When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.16.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.16.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.16.8 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.9 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.9.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.16.9.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

2.16.9.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.17 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the profit and loss account.

2.18 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.19 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences etc.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.20 Insurance Claims:

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.21 Goods and Services tax input credit:

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.22 Use of estimates and judgements

The Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

Management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Actuarial Valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

C. COVID -19 Impact assessment:

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance. The business activities were temporarily suspended owing to lock down during the year and post phased out lifting of the lock down, the activities have commenced in a gradual manner. The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

Fair value disclosure on Company's investment properties

(i) The Company's investment properties consist of land and building with current rentable area of 4.30 Lakhs sq. ft. Management determined that the investment properties consist of two classes of assets – Land and Building – based on the nature, characteristics and risks of each property.

(ii) As at March 31, 2021 and March 31, 2020, the fair values of the properties are Rs. 16,128.11 Lakhs and Rs. 17,254.21 Lakhs respectively (Level 3). These valuations are based on valuations performed by Purshotam Khandelwal who is registered with an authority which governs the valuers in India and has appropriate qualification and experience in the valuation of properties.

(iii) The Company has no restrictions on the realisability of its investment properties and no contractual obligations to either purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

Description of valuation techniques used and key inputs to valuation on investment properties:

Valuation technique- Income Approach Method

Significant unobservable Inputs	Range (weighted average) As at 31st March, 2021	As at 31st March, 2020
Annual Rental	**1,506.66**	1,684.26
Less: Repairs & Maintenance & Mgmt Exp, Insurace Etc. 15%	**253.00**	253.00
Net Annual Rental	**1,253.66**	1,431.26
Capitalized Net Yield	**10.00%**	10.00%
Net Annual Income	**12,536.60**	14,312.60
Total Built Up area (Sq Ft area)	**430,672**	430,672
Rented Built Up Area	**362,262**	374,641
Area under Possession MWCJ	**68,410**	56,031
Market Rate /Sq ft Rs. 5780 yr 2020-21 Rs. 5250 Yr 2019-20	**3,591.51**	2,941.61
Total Market Value	**16,128.11**	**17,254.21**
Realisable Value	**12,368.01**	12,940.66
Realisable Value (in CR)	**123.68**	129.41
Distress Sale Value	**8,245.34**	8,627.11
Distress Sale Value (In CR)	**82.45**	86.27

Basis of Valuation Method:- Valuation is carried out by income approach method (also called Yield Method) is adopted in which appropriate rate of return is capitalised to reach the market value of the property of the portion rent out and sales comparable method use for the portion under owner Possession.

The depreciation methods used and the useful lives or the depreciation rates used are as per the Accounting policy. Refer notes 1 and 2

(a) Other Matters disputed:		
Shahri Jamabandi (Urban Assessment/Ground rent demanded by Jaipur Development Authority, Government of Rajasthan)	**32,179.39**	32,179.39
Note : The above amount is based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities and Company's rights for future appeals. No reimbursements are expected.		
(b) Other money for which the Company is contingently liable (Income Tax Matter under appeal)	**32.16**	32.16

Note - 31 - Disclosures required under Section 22 of the Micro Small and Medium Enterprises Development Act 2006

Particulars	As at 31st March, 2021	As at 31st March, 2020
(a) Dues remaining unpaid	**3.09**	46.05
- Principal	**3.09**	46.05
- Interest	**–**	–
(b) Interest paid in terms of Section 16 of the MSMED Act along with the amount of payment made to the supplier beyond the appointed day during the year	**–**	–
- Principal paid beyond the appointed date	**–**	–
- Interest paid in terms of Section 16 of the MSMED Act	**–**	–
(c) Amount of interest due and payable for the period of delay on payments made beyond the appointed day during the year	**–**	–
(d) Further interest due and payable even in the succeeding years, until such date when the interest due as above are actually paid to the small enterprises	**–**	–
(e) Amount of interest accrued and remaining unpaid	**–**	–

(i) Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information available with the Company.

(ii) There are no overdue amounts any time during the year and hence no interest amount is due or paid during the year.

Note No. 32 - Leases

The Company has not applied the requirement of IND AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. Amount recognised in statement of Profit and Loss Account is Rs. 11.55 Lakhs (PY - Rs 14.23 Lakhs).

