation, the Company does not expect operations and performance for year ended 31 March 2021 to be significantly impacted. The Company will continue to monitor the situation as it evolves in coming months.

33. Regrouping

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
FIFTH GEAR VENTURES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Fifth Gear Ventures Limited ("the Company"), which comprise the Balance sheet as at 31 March 2021, and the Statement of profit and loss (including Other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon ("Other Information")

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director's report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
   c) The Balance sheet, the Statement of Profit and Loss (including Other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
   i. The Company does not have any pending litigations which would impact its financial position.
   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
   iv. iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

   According to the information and explanation given to us, the Company has not paid any managerial remuneration during the current year and accordingly the requirement as stipulated by the provisions of Section 197(16) of the act are not applicable to the Company.

Annexure A to the Independent Auditors' Report on the financial statements of Fifth Gear Ventures Limited for the year ended 31 March 2021

With reference to the Annexure A referred to in the Independent Auditors' Report to the members of Fifth Gear Ventures Limited ('the Company') on the Ind AS financials statements for the year ended 31 March 2021, we report the following:

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified once in three years pursuant to which fixed assets were verified during the year. As informed to us the discrepancies noticed on such verification were not material and have been properly dealt with in the books of accounts. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us, the Company does not have any immovable properties in its name. Accordingly, paragraph 3 (i) (c) of the Order is not applicable to the Company.

(ii) According to the information and explanations given to us, the Company does not hold any physical inventory. Accordingly, paragraph 3(ii) of the Order is not applicable.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of paragraph 3 (iii) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not entered into any transaction related to any loans, investments, guarantees, and securities to which the provisions of section 185 and 186 of the Companies Act, 2013 are applicable. Accordingly, the provisions of paragraph 3 (iv) of the Order are not applicable to the Company.

(v) As per the information and explanations given to us, the Company has not accepted any deposits as mentioned in the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under sub-section (1) of section 148 of the Companies Act, 2013, for any of the services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Income tax, Goods and Services Tax and other statutory dues have been regularly deposited by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Duty of Customs and Employees' State Insurance.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Income tax, Goods and Services Tax and other statutory dues were in arrears as at 31 March 2021, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of Income Tax and Goods and Services Tax and other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, the Company did not have any outstanding dues to any financial institutions, government or debenture holders during the year. Accordingly, paragraph 3 (viii) of the Order is not applicable.

(ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable.

(x) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not paid any managerial remuneration as stipulated under the provisions of Section 197 of the Companies Act, 2013. Accordingly, paragraph 3(xi) of the Order is not applicable.

(xii) According to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act, where applicable and the details of such transactions have been disclosed in the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him covered by Section 192 of the Act. Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditors' report on the financial statements of Fifth Gear Ventures Limited for the year ended 31 March 2021.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Fifth Gear Ventures Limited ("the Company") as of 31 March 2021in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's iOur responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

*During the previous period, pursuant to the sale of entire stake held by NDTV Convergence Limited and New Delhi Television Limited, shareholders, in the Company to Mahindra First Choice Wheels Limited, certain ex employees who were holders of share based awards have surrendered their vested awards to the Company. In lieu of surrender of vested awards, an ex-gratia payments of INR 30.45 million has been made to such ex-employees by New Delhi Television Limited and NDTV Convergence Limited. Consequently, the balance in Share based Payment Reserve related to such share based awards has been transferred to the General Reserve.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Corporate information

Fifth Gear Ventures Limited (the Company) is a public limited company incorporated in India on 1 September 2015, under the provisions of the Companies Act, 2013 with its registered office situated in New Delhi.

The Company maintains and operates carandbike.com, an e-commerce marketplace platform, which keeps its users updated with the latest information and reviews from the global automotive industry. Besides making online booking of new cars and bikes under marketplace model, the users can buy and sell used cars.

In January 2020, the Company and its beneficiary shareholders have entered into an agreement ("share purchase agreement") dated 17 January 2020 for sale of entire stake held by the beneficiary shareholders to Mahindra First Choice Wheels Limited ("the purchaser") for a total consideration of INR 30.45 million. The details of the beneficiary shareholders are as below;

1. New Delhi Television Limited
2. NDTV Convergence Limited
3. Autobyte Private Limited
4. Praveen Venkatraman Loganathan
5. Hirokazu Mashita
6. Ashley Menezes
7. Pramod Bhasin
8. Manvinder Singh Banga
9. Arun Uppuswamy

Note 1. Basis of Preparation

a. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs Pursuant to section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The Company has incurred losses in current and previous year and has a negative net worth as at 31 March 2021. The current liabilities exceed the current assets by INR 28,615,423 as at 31 March 2021. The Company has been acquired by Mahindra First Choice Wheels Limited ("the Holding Company") and based on the current business plan and projections prepared by the management and approved by the Board of directors of the Company, operational profits are expected in the subsequent year. The Holding Company has also provided an undertaking to the Company, for providing financial and other support as is necessary, for the next twelve months to enable the Company to continue its operations and to meet its financial obligations. In view of the above, the use of going concern assumption has been considered appropriate in the preparation of these financial statements and assets and liabilities have been recorded on the basis that the entity will be able to realize its assets and discharge its liabilities in the normal course of business.

The financial statements were authorized for issue by the Company's Board of Directors on **28 April 2021**

b. Functional and presentation currency

The financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest rupee, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	**Measurement basis**
Certain Financial assets	Fair value
Certain financial liabilities	Fair value

d. Use of estimates and judgements

In preparing the financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

(i) <u>Judgements:</u>

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management exercises judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

(ii) <u>Assumptions and estimation uncertainties:</u>

The areas involving critical estimates are:

- Recognition and measurement of provisions and contingencies;
- Estimation of defined benefit obligation;
- Estimated useful life of intangible assets;
- Impairment test of non-financial assets; and
- Impairment of trade receivables and other financial assets.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Measurement of fair values

A number of accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Financial Officer.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognize transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further the information about the assumptions made in measuring fair values is included in the note on financial instruments.

Note 2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of standalone financial statements. The accounting policies adopted are consistent with those of the previous financial year, except if mention otherwise.

a. Foreign currency

Foreign currency transactions:

Transactions in foreign currencies are translated into the functional currency of Company at the exchange rate at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognized in profit or loss.

b. Financial instruments

Financial instrument is any contract that gives rise to a financial asset of the entity and a financial liability or equity instrument of another entity.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(i) Recognition and initial measurement:

Trade receivables and debt securities issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and subsequent measurement:

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortized cost;
- FVOCI – fair value through other comprehensive income
- FVOCI – debt investment;
- FVOCI – equity investment;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

– the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and

– the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI, if it meets both of the following conditions and is not designated as at FVTPL:

– the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

– the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or fair value through other comprehensive income (FVOCI) are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses, if any. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is also recognized in the profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

(iii) Derecognition:

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its Balance Sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in the profit or loss.

(iv) Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

c. Property, plant and equipment

(i) Recognition and measurement:

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent expenditure:

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation:

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognized in the Statement of Profit and Loss.

The useful lives as estimated for tangible assets are in accordance with the useful lives as indicated in Schedule II of the Companies Act, 2013 except for the following classes of assets where different useful lives have been used:

Asset Class	Useful life (in years)
Computers	3
Office equipments	2
Furniture and fixtures	8

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

d. Intangible assets

(i) Recognition and measurement:

Intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses.

(ii) Intangibles assets under development:

The company expenses cost incurred during research phase to profit or loss in the year in which they are incurred.Development phase expenses are initially recognized as intangible assets under development until the development phase is complete,upon which the amount is capitalised as intangible asset.

(iii) Subsequent expenditure:

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

(iv) Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortization in the Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset Class	Useful life (in years)
Computer Software	6
Website	6
Trade Mark	3
Copy Rights	3

Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

(v) Derecognition of intangible assets:

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

e. Impairment

(i) Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cashgenerating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, these assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(ii) Impairment of financial instruments

The Company recognizes loss allowances for expected credit losses on:

- financial assets measured at amortized cost; and
- financial assets measured at FVOCI.

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is ‘credit-impaired’ when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 180 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

- it is probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for a security because of financial difficulties.

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are measured at an amount at least equal to the lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses:

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the Balance Sheet:

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off:

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(iii) Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the Statement of Profit and Loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

f. Employee benefits

(i) Short-term employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Defined contribution plan:

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

(iii) Defined benefit plan:

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognized in OCI. The Company determines the net interest expense on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in the profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iv) Other long-term employment benefits – Compensated Absences

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment.The Company makes provision for compensated absences based on an independent external actuarial valuation carried out at the end of the year.

(v) Termination benefits:

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognizes costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(vi) Employee share based payments:

The grant date fair value of equity settled share-based payment awards granted to employees is recognized as an employee benefits expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognized as expense is based on the estimate of the number of awards for which the related service conditions are expected to be met, such that the amount ultimately recognized as an expense is based on the number of awards that do meet the related service and non-market vesting conditions at the vesting date.

g. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

h. Revenue from contracts with customers

The Company has adopted Ind AS 115 "Revenue from Contracts with Customers" from 1 April 2018 which resulted in changes in accounting policies. Ind AS 115 replaces Ind AS 18-"Revenue" and Ind AS-11 "Construction Contracts". The standard is applied retrospectively only to contracts that are not completed as at the date of initial application. In accordance with the transition provisions in Ind AS 115, the Company has adopted modified retrospective approach. The adoption of the new standard did not have any impact on opening balance of retained earnings as at 1 April 2018, and also on the current year financial statements.

The Company earns revenue primarily from advertisement, affiliate income model and commission income.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

- Advertisement revenue - the Company recognizes revenue from the display of graphical advertisements ("display advertising") on the website as "impressions" are delivered. An "impression" is delivered when an advertisement appears in pages viewed by users. The Company recognizes revenue from the display of text based links to the websites of its advertisers ("search advertising") which are placed on the website. Search advertising revenue is recognized as "click through" occur. A "click-through" occurs when a user clicks on an advertiser's listing.
- Affiliate revenue is recognized as per the terms of the contract with customers once the services are rendered.

Revenue is measured based on the transaction price, which is the consideration and excludes taxes collected from customers.

Revenue from holding company is recognised based on transaction price which is at arm's length.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities primarily relate to the consideration received from customers in advance for the Company's performance obligations which is classified as advance from customers and deferred revenue which is recognised when there is billings in excess of revenues.

i. Lease

(i) Determining whether an arrangement contains a lease:

At inception of an arrangement, it is determined whether the arrangement is or contains a lease.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognized at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognized using the incremental borrowing rate.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(ii) Company as a lessee:

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative standalone prices. However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date.The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property and equipment' and lease liabilities in the statement of financial position.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straightline basis over the lease term.

Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease.

(iii) Lease (policy applicable from 1 April 2019)

The Company's lease asset classes primarily consist of lease for building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a leases if the contract conveys the right to use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assess whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefit from use of the asset through the period of the lease and (3) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangement in which it is a lessees, except for leases with a term of twelve month or less (short-term leases) and low value leases, For these short-term and low value leases, the Company recognizes the lease payment as an operating expense on a straight-line basis over the term of the lease.

Impact: There is no impact of IND AS 116 on financials of the Company as on assessment of lease contract, none of the lease has term period more than 12 month which requires recognition of right-to-use asset ("ROU") and corresponding lease liability. For all short-term leases, the Company

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

recognizes the lease payment as an operating expense on a straight-line basis over the term of the lease

j. Recognition of interest income or expense

Interest income or expense is recognized using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortized cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortized cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

k. Income tax

Income tax comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in other comprehensive income.

(i) Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax:

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax is not recognized for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

l. Cash and cash equivalent

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

m. Earnings per share

(i) Basic earnings per share:

Basic earnings per share is calculated by dividing:

- the profit/(loss) attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share:

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

n. Contingent liabilities and contingent assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not recognized, however, are disclosed in the financial statements where an inflow of economic benefit is probable. Contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

o. Recent accounting pronouncements

On March 24, 2021, the Ministry of Corporate Affairs (""MCA"") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

As at 31 March 2021	**1,07,322**	10,73,220

B. Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company in proportion of the number of equity shares held.

C. Details of shareholders holding more than 5% shares in the Company

Impact of COVID-19 (Global Pandemic)

While the Company believes that, Carandbike, being one of the trusted brands and 100% digital automobile platform, the impact on future revenue streams could come from

1. the inability of our customers to continue their businesses due to financial resource constraints or their services no-longer being availed by their customers
2. customers postponing their marketing spend due to change in priorities.

Undoubtedly, the coronavirus pandemic outbreak has shaken the Indian automobile industry in many dimensions, but a very encouraging news from all OEMs ("Original Equipment Manufactures") is that they are all looking to adopt digital models very seriously and are gearing up to newer ways for customers to experience and consume products. Carandbike, could potentially see a huge surge as a go-to platform for most of the OEMs to advertise and test out the new digital transaction model. Considering these facts, we foresee that, though there might be a slump in traffic and revenue due to the lockdown and post lockdown effect, the potential to grow and scale as per the proposed business plan and the budget is highly possible.

Note: 26. Share based payment

Description of share-based payment arrangements

As at 31 March 2021 the Company has the following share-based payment arrangement.

''Fifth Gear Ventures Limited - Employee Stock Option Plan 2016 ('the 2016 plan')

In 2016, the Company approved the 2016 Plan. The plan entitles key management personnel and senior employees of the Company to purchase the common shares of the Company at the fair value on the grant date, subject to compliance with vesting conditions. All exercised options shall be settled by allotment of shares. Upon vesting, the employees can acquire one common share of the Company for every option.

The terms and conditions related to the grant of the share options are as follows:

Grant date/employees entitled	Number of options granted	Vesting conditions	Contractual life of options
Options outstanding as at 1 April 2019	9,720		
Less: Options surrendered during the year ended 31 March 2020	(9,720)		
Options outstanding as at 31 March 2020	–	Refer note below	13 years
Less: Options surrendered during the year ended 31 March 2020			
Options outstanding as at 31 March 2021	–		

Note:

For options granted total vesting period is 36 months. 50% of the options granted will vest after the completion of 24 months of the continuous service from the grant date and the balance 50% will vest after completion of 36 months of the continuous service from the grant date.

Reconciliation of outstanding share options

The number and weighted average exercise prices of share options under employee share based payment plan are as follows:

Particulars	As at 31 March 2021		As at 31 March 2020	
	No. of options	Weighted average exercise price (amount in INR)	No. of options	Weighted average exercise price (amount in INR)
Outstanding at the beginning of the year	–	–	9,720	35,640
Surrendered/Forfeited during the year	–	–	9,720	35,640
Outstanding at the end of the year	–	–	–	–
Exercisable at the end of the year	–	–	–	–

There are no options outstanding as at 31 March 2021 and 31 March 2020.

During the year ended 31 March 2021 share based payment expense recognized under employee benefits expenses (refer note 22) amounted to INR Nil (previous year INR Nil).

During the previous yeat, pursuant to the sale of entire stake held by NDTV Convergence Limited and New Delhi Television Limited, shareholders, in the Company to Mahindra First Choice Wheels Limited, certain ex employees who were holders of share based awards have surrendered their vested awards to the Company. In lieu of surrender of vested awards, an ex-gratia payments of INR 30.45 million has been made to such ex-employees by New Delhi Television Limited and NDTV Convergence Limited. Consequently, the balance in Share based Payment Reserve related to such share based awards has been transferred to the General Reserve.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Note 27. Capital management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company's objective for capital management is to manage its capital so as to safeguard its ability to continue as a going concern and to support the growth of the Company. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investors, creditors and market confidence. The funding requirements are met through equity and operating cash. The Company is not subject to any externally imposed capital requirements.

'* The carrying amounts of security deposit, trade receivables, cash and cash equivalents, receivable against fixed assets, bank balances other than cash and cash equivalents mentioned above, interest accrued on fixed deposit, trade payables, payable against fixed assets, payable to employees and interest payable on loan and others approximates the fair values due to their short-term nature.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There has been no transfers between Level 1, Level 2 and Level 3 for the year ended 31 March 2021 and for the previous year ended 31 March 2020.

Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of the remaining financial instruments is determined using discounted cash flow method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk - interest rate

(i) Risk management framework

The Company's key management has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risks limits and controls and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market condition and the Company's activities. The Company through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which employees understand their roles and obligations.

(ii) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the Balance Sheet

Particulars	**As at 31 March 2021**	As at 31 March 2020
Trade receivables	**3,73,10,773**	4,05,53,900
Cash and cash equivalents	**1,06,77,681**	19,87,641
Bank balances other than cash and cash equivalents mentioned above	**56,47,494**	6,11,179
Other financial assets	**25,307**	6,797

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks.

Credit risk on cash and cash equivalents and bank deposits is limited as the Company generally deals with banks with high credit ratings assigned by domestic credit rating agencies.

The Company uses expected credit loss model to assess the impairment loss. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers. Based on the business environment in which the Company operates, management considers that the trade receivables are in default (credit impaired) if the payments are more than 180 days past due.

Trade receivables as at year end includes INR 34,915,138 (previous year INR 40,219,562) as amount recoverable from others and INR 3,993,432 (previous year INR 334,338) recoverable from related parties.

The movement in the allowance for impairment in respect of trade receivables is as follows:

Particulars	**As at 31 March 2021**	As at 31 March 2020
Balance as at beginning of the year	**1,29,976**	–
Loss allowance on trade receivables	**6,19,084**	1,29,976
Utilized	**(57,790)**	–
Balance as at the end of the year	**6,91,270**	1,29,976

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable equity investments at an amount in excess of expected cash outflows on financial liabilities (other than trade payables) over the next six months. The Company also monitors the level of expected cash inflows on trade receivables together with expected cash outflows on trade payables and other financial liabilities.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The contractual cash flow amounts are gross and undiscounted.

As at 31 March 2021	**Carrying amount**	**Less than one year**	**Between one and three years**	**More than three years**	**Contractual cash flows**
Trade payables	**7,81,84,245**	**7,81,84,245**	–	–	**7,81,84,245**
Other financial liabilities	**75,24,709**	**75,24,709**	–	–	**75,24,709**
	8,57,08,954	**8,57,08,954**	–	–	**8,57,08,954**

As at 31 March 2020	Carrying amount	Less than one year	Between one and three years	More than three years	Contractual cash flows
Trade payables	4,72,86,908	4,72,86,908	–	–	4,72,86,908
Other financial liabilities	74,80,194	74,80,194	–	–	74,80,194
	5,47,67,102	5,47,67,102	–	–	5,47,67,102

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(iv) Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk namely: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(a) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to such risk as the Company does not have any floating interest rate financial investment.

Note 29. Earnings per share ('EPS')

The calculations of profit/(loss) attributable to equity shareholders and weighted average number of equity shares outstanding for purposes of earnings/(loss) per share calculations are as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
Loss for the year - (A)	**(4,16,01,029)**	(2,87,42,343)

Note 31. Employee Benefits

(i) Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities. Thus, an increase in inflation will also increase the deficit to some extent.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

(a) Changes in present value of defined benefit obligation:

Particulars	Present value of obligation
Balance as at 1 April 2019	5,77,906
Current service cost	3,06,376
Interest expense/(income)	44,593
Total amount recognized in profit or loss	**3,50,969**
Remeasurements:	
(Gain)/loss from change in demographic assumptions	(2,36,717)
(Gain)/loss from change in financial assumptions	11,18,895
Experience (gains)/losses	1,66,056
Total amount recognized in other comprehensive income	**10,48,234**
Benefit payments	–
Balance as at 31 March 2020	**19,77,109**
Current service cost	6,60,398
Interest expense/(income)	1,23,215
Total amount recognized in profit or loss	**7,83,613**
Remeasurements:	
(Gain)/loss from change in demographic assumptions	(3,48,533)
(Gain)/loss from change in financial assumptions	(3,83,322)
Experience (gains)/losses	8,74,145
Total amount recognized in other comprehensive income	**1,42,290**
Benefit payments	–
Balance as at 31 March 2021	**29,03,012**

The net liability disclosed above relates to unfunded plans are as follows:

Particulars	**As at 31 March 2021**	As at 31 March 2020
Present value of obligations	**29,03,012**	19,77,109
Deficit of gratuity plan	**29,03,012**	19,77,109

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. Plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned.

(b) Assumptions:

1. Economic assumptions

Particulars	**As at 31 March 2021**	As at 31 March 2020
Discount rate	**6.35%**	6.65%
Salary growth rate	**8.00%**	10.00%

The discount rate is based on the prevailing market yields of high quality corporate bonds as at the balance sheet date for the estimated term of the obligations.

The salary escalation rate is based on estimates of salary increases, which takes into account inflation, promotion and other relevant factors.

2. Demographic assumptions:

Particulars	**As at 31 March 2021**	As at 31 March 2020
Withdrawal rate, based on age		10%
Age in years 21 - 44	**18%**	
Age in years 45 - 59	**1%**	
Mortality rate (% of IALM 06-08)	**100%**	100%
Retirement age (years)	**60**	58

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(c) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	Impact on defined benefit obligation					
	Change in assumption		Increase in assumption		Decrease in assumption	
Particulars	**As at 31 March 2021**	As at 31 March 2020	**As at 31 March 2021**	As at 31 March 2020	**As at 31 March 2021**	As at 31 March 2020
Discount rate	**1%**	1%	**(2,22,465)**	(2,28,697)	**2,59,640**	(2,76,887)
Salary growth rate	**1%**	1%	**2,05,029**	1,93,342	**(1,82,618)**	(1,79,680)
Attrition rate	–	50%	–	2,99,202	–	(1,97,753)
Mortality rate	–	10%	–	614	–	(611)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

(d) Projected Plan Cash Flow

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date.

Maturity Profile	**As at 31 March 2021**	As at 31 March 2020
Within 1 year	**36,087**	56,002
Between 2 and 5 years	**13,57,108**	6,13,936
Between 6 and 9 years	**6,10,656**	5,69,180
10 years and above	**32,90,159**	43,42,228

The weighted average duration of the defined benefit obligation as at 31 March 2021 is 8.36 years (31 March 2020: 13 years)

Note 32. Lease commitments

A. Non-cancellable operating leases

The Company has taken a commercial premises under cancellable operating lease. The rental expense for the current year, in respect of operating leases is INR 4,364,010 previous year INR 2,819,196). The future minimum lease payments in respect of such leases is Nil.

Note 33. Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") as required under Ind AS 108. The CODM is considered to be Board of Directors who makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments. The principal activities of the Company comprises of e-commerce market place connecting buyers and sellers in respect of products related to cars and bikes, accordingly, the Company has one reportable segment.

Note 34. Taxation

A) The reconciliation of estimated income tax to income tax expense is as follows:

Particulars	**For the year ended 31 March 2021**		**For the year ended 31 March 2020**	
Loss before taxes		**(4,63,76,159)**		(1,37,85,054)
Tax using the Company's applicable tax rate	25.17%	(1,16,71,952)	25.17%	(34,69,423)
Tax effect of :				
Surrender of share based award previously claimed as deduction	0.00%	–	-128.59%	1,77,25,956
Non deductible expenses	-0.31%	1,45,552	-1.85%	2,55,113
Change in temporary differences	-1.75%	8,11,513	-3.23%	4,45,643
Current year losses for which no deferred tax asset was recognized	-23.10%	1,07,14,887	0.00%	–
Effective tax rate	**0%**	**–**	**(1.09)**	**1,49,57,289**

B) Unrecognized deferred tax assets

Deferred tax assets have not been recognized in respect of following items:

Particulars	**As at 31 March 2021**	As at 31 March 2020
Deferred tax liability		
- Property, plant and equipment and intangible assets	**(38,020)**	(4,96,502)
Deferred tax assets		
- Tax loss carry forwards	**1,07,14,887**	–
- Deductible temporary differences	**8,71,897**	5,30,311
Total deferred tax assets	**1,15,86,783**	33,810

As at 31 March 2021, the Company did not recognize deferred tax assets on tax losses and other temporary differences because a trend of future profitability is not yet clearly discernible. In January 2020, the Company and its beneficiary shareholders have entered into an agreement ("share purchase agreement") dated 17 January 2020 for sale of entire stake held by the beneficiary shareholders to Mahindra First Choice Wheels Limited ("the purchaser").

As per Section 79 of the Income tax act 1961,""no loss shall be carried forward and set off against the income of the previous year, unless at least 51% of the voting power of the company are beneficially held (on the last day of the previous year in which the loss is sought to be set off) by the same person(s) who held at least 51% of the shares on the last day of the financial year in which the loss was incurred. As per the above provision, the Company shall not carry forward the losses incurred in the past.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

C) Recognized deferred tax assets and liabilities

Deferred tax assets and liabilities are attributable to following:

Particulars	As at 31 March 2021	As at 31 March 2020

- Property, plant and equipments and intangible asset	(8,39,452)	3,42,950	(4,96,502)	38,020	(4,58,482)
- Tax loss carry forwards	8,39,452	(3,42,950)	4,96,502	(38,020)	4,58,482
Total	–	–	–	–	–

Note 35. Contingent liabilities and commitments

a) Contingent liabilities

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its valuation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

b) Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) INR 2,053,125 (Previous year INR Nil).

Note 36. Other matters

In March 2020, World Health Organization declared Covid-19 as a pandemic. Escalation of Covid-19 has the potential to impact the global economic growth and business developments. The countrywide lockdown declared by Government of India covered a part of March 2020 and continued until May 2020. Whilst overall impact is still uncertain, the Company has carried out an assessment for any possible impact on performance of the Company due to the outbreak. Based on the current situation, the Company does not expect operations and performance for year ended 31 March 2022 to be significantly impacted. The Company will continue to monitor the situation as it evolves in coming months.

Note 37. Regrouping

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

INDEPENDENT AUDITOR'S REPORT

To the Members of,
Mahindra Namaste Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the financial statements of **Mahindra Namaste Limited** ("the Company"), which comprise the Balance sheet as at 31st March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of changes in Equity and Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than Ind AS Financial Statement and Auditor's Report thereon

The company's Board of Directors is responsible for the other information. The other information comprises the information included in Company's Board report, but does not include the financial statements and our auditor's report thereon.

Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 17 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and nature of assets. During the year, the Company did not verify the fixed assets.

c) According to the information and explanations given by the management and the records examined by us company do not hold any immovable property.

(ii) The Company is engaged in the business of Training and Skilling Services and accordingly does not hold any inventories. Hence, Clause 3(ii) of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

(iv) The Company has not granted any loans, made investments or provide guarantees and hence reporting under clause (iv) of the CARO 2016 is not applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year. There were no unclaimed deposits outstanding at any time during the year.

(vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the services rendered by the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has been generally regular in depositing undisputed statutory dues, including Income-tax, Goods and Services Tax, Profession Tax and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax, Customs Duty and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(viii) On the basis of examination of relevant records and according to the information and explanations given to us, the Company has not borrowed any money from financial institution, banks, government or debenture holders.

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the CARO 2016 is not applicable.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) On the basis of examination of relevant records and according to the information and explanations given to us, the Company has paid managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of clause (xvi) of the order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Namaste Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. Significant Accounting Policies

2.1 Compliance with Ind AS

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying IND AS 115 - 'Revenue from Contracts with Customers' and consequential amendments to various IND AS standards; this standard establishes a single comprehensive model for accounting of revenue arising from contracts with customers. IND AS 115 supersedes the revenue recognition guidance under IND AS 11 Construction Contracts and IND AS 18 Revenue, and the Company has adopted IND AS 115 form April 1, 2018. The application of IND AS 115 did not have material impact on the financial statements and hence the comparative information has not been restated.

2.2 Basis of preparation

The financial statements have been prepared on historical cost basis, expect for certain financial assets that are measured at fair value.

All Assets and Liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products/services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current-non-current classification of assets and liabilities.

2.3 Use of estimates

The preparation of the financial statements in conformity with Indian Generally Accepted Accounting Principles requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expense assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of the current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in the future periods.

2.4 Critical estimates and judgments

The preparations of the financial statements are based on use of a high degree of judgments or complexity, and of the items which are more likely to be materiality adjusted due to estimates and assumptions.

The areas involving critical estimates or judgments are:

- **Estimated useful life of intangible assets**

  Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financials impact on the company and that are believed to be reasonable under the circumstances.

2.5 Revenue recognition

Revenue is recognized at the fair value of consideration received or receivable. Revenue in respect of services is recognized on a time proportion basis. Estimates of revenues, costs or extent of progress towards completion are revised if circumstances change.

2.6 Other income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

2.7 Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

2.8 Employee Benefits

The Company has no employees on its payroll for the year ended March 31, 2021. Accordingly, there are no provident fund and other employee benefit schemes.

2.9 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are recognized, subject to consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income, that originate in one period and are capable of reversal in one or more subsequent periods and are measured using tax rates enacted or substantively enacted as at the balance sheet date.

2.10 Impairment of Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognized for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognized.

2.11 Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognized in the financial statements.

2.12 Financial instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the -marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

2.14 Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

2.15 Earnings Per Share (EPS)

The Company presents the basic and diluted EPS data for its equity shares. Basic EPS is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Integrated Business Solutions Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Mahindra Integrated Business Solutions Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information, in which are included the returns for the year ended on that date audited by the branch auditors of the Company's branches located at Michigan, USA.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible

for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements of one branch included in the standalone financial statements of the company whose financial statements reflect total assets of Rs.183.31 crores as at 31st March 2021 and the total revenue of Rs. 54.10 crores for the year ended on that date, as considered in the standalone financial statements of this branch has been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of the branch, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The company does not have any pending litigations which will impact its financial positions.
      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Integrated Business Solutions Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of **Mahindra Integrated Business Solutions Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The Company does not have immovable property.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) Being the Company is a private company, the provisions of Section 197 of the Companies Act, 2013 and the provisions of para 3(xi) of the Order regarding payment of managerial remuneration are not applicable for the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note No.

1 Company overview

Mahindra Integrated Business Solutions Private Limited is a Private Limited Company incorporated and domiciled in India on 18th January 2011 and it started its operations from 1st May 2011. The Company's registered office is at Mumbai, Maharashra, India. These financial statements correspond to the stand alone financial statments of the Company. The Company is rendering back office accounting & payroll services. Currently though a captive service provider, it intends to extend the services to corporate sector at large. During the year the Company has started rendering new activities in Customer Retention, renewal and verification, KYC fulfillment, setting up and re-organising and customer inward call center.

The immediate parent Company is Mahindra Holdings Limited. and ultimate parent Company is Mahindra & Mahindra Limited, a company incorporated in India.

2.1 Statement of compliance and basis for preparation

a. These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest crore/lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and intangible assets
- estimation of define benefit obligation
- provision for warranty claims
- income taxes - current and deferred taxes
- fair value of unlisted securities
- impairment of trade receivables

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

f. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

2.2 Significant accounting policies

a. Operating Cycle:

Assets and Liabilities are classified as Current or Non – Current as per the provisions of the Schedule III notified under the Companies Act, 2013 and Company's normal operating cycle. Based on the nature of business and its activities, the Company has ascertained its operating cycle as twelve months for the purpose of Current & Non – Current classification of Assets & Liabilities.

b. Property, plant and equipment:

i. Property, plant and equipment are carried at their original cost less accumulated depreciation and accumulated impairment losses.

ii. Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful life used to determine depreciation is:

Building	24 - 30 years
Leasehold improvements	3 - 15 years or the lease period
Machinery & equipment	3 - 10 years
Furniture & fixtures	5 - 10 years
Computers	3 - 5 years
Vehicles	5 years

iii. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

c. Intangible Assets:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses. The useful life considered for assets in this class is 3 - 5 years.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

d. Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

d. Investments:

Investment held as long-term investments are stated at cost comprising of acquisition and incidental expenses less permanent diminution in value, if any. Current investments are valued at the lower of cost and fair value.

e. Revenue Recognition:

i. Sale of services is recognized when the services are rendered.

ii. Revenues on time & material contracts are recognized as the related services are performed and revenues from the end of the last billing to the Balance sheet date is recognized as Unbilled revenues. The unbilled revenues primarily consists of cost which needs to be billed to client on cost plus margin basis where there is no uncertainty as to measurement or collectability of consideration.

iii. Fee based income is accounted for on achieving specified milestones as per mutual agreement.

iv. Further, revenue is recognised when there is no uncertainty as to the measurement or collectability of consideration.

v. Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

f. Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

g. Taxes on Income:

Tax expense comprises of both current and deferred tax only.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Provision for Current tax is measured at the amount computed under the Income Tax Act, 1961, or Book Profit computed under section 115JB, whichever is higher, and correspondingly set-off available under section 115JAA is credited to the Statement of Profit & Loss of the financial year.

MAT credit is recognised as an asset only when, and to the extent, there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent that there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

h. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

i. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

ii. Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

i. Financial instruments

Financial assets and financial liabilities are recognised when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash and other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls).

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

j. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks & rewards of ownership to the leases. All other leases are classified as operating leases.

The Company as lessee:

The assets held under finance leases are initially recongnised as assets of the company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance expense and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognized immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policies on borrowing cost. Contingent rentals are recognized as expense in the period in which they are incurred.

Rental expense from the operating lease is generally recognized on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

k. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The capital structure is monitored on the basis of net debt to equity of the Company.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

As at March 31, 2021 **Rs. In lakhs**

Particulars	**Less than 6 months past due**	**More than 6 months past due**	**Total**

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company may be required to pay.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk mainly comprises currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's /Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12 month period for hedges of forecasted sales and purchases.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows :

Rs. In lakhs

Particulars	Currency	March 31, 2021	March 31, 2020

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and AUD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note No. 28 Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund, Superannuation Fund and ESIC aggregating Rs. 866.15 lacs (2019 : Rs. 716.50 lacs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

The Company has voluntary 401(k) retirement plans covering substantially all the employees of US branch. The Branch may make annual contributions to the plans equal to a uniform percentage of participant compensation. The cost of the Branch's contributions charged to expense related to 401(k) contributions was Rs 31.46 lacs for the period ended March 31, 2021.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	March 31, 2021	March 31, 2020
Discount rate(s)	**6.45%**	6.70%
Expected rate(s) of salary increase	**8.50%**	8.50%

Defined benefit plans – as per actuarial valuation on March 31, 2021

Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows :

		Particulars	Funded Plan- Gratuity	
			March 31, 2021	**March 31, 2020**
I		**Expenses recognised in statement of profit and loss for the year**		
	1	Current and Past Service Cost	**32.54**	28.80
	2	Interest Cost (net of income)	**3.30**	0.80
	3	Expected return on plan assets		
		Total expenses included in employee benefit expense	**35.84**	29.60
II		**Recognised in Other comprehensive income for the year**		
	1	Return on plan assets	**(0.91)**	3.96
	2	Actuarial (gain)/loss arising from experience adjustment	**(12.26)**	6.45
		Total Recognised in Other comprehensive income	**(13.17)**	10.41
III		**Net Assets/(Liability) recognised in the balance sheet as at**		
	1	Present Value of Defined Benefit Obligation	**258.85**	240.34
	2	Fair Value of Plan Assets	**173.61**	181.08
	3	Funded Status [Surplus/ (Deficit)]	**(85.24)**	59.26
	4	Net Asset/(Liability)	**(85.24)**	59.26
IV		**Change in Obligation during the year ended.**		
	1	Present value of Defined Benefit Obligation at the beginning of year	**240.34**	206.33
	2	Current Service Cost	**32.54**	28.80
	3	Interest Cost	**18.72**	10.25
	4	Actuarial (Gains)/Losses	**(13.17)**	10.41
	5	Benefits Payment	**(19.58)**	(15.45)
	6	Present value of Defined Benefit Obligation at the end of year	**258.85**	240.34
V		**Change in Assets during the year ended.**		
	1	Plan Assets at beginning of the year	**181.08**	185.76
	2	Expected return on Plan Assets	**12.11**	9.44
	3	Contribution by Employers		1.33
	4	Actual benefits paid	**(19.58)**	(15.45)
	5	Actuarial Gains/(Losses) on Plan Assets		–
	6	Plan Assets at end of the year	**173.61**	181.08
VI		**The Major categories of plan assets**		
	1	Insurer Managed Fund		
VII		**Actuarial Assumptions**		
	1	Discount rate	**6.45%**	6.70%
	2	Expected rate of return on plan assets	**6.45%**	6.70%

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

VIII The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is :

Principal assumption	Changes in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate			
March 31, 2021	**1%**	**(7.26)%**	**8.40%**
March 31, 2020	1%	(6.43)%	7.39%
Salary growth rate			
March 31, 2021	**1%**	**8.12%**	**(7.19)%**
March 31, 2020	1%	7.19%	(6.38)%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

IX Maturity profile of defined benefit obligation:

	March 31, 2021	March 31, 2020
Within 1 year	**33.23**	47.53
1 - 2 year	**38.58**	28.21
2 - 3 year	**27.75**	32.12
3 - 4 year	**18.57**	22.15
4 - 5 year	**42.29**	15.34
above 5 years	**328.98**	291.79

X Plan Assets

The fair value of Company's pension plan asset as of March 31, 2021 and March 31, 2020 and April 1, 2019 by category are as follows:

	March 31, 2021	March 31, 2020
Asset category		
Deposits with Insurance companies	**173.61**	181.08
	100%	100%

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at March 31, 2021 is 7.79 years (March 31, 2020 6.88 years)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

In February 2019, Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligations for past periods. Accordingly, based on legal advice the Company has made a provision for provident fund contribution from the date of Supreme Court order.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note No. 30 Business Combination

Brief Summary of transaction

During the financial year ending March 31, 2021, Mahindra Integrated Business Solutions Pvt. Ltd. "the Company" has acquired branch of Mahindra Vehicle Manufacturers Ltd. "MVML" located in Michiegan, USA.. The acquisition has taken place by executing business transfer agreement between the Company and MVML (entities under common control) to transfer business of US branch as a going concern on a slump sale basis for a lump sum consideration without assigning any individual values to the individual assets and liabilities.