Details of operating leasing arrangements as lessor

The Company has entered into operating lease arrangements for certain surplus facilities. The lease is non-cancellable for a period of 2 to 3 years for the building and 9 yrs and 5 months for interiors from 2008 to 2020 and may be renewed for a further period of 2 terms of 5 years each based on mutual agreement of the parties.

Particulars	As at 31st March, 2021	As at 31st March, 2020
Future minimum lease payments		
Not later than one year	**–**	64.40

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

All amounts are in Lakhs unless otherwise stated

Note No. 33 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 21.04 lakhs (31st March, 2020 : Rs. 26.03 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Valuation as at 31st March, 2021	Valuation as at 31st March, 2020
Discount rate(s)	**6.70%**	6.77%
Expected rate(s) of salary increase	**9.00%**	9.00%
Attrition Rate	**5.00%**	5.00%
Average Longevity	**IALM (2012-14) Ultimate**	IALM (2012-14) Ultimate

Retirement age is assumed to be 60 years.

Defined benefit plans (unfunded) – As per Actuarial Valuation

Particulars	Defined Benefit Plan (unfunded) Gratuity 31st March, 2021	31st March, 2020
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Current Service Cost	**15.08**	11.60
Net interest expense	**5.30**	4.15
Components of defined benefit costs recognised in profit or loss	**20.38**	15.75
Actuarial (Gain)/Loss on obligation	**(16.90)**	10.94
Components of defined benefit costs recognised in other comprehensive income	**(16.90)**	10.94
Total	**3.48**	26.69

Particulars	Defined Benefit Plan (unfunded) Gratuity 31st March, 2021	31st March, 2020
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March		
1. Present value of defined benefit obligation as at 31st March	**67.76**	79.18
2. Surplus/(Deficit)	**(67.76)**	(79.18)
3. Current portion of the above	**1.22**	1.94
4. Non current portion of the above	**66.54**	77.24
II. Change in the obligation during the year ended 31st March		
1. Present value of defined benefit obligation at the beginning of the year	**79.18**	54.67
2. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**15.08**	11.60
- Interest Expense (Income)	**5.30**	4.15
3. Recognised in Other Comprehensive Income Remeasurement gains/(losses):		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**0.60**	8.43
iii. Experience Adjustments	**(17.50)**	2.51
4. Benefit payments	**(14.90)**	(2.18)
5. Present value of defined benefit obligation at the end of the year	**67.76**	79.18

The sensitivity of the defined benefit obligation to changes by in the weighted principal assumptions is:

Principal assumptions	Year	Impact on defined benefit obligation: Increase in assumption by 1%	Decrease in assumption by 1%
Discount rate	**2021**	**59.82**	**77.13**
	2020	70.08	89.89
Salary growth rate	**2021**	**76.49**	**59.94**
	2020	89.49	70.22

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous period.

Maturity profile of defined benefit obligation:	March 31, 2021	March 31, 2020
Within 1 year	**1.22**	1.94
1 - 2 year	**0.99**	1.96
2 - 3 year	**1.03**	1.78
3 - 4 year	**1.00**	1.10
4 - 5 year	**0.73**	1.06
5 - 10 years	**26.65**	27.20

All amounts are in Lakhs unless otherwise stated

The fair values of the financial assets and financial liabilities included in the level 2 category above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note No. 36 - Financial Instruments

Capital management

he Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2021, 31 March 2020 is as follows:

	31st March, 2021	31st March, 2020
Debt (A)*	**21,419.02**	25,354.02
Equity (B)	**33,678.10**	30,425.21
Debt Equity Ratio (A/B)	**0.64**	0.83

* Debt includes Borrowings (Note No. 14 - Borrowings) and Current maturities of long-term debt (Note No. 15 - Other Financial Liabilities)

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counter party defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company enteres into an agreement with each customer. The agreement has a termination clause by which the Company can terminate the agreement and secure the receivable. The trade redeivables are also reviewed by the Management regularly and necessary actions are taken in order to collect any amount outstanding from customers. Being a Develper, a unit needs certain NOC and permission in respect of commencement and operation of the business and as per the agreement signed with customer, the developer gives the required NOC and permission after clearing the outstanding dues alongwith interest.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Customer creditibility is researched before leasing the land to ensure only credit worthiness of the clients.

The credit risk on liquid funds is limited because the counterparties are banks and debt mutual funds with high credit-ratings assigned.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Note No. 37 - COVID -19 Impact analysis

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance . The business activities were only temporarily suspended owing to initial lock down during the year. Post the lifting of the lock down, the activities have commenced in a regular manner. The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

Note No. 38 - Dividend

In respect of the current year, the Board at its meeting held on May 10, 2021 has recommended a dividend of Re. 1.00 per share on equity shares of Rs. 10 each subject to approval by shareholders at the Annual General Meeting. The same has not been included as a liability in these financial statements. The proposed equity dividend is payable to all shareholders on the Register of Members on book closure date. The total estimated equity dividend to be paid is Rs. 1,500 lakhs.

Note No. 39 - Expenditure on Corporate Social Responsibility (CSR)

Gross Amount required to be spent by the company for the year ended 31st March, 2021 (as certified by the Company) : Rs. 86.02 Lakhs (Previous Year Rs. 110.71 lakhs).

Note No. 40 - Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of financial statements.

Note No. 41 - Previous Year Figures

The figures of previous years have been regrouped/reclassified wherever necessary to Confirm to current year's grouping / classification.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Bloomdale Developers Limited

Report on the Ind AS Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of Mahindra Bloomdale Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021, and its profit and cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.
6. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
    a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures

responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

13. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

14. As required by section 143(3) of the Act, we report that:

   a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

   c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014

   e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

   g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.

   h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Mahindra Bloomdale Developers Limited for the year ended March 31, 2021

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of immovable property are held in the name of the Company.

2) Company's inventory comprises of raw materials and Construction work in progress and no material discrepancies were noticed in the same.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has prescribed maintenance of Cost records under section 148(1) of the Act and such accounts and records have been appropriately made and maintained.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) According to the information and explanations given to us, dues of goods and service tax, income tax, sales tax, service tax, excise duty, customs duty and value added tax which have not been deposited on account of any dispute are as follows:

Name of Statute	Amount in Rupees	Period to which amount relates	Forum where pending
Service Tax	28,09,911	April 2016 – June 2017	Commissioner of Central Excise (Appeals)
Service Tax	6,42,393	April 2016 – June 2017	CESTAT, Mumbai
Service Tax	8,78,881	April 2016 – June 2017	Commissioner of Central Excise (Appeals)
MVAT	42,00,648	FY 2010-11	Joint Commissioner (Appeals)

8) The Company has not obtained loans or borrowing from a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA BLOOMDALE DEVELOPERS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Bloomdale Developers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

1. General Information

Mahindra Bloomdale Developers Limited (Earlier known as Mahindra Bebanco Developers Limited), a wholly own subsidiary of Mahindra Lifespace Developers Ltd.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The principal activity of the Company is development of residential complexes in MIHAN Nagpur.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

- Costs to obtain contracts (“Contract costs”) relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder’s right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from ‘profit before tax’ as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 *Financial assets*

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.13.1 *Classification of financial assets*

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of ‘Reserve for debt instruments through other comprehensive income’. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 *Effective interest method*

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the “Other income” line item.

2.13.3 *Investments in equity instruments at FVTOCI*

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the ‘Reserve for equity instruments through other comprehensive income’. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 *Financial assets at fair value through profit or loss (FVTPL)*

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the ‘Other income’ line item. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 *Impairment of financial assets*

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 *Commitments to provide a loan at a below-market interest rate*

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 *Foreign exchange gains and losses*

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

2.14.2.7 *Derecognition of financial liabilities*

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. Significant accounting judgements, estimates and assumptions

3.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has generally concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

3.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Note No. 20 - Revenue from Operations

Rs. In Lakhs

Particulars	Year ended 31st March 2021	Year ended 31st March 2020
(a) Income from Projects	2,125.49	9,905.30
Total	2,125.49	9,905.30

1. Contract Balances

Amounts received before the related performance obligation is satisified are included in the balance sheet (Contract liability) as “Advances received from Customers”. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables.

During the year, the Company recognised Revenue of Rs.188.93 lakhs from opening contract liability (after Ind AS 115 adoption) of Rs 6272.76 lakhs and during previous year company recognised revenue of Rs. 6,726.89 Lakhs from opening contract liability (after Ind AS 115 adoption) of Rs. 9,623.91 Lakhs

There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to colelctions during the year.