This branch provides design, engineering and product developement services to Mahindra & Mahindra and its group Companies. Effective date of acquisition was January 1, 2021.

Accounting approach followed

As the transaction took place between the entities which are under common control, the Company has followed pooling of interest method suggested as per 'Appendix C of Ind AS 103 - Business Combination'. As per the this method, the Company has restated its financials statement of earlier years.

Summary of consideration and details of assets & liabilities acquired

I Valuation of branch and assets and liabilities acquired.

Based on valuation done by independent valuers of branch the considaration was fixed at Rs 17883.74 lacs.

Particulars	Amt in lakhs
Property, plant & equipment	3,066.64
Other intangible assets	5.22
Other financial and non-financial assets	14,314.11
Balance of retained earnings on date of acquisition	13,314.91
Other financial and non-financial liabilities	4,198.82

II Summary of consideration paid

As per valuatuation of the Company cosnideration was paid by way of exchange of 82,79,511 equity shares of Rs 216 each .(face value of Rs 10 each & premium of Rs 206). This has resulted in change in shareholding pattern of the Company. (refer note 12).

III This has resulted in negative capital reserve of Rs 955.74 lacs adjusted in balance of Retained earnings as on the date of acquisition.

Note No. 31 Leases

The Company has entered into noncancelable operating lease agreements related to facility, office equipment, machinery and equipment and vehicles with varying terms.

Non-lease components

Leases that contain non-lease components are accounted for as a single component and recorded on the balance sheet for certain asset classes including equipment. Non-lease components include, but are not limited to, common area maintenance and service arrangements.

The Company has used the following policies and/or assumptions in evaluating the lease population

Lease determination:

The Company considers a contract to be or to contain a lease if the contract conveys the right to control the use of identified property and equipment (an identified asset) for a period of time in exchange for consideration.

Discount rate :

When the lease contracts do not provide a readily determinable implicit rate, the Company uses the estimated incremental borrowing rate based on information available at the inception of the lease. The discount rate is determined by asset class.

Variable payments :

The Copmany includes payments that are based on an index or rate within the calculation of right of use leased assets and lease liabilities, initially measured at the lease commencement date. There are variable payments origination fees for office equipment, machinery and equipment and therefore are not treated as a part of lease payments.

Purchase options :

Certain leases include options to purchase the office equipment. The depreciable life of assets is limited by the expected lease term unless there is a transfer of title or purchase option reasonably certain of exercise.

Renewal options :

Most leases include one or more options to renew, with renewal terms that can extend the lease term from one or more years. The exercise of lease renewal options is at the Company's sole discretion.

Residual value guarantees, restrictions, or covenants :

The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Short-term leases :

Leases with an initial term of 12 months or less are not recorded on the balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term and expense the associated operating lease costs to other expenses in Profit and loss account.

The table below presents the classification of leasing assets and liabilities

		Rs. In lakhs
Particulars	**As at March 31, 2021**	As at March 31, 2020
Assets		
Right-of-use of assets	**2,053.54**	378.80
Liabilities		
Current Lease liabilities	**590.57**	24.19
Non-current lease liabilities	**752.54**	378.80

The table below presents the classification of lease related expenses as reported in the Profit and loss account

Particulars	For the Year 2020-21	For the Year 2019-20
Rent Expenses	**288.08**	225.75

Refer note 26 for maturity profile of lease liabilities

Note No. 32 Additional Disclosures

Dividend

In respect of the current year, the directors propose that a dividend of Rs.0.511 per share be paid on equity shares in July 2021. This equity dividend is subject to approval by shareholders at the Annual General Meeting and has not been included as a liability in these financial statements.

Proposed equity dividend is payable to all shareholders on the Register of Members on March 31, 2021. The total estimated equity dividend to be paid is Rs.50,00,000.

Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

		Rs. In lakhs
Particulars	**As at March 31, 2021**	As at March 31, 2020
(i) Principal amount remaining unpaid to MSME suppliers	**7.31**	19.94
(ii) Interest due on unpaid principal amount to MSME suppliers	**0.77**	0.95
(iii) The amount of interest paid along with the amounts of the payment made to the MSME suppliers beyond the appointed day	**–**	–
(iv) The amount of interest due and payable for the year (without adding the interest under MSME Development Act)	**–**	–
(v) The amount of interest accrued and remaining unpaid	**0.77**	0.95
(vi) The amount of interest due and payable to be disallowed under Income Tax Act, 1961	**0.77**	0.95

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

Impact of Covid-19

From December 2019, COVID - 19, has spread globally, including India. This event has significantly affected economic activity globally and in India and as a result impacted the operations and financial results of the Company. The Company has performed an initial assessment of the likely impact this would have on the operations of the Company and its financial performance in the coming year.

For FY 21 financial reporting, the Company has used the principles of prudence in applying judgments, estimates and assumptions in significant areas like , estimating the remaining useful life of the tangible and intangible assets, , recoverability of receivables including unbilled receivables, provision for receivables under ECL model, , impact of cancellation or modifications to the terms of the revenue contracts, cancellation or deferment of revenue contracts, penalties due to non-fulfillment of service legal obligations, fair valuation of financial assets and liabilities etc.

The Company has considered internal and external information up to the date of approval of these financial statements including credit reports and economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets.

The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

The Company has also evaluated the cash flows for FY 21 and based on the present estimate of the management, the Company does not foresee any impact on its ability to meet the statutory dues and creditors payment on due dates Accordingly based on the projected cash flows for the next twelve months, the management is of the view that the use of going concern assumption in preparing these financial statements is appropriate.

Comparatives

The figures for previous year have been regrouped wherever necessary to conform to current year's classification.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA PUBLICATONS LTD (Formely knowns Mahindra 'Electoral Trust' Company)

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of **MAHINDRA PUBLICATONS LTD (Formely knowns Mahindra 'Electoral Trust' Company)** ("the Company"), which comprise the balance sheet as at 24 March, 2021, and the statement of Income and Expenditure, and statement of cash flows for the period from 01 April 2020 to 24 March 2021 then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 24, 2021, and deficit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention Note 1(i) in the financial statements which indicates that the Company has accumulated losses of Rs. 2,47,233 and its net worth has been fully eroded. The company's management decided to discontinue operations of the Company and has filed with ROC for strike off the name. Therefore, the Financial Statements have been prepared on not a going concern basis.

Our opinion is not modified in respect of this matter.

Other Information

The company's Board of Directors is responsible for the other information. The other information comprises the Board report.

Our opinion on financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. The Company is licensed to operate under Section 8 of the Act. Therefore on facts, the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, is not applicable to the Company.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Income and Expenditure, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 24th March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 24th March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the period.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The company does not have any pending litigations which will impact its financial positions.
      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **MAHINDRA PUBLICATONS LTD (Formely knowns Mahindra 'Electoral Trust' Company)** as of March 24, 2021 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ACCOMPANYING NOTES TO THE FINANCIAL STATEMENTS FOR PERIOD 24TH MARCH, 2021

(Currency: Indian Rupees)

NOTE 1: Significant Accounting Policies

Nature of Operations

a) Mahindra Publications Ltd (Formerly known as Mahindra 'Electoral Trust' Company), a subsidiary of Mahindra & Mahindra Ltd), was incorporated in India as a section 25 Company (under Companies Act, 1956) on 30th December 2013.During the current year, Mahindra Publication Ltd has filed STK Form (For removal of its name from Register of Companies) on 26th March, 2021.

1. Significant Accounting Policies

b) Basis of Preparation of Financial Statements

The financial statements are prepared and presented under the historical cost convention, on the accrual basis of accounting and in accordance with the provisions of the **Companies Act, 2013** ('the Act'), and the accounting principles generally accepted in India and comply with the accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 issued by the Central Government, in consultation with the National Advisory Committee on Accounting Standards, to the extent applicable.

The financial statement is prepared and presented in the form set out in Schedule III of the Act, so far as they are applicable thereto.These financial statements are presented in Indian rupees.

c) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in India (Indian GAAP) requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial Statements. Any revision to accounting estimates is recognised prospectively in current and future periods.

d) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

e) Taxation

Current tax

Provision for current tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the prevailing tax laws.

f) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share are calculated after adjusting effects of potential equity shares (PES).PES are those shares which will convert into equity shares at a later stage. Profit / loss is adjusted by the expenses incurred on such PES. Adjusted profit/loss is divided by the weighted average number of ordinary plus potential equity shares.

g) Provisions and Contingencies

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events not wholly within the control of the Company.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

h) The company has not received any intimation, from "suppliers" regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006 and hence disclosures, if any, relating to amounts unpaid as at the year-end together with interest paid/payable as required under the said Act have not been given.

i) The Company has filed with ROC for strike off the name of the company under provision of section 248 of the Companies Act 2013. The company has closed its accounts as on 24th March 2021.

j) Previous year figures have been regrouped/reclassified wherever applicable.

INDEPENDENT AUDITOR'S REPORT

To the Members of, **Mahindra eMarket Limited**

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra eMarket Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra eMarket Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, however the financial reporting closure programme needs to be strengthened.

ANNEXURE "B" TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Annexure to the Auditor's Report referred to in our report of even date:

i. a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified all property, plant and equipment during the year and no material discrepancies were noticed on such verification.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

ii. According to the information and explanations given to us, the inventory comprising of traded goods has been physically verified at reasonable intervals by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no material discrepancies for each class of inventory were noticed on such verification between the physical inventory and the book records. We have relied on confirmations and representations from third parties in case of inventory lying in their locations, wherever applicable.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Service Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, financial institutions and Government. The Company has not raised any money through debentures during the year.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1 **Corporate information:**

Mahindra E-Market Limited is a public limited company incorporated in Mumbai, India under the Companies Act 2013. The Company is engaged, inter-alia, in the business of facilitating sales of vehicles, Merchandise, Car Spares, accessories and related products & services through an online portal. The company operates under the brand name M2all.com

2 **Significant Accounting Policies followed by the Company:**

2.1 **Statement of compliance and basis of preparation and presentation of financial statements:**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 **Property, plant and equipment:**

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Certain items of Plant and machinery individually costing more than Rs. 5,000 – over useful lives (3 years, 5 years, 6 years, 10 years).

2.4 **Inventories:**

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Stores, spares and tools other than obsolete and slow-moving items are carried at cost. Obsolete and slow-moving items are valued at cost or estimated net realizable value, whichever is lower.

2.5 **Employee benefits:**

(i) Defined Contribution Plan:

The Company’s contributions paid/payable during the year to Provident Fund and Superannuation Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

(ii) Defined Benefit Plan/Leave encashment:

The Company’s liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

(iii) Other Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

2.6 **Leases:**

Ind AS 116 is replaced the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The amendment is effective for annual periods beginning on or after 01st April 19.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

2.7 Revenue Recognition:

In view of INDAS 115, Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, Company apply the following five step approach:

(1) identify the contract with a customer

(2) identify the performance obligations in the contract

(3) determine the transaction price

(4) allocate the transaction price to the performance obligations in the contract

(5) recognize revenues when a performance obligation is satisfied.

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation based on their selling price.

2.8 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.9 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.10 Measurement of fair values:

The company's accounting policies and disclosures require the measurement of fair values. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.11 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

2.12 Cash and cash equivalents:

Cash comprises demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.13 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Earnings per share:

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the period.

Note No. 21 - Financial Instruments

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The Company's exposure are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Three largest Trade Receivable constitute more than 10% of outstanding exposure and together more than 50% of the outstanding exposure.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Non-derivative financial liabilities				
31-Mar-20	–	–	–	–
Non-interest bearing	315.13	–	–	–

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Fair value hierarchy as at 31 March 2020

	Level 1	Level 2	Level 3	Total
Financial assets				
Financial assets carried at Amortised Cost				
– loans to related parties				
– trade and other receivables		505.79		505.79
Total		505.79		505.79
Financial liabilities				
Financial Instruments not carried at Fair Value				
– loans from related parties				
– trade and other payables		315.13		315.13
Financial lease payables		315.13		315.13
Total				

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note No. 23 - Employee Benefit Expenses

(A) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss is Rs.5.38 lakhs (31st March,2020 - 6.11 lakhs).

(B) Defined benefit plan:

The defined benefit plan comprise of gratuity

The company operates a gratuity plan covering qualifying employees . The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act or the company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. The current service cost and the net interest expense for the year are included in the employee benefits and expenses during the year provided is Rs. 5.38 lakhs (31st March,2020 - 6.11 Lakhs).

Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below :

Discount Rate Risk:

A decrease in government bond yields will increase plan liabilities.

Longevity Risk:

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk:

The present value of defined benefit plan liability is calculated by reference to the future salaries plan participants. As such, an increase in the salary of the plan participants will increase the plans's liability.

Note No. 27 - Segment Reporting

The company business activity falls within a single business segment. All other activities of the company revolve around its main business . Hence, there are no separate reportable primary segments.

Note No. 28 - The Company has used certain significant accounting estimates which have been disclosed in the financial statements.

These includes valuation of inventories, fair valuation of financial and non-financial assets and liabilities, going concern assessment etc. requiring significant management judgement in estimating the same. Considering the continuing COVID-19 pandemic, the results in upcoming period may significantly vary and may affect the recoverability of assets and settlement of liabilities.

The Company, based on internal & external sources of information including market research, economic forecast and other information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2020 as at the date of approval of these financial statements.

Note No.29 - Previous period's figures are regrouped/reclassified wherever necessary to conform with those of the current year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA AIRWAYS LIMITED

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Airways Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.
   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial position;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Airways Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Annexure to the Auditor's Report referred to in our report of even date:

i. a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified all property, plant and equipment during the year and no material discrepancies were noticed on such verification.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

ii. The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) of the Order is not applicable to the Company.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub- section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Service Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, financial institutions and Government. The Company has not raised any money through debentures during the year.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

1. General Information

Mahindra Airways Limited is a Limited Company incorporated and domiciled in India. The Company's registered office is at Mahindra Towers, P K Kurne Chowk, Worli, Mumbai, Maharashtra, India. These financial statements correspond to the financial statements of the Company. The Company is primarily involved in Providing Helicopter Chartering Services under Non-Scheduled Operators Permit (NSOP) issued by Director General Civil Aviation.

2. Significant Accounting Policies

a. Statement of compliance and basis of preparation

These financial statements of Mahindra Airways Limited have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

e. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

f. Cash Flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

g. Property, Plant and equipment

Property, Plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any.

Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Asset Class	Useful Lives
Furniture & Fixtures	10 years
Computer	3 years

Assets costing less than or equal to Rs. 5,000 are depreciated fully in the year of purchase.

h. Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or a group of assets. The recoverable amount of the asset (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Value in use is the present value of estimated future cash flow expected to arise from the continuing use of the assets and from its disposal at the end of its useful life.

If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

i. Revenue Recognition

The Company has applied Ind AS 115 'Revenue from Contracts with customers' ("hereinafter referred to as Ind AS 115") effective from 01 April 2018, using modified retrospective approach for the purpose of transition. Accordingly, comparatives for the previous period have not been restated. The application of Ind AS 115 did not have any material impact on the financial results of the Company.

- **Service Income**

  Income from Chartering Services are recognised on satisfaction of performance obligation towards rendering of such services.
- **Interest income**

  Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.
- **Dividend Income**

  Dividend from investments are recognised in profit or loss when the right to receive payment is established.

j. Investments

Investments are classified under Non-current and current categories.

Non-current Investments' are carried at acquisition /amortized cost. A provision is made for diminution other than temporary on an individual basis.

Current Investments' are carried at fair value on an individual basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

k. Leases:

Ind AS 116 is replaced the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The amendment is effective for annual periods beginning on or after 01st April 19.

The company has terminated the lease on 31.12.2020.

l. Employee Benefits

Defined Contribution schemes

Company's contributions to the Provident Fund are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due.

Defined benefits plans

The Company's gratuity benefit scheme is a defined benefit plan.

m. Taxation

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that have been enacted and substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income tax and profits/losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax asset are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

n. Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

o. Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

-it has been acquired principally for the purpose of selling it in the near term; or

-on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking.

The Company has equity investments which are not held for trading. The Company has elected the FVTOCI irrevocable option for these investments.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

p. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

q. Provisions and Contingencies

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events not wholly within the control of the Company.

3. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment
- estimation of defined benefit obligation
- income taxes - current and deferred taxes
- fair value of unlisted securities

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are evaluated based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Note No. 23 - Financial Instruments

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk <list all such risks as applicable>. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collatarel , where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. This information is supplied by independent rating agencies where available and, if not available, the Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterpaty limits that are reviewed and approved by the risk management committee annually.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable, and where appropraite, credit guarantee insurance cover is purchased.

Apart from Company A, the largest customer of the Company, the Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to Company A did not exceed 20% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-agencies.

In addition, the Company is exposed to credit risk in relation to financial gurantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on. As at 31 march 2018, an amount of INR NIL(31 March 2017: INR NIL)) has been recognised in the Consolidated Balance Sheet as financial liabilities.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses. The Company has taken dealer deposit of INR XX and bank guarantees of INR XX which is considered as collateral and these are considered in determination of expected credit losses, where applicable. *<Provide details on any other type of collateral and its effect on ECL allowance>.*

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars Note No. 11 - Financial Instrument	Less than 1 Year INR	1-3 Years INR	3 Years to 5 Years INR	5 years and above INR
Non-derivative financial assets				
31-Mar-21				
Non-interest bearing	19.52	0	0	0
Variable interest rate instruments	–	0	0	0
Total	**19.52**	**–**	**–**	**–**

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Note No. 24 - Fair Value Measurement
Fair value of financial assets and financial liabilities that are not measured at fair value

This section explains the judgement and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

_ quoted prices for similar assets or liabilities in active markets
_ quoted prices for identical or similar assets or liabilities in markets that are not active
_ inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
_ implied volatilities
_ credit spreads
_ inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs

Level 3 inputs are ubobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measuremnet date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participation assumptions that is reasonably available.

Fair value of financial assets and financial liabilities that are not measured at fair value

	Fair value hierarchy as at 31st March 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Financial assets				
Financial assets carried at Amortised Cost				
– investments........	**0**	**0.00**	**0**	**–**
– cash & cash equivalents.........	**0**	**19.52**	**0**	**19.52**
Total	**–**	**19.52**	**–**	**19.52**

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note 25 - The Company has used certain significant accounting estimates which have been disclosed in the financial statements.

These includes fair valuation of financial and non-financial assets and liabilities, going concern assessment etc. requiring significant management judgement in estimating the same. Considering the continuing COVID-19 pandemic, the results in upcoming period may significantly vary and may affect the recoverability of assets and settlement of liabilities.

The Company, based on internal & external sources of information including market research, economic forecast and other information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2021 as at the date of approval of these financial statements.

Note 26 - Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year.

INDEPENDENT AUDITOR'S REPORT
To The Members of Mahindra Logistics Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Mahindra Logistics Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	**Completeness of revenue recognised for Supply Chain Management:**	**We have performed following procedures:**
	The Company engages external fleet owners for providing onward transportation services to the customers. The Company recognises 'Revenue' from rendering of services upon: 1. Receiving of actual invoice from vendor along with customer acknowledged Proof of Delivery (POD) of completed services; OR 2. An estimate of 'Trips' that would have been completed using the 'Expected Lead Time' (ELT)	➢ Obtained an understanding of the significant management judgement in estimating the ELT in the recognition of revenue at the reporting date with respect to the Supply Chain business. ➢ Tested the design and implementation of internal controls on judgements exercised over the determination of ELT in the recognition of revenue at the reporting date with respect to the Supply Chain business as well as their operating effectiveness of the aforesaid controls.
	Determining completion of performance obligation and recording 'Revenue' using the ELT method at the reporting date requires management to exercise significant judgments. Given the involvement of significant judgments around estimations of ELT in the recognition of 'Revenue' with respect to Supply Chain business, it is considered to be a key audit matter. (Refer Significant Accounting Policy 3(a).iv and note no. 9 and 21 to the financial statements)	➢ To assess the reasonableness of the ELT determined by the management in recognition of revenue as at the reporting period for the Supply Chain business: i. reviewing the parameters used to determine the basis of ELT, and ii. tested 'Unbilled Revenue' for an interim period against actual POD's received subsequently; ✓ Tested samples of relevant direct costs to ensure that all expenses have been booked corresponding to revenue.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report and Annexures to Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   d) In our opinion, the aforesaid standalone financial statements comply with the IndAS specified under Section 133 of the Act.
   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Logistics Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) a. The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment.

b. The Company has a program of verification of Property, Plant and Equipment to cover all the items in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

c. According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed provided to us, we report that, the title deed comprising the immovable property of land is held in the name of the Company as at the balance sheet date. In respect of immovable properties of buildings that have been taken on lease and disclosed as Property, Plant and Equipment in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.

(ii) The Company does not have any inventory and hence reporting under clause (ii) of the order is not applicable.

(iii) According to the information and explanations given to us, the Company has granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which

(a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.

(b) The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.

(iv) In our opinion and according to the information and explanation given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposit during the year within the meaning of the provisions of Sections 73 and 76 or any other relevant provisions of the Companies Act, 2013.

(vi) Having regard to the nature of Company's business / activities, reporting under clause (vi) of the order is not applicable.

(vii) According to the information and explanations given to us and according to the books and records as produced and examined by us, in our opinion:

a. The Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax and other material statutory dues as applicable to it with the appropriate authorities.

b. There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax Act and other material statutory dues in arrears as at March 31, 2021, for a period of more than six months from the date they became payable.

c. As at March 31, 2021, the following are the particulars of dues on account of Goods and Services Tax matters that have not been deposited on account of any dispute:

Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which the amount relates	Amount Involved (Rs. Crs) ^
Bihar Value Added Tax	Value Added Tax	Joint Commissioner – Commercial Tax	2013-14	0.02
Telangana Value Added Tax	Value Added Tax	High Court, State of Telangana at Hyderabad	2015-16 to 2017-2018	12.24
Service Tax Laws	Service Tax	Commissioner Customs, Central Excise and Service Tax, Nagpur	2008-09	1.07
Service Tax Laws	Service Tax	Commissioner Customs, Central Excise and Service Tax, Nagpur	2009-10	2.12

^ Net of Rs. 7.14 Crs paid under protest

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and government. The Company has not issued any debentures.

(ix) The Company has not raised moneys by way of Initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the Order is not applicable to the Company.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiaries or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES ACCOMPANYING FINANCIAL STATEMENTS

1. Corporate information

Mahindra Logistics Limited is a public limited company incorporated on 24th August 2007 under the Companies Act, 1956. The address of its registered office is disclosed in the introduction to the Annual Report. The Company is a 3PL service provider mainly engaged in transportation, warehousing, supply chain management and people logistics services.

The Financial Statements for the year ended 31st March 2021 are approved for issue in accordance with a resolution of the directors on 29th April 2021.

2. Significant accounting policies

2.1. Statement of compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standard as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act'). The Financial Statements are separate Financial Statements.

2.2. Basis of preparation and presentation

The Financial Statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Financial Statements are prepared in Indian Rupee (INR) and denominated in crores.

The principal accounting policies are set out below.

2.3. Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.4.1. <u>Rendering of services</u>

Incomes from logistics services rendered are recognised on the completion of the services as per the terms of contract. Revenue is recognized at the fair value of consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.4.2. <u>Dividend and interest income</u>

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4.3. <u>Sale of Goods</u>

Sale of products are recognised when the products are dispatched which coincides with the transfer of control to the buyer of products. Sales are exclusive of Sales Tax/ Goods and Service Tax and sales returns.

2.5. Leasing

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
  a) the Company as a lessee has the right to operate the asset; or
  b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used.

This policy is applied to contracts entered into, or modified, on or after 1st April 2019.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is re -measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term as part of 'other income'.

Transition

The Company has adopted Ind AS 116 using the modified retrospective approach with effect from initially applying this standard from 1st April, 2019. Accordingly, the information presented for previous year ended 31st March, 2019 has not been restated and continues to be reported under IAS 17.The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments.

As a lessee

Operating leases

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. Single discount rate to a portfolio of leases with similar characteristics.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

2.6. Foreign currencies

i. Initial recognition

In preparing the Financial Statements of the company, transactions in currencies other than the entity's functional currency of Indian Rupees (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

2.7. Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.8. Employee benefits

2.8.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

a. Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. Net interest expense or income; and

c. Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

2.8.2. Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.9. Share-based payment arrangements

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note no. 24.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

2.10. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.10.1. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.10.2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.10.3. Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.11. Property, Plant and Equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the asset's carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

i. Certain items of Plant & Machinery individually costing more than Rs. 5,000 - over their useful lives ranging from 2 years to 10 years as estimated by the company and also based on the contractual arrangements wherever applicable.

ii. Certain items of Plant & Machinery individually costing less than Rs. 5,000 shall be depreciated over a period of 1 year.

iii. Mobile Phones (included in Office Equipment) in 2 years.

iv. Motor Cars (included in Vehicles) in 3 to 5 years as the case may be

v. Assets capitalised which are attached to the leasehold office premises shall be depreciated upto 75% of its value over the lease period assuming a realisable value of 25% after the end of original lease period.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.12. Intangible assets

2.12.1. Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.12.2. Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

Certain softwares added during the year are amortised over a period of 36 months.

2.13. Impairment of tangible and intangible assets

The management of the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. A reversal of an impairment loss is recognised immediately in profit or loss.

2.14 Impairment of investments

The Company assesses impairment of investments in subsidiaries, associates and joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate.

2.15. Provisions, Contingent Liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.16. Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.17. Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.17.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer note no 2.17.4

Investments in subsidiaries: All investments in subsidiaries are valued at cost.

All other financial assets are subsequently measured at fair value.

2.17.2. Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.17.3. Financial assets at Fair value through Profit and Loss

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other Income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

2.17.4. Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.17.5. Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in Other Comprehensive Income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in Other Comprehensive Income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.17.6. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in Other Comprehensive Income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in Other Comprehensive Income.

2.18. Financial liabilities and equity instruments

2.18.1. Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.18.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.18.3. Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

2.18.4. Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.19. Segment Accounting:

The CEO monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in Financial Statements

2.19.1. Identification of Operating Segments

The operating segments have been identified based on its services and has two reportable segments, as follows:

i. **Supply Chain Management-** Goods transportation service including warehouse management service.

ii. **Enterprise Mobility Services** - People transportation service

2.19.2. Accounting of Operating Segments

Accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenues and expenses, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis and inter-segment revenue and expenses, have been included under "Unallocated Corporate Expenses/Eliminations".

2.20. Earnings Per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year, in accordance with Ind AS 33.

3 (a). Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Useful lives of Property, Plant and Equipment

As described in note 2.11 above, the Company reviews the estimated useful lives of Property, Plant and Equipment at the end of each annual reporting period.

(ii) Defined Benefit Plans

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Fair Value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values etc. based on management's best estimate about future developments.

(iv) Estimated Lead Time for determining completion of performance obligation

The company also determines completion of performance obligation with respect to transportation service based on Estimated Lead Time (ELT) to deliver based on standard past performance and to that extent it involves management judgments for estimating delivery time to destination.

(v) Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(vi) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)

Based on assessment and on the basis of available information of the impact of COVID-19, the Management has considered the possible effects, if any, that may result from the pandemic on the carrying amounts of current assets after considering internal and external sources of information as at the date of approval of these financial statements. The actuals may differ from the estimates considered in these financial statements.

(vii) Trade receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

(viii) Revenue from Contracts with Customers

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

3 (b). Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards.

The MCA notification for schedule 3 - On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
a) Revenue from rendering of services	**2,959.11**	3,260.77
b) Other operating revenue	**–**	0.13
Total	**2,959.11**	3,260.90

A. Country-wise break up of Revenue

The company has evaluated the impact of COVID–19 resulting from:

(i) the possibility of constraints to render the services which may require revision of estimations of costs to complete the contract because of additional efforts;

(ii) onerous obligations;

(iii) penalties relating to breaches of service level agreements, and

(iv) termination or deferment of contracts by customers.

The company has concluded that the impact of COVID–19 is not material based on these estimates. Due to the nature of the pandemic, the company continues to monitor developments to identify significant uncertainties relating to revenue in future periods.

Year ended 31st March, 2021

ii) Contribution to provident fund and other funds includes contributions to other funds like Superannuation Fund, ESIC etc. pertaining to employees.

iii) Share based payment

The Company has in force two Employee Stock Option schemes under the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014:

Mahindra Logistics Limited – Key Executive Stock Option Scheme, 2012 (“KESOS 2012”) and Mahindra Logistics Employee Restricted Stock Unit Plan 2018 (“RSU Plan 2018”).

Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company under the respective schemes at the time of grant. The vesting pattern of the schemes in a graded manner as per the vesting criteria approved by the Nomination and Remuneration Committee of the Board (“NRC”) for each grant.

During the financial year under review, the NRC granted Restricted Stock Units (“RSUs”) to the eligible employees of the Company in accordance with the RSU Plan 2018 approved by the Shareholders vide special resolutions dated August 2, 2018, August 1, 2019 with vesting as summarised hereunder:

29 July 2020 - 56,483 RSUs - In two equal annual instalments up to financial year 2022-23;

30 July 2020 - 2,00,000 RSUs - Single vesting in the financial year 2024-25;

The RSUs up on vesting basis the vesting criteria approved by the NRC are exercisable over a period of one year from the date of vesting.

No new grants were made in the KESOS Scheme 2012 during the year under review.

The personal cost mentioned above includes Rs. 1.49 crores for the year towards the said grants.

iv) Information in respect of options outstanding:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note No. 27 – Exceptional Items

The Company classifies items of income and expense within profit or loss from ordinary activities as exceptional items when they are of such size, nature or incidence that their disclosure is relevant to explain the performance for the period.

Exceptional Items (net) recognised in profit or loss:

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Impairment loss on certain long term investments	**4.00**	–
Total	**4.00**	–

The Company has long-term investments in subsidiaries and joint venture which are measured at cost less impairment or at fair value through profit or loss. The management assesses the performance of these entities including the future projections and relevant economic and market conditions in which they operate to identify if there is any indicator of impairment in the carrying value of the investments. In case indicators of impairment exist, the impairment loss is measured by estimating the recoverable amounts based on the higher of (i) 'fair value less cost of disposal' determined using market price information, where available, and (ii) 'value-in-use' estimates determined using discounted cash flow projections, where available. The fair value less costs of disposal is determined using the market approach and is categorised as Level 3 – unobservable inputs for the asset or liability. The future cash flow projections are specific to the entity based on its business plan and may not be the same as those of market participants. The future cash flows consider key assumptions such as volume projections, margins, terminal growth rates, etc. with due consideration for the potential risks given the current economic environment in which the entity operates. The discount rates used are pre-tax rates based on weighted average cost of capital and reflects market's assessment of the risks specific to the asset as well as time value of money. The recoverable amount estimates are based on judgments, estimates, assumptions and market data as on reporting date and ignore subsequent changes in the economic and market conditions.

During the year ended 31st March 2021, the performance of Joint venture with the relevant economic and market indicator resulted indicator of impairment of investment. Accordingly, Company determined the recoverable value of the investment is lower than carrying value and recorded a provision of Impairment of Rs 4.00 Cr. (March 31st 2020 : Nil). The value- in- use calculation is determined using discount rate at 18% and terminal growth rate at 3%.

Note No. 29 – Earnings Per Share

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
A. Basic Earnings Per Share (in ₹) (face value ₹ 10/- per share)	**3.35**	7.72
B. Diluted Earnings Per Share (in ₹) (face value ₹ 10/- per share)	**3.33**	7.68

Notes:

i) Basic Earnings Per Share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Profit for the year attributable to owners of the Company	**23.99**	55.14
Profit for the year used in the calculation of basic earnings per share	**23.99**	55.14
Weighted average number of equity shares	**7,16,14,233**	7,14,70,864
Earnings per share from continuing operations - Basic (in ₹)	**3.35**	7.72

ii) Diluted Earnings Per Share

The diluted earnings per share has been computed by dividing the Net profit after tax available for Equity shareholders by the weighted average number of equity shares, after giving the effect of the dilutive potential ordinary shares for the respective years.

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
a) Profit for the year used in the calculation of basic earnings per share	**23.99**	55.14
b) Add: adjustments on account of dilutive potential equity shares	**–**	–
Profit for the year used in the calculation of diluted earnings per share	**23.99**	55.14

iii) Reconciliation of weighted average number of equity shares

The weighted average number of equity shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**7,16,14,233**	7,14,70,864
Add: Dilutive impact of potential Equity Shares on account of ESOPs & RSUs	**4,26,481**	3,67,175
Weighted average number of equity shares used in the calculation of Diluted EPS	**7,20,40,714**	7,18,38,039
Earnings per share from continuing operations - Diluted (in ₹)	**3.33**	7.68

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Note No. 30 – Financial Instruments

I. Capital Management Policy

a) The Company's capital management objectives are:

– to ensure the Company's ability to continue as a going concern.

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

b) For the purpose of Company's capital management, capital includes issued share capital, equity and all other equity reserves. The Company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

c) The following table shows the components of capital:

III. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterparty credit period which is monitored through an approved policy.

(ii) Trade receivables consist of a large number of customers, spread across diverse industries and places across India.

(iii) Apart from one large customers of the Company, the Company does not have significant credit risk exposure to any single customer and concentration of credit risk related to a single company did not exceed 15% of trade receivables at the end of the year.

(iv) The Company applies the simplified approach in providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable.

(v) There is no change in estimation techniques or significant assumptions during the reporting year.

(vi) The loss allowance for expected credit losses for trade receivables for different ageing periods are as follows:

₹ in Crores

Note No. 33 – Leases

Operating Lease

The Company has adopted Ind AS 116 'Leases' with the date of initial application being 1st April, 2019. Ind AS 116 replaces Ind AS 17 – Leases and related interpretation and guidance. The Company has applied Ind AS 116 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings as at 1st April, 2019. As a result, the comparative information has not been restated. In adopting Ind AS 116, the Company has applied the below practical expedients:

The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics

The Company has treated the leases with remaining lease term of less than 12 months as if they were "short term leases"

The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition

The Company has used hindsight, in determining the lease term if the contract contains options to extend or terminate the lease

On transition to Ind AS 116, the Company recognised right-of-use assets amounting to Rs. 111.81 crore, Net Investment in sublease of ROU of Rs. 1.76 crore, and a corresponding lease liabilities amounting to Rs. 121.36 crore by adjusting retained earnings of Rs. 5.07 crore (including the impact of defferred tax created of Rs. 2.72 crore). The Company has discounted lease payments using the applicable incremental borrowing rate as at 1st April, 2019 which is 8.70% for measuring the lease liability.

Reconciliation of operating lease commitments as at 31st March, 2019 with the lease liabilities recognized in the Balance Sheet as at 1st April, 2019:

₹ in Crores

Particulars	Year ended 31st March, 2020
A. Operating lease commitments disclosure as per Ind AS 17 as at 31st March, 2019	**56.06**
Weighted average incremental borrowing rate	**8.70%**
B. Present value using incremental borrowing rate as on 1st April, 2019	**88.58**
Recognition exemption for:	
Short term leases	**(1.64)**
Leases of low value assets	**–**
Extension and termination options reasonably certain to be exercised	**34.42**
Lease liabilities recognised at 1st April, 2019	**121.36**

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Following are the changes in the carrying value of right of use assets:

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Balance as at 1st April	133.29	–
Impact of adoption of Ind AS 116	–	112.75
Additions	144.13	79.98
Disposals	(14.49)	(11.85)
Amortisation expense for the year	(54.82)	(47.59)
Balance as at 31st March	208.11	133.29

The following is the movement in lease liabilities:

₹ in Crores

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Balance as at 1st April	164.85	–
Lease liabilities recognised at 1st April, 2019	–	121.36
Additions	141.16	97.68
Finance cost accrued during the period	15.79	13.98
Deletions	(16.73)	(12.64)
Payment of lease liabilities	(65.34)	(55.53)
Balance as at 31st March	239.73	164.85

The following is the break-up of current and non-current lease liabilities:

₹ in Crores

Particulars	As at 31st March, 2021	As at 31st March, 2020
Non-current lease liabilities	179.52	119.45
Current lease liabilities	60.21	45.40
Total	239.73	164.85

The table below provides details regarding the contractual maturities of lease liabilities on an undiscounted basis:

₹ in Crores

Particulars	2021	2020
Less than one year	77.56	57.14
One to Three years	113.31	93.01
Three to five years	51.14	30.86
More than five years	55.87	13.05
Total undiscounted lease liabilities at Balance sheet date	297.88	194.06

Rental expense recorded for short-term leases was ₹ 43.66 crore (Previous Year: ₹ 37.46 Crores) for the year ended 31st March, 2021.

The following is the movement in the net investment in sublease of ROU asset during the year:

₹ in Crores

Additions		19.84
Finance Income on net investment in sublease in ROU	1.63	1.21
Deletions		-
Rental Income on net investment in sublease in ROU	(3.35)	(2.34)
Balance as at 31st March	18.75	20.47

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

The table below provides details regarding the contractual maturities of net investment in sublease of ROU asset on an undiscounted basis:

₹ in Crores

Particulars	2021	2020
Less than one year	3.49	3.35
One to Three years	6.64	6.97
Three to five years	6.70	6.44
More than five years	8.18	11.60
Total	**25.01**	**28.36**

Impact of adoption of Ind AS 116 on retained earnings:

₹ in Crores

Particulars	Year ended 31st March, 2020
Reclassification of operating lease under Ind AS 17 'Leases' to right-of-use assets	5.07
Impact on retained earnings as at 1st April, 2019	**5.07**

Impact of adoption of Ind AS 116 on the statement of profit and loss:

₹ in Crores

Particulars	Year ended 31st March, 2020
Finance Income on Net investment in Lease	1.21
Upfront notional gain on sub-lease arrangement	0.94
Rental Income on Sub-Lease	(2.34)
Interest on lease liabilities	(13.98)
Depreciation of Right-of-use assets	(47.59)
Unrealised gain on reversal of ROU	0.80
Payment of lease liabilities	55.53
Impact of Ind AS 116 (on profit and loss before Tax)	(5.43)

Leases not yet commenced to which Company is committed amounts to ₹ 1.13 crores for a lease term up to 3 years.

Note No. 34 – Employee benefits

a) Defined Contribution Plan

The Company's contribution to Provident Fund, superannuation Fund and other funds aggregating Rs.12.60 crore (2020: Rs.14.63 crore) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

b) Defined Benefit Plans:

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The funds of the defined benefit plans are held with LIC.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

(2) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(3) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(4) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars		Valuation	
		As at 31st March, 2021	As at 31st March, 2020
a)	Discount rate(s)	6.40%	6.60%
b)	Expected rate(s) of salary increase	7.00%	5% for first 3 years and 7% thereafter
c)	Mortality rate during employment	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate

d) Defined benefit plans – as per actuarial valuation

b)	Expected rate of return on plan assets	**6.40%**	6.60%
c)	Attrition rate	**12.00%**	12.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		**Impact on defined benefit obligation**			
		As at 31st March, 2021		As at 31st March, 2020	
	Changes in assumption	**Increase in assumption**	**Decrease in assumption**	Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**19.76**	**22.89**	18.97	21.96
b) Salary growth rate	1.00%	**22.81**	**19.78**	21.92	18.97
c) Rate of employee turnover	1.00%	**21.07**	**21.39**	20.23	20.52

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

ii) The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous year.

iii) The weighted average duration of the defined benefit obligation as at 31st March, 2021 is 7 years

f) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

Particulars	**2021**	2020
Within 1 year	**2.29**	**2.22**
1 - 2 years	**2.43**	**2.28**
2 - 3 years	**2.35**	**2.47**
3 - 4 years	**2.35**	**2.24**
4 - 5 years	**2.30**	**2.15**
5 - 10 years	**9.35**	**9.06**
More than 10 years	**16.57**	**16.52**

g) Plan Assets

The fair value of Company's plan asset by category are as follows:

₹ in Crores

Particulars	**As at 31st March, 2021**	As at 31st March, 2020
Asset category:		
Deposits with Insurance companies	**17.56**	16.41
	100%	100%

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

h) Experience Adjustments:

					₹ in Crores
Particulars	**As at 31st March, 2021**	**As at 31st March, 2020**	**As at 31st March, 2019**	**As at 31st March, 2018**	**As at 31st March, 2017**
			Gratuity		
1. Defined Benefit Obligation	**(21.22)**	(20.37)	(16.51)	(13.76)	(9.52)
2. Fair value of plan assets	**17.56**	16.41	13.00	9.87	6.67
3. Surplus/(Deficit)	**(3.66)**	(3.96)	(3.51)	(3.89)	(2.85)
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(1.00)**	0.77	(0.02)	1.50	0.22
5. Experience adjustment on plan assets [Gain/(Loss)]	**(0.04)**	0.16	0.05	0.22	0.03

i) The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

j) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

k) The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

c) Other Matters	**6.90**	6.90

Notes:

i) The Company does not expect any payout in respect of the above contingent liabilities.

ii) It is not practicable to estimate the timings of cash outflows, if any, in respect of maters at (a) to (c) above, pending resolution of appellate/court proceedings.

Note No. 37

Previous year numbers have been regrouped wherever necessary.

INDEPENDENT AUDITOR'S REPORT

To the Members of **2 X 2 LOGISTICS PRIVATE LIMITED**

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the Ind AS financial statements of **2X2 Logistics Private Limited** ("the Company"), which comprise the balance sheet as at 31st March, 2021, and the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and its financial performance including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The company's Board of Directors is responsible for the other information. The other information comprises the Board report.

Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   (c) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (d) On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   (e) Section 143(3)(i) mandates the auditor to comment on whether the company has an adequate internal financial controls over financial reporting of the company and the operating effectiveness of such controls. In terms of paragraph 5 of Ministry of Corporate Affairs notification number G.S.R. 583 (E) dated June 13, 2017, and as amended from time to time, exemption has been provided to private limited companies fulfilling certain criteria mentioned in the notification, from the applicability of the requirement of reporting in terms of Section 143(3)(i). As the Company meets the relevant criteria specified in the said notification for the Financial Year FY 2019-20, the requirement of Section 143(3)(i) is not applicable to the Company and accordingly no report has been made under the said clause.

   (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations;

      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE AUDITOR'S REPORT

Referred to in paragraph 1 of our report of even date on the financial statements of **2X2 Logistics Private Limited** for the year ended 31st March 2021

Annexure to the Auditor's Report referred to in our report of even date:

I. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment's.

(b) These Property, Plant & Equipment's were physically verified by the Management during the year at reasonable intervals and discrepancies noticed during the verification were not material and have been properly dealt with in the books of accounts.

(c) The Company has no immovable properties and hence Clause 3(i)(c) is not applicable to the Company.

II. The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii) of the said Order are not applicable to the Company.

III. According to the information and explanations given to us, the Company has neither granted nor taken any loans, secured or unsecured to or from companies, firms or other parties covered in the register maintained under Section 189 of the Act, and accordingly provisions of clause 3 (iii) are not applicable to the Company.

IV. The Company has not granted any loans or made any investments or provided any guarantees or securities to the parties covered under Section 185 & 186 of the Companies Act, 2013. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the company.

V. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public. Consequently, no order has been passed by the Company Law Board or National Company Law Commission or Reserve Bank of India or any court or any other tribunal on the Company. The clause 3(v), therefore is not applicable to the Company.

VI. On facts, clause 3(vi) relating to maintenance of cost records is not applicable to the Company.

VII. (a) According to the records of the Company and information and explanations given to us, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, and other statutory dues applicable to it with the appropriate authorities.

(b) According to the information and explanations given to us and records of the Company examined by us, there are no disputed dues of income tax or sales tax, wealth tax, service tax, duty of customs, duty of excise value added tax and cess which have not been deposited on account of any dispute.

VIII. Based on the records examined by us and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to any financial institution or bank as at the Balance Sheet date.

IX. On the basis of examination of relevant records and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and term loans during the year, and accordingly, Para 3(ix) of the Order is not applicable to the Company.

X. On the basis of our examination of the relevant records of the Company, carried out in accordance with generally accepted auditing practices and according to the information and explanations given to us, no material fraud by the Company or any material fraud on the Company by its officers or employees has been noticed or reported during the year.

XI. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

Section 197 of the Companies Act 2013 is not applicable to a private limited company, hence reporting requirements of section 197(16) does not apply to the Company.

XII. The Company is not a 'Nidhi Company'; therefore, clause 3(xii) of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.

XIII. On the basis of examination of relevant records and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable. The Company has disclosed the details of transactions with related parties in the Financial Statements as required by the applicable accounting standards.

XIV. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under audit; therefore, clause 3(xiv) of the Companies (Auditor's Report) Order, 2016 is not applicable to the company.

XV. On the basis of examination of relevant records and according to the information and explanations given to us, in our opinion, the Company has not entered into any non-cash transactions with directors or persons connected with them.

XVI. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provision of Clause 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Notes to Accounts – Part A

Corporate Information

2 X 2 Logistics Private Limited is a deemed public limited company incorporated on 22nd October, 2012 under the Companies Act, 1956. The Company is engaged in providing logistics services to its Customers. The financial statements for the period ended 31st March, 2021 were approved for issue in accordance with a resolution of the Directors on 21st April, 2021.

1. Significant accounting policies

1.1 Statement of compliance

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

1.2 Basis of preparation and presentation

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortised cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Assets and Liabilities are classified as Current or Non Current as per the provisions of Schedule III to the Companies Act, 2013 and Company's Normal Operating Cycle. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the classification of assets and liabilities.

The financial statements are prepared in Indian Rupee(INR) and denominated in lakhs.

The principal accounting policies are set out below.

1.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

1.3.1 Rendering of services

Incomes from logistics services rendered are recognised on the completion of the services as per the terms of contract. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

1.3.2 Dividend and interest income

Dividend income from investments is recognised when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.4 Leasing

The Company's significant operating leasing arrangements are in respect of office premises and IT related equipments. Lease rentals are recognised as per the terms of lease.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

1.5 Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

1.6 Employee benefits

1.6.1 Retirement benefit costs and termination benefits

Defined Contribution Plan:

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

Defined Benefits :

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

1.6.2 Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

1.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

1.7.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

1.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.8 Property, plant and equipment

All fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognised as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred.

Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except for following assets in order to reflect the actual usage of the assets:

- Horse portion of a Vehicle is depreciated over five years based on the management experience of handling similar kind of asset.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

1.9 Intangible assets

1.9.1 Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

1.9.2 Useful lives of intangible assets

The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

1.10 Impairment of tangible and intangible assets other than goodwill

The Management of the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

1.11 Provisions, Contingent Liabilities & Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

1.12 Financial instruments

Financial assets and financial liabilities are recognised when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

1.13.1 <u>Classification of financial assets</u>

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer Note 1.13.3

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

1.13.2 <u>Effective interest method</u>

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably.

1.13.3 <u>Impairment of financial assets</u>

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

1.13.4 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.14 Financial liabilities and equity instruments

1.14.1 Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

1.14.2 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

1.14.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

1.14.4 Financial liabilities

All financial liabilities are subsequently measured at amortised cost or at FVTPL.

1.14.4.1 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

1.14.4.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

1.15 Segment Accounting:

The Company has single reportable segment "Supply chain management" for the purpose of Segment reporting.

1.16 Earnings Per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year.

2A. Critical accounting judgements and key sources of estimation uncertainty

2A. In the application of the Company's accounting policies, which are described in note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

2A.1.1 Useful lives of Property, plant and equipment

As described in note 2 above, the Company reviews the estimated useful lives of property, plant and equipment at the end of each annual reporting period.

2A.1.2 Defined Benefit Plans:

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

2B. COVID-19 :

The Company has accounted significant accounting estimates which have been disclosed in the financial statements.

These includes fair valuation of financial assets, testing of impairment of assets, going concern assessment etc. requiring significant management judgement in estimating the same. Considering the continuing COVID-19 pandemic, the results in upcoming period may significantly vary and may affect the recoverability of assets. However, this will depend upon future developments including actions taken to contain or treat the disease and to mitigate its impact on the economy.

The Company, based on internal & external sources of information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2021 as at the date of approval of these financial statements.

(i) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs.10/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors and approved by the shareholders in the annual general meeting is paid in Indian rupees. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

III) Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company yearically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit year which is monitored through an approved policy.

(ii) Trade receivables consist of a small number of customers.

(iii) One of the customer of the Company, which is also a group company accounts for more than 10% of total outstanding exposure. However since such customer is also a group company, the Company does not anticipate any credit risk.

(iv) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

(v) There is no change in estimation techniques or significant assumptions during the reporting year.

(vi) During the year, the company has not made any write off on trade receivable and advances. These trade receivables and advances are not subject to enforcement activity.

b) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

As at 31st March, 2020	Bank Overdraft	Floating	8.20%	602.89	1.00%	(6.03)	1.00%	6.03

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

c) Market Risk Management

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Note No. 28 - Fair Value Measurement

a) Fair value of financial assets and financial liabilities that are measured at amortised cost:

Particulars	31st March 2021 Carrying amount	31st March 2021 Fair value	31st March 2020 Carrying amount	31st March 2020 Fair value
				Rs. in Lakhs

j) Trade receivables & others	-364.25 (112.00)	88.11 (62.27)
k) Loan Payable	– –	– –

iii) All the outstanding balances, whether receivables or payables (Except Loan payable) are unsecured.

iv) All the Previous year balances are shown in Bracket.

Note No. 30 - Employee benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund, Superannuation Fund and other Funds aggregating Rs. 5.15 lakhs (2019 : Rs. 6.02 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

ii) Defined Benefit Plans:

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(2) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(3) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Rs. in Lakhs Valuation	
	As at 31st March 2021	As at 31st March 2020
a) Discount rate(s)	**6.40%**	6.60%
b) Expected rate(s) of salary increase	**8.00%**	8.00%
c) Mortality rate during employment	**IALM(2012-14) Ultimate**	IALM(2012-14) Ultimate

d) Defined benefit plans – as per actuarial valuation

Particulars	Non Funded Plan - Gratuity	
	As at 31st March 2021	As at 31st March 2020
I. Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
a) Current Service Cost	**1.51**	2.27
b) Past service cost and (gains)/losses from settlements	**–**	–
c) Net interest expense	**–**	–
Components of defined benefit costs recognised in profit or loss	**1.51**	2.27
Remeasurement on the net defined benefit liability	**–**	
a) Return on plan assets (excluding amount included in net interest expense)	**–**	–
b) Actuarial (gains)/loss arising form changes in financial assumptions	**–**	–
c) Actuarial (gains)/loss arising form changes in demographic assumptions	**–**	–
d) Actuarial (gains)/loss arising form experience adjustments	**–**	–
Components of defined benefit costs recognised in other comprehensive income	**–**	–
Total	**1.51**	2.27
II. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March		
a) Present value of defined benefit obligation	**7.25**	5.74
b) Fair value of plan assets	**–**	–
c) Surplus/(Deficit)	**7.25**	5.74
d) Current portion of the above	**–**	–
e) Non current portion of the above	**7.25**	5.74
III. Change in the obligation during the year ended 31st March		
a) Present value of defined benefit obligation at the beginning of the period	**5.74**	3.47
b) Add/(Less) on account of Scheme of Arrangement/ Business	**–**	–
c) Transfer	**–**	–
d) *Expenses Recognised in Profit and Loss Account*		
- Current Service Cost	**1.80**	1.53
- Past Service Cost	**–**	–
- Interest Expense (Income)	**0.38**	0.26
e) *Recognised in Other Comprehensive Income* *Remeasurement gains/(losses)*		
- Actuarial Gain (Loss) arising from:		
i. Financial Assumptions	**0.12**	0.41
ii. Demographic Assumptions	**–**	–
iii. Experience Adjustments	**(0.78)**	0.07
f) Benefit payments	**–**	–
g) Present value of defined benefit obligation at the end of the period	**7.26**	5.74
IV. Change in fair value of assets during the year ended 31st March		
i) Fair value of plan assets at the beginning of the period	**–**	–
ii) *Expenses Recognised in Profit and Loss Account*		
- Expected return on plan assets	**–**	–
iii) *Recognised in Other Comprehensive Income* *Remeasurement gains/(losses)*		
- Actual Return on plan assets in excess of the expected return	**–**	–
iv) Contributions by employer (including benefit payments recoverable)	**–**	–
v) Benefit payments	**–**	–
vi) Fair value of plan assets at the end of the period	**–**	–
V. The Major categories of plan assets		
- Insurance Funds	**–**	–
VI. Actuarial assumptions		
a) Discount rate	**6.40%**	6.60%
b) Expected rate of return on plan assets	**6.40%**	6.60%
c) Attrition rate	**11.00%**	11.00%

e) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Impact on defined benefit obligation	
		As at 31st March 2021	
	Changes in assumption	Increase in assumption	Decrease in assumption
a) Discount rate	1.00%	**1.41**	**1.62**
b) Salary growth rate	1.00%	**1.62**	**1.41**
c) Rate of employee turnover	50.00%	**1.47**	**1.60**

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

ii) The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

iii) The weighted average duration of the defined benefit obligation as at 31st March 2021 is 8 years.

f) **Maturity profile of defined benefit obligation:**

The tables include both discounted value as well as unwinding of interest.

Particulars	2021	2020
Within 1 year	**0.65**	0.45
2-5 years	**3.43**	2.23
6-10 years	**2.64**	2.72
More than 10 years	**7.21**	6.24

g) **Experience Adjustments:**

Rs. in Lakhs

	Particulars	As at 31st March 2021	As at 31st March 2020
		Gratuity	
1.	Defined Benefit Obligation	**(7.26)**	(5.74)
2.	Fair value of plan assets	–	–
3.	Surplus/(Deficit)	**7.25**	5.74
4.	Experience adjustment on plan liabilities [(Gain)/Loss]	–	–
5.	Experience adjustment on plan assets [Gain/(Loss)]	–	–

h) The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

i) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

j) The current service cost and the net interest expense for the period are included in the employee benefits expense in profit or loss of the expense for the year.

All amounts are in Rs. Lakhs unless otherwise stated

Note No. 31 - MSME disclosures

(i) Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

Particulars	Year ended 31st March 2021	Year ended 31st March 2020
i. Principal amount remaining unpaid to any supplier as at the end of the accounting year	**18.16**	22.81
ii. Interest due thereon remaining unpaid to any supplier as at the end of the accounting year	–	–
iii. The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day	–	–
iv. The amount of interest due and payable for the year	–	–
v. The amount of interest accrued and remaining unpaid at the end of the accounting year	–	–
vi. The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid	–	–

Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the management. This has been relied upon by the auditors.

Note No. 32 - Code on Social Security Disclosures

The newly enacted Code on Social Security, 2020 is expected to have an impact on employee remuneration and welfare benefits. The effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are yet to be framed. The Company is in process of evaluating the financial impact, if any and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are notified.

The accompayning notes 1 to 31 are integral part of these financial statement.

In terms of our report attached.

INDEPENDENT AUDITOR'S REPORT

To the Members of
LORDS FREIGHT (INDIA) PRIVATE LIMITED
Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of **LORDS FREIGHT (INDIA) PRIVATE LIMITED** ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and its financial performance including other comprehensive income, changes in equity 2021 and its cash flows for the year ended on that date

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The company's Board of Directors is responsible for the other information. The other information comprises the Board report.

Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended).

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-I", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure II".
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in

our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations;

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE I TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph 1 of our report of even date on the financial statements of Lords Freight (India) Private Limited for the year ended March 31, 2021.

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

I. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.

(b) These fixed assets were physically verified by the Management during the year at reasonable intervals and discrepancies noticed during the verification were not material and have been properly dealt with in the books of accounts.

(c) There is no immovable property held by Company.

II. The company has no inventories hence Clause 3 (ii) is not applicable to the Company.

III. The Company has not granted any loans to parties covered in the register maintained under section 189 of Companies Act, 2013. Therefore, clause 3(iii) (a), (b) & (c) of the Companies (Auditor's Report) Order, 2016 is not applicable to the company.

IV. The Company has not granted any loans or made any investments, or provided any guarantees or securities to the parties covered under Section 185 & 186 of the Companies Act, 2013. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the company.

V. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public. Consequently, no order has been passed by the Company Law Board or National Company Law Commission or Reserve Bank of India or any court or any other tribunal on the Company. The clause 3(v), therefore is not applicable to the company.

VI. As informed to us maintenance of cost records Under Section 148(1) of the Companies Act, 2013 is not prescribed to the Company.

VII. (a) According to the records of the Company and information and explanations given to us, the Company has been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, goods & service tax, duty of customs, duty of excise, value added tax, cess and other applicable statutory dues with the appropriate authorities

(b) According to the information and explanations given to us and records of the Company examined by us ,there are no disputed dues of income tax or sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax and cess which have not been deposited on account of any dispute.

VIII. Based on the records examined by us and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to any financial institution or bank as at the Balance Sheet date.

IX. On the basis of examination of relevant records and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and term loans during the year, and accordingly, Para 3(ix) of the Order is not applicable to the Company.

X. On the basis of our examination of the relevant records of the Company, carried out in accordance with generally accepted auditing practices and according to the information and explanations given to us, no material fraud by the Company or any material fraud on the Company by its officers or employees has been noticed or reported during the year.

XI. As the company is a private limited company hence Section 197 read with Schedule V to the Companies Act, 2013 is not applicable to company.

XII. The Company is not a 'Nidhi Company'; therefore, clause 3(xii) of the Companies (Auditor's Report) Order, 2016 is not applicable to the Company.

XIII. On the basis of examination of relevant records and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable. The Company has disclosed the details of transactions with related parties in the Financial Statements as required by the applicable accounting standards.

XIV. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under audit; therefore, clause 3(xiv) of the Companies (Auditor's Report) Order, 2016 is not applicable to the company.

XV. On the basis of examination of relevant records and according to the information and explanations given to us, in our opinion, the Company has not entered into any non-cash transactions with directors or persons connected with them.

XVI. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE II TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **LORDS FREIGHT (INDIA) PRIVATE LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to financial statements issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that operate effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls With reference to financial statements (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls With reference to financial statements issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended 31st March, 2021

1. Corporate information

LORDS Freight (India) Pvt Ltd is a private limited company incorporated on 25th April, 2011 under the Companies Act, 1956. The Company's main activities are freight forwarding including transportation of goods via sea & air.

The financial statements for the year ended 31st March, 2021 are approved for issue in accordance with a resolution of the directors on 21st April, 2021.

2. Significant accounting policies

2.1. Statement of compliance

The financial statements have been prepared in accordance with the provisions of Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, specified under Section 133 of the Act. The financial statements are separate financial statements.

2.2. Basis of preparation and presentation

The financial statements have been prepared on accrual basis and the historical cost basis as a going concern except for certain financial instruments that are measured at fair values or at amortized cost, wherever applicable, at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in this financial statement is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The financial statements are prepared in Indian Rupee (INR) and denominated in lakhs. The principal accounting policies are set out below.

2.3. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1. Rendering of services

Incomes from logistics services rendered are recognized on the completion of the services as per the terms of contract. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

2.3.2. Dividend and interest income

Dividend income from investments is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4. Leasing

The Company's significant operating leasing arrangements are in respect of office premises, warehouse, warehouse equipments and IT related equipments. Lease rentals are recognized as per the terms of lease.

Rental expense from operating leases is generally recognized on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognized in the year in which such benefits accrue.

2.5. Foreign currencies

The Financial statement are presented in rupees in lacs, which is also Company's functional currency.

i. Initial recognition

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

ii. Conversion

a. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

b. Non-monetary items, if any are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

The Company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as below:

a. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

b. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2.6. Borrowing costs

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue in the year of incurrence.

2.7. Employee benefits

2.7.1. Retirement benefit costs and termination benefits

i. Defined Contribution Plan :

Company's contributions paid/payable during the year to the Superannuation Fund, ESIC, Provident Fund and Labour Welfare Fund are recognized in the Statement of Profit and Loss.

ii. Defined Benefits Plan:

For defined retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income

in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

a. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

b. net interest expense or income; and

c. remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans

2.7.2. Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.8. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.8.2. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3. Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.9. Property, plant and equipment

All items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition is inclusive of purchase price, levies and any directly attributable cost of bringing the assets to its working condition for the intended use. Subsequent costs are included in the assets carrying amount or recognized as separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the company and cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of profit and loss during the reporting period in which they are incurred. Depreciation on tangible assets is charged by the Straight Line Method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of:

I. Assets costing less than Rs.5000/- which are fully depreciated in the year of purchase.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.10. Intangible assets

2.10.1. Intangible assets acquired separately

The useful lives of intangible assets are assessed as either finite or infinite. Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.10.2. Useful lives of intangible assets

The expenditure incurred is amortized over ten financial years equally commencing from the year in which the expenditure is incurred.

2.11. Impairment of tangible and intangible assets other than goodwill

The management of the Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

2.12. Provisions, Contingent Liabilities & Contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

2.13. Financial instruments

Financial assets and financial liabilities are recognized when a company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.14. Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a settlement date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

2.14.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For the impairment policy on financial assets measured at amortized cost, refer Note 2.14.3

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

i. the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and

ii. the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments.

All other financial assets are subsequently measured at fair value.

2.14.2. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that

form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

2.14.3. Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.14.4. Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

2.14.5. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.
- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

2.15. Financial liabilities and equity instruments

2.15.1. Classification as debt or equity

Debt and equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.15.3. Financial liabilities

All financial liabilities are subsequently measured at amortized cost or at FVTPL.

i. Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a. it has been incurred principally for the purpose of repurchasing it in the near term; or

b. on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or

c. it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a. such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

b. the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or

c. it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

ii. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.16. Segment Accounting:

The VP/Whole Time Director monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment. Segment performance is measured based on profit or loss and is measured consistently with profit or loss in financial statements.

2.17. Earnings per Share:

Basic and diluted earnings per share is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

3.1. Defined Benefit Plans:

The cost of the defined benefit plans and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4. <u>Ind AS 116 – 'Leases':-</u>

The Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings, furniture & fixtures and vehicles. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether: (1) the contract involves the use of an identified asset (2) the company has substantially of the economic benefits from use of the asset throughout the period of the lease and (3) the company has the right to direct the use of the asset throughout the period of use.

At the date of commencement of the lease, the company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The following is the summary of practical expedients elected on initial application:

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application .
4. Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

The difference between the lease obligation recorded as of March 31, 2020 under Ind AS 17 disclosed under Note No. 24 of annual financial statements forming part of 2021 Annual Report and the value of the lease liability as of April 1, 2020 is primarily on account of inclusion of extension and termination options reasonably certain to be exercised, in measuring the lease liability in accordance with Ind AS 116 and discounting the lease liabilities to the present value under Ind AS 116.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2020 is 8.70%.

III. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) Credit risk management

Trade receivables and deposits

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties. The company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Credit exposure is controlled by counterpaty credit period which is monitored through an approved policy.

(ii) Trade receivables consist of a large number of customers, spread across diverse industries and places across India.

(iii) Apart from one large customer of the company, the company does not have significant credit risk exposure to any single customer. Concentration of credit risk related to a single company did not exceed 15 % of gross monetary assets at any time during the year.

(iv) The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

(v) There is no change in estimation techniques or significant assumptions during the reporting period.

(vi) The loss allowance provision is determined as follows:

As at 31st March, 2021

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
a) Gross carrying amount	**5,033.29**	**2,371.87**	**1,003.97**	**8,409.13**
b) Loss allowance provision	**50.84**	**23.96**	**238.33**	**313.13**

As at 31st March, 2020

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
a) Gross carrying amount	2,790.64	2,884.45	572.38	6,247.47
b) Loss allowance provision	43.25	44.71	151.50	239.46

(vii) Reconciliation of loss allowance provision for Trade Receivables

₹ in lacs

Particulars		31st March, 2021	31st March, 2020
a)	Balance as at beginning of the year	**239.46**	193.27
b)	Impairment losses recognised in the year based on lifetime expected credit losses		
	– On receivables originated in the year	**181.87**	94.87
	– Other receivables		–
c)	Impairment losses reversed/written back	**108.20**	48.68
d)	**Balance at end of the year**	**313.13**	239.46

(viii) During the period, the company has made write off of Rs. 108.20 lacs (31 March, 2020: Rs. 48.68 lacs) of trade receivable. These trade receivables and advances are not subject to enforcement activity.

Cash and Cash equivalents

As at 31st March, 2021 the company held cash and cash equivalents of Rs. 27.46 Lacs (As at 31st March, 2020 Rs. 2.92 Lacs). The cash and cash equivalents are held with banks with good credit rating.

B) Liquidity risk management

(i) The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(ii) Maturities of financial liabilities

Table showing maturity profile of financial liabilites:

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
A) Non-derivative financial liabilities				
As at 31st March 2021				
a) Trade Payables	**4,598.00**	**–**	**–**	**–**
b) Security Deposits	–	**–**	**–**	**–**
c) Borrowings	**1,782.40**	**–**	**–**	**–**
d) Employee Dues	–	**–**	**–**	**–**
Total	**6,380.40**	**–**	**–**	**–**
As at 31st March 2020				
a) Trade Payables	3,464.12	–	–	–
b) Security Deposits	–	–	–	–
c) Borrowings	2,097.45	26.52	–	–
d) Employee Dues	–	–	–	–
Total	5,561.57	26.52	–	–

The above table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

(iii) Financing arrangements

The Company has access to following undrawn borrowing facilities at the end of the reporting period:

₹ in lacs

Particulars	As at 31st March, 2021	As at 31st March, 2020
a) Secured Cash credit facility		
– Expiring within one year	**1,017.60**	102.55
– Expiring beyond one year	–	–

(iv) Maturities of financial assets

Table showing maturity profile of financial assets

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	In Rs. Lacs	In Rs. Lacs	In Rs. Lacs	In Rs. Lacs
Non-derivative financial assets				
As at 31st March 2021				
Trade Receivables	**8,096.00**	–	–	–
Security Deposits	**115.94**	–	–	–
Others	**27.46**	–	–	–
Total	**8,239.40**	–	–	–
As at 31st March 2020				
Trade Receivables	6,008.01	–	–	–
Security Deposits	23.64	29.40	–	–
Others	2.92	–	–	–
Total	6,034.57	29.40	–	–

The above table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

C) Market Risk Management

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Currency	31st March, 2021	31st March, 2020
Trade Receivables	USD	**895,345**	652,169
	EUR	**7,947**	2,402
	CAD	**31**	–
	SGD	**3,447**	3,447

Interest Risk

The following tables demonstrate the sensitivity to a reasonably possible change in Interest rates, with all other variables held constant.

Particulars	Name of borrowing	Type of Interest	Rate of interest	Loan amount outstanding as at year end	Increase in Base Rate	Sensitivity Impact on P&L (pre-tax)	Decrease in Base Rate	Sensitivity Impact on P&L (pre-tax)
As at 31st March, 2021	**Cash Credit**	**Floating**	**7.93%**	**1,782.40**	**1.00%**	**(17.82)**	**1.00%**	**17.82**
As at 31st March, 2020	Cash Credit	Floating	7.93%	2,097.45	1.00%	(20.97)	1.00%	20.97

Note No. 28 – Fair Value Measurement

a) Fair value of financial assets and financial liabilities that are measured at amortized cost:

Particulars	31st March, 2021 Carrying amount	Fair value	31st March, 2020 Carrying amount	Fair value
A) Financial assets				
a) Financial assets carried at amortized Cost				
i) Trade and other receivables	**8,096.00**	**8,096.00**	6,008.01	6,008.01
ii) Deposits given	**115.94**	**115.94**	53.04	53.04
iii) Cash and cash equivalents	**27.46**	**27.46**	2.92	2.92
Total	**8,239.40**	**8,239.40**	6,063.97	6,063.97
B) Financial liabilities				
b) Financial liabilities held at amortized cost				
i) Borrowings	**1,782.40**	**1,782.40**	2,097.45	2,097.45
ii) Trade and other payables	**4,598.00**	**4,598.00**	3,464.12	3,464.12
Total	**6,380.40**	**6,380.40**	5,561.57	5,561.57

Note No. 29 – Segment information

i) The management of the company has chosen to organise the company on the basis of nature of services. No operating segments have been aggregated in arriving at the reportable segments of the group.

ii) The Company has only one operating segment i.e. "Freight Forwarding".

iii) The VP/ Whole time director monitors the operating results of the business segments separately for the purpose of making decisions about the allocation of resources and performance assessment.

(iv) Geographic information

Particulars	Year Ended 31st March, 2021	Year Ended 31st March, 2020
Revenue from external customers		
India	**28,700.08**	19,729.26
Outside India	**1,052.59**	738.73
Total Revenue as per statement of Profit or Loss	**29,752.67**	20,467.99

v) Non-current operating assets

Particulars	As at 31st March, 2021	As at 31st March, 2020
India	**87.34**	98.22
Outside India	–	–
Total	**87.34**	98.22

Non-current assets for this purpose consist of property, plant and equipment, and intangible assets.

The revenues of the company from a group of customers under common control amounts to around 8.84% of its total revenues.

(vi) The company had set up its internal reporting based on Ind AS, ahead of Ind AS adoption for statutory reporting. Hence, the VP/Whole time director was already using Ind AS information for economic decision making. This implies that the company's internal reporting is already set up to report in accordance with Ind-AS.

Note No. 30 – Leases

Operating Lease

i) The Company has entered into operating lease arrangements for commercial premises. The leases are non-cancellable and are for period as specified in the agreement and may be renewed based on mutual agreement of the parties.

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
i) Future Non-Cancellable minimum lease commitments		
a) not later than one year	–	–
b) later than one year and not later than five years	–	–
c) later than five years	–	–
ii) Expenses recognised in the Statement of Profit and Loss		
a) Minimum Lease Payments	–	–

Note No. 31 – Employee benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 56.84 lacs (2020 : Rs. 55.26 lacs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

ii) Defined Benefit Plans:

Gratuity

a) The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

b) Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Change in bond yields

A decrease in government bond yields will increase plan liabilities.