The aggregate value of performance obligations that are completely or partially unsatisfied as at March 31, 2021 is Rs. 16,664.54 lakhs (PY Rs. 14,277.74 Lakhs). Out of this, the Company expects to recognize revenue of around 75% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

Rs. Lakhs

2. Reconciliation of revenue recognized with the contracted price is as follows:	Year ended 31st March 2021	Year ended 31st March 2020

Capital management

The Company's capital management objectives are:

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital.

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31ST, 2021

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents, investments carried at amortised cost, deposits with banks and financial institutions as well as credit exposures to customers including outstanding receivables.

Trade Receivables:

The Companys trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Balances with Banks, mutual funds and other financial assets:

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	As at 31st March, 2021	As at 31st March, 2020
Secured overdraft facility		
- Expiring within one year	**725.35**	–
	725.35	–

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31ST, 2021

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Note No. 29 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 4.25 lakhs (2020 : Rs. 9.64 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Principal Actuarial Assumptions

Change in defined benefit obligations (DBO)	As at 31st March 2021	As at 31st March 2020
Present value of DBO at beginning of the year	12.96	8.36
Current service cost	2.58	1.92
Transfer In/ (Out)	–	0.15
Interest cost	0.87	0.64
Actuarial (gains) / losses	(2.87)	1.89
Past Service Cost	–	–
Benefits paid	–	–
Present value of DBO at the end of the year	**13.54**	12.96

Expenses recognised in the statement of profit and loss

Rs. In Lakhs

Components of employee benefit expenses	Year ended 31st March 2021	Year ended 31st March 2020
Current service cost	2.58	1.92
Past Service Cost	–	
Interest cost	0.87	0.64
Total expense recognised in the statement of profit and loss	**3.45**	**2.56**

Rs. In Lakhs

Components of other comprehensive income	Year ended 31st March 2021	Year ended 31st March 2020
Actuarial Loss on obligation	(2.87)	1.90
Components of defined benefit costs recognised in other comprehensive income	**(2.87)**	**1.90**

Rs. In Lakhs

Net Asset/(Liability) recognised in the Balance Sheet	Year ended 31st March 2021	Year ended 31st March 2020
Present value of defined benefit obligation as at 31st March	13.53	12.96
Fair value of plan assets as at 31st March	–	–
Surplus/(Deficit)	(13.53)	(12.96)
Current portion of the above	(1.63)	(0.86)
Non current portion of the above	(11.90)	(12.10)

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. In Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of increase in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of decrease in assumption
Discount rate	2021	1.00%	10.80	12.20
	2020	1.00%	11.92	14.15

Rs. In Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of increase in assumption	Impact on defined benefit obligation: PO as on Valuation date on account of decrease in assumption
Salary growth rate	2021	1.00%	12.06	10.91
	2020	1.00%	13.92	12.07

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Note - 30 - Micro Small and Medium Enterprises Development Act 2006

The amount due to Micro and Small Enterprises as defined in the " Micro, Small and Medium Enterprises Development, Act, 2006" has been determined to the extent such parties have been identified on the basis of information available with the Company. INDEPENDENT AUDITOR'S REPORT

To The Members of Mahindra Industrial Park Chennai Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Industrial Park Chennai Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors' report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- Based on the work we have performed, we conclude that we have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position (Refer Note 33(i) to the financial statements).

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph "f" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Industrial Park Chennai Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

(i) (a) The Company has maintained proper records showing full particulars including quantitative detail and situation of the property, plant and equipment / fixed assets.

(b) The fixed assets were physically verified during the year by the Management and there were no discrepancies identified during such verification.

(c) Immovable properties of land, whose title deeds have been pledged as security for loans are held in the name of the Company as per the Memorandum of Deposit of Title deeds executed by the Company and confirmed by the banker.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventories, physical verification of materials and verification of title deeds, site visits by the Management, measurement of land under development and certification of extent of work completion by competent persons are at reasonable intervals and no material discrepancies were noticed on such verification.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

(iv) The Company has not granted any loans, made investments or provided guarantees and hence reporting under clause (iv) of the CARO 2016 is not applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year. There were no deposits outstanding at any time during the year.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has been generally regular in depositing undisputed statutory dues, including Provident Fund, Goods and Service tax, Income Tax, cess and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Goods and Service tax, Service Tax, Income Tax, cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income tax, Service Tax and Goods and Services tax as at March 31, 2021 on account of disputes.

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions. The Company has not issued any debentures. The Company has not taken loans or borrowings from banks and government.

(ix) In our opinion and according to the information and explanations given to us, the term loans have been applied by the Company during the year for the purposes for which they were raised. The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, since the Company has not paid / provided managerial remuneration under the provisions of section 197 read with Schedule V to the Companies Act, 2013, reporting under this Clause is not currently applicable.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-I of the Reserve Bank of India Act, 1934.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. General Information

Mahindra Industrial Park Chennai Limited ("the Company") was incorporated on December 22, 2014. The Company is in the business of land development for industrial, commercial and residential use. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease/sale. The Company is developing a 260-acre Industrial Park in North Chennai on NH 15.

The Company is a joint venture between Mahindra World City Developers Limited and Sumitomo Corporation SC of Japan.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with IND AS notified under the Companies (Indian Accounting Standards) Rules, 2015 to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 (to the extent notified and applicable). The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from sale of land

Revenue from sale is recognized upon transfer of title to the acquirer.

2.3.3 Income from O&M

Income from operation & maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.4.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates applicable for the financial year.

2.4.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.4.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.5 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.6 Goods and Services Tax (GST)

GST credit on materials purchased/services availed for construction / Input services are taken into account at the time of purchase. GST input credit is accounted for in the books in the period in which the underlying service / goods received is accounted and when there is no uncertainty in availing/ utilising the credits. GST credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST credits so taken are utilised for payment of GST on sale of land. The unutilised GST credit is carried forward in the books.

2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long-term project, includes interest.

2.9 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the Statement of profit and loss.

2.14 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.14.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.14.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.14.3 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.14.4 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.14.5 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.15 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.15.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.15.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

2.15.1.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.15.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.16 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

<u>Defined benefit plans</u>

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognized in the other comprehensive income is reflected immediately in the retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

<u>Short-term employee benefits</u>

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

<u>Long-term employee benefits</u>

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

As per IND AS -12 , Taxes on Income, Deferred tax assets shall be recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Management expects with reasonable probability to generate adequate taxable profits to set off the carry forward losses in the near future.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

7. Inventories

(Amounts in INR)

Particulars	As at 31 March, 2021	As at 31 March, 2020
Work in progress		
(representing cost of land and development expenditure including borrowing costs)	**2,70,95,15,128**	2,84,99,94,874
Materials in stock	**56,78,296**	61,19,724
Total Inventories	**2,71,51,93,424**	2,85,61,14,598

7.1 Inventories are stated at the lower of cost and net realisable value. Based on detailed assessment and evaluation of impact of the COVID-19 pandemic, the management concluded that the realisable value of these inventories will not be lower than the carrying value as stated above.

7.2 Part of these lands included under work in progress are given under mortgage to HDFC Limited against the term loan facility. Refer note no. 13A(iii).

7.3 The Cost of projects charged to Statement of Profit and Loss in respect of lands given on lease during the year is INR. 29,51,14,439 (Previous Year: INR 28,02,92,553).

8. Trade Receivables

(Amounts in INR)

Particulars	As at 31 March, 2021	As at 31 March, 2020
Trade Receivables:		
Unsecured Considered Good	32,94,28,954	8,25,17,400
Total Trade Receivables	**32,94,28,954**	8,25,17,400

The above receivables are from leases signed during Mar-21. The company has informed that consequent to restrictions on account of pandemic situation, certain approvals are pending for the lessees impacting timely settlement; The Company has given extended credit for few receivables based on the payment commitment from the lessees.