(2) Inflation risk

Defined benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, caps on the level of inflationary increases are in place to protect the plan against extreme inflation).

(3) Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

(c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Valuation as at 31st March, 2021	Valuation as at 31st March, 2020
a) Discount rate(s)	**6.35%**	6.55%
b) Expected rate(s) of salary increase	**7.00%**	7.00%
c) Mortality rate during employment	**IALM(2012-14) Ultimate**	IALM(2012-14) Ultimate

(d) Defined benefit plans – as per actuarial valuation

Particulars	Unfunded Plan – Gratuity 2021	Unfunded Plan – Gratuity 2020
I. Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
a) Current Service Cost	**18.09**	13.49
b) Past service cost and (gains)/ losses from settlements		–
c) Net interest expense	**3.28**	2.37
Components of defined benefit costs recognised in profit or loss	**21.37**	15.86
a) Remeasurement on the net defined benefit liability		
b) Return on plan assets (excluding amount included in net interest expense)		
c) Actuarial (gains)/loss arising form changes in demaographic		0.20
d) Actuarial (gains)/loss arising form changes in financial assumptions.	**0.93**	5.45
e) Actuarial (gains)/loss arising form experience adjustments	**2.23**	(2.56)
Components of defined benefit costs recognised in other comprehensive income	**3.16**	3.09
Total	**24.53**	18.95

Particulars		Unfunded Plan – Gratuity 2021	2020
II.	**Net Asset/(Liability) recognised in the Balance Sheet as at 31st March**		
a)	Present value of defined benefit obligation	**(60.48)**	(50.11)
b)	Fair value of plan assets		
c)	Surplus/(Deficit)	**(60.48)**	(50.11)
d)	Current portion of the above	**(2.55)**	(2.84)
e)	Non current portion of the above	**(57.93)**	(47.27)
III.	**Change in the obligation during the year ended 31st March**		
a)	Present value of defined benefit obligation at the beginning of the year	**50.11**	32.37
b)	Add/(Less) on account of Scheme of Arrangement/Business		
c)	Transfer		
d)	*Expenses Recognised in Profit and Loss Account*		
	– Current Service Cost	**18.09**	13.49
	– Past Service Cost		
	– Interest Expense (Income)	**3.28**	2.37
e)	*Recognised in Other Comprehensive Income*		
	Remeasurement gains/(losses)		
–	Actuarial Gain (Loss) arising from:		
	i. Demographic Assumptions	–	0.20
	ii. Financial Assumptions	**0.93**	5.45
	iii. Experience Adjustments	**2.23**	(2.56)
f)	Benefit payments	**(14.16)**	(1.21)
g)	**Present value of defined benefit obligation at the end of the year**	**60.48**	50.11
IV.	**Change in fair value of assets during the year ended 31st March**		
i)	Fair value of plan assets at the beginning of the year	–	–
ii)	*Expenses Recognised in Profit and Loss Account*		
	– Expected return on plan assets	–	–
iii)	*Recognised in Other Comprehensive Income*	–	–
	Remeasurement gains/(losses)		
–	Actual Return on plan assets in excess of the expected return	–	–
iv)	Contributions by employer (including benefit payments recoverable)	–	–
v)	Benefit payments	–	–
vi)	**Fair value of plan assets at the end of the year**	–	–
V.	**The Major categories of plan assets**		
–	Insurance Funds	–	–
VI.	**Actuarial assumptions**		
a)	Discount rate	**6.35%**	6.55%
b)	Expected rate of return on plan assets		
c)	Attrition rate	**12.00%**	12.00%

d) The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption			Changes in assumption	Impact on defined benefit obligation: Increase in assumption	Decrease in assumption
a)	Discount rate	2021	1.00%	56.05	65.49
		2020	1.00%	46.65	54.01
b)	Salary growth rate	2021	1.00%	65.37	56.04
		2020	1.00%	53.95	46.63
c)	Rate of employee turnover	2021	0.50%	55.25	66.75
		2020	0.50%	45.55	55.48
d)	Rate of Mortality	2021	0.10%	60.48	60.48
		2020	0.10%	50.11	50.11

Notes:

i) The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

ii) The weighted average duration of the defined benefit obligation as at 31 March 2021 is 8 years (2020: 7 years)

e) Maturity profile of defined benefit obligation:

The tables include both discounted value as well as unwinding of interest.

Particulars	2021	2020
Within 1 year	**2.55**	2.84
2 – 5 year	**26.32**	25.07
6 – 10 year	**29.94**	24.13

f) The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

g) The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

Note No. 32 – Related Party Transactions

i) List of Related Parties:

a) Holding Companies:	
1	Mahindra Logistics Limited
b) Other Related parties	
1	Mahindra & Mahindra Limited and its divisions

Particulars	As at March 31, 2021
Less than one year	–
One to five years	–
More than five years	–
Total	–

Note No 35:- Covid-19 Disclosure

The Company has accounted significant accounting estimates which have been disclosed in the financial statements.

These includes fair valuation of financial assets, testing of impairment of assets, going concern assessment etc. requiring significant management judgement in estimating the same. Considering the continuing COVID-19 pandemic, the results in upcoming period may significantly vary and may affect the recoverability of assets. However, this will depend upon future developments including actions taken to contain or treat the disease and to mitigate its impact on the economy.

The Company, based on internal & external sources of information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2021 as at the date of approval of these financial statements.

Note No 36:- Code on Social Security Disclosure

The newly enacted Code on Social Security, 2020 is expected to have an impact on employee remuneration and welfare benefits. The effective date from which the changes are applicable is yet to be notified and the rules for quantifying the financial impact are yet to be framed. The Company is in process of evaluating the financial impact, if any and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are notified.

INDEPENDENT AUDITORS' REPORT

To the Members of Mahindra Aerospace Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerospace Private Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as Financial Statements) .

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Ind AS Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are

appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
    c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
    d) In our opinion, the aforesaid financial statements comply with the specified under section 133 of the Act.
    e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
    f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

    (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its financial statements - Refer Note 23 to the financial statements;
    ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
    iv. The disclosures in the Ind AS financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

    (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

    In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

With reference to the Annexure A referred to in the Independent Auditor's Report to the members of the Company on the financial statements for the year ended 31 March 2021, we report the following:

(i) (a) According to information and explanations given to us and on the basis of examination of the records, the Company did not have any Property, plant and equipment. Therefore, the provision of clause 3(i)(a) of the said Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of examination of the records, the Company did not have any Property, plant and equipment. Therefore, the provision of clause 3(i)(b) of the said Order is not applicable to the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records, the Company did not have any immovable property. Therefore, the provision of clause 3(i) (c) of the said Order is not applicable to the Company.

(ii) According to the information and explanations given to us, the Company did not have any inventory. Therefore, the provision of clause 3(ii) of the said Order is not applicable to the company

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not given any loans, or provided any guarantee or security as specified under section 185 and 186 of the Companies Act, 2013. Moreover, in respect of the investments made by the Company, requirements of section 186 of the Companies Act, 2013 have been complied with.

(v) The Company has not accepted any deposits from the public within the meaning of the directives issued by the Reserve Bank of India, provisions of Section 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder.

(vi) The Central Government has not prescribed the maintenance of cost records under Section 148 of the Act for any of the services rendered by the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including, Income-tax, Goods and Services tax, and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Provident fund, Employees' State Insurance, duty of excise, sales tax, service tax and value added taxes, duty of Customs and Cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of Income-tax, and Goods and Services tax, Cess and other material statutory dues were in arrears as at 31 March 2021, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of Income tax, Sales tax, Goods and Service tax, Value added tax, Service tax, duty of Customs and duty of excise which have not been deposited by the Company on account of disputes, except for the following:

Name of the Statute	Nature of the Dues	Amount Rs. in lakhs	Period	Forum where dispute is pending*
Income Tax Act 1961	Income Tax	3.67 (0.91)*	AY 2011-12	Commissioner of Income Tax (Appeals), Mumbai
Income Tax Act 1961	Income Tax	5.08 (5.08)*	AY 2013-14	Commissioner of Income Tax (Appeals), Mumbai
Income Tax Act 1961	Income Tax	79.24 (54.88)*	AY 2014-15	Commissioner of Income Tax (Appeals), Mumbai
Income Tax Act 1961	Income Tax	5,218.55	AY 2018-19	Rectification Application u/s 154 of Income Tax Act 1961 filed with the Assessing Officer, Mumbai

* The amount in parenthesis represent the payment made.

(viii) According to the information and explanations given to us, the Company did not have any outstanding loans or borrowings from any financial institution or bank or government or dues to debenture holders during the year.

(ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year.

(x) According to the information and explanations given to us, no fraud on the Company by its officers and employees or fraud by the Company has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us and based on examination of the records of the Company, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

(xii) According to the information and explanations given to us, in our opinion, the Company is not a Nidhi Company as prescribed under Section 406 of the Act.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with 188 of the Act, where applicable, and details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards. According to the information and explanations given to us, we understand that the provisions of Section 177 to the Act are not applicable to the Company.

(xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanation given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA AEROSPACE PRIVATE LIMITED FOR THE PERIOD ENDED 31 MARCH 2021.

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph (1 A(f)) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerospace Private Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR MARCH 31, 2021

1. Corporate Information

Mahindra Aerospace Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P.K Kurne Chowk, Worli, Mumbai - 400018. The Company was incorporated on February 28, 2008 under the provisions of the Indian Companies Act, 1956. Presently the Company is holding investments in subsidiaries engaged in the business of manufacturing aircrafts and Aerostructures and design and development of 5 seater aircrafts. Also the company is exporting design services.

2. Basis of preparation and Significant accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 27 Apr 2021.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3A - leases: whether an arrangement contains a lease and lease classification

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 is included in the following notes:

Note 20 – measurement of defined benefit obligations: key actuarial assumptions; key actuarial assumptions;

Note 23 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 29 - recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Note 3 - useful life of property, plant and equipment

Notes 4 and 5 - impairment of financial assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

– Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

– Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

– Note 22 - financial instruments.

2.2 Significant accounting policies

a) Property Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value using straight line method over the useful lives of assets estimated by the Company based on an internal technical evaluation performed by the management and is recognised in the statement of profit and loss. Depreciation for assets purchased/sold during the period is proportionately charged.

The range of estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life
Plant and Machinery, Office equipment, furniture & fixtures	2 years, 5 years, 10 years, 15 years
Vehicles	5 years

The Company believes the useful lives as given above best represent the useful lives of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

b) Intangible Assets

Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others:

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight - line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Computer software	3-5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

c) Impairment of assets

i. Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

ii. Non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) Investment in subsidiaries

The company accounts for its investment in subsidiaries at cost less accumulated impairment, if any.

e) Revenue Recognition

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11.The adoption of the standard did not have any material impact to the financial statements of the Company.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

f) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss.

g) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company has not restated the comparative information.

As a lessee:

For transition, the Company has elected not to apply the requirements of Ind AS 116 leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

The difference between the future minimum lease rental commitments towards non-cancellable operating leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to inclusion of present value of the lease payments for the cancellable term of the leases, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 to which the Company has chosen to apply the practical expedient as per the standard.

h) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Investment in subsidiaries, joint venture and associates

Investment in subsidiaries, joint venture and associates Investment in subsidiaries, joint venture and associates is carried at cost in the financial statements.

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

i) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

– temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.

– temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

j) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

k) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate.

l) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in Statement of profit or loss in the period in which they are incurred.

m) Business combination

Business combinations arising from transfers of interest in entities that are under the control of the shareholder that controls the Company are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are revised. The assets and liabilities acquired are recognised at their carrying amounts. The identity of the reserves is preserved and they appear in the financial statements of the Company in the same form in which they appeared in the financial statements of the acquired entity. The difference, if any, between the value of net assets and the consequent reduction in value of investment held by the Company is transferred to the capital reserve or to the accumulated balance of profit and loss.

n) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

o) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market/fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue/expenses/assets/liabilities".

p) Employee benefits

i. Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

ii. Post-employment benefits

Contributions to defined contribution schemes such as Provident Fund, employee state insurance scheme, Pension Fund, etc., are considered as defined contribution plans and are recognised as expenses in the period in which the employee renders the related service.

The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

iii. Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31 March every year using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

q) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

r) Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit/(loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit/(loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

s) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

t) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Notes:

1) Out of the total equity shares, 83,56,30,306 (2020: 67,43,70,306) equity shares are held by Mahindra and Mahindra Ltd., the holding company, Including shares held jointly with nominees.

2) Details of shareholders holding more than 5% equity shares in the Company:

Name of the Shareholder	As at March 31, 2021		As at March 31, 2020	
	Nos	**%**	Nos	%
Mahindra and Mahindra Limited and its nominees*	**835,630,306**	**91.59%**	674,370,306	89.78%
Kotak Mahindra Trustee Limited (Trustee of Kotak India Growth Fund II)	**55,478,722**	**6.08%**	55,478,722	7.39%

* Includes 8 shares (2020: 8 shares) held by nominees jointly with Mahindra and Mahindra Limited

3) Rights, preferences and restrictions attached to shares:

a) Equity Shares:

The company has one class of equity shares having a par value of Rs. 10 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

b) 5% Non-Cumulative Compulsorily Convertible Preference shares (compound financial instruments):

50,00,000, 5% Non-Cumulative Compulsorily Convertible Preference shares (NCCCPS) of Rs.10 each were issued in March 2015 to the holding Company, Mahindra & Mahindra Ltd. The NCCCPS holders will not be entitled to any of the rights and privileges available to the members of the company including the right to receive notices of or to attend and vote at General Meetings or to receive annual reports of the company. The NCCCPS holders shall not have the rights of participation in surplus assets and profits, on winding up which may remain after the entire capital has been repaid. The NCCCPS of

Rs. 10 each shall have a preferential right to payment of divided and repayment, in the case of winding up or repayment of capital. The NCCCPS are convertible in to equity shares within a period of 3 years at a price to be determined as per terms of the issue.

During the year ended 31 March 2018, the company had extended the tenure of preference shares for the period of 3 years. The preference shares shall be compulsorily convertible into equity shares on or before March 30, 2021 at a price/rate which is discount of 18% to the price at which the above mentioned next round of funding happens. The IRR discount of 18% shall be adjusted to the extent of the dividend paid to the NCCCPS holders. In the event of equity infusion does not happen on or before March 30, 2021, then these NCCCPS shall be compulsorily converted into equity shares at par on March 30, 2021.

The said NCCCPS were converted into equity shares at par on March 30, 2021

4A) During previous year ended 31 March 2020, the company has made a rights issue offer of 62,500,000 equity shares of Rs. 10 each for cash at par. The offer period was from 26 August 2019 to 03 September 2019 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, or on receipt of intimation declining the said offer, the Board of Directors may offer such shares to the other existing shareholder of the Company.

The Board of Directors in their meeting held on 09 September 2019, approved the cancellation of the said unsubscribed shares.

4B) During current year the company has made a rights issue offer of 35,000,000 equity shares of Rs. 10 each for cash at par. The offer period was from 27 April 2020 to 11 May 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors offered 3,576,714 unsubscribed shares to other existing shareholder of the Company. At the exipry of this offer period, 15,00,000 equity shares were not subscribed

The Rights Issue Committee of Board of Directors through circular resoltion dated 06 June 2020, approved the cancellation of the said unsubscribed shares.

4C) During current year the company has made a rights issue offer of 2,75,60,000 equity shares of Rs. 10 each for cash at par. The offer period was from 02 June 2020 to 19 June 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, the Rights Issue Committee of the Board of Directors offered 2,816,407 unsubscribed shares to other existing shareholder of the Company.

The Rights Issue Committee of Board of Directors through circular resolution dated 21 July 2020, approved for allotment of 2,75,60,000 equity shares of Rs. 10 each for cash at par.

4D) During current year the company has made a rights issue offer of 110,658,300 equity shares of Rs. 10 each for cash at par. The offer period was from 23 September 2020 to 07 October 2020 (both days inclusive). After the expiry of the time specified in this offer as aforesaid, or on receipt of intimation declining the said offer, the Board of Directors may offer such shares to the other existing shareholder of the Company.

The Rights Issue Committee of Board of Directors through circular resoltion dated 28 October 2020, approved the cancellation of 15,458,300 unsubscribed shares.

5) The Company has not allotted any fully paid equity shares by way of bonus shares nor has bought back any class of equity shares during the period of five years immediately preceding the balance sheet date nor has issued shares for consideration other than cash.

Note 20: Employee benefits

(a) Defined Contribution Plan:

The Company's contribution to Provident Fund and others aggregating Rs. NIL (2020: Rs. NIL) has been recognised in the Statement of Profit or Loss under the head employee benefits expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act, 1972 . The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. However, during the year, the company did not had any eligible employees to whom the gratuity was payable and accordingly, no actuarial valuation was carried out. The receivable from the Gratuity trust of the Company has been recognised in these financial statements under Note 9, as the Company has right to recover the surplus available in the trust.

Cash and cash equivalents	8	–	–	14.27	–	14.27	–	–	–	–
Security deposits	5	–	–	3.60	–	3.60	–	–	–	–
Fixed Deposits	5			293.00		293.00				
Interest accrued on deposits	5			8.98		8.98				
		–	–	19,833.85	–	19,833.85	–	–	–	–
Financial liabilities not measured at fair value										
Borrowings (NCCPS)	12	–	–	–	–	–	–	–	–	–
Trade payables	14	–	–	–	3.92	3.92	–	–	–	–
CCCPS	12	–	–	–	–	–	–	–	–	–
		–	–	–	3.92	3.92	–	–	–	–

The following table shows the carrying amounts and fair values of financial assets and financial liabilities as at 31 March 2020, including their levels in the fair value hierarchy.

Rs in Lakhs

Particulars	Note	Carrying amount					Fair value			
		FVTPL	FVOCI	Other financial assets -amortised cost	Other financial liabilities	Total carrying amount	Level 1	Level 2	Level 3	Total
Financial assets not measured at fair value										
Investments	4			28,000.00		28,000.00				
Cash and cash equivalents	8	–	–	66.20	–	66.20	–	–	–	–
Security deposits	5	–	–	3.60	–	3.60	–	–	–	–
Fixed Deposits	5			122.45		122.45				
Interest accrued on deposits	5			0.22		0.22				
		–	–	28,192.47	–	28,192.47	–	–	–	–
Financial liabilities not measured at fair value										
Borrowings (NCCPS)	12	–	–	–	500.00	500.00	–	–	–	–
Trade payables	14	–	–	–	8.90	8.90	–	–	–	–
CCCPS	12	–	–	–	–	–	–	–	–	–
		–	–	–	508.90	508.90	–	–	–	–

The fair value of cash and cash equivalents, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value.

Investment in equity shares of subsidiaries are not appearing as financial asset in the table above being investment in subsidiaries accounted under Ind AS 27, Separate Financial Statements which is scoped out under Ind AS 109.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise NCCPs, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, other receivables, deposits and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

– Market risk

– Credit risk

– Liquidity risk

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at 31 March 2021 and 31 March 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2021 and 31 March 2020.

a. Interest rate risk

The company doesn't have borrowings. Hence interest rate risk is not applicable.

b. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's does not have any exposure to the risk of changes in foreign exchange rates as there are no operations being carried out (revenue or expense is denominated in a foreign currency) by the company.

c. Foreign currency sensitivity

The company doesn't have any foreign currency exposure outstanding as at balance sheet date. Hence foreign currency sensitivity risk is not applicable.

(ii) Credit risk

Company does not have any operations and hence credit risk is not applicable.

Financial Instrument and Cash Deposit

Credit risk from balances with banks and financial institutions is managed by the Company's operation department in accordance with the Company's policy. Investments of surplus funds are made only with approved Banks within the limits assigned. These limits are reviewed by the Company's Board of Directors as and when required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss and potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31st March 2021 and 2020 is the carrying amounts.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs in lakhs

	On demand	Less than 1 year	1 to 2 Year	2 to 5 year	More than 5 Years	Total
Year ended '31 March 2021						
Borrowings (NCCPS)	–	–	–	–	–	–
Trade payables	–	3.92	–	–	–	3.92
	–	**3.92**	**–**	**–**		**3.92**
Year ended '31 March 2020						
Borrowings (NCCPS)	–	500.00	–	–	–	500.00
Trade payables	–	8.90	–	–	–	8.90
	–	**508.90**	**–**	**–**	**–**	**508.90**

D Capital management:

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity and profit and loss account as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. The Company is not subject to externally enforced capital regulation. The Company's capital requirements are substantially met through the issue of equity to the holding companies.

There is no change in the overall capital risk management strategy of the Company compared to last year.

23. Contingent liabilities:

(a) Corporate Guarantees issued in respect of borrowings availed by subsidiary company – Rs. 9,500 Lakhs (2020: Rs. 9,500 Lakhs)

(b) The Company has committed financial support to GippsAero Pty Ltd and Mahindra Aerospace Australia Pty Ltd (collectively, the 'GippsAero Group'), for 12 months from the signing of their 31 March 2020 audited financial statements, stating that the following:

Company will not call in any amounts provided to the GippsAero Group prior to the expiration of the period of support, other than as required in the normal course of business or as required by appropriate and applicable exchange control or other Indian regulatory requirements.

The Company will provide an appropriate level of support to GippsAero Group to meet its liabilities and obligations as and when they fall due set out in budgeted forecasts under the approved business plan for the period of support and that are incurred in the normal course of business.

(c) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 0.30 Lakhs has been considered by the Company as contingent liability.

(d) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs.Nil (2020: Rs. Nil)

Note: The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

24. Earnings per share

Basic earnings per share amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

Rs in Lakhs

Sr. No.	Particulars	March 2021	March 2020
(a)	Earnings attributable to equity shareholders	**(24,033.38)**	(31,937.70)
(b)	Weighted average number of equity shares outstanding during the year	**837,239,580**	724,170,712
(c)	Basic Earnings per share (Rs.)	**(2.87)**	(4.41)
(d)	Diluted Earnings per share (Rs.)	**(2.87)**	(4.41)

Weighted average no of shares (basic & diluted)

Sr. No.	Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
(a)	Opening Balance	**751,129,607**	689,629,627
(b)	Effect of fresh issue of shares	**86,109,973**	34,541,085
(c)	Weighted average no of shares	**837,239,580**	724,170,712

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**837,239,580**	724,170,712
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**837,239,580**	724,170,712

25. Dues to micro and small enterprises

There are no micro and small enterprises to which the Company owes dues, which are outstanding for more than 45 days as at 31 March, 2021. This information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

26. NM5 Project

During November 2008, erstwhile M/S. Plexion Technologies India Pvt. Ltd., which was later on merged with Mahindra Engineering Services Limited (MESL), had entered into a Collaboration Agreement with Council of Scientific

Industrial Research (CSIR), represented by National Aerospace Laboratories (NAL) for Joint Development, Commercial Production and Marketing of a 4-Seater Aircraft (NM 5 Project). By virtue of a Deed of Assignment dated 28th May, 2008, signed between MESL, the Company and Council of Scientific Industrial Research (CSIR), the rights, obligations and benefits of MESL under the said Collaboration Agreement was assigned to the Company by MESL and duly affirmed by CSIR. As per the Collaboration Agreement, the Company jointly owns the Intellectual Property Rights arising from joint development of the aircraft. Such Intellectual Property Rights arising from joint development of the aircraft will be a jointly held intangible asset. The Company has built a prototype of the aircraft which has carried out a successful test flight.

The Company had so far incurred an expenditure of Rs. 274.63 Lakhs (till 2020 : Rs. 274.63 Lakhs) on tools and jigs and Rs. 2,098.63 Lakhs (till 2020 : Rs. 2,098.63 Lakhs) towards the design & development and building one prototype aircraft and these are included under 'Capital work in progress' and 'Intangible assets under development' respectively.

The Management has evaluated the carrying value of above mentioned assets based on the projections of the project and recognized a cumulative impairment of Rs. 2,373.26 Lakhs (till 2020: Rs. 2,373.26 Lakhs)

27. The Company's Management assesses the operations of the subsidiaries, including the future projections, to identify indications of diminution, other than temporary, in the value of the investments recorded in the books of account. The Company based on market conditions and business projections, assessed the recoverable amount for investment in Mahindra Aerospace Australia PTY Ltd (wholly owned subsidiary in Australia) and Mahindra Aerostructures Limited, which individually represents cash generating unit (CGU).

Accordingly during the year ended March 31, 2021, the Company recognised a provision of Rs. 12,011.03 Lakhs (2020: Rs. 28,966.67 Lakhs) for diminution in value of investment in Mahindra Aerospace Australia PTY Ltd, resulting entire investment to be fully impaired and Rs 12,050 Lakhs (2020: Rs 2,800 Lakhs) in value of investment in Mahindra Aerostructures Private Limited, both being 100% subsidiary of the company.

During the year, the Board of Directors of Company's subsidiary Mahindra Aerospace Pty Ltd approved appointment of Advisors for sale of entire 100% equity ownership and/or sale of all assets or business of/or shares of Mahindra Aerospace Australia Pty Ltd and its Subsidiaries namely - GippsAero Pty Ltd., Airvan10 Pty Ltd., GA8 Airvan Pty Ltd., GA200 Pty Ltd., Airvan Flight Services Pty Ltd and Nomad TC Pty Ltd

28. Segment Reporting:

The Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. Accordingly, segment information has been presented for industry classes.

The operating segment of the Company is identified to be " design, development and manufacturing of aircrafts and Aerostructures" as the CODM reviews business performance at an overall Company level as one segment.

Note 29 Income taxes

The Company has carried out its deferred tax computation in accordance with Ind AS 12 'Income Taxes' notified under the Companies (Indian Accounting Standards) Rules, 2015.

Significant components & classification of deferred tax assets and liabilities are as follows:

Particulars	**As at March 31, 2021**	As at March 31, 2020
Deferred tax liabilities		
Related to depreciation of fixed assets	**1.31**	1.54
Total deferred tax liability (a)	**1.31**	1.54
Deferred tax assets		
Provision for diminution of Investments	**25,703.67**	19,447.81
Provision for service tax credit and others	**36.87**	36.87
Provision for goods and service tax input credit	**9.55**	9.55
Carry forward losses	**1.16**	1.16
Others	**0.23**	0.23
Total deferred tax assets (b)	**25,751.49**	19,495.62
Net deferred tax assets/(liabilities) (b-a)	**25,750.18**	19,494.08

Having regard to the accumulated losses, the Company has not recognised the net deferred tax assets in the absence of reasonable certainty at this stage that there will be sufficient future taxable income available to realize such assets.

(a) Amount reocognised in statement of profit and loss

Particulars	**For the year ended March 31, 2021**	For the year ended March 31, 2020
Current Tax	**9.00**	5.75
Deferred tax	**–**	–

(b) Reconciliation of effective tax rate

Particulars	**As at March 31, 2021**		As at March 31, 2020	
Profit/(loss) before tax		**(24,023.46)**		(31,877.06)
Income tax expense calculated at domestic tax rates applicable to profits	**26.00%**	**(6,246.10)**	26.00%	(8,288.04)
Tax effects of:				
Permanent difference	**0.00%**	**–**	-0.70%	21.05
Carry forward losses lapsed during the year	**0.00%**	**–**	0.00%	**–**
Change in tax rate impact	**0.00%**	**–**	0.00%	**–**
Others	**0.04%**	**(10.00)**	0.00%	(0.02)
Deferred tax asset not recognised in statement of profit and loss		**(6,256.10)**		(8,267.00)
Income tax expense		**9.00**		5.75
Effective tax rate		**26.00%**		25.92%

(c) Tax losses

Particulars	**March 31, 2021**	**Expiry date**	March 31, 2020	Expiry date
Loss from business	**4.47**	**31 March 2025**	4.47	31 March 2025
Total	**4.47**		4.47	
Potential tax benefit	**1.16**		1.16	

30. The Company has incurred significant losses in current and earlier years. Basis the continued financial support provided by the shareholders, the use of going concern assumption has been considered appropriate in preparation of financial statements of the company.

31. In view of pandemic relating to COVID-19, the company has considered internal and external information and has performed sensitivity analysis based on current estimates in assessing the recoverability of receivables and other assets. The company has also assessed the impact of this whole situation on its capital and financial resources, profitability, liquidity position, internal financial reporting controls etc. and is of the view that based on its present assessment, this situation does not materially impact the financial result as on 31 March 2021. However, the actual impact of COVID-19 on the company's financial statements, in future may differ from that estimated and the company will continue to closely monitor any material changes to future economic conditions.

32. In the view of the losses for the three immediately preceding financial years, the Company is not required to spend any amount on CSR activities during the current financial year.

33. During the year ended 31 March 2021, no material foreseeable loss (2020: Nil) was incurred for any long-term contract including derivative contracts.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Aerostructures Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Aerostructures Private Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as Financial Statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether

the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

   (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid financial statements comply with the specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its financial statements - Refer Note 30 to the financial statements;

   ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

   iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

   (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

With reference to the Annexure A referred to in the Independent Auditor's Report to the members of the Company on the financial statements for the year ended 31 March 2021, we report the following:

(i) (a) The Company has maintained proper records showing full, including quantitative details and situation of property, plant and equipment.

(b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its property, plant and equipment, by which all property, plant and equipment are verified once in a year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, property, plant and equipment were physically verified during the year and no material discrepancies were noticed on such verification. The discrepancies noticed on such verification have been properly adjusted in the books of account.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, with respect to immovable property taken on lease, the lease agreement are in the name of the Company.

(ii) The inventory, except goods-in-transit, has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stock and the book records were not material and have been properly dealt with in the books of account

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has not granted any loans or made investments, to parties covered under the register of sections 185 and 186 of the Act. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.

(v) The Company has not accepted any deposits from the public within the meaning of the directives issued by the Reserve Bank of India, provisions of Section 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 in respect of certain products manufactured by the Company. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' State Insurance, Income-tax, Goods and Service tax, duty of Customs, Cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of duty of excise, sales tax, service tax and value added taxes.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' State Insurance, Income-tax, Goods and Service tax, duty of Customs, Cess and other material statutory dues were in arrears as at 31 March 2021, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of Income tax, Sales tax, Goods and Service tax, Value added tax, Service tax, duty of Customs and duty of excise which have not been deposited by the Company on account of disputes, except for the following:

Name of the Statute	Nature of the Dues	Amount Rs. in lakhs	Period	Forum where dispute is pending
Custom duty	Custom Duty and Penalty	2,598.85 (232.14) *	AY 2014-2015	Custom, Excise and Service Tax Appellate Tribunal, Chennai
Custom duty	Custom Duty (excluding interest)	41.36 (45.33)*	AY 2014-2015	Joint Commissioner of Customs, Chennai
Income Tax Act 1961	Income Tax	99.88**	AY 2012-13	Income-tax Appellate Tribunal, Mumbai
Income Tax Act 1961	Income Tax	61.24**	AY 2013-14	Commissioner of Income Tax (Appeals), Mumbai
Income Tax Act 1961	Income Tax	644.15**	AY 2014-15	Commissioner of Income Tax (Appeals), Mumbai

* The amount in parenthesis represent the payment made under protest.

** Represents the additions made to the taxable income of the Company by the tax authorities which have been disputed by the Company. No demand has been raised by the tax authorities as any additions to the income will be adjusted against the brought forward losses and unabsorbed depreciation. The Company has decided to opt for dispute resolution scheme under the Vivad Se Vishwas Act, 2020 ('the VSV Act').

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of borrowings to banks. The Company did not have any outstanding loans or borrowings from financial institution and government and there are no dues to debenture holders during the year.

(ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. In our opinion and according to the information and explanations given to us, the term loans have been applied for the purpose for which they were obtained.

(x) According to the information and explanations given to us, no fraud on the Company by its officers and employees or fraud by the Company has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us and based on examination of the records of the Company, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

(xii) According to the information and explanations given to us, in our opinion, the Company is not a Nidhi Company as prescribed under Section 406 of the Act.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with 188 of the Act, where applicable, and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards. According to the information and explanations given to us, we understand that the provisions of Section 177 to the Act are not applicable to the Company.

(xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanation given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA AEROSTRUCTURES PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph (1A(F)) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Aerostructures Private Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Meaning of Internal Financial controls with Reference to Financial Statements

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. Corporate Information

Mahindra Aerostructures Private Limited (the 'Company') is a company domiciled in India, with its registered office situated at Mahindra Towers, P. K. Kurne Chowk, Worli, Mumbai – 400 018. The Company was incorporated on January 27, 2011 under the provisions of the Indian Companies Act, 1956. The Company is primarily involved in the business of manufacture and sale of aircraft components, assemblies and Aerostructures.

2. Basis of preparation and Significant accounting policies:

2.1 Basis of preparation

A. Statement of compliance

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended and notified under section 133 of the Companies Act, 2013 (The 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 27 April 2021.

Details of the Company's accounting policies are included in Note 2.2

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3A – leases: whether an arrangement contains a lease and lease classification

Assumptions and estimation uncertainties:

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 is included in the following notes:

Note 27 – measurement of defined benefit obligations: key actuarial assumptions; key actuarial assumptions;

Note 30 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 36 – recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;

Note 3 – useful life of property, plant and equipment

Notes 7, 8 and 10 – impairment of financial assets.

E. Measurement of fair values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Further information about the assumptions made in the measuring fair values is included in the following notes:

- Note 29 - financial instruments.

2.2 Significant accounting policies

a) Property Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment, are measured at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value using straight line method over the useful lives of assets estimated by the Company based on an internal technical evaluation performed by the management and is recognised in the statement of profit and loss. Depreciation for assets purchased / sold during the period is proportionately charged.

The range of estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life
Factory Buildings – Roads, Compound Wall*	5 years to 30 years
Plant and Machinery*	2 years, 3 years, 5 years, 10 years and 15 years
Electrical Installations	10 years
Office Equipment's	3 years, 5 years and 10 years
Computers	3 years
Furniture and Fixtures	10 years
Vehicles	5 years

* The Company believes the useful lives as given above best represent the useful lives of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

b) Intangible Assets

Internally generated: Research and development

Expenditure on research activities is recognised in the Statement of Profit and Loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others:

Other intangible assets including those acquired by the Company in a business combination are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Amortisation:

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight - line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives are as follows:

Asset	Useful life
Computer software	3-5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

c) Impairment of assets

i. Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

ii. Non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognised in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

d) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospectively, with the cumulative effect of initially applying the Standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company has not restated the comparative information.

As a lessee:

For transition, the Company has elected not to apply the requirements of Ind AS 116 leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

The difference between the future minimum lease rental commitments towards non-cancellable operating leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to inclusion of present value of the lease payments for the cancellable term of the leases, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 to which the Company has chosen to apply the practical expedient as per the standard.

e) Inventories

Inventories are valued at the lower of cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

The provision for inventory obsolescence is assessed regularly based on estimated usage and shelf life of products.

Raw materials and stores and spares are valued at cost computed on moving weighted average basis. The cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.

Stock-in-trade is valued at the lower of net realisable value and cost (including prime cost, non-refundable taxes and duties and other overheads incurred in bringing the inventories to their present location and condition), computed on a moving weighted average basis.

Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Finished goods are valued at cost or net realisable value whichever is lower.

f) Financial Instruments

A. Recognition and initial measurement

The Company initially recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. .

B. Classification and subsequent measurement

i. Financial assets carried at amortized cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial assets are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and a new financial liability with modified terms is recognised in the Statement of Profit and Loss.

D. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or realise the asset and settle the liability simultaneously.

g) Revenue Recognition

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e .April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The adoption of the standard did not have any material impact to the financial statements of the Company.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation a cumulative adjustment is accounted for.

Product development income is recognized once the first articles are approved by the customers or achievement of mile stones as per customer contract.