(Amounts in INR)

	Gratuity (Un–Funded) 2020–21	2019–20
Benefits Paid	–	(5,18,266)
Present value of the obligation as at the end of the year	**6,30,209**	5,30,801

v. **Principal actuarial assumptions**

	2020–21	2019–20
Discount Rate	**6.54%**	6.50%
Salary Growth Rate	**8.00%**	10.00%
Attrition rate	**10.00%**	10.00%

vi Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

			Impact on defined benefit obligation	
	Year	Change in Assumption	Increase in assumption	Decrease in assumption
Discount Rate	**2021**	**0.50%**	**6,20,035**	**6,60,476**
	2020	0.50%	5,04,726	5,59,216
Salary Growth Rate	**2021**	**0.50%**	**6,61,210**	**6,01,701**
	2020	0.50%	5,59,214	5,04,235

Maturity profile of defined benefit obligation:

	2020-21	2019-20
Year 1	**26,211**	24,317
Year 2	**31,384**	24,082
Year 3	**42,138**	28,198
Year 4	**59,904**	36,007
Year 5	**60,969**	45,710
Next 5 Years	**2,80,066**	2,21,642

c) **Compensated Absences**

The key assumptions used in the computation of provision for long term compensated absences as per the Actuarial Valuation are as given below:

Particulars	For the year ended 31 March, 2021	For the year ended 31 March, 2020
Discount rate	**6.54%**	6.50%
Salary Growth rate	**8.00%**	10.00%
Attrition rate	**10.00%**	10.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

Trade Payables	**3,68,95,312**	1,94,85,598	**3,68,95,312**	1,94,85,598
Other Financial Liabilities	**19,90,91,947**	20,72,10,375	**19,90,91,947**	20,72,10,375
Total financial liabilities	**1,52,95,54,342**	1,46,97,02,766	**1,52,95,54,342**	1,46,97,02,766

The management assessed that the fair value of cash and cash equivalents, trade receivables, other financial assets and trade payables approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the Company's interest-bearing borrowings are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

27. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Management's impact assessment on the COVID-19 pandemic:

The company assessed its performance and future business projections in light of the current development of pandemic outbreak worldwide and has reassessed the impact that it may cause on the company's financial and operational performance. The company's enquires and prospects has have not been affected, however it is experiencing delays in getting deals concluded and signing of lease deeds, which may have an impact on the inflow of receivables. However, the management expects the company's operations to be normal, provided , unless with any new lockdown restrictions that might be announced by the Government of Tamil Nadu / India. The same might delay project development works and may have an impact on overall collections through the financial year. The company has sufficient inflows and term loan facilities available to meet the project costs and pay off for the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The company expects no additional inflow of capital towards currently planned development, however it might resort to additional funds through loans funds. Based on the above assessment, the management is of the view that the company will be able to continue as a 'Going Concern' while maximising the return to stakeholders through the optimisation of its debt and equity balance.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the significant effect on the amounts recognised in the financial statements:

Estimates

Estimation uncertainty relating to the global health pandemic on COVID-19

In assessing the recoverability of receivables and contract costs, the Company has considered internal and external information up to the date of approval of these financial statements including Government policies, commitments made during the Global

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Investors' Meet in Tamilnadu, credit reports and various economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

Taxes

Deferred tax assets are recognised for unused tax losses and other temporary differences leading to deferred tax assets to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under construction is assessed with reference to the market prices at the reporting date less estimated costs to complete the construction and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the construction are estimated by management.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

28. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company's objective when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide return for shareholders and benefits for other stakeholders and
- Maintain an optimal capital structure to reduce the weighted cost of capital.

In order to maintain or adjust the capital structure , the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares, or sell non-core assets to reduce the debt.

The Company is not subject to any externally imposed capital requirements.

Debt-to-equity ratio as of 31 March, 2021 and 31 March, 2020 is as follows:

(Amounts in INR)

	31-Mar-2021	31-Mar-2020

29. Financial Risk Management Framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents that are directly derived out of equity.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions is managed in accordance with the Company's policy. The Company has not created any Investments of surplus funds in any other instruments as of date and hence the company is not exposed to any credit risk in this respect.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

(Amounts in INR)

Particulars	Less than 1 Year	1–3 Years	3 Years to 5 Years	5 years and above

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency Risk

The Company undertakes transactions denominated in foreign currencies only for the purchases of the components which are required to be imported for carry out the construction activities; consequently, exposures to exchange rate fluctuations arise, but the same is very nominal in nature as compared to the size of the operations if the Company.

The Company manages its foreign currency risk by forward contracts that are expected to occur within a maximum 12 month from the entering of a contract.

The Company's exposure to foreign currency changes for all other currencies is not material.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

As at 31st March, 2021 and 31st March, 2020 100% of borrowings are at Variable rate.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Amounts in INR)

	Increase/ decrease in basis points	Effect on financial statements* (Increase)/ Decrease
31-Mar-21		
INR	**+50**	(81,70,985)
INR	**-50**	81,70,985
31-Mar-20		
INR	+50	(63,04,000)
INR	-50	63,04,000

* Since the finance cost of the company is being capitalised to qualifying assets, the impact as above will be on the carrying value of inventory.

30. Capital & other Commitments

Estimated amount of contracts remaining to be executed towards construction of capital assets as at March 31, 2021 - INR 42,42,009 (As at March 31, 2020- INR 2,04,83,473).

31. Segment information

Based on the internal reporting provided to the Chief Operating Decision Maker (CODM), business of acquiring, development and maintenance of industrial parks is the only reportable segment of the Company. Accordingly, the amounts appearing in these financial statements relate to this operating segment. Further the company does not have any separate geographic segment other than India.

32. Other Notes

i. The Company does not have any pending litigations which will impact its financial position as at March 31, 2021

ii. The Company does not have any long-term contracts requiring provision for any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has not made any donations to Political parties during the year

v. As the Company does not meet any of the criteria prescribed under Section 135(1) of the Companies Act, 2013, the provisions relating to Corporate Social Responsibility (CSR) are currently not applicable to the Company.

vi. The Company has an unhedged foreign exchange exposure as at March 31, 2021 and 31 March 2020 as follows:

Particulars	**Currency**	**Amount in Foreign Currency**	Amount in INR.
Trade Payable- as at March 31, 2021	**USD**	**72,541**	**52,64,291**
Trade Payable- as at March 31, 2020	USD	1,14,975	86,99,583

33. Approval of financial statements

The financial statements were approved for issue by the Board of directors in their meeting held on April 16, 2021.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA HOMES PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Homes Private Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 27 of the financial statements, which describes that the potential impact of COVID-19 pandemic on the financial statements of the Company are dependent on future developments, which remain uncertain.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e) On the basis of the written representations received from the directors as on 31 March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

      In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.
   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Homes Private Limited** ("the Company") as of 31 March, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Mahindra Homes Private Limited of even date)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (Property, Plant and Equipment).

(b) The fixed assets (Property Plant and Equipment) were physically verified during the year by the Management in accordance with a regular program of verification which, in our opinion, provides for physical verification of all the fixed assets (Property Plant and Equipment) at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than administrative block and project facilities, temporarily constructed at project sites and capitalized as Buildings, hence reporting under clause (i)(c) of the Order is not applicable.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act.

(iv) The Company has not granted any loans or provided guarantees, under the provisions of Section 185 of the Act. Provisions of Section 186 are not applicable to the Company, it being a Company engaged in the business of providing infrastructure facilities.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year and the provisions of Sections 73 to 76 of the Companies Act, 2013 are not applicable and hence reporting under clause 3 (v) of Order is also not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Income Tax, Goods and Services Tax, Customs Duty, cess and other material statutory dues applicable to it to the appropriate authorities. The provisions of Provident Fund, Employees' State Insurance, Service Tax, Value added Tax and Excise Duty are not applicable to the operations of the Company.

(b) There were no undisputed amounts payable in respect of Income tax, Goods and Service tax, cess and other material statutory dues in arrears as at 31 March, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income-tax, Goods and Service tax and Customs duty which have not been deposited as on 31 March, 2021 on account of disputes except as given below:

Name of the Statute	Nature of Dues	Forum where Dispute is pending	Period to which the amount relates	Amount In Rs. Lakhs
Finance Act, 1994	Service Tax	Appellate Authority- up to Commissioners	FY 2015-16 to FY 2017-18	153.76
Finance Act, 1994	Service Tax	Appellate Authority- up to Commissioners	FY 2014-15 to FY 2017-18	74.58
Finance Act, 1994	Service Tax	Appellate Authority- up to Commissioners	FY 2014-15 to FY 2017-18	51.20
Finance Act, 1994	Service Tax	Appellate Authority- up to Commissioners	FY 2013-14 to FY 2017-18	1,885.80

In our opinion and according -to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to Banks and dues to debenture holders. The Company has not taken any loans or borrowings from debenture holders and government.

(viii) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the Order is not applicable.