Job work Income: Revenue from the rendering of services is recognised upon the delivery of service to the customers. In contracts involving the rendering of services, revenue is recognised pro-rata over the period contract as and when services are rendered.

h) Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the Statement of Profit and Loss. Duty drawback and other incentives are recognized on accrual basis in the Statement of Profit and Loss.

i) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

ii. Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction.
- temporary differences related to investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax assets recognised or unrecognised are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The Company offsets, the current tax assets and liabilities (on a year on year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

j) Foreign currencies:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

k) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate.

l) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in Statement of profit or loss in the period in which they are incurred.

m) Provisions and contingent liabilities

i. General:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities:

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii Onerous contracts:

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

n) Segment reporting

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Director - Operations.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

o) Employee benefits

i. Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service.

ii. Post-employment benefits

Contributions to defined contribution schemes such as Provident Fund, employee state insurance scheme, Pension Fund, etc., are considered as defined contribution plans and are recognised as expenses in the period in which the employee renders the related service.

The Company also provides for post-employment defined benefit in the form of gratuity and medical benefits. The cost of providing benefit is determined using the projected unit credit method, with actuarial valuation being carried out at each balance sheet date. Remeasurement of the net benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interests) and the effect of the assets ceiling (if any, excluding interest) are recognised in other comprehensive income. The effect of any plan amendments are recognised in net profit in the Statement of Profit and Loss.

iii. Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at 31 March every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

p) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

q) Earnings per share

Basic Earnings Per Share ('EPS') is computed by dividing the net profit / (loss) attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit / (loss) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented in case of share splits.

r) Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

s) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Note 27: Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and others aggregating Rs. 94.09 lakhs (2020 : Rs. 99.23 lakhs) has been recognised in the Statement of Profit or Loss under the head employee benefits expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit is payable as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Plan Assets:

The details with respect to the investment made by Fund manager (Life Insurance Corporation) into major categories of plan assets have not been disclosed, as the same has not been provided by the Fund manager to the Company.

Actuarial Assumptions:

The principal assumptions used in determining defined benefit obligations and fair value of asset for gratuity and leave encashment are:

Particulars	31-Mar-21	31-Mar-20
Discount rate	**7.19%**	6.59%
Future salary increases	**6.00%**	6.00%
Attrition rate	**11.12%**	11.12%
Estimated rate of return on plan assets	**7.19%**	6.59%
Mortality	Indian Assured Lives Mortality (2012-14) (Ultimate)	Indian Assured Lives Mortality (2012-14) (Ultimate)

A quantitative Sensitivity analysis for significant assumption as at 31 March 2021 are as below

	Gratuity						
Assumptions	**Discount Rate**		**Further Salary Increase**		**Attrition**		**Mortality**
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs.in Lakhs)	(14.00)	16.50	16.11	(13.86)	0.36	(0.48)	0.010
Percentage change	(8.72%)	10.28%	10.04%	(8.63%)	0.23%	(0.30%)	0.01%

A quantitative Sensitivity analysis for significant assumption as at 31 March 2020 are as below

	Gratuity						
Assumptions	**Discount Rate**		**Further Salary Increase**		**Attrition**		**Mortality**
Sensitivity Level	1% Increase	1% Decrease	1% Increase	1% Decrease	1% Increase	1% Decrease	10% Up
Impact on defined benefit obligation - Gratuity (Rs.in Lakhs)	(13.26)	15.74	15.31	(13.10)	(0.64)	0.62	0.0043
Percentage change	(9.55%)	11.33%	11.02%	(9.43%)	(0.46%)	0.45%	0.00%

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions by the Company to the defined benefit plan in future years:

		Rs. In lakhs
	Gratuity	
Particulars	**31-Mar-21**	31-Mar-20
Within the next 12 months	**9.20**	5.86
Between 2 and 5 years	**38.25**	24.53
Between 6 and 10 years	**34.12**	23.19

Other financial liabilities	**42.06**	**42.06**	16.75	16.75	–	–	–	–

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of cash and cash equivalents, trade receivables, loans, bank balance other than cash and cash equivalents, borrowings, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's long-term debt has been contracted at market rates of interest. Accordingly, the carrying value of such long-term debt approximates fair value. Based on this evaluation, the Company records allowance for estimated losses on these receivables. As of March 31, 2021 and March 31, 2020, the carrying value of such receivables, net of allowances approximates the fair value.

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

B Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework. The Company's management oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

C Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:
- Market risk
- Credit risk
- Liquidity risk

The note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings. The sensitivity analyses in the following sections relate to the position as at 31 March 2021 and 31 March 2020. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies. The analyses exclude the impact of movement in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2021 and 31 March 2020.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

b. Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Average Interest Rate	Increase/ decrease in base points	Effect of profit before tax
March 31, 2021			
Interest Rates increased by 50 bps	1.38%	+50	Increase in interest by Rs. 3.02 Lakhs
Interest Rates reduced by 50 bps	1.38%	-50	Reduction in interest by Rs. 3.02 Lakhs
March 31, 2020			
Interest Rates increased by 50 bps	9.80%	+50	Increase in interest by Rs. 6.69 Lakhs
Interest Rates reduced by 50 bps	9.80%	-50	Reduction in interest by Rs. 6.69 Lakhs

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

c. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

d. Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, GBP, AUD ,EUR and SGD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The Company's exposure to foreign currency changes for all other currencies are not material.

Rs. In lakhs

	31-Mar-21		31-Mar-20	
Particulars	**Increase / decrease in basis points**	**Effect on profit before tax**	Increase / decrease in basis points	Effect on profit before tax-
AUD	**+50**	**–**	+50	–
EUR	**+50**	**0.78**	+50	(0.46)
GBP	**+50**	**(0.03)**	+50	(0.00)
USD	**+50**	**9.63**	+50	11.29
SGD	**+50**	**(0.01)**	+50	0.02
AUD	**-50**	**–**	-50	–
EUR	**-50**	**(0.78)**	-50	0.46
GBP	**-50**	**0.03**	-50	0.00
USD	**-50**	**(9.63)**	-50	(11.29)
SGD	**-50**	**0.01**	-50	(0.02)

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in US dollars, where the functional currency of the entity is a currency other than US dollars.

(ii) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

a. Trade Receivable

Trade Receivables: The credit period on sales ranges between 30 to 120 days. No interest is charged on trade receivables. The company's customers are reputed Aerospace industry companies having good financial position and there is no past default experience of the counter parties. Trade receivables disclosed below includes the amounts that are past due at the end of the reporting period for which the company has not recognised an allowance for doubtful debts because there has not been a significant change in credit quality and amounts are still considered recoverable.

Rs. In lakhs

Particulars	**31-Mar-21**	31-Mar-20

181-360 days	**–**	–
> 360 days	**–**	–
Total	**1,823.07**	1,927.36

Information about major customers:

Revenue from single external customer is approximately Rs. 1,572.51 lakhs (2020: Rs. 2,587.84 lakhs) representing 24% (2020: 30%) of Company's total revenue from operations for the year ended 31 March 2021. Receivables from single external customer is approximately Rs. 373.15 Lakhs (2020: Rs. 452.13 Lakhs) representing 20% (2020: 23%) of Company's total receivables as at 31 March 2021. Apart from the aforesaid single customer, the Company does not have a significant credit risk exposure to any other single counterparty.

(iii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

Table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

Rs. In lakhs

	On demand	**Less than 1 year**	**1 to 2 Year**	**2 to 5 year**	**More than 5 Years**	**Total**
Year ended 31 March 2021						
Borrowings	**1,289.49**	**–**	**–**	**–**	**–**	**1,289.49**

Other financial liabilities	–	16.75	–	–	–	16.75
	565.06	904.50	–	–	–	1,469.56

Financial assets carried at amortised cost as at March 31, 2021 is Rs. 4,577.48 Lakhs. (2020: Rs. 2,095.65 Lakhs) carried at amortised cost is in the form of cash and cash equivalents, bank deposits, earmarked balances with banks, security deposits etc. where the Company has assessed the counterparty credit risk. Trade receivables of Rs. 1,823.07 Lakhs as at March 31, 2021 forms a significant part of the financial assets carried at amortised cost which is valued considering provision for allowance using expected credit loss method (if any). In addition to the historical pattern of credit loss, we have considered the likelihood of increased credit risk and consequential default considering emerging situations due to COVID-19. This assessment is not based on any mathematical model but an assessment considering the impact immediately seen in the demand outlook and the financial strength of the customers in respect of whom amounts are receivable. The Company has specifically evaluated the potential impact with respect to Aerospace Sector. The Company closely monitors its customers who are being impacted.

Basis this assessment, the Management believes Company is not required to provide for doubtful trade receivables as at March 31, 2021.

D Capital management

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

		Rs. In lakhs	% change
	31 March 2021	31 March 2020	
Total equity (A)	**17,912.32**	16,636.91	7.67
Current loans and borrowings	**1,289.49**	565.06	
Non current loans and borrowings	**–**	–	
Current maturities of long-term loans	**–**	–	
Total loans and borrowings (B)	**1,289.49**	565.06	128.20
Total capital (loans and borrowings and equity) (C)	**19,201.81**	17,201.97	
As percentage of total capital (B/C)	**6.72**	3.28	
Total loans and borrowings as percentage of Total equity (B/A)	**7.20**	3.40	

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Ultimate Holding/ Parent company will provide financial support in the future to enable them to settle their obligation as and when they fall due and operate as a going concern.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020.

30. Commitments and contingent liabilities

a) The Company entered into a lease-cum-sale agreement ('Agreement') for a period of 10 years with KIADB for 20 acres of land allotted in Narasapura Industrial area, Kolar District, Karnataka, for the setting up of aerospace component manufacturing facility. The title of the land will be transferred to the Company during the current lease term or at the end of 10 year or extended period, if any, after fulfilling all conditions stipulated in the said Agreement.

During the year ended March 31, 2012, the company incurred Rs. 870.51 Lakhs towards allotment consideration and other related expenses in connection with the said lease-cum-sale agreement. The said amount is disclosed under non-current assets.

As per the agreement, an amount of Rs. 134.00 lakhs is payable to KIADB towards implementation of water supply scheme. However, during 2015 the KIADB raised a demand for Rs. 410.00 lakhs i.e. an increase of Rs. 276.00 lakhs. The Company disputed the amount and the same is pending with KIADB.

b) The estimated amount of contracts remaining to be executed on Capital account and not provided for Rs. 176.01 lakhs (2020: Rs. 174.62 lakhs)

c) Customs duty and penalty of Rs. 2,598.85 lakhs (2020: 2,598.85 lakhs) along with the applicable interest payable against the order issued by the Commissioner of Customs in the matter of import of certain pre-owned equipment. The Company has filed an appeal and the same is pending with the CESTAT.

d) Customs duty of Rs. 41.36 lakhs along with the applicable interest (2020: Rs. 41.36 lakhs) payable against the Demand Cum show cause notice issued by the Directorate of Revenue Intelligence in the matter of certain imports relating to installation of certain equipment, for which the company has submitted reply and the same is pending with Joint Commissioner of Customs.

e) In February 2019, Supreme Court of India in its judgement clarified that certain special allowances should be considered to measure obligation under Employees Provident Fund Act, 1952. The company has been legally advised that there are interpretive challenges on the application of judgement retrospectively and as such does not consider there any probable obligations for past periods. Accordingly, based on legal advice the company has made provision for provident fund contribution form the date of Supreme court order. The probable obligation for past periods amounting to Rs. 83.75 Lakhs has been considered by the Company as contingent liability.

Note: The Company is contesting the demands and the management believes that its position will likely be upheld in the various appellate authorities/courts and the ultimate outcome will not have a material adverse effect on the Company's financial position and results of operations.

31. Dues to micro and small enterprises

The information as required under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company. This information has been relied upon by the Auditors. The disclosures relating to Micro, Small and Medium Enterprises as at March 31, 2021 are as under: -

			Rs. in Lakhs
Sr. No.	**Particulars**	**2020-20**	2019-19
A	The principal amount remaining unpaid to supplier as at the end of the year	115.76	25.69
B	The interest due thereon remaining unpaid to supplier as at the end of the year	0.42	0.01
C	Interest paid in terms of Section 16 of the Act along with the amount of payment made to the supplier beyond the appointed day during the year		
	- Principal paid beyond the appointed date	625.56	536.69
	- Interest paid in terms of the Section 16 of the Act	9.85	–
D	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under this Act	–	–
E	Further interest due and payable even in the succeeding year, until such date when the interest due as above are actually paid to the small enterprises	13.04	20.64
F	The amount of interest accrued during the year and remaining unpaid at the end of the year	2.25	3.36

32. Earnings Per Share:

Basic earnings per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of Equity Shares outstanding during the year.

			Rs. in Lakhs
Sr. No.	**Particulars**	**31-Mar-21**	31-Mar-20
(a)	Earnings attributable to equity shareholders	**(2,296.77)**	(861.65)
(b)	Weighted average number of equity shares outstanding during the year	**456,939,726**	415,544,932
(c)	Basic Earnings per share (Rs.)	**(0.50)**	(0.21)
(d)	Dilutive Earnings per share (Rs.)	**(0.50)**	(0.21)

Weighted average no of shares (basic & diluted)

			Rs. In lakhs
	Particulars	**For the year ended 31 March 2021**	For the year ended 31 March 2020
(a)	Opening Balance	**428,860,000**	398,860,000
(b)	Effect of fresh issue of shares	**28,079,726**	16,684,932
(c)	Weighted average no of shares	**456,939,726**	415,544,932

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings/(loss) per share as follows:

Rs. In lakhs

Particulars	**For the year ended 31 March 2021**	For the year ended 31 March 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**456,939,726**	415,544,932
Add: Effect of potential equity shares	**–**	–
Weighted average number of equity shares used in the calculation of Diluted EPS	**456,939,726**	415,544,932

33. During the year, management has carried out technical evaluation of certain Plant and machinery which are specialized equipments used for specific purposes. Based on such evaluation, management noted that these assets are not likely to be used due to capability limitations and are not expected to generate any future economic benefits to the Company. Management has performed a cost benefit analysis and identified that the refurbishing cost to bring these assets into use is significantly higher as compared to replacement cost of new assets. Accordingly, management has decided to charge accelerated depreciation of INR 570.30 Lakhs in the current year, resulting in the closing written down value of such asset to be Nil.

34. **Segment Reporting:**

The Company primarily operates in the aerospace segment. The Activities of the Company includes "Sale of aircraft components and sub assemblies".

The Managing Director & CEO of the Company, who has been identified as being the chief operating decision maker (CODM), evaluates the Company's performance, allocate resources based on the analysis of the various performance indicator of the Company as a single unit.

Therefore, based on the guiding principles given in Ind AS 108 on 'Operating Segments', the Company's business activity fall within a single operating segment, namely aerospace segment . Accordingly, the disclosure requirements of Ind AS 108 are not applicable.

Entity wide disclosure details as per Ind AS 108 on Operating segments are given below:

Revenue from Operations

	Domestic	**Overseas**	**Total**
2020-21	**172.00**	**6,481.57**	**6,653.57**
2019-20	204.00	8,568.33	8,772.33

a) Domestic & Overseas segments include Component sales, job work services and product development income to customers located in India & Out side India

b) There are no assets located outside India.

c) Customers contributing 10% or more of Company's revenue (4 customers amounting to Rs 4,903.82 Lakhs in 2020-21 and 4 customers amounting to Rs 7,107.11 Lakhs in 2019-20)

34A. Due to the transition method chosen in applying Ind AS 115, comparative information has not been restated to reflect the new requirements.:

A. Revenue streams:

The Company is primarily involved in manufacturing and sale of aircraft components, assemblies and aerostructures. Other sources of revenue include income from Job work services, trading of goods, government grants and incentives and scrap sales.

Particulars	**For the year ended 31 March 2021**	For the year ended 31 March 2020
Sale of goods and services	**6,653.57**	8,772.33
Other operating revenue	**243.09**	313.66
Total revenue	**6,896.66**	9,085.99

B. Disaggregation of revenue from contracts with customers:

In the following table, revenue from contracts with customers is disaggregated by primary geographical market

Rs. In lakhs

Particulars	**For the year ended 31 March 2021**	For the year ended 31 March 2020
India	**172.00**	204.00
Others	**6,481.57**	8,568.33
Total revenue	**6,653.57**	8,772.33

Impact of COVID-19

While the Company believes strongly that it has a rich portfolio of capabilities to partner with customers, the impact on future revenue streams could come from

- Reduction in customer requirement arising from overall reduction from Aerospace sector

The Company has assessed that customers in Manufacturing verticals are more prone to immediate impact due to disruption in supply chain and drop in demand. The Company has considered such impact to the extent known and available currently. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration.

The Company has taken steps to assess the cost budgets required to complete its performance obligations in respect of contracts and have noted that there is no significant impact of likely delays / increased cost in meetings its obligations as at 31 March 2021. The Company has also assessed the impact of any delays and inability to meet contractual commitments and has taken actions such as engaging with the customers to agree on revised SLAs in light of current crisis, invoking of force-majeure clause etc., to ensure that revenue recognition in such cases reflect realisable values.

35. The Company has incurred losses in current and earlier years. The Company expects growth in its operations in coming years and is taking measures to improve its operational efficiency. Basis the continued financial support provided by the shareholders, undrawn borrowing facilities from the banks and cash flow projections, the use of going concern assumption has been considered appropriate in preparation of financial statements of the company. The Company's current assets exceed its current liabilities as at 31 March 2021.

Note 36: Income taxes

The Company has carried out its deferred tax computation in accordance with Ind AS 12 'Income Taxes' notified under the Companies (Indian Accounting Standards) Rules, 2015.

Significant components & classification of deferred tax assets and liabilities are as follows:

Rs. In lakhs

Particulars	**As at March 31, 2021**	As at March 31, 2020
Deferred tax liabilities		
Related to depreciation of fixed assets	**626.29**	768.07
Total deferred tax liability (a)	**626.29**	768.07
Deferred tax assets		
Provision for gratuity	**3.65**	8.64
Provision for leave encashment	**26.16**	22.85

Rs. In lakhs

Particulars	As at March 31, 2021	As at March 31, 2020
Provision for inventory	**49.95**	61.10

37. The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under Sections 92-92F of the Income-tax Act. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international as well as specified domestic transactions entered into with the associated enterprise during the financial year and expects such records to be in existence latest by the end of the stipulated timeline, as required by law. The Management is of the opinion that its international as well as specified domestic transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

38. As the Company has losses in the earlier years provision of corporate social responsibility as per Companies Act, 2013 was not applicable.

39. During the year ended 31 March 2021, no material foreseeable loss (2020: Nil) was incurred for any long-term contract including derivative contracts.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MAHINDRA AEROSPACE AUSTRALIA PTY LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report of Mahindra Aerospace Australia Pty Ltd, "the Company", which comprises the statement of financial position as at 31 March 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Mahindra Aerospace Australia Pty Ltd, is in accordance with the *Corporations Act 2001*, including:

(a) giving a true and fair view of the Company's financial position as at 31 March 2021 and of its financial performance for the year then ended; and

(b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* "the Code" that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist Mahindra Aerospace Australia Pty Ltd to meet the requirements of *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty

exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S INDEPENDENCE DECLARATION

TO THE DIRECTORS OF MAHINDRA AEROSPACE AUSTRALIA PTY LTD

In relation to the independent audit for the year ended 31 March 2021, to the best of my knowledge and belief there have been:

(i) no contraventions of the auditor independence requirements of the *Corporations Act 2001;* and

(ii) no contraventions of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards).*

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Accordingly, this financial report is a special purpose financial report, which has been prepared to satisfy the financial reporting requirements of the *Corporations Act 2001*.

The financial report covers Mahindra Aerospace Australia Pty Ltd as an individual entity. Mahindra Aerospace Australia Pty Ltd is a company limited by shares, incorporated and domiciled in Australia. Mahindra Aerospace Australia Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the *Corporations Act 2001*, the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of:

AASB 101: Presentation of Financial Statements

AASB 107: Statement of Cash Flows

AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

Significant accounting estimates and judgements

The preparation of the financial report requires the use of certain estimates and judgements in applying the company's accounting policies. Those estimates and judgements significant to the financial report are disclosed in Note 2 to the financial statements.

(b) Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The company incurred a loss from ordinary activities of $17,134,898 (2019: $57,576,481 loss) during the year ended 31 March 2021.

(c) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks.

(d) Investments in subsidiaries

Non-current investments are recorded at cost. The carrying amount of the investments is reviewed annually by directors to ensure it is not in excess of the recoverable amount of these investments.

(e) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs to sell and value in use (where 'value in use' is determined as the present value of the future cash flows expected to be derived from an asset or cash-generating unit).

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is measured at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and is recognised in other comprehensive income to the extent that it does not exceed the amount in the revaluation surplus for the same asset. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

A reversal of an impairment loss for an asset measured at cost is recognised in profit or loss. A reversal of an impairment loss for an asset measured at a revalued amount is treated as a revaluation increase and is recognised in other comprehensive income, except to the extent that an impairment loss on the same asset was previously recognised in profit or loss, in which case a reversal of that impairment loss is also recognised in profit or loss.

(f) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current period disclosures.

NOTE 2: SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

Certain accounting estimates include assumptions concerning the future, which, by definition, will seldom represent actual results. Estimates and assumptions based on future events have a significant inherent risk, and where future events are not as anticipated there could be a material impact on the carrying amounts of the assets and liabilities discussed below:

(a) Investment in Subsidiaries

All investments in subsidiaries are assessed for impairment by evaluating whether indicators of impairment exist in relation to their carrying values.

For the purposes of impairment assessment, investments in subsidiaries is regarded as a single cash generating unit (CGU).

The recoverable amount of the carrying value of investments in subsidiaries has been assessed on the basis of projected cash flows approved by management covering a period of 2 years.

NOTE 11: EVENTS SUBSEQUENT TO REPORTING DATE

There has been no matter or circumstance, which has arisen since 31 March 2021 that has significantly affected or may significantly affect:

(a) the operations, in financial years subsequent to 31 March 2021, of the company, or

(b) the results of those operations, or

(c) the state of affairs, in financial years subsequent to 31 March 2021, of the company.

NOTE 12: COMPANY DETAILS

The registered office of the entity is:

Mahindra Aerospace Australia Pty Ltd
Pitcher Partners
Level 13
664 Collins Street
DOCKLANDS VIC 3008

DIRECTORS' DECLARATION

The directors have determined that the entity is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the entity declare that:

1. In the directors opinion, the financial statements and notes, as set out on pages 5 - 13, are in accordance with the *Corporations Act 2001*, including:
   (a) complying with Accounting Standards in Australia as detailed in Note 1 to the financial statements and the *Corporations Regulations 2001*; and
   (b) giving a true and fair view of the financial position as at 31 March 2021 and performance for the year ended on that date of the entity in accordance with the accounting policies described in Note 1 to the financial statements.
2. In the directors' opinion there are reasonable grounds to believe that the entity will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared for use by the directors and members of the company. The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. GA8 Airvan Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the recognition and measurement criteria of all applicable Accounting Standards, with the exception of the disclosure requirements of:

AASB 101: Presentation of Financial Statements
AASB 112: Income Taxes
AASB 124: Related Party Disclosures
AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The company incurred a loss from ordinary activities of $420 during the year ended 31 March 2021 (2020: $350)

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared for use by the directors and members of the company.The directors have determined that the company is not a reporting entity on the basis that, in the opinion ofthe directors, there are unlikely to exist users of the financial report who are unable to command thepreparation of reports tailored so as to satisfy, specifically, all of their information needs. GA200 Pty Ltd is a for profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the recognition and measurement criteria of all applicable Accounting Standards, with the exception of the disclosure requirements of:

AASB 101: Presentation of Financial Statements
AASB 112: Income Taxes
AASB 124: Related Party Disclosures
AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Going concern

The financial report has been prepared on a going concern basis,which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The company incurred a loss from ordinary activities of $420 during the year ended 31 March 2021 (2020: $350).

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GIPPSAERO PTY LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report, being a special purpose financial report of GippsAero Pty Ltd, "the Company", which comprises the statement of financial position as at 31 March 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of GippsAero Pty Ltd, is in accordance with the *Corporations Act 2001,* including:

(a) giving a true and fair view of the Company's financial position as at 31 March 2021 and of its financial performance for the year then ended; and

(b) complying with Australian Accounting Standards and the *Corporations Regulations 2001.*

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* "the Code" that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001,* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist GippsAero Pty Ltd to meet the requirements of *Corporations Act 2001.* As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Date: 27 April 2021

DIRECTORS' DECLARATION

The directors have determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. In the directors opinion, the financial statements and notes, as set out on pages 5 - 26, are in accordance with the *Corporations Act 2001,* including:

    (a) complying with Accounting Standards in Australia as detailed in Note 1 to the financial statements and the *Corporations Regulations 2001*; and

    (b) giving a true and fair view of the financial position as at 31 March 2021 and performance for the year ended on that date of the company in accordance with the accounting policies described in Note 1 to the financial statements.

2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

The accompanying notes form part of these financial statements.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Accordingly, this financial report is a special purpose financial report, which has been prepared to satisfy the financial reporting requirements of the *Corporations Act 2001.*

The financial report covers GippsAero Pty Ltd as an individual entity. GippsAero Pty Ltd is a company limited by shares, incorporated and domiciled in Australia. GippsAero Pty Ltd is a for-profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the *Corporations Act 2001,* the recognition and measurement requirements specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of:

AASB 101: Presentation of Financial Statements

AASB 107: Statement of Cash Flows

AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The company incurred a loss from ordinary activities of $7,236,251 (2020: $22,926,199 loss) during the year ended 31 March 2021.

(c) Foreign currency transactions and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

Transactions and Balances

Transactions undertaken in foreign currencies are recognised in the company's functional currency, using the spot rate at the date of the transaction.

Foreign currency monetary items that are outstanding at the reporting date (other than monetary items arising under foreign currency contracts where the exchange rate for that monetary item is fixed in the contract) are restated to the spot rate at the reporting date.

Except for certain foreign currency hedges, all exchange gains or losses are recognised in profit or loss for the period in which they arise.

(d) Revenue from contracts with customers

Revenue from contracts with customers

The company derives revenue from the sale of aircraft and spare parts. Revenue is recognised as, or when, goods or services are transferred to the customer, and is measured at an amount that reflects the consideration to which the company expects to be entitled in exchange for the goods or services.

Revenue from the sale of aircraft and spare parts

Revenue from the sale of aircraft and spare parts is recognised at the point in time when control of the goods is transferred to the customer, which generally occurs when the beneficial ownership passes to the customer. Customers have no right to return purchased goods. Revenue is measured net of any discounts, rebates and other price concessions. Customers are required to pay for all goods purchased in line with the terms of contract of sale.

Consideration included in the measurement of revenue

The consideration to be received from customers includes fixed amounts. Where the contract includes a right to variable consideration, the company estimates the amount of variable consideration using the most likely amount approach on a contract-by-contract basis. Variable consideration is included in the measurement of revenue only to the extent that it is highly probable, based on flight hours, that a significant reversal of the cumulative amount recognised will not occur when the uncertainty associated with the variability is subsequently resolved.

Interest

Interest revenue is recognised when it becomes receivable on a proportional basis taking in to account the interest rates applicable to the financial assets.

All revenue is measured net of the amount of goods and services tax (GST).

Warranty obligations

The company provides a general warranty for all goods sold, as required by law. The company does not provide customers with the option to purchase an additional or extended warranty. Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

(e) Income tax

Current income tax expense or revenue is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. Deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not recognised if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

(f) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the statement of financial position.

(g) Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct material, direct labour and a proportion of manufacturing overheads based on normal operating capacity. Inventories include raw materials, work in progress and finished goods.

Raw materials are valued at a moving average cost price.

Work in progress ("WIP") is valued at cost, which includes both variable and fixed costs relating to specific items, and those costs that are attributable to the WIP activity in general that can be allocated on a reasonable basis.

(h) Financial instruments

Classification of financial assets

Financial assets recognised by the company are subsequently measured in their entirety at either amortised cost or fair value, subject to their classification and whether the company irrevocably designates the financial asset on initial recognition at fair value through other comprehensive income (FVtOCI) in accordance with the relevant criteria in AASB 9.

Financial assets not irrevocably designated on initial recognition at FVtOCI are classified as subsequently measured at amortised cost, FVtOCI or fair value through profit or loss (FVtPL) on the basis of both:

(a) the company's business model for managing the financial assets; and

(b) the contractual cash flow characteristics of the financial asset.

Classification of financial liabilities

Financial liabilities include trade payables, other creditors and loans from third parties including inter- company balances and loans from or other amounts due to director-related entities. Non-derivative financial liabilities are subsequently measured at amortised cost, comprising original debt less principal payments and amortisation. Financial liabilities are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

Trade and other receivables

Receivables from contracts with customers

A receivable from a contract with a customer represents the company's unconditional right to consideration arising from the transfer of goods or services to the customer (i.e., only the passage of time is required before payment of the consideration is due). Subsequent to initial recognition, receivables from contracts with customers are measured at amortised cost and are tested for impairment.

Trade and other receivables arise from the company's transactions with its customers and are normally settled within 30-90 days.

Consistent with both the company's business model for managing the financial assets and the contractual cash flow characteristics of the assets, trade and other receivables are subsequently measured at amortised cost, except when the effect of discounting is not material, in which case the financial asset is carried at its nominal amount. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are subsequently measured at amortised cost using the effective interest rate method.

The company has chosen to apply the simplified approach under AASB 9 to measuring impairment provisions for receivables, including lease receivables. Under the AASB 9 Financial Instruments simplified approach, the company determines the impairment provision for receivables on the basis of the lifetime expected credit losses of the receivable. Lifetime expected credit losses represent the expected credit losses that are expected to result from default events over the expected life of the receivable.

(i) Property, plant and equipment

Each class of plant and equipment is measured at cost or fair value less, where applicable, any accumulated depreciation and any accumulated impairment losses.

Plant and equipment

Plant and equipment is measured on a cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal.

Depreciation

The depreciable amount of all property, plant and equipment is depreciated over their estimated useful lives commencing from the time the asset is held available for use, consistent with the estimated consumption of the economic benefits embodied in the asset.

Class of fixed asset	Depreciation rates	Depreciation basis
Hanger at cost	5 - 20%	Straight line
Leasehold improvements at cost	9 - 11%	Straight line
Plant and equipment at cost	6 - 21%	Straight line
Aircrafts at cost	10%	Straight line
Motor vehicles at cost	5 - 13%	Straight line
Computer equipment at cost	22 - 100%	Straight line

(j) Intangible assets

Goodwill

Goodwill represents the future economic benefits arising from other assets acquired in a business combination that are not individually identifiable or separately recognised.

Goodwill is not amortised, but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less any accumulated impairment losses.

Intangible assets

Except for indefinite useful life intangible assets, which are not amortised but are tested annually for impairment, intangible assets are amortised over their estimated useful lives commencing from the time the asset is available for use. The amortisation method applied to an intangible asset is consistent with the estimated consumption of economic benefits of the asset.

Patents

Patents are recognised at cost and are not amortised, but are tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and are carried at cost less any accumulated impairment losses.

(k) Research and development expenditure

Expenditure on research activities is recognised as an expense when incurred.

Development costs are capitalised when the company can demonstrate all of the following: the technical feasibility of completing the asset so that it will be available for use or sale; the intention to complete the asset and use or sell it; the ability to use or sell the asset; how the asset will generate probable future economic benefits; the availability of adequate technical, financial and other resources to complete the development and to use or sell the asset; and the ability to measure reliably the expenditure attributable to the asset during its development. Capitalised development costs are amortised over their estimated useful lives commencing from the time the asset is available for use. The amortisation method applied to capitalised development costs is consistent with the estimated consumption of economic benefits of the asset. Subsequent to initial recognition, capitalised development costs are measured at cost, less accumulated amortisation and any accumulated impairment losses.

Other development expenditure is recognised as an expense when incurred.

Project expenses are capitalised as incurred once identified as relating to a project that will deliver future economic benefits that can be measured reliably.

(l) Impairment of non-financial assets

Goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are not subject to amortisation and are therefore tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

For impairment assessment purposes, assets are generally grouped at the lowest levels for which there are largely independent cash flows ('cash generating units'). Accordingly, most assets are tested for impairment at the cash-generating unit level. Because it does not generate cash flows independently of other assets or groups of assets, goodwill is allocated to the cash generating unit or units that are expected to benefit from the synergies arising from the business combination that gave rise to the goodwill.

Assets other than goodwill, intangible assets not yet ready for use and intangible assets with indefinite useful lives are assessed for impairment whenever events or circumstances arise that indicate the asset may be impaired.

An impairment loss is recognised when the carrying amount of an asset or cash generating unit exceeds the asset's or cash generating unit's recoverable amount. The recoverable amount of an asset or cash generating unit is defined as the higher of its fair value less costs to sell and value in use (where 'value in use' is determined as the present value of the future cash flows expected to be derived from an asset or cash-generating unit).

Impairment losses in respect of individual assets are recognised immediately in profit or loss unless the asset is measured at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and is recognised in other comprehensive income to the extent that it does not exceed the amount in the revaluation surplus for the same asset. Impairment losses in respect of cash generating units are allocated first against the carrying amount of any goodwill attributed to the cash generating unit with any remaining impairment loss allocated on a pro rata basis to the other assets comprising the relevant cash generating unit.

A reversal of an impairment loss for an asset measured at cost is recognised in profit or loss. A reversal of an impairment loss for an asset measured at a revalued amount is treated as a revaluation increase and is recognised in other comprehensive income, except to the extent that an impairment loss on the same asset was previously recognised in profit or loss, in which case a reversal of that impairment loss is also recognised in profit or loss.

(m) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Warranty obligations

The company provides warranty for all aircrafts, the warranty period covers earlier of two years or up 2,000 flight hours. Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

(n) Leases

At the commencement date of a lease (other than leases of 12-months or less and leases of low value assets), the group recognises a lease asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

Lease assets

Lease assets are initially recognised at cost, comprising the amount of the initial measurement of the lease liability, any lease payments made at or before the commencement date of the lease, less any lease incentives received, any initial direct costs incurred by the group, and an estimate of costs to be incurred by the group in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequent to initial recognition, lease assets are measured at cost (adjusted for any remeasurement of the associated lease liability), less accumulated depreciation and any accumulated impairment loss.

Lease assets are depreciated over the shorter of the lease term and the estimated useful life of the underlying asset, consistent with the estimated consumption of the economic benefits embodied in the underlying asset.

Lease liabilities

Lease liabilities are initially recognised at the present value of the future lease payments (i.e., the lease payments that are unpaid at the commencement date of the lease). These lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined, or otherwise using the group's incremental borrowing rate.

Subsequent to initial recognition, lease liabilities are measured at the present value of the remaining lease payments (i.e., the lease payments that are unpaid at the reporting date). Interest expense on lease liabilities is recognised in profit or loss (presented as a component of finance costs). Lease liabilities are remeasured to reflect changes to lease terms, changes to lease payments and any lease modifications not accounted for as separate leases.

Variable lease payments not included in the measurement of lease liabilities are recognised as an expense when incurred.

Leases of 12-months or less and leases of low value assets

Lease payments made in relation to leases of 12-months or less and leases of low value assets (for which a lease asset and a lease liability has not been recognised) are recognised as an expense on a straight-line basis over the lease term.

(o) Employee benefits

(i) Short-term employee benefit obligations

Liabilities arising in respect of wages and salaries, annual leave and other employee benefits (other than termination benefits) expected to be settled wholly before twelve months after the end of the reporting period are measured at the (undiscounted) amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables in the statement of financial position.

(ii) Long-term employee benefit obligations

The provision for other long-term employee benefits, including obligations for long service leave and annual leave, which are not expected to be settled wholly before twelve months after the end of the reporting period, are measured at the present value of the estimated future cash outflow to be made in respect of the services provided by employees up to the reporting date. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee turnover, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation. For currencies in which there is no deep market in such high quality corporate bonds, the market yields (at the end of the reporting period) on government bonds denominated in that currency are used. Any remeasurements for changes in assumptions of obligations for other long- term employee benefits are recognised in profit or loss in the periods in which the change occurs.

Other long-term employee benefit obligations are presented as current liabilities in the statement of financial position if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur. All other long-term employee benefit obligations are presented as non-current liabilities in the statement of financial position.

(p) Borrowing costs

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of lease arrangements, and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs are expensed as incurred, except for borrowing costs incurred as part of the cost of the construction of a qualifying asset, in which case the costs are capitalised until the asset is ready for its intended use or sale.

(q) Goods and services tax (GST)

Revenues, expenses and purchased assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(r) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

(a) Warranty provision

The company provides a warranty for all aircraft sales, the warranty period covers earlier of two years or 2,000 flight hours, whichever comes first.

Warranty obligations are recognised as a provision, and are measured at the company's estimate of the expenditure required to fulfil its warranty obligations at the reporting date. The company updates the measurement of the warranty provision at the end of each reporting period for changes in expectations.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a special purpose financial report prepared for use by the directors and members of the company. The directors have determined that the company is not a reporting entity on the basis that, in the opinion of the directors, there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy, specifically, all of their information needs. Airvan Flight Services Pty Ltd is a for profit entity for the purpose of preparing the financial statements.

The financial report was approved by the directors as at the date of the directors' report.

The financial report has been prepared in accordance with the recognition and measurement criteria of all applicable Accounting Standards, with the exception of the disclosure requirements of:

AASB 101: Presentation of Financial Statements

AASB 112: Income Taxes

AASB 124: Related Party Disclosures

AASB 1054: Australian Additional Disclosures

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this report:

(a) Basis of preparation of the financial report

Historical Cost Convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets and liabilities as described in the accounting policies.

(b) Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The company incurred a loss from ordinary activities of $420 during the year ended 31 March 2021 (2020: $350).

(c) Foreign currency translations and balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's functional and presentation currency.

(d) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

NOTE 2: CASH AND CASH EQUIVALENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Waste to Energy Solutions Limited
Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Waste To Energy Solutions Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

   (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Waste To Energy Solutions Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, however the financial reporting closure programme needs to be strengthened.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Annexure to the Auditor's Report referred to in our report of even date:

i. a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items every year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified all property, plant and equipment during the year and no material discrepancies were noticed on such verification.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

ii. According to the information and explanations given to us, the Company does not hold any inventory at the end of the year.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub- section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Goods and Service Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax, as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, financial institutions and Government. The Company has not raised any money through debentures during the year.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1 Corporate information:

Mahindra Waste to Energy Solutions Limited is a public limited company incorporated in Mumbai, India under the Companies Act 2013. The company is a subsidiary of Mahindra & Mahindra Limited as on 31st March, 2021. The company is engaged, inter alia in the business of construction, operation and maintenance of the biogas plants and sale of biogas and manure generated from the biogas plants

2 Significant Accounting Policies followed by the Company:

2.1 Statement of compliance and basis of preparation and presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 Property, plant and equipment:

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

Depreciation is provided on straight-line basis for property, plant and equipment so as to expense the depreciable amount, i.e. the cost less estimated residual value, over its estimated useful lives. The estimated useful lives and residual values are reviewed annually and the effect of any changes in estimate is accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the Statement of Profit and Loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013, other than the following asset classes, based on the Company's expected usage pattern supported by technical assessment:

Certain items of Plant and machinery individually costing more than Rs. 5,000 – over useful lives (2 years, 3 years, 5 years, 8 years, 10 years, 15 years, 20 years or 25 years as the case may be), Vehicles 5 years, Assets below Rs.5,000/- 1 year as determined by the company.

2.4 Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials and bought out components are valued at the lower of cost or net realizable value. Cost is determined on the basis of the weighted average method.

Finished goods produced, manufactured components are carried at cost or net realizable value whichever is lower.

Stores, spares and tools other than obsolete and slow-moving items are carried at cost. Obsolete and slow-moving items are valued at cost or estimated net realizable value, whichever is lower.

2.5 Employee benefits:

(i) Defined Contribution Plan:

The Company's contributions paid/payable during the year to Provident Fund and Superannuation Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

(ii) Defined Benefit Plan/Leave encashment:

The Company's liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the Statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

(iii) Other Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

2.6 Leases:

Ind AS 116 is replaced the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees.

Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The amendment is effective for annual periods beginning on or after 01st April 19.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

2.7 Revenue Recognition:

In view of INDAS 115, Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenues, companies apply the following five step approach:

(1) identify the contract with a customer

(2) identify the performance obligations in the contract

(3) determine the transaction price

(4) allocate the transaction price to the performance obligations in the contract

(5) recognize revenues when a performance obligation is satisfied.

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation based on their selling price.

2.8 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.9 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted

2.10 Measurement of fair values:

The company's accounting policies and disclosures require the measurement of fair values. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.11 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected.

2.12 Cash and cash equivalents:

Cash comprises demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.13 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the period.

2.15 Interest Income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

29.1 Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a program that performs monitoring of and responding to risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. Financial instruments that are subject to credit risk, principally consists of trade receivables and investment in fixed deposits etc. The Company has adopted a policy of only dealing with creditworthy counterparties. Credit risk does not arise on investment in fixed deposits, as they are currently placed with corporate banks having high net worth and good credit ratings and hence management does not anticipate any credit risk.

LIQUIDITY RISK

(i) Liquidity risk management

The company has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Market risk is the risk value that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to mange and control market risk exposure within acceptable parameters, while optimising the return. Future specific market movements cannot be normally predicted with reasonable accuracy.

(i) Currency risk

The Company has not undertaken transactions denominated in foreign currencies; consequently, no exposures to exchange rate fluctuations arise.

The carrying amounts of the company's foreign currency denominated monetary assets and monetary liabilities at the end of the year is Rs. Nil (31st March, 2020: Rs. Nil)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company is not exposed to the risk of changes in market interest rates as the company does not have any long term debt obligations with floating interest rate.

(iii) Other price risk

The company is not exposed to equity price risks.

Note 31 - Employee Benefits

(A) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss is Rs. 4,91,457 (31st March, 2020 Rs. 6,05,644).

(B) Defined benefit plan:

The defined benefit plan comprise of gratuity

The company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act or the company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. The current service cost and the net interest expense for the year are included in the employee benefits and expenses during the year provided is Rs. 4,91,457 (31st March, 2020 Rs. 4,80,131).

Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below:

Discount Rate Risk:

A decrease in government bond yields will increase plan liabilities.

Longevity Risk:

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk:

The present value of defined benefit plan liability is calculated by reference to the future salaries plan participants. As such, an increase in the salary of the plan participants will increase the plans's liability.

(C) Particulars	**Gratuity (Unfunded)**	
Changes in the present value of defined obligation representing reconciliation of opening and closing balances thereof are as follows:	**For the year ended 31st March, 2021**	For the year ended 31st March, 2020
1. Present value of defined benefit obligation as on 1st April	**20,83,813**	17,31,845
2. Current service cost	**3,54,316**	3,53,480
3. Past service cost	**–**	–
4. Interest cost	**1,37,141**	1,26,651
5. Remeasurements (gains)/losses [Acturial (gains)/losses]		
(i) Acturial (gains)/losses arising from changes in demographic assumption	**(1,67,025)**	(1,24,400)
(ii) Acturial (gains)/losses arising from changes in financial assumption	**1,96,119**	(59,855)
(iii) Acturial (gains)/losses arising from changes in experience adjustment	**(4,68,742)**	56,092
6. Benefits paid	**(5,42,154)**	–
7. Liabilities assumed/(settled)*	**–**	–
8. Present value of defined benefit obligation as on balance sheet date	**15,93,468**	20,83,813

* On account of inter group transfer

In Indian Rupees

(D) Analysis of defined benefit obligation:	**As at 31st March, 2021**	As at 31st March, 2020
1. Defined benefit obligation	**15,93,468**	20,83,813
2. Fair value of plan assets at the end of the year	**–**	–
3. **Net (asset)/liability recognised in the Balance Sheet**	**15,93,468**	20,83,813

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

In Indian Rupees

	(E) Reconciliation of present value of defined benefit obligation and fair value of plan assets showing amount recognised in the balance sheet:	As at 31st March, 2021	As at 31st March, 2020
1.	Present value of defined benefit obligation	**15,93,468**	20,83,813
2.	Fair value of plan assets	**–**	–
3.	Funded status [surplus/(deficit)]	**(15,93,468)**	(20,83,813)
4.	**Net asset/(liability) recognised in balance sheet**	**(15,93,468)**	(20,83,813)
5.	Current portion of the above	**(2,91,162)**	(1,63,502)
6.	Non-current portion of the above	**(13,02,306)**	(19,20,311)

In Indian Rupees

	(F) Components of employer expenses recognised in the statement of profit and loss for the year ended	For the year ended 31st March, 2021	For the year ended 31st March, 2020
1.	Current service cost	**3,54,316**	3,53,480
2.	Past service cost	**–**	–
3.	Interest cost	**1,37,141**	1,26,651
4.	**Total expenses recognised in the Statement of Profit and Loss**	**4,91,457**	4,80,131

In Indian Rupees

	(G) Components of employer expenses recognised in the comprehensive income for the year ended	For the year ended 31st March, 2021	For the year ended 31st March, 2020
1.	Actuarial Losses/(Gains)		
	(i) arising from changes in demographic assumption	**(1,67,025)**	(1,24,400)
	(ii) arising from changes in financial assumption	**1,96,119**	(59,855)
	(iii) arising from changes in experience adjustment	**(4,68,742)**	56,092
2.	**Components of defined benefit costs recognised in other comprehensive income**	**(4,39,648)**	(1,28,163)

In Indian Rupees

	(H) Reconciliation of present value of defined benefit obligation and fair value of plan assets showing amount recognised in the balance sheet:	As at 31st March, 2021	As at 31st March, 2020
1.	Discount rate (%)	**4.90%**	6.85%
2.	Expected return on plan assets (%)	**NA**	NA
3.	Salary escalation (%)	**10%**	9%
4.	Withdrawal rate (%) (others)	**23%**	10%

a) The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated terms of the obligations.

b) Salary escalation rate: The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors

In Indian Rupees

	(I) Experience adjustments	For the year ended 31st March, 2021	For the year ended 31st March, 2020
1.	Defined benefit obligation at the end of the year	**15,93,468**	20,83,813
2.	Plan assets at the end of the year	**–**	–
3.	Surplus/(deficit)	**(15,93,468)**	(20,83,813)
4.	Experience adjustments on plan liabilities (gains)/losses	**(4,68,742)**	56,092
5.	Experience adjustments on plan assets	**–**	–

In Indian Rupees

	(J) Sensitivity of the defined benefit obligation to changes:		Changes in assumption	Impact on defined benefit obligation increase/(decrease)	
				Increase in assumption	Decrease in assumption
1.	Discount rate (%)	**2021**	**1%**	**(72,318)**	**78,826**
		2020	1%	(1,67,298)	1,91,767
2.	Salary escalation (%)	**2021**	**1%**	**74,311**	**(69,706)**
		2020	1%	1,85,894	(1,65,631)

Note:

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practise this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change.

In Indian Rupees

(K) Maturity profile of defined benefit obligation:	2021	2020
Within 1 year	**2,91,162**	1,63,502
2 - 5 years	**8,88,005**	7,28,908
6 - 9 years	**4,73,343**	7,09,718
10 years & above	**4,07,543**	26,23,194

(L) The weighted average duration of the defined benefit obligation as at 31st March, 2021 is 4.73 years (31st March, 2020: 8.58 years)

Commitments		
Estimated amount of contracts remaining to be executed on capital account (net of advances already made) and not provided for is	**–**	79,27,520

Note No. 37 - Segment Reporting

The company business activity falls within a single business segment viz. sale of biogas and manure. All other activities of the company revolve around its main business. Hence, there are no separate reportable primary segments.

Note No. 38 - In the opinion of the Board, all of the assets other than fixed assets and non-current investments, have a value on realization in the ordinary course of business at least equal to the amount at which they are stated.

Note No. 39 - Deferred Tax Asset/ Liabilities

The company is in the second year of operation of the company, there is no certainty of future tax profits to absorb the deferred tax asset/liability, hence deferred tax asset/liability has not been recognized during the current year.

Note No. 40

The Company, based on internal & external sources of information including market research, economic forecast and other information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2021 as at the date of approval of these financial statements.

Note No. 41 - Previous period's figures are regrouped / reclassified wherever necessary to conform with those of the current year.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Telecom Energy Management Services Limited

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Telecom Energy Management Services Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

(g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Telecom Energy Management Services Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Annexure to the Auditor's Report referred to in our report of even date:

i. a) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(b) of the Order is not applicable to the Company.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

ii. According to the information and explanations given to us, the Company has not dealt in any inventory during the year & does not hold any inventory at the end of the year.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub- section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted/accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, financial institutions and Government. The Company has not raised any money through debentures during the year.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has not entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related parties been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 Corporate information:

Mumbai Telecom Energy Management Services Limited is a public limited company incorporated in Mumbai, India on 25 June, 2017 under the Companies Act 2013. The company is wholly owned subsidiary of Mahindra & Mahindra Limited as on 31st March,2021. The company is engaged, inter alia in the business of energy management services of telecom towers.

2 Significant Accounting Policies followed by the Company:

2.1 Statement of compliance and basis of preparation and presentation of financial statements:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Rules 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

2.2 Financial Assets and Financial Liabilities:

Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial Liabilities and Equity Instruments:

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual agreements and the definitions of an equity instrument.

Equity Instrument:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial Liabilities:

All the financial liabilities are subsequently measured at either amortised cost using the effective interest method or at fair value through profit and loss, depending on the classification of the financial liabilities.

2.3 Provisions:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

2.4 Taxes on Income:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the period:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax:

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.5 Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.6 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.7 Earnings Per Share:

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the period.

2.8 Use of estimates and judgements:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a program that performs monitoring of and responding to risk factors.

Credit Risk

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties.

Liquidity Risk

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

In Indian Rupees

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above

Total	**59,000**	–	–	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management on net assets basis.

In Indian Rupees

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

CURRENCY RISK

The Company has not undertaken transactions denominated in foreign currencies; consequently, no exposures to exchange rate fluctuations arise.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting year is Nil

Note No. 14 - Deferred Tax Asset/ Liabilities

Deferred tax asset/liability has not been recognized during the current year

Note No. 15

Previous period's figures are regrouped/reclassified wherever necessary to confirm with those of the current year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF,

MAHINDRA CONSTRUCTION COMPANY LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Construction Company Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive loss, its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Materiality Uncertainty Related to Going Concern

We draw attention to Note 25 in the financial statements, as on 31st March 2021 date, the Company's current liabilities exceeded its total assets by Rs. 2248.08 lakhs. As stated in Note 25, these events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.

(d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to the Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the Financial Statements.

(g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Construction Company Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date.

Annexure to the Auditor's Report referred to in our report of even date:

i. a) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(a) of the Order is not applicable to the Company.

b) According to the information and explanations given to us, the Company does not hold any property, plant and equipment. Accordingly, the reporting under Clause 3(i)(b) of the Order is not applicable to the Company.

c) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

ii. The Company is in the business of rendering services and consequently, does not hold any inventory. Accordingly, the reporting under Clause 3(ii) of the Order is not applicable to the Company.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted / accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Income-tax, and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, financial institutions and Government. The Company has not raised any money through debentures during the year.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has not entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related parties been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1 Company overview

Mahindra Construction Company Limited is a Limited Company incorporated and domiciled in India. The Company's registered office is at Mumbai, Maharashra, India. These financial statements correspond to the stand alone financial statments of the Company.

2 Basis of preparation

a. Statement of compliance and basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The Company's financial statements upto and for the year ended 31 March 2016 were prepared in accordance with the Standards as per Companies (Accounting Standards) Rules, 2006, notified under Section 133 of the Act and other relevant provisions of the Act which was the previous GAAP (IGAAP).

b. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

d. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and intangible assets
- estimation of define benefit obligation
- provision for warranty claims
- income taxes - current and deferred taxes
- fair value of unlisted securities
- impairment of trade receivables

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

e. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cashflow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

4 Significant accounting policies

a. Revenue Recognition

- Dividend and interest income

  Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

  Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI

All other financial assets are subsequently measured at fair value

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) *Credit risk management*

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned.

LIQUIDITY RISK

(i) *Liquidity risk management*

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	INR	INR	INR	INR

The tax rate used for the 31 March 2021 and 31 March 2020 reconciliations above is the corporate tax rate of 30.90% payable by corporate entities in India on taxable profits under Indian Income Tax Laws.

Note 24: Investment in New Tirupur Development Corporation Limited

The Capital of New Tirupur Area Development Corporation Limited (NTADCL) as on 31st March 2018 has been almost fully eroded by past losses. It was exploring the option of supplying substantial volume of industrial water to a textile park proposed to be set up by the State Government which would have contributed substantially to its topline. Information forthcoming in the last few months suggest that there are likely to be delays and the possibility of NTADCL recovering its past losses does not seem very promising. In view of this, the Company has provided for its entire investment of Rs.7,00,00,000 in the equity shares of NTADCL during the year.

Note 25:

Accumulated losses of the company as on 31st March 2021 exceeds the paid up share capital of the company. Though the Company has made a provision in respect of its investment in NTADCL, there is no intention of disposing off these investments. Presently, the company is actively pursuing claims and litigations in respect of projects completed and is hopeful of recovering the claims made by it against the parties, which will be recognised as revenue in the year of receipt. The Company is exploring various business opportunities including restructuring. Supported by its Parent Company, in the opinion of the management, the company will be able to continue as going conern for the foreseeable future.

Having regard to the above factors, the accounts are prepared on going concern basis.

Note 26:

The 10% Non-Cumulative Redeemable Participating Preference Shares ("The Shares") were redeemable at par on 13th March 2015. The Company has continued to incur losses during the year and, as on 31st March 2021, its accumulated losses exceeded the paid up share capital and free reserves of the Company. The Company is not in a position to redeem The Shares.

Note 27:

The Company had taken unsecured loans of Rs.994.42 lakhs in earlier years. Based on the Letters for waiver of interest issued by the lenders from year to year, since 2005 the Company was not for interest payable on these loans. On 1st April 2014 the lenders of the aforesaid unsecured loans opted to call for repayment of the principal amount. Further, the lenders are not agreeable to renew the unsecured loans, despite the Company expressing its inability to repay the same because of its financial situation. Since the unsecured loans have not been renewed, no provision has been made in the accounts for interest of Rs.84.14 lakhs for the year payable on these loans.

INDEPENDENT AUDITOR'S REPORT

To the Members of Meru Travel Solutions Private Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Meru Travel Solutions Private Limited** ("the Company"), which comprise the standalone Balance Sheet as at 31st March 2021, and the standalone statement of Profit and Loss (including Other Comprehensive Income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Emphasis of Matter

We draw attention to Note No 17 to the standalone financial statements which describes the probable / potential impact of the outbreak of COVID 19 on the business operations of the Company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the standalone Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The standalone Balance Sheet, the standalone Statement of Profit and Loss including other comprehensive Income, the standalone Cash Flow Statement and the standalone Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The company does not have any pending litigations which will impact its financial positions.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

      iv. The Disclosures in the standalone financial Statements regarding holding as well as dealing in specified bank notes during the period from November 8, 2016 to December 30,2016 have not been made in these financial statements since they do not pertain to financial year ended March 31, 2021.

   (h) With respect to matters to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanation given to us, the Company has not paid any remuneration to its directors and thus the provisions of Section 197 of the Act are not applicable to the Company. Accordingly, reporting under section 197 (16) of the Act is not applicable in case of the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Meru Travel Solutions Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the standalone financial statements of **Meru Travel Solutions Private Limited** for the year ended March 31, 2021

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

1) The Company did not have any property, plant and equipment. Accordingly, paragraph 3(i) of the Order is not applicable to the Company.

2) The Company operates through its subsidiaries, to undertake business of owing, operating and maintaining vehicle fleets for transportation of passengers in the form of tourist vehicle, radio taxis and to acquire and operate the similar existing business. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.

3) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Income Tax with appropriate authorities. The provisions relating to value added tax, Sales Tax Duty of customs and Duty of Excise is not applicable to the company.

   According to the Information and explanation given to us, no undisputed amount payable in respect of Income Tax, Provident Fund, Employee State's insurance and any other Material Statutory Dues were in arrears as at March 31, 2021 for a period of more than Six months from the date they became payable.

   ii) According to the information and explanation given to us, there are no dues of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax and which have not been deposited with the appropriate Authorities on account of any dispute.

8) According to the information and explanation given to us, the company has not taken any loans or borrowings from the financial institution, bank, government or debenture holders. Accordingly, the reporting under Clause 3(viii) of the Order is not applicable to the Company.

9) According to the information and explanations given to us, the Company has raised Rs. 14.99 crores by way of rights issue of shares. The amount raised by the Company has been utilized by the Company for the purpose for which it same was raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given by the management, the Company has not paid any remuneration to directors and provisions of Section 197 of the Act are not applicable to the Company. Accordingly, paragraph 3(xi) of the Order is not applicable to the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

14) According to the information and explanations given to us the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

Note

(i) Equity component of preference shares

During the year ended March 31, 2013, the Company issued 31,489 cumulative redeemable preference shares (CRPS) of INR 10 each fully paid-up at a premium of INR 25,000 per share to True North Trusteeship Company Private Limited formerly known as 'IVF Trustee Company Private Limited') as nominee shareholder of True North Fund IIIA (formerly known as 'India Value Fund IIIA'). The preference shares carry cumulative dividend @ 0.01% p.a. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. Holders of the cumulative redeemable preference shares have no voting rights with respect to any matters which may be brought for shareholders action in connection with the business and affairs of the Company, except in respect of matters which directly affect the rights of redeemable preference shareholders subject to the provisions of the Act.

The cumulative redeemable preference shares were redeemable at a premium of INR 53,414 per share on December 31, 2016, During the previous year ended March 31, 2017, the redemption period of these preference shares was extended by 1 year to December 31, 2017 at a premium of INR 61,427 per share or at such earlier date and at such value (representing fair market value prevailing at that relevant point in time) as may be decided by the Board of Directors.

During the previous year ended March 31, 2018, the 0.01% Cumulative redeemable preference shares were converted into 0.01% Optionally convertible optionally redeemable preference shares (the option being with the Board of Directors of the Company) and extended the redemption period of these preference shares by 10 years to December 31, 2027 at the same redemption price i.e. INR 61,427 per share or at such earlier date and at such value as may be decided by the Board of Directors. In case Board of Directors decides to convert the preference shares to equity, such conversion shall be based on fair market value prevailing at that relevant point in time. The 0.01% Optionally convertible optionally redeemable preference shares is classified as a financial liability subsequently measured at amortised cost. It has been recorded at fair value on initial recognition and the difference between fair value and the book value is recorded under Other equity as 'Equity component on preference shares'.

During the year ended March 31, 2020, 31,489 0.01% Optionally convertible optionally redeemable preference shares (the option being with the Board of Directors of the Company) was converted into 1,489 (one thousand four hundred eighty nine), Equity Shares of the Company of face value INR 10 (Rupees Ten only), ranking pari passu with all the then existing Equity Shares of the Company and 30,000 Redeemable Optionally Convertible Non-Cumulative Redeemable Preference Shares ("OCRPS") of the Company for a period of 6 years from Dec 5, 2019.

The redemption amount of these OCRPS will be decided based on the outcome of the ongoing proceedings during its term. If as per the decision of ongoing proceedings no amount is payable to the Company, these preference shares will be redeemed at face value subject to applicable laws or they will be converted into 1 equity share of the Company. If as per the decision of ongoing proceedings, any amount is received by the Company, the Company shall redeem these OCRPS at face value + Premium, where premium will the amount received minus any cost and taxes payable on the amount received.

(ii) Securities premium: Securities premium is credited when shares are issued at a premium. The securities premium can be utilized as per the provisions of the Companies Act, 2013 for specified purposes such as to issue bonus shares, to provide for premium on redemption of shares or debentures etc.

(iii) Retained earnings: Retained earnings represents the amount of accumulated earnings at each Balance Sheet date of the Company.

(iv) Share warrants: During the year ended March 31, 2017, the Company has entered into a Share cum Warrant Subscription Agreement ('Warrant Agreement') and Advertisement Agreement with Bennett, Coleman & Co. Ltd. ('BCCL').

Through the Advertisement Agreement, BCCL has extended a Line of Credit ('LOC') to Company and its subsidiaries/affiliates (collectively referred to as 'the Group'). As part of the said Advertisement Agreement, the Group gains access to various advertising properties owned by BCCL. The Group needs to make only part payment for advertisement expenses incurred as and when it places advertisements in BCCL owned media. The remaining unpaid amount owed to BCCL (i.e. the LOC to the extent utilised), will be settled out of the money to be received as warrant exercise price on exercise of warrants to subscribe to equity shares of Company by BCCL, only if BCCL decides to exercise the said warrants of Company. Hence, the amount of LOC to the extent utilised by the Company is added to the amount of share warrants recorded under other equity; further, since the amount of LOC as at March 31, 2019 relates to expenses incurred/LOC utilised by its subsidiary, the corresponding debit impact has been added to the investment in subsidiaries as a deemed investment.

	March 31, 2021	March 31, 2020
Partly paid-up share warrant:		
Nil share warrants (March 31, 2019 - 5) of Rs. 150,000,000 each, Rs 15,000,000 paid up	–	–
Add: Line of credit ('LOC') availed by subsidiary	–	–
	–	–

During the year ended March 31, 2017, the Company has entered into Share cum Warrant Subscription Agreement ('Warrant Agreement') and Advertisement Agreement with Bennett, Coleman & Co. Ltd. ('BCCL') as more fully described above. In accordance with these agreements, the Company has issued 5 share warrants, the terms of which are as follows:

Particulars	**Warrant agreement**
Date of Grant	August 6, 2016
No of options granted	Based on the ad utilisation over 3 to 5 years
Vesting period	Based on the ad utilisation over 5 years
Exercise period	Sep 1, 2017 onwards based on usage of Line of credit
Exercise price	Multiple of FY 2017 consumer revenue or base valuation whichever is higher

(iv) Share warrants

During the year ended March 31, 2020, the BCCL and the Company, executed share subscription and shareholders' agreement ("BCCL SSHA") and the Company agreed to issue and allot to BCCL, on a preferential basis, the 6,03,372 (Six Lakh Three Thousand Three Hundred and Seventy Two)], face value of Rs 10 each, fully paid-up equity at value of Rs 14.02 per share, in lieu of cancellation of share warrants of the Company issued to BCCL.

As a result of this transaction, the share warrant and Line of credit ('LOC') availed by subsidiary, has been extinguished against the equity shares issued. The balance amount of Rs 60,207,690 has been adjusted against the deemed investment recognised previously and Rs 66,540,728 has been transferred to capital reserve.

(v) Capital reserve:

(i) Capital reserve is created out of transaction between the Company and BCCL on account of issue of shares and cancellation of share warrants and Line of credit ('LOC') availed by subsidiary Rs. 66,540,728.

(ii) Capital reserve is created on the conversion of financial liability component of 0.01% Optionally convertible optionally redeemable preference shares to 0.01% Redeemable Optionally Convertible Non-Cumulative Preference Shares ("OCRPS") of Rs 892,426,944/-

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. Company information

Meru Travel Solutions Private Limited ('the Company') is incorporated in India as a private limited company under the Companies Act, 1956 on December 4, 2006, having registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. These financial statements were authorized for issue in accordance with a Board resolution of May 10, 2021.

On November 19, 2014, the name of the Company was changed to Meru Travel Solutions Private Limited and on January 13, 2015 the Company was converted to a Public Limited Company and the name of the Company was changed to Meru Travel Solutions Limited. Subsequently on July 23, 2015, the Company was converted back to Private Limited Company and the name changed to Meru Travel Solutions Private Limited. The Company is a deemed public company as per definition of the Companies Act with effect from December 5, 2019

The Company operates through its three subsidiaries, to undertake business of owning, operating and maintaining vehicle fleets for transportation of passengers in form of tourist vehicles, radio taxis and to acquire and operate similar existing business.

2. Significant accounting policies

(a) Basis of preparation:

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

(b) Functional and presentation currency:

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

(c) Basis of measurement:

The financial statements have been prepared on the historical cost basis

2.1 Summary of significant accounting policies

a) Borrowing costs

Borrowing costs include interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

b) Income taxes

Tax expense comprises of current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

c) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

d) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

e) Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

f) Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at banks and on hand and short-term deposits, if any, with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above.

g) Investment in subsidiaries

Investments in subsidiaries are recorded at cost as defined in Ind AS 27.

h) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 8.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii. The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments

The Company has accounted for its investments in subsidiaries at cost as per Ind AS 27 and accordingly, the Ind AS 109 is not applied to the investments in subsidiaries.

All other equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115

b) Other financial assets such as deposits, other receivables etc.

The company follows 'simplified approach' for recognition of impairment loss allowance for Trade receivables.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

– All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

On that basis, Company creates 100% provision for debtors outstanding for more than 360 days as at the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

– Financial assets measured as at amortised cost - ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis and considers historical experience, credit assessments and forward looking information.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Current versus non-current classification:

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to sold or consumed in the normal operating cycle

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period

  Or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period

  Or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

j) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability

Or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

k) Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

l) Recent Indian Accounting standard (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

2.2 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur. Following are the significant accounting judgements, estimates and assumptions:

i) Impairment of investment in subsidiary

The Company performs impairment testing for investment in subsidiaries where there are indicators of impairment. If such an indicator exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of value in use and fair value less costs of disposal. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Company's Statement of profit and loss. Where an impairment

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency: Indian Rupees)

loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of the recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately as a credit to the Company's Statement of profit and loss.

During the year ended March 31, 2020, the Company has recorded impairment of investments in V-Link Fleet Solutions Private Limited ('VFSPL'). Refer notes 3 and 14 for further details.

Note 3: Investment in subsidiaries

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency: Indian Rupees)

Note 12: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts of financial instruments.

Particulars	Notes	Carrying value\Fair Value	
		March 31, 2021	March 31, 2020
Financial assets carried at amortised cost			
Cash and cash equivalents	4	**1,453,126**	188,887
Total		**1,453,126**	188,887
Financial liabilities carried at amortised Cost			
Liability portion of Preference shares			
Non-current portion	6	**300,000**	300,000
Trade and other Payables	7	**929,213**	4,085,836
Total		**1,229,213**	4,385,836

B] Fair Value Measurement

The management assessed that cash and cash equivalents, current liability portion of preference shares and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's preference shares is determined by using DCF method using the Company's incremental borrowing rate and the fair value determined on initial recognition is categorised as Level 2 in the fair value hierarchy.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

(i) Liquidity risk

The Company's liquidity risk mainly arises from preference shares issued to the parent company and insignificant routine expenses which are paid by Company's subsidiaries on its behalf as and when required. Subsequently, on receipt of funds by Company from its Parent on issue of equity shares for onward investment in its subsidiaries, Company generally settles the inter-company payables first and invests balance amounts in its Subsidiaries when needed. With regard to its preference shares, Company re-negotiates the terms of preference shares with its Parent company depending upon its financial condition on each redemption date.

The Company did not have drawn or undrawn borrowing facilities as at each reporting date.

The table below summarises the maturity profile of the Companys' financial liabilities based on contractual undiscounted payments.

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2021						
0.01% Redeemable Optionally Convertible Non-Cumulative Preference Shares	–	–	–	–	300,000	**300,000**
Other trade payables	929,213	–	–	–	–	**929,213**
	929,213	**–**	**–**	**–**	**300,000**	**1,229,213**

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended - March 31, 2020						
0.01% optionally convertible optionally redeemable preference shares	–	–	–	–	300,000	**300,000**
Trade payables to related parties	3,770,836	–	–	–	–	**3,770,836**
Other trade payables	315,000	–	–	–	–	**315,000**
	4,085,836	**–**	**–**	**–**	**300,000**	**4,385,836**

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, preference shares, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder's value. Since Company is non-revenue generating entity, Company monitors its capital considering requirements at Group level after including all subsidiaries' capital requirements as mentioned below.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as at each period end and identify need for additional funding from the existing / new share holders to meet the outstanding commitments and future cash flow requirements to meet the business plan for 1 year to 3 years. The Company includes within net debt, interest bearing loans and borrowings (excluding redeemable preference share), less cash and cash equivalents (Including intercorporate deposits & liquid mutual fund units).

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2021 and March 31, 2020.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency: Indian Rupees)

Note 13: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2021	March 31, 2020
(Loss) attributable to equity holders	**(5,854,841)**	(102,873,891)
Number of Shares outstanding at the beginning of the year	**87,057,696**	54,562,678
Add: Shares issued during the year	**10,060,362**	32,495,018
Number of Shares outstanding at the end of the year	**97,118,058**	87,057,696
Weighted average number of Equity shares for basic EPS	**88,628,766**	65,064,003
Basic and diluted EPS	**(0.07)**	(1.58)

Note 14: Impairment in value of Investment in subsidiary

During the year ended March 31, 2020, the Company has recorded an impairment charge in respect of the investment in one of its subsidiaries, VLink Fleet Solutions Private Limited ('VFSPL') basis the significant reduction in revenues and profits and considering significant curtailment in the future business plans of VFSPL. The same has been fully impaired.

During the year ended March 31, 2019, the Company has recorded an impairment charge in respect of the investment in one of its subsidiaries, Meru Mobility Tech Private Limited ('MMTPL'). The impairment charge was determined based on a valuation agreed as per a Share Subscription and Shareholder Agreement ('the Agreement') entered into with Mahindra & Mahindra Limited ('M&M') for subscribing upto 55% of Equity share capital in the Company post the balance sheet date. The recoverable amount of the investment has been determined based on value in use considering a discount rate of 18.48% p.a.

Note 15: Segment reporting

The Company operates through its subsidiaries and does not have any operational business activity. Hence the requirements of the Indian Accounting Standard 108 – "Operating Segments", are not applicable to the Company.

Note 16: Going Concern

As at March 31, 2021, the Company has accumulated losses of INR 4,886.21 million (March 31, 2020: INR 4,880.36 million) and a positive net worth of INR 1,253.02 million (March 31, 2020: positive net worth of INR 1,108.87 million). During last year, the shareholder of the Company entered into a Share subscription and Shareholder Agreement ('the Agreement') with Mahindra and Mahindra Limited ('M&M'). M&M has acquired 36.63% stake in the Company in first tranche investment and during the current year, M&M has acquired additional 6.58% stake in the Company by investing 150 mn. The Ultimate Holding Company Mahindra & Mahindra Limited has committed to provide continuing financial and/or operational support to the Group for its continued operations for the foreseeable future.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 17: Other Matters

The outbreak of coronavirus (COVID 19) pandemic globally is causing a slowdown of economic activity. Measures are being taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to business worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations.

The Company has made a detailed assessment of its liquidity position for next one year and the recoverability and carrying value of its assets which is majorly Investment in subsidiaries as at the Balance sheet date and has concluded that no material adjustments are required in the financial statements. Management believes that it has taken into account all possible impacts of known events arising from COVID 19 pandemic in preparation of these financial statements.

The impact of coronavirus on the business will depend on future developments that cannot be reliably predicted. The impact of global health pandemic, might be different from that estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note 18: Subsequent Events

Subsequent to the year end, Mahindra & Mahindra Limited ('M&M') has announced to purchase additional 56.8% stake in the Company, thereby making the Company a wholly owned subsidiary of M&M.

Note 19: Information with the regard to other matters specified in Schedule III to the Act is either Nil or not applicable to the Company for the year ended 31 March 2021.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Meru Mobility Tech Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Meru Mobility Tech Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and other comprehensive income, statement of changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Emphasis of Matter

We draw attention to Note No 32 to the financial statements which describes the probable / potential impact of the outbreak of COVID 19 on the business operations of the Company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

    (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

    (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

    (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

    (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

    i. The company does not have any pending litigations which will impact its financial positions.

    ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

    iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

    iv. The Disclosures in the financial Statements regarding holding as well as dealing in specified bank notes during the period from November 8, 2016 to December 30,2016 have not been made in these financial statements since they do not pertain to financial year ended March 31, 2021.

    (h) With respect to matters to be included in the Auditors' Report under section 197(16):

    In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **MERU Mobility Tech Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the financial statements of **MERU Mobility Tech Private Limited** for the year ended March 31, 2021

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

ii) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment during the year and no material discrepancies were noticed on such verification.

iii) According to the information and explanations given to us, the Company has no immovable properties registered in its name. Accordingly, the reporting under Clause 3(i) (c) of the Order is not applicable to the Company.

2) According to the information and explanations given to us, the Company is primarily engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of Taxis, providing taxi aggregator services and to acquire and operate similar existing business. Accordingly, it does not hold any physical inventories hence, paragraph 3 (ii) is not applicable.

3) In our Opinion and according to the information and explanation given to us, the company has granted loan to fellow subsidiary company covered in the register maintained under section 189 of the Act.

(a) In our opinion and according to the information and explanation given to us, the terms and conditions of the loan granted are not prejudicial to the interests of the company and its members.

(b) The loan granted to fellow subsidiary is interest free and repayable on demand.

(c) There are no overdue amounts in respect of loan granted.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax with appropriate authorities. The provisions relating to value added tax, Sales Tax Duty of customs and Duty of Excise is not applicable to the company.

According to the Information and explanation given to us, no undisputed amount payable in respect of Income Tax, Provident Fund, Employee State's insurance and any other Material Statutory Dues were in arrears as at March 31, 2021 for a period of more than Six months from the date they became payable.

ii) According to the information and explanation given to us, there are no dues of income tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, value Added Tax and which have not been deposited with the appropriate Authorities on account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) According to the information and explanations given to us, the Company has raised Rs.13.97 crores by way of rights issue. The amount raised by the Company has been utilized by the Company for the purpose for which the same were raised.

10) As more fully explained in Note 37 to the financial statements, we have been informed by the management that there was one case of fraud perpetrated by an employee of the Company which tantamounted to falsification of certain records of the Company. The amount of fraud is expected to be around INR 6.18 million.

11) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the

details of the same have been disclosed in the financial statements as required by the applicable accounting standards. Further, the company is not required to constitute and Audit Committee under section 177 of the Act, and accordingly, to this extent the provision of clause 3(xiii) of the order is not applicable to the company.

14) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

Total comprehensive income IV= (II) + (III)	–	–	–	(284.37)	–	(284.37)	(284.37)
Add: shares issued during The Year (V)	0.26	139.44	–	–	–	139.44	139.70
Non-cash advertisement expense (refer note d. below) (VI)	–	–	–	–	–	–	–
As at March 31, 2021 (I+IV+V+VI)	1.74	3,143.67	4.84	(3,046.39)	–	102.12	103.86

a. **Securities premium:** The amount received in excess of face value of the equity shares is recognised in Securities premium. The securities premium can be utilized as per the provisions of the Companies Act, 2013.

b. **Retained earnings:** Retained earnings represents the amount of accumulated earnings at each Balance Sheet date of the Company.

c. **General reserve:** General reserve is in the nature of a free reserve and can be utilised inter-alia for distribution of dividends subject to compliance of the provisions of the Companies Act, 2013.

d. **Capital reserve:** During the year ended March 31, 2017, the parent entity of the Company i.e. Meru Travel Solutions Private Limited ('MTSPL') has entered into a Share cum Warrant Subscription Agreement ('Warrant Agreement') and Advertisement Agreement with Bennett, Coleman & Co. Ltd. ('BCCL').

Through the Advertisement Agreement, BCCL has extended a Line of Credit ('LOC') to MTSPL and its subsidiaries/affiliates (collectively referred to as 'the Group'). As part of the said Advertisement Agreement, the Group gains access to various advertising properties owned by BCCL. The Group needs to make only part payment for advertisement expenses incurred as and when it places advertisements in BCCL owned media. The remaining unpaid amount owed to BCCL (i.e. the LOC to the extent utilised), will be settled out of the money to be received as warrant exercise price on exercise of warrants to subscribe to equity shares of MTSPL by BCCL, only if BCCL decides to exercise the said warrants of MTSPL. Hence, the amount of LOC to the extent utilised by the Company is disclosed as capital reserve.

During the year ended March 31, 2020, the Company has cancelled the Advertisement agreement with BCCL and basis the same as per the terms of the cancellation agreement the Deposit paid to BCCL along with taxes payable is debited to Capital reserve and retained earnings.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. Company information

Meru Mobility Tech Private Limited ('the Company') is registered as a private limited company domiciled in India having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from 5 December 2019. The Company is mainly engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of taxis, providing taxi aggregator services and to acquire and operate similar existing businesses.

On May 29, 2018, the name of the Company was changed from Meru Cab Company Private Limited to Meru Mobility Tech Private Limited.

These financial statements were authorized for issue in accordance with a Board resolution of May 10, 2021.

2. Significant accounting policies

(a) Basis of preparation:

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

(b) Functional and presentation currency:

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to nearest 1,000,000 (million) (Abbreviated as "mn") for the purpose of reporting in these financial statements, unless otherwise stated.

(c) Basis of measurement:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities and measured at fair value:

- certain financial instruments which are measured at fair value (refer accounting policy 2(n))
- Defined benefit plans. (Note 28)

2.1 Summary of significant accounting policies

a) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses arising from de-recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is de-recognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset having useful life that is materially different from that of the remaining asset. These components are depreciated over their useful lives; the remaining asset is depreciated over the life of the principal asset. Such cost includes the cost of replacing parts of the property, plant and equipment if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Subsequent expenditure is capitalized if an only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress"

Depreciation on Property, plant and equipment

Depreciation is calculated on a Straight-Line basis using the rates arrived at based on the useful life of the assets estimated by the management. The estimated useful life considered for depreciation of property, plant and equipment is as follows:

Asset description	Useful lives estimated by management (in years)
Computers and peripherals	3
Motor vehicles - fleet	3 – 5
Electric Chargers	7
Furniture and fittings	3 – 5
Office equipment	1 – 3
Leasehold Improvements	Over the period of lease or useful life of the asset, whichever is lower

Except Computers and peripherals, useful lives of above property, plant and equipment are different from those prescribed under schedule II. These lives are based on estimates supported by internal technical evaluation.

b) Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Taxi permits (Leased):

Taxi permits are amortised using the straight-line method over a period of 8 years or contractual life whichever is lower.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Software:

ERP software is amortised using the straight-line method over a period of 5 years and other software are amortised using the straight-line method over a period of 3 years or contractual life, whichever is lower.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

c) **Impairment of Property, plant and equipment and intangible assets**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available.

If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

d) **Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is lessee:

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised

Where the Company is Lessor:

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognizes lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has applied Ind AS 116 initially on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 is being recognized as an adjustment to the opening balance of retained earnings at April 1, 2019, with no restatement of comparative information. The Company has applied Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

e) Borrowing costs

Borrowing costs include interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes as substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

f) Revenue recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The effect on adoption of Ind AS 115 was insignificant.

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

<u>**Income from services:**</u>

i. Revenue from taxi services, convenience fees, airport charges, services

Revenue from taxi services represents revenue earned from transportation of passengers as part of metered tax operations. Revenue from taxi services is measured as per the contractual terms and is recognised on completion of each trip. Convenience fees are charged to customer for facilitating booking of taxi services through the Company. Convenience fees are recognised as revenue at completion of trip. Airport charges are recovered from customers towards the airport charges incurred at airports as per the contractual terms. Airport charges are recognised as revenue at completion of trip.

ii. Revenue from taxi aggregator services

Revenue from taxi aggregator services is recognised net off the share of revenue paid to drivers, as and when the services are rendered as per the terms of the contract. Taxi aggregator services involve the Company providing a platform to facilitate booking of taxi services by passengers with third party independent taxi service providers.

iii. Revenue from employee transportation

Revenue from employee transportation represents revenue earned from providing taxi services to corporates for employee transportation. Revenue is measured as per the contractual terms and recognised as and when the service is rendered as per contract terms.

iv. Revenue from car rental services

Revenue from car rental services represents revenue earned from letting cars on hire to customers for specific period of time (generally short periods of time ranging from a few hours to a day). Revenue is measured as per the contractual terms and is recognized on completion of each trip.

v. Advertisement revenue

Revenue from advertisement contracts are recognised pro-rata over the period of contract as and when services are rendered. Revenue is measured as per the contractual terms

The Company generally does not offer a credit period in respect of its billing to drivers. In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

Interest income:

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in finance income in the statement of profit and loss.

g) Foreign currencies

i. Transactions - Initial recognition

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

ii. Balances

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

Non-monetary items which are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of initial transaction. Non-monetary items, which are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item (i.e., the translation differences on items whose fair value gain or loss is recognised in OCI or statement of profit and loss are also recognised in OCI or statement of profit and loss, respectively).

h) Retirement and other employee benefits

i. Provident fund and ESIC

Retirement benefit in the form of provident fund and ESIC are defined contribution schemes. The Company has no obligation, other than the contribution payable to these schemes. The Company recognises contribution paid / payable during the year to these schemes in the statement of profit and loss.

ii. Gratuity

The Company operates a defined benefit gratuity plan for its employees. This benefit is unfunded. The cost of providing benefits under the defined benefit plans is determined by independent actuaries using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognised immediately in the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur and are not reclassified to profit or loss in subsequent periods.

iii. Compensated Absences

The liability towards Long term compensated absences is determined by independent actuaries using the projected

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognised immediately in the statement of financial position with a corresponding debit or credit to Statement of profit and loss in the period in which they occur.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond 12 months, as long term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end.

i) Income taxes

Tax expense comprises of current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

k) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

l) Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

m) Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

<u>Initial recognition and measurement</u>

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

<u>Subsequent measurement</u>

For purposes of subsequent measurement, financial assets are classified as measured at:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI) – debt investment
- Fair value through other comprehensive income (FVTOCI) – equity investment
- Fair value through profit or loss (FVTPL)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Financial assets at amortised cost

A financial asset is measured at amortised cost if both the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in profit or loss. The losses arising from impairment are recognised in profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii. The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in profit or loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Equity investments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment by investment basis.

Fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial assets. All financial assets not classified as measured at amortised cost of FVTOCI, as described above are classified as at FVTPL. This includes all derivative financial assets. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

b) Other financial assets such as deposits, other receivables etc.

The company follows 'simplified approach' for recognition of impairment loss allowance for Trade receivables. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis and considers historical experience, credit assessments and forward looking information.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at amortised cost or FVTPL.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not at FVTPL, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and loans and borrowings including bank overdrafts.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on financial liabilities at FVTLP including interest expense are recognised in the profit or loss.

Other financial liabilities

Financial liabilities other that FVTPL instruments are subsequently measured at amortised cost using effective interest method. Interest expense and foreign exchanges gains or losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o) Current versus non-current classification:

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period

Or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period

Or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

p) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability

Or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

q) Segment reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

r) Recent Indian Accounting standard (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

s) Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur. Following are the significant accounting judgements, estimates and assumptions:

2.2 Significant accounting judgements, estimates and assumptions

I. Revenue:

The Company assesses in accordance with Ind AS 115 as to whether it is acting as principal or agent in respect of the revenue arrangements entered. The Company has assessed that it is acting as an agent in case of revenue from taxi aggregator services arrangements and dealing on principal to principal basis for revenue from other services in terms of the principles of Ind AS 115.

II. Contracts with Driver - Whether the arrangement with drivers contains a lease:

Significant judgement is required to apply lease accounting rules under Appendix C of Ind AS 17 - Determining whether an arrangement contains a lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforceable arrangements and other significant terms and conditions of the arrangements to conclude whether the arrangements meet the criteria under Appendix C.

III. Useful lives of intangibles and property, plant and equipment:

The Company reviews the useful life and residual value of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation in future periods.

IV. Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

V. Impairment of non-financial assets

The Company performs impairment testing for intangible assets and property, plant and equipment where there are indicators of impairment. If such an indicator exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of value in use and fair value less costs of disposal. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Company's Statement of profit and loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of the recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately as a credit to the Company's Statement of profit and loss.

Advances recoverable in cash	6	**5.19**	6.35
Accrued interest	6	**0.23**	0.15
Receivables towards assets given on finance lease	6	**15.29**	21.56
Trade Receivables	10	**84.28**	133.51
Cash and cash equivalents and other bank balances	11, 12	**24.61**	15.02
Financial assets classified at FVTPL			
Investments	9	**115.37**	357.48
Total		**444.77**	771.27
Financial liabilities carried at amortised cost			
Borrowings	15	**314.51**	481.46
Current Maturities of long term Borrowings	18	**15.23**	72.71
Other financial liabilities	18	**95.18**	142.75
Trade payables	17	**48.92**	72.67
Total		**473.84**	769.59

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, loans, other financial assets trade payables, borrowings and other financial liability approximate their carrying amounts largely due to the short-term maturities of these instruments.

Investments in mutual funds are recorded at fair value. The fair value is determined at the amount at which the instruments could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of investments in mutual fund units is based on Net Asset Value (NAV) on the balance sheet date as published by the mutual fund. The fair value is categorised as Level 2 in the fair value measurement hierarchy.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Market risk - interest rate risk

– Credit risk

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings are all in fixed rate instruments and there is no investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), liquid mutual fund units, inter corporate deposits, cash deposits and other financial instruments.

Trade receivables

The Company's Management divides its customers primarily into following two categories for purposes of monitoring credit risk:

Trade receivables from subscribers

Credit risk relating to subscribers is managed in accordance with the Company's established policy, procedures and controls relating to driver credit risk management. Trade receivables are non-interest bearing. Outstanding receivables are regularly monitored. The Company recognises impairment of trade receivables from drivers based on outstanding receivable, its historical experience and its expectation of credit losses in the future except to the extent the trade receivables are secured by way of deposits received from customers.

	March 31, 2021	March 31, 2020
Gross Trade receivables from subscribers	**67.78**	70.98
Less: Impairment allowance doubtful trade receivables	**(13.17)**	(30.34)
Net Trade receivables from subscribers	**54.61**	40.64
Security deposits received from above subscribers held as at the respective reporting dates	**36.22**	36.00

Trade receivables from other customers

Credit risk relating to other customers is managed in accordance with the Company's established policy, procedures and controls relating to other customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from other customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

	March 31, 2021	March 31, 2020
Gross Trade receivables from other customers	**71.49**	114.63
Less: Impairment allowance doubtful trade receivables	**(41.82)**	(21.76)
Net Trade receivables from other customers	**29.67**	92.87
Ageing of gross trade receivables relating to other customers:		
Less than 6 months	**29.67**	92.87
More than 6 months	**41.82**	21.76
	71.49	114.63

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR millions)

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 27A. The Company has assessed the concentration risk with respect to trade receivables as low for its business.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations including deposits received from drivers.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

* The carrying amount of borrowings is net of transaction costs including bank fees.

D] Capital management

For the purpose of capital management, the Company considers capital to include issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the loan covenants. To maintain or adjust the capital structure, the Company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flows as forecasts at each period end and identifies need for additional funding from the share holders to meet the outstanding commitments and future cash flow requirements to meet the business plans. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents and liquid mutual fund units.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR millions)

Particulars	March 31, 2021	March 31, 2020
Borrowings	**40.28**	297.21
Less: Cash and Cash Equivalent and liquid mutual fund units	**139.98**	372.50
Net Debt/(Surplus funds)	**(99.70)**	(75.29)

Note 28: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 23 under "Contribution to provident and other funds":

Particulars	March 31, 2021	March 31, 2020
Contribution to employees provident fund	**6.89**	7.11
Contribution to ESI	**0.47**	0.69
Total	**7.36**	7.80

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

Liability recognised in the Balance Sheet in respect of Gratuity

	March 31, 2021	March 31, 2020
Present value of the defined benefit obligation at the end of the year	**12.25**	13.01
	12.25	13.01

Changes in the present value of the defined benefit obligation are as follows :

	March 31, 2021	March 31, 2020
Defined benefit obligation at beginning of the year	**13.01**	11.00
Current service cost	**1.63**	1.81
Interest cost	**0.67**	0.76
Past Service cost	**–**	–
Sub-total included in statement of profit and loss	**2.30**	2.57
Remeasurement (gains)/losses recorded in OCI		
Actuarial changes arising from changes in demographic assumptions	**–**	–
Actuarial changes arising from changes in financial assumptions	**0.31**	(0.32)
Experience adjustments	**(0.60)**	0.67
Sub-total included in OCI	**(0.29)**	0.35
Acquisition Adjustment	**0.31**	1.75
Benefits paid	**(3.07)**	(2.66)
Defined benefit obligation at the end of the year	**12.25**	13.01

Following table summarises the principal assumptions used for actuarial valuation of gratuity obligation for each reporting period:

	March 31, 2021	March 31, 2020
Discount rate	**4.60%**	5.15%
Future salary increases	**8.00%**	8.00%
Attrition rate (% p.a.)	**refer note below**	refer note below

Note : Call center – 60%, Non Call center – 35%, Management committee –10%

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Demographic Assumptions :

Mortality in Service: Indian Assured Lives Mortality 2012-18 (March 31, 2020: Mortality in Service: Indian Assured Lives Mortality 2006-08)

Mortality in Retirement : 58 Years

A quantitative sensitivity analysis for significant assumptions as at each reporting date is as shown below:

	Discount rate assumption	
	March 31, 2021	March 31, 2020
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**(0.56)**	(0.48)
Impact of decrease of 1 % p.a. on defined benefit obligation	**0.61**	0.51

	Future salary increase assumption	
	March 31, 2021	March 31, 2020
Gratuity plan:		
Impact of increase of 1% p.a. on defined benefit obligation	**0.44**	0.39
Impact of decrease of 1 % p.a. on defined benefit obligation	**(0.43)**	(0.40)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 5 years (March 31, 2020: 3 years).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR millions)

The following are expected contributions over the future years (valued on undiscounted basis):

	March 31, 2021	March 31, 2020
Within the next 1 year (next annual reporting period)	**2.88**	3.75
Between 2 to 5 years	**6.30**	7.49
Between 6 to 10 years	**3.87**	2.81
Beyond 10 years	**2.66**	2.11
Total expected payments	**15.71**	16.16

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2021 INR 3.83 Millions (March 31, 2020: INR 1.52 Millions).

Note 29: Commitments and contingencies

A. Leases

a. Lease commitments

Effective April 1, 2019, the Company adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the right of use asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the Company’s incremental borrowing rate at the date of initial application. Comparatives as at and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our financial statement for year ended March 31, 2019.

On transition, the adoption of the new standard resulted in recognition of ‘Right of Use’ asset and lease liability of INR 2.93 million. The effect of this adoption is insignificant on the loss before tax and earnings per share. Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is in the range of 12.45% -11.65% p.a.%

Following are the changes in the carrying value of right of use assets for the year ended March 31, 2021

Particulars	**ROU Assets Building**	**Total**
Balance as at April 1, 2019	**2.93**	2.93
Additions	**1.15**	1.15
Deletions	**–**	–
Balance as at March 31, 2020	**4.08**	4.08
Additions	**–**	–
Deletions	**–**	–
Balance as at March 31, 2021	**4.08**	4.08

The following is the movement in lease liabilities for the year ended March 31, 2021

Particulars	**March 31, 2021**	March 31, 2020
Balance at the beginning	**1.96**	2.93
Additions	**–**	1.15
Finance cost accrued during the period	**0.09**	0.29
Deletions	**–**	–
Payment of lease liabilities	**(2.05)**	(2.41)
Balance at the end	**–**	1.96

Depreciation on right-of-use assets is as follow

	Year ended March 31, 2021	Year ended March 31, 2020
Depreciation		
Building	**1.87**	2.21
Total	**1.87**	2.21

During the year ended March 31, 2021, the Company has paid INR 21.46 million (March 31, 2020 : INR 28.23 million) towards short-term lease payments. This has been recorded under Rent expense in the statement of profit and loss.

b. Finance lease - where the Company is lessor

The Company has taken taxi permits on finance lease by paying the consideration upfront as a onetime payment.

The Company has leased out 36 vehicles (March 31, 2020 : 51) on finance lease. The lease term is for 3 - 4 years and is non-renewable, after which the legal title is passed to the lessee. There is no escalation clause in the lease agreement.

Gross investments	**March 31, 2021**	March 31, 2020
Within one year	**6.32**	8.29
After one year but not more than five years	**13.14**	16.79
More than five years	**–**	–
	19.46	25.08
Less: Unearned finance income	**(4.17)**	(3.52)
Present value of minimum lease payments	**15.29**	21.56
Present value of future rentals		
Within one year	**5.11**	6.47
After one year but not more than five years	**10.18**	15.09
More than five years	**–**	–
Present value of minimum lease payments	**15.29**	21.56

During the year ended March 31, 2021, the Company has earned INR 0.06 Million (March 31, 2020: INR 0.65 Million) as interest income. This has been recorded under finance income in the statement of profit and loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR millions)

Movement for the receivables towards assets given on finance lease	Amount
Opening balance as at 1 April 2019	–
Add: Additions made during the tear	**23.46**
Less: amount recovered during the year	**(1.90)**
Closing balance as at March 31, 2020	**21.56**
Add: Additions made during the tear	**3.44**
Less: Adjustment on account of lease term modification	**(0.25)**
Less: Deletion made during the tear	**(8.69)**
Less: amount recovered during the year	**(0.77)**
Closing balance as at March 31, 2021	**15.29**

B. Commitments

[I] Capital commitments

	As at March 31, 2021	As at March 31, 2020
Estimated amount of contracts remaining to be executed on capital account and not provided for, (net of advances)		
– towards leasehold improvement	**–**	6.80
– towards purchase of vehicles	**–**	29.75
	–	36.55

[II] Other commitments

The Company has entered into License Agreements/Contracts with Airport authorities at some locations. These agreements are for periods of 3 to 4 years and include non-cancellable period of 1 to 2 years. Under the contracts, the Company guarantees a certain minimum payment to the airports each month. Management believes that it would perform its obligations for the entire period of these contracts taking into account the past experience and management's intent and future business plans. Management has disclosed contractual commitments under these contracts below based on the total contractual period.

	As at March 31, 2021	As at March 31, 2020
<u>Minimum commitment to Airports</u>		
Delhi Airport Terminal 1	**–**	3.45
Delhi Airport Terminal 2	**–**	1.12
Delhi Airport Terminal 3	**–**	24.98
Bangalore Airport	**–**	51.92
Hyderabad Airport	**112.15**	200.28
	112.15	281.74

C] Contingent liabilities

Particulars	As at March 31, 2021	As at March 31, 2020
Claims against the Company not acknowledged as debts (Refer note a below)	**14.23**	18.78
Advertisement tax	**5.54**	5.54
Guarantees and counter guarantees given by the Company (disclosed to the extent of outstanding loan balance) (Refer note b below)	**–**	0.29
	19.77	24.61

Note:

a) Claims against the Company pertain to various legal claims filed against the Company by customers/ third parties. The Company has contested these claims and the same are pending adjudication at various judicial forums. The timing of any possible cash outflows with regard to the aforesaid matters depends upon the final outcome of the respective litigations and exhaustion of remedies available to the Company under the law and hence the Company is not able to reasonably ascertain the timing of the possible outflow, if any.

b) The guarantees given have been used for acquisition of property, plant and equipment by a fellow subsidiary. Total loan amount drawn for which guarantee is given was INR Nil million (March 31, 2020: INR 2.45 million), of which outstanding loan balance is disclosed above.

Note 30: Income Taxes

* less than Rs. 5,000

Terms and conditions of transactions with related parties

All the related party transaction during the year were in ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The loans receivable and payable are all repayable on demand.

Note 32:

The outbreak of coronavirus (COVID 19) pandemic globally is causing a slowdown of economic activity. Measures are being taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to business worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations.

The Company has made a detailed assessment of its liquidity position for next one year and the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade receivables and Investment as at the Balance sheet date and has concluded that no material adjustments are required in the financial statements. Management believes that it has taken into account all possible impacts of known events arising from COVID 19 pandemic in preparation of these financial statements.

The impact of coronavirus on the business will depend on future developments that cannot be reliably predicted. The impact of global health pandemic, might be different from that estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note 33: Operating Segments Reporting

A. Basis for segmentation

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

The Group has two reportable segments, as described below, which are the Group's strategic business units. These business units offer different services and are managed separately because they require different technologies and marketing strategies. For each of the business units the CODM reviews internal management reports on monthly basis.

The following summary describes the operations in each of the company reportable segments:

a. **Taxi services (includes taxi aggregator services):** Provide taxi services to retail passengers (which includes taxi aggregator services).

b. **Employee transport service:** Provides employee transportation and rent a cab services to corporate customers.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note 34: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2021	March 31, 2020
Profit/(Loss) attributable to equity holders	**(284.66)**	(106.44)
Number of Shares outstanding at the beginning of the year	**148,195**	84,786
Add: Shares issued during the year	**25,500**	63,409
Number of Shares outstanding at the end of the year	**173,695**	148,195

	March 31, 2021	March 31, 2020
Weighted average number of Equity shares for basic EPS and diluted	**148,894**	105,229
Basic and diluted EPS calculations	**(1,911.86)**	(1,011.51)
Weighted average number of Equity shares adjusted for the effect of dilution	**–**	–

Note 35: As at March 31, 2021, the Company has accumulated losses of INR 3,046.39 million (March 31, 2020: INR 2,762.02 million) and a positive net worth of INR 103.86 million (March 31, 2020 : INR 248.53 million). The ultimate holding Company Mahindra & Mahindra Limited has committed to provide continuing financial and/or operational support to the Company for its continued operations for the foreseeable future.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR millions)

Note 36: Based on the contracts with taxi operators under the taxi aggregator services, the Company's revenue is determined as a share of the total passenger revenue of INR 94.40 million (March 31, 2020: INR 457.02 million) generated by these taxi operators.

Note 37: During the year, the Company has identified that one of its ex-employee handling paperwork for owned Motor Vehicles of the Company, was involved in fraudulent activity, and was submitting fake documents with the Company, the same has resulted into loss to the Company of INR 6.18 Mn. The Company is in the process of filling FIR against him and recorded provision for expenses for correcting the above paperwork.

Note 38: Subsequent to the year end, Mahindra & Mahindra Limited ('M&M', the Ultimate Holding Company) has announced to purchase additional stake in the Meru Travel Solutions Private Limited (the Holding Company), thereby making the Group, wholly owned Group of M&M.

Note 39: Information with the regard to other matters specified in Schedule III to the Act is either Nil or not applicable to the Company for the year ended 31 March 2021.

Note 40: All amounts disclosed in the financial statements and notes has been rounded off to the nearest millions as per the requirement of Schedule III, unless otherwise stated.

INDEPENDENT AUDITOR'S REPORT

To the Members of
V-Link Automotive Services Private Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **V-Link Automotive Services Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and other comprehensive income, statement of changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Emphasis of Matter

We draw attention to Note No 31 to the financial statements which describes the probable/potential impact of the outbreak of COVID 19 on the business operations of the Company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a wholeare free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that aresufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in

our opinion and to the best of our information and according to the explanations given to us:

i. The company does not have any pending litigations which will impact its financial positions.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Disclosures in the financial Statements regarding holding as well as dealing in specified bank notes during the period from November 8, 2016 to December 30,2016 have not been made in these financial statements since they do not pertain to financial year ended March 31, 2021.

(h) With respect to matters to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year and hence the provisions of Section 197 of the Act are not applicable to the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **V-Link Automotive Services Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the financial statements of **V-Link Automotive Services Private Limited** for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

ii) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

iii) According to the information and explanations given to us, the Company has no immovable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

2) According to the information and explanations given to us, the Company is primarily engaged in the business of providing taxi and taxi aggregator services. Accordingly, it does not hold any physical inventories. Accordingly, paragraph 3 (ii) is not applicable.

3) In our Opinion and according to the information and explanation given to us, the company has granted loan to a fellow subsidiary company covered in the register maintained under section 189 of the Act.

(a) In our opinion and according to the information and explanation given to us, the terms and conditions of the loan granted to the fellow subsidiary company are not prejudicial to the interests of the company and its members.

(b) The loan granted to fellow subsidiary is interest free and repayable on demand.

(c) There are no overdue amounts in respect of loan granted to Fellow Subsidiary Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax with appropriate authorities. The provisions relating to value added tax, Sales Tax Duty of customs and Duty of Excise is not applicable to the company.

According to the Information and explanation given to us, no undisputed amount payable in respect of Income Tax, Provident Fund, Employee State's insurance and any other Material Statutory Dues were in arrears as at March 31, 2021 for a period of more than Six months from the date they became payable.

ii) According to the information and explanation given to us, there are no dues of income tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, value Added Tax and which have not been deposited with the appropriate Authorities on account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given by the management, no managerial remuneration has been paid, and accordingly, the provision of clause 3 (xi) of the Order is not applicable to the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards. Further, the company is not required to constitute and Audit Committee under section 177 of the Act, and accordingly, to this extent the provision of clause 3(xiii) of the order is not applicable to the company.

14) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

Notes:

Securities premium: Securities premium is credited when shares are issued at a premium. The securities premium can be utilized as per the provisions of the Companies Act, 2013 for specified purposes such as to issue bonus shares, to provide for premium on redemption of shares or debentures etc.

Retained earnings: Retained earnings represents the amount of accumulated earnings at each Balance Sheet date of the Company.

Capital Reserve: Capital Reserve represents the fair value in respect of financial guarantee provided by the holding company in favour of the Company recognised on transition to Ind AS as at April 1, 2016 amounting to INR 3,750,000 with a corresponding debit to financial guarantee assets recorded under Other Assets. These financial guarantee assets have been amortised as expenses in the Statement of Profit and Loss over the period of the guarantee and the unamortised portion as at March 31, 2021 amounts to INR Nil.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. Company information

V-Link Automotive Services Private Limited ('the Company') is registered as a private limited company domiciled in India having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from 5 December 2019. The Company is mainly engaged in the business of owning, operating and maintaining vehicle fleet for transportation of passengers in form of taxis, providing taxi aggregator services and to acquire and operate similar existing businesses.

These financial statements were authorized for issue in accordance with a Board resolution of May 10, 2021.

2. Significant accounting policies

(a) Basis of preparation:

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

(b) Functional and presentation currency:

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

(c) Basis of measurement:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities and measured at fair value:

- certain financial instruments which are measured at fair value (refer accounting policy 2(n))
- Defined benefit plans. (Note 23)

2.1 Summary of significant accounting policies

a) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses arising from de-recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is de-recognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset having useful life that is materially different from that of the remaining asset. These components are depreciated over their useful lives; the remaining asset is depreciated over the life of the principal asset. Such cost includes the cost of replacing parts of the property, plant and equipment if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Subsequent expenditure is capitalized if an only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress"

Depreciation on Property, plant and equipment

Depreciation is calculated on a Straight-Line basis using the rates arrived at based on the useful life of the assets estimated by the management. The estimated useful life considered for depreciation of property, plant and equipment is as follows:

Asset description	Useful lives estimated by management (in years)
Computers and peripherals	3
Motor vehicles - fleet	3 – 6
Furniture and fittings	3 – 6
Office equipment	3

Except Computers and peripherals, useful lives of above property, plant and equipment are different from those prescribed under schedule II. These lives are based on estimates supported by internal technical evaluation.

b) Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Software:

ERP software is amortised using the straight-line method over a period of 5 years and other software are amortised using the straight-line method over a period of 3 years or contractual life, whichever is lower.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

c) Impairment of Property, plant and equipment and intangible assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available.

If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

d) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is Lessee:

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised

Where the Company is Lessor:

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognizes lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and nonlease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has applied Ind AS 116 initially on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 is being recognized as an adjustment to the opening balance of retained earnings at April 1, 2019, with no restatement of comparative information. The Company has applied Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

e) Borrowing costs

Borrowing costs include interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes as substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

f) Revenue recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The effect on adoption of Ind AS 115 was insignificant.

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

<u>**Income from services:**</u>

i. Revenue from taxi aggregator services, convenience fees and airport charges

Revenue from taxi aggregator services is recognised net off the share of revenue paid to drivers, as and when the services are rendered as per the terms of the contract. Taxi aggregator services involve the Company providing a platform to facilitate booking of taxi services by passengers with third party independent taxi service providers. Convenience fees are charged to customer for facilitating booking of taxi services through the Company. Convenience fees are recognised as revenue at completion of trip. Airport charges are recovered from customers towards the facilitating booking of taxi services at airport counter. Airport charges are recognised as revenue at completion of trip.

ii. Revenue from car rental services

Revenue from car rental services represents revenue earned from letting cars on hire to customers for specific period of time (generally short periods of time ranging from a few hours to a day). Revenue is measured as per the contractual terms and is recognized on completion of each trip.

iii. Advertisement revenue

Revenue from advertisement contracts are recognised pro-rata over the period of contract as and when services are rendered. Revenue is measured as per the contractual terms

The Company generally does not offer a credit period in respect of its billing to drivers. In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

Interest income:

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in finance income in the statement of profit and loss.

g) Foreign currencies

i. Transactions - Initial recognition

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

ii. Balances

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

Non-monetary items which are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of initial transaction. Non-monetary items, which are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item (i.e., the translation differences on items whose fair value gain or loss is recognised in OCI or statement of profit and loss are also recognised in OCI or statement of profit and loss, respectively).

h) Retirement and other employee benefits

i. Provident fund and ESIC

Retirement benefit in the form of provident fund and ESIC are defined contribution schemes. The Company has no obligation, other than the contribution payable to these schemes. The Company recognises contribution paid / payable during the year to these schemes in the statement of profit and loss.

ii. Gratuity

The Company operates a defined benefit gratuity plan for its employees. This benefit is unfunded. The cost of providing benefits under the defined benefit plans is determined by independent actuaries using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognised immediately in

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur and are not reclassified to profit or loss in subsequent periods.

iii. Compensated Absences

The liability towards Long term compensated absences is determined by independent actuaries using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognised immediately in the statement of financial position with a corresponding debit or credit to Statement of profit and loss in the period in which they occur.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond 12 months, as long term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end.

i) Income taxes

Tax expense comprises of current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

k) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

l) Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

m) Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and on hand and shortterm deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

<u>Initial recognition and measurement</u>

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified as measured at:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI) – debt investment
- Fair value through other comprehensive income (FVTOCI) – equity investment
- Fair value through profit or loss (FVTPL)

Financial assets at amortised cost

A financial asset is measured at amortised cost if both the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in profit or loss. The losses arising from impairment are recognised in profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii. The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in profit or loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Equity investments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment by investment basis.

Fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial assets. All financial assets not classified as measured at amortised cost of FVTOCI, as described above are classified as at FVTPL. This includes all derivative financial assets. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

b) Other financial assets such as deposits, other receivables etc.

The company follows 'simplified approach' for recognition of impairment loss allowance for Trade receivables. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis and considers historical experience, credit assessments and forward looking information.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at amortised cost or FVTPL.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not at FVTPL, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and loans and borrowings including bank overdrafts.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on financial liabilities at FVTLP including interest expense are recognised in the profit or loss.

Other financial liabilities

Financial liabilities other that FVTPL instruments are subsequently measured at amortised cost using effective interest method. Interest expense and foreign exchanges gains or losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o) Current versus non-current classification:

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period

Or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period

Or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

p) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability

Or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

q) Segment reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

r) Recent Indian Accounting standard (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

s) Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur. Following are the significant accounting judgements, estimates and assumptions:

2.2 Significant accounting judgements, estimates and assumptions

I. Revenue:

The Company assesses in accordance with Ind AS 115 as to whether it is acting as principal or agent in respect of the revenue arrangements entered. The Company has assessed that it is acting as an agent in case of revenue from taxi aggregator services arrangements and dealing on principal to principal basis for revenue from other services in terms of the principles of Ind AS 115.

II. Contracts with Driver - Whether the arrangement with drivers contains a lease:

Significant judgement is required to apply lease accounting rules under Appendix C of Ind AS 17 - Determining whether an arrangement contains a lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforceable arrangements and other significant terms and conditions of the arrangements to conclude whether the arrangements meet the criteria under Appendix C.

III. Useful lives of intangibles and property, plant and equipment:

The Company reviews the useful life and residual value of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation in future periods.

IV. Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

V. Impairment of non-financial assets

The Company performs impairment testing for intangible assets and property, plant and equipment where there are indicators of impairment. If such an indicator exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of value in use and fair value less costs of disposal. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Company's Statement of profit and loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of the recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately as a credit to the Company's Statement of profit and loss

Note 22: Financial Instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts (net off any impairment provisions) of financial instruments

Particulars	**Notes**	**Carrying value** March 31, 2021	Carrying value March 31, 2020
Financial assets carried at amortized cost			
Security Deposits	4	**97,500**	1,132,662
Loans to related parties - Inter-corporate deposit	4	**293,762,983**	302,136,514
Trade receivables	7	**4,068,302**	6,183,930
Term deposit with bank	5	**210,000**	210,000
Cash and cash equivalents	8	**1,548,830**	806,367
Advance recoverable in cash	5	**–**	5,078
Accrued Interest	5	**74,508**	59,258
Total		**299,762,123**	310,533,810
Financial liabilities carried at amortized cost			
Other financial liabilities	13	**9,729,564**	10,796,081
Trade payables	12	**1,979,183**	3,354,275
Total		**11,708,747**	14,150,356

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, trade payables, security deposits and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

- Market risk - interest rate risk
- Credit risk
- Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has given interest free inter corporate deposits to fellow subsidiaries. Further The Company does not have any exposure to interest rate risks since there is no borrowings and investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables), liquid mutual fund units, inter corporate deposits, cash deposits and other financial instruments.

Trade receivables

The Company's Management divides its customers primarily into following two categories for purposes of monitoring credit risk:

Trade receivables from Subscribers

Trade receivables from subscriber credit risk is managed in accordance with the company established policy, procedures and controls relating to driver credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. The Company recognises impairment of trade receivable from drivers based on outstanding receivable net of corresponding deposit.

	March 31, 2021	March 31, 2020
Gross trade receivables from subscribers	**9,789,435**	9,799,398
Less: Impairment allowance for doubtful trade receivables	**(6,335,971)**	(6,346,322)
Net trade receivables from subscribers	**3,453,464**	3,453,076
Security deposits received from above subscribers held as at the respective reporting dates	**3,457,641**	3,461,121

Trade receivables from other customers

Credit risk relating to other customers is managed in accordance with the Company's established policy, procedures and controls relating to corporate customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from other customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR)

	March 31, 2021	March 31, 2020
Gross Trade receivables from other customers	**976,260**	3,011,038
Less: Impairment allowance for doubtful trade receivables	**(361,422)**	(280,184)
Net Trade receivables from other customers	**614,838**	2,730,854
Ageing of gross trade receivables relating to other customers:		
Within 6 months	**614,838**	2,730,854
More than 6 months	**361,422**	280,184
	976,260	3,011,038

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations including deposits received from drivers.

The table below summarises the maturity profile of the company financial liabilities based on contractual undiscounted payments.

		Undiscounted amount				
Year ended - March 31, 2021	**Carrying Value**	**Payable within 1 year**	**Payable within 1 to 2 years**	**Payable within 2 to 3 years**	**Payable within 3 to 4 years**	**Total**
Deposits from Subscriber	**9,729,564**	**9,729,564**	**–**	**–**	**–**	**9,729,564**

Trade Payables	3,354,275	3,354,275	–	–	–	3,354,275
	14,150,361	14,150,361	–	–	–	14,150,361

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may issue new shares. The company manages its capital, considering the net debt position and rolling cash flows as at each period end and identify need for additional funding from the shareholders to meet the outstanding commitments and future cash flow requirements to meet the future business plans. The company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents (Including intercorporate deposits), excluding discontinued operations.

Particulars	**March 31, 2021**	March 31, 2020
Borrowings	**–**	–
Less: Cash and Cash Equivalent (Including intercorporate deposits)	**295,521,813**	303,152,881
Net Debt/(Surplus funds)	**(295,521,813)**	(303,152,881)

Note 23: Employee benefits

a. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 18 under "Contribution to provident and other funds":

Particulars	**March 31, 2021**	March 31, 2020
Contribution to employees provident fund	**60,163**	216,628
Contribution to ESI	**6,692**	41,671
Total	**66,855**	258,299

b. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR)

Liability recognised in the Balance Sheet in respect of Gratuity

Particulars	**March 31, 2021**	March 31, 2020
Present value of the defined benefit obligation at the end of the year	–	338,328
Total	–	338,328

Changes in the present value of the defined benefit obligation are, as follows :

	March 31, 2021	March 31, 2020
Defined benefit obligation at beginning of the year	**338,328**	246,170
Current service cost	**2,459**	60,184
Interest cost	–	16,281
Sub-total included in statement of profit and loss	**2,459**	76,465
<u>**Remeasurement losses recorded in OCI**</u>		
Actuarial (gains)/losses arising from changes in demographic assumptions	–	1
Actuarial (gains)/losses arising from changes in financial assumptions	–	13,593
Experience adjustments	–	2,099
Sub-total included in OCI	–	15,693
Transfer of liability to fellow subsidiary	**(340,787)**	–
Benefits paid	–	–
Defined benefit obligation at the end of the year	–	338,328

Following table summarises the key assumptions used for actuarial valuation of gratuity obligations for each reporting period:

Actuarial assumptions	**March 31, 2021**	March 31, 2020
Discount rate	**0.00%**	5.15%
Future salary increases	**0.00%**	8.00%
Attrition	**0%**	35%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Demographic Assumptions :

Mortality in Service: Not applicable (March 31, 2020: Mortality in Service: Indian Assured Lives Mortality 2012-18)

Mortality in Retirement : Not applicable (March 31, 2020: 58 Years)

As there are no employees as at March 31, 2021, actuarial valuation has not been performed for the year ended March 31, 2021.

A quantitative sensitivity analysis for significant assumption as at each reporting date is as shown below:

	Discount rate assumption	
Gratuity plan:	**March 31, 2021**	March 31, 2020
Impact of increase of 1% p.a. on defined benefit obligation	–	10,044
Impact of decrease of 1 % p.a. on defined benefit obligation	–	(9,492)

	Future salary increase assumption	
Gratuity plan:	**March 31, 2021**	March 31, 2020
Impact of increase of 1% p.a. on defined benefit obligation	–	9,680
Impact of decrease of 1 % p.a. on defined benefit obligation	–	(9,332)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of March 31, 2020: 3 years.

The following are expected payments over the future years (valued on undiscounted basis):

	March 31, 2021	March 31, 2020
Within the next 1 year (next annual reporting period)	–	109,791
Between 2 to 5 years	–	221,538
Between 6 to 10 years	–	54,942
Beyond 10 years	–	10,864
Total expected payments	–	397,135

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended March 31, 2021: INR 844 (March 31, 2020: INR 72,865)

Note 24: Commitments and contingencies

A] Lease commitments

Effective April 1, 2019, the adoption of the new standard resulted in recognition of ‘Right of Use’ asset of and lease liability of Rs 2,720,907. The effect of this adoption is insignificant on profit for the period and earnings per share. Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

The weighted average incremental borrowing rate applied to lease liabilities as at 12.45% p.a.

Following are the changes in the carrying value of right of use assets for the year ended March 31, 2021

Particulars	**ROU Assets Building**	**Total**
Balance as at April 1, 2019	–	–
Additions	**2,720,907**	**2,720,907**
Deletions	–	–
Balance as at March 31, 2020	**2,720,907**	2,720,907
Balance as at April 1, 2019	–	–
Additions	**2,720,907**	**2,720,907**
Deletions	–	–
Balance as at March 31, 2020	**2,720,907**	2,720,907

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR)

The following is the movement in lease liabilities for the year ended March 31, 2021

	March 31, 2021	March 31, 2020
Balance at the beginning	**878,289**	–
Additions	**–**	2,720,907
Finance cost accrued during the period	**58,234**	236,441
Deletions	**–**	–
Payment of lease liabilities	**(936,523)**	(2,079,059)
Balance at the end	**–**	878,289

Depreciation on right-of-use assets is as follow

	Year ended March 31, 2021	Year ended March 31, 2020
Depreciation		
Building	**803,664**	1,917,243
Total	**803,664**	1,917,243

During the year ended March 31, 2021, the Company has paid INR 283,752 (March 31, 2020: INR 96,873) towards short term lease payments. This has been recorded under Rent expense in the statement of profit and loss.

B] Contingent liabilities

	March 31, 2021	March 31, 2020
Claims against the Company not acknowledged as debts	**–**	1,915,000
Guarantees and counter guarantees given by the Company (disclosed to the extent of outstanding loan balance)	**–**	91,876,061
	–	93,791,061

Note:

Claims against the Company pertains to various legal claims filed against the Company by customers/third parties. The Company had contested these claims and the same were pending adjudication at various judicial forums. During the year, the Company has received favourable outcome of these legal matters, hence the contingent liability is Nil as at March 31, 2021.

The Company has a net deferred tax asset position as at March 31, 2021 and March 31, 2020. However, in terms of Ind AS 12, the Company has not recognised the net deferred tax assets as there is no reasonable certainty supported by convincing evidence that the Company will have adequate taxable profits in the future against which the carried forward tax losses/unabsorbed depreciation may be offset.

The Company has following carried forward tax losses/unabsorbed depreciation which arose in India that are available for offsetting against future taxable profits.

	March 31, 2021	March 31, 2020
Losses that expire - Carry forward short-term capital losses*	**27,184,158**	27,184,158
Losses that expire - Carry forward business losses*	**1,084,644,840**	1,083,128,336
Losses that never expire - Unabsorbed depreciation	**4,121,987**	2,431,281

*These carry forward losses would expire beginning from the financial year FY 2021-2022 upto FY 2028-2029.

All the related party transaction during the year were in ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The loans receivable and payable are all repayable on demand.

Note 27: Operating Segments Reporting

A. Basis for segmentation

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the company other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Operating EBITDA is the Management's measure of the segment results.

The Company has two reportable segments, as described below, which are the Company's strategic business units. These business units offer different services and are managed separately because they require different technologies and marketing strategies. For each of the business units the CODM reviews internal management reports on monthly basis.

The following summary describes the operations in each of the company reportable segments:

a. **Taxi services (includes taxi aggregator services): Provide taxi services to retail passengers (which includes taxi aggregator services).**

b. **Rent a cab services: Provides employee transportation and rent a cab services to corporate customers.**

B. Information about reportable segments

Information regarding the results of each reportable segments is included below.

	Taxi Services		**Rent a cab services**		**Unallocated Transaction**		**Total**	
Particulars	**Mar 2021**	Mar 2020	**Mar 2021**	Mar 2020	**Mar 2021**	Mar 2020	**Mar 2021**	Mar 2020

Note 28: Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2021	March 31, 2020
Profit attributable to equity holders	**(641,619)**	8,469,233
Number of Shares outstanding at the beginning of the year	**13,294**	13,294
Add: Shares issued during the year	**–**	–
Number of Shares outstanding at the end of the year	**13,294**	**13,294**
Weighted average number of Equity shares for basic and diluted EPS	**13,294**	**13,294**
Basic and diluted EPS	**(48.26)**	**637.07**

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(Currency in INR)

Note 29: Based on the contracts with taxi operators under the taxi aggregator services, the Company's revenue is determined as a share of the total passenger revenue of INR 1,034,277 (March 31, 2020 INR 79,369,665) generated by these taxi operators.

Note 30: Subsequent Events

Subsequent to the year end, Mahindra & Mahindra Limited ('M&M', the Ultimate Holding Company) has announced to purchase additional stake in the Meru Travel Solutions Private Limited (the Holding Company), thereby making the Group, wholly owned Group of M&M.

Note 31: Other Matters

The outbreak of coronavirus (COVID 19) pandemic globally is causing a slowdown of economic activity. Measures are being taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to business worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations.

The Company has made a detailed assessment of its liquidity position for next one year and the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade receivables as at the Balance sheet date and has concluded that no material adjustments are required in the financial statements. Management believes that it has taken into account all possible impacts of known events arising from COVID 19 pandemic in preparation of these financial statements.

The impact of coronavirus on the business will depend on future developments that cannot be reliably predicted. The impact of global health pandemic, might be different from that estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note 32: Information with the regard to other matters specified in Schedule III to the Act is either Nil or not applicable to the Company for the year ended 31 March 2021.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
V-LINK FLEET SOLUTIONS PRIVATE LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **V-Link Fleet Solutions Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and other comprehensive income, statement of changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Emphasis of Matter

We draw attention to Note No 30 to the financial statements which describes the probable/potential impact of the outbreak of COVID 19 on the business operations of the Company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The company does not have any pending litigations which will impact its financial positions.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. The Disclosures in the financial Statements regarding holding as well as dealing in specified bank notes during the period from November 8, 2016 to December 30,2016 have not been made in these financial statements since they do not pertain to financial year ended March 31, 2021.

(h) With respect to matters to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year and hence the provisions of Section 197 of the Act are not applicable to the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **V-Link Fleet Solutions Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE AUDITOR'S REPORT

Referred to in paragraph 1 under **Report on Other Legal and Regulatory Requirements section** of our report of even date on the financial statements of **V-Link Fleet Solutions Private Limited** for the year ended March 31, 2021

<u>Annexure to the Auditor's Report referred to in our report of even date:</u>

1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

ii) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. In accordance with the programme, the Company has physically verified certain property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

iii) According to the information and explanations given to us, the Company has no immovable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

2) According to the information and explanations given to us, the Company is engaged in the business of employee transportation and operates a fleet of vehicles which are aggregated from third parties and it does not hold any physical inventories. Accordingly, paragraph 3 (ii) of the Order is not applicable to the Company.

3) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax with appropriate authorities. The provisions relating to value added tax, Sales Tax Duty of customs and Duty of Excise is not applicable to the company.

According to the Information and explanation given to us, no undisputed amount payable in respect of Income Tax, Provident Fund, Employee State's insurance and any other Material Statutory Dues were in arrears as at March 31, 2021 for a period of more than Six months from the date they became payable.

ii) According to the information and explanation given to us, there are no dues of income tax, Sales tax, Service Tax, Duty of Customs, Duty of Excise, value Added Tax and which have not been deposited with the appropriate Authorities on account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given by the management, no managerial remuneration has been paid, and accordingly, the provision of clause 3 (xi) of the Order is not applicable to the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards. Further, the company is not required to constitute and Audit Committee under section 177 of the Act, and accordingly, to this extent the provision of clause 3(xiii) of the order is not applicable to the company.

14) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

1. Company information

V-Link Fleet Solutions Private Limited ('the Company') is registered as a private limited company domiciled in India having its registered office at F-17, 4th Floor, Pinnacle Business Park, Shanti Nagar, Mahakali Caves Road, Andheri (East), Mumbai 400 093, India. The Company is a deemed public company as per definition of the Companies Act with effect from 5 December 2019. The Company is mainly engaged in the business of employee transportation and operates a fleet of vehicles which are aggregated from third parties.

These financial statements were authorized for issue in accordance with a Board resolution of May 10, 2021.

2. Significant accounting policies

(a) Basis of preparation:

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

(b) Functional and presentation currency:

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

(c) Basis of measurement:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities and measured at fair value:

- certain financial instruments which are measured at fair value (refer accounting policy 2(n))
- Defined benefit plans. (Note 26)

2.1 Summary of significant accounting policies

a) Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses arising from de-recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is de-recognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset having useful life that is materially different from that of the remaining asset. These components are depreciated over their useful lives; the remaining asset is depreciated over the life of the principal asset. Such cost includes the cost of replacing parts of the property, plant and equipment if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Subsequent expenditure is capitalized if an only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress"

Depreciation on Property, plant and equipment

Depreciation is calculated on a Straight-Line basis using the rates arrived at based on the useful life of the assets estimated by the management. The estimated useful life considered for depreciation of property, plant and equipment is as follows:

Asset description	Useful lives estimated by management (in years)
Computers and peripherals	3
Vehicles	4 – 5
Furniture and fittings	5
Office equipment	3
Leasehold Improvements	Over the period of lease or useful life of the asset, whichever is lower

Except Computers and peripherals, useful lives of above property, plant and equipment are different from those prescribed under schedule II. These lives are based on estimates supported by internal technical evaluation.

b) Intangible assets and amortisation

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Software:

ERP software is amortised using the straight-line method over a period of 5 years and other software are amortised using the straight-line method over a period of 3 years or contractual life, whichever is lower.

The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

c) Impairment of Property, plant and equipment and intangible assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available.

If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

d) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is lessee:

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Where the Company is Lessor:

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognizes lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has applied Ind AS 116 initially on April 1, 2019, using the modified retrospective approach. Therefore, the cumulative effect of adopting Ind AS 116 is being recognized as an adjustment to the opening balance of retained earnings at April 1, 2019, with no restatement of comparative information. The Company has applied Ind AS 116 to all contracts entered into before April 1, 2019 and identified as leases in accordance with Ind AS 17.

e) Borrowing costs

Borrowing costs include interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes as substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

f) Revenue recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The effect on adoption of Ind AS 115 was insignificant.

The Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control – at a point in time or over time requires judgement.

Revenue includes only the gross inflows of economic benefits. It is measured based on the consideration specified in the contracts with customers. Amounts collected on behalf of third parties such as goods and services taxes and value added taxes are not economic benefits which flow to the entity and do not result in increases in equity. Therefore, they are excluded from revenue.

The Company assesses its revenue arrangements to determine if it is acting as principal or agent. The Company has concluded that it is acting as an agent in case of its revenue from taxi aggregator services arrangements.

The following specific recognition criteria must also be met before revenue is recognized.

Income from services:

Revenue from employee transportation

Revenue from employee transportation represents revenue earned from providing taxi services to corporates for employee transportation. Revenue is measured as per the contractual terms and recognised as and when the service is rendered as per contract terms.

In respect of corporate customers, the Company credit period offered generally ranged from 30 days to 90 days.

Interest income:

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in finance income in the statement of profit and loss.

g) Foreign currencies

i. Transactions - Initial recognition

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

ii. Balances

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Non-monetary items which are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of initial transaction. Non-monetary items, which are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item (i.e., the translation differences on items whose fair value gain or loss is recognised in OCI or statement of profit and loss are also recognised in OCI or statement of profit and loss, respectively).

h) Retirement and other employee benefits

i. Provident fund and ESIC

Retirement benefit in the form of provident fund and ESIC are defined contribution schemes. The Company has no obligation, other than the contribution payable to these schemes. The Company recognises contribution paid / payable during the year to these schemes in the statement of profit and loss.

ii. Gratuity

The Company operates a defined benefit gratuity plan for its employees. This benefit is unfunded. The cost of providing benefits under the defined benefit plans is determined by independent actuaries using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognised immediately in the statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur and are not reclassified to profit or loss in subsequent periods.

iii. Compensated Absences

The liability towards Long term compensated absences is determined by independent actuaries using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, are recognized immediately in the statement of financial position with a corresponding debit or credit to Statement of profit and loss in the period in which they occur.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond 12 months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end.

i) Income taxes

Tax expense comprises of current and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

j) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

k) Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event; it is

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

l) Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

m) Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and on hand and short term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified as measured at:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI) – debt investment
- Fair value through other comprehensive income (FVTOCI) – equity investment
- Fair value through profit or loss (FVTPL)

Financial assets at amortised cost

A financial asset is measured at amortised cost if both the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in profit or loss. The losses arising from impairment are recognised in profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A debt instrument is classified as at the FVTOCI if both of the following criteria are met:

i. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii. The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in profit or loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Equity investments at FVTOCI

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment by investment basis.

Fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial assets. All financial assets not classified as measured at amortised cost of FVTOCI, as described above are classified as at FVTPL. This includes all derivative financial assets. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in profit or loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

a) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

b) Other financial assets such as deposits, other receivables etc.

The company follows 'simplified approach' for recognition of impairment loss allowance for Trade receivables. The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis and considers historical experience, credit assessments and forward looking information.

Financial liabilities

<u>Initial recognition and measurement</u>

Financial liabilities are classified, at initial recognition, as financial liabilities at amortised cost or FVTPL.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not at FVTPL, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and loans and borrowings including bank overdrafts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on financial liabilities at FVTLP including interest expense are recognised in the profit or loss.

Other financial liabilities

Financial liabilities other that FVTPL instruments are subsequently measured at amortised cost using effective interest method. Interest expense and foreign exchanges gains or losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o) Current versus non-current classification:

The Company presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period

Or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period

Or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

p) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability

Or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

q) Recent Indian Accounting standard (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

r) Measurement of EBITDA

The Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, interest income, finance costs and tax expense. Any amount described as unusual or exceptional is classified by nature, in the same way as non-exceptional amounts. Their inclusion or exclusion in EBIDTA will depend on the nature of income/ expense described as exceptional. Impairment loss / reversal on property plant and equipment is disclosed under Depreciation, amortisation and impairment expenses, and not considered for calculation of EBIDTA.

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur. Following are the significant accounting judgements, estimates and assumptions:

2.2 Significant accounting judgements, estimates and assumptions

I. Useful lives of intangibles and property, plant and equipment:

The Company reviews the useful life and residual value of property, plant and equipment and intangible assets at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation in future periods.

II. Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

III. Impairment of non-financial assets

The Company performs impairment testing for intangible assets and property, plant and equipment where there are indicators of impairment. If such an indicator exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. The recoverable amount is the higher of value in use and fair value less costs of disposal. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Company's Statement of profit and loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of the recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately as a credit to the Company's Statement of profit and loss.

Note 25: Financial instruments

A] Accounting classification of financial instruments

The following table summarises the accounting classification and carrying amounts (net off any provision for impairment) of financial instruments.

		Carrying value	
Particulars	**Notes**	**March 31, 2021**	March 31, 2020
Financial assets measured at amortized cost			
Security Deposits	5	**75,500**	425,800
Receivables towards assets given on finance lease	6	**1,282,237**	1,472,219
Loans to employees	5	**50,002**	122,940
Recoverable from employees	6	**23,178**	299,106
Trade receivables	9	**2,415,872**	35,763,438
Cash and cash equivalents	10	**1,187,916**	12,835,091
Total Financial Asset measured at amortized cost		**5,034,705**	50,918,594
Financial liabilities measured at amortized cost			
Borrowings	12, 14, 16	**144,504,058**	170,822,101
Employee benefits payable	17	**86,469**	191,873
Trade payables	16	**4,295,146**	22,600,271
Interest accrued but not due on borrowings	17	–	9,723
Total Financial liability measured at amortized cost		**148,885,673**	193,623,968

B] Fair Value Measurement

The management assessed that cash and cash equivalents, trade receivables, trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during each of the reporting period. The company's policy is to recognise transfers into and transfer out of fair value hierarchy levels at the end of the reporting period.

C] Financial risk management objectives and policies

The Company has exposure to the following risks arising from its financial instruments:

– Market risk - interest rate risk

– Credit risk

– Liquidity risk

The Company's senior management is responsible for the management of these risks with oversight of the Company's Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(Currency in INR)

i] Market risk - interest risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings are all in fixed rate instruments and there is no investments that is exposed to interest rates.

ii] Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), inter corporate deposits, cash deposits and other financial instruments.

Trade receivables from customers

Credit risk relating to customers is managed in accordance with the Company's established policy, procedures and controls relating to customer credit risk management. Trade receivables are non-interest bearing. Outstanding customer receivables are regularly monitored. For the purpose of measuring impairment allowance for trade receivables from customers, the Company estimates irrecoverable amounts based on the ageing of the outstanding receivables, its historical experience and its expectation of credit losses in the future.

	March 31, 2021	March 31, 2020
Gross Trade receivables from customers	**17,449,243**	49,645,878
Less: Provision for doubtful receivables	**(15,033,371)**	(13,882,440)
Net Trade receivables from customers	**2,415,872**	35,763,438

	March 31, 2021	March 31, 2020
Ageing of gross trade receivables relating to customers:		
Within 6 months	**2,415,872**	35,763,438
More than 6 months	**15,033,371**	13,882,440
	17,449,243	49,645,878

Other financial assets

Financial assets other than trade receivables are neither past due nor impaired. Management believes that the amounts are collectible in full, based on its assessment including considering the historical payment behaviour and future expectations.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The Company's principal sources of liquidity are cash flows generated from its operations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

		Undiscounted amount				
Year ended - March 31, 2021	**Carrying Value**	**Payable within 1 year**	**Payable within 1 to 2 years**	**Payable within 2 to 3 years**	**Payable within 3 to 4 years**	**Total**

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(Currency in INR)

D] Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company capital management is to maximize the shareholder's value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may issue new shares. The Company manages its capital, considering the net debt position and rolling cash flow forecasts as at each period end and identifies need for additional funding from the share holders / fellow subsidiary to meet the outstanding commitments and future cash flow requirements to meet the future business plans. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents, trade receivables and unbilled revenue.

Particulars	March 31, 2021	March 31, 2020
Borrowings	**144,504,058**	170,822,101
Less: Cash and Cash Equivalent (Including Trade receivables less Trade payable)	**(691,358)**	25,998,258
Net Debt	**145,195,416**	144,823,843

Note 26: Employee benefits

A. Defined contribution plans

The Company makes contributions determined as a specified percentage of employees' salary in respect of qualifying employees towards Provident Fund and Employees' State Insurance (ESI) which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue. The Company has recognised the following amount as an expense and included in the Note 21 under the head "Contribution to provident fund".

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Contribution to employees provident fund	**571,900**	1,211,777
Contribution to ESI	**74,928**	175,799
Total	**646,828**	1,387,576

B. Defined benefit plans

The Company operates one post-employment defined benefit plan (unfunded plan) that provides gratuity. The gratuity plan is governed by the Payment of Gratuity Act, 1972. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement.

i) Liability recognised in the Balance Sheet in respect of Gratuity

	As at March 31, 2021	As at March 31, 2020
Present value of the defined benefit obligation at the end of the year	**678,324**	950,477
Total	**678,324**	950,477

ii) Changes in the present value of the defined benefit obligation are as follows :

	Year ended March 31, 2021	Year ended March 31, 2020
Defined benefit obligation at beginning of the year	**950,477**	2,790,908
Current service cost	**120,729**	220,447
Interest cost	**48,915**	270,688
Sub-total included in statement of profit and loss	**169,644**	491,135
Remeasurement losses \ (gains) recorded in OCI		
Actuarial changes arising from changes in demographic assumptions	–	(7)
Actuarial changes arising from changes in financial assumptions	**10,669**	42,235
Experience adjustments	**(246,570)**	(580,032)
Sub-total included in OCI	**(235,901)**	(537,804)
Transfer of liability to fellow subsidiary	–	(1,746,505)
Benefits paid	**(205,896)**	(47,257)
Defined benefit obligation at the end of the year	**678,324**	950,477

iii) Following table summarises the principal assumptions used for actuarial valuation of gratuity obligations for each reporting period:

Actuarial assumptions	Year ended March 31, 2021	Year ended March 31, 2020
Discount rate	**4.65%**	5.15%
Future salary increases	**8.00%**	8.00%
Attrition	**35.00%**	35.00%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Demographic Assumptions :

Mortality in Service: Indian Assured Lives Mortality 2012-14 [March 31, 2020: Indian Assured Lives Mortality 2012-14]

Mortality in Retirement : 58 Years

A quantitative sensitivity analysis for significant assumption as at each reporting date is as shown below:

	Discount rate assumption	
Gratuity plan:	**Year ended March 31, 2021**	Year ended March 31, 2020
Impact of increase of 1% p.a. on defined benefit obligation	**(21,029)**	(29,523)
Impact of decrease of 1 % p.a. on defined benefit obligation	**22,322**	31,348

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(Currency in INR)

	Future salary increase assumption	
Gratuity plan:	**Year ended March 31, 2021**	Year ended March 31, 2020
Impact of increase of 1% p.a. on defined benefit obligation	**21,405**	30,208
Impact of decrease of 1 % p.a. on defined benefit obligation	**(20,580)**	(29,027)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 3 years (March 31, 2020: 3 years).

The following are expected contributions over the future years (valued on undiscounted basis):

	Year ended March 31, 2021	Year ended March 31, 2020
Within the next 1 year (next annual reporting period)	**177,294**	264,865
Between 2 to 5 years	**462,489**	637,157
Between 6 to 10 years	**129,794**	194,761
Beyond 10 years	**25,581**	38,699
Total expected payments	**795,158**	1,135,482

C. Other employee benefits

Compensated absences are payable to employees at the rate of basic salary for each day of accumulated leave on death or resignation or upon retirement. The charge towards compensated absences for the year ended 31 March 2021 Rs 23,255 (March 31, 2020: Rs 765,229)

Note 27: Income Taxes

The major components of income tax expense for the years ended

	Year ended March 31, 2021	Year ended March 31, 2020
Current income tax:		
Current income tax charge	–	–
Adjustments in respect of current income tax of previous year	–	–
Deferred tax:		
Relating to origination and reversal of temporary differences	–	–
Income tax expense reported in the statement of profit or loss	–	–

Consolidated statement of OCI

	Year ended March 31, 2021	Year ended March 31, 2020

Reconciliation of tax expense and the accounting profit / (loss) multiplied by India's domestic tax rate for the year ended

	Year ended March 31, 2021	Year ended March 31, 2020
Accounting (loss) before income tax	**(13,199,268)**	(28,095,883)
At India's statutory income tax rate of 26% (March 31, 2020: 26%)	**(3,431,810)**	(7,304,930)
Effect of current year losses for which no deferred tax asset is recognised	**3,431,810**	7,304,930
At the effective income tax rate for the Company	–	–
Income tax expense reported in the statement of profit and loss	–	–

Movement of Deferred tax asset/ (liabilities)

	As at March 31, 2021	As at March 31, 2020
Tax effect of items constituting deferred tax liabilities		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	–	–
Tax effect of items constituting deferred tax assets		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	**2,734,481**	3,400,155
Provisions (Doubtful debts/Impairment/ Advances)	**7,735,587**	6,894,939
Impact of expenditure charged to the statement of profit and loss in the current year but allowed for tax purposes on payment basis	**309,913**	424,216
Carryforward Tax Loss		
Unabsorbed depreciation	**7,871,169**	7,113,683
Unabsorbed business losses	**29,613,575**	23,162,619
	48,264,725	40,995,612
Net deferred tax assets	**48,264,725**	40,995,612
Net deferred tax assets/(liabilities) recognised	–	–

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(Currency in INR)

	Statement of Profit and Loss	
	Year ended March 31, 2021	Year ended March 31, 2020
Tax effect of items constituting deferred tax liabilities		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	–	–
Tax effect of items constituting deferred tax assets		
Difference in property, plant and equipment and intangibles as compared to tax base of respective assets	**(665,674)**	(395,870)
Provisions (Doubtful debts/Impairment/ Advances)	**840,648**	(890,479)
Impact of expenditure charged to the statement of profit and loss in the current year but allowed for tax purposes on payment basis	**(114,303)**	(742,734)
Carryforward Tax loss		
Unabsorbed depreciation	**757,486**	1,197,792
Unabsorbed business losses	**6,450,956**	3,974,683
Deferred tax expense	**7,269,113**	3,143,392

The Company has a net deferred tax asset position as at March 31, 2021 and March 31, 2020. However, in terms of Ind AS 12, the Company has not recognised the net deferred tax assets as there is no reasonable certainty supported by convincing evidence that the Company will have adequate taxable profits in the future against which the carried forward tax losses/unabsorbed depreciation may be offset.

The Company has following tax losses/unabsorbed depreciation which arose in India that are available for offsetting against future taxable profits.

	Year ended March 31, 2021	Year ended March 31, 2020
Losses that expire - Carry forward business losses *	**113,898,364**	89,086,994
Losses that never expire - Unabsorbed depreciation	**30,273,725**	27,360,320

* The carry forward tax losses would expire beginning from the financial year 2021-22 up to 2028-29.

Note 28: Leases

a] Finance lease - where the Company is lessor

The Company has leased out 8 vehicles (March 31, 2020 : 8) on finance lease. The lease term is for 3 - 4 years and is non-renewable, after which the legal title is passed to the lessee. There is no escalation clause in the lease agreement.

	March 31, 2021	March 31, 2020
Gross investments		
Within one year	**965,902**	748,869
After one year but not more than five years	**459,166**	944,733
More than five years	–	–
	1,425,068	1,693,602
Less: Unearned finance income	**(142,900)**	(221,382)
Present value of minimum lease payments	**1,282,168**	1,472,220
Present value of future rentals		
Within one year	**849,025**	603,999
After one year but not more than five years	**433,143**	868,221
More than five years	–	–
Present value of minimum lease payments	**1,282,168**	1,472,220

During the year ended March 31, 2021, the Company has earned Interest income of INR Nil (March 31, 2020: INR 590,246) towards minimum lease payment. This has been recorded under finance income in the statement of profit and loss.

Movement for the receivables towards assets given on finance lease	**Amount**
Opening balance as at March 31, 2019	5,780,077
Add: Additions made during the year	1,410,361
Less: amount recovered during the year	(5,718,218)
Closing balance as at March 31, 2020	**1,472,220**
Add: Additions made during the year	–
Less: Adjustment on account of lease term modification	(190,052)
Less: amount recovered during the year	–
Closing balance as at March 31, 2021	**1,282,168**

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2021

(Currency in INR)

Terms and conditions of transactions with related parties

All the related party transaction during the year were in ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. The outstanding loans payable are repayable on demand. The Group has not recorded any impairment of receivables relating to amounts owed by related parties as at each reporting period. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Note 30:

The outbreak of coronavirus (COVID 19) pandemic globally is causing a slowdown of economic activity. Measures are being taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to business worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations.

The Company has made a detailed assessment of its liquidity position for next one year and the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade receivables as at Balance sheet date and has concluded that no material adjustments are required in the financial statements. Management believes that it has taken into account all possible impacts of known events arising from COVID 19 pandemic in preparation of these financial statements.

The impact of coronavirus on the business will depend on future developments that cannot be reliably predicted. The impact of global health pandemic, might be different from that estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

Note 31: Segment reporting

In accordance with the requirements of Indian Accounting Standard 108 – "Operating Segments", the Company has determined that it operates only in one operating segment i.e. provision of transportation services. Thus, the financial statements reflect the results of only one operating segment. The Company's operations are based only in India.

Note 32: Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2021	March 31, 2020
Loss attributable to equity holders	**(13,199,268)**	(28,095,883)
Number of Shares outstanding at the beginning of the year	**12,050**	12,050
Add: Shares issued during the year	–	–
Number of Shares outstanding at the end of the year	**12,050**	12,050
Weighted average number of Equity shares for basic EPS	**12,050**	12,050
Basic and diluted EPS calculations	**(1,095.37)**	(2,331.61)

Note 33: As at March 31, 2021, the Company has accumulated losses of INR 174,963,227 (March 31, 2020: INR 161,999,860) and a negative net worth of INR 133,775,303 (March 31, 2020 INR 120,811,936). The shareholder of the Company, Meru Travel Solutions Private Limited ('MTSPL') and a fellow subsidiary, Meru Mobility Tech Private Limited, have committed to provide continuing financial and/or operational support to the Company for its continued operations for the foreseeable future.

In view of the foregoing, the going concern assumption has been considered appropriate in preparing these financial statements.

Note 34: Subsequent to the year end, Mahindra & Mahindra Limited ('M&M', the Ultimate Holding Company) has announced to purchase additional stake in the Meru Travel Solutions Private Limited (the Holding Company), thereby making the Group, wholly owned Group of M&M.

Note 35: Information with the regard to other matters specified in Schedule III to the Act is either Nil or not applicable to the Company for the year ended 31 March 2021.