(ix) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(x) In our opinion and according to the information and explanations given to us, the Company has not paid or provided any managerial remuneration during the year, hence compliance with the provisions of Section 197, read with Schedule V of the Act are not applicable to the Company.

(xi) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xii) According to the information and explanations given to us, in terms of Rule 4 of the Companies (Appointment and qualification of Directors) Rules, 2014 read with Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014, provisions of Section 177 of the Act are not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company has complied with other provisions of Section 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiii) During the year, the Company has not made any preferential allotment or private placement of shares of fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

(xiv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with its directors or directors of its holding Company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xv) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. **General Information**

   Mahindra Homes Private Limited is a private company domiciled in India and was incorporated on June 2, 2010 under the provisions of the Companies Act, 1956 applicable in India. The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The Company is currently engaged in the development of residential projects in Gurugram and Bengaluru.

2. **Significant accounting policies**

2.1 Statement of compliance and basis of preparation and presentation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the act.

These aforesaid financial statements were approved by Company's Board of Directors and authorised for issue in the meeting held on April 21st, 2021.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of Fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basisand measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.3 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.4 Revenue from Contracts with Customers

2.4.1 Revenue from Projects

- The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the developmentof the property is completedi.e. Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.
- The Company invoices the customers for construction contracts based on achieving performance-related milestones.
- For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.
- Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.
- Contract assets is the Company's right to consideration in exchange for goods orservices that the Company has transferred to a customer when that right is conditioned on something other than the passage of time.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.4.2 Dividend and Interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Foreign exchange transactions and translation

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred

2.7 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment.Identification of a lease requires significant judgment.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Company as a lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease termand a corresponding lease liability at the lease commencement datei.e. the date at which the leased asset is available for use by the Company. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.8 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current tax

Current tax payable is determined as the amount of tax payable in respect of taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.8.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9 Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognisedso as to write off the cost of assets (other than properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets is provided on pro-rata basis on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below -

	Useful lives estimated by the management (years)
Computers	3 to 6
Furniture	5
Building - Office/Commercial constructed at site	5

2.10 Impairment of tangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.11 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.12 Cost of Construction/Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed Properties.

2.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.14 Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'.

Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.15 Provisions and Contingent Liabilities

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably.

Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.15.1 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.15.2 Contingent liabilities

Contingent liability is disclosed in case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- a present obligation arising from past events, when no reliable estimate is possible.

2.16 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.16.1 Classification and subsequent movement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial asset is classified as – measured at:

- Amortised cost; or
- Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All Financial assets are not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial Assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment loss. Interest income and impairment loss are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

2.16.2 Impairment of financial assets

The Company applies the expected credit loss(ECL) model for recognising impairment loss on financial assets.

Loss allowance for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the party does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

2.16.3 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expires, or it transfers the rights to receive the contractual cash flows in a transaction in whichsubstantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised

2.17 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.17.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of directly attributable transaction costs.

2.17.2 Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.17.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.18 Offsetting

Financial assets and liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has legally enforceable rights to set off the amount and it intended either to settle them on a net basis or to realise the assets and settle liability simultaneously.

3. Use of estimates and judgements

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the followingjudgements, which have the significant effect on the amounts recognised in the financial statements.

A. Estimation of net realisable value for inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value of inventories under construction is assessed with reference to the market prices at the reporting date less estimated costs to complete the construction and less an estimate of the time value of money to the date of completion if material. The market prices bear reference to the recent selling prices. The costs to complete the construction are estimated by management.

B. Useful lives of Depreciable/amortisable assets

The Company reviews the useful life of depreciable/amortisable assets at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

C. Taxes

Deferred tax assets are recognised for unused tax losses and other temporary differences leading to deferred tax assets to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

D. Determining the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

E. Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Total	**44,748.07**	62,164.11

* Construction Work-in-Progress represents materials at site and construction cost incurred for the projects.

The Company is executing residential projects at NCR and Bengaluru. The residential project in NCR is a Joint Development with the land owner. The project saw a successful launch in 2015 in a buoyant market. The market has thereafter seen muted demand and declining prices. During the previous year the company also saw significant cancellations of earlier bookings. Consequently, while valuing its balance inventory as per its accounting policies, the Company has taken an impact of Rs 19,641 lakh. This has been done considering uncertain market conditions.

During the year ended 31 March 2021, the Company has taken an additional impact of Rs 10.68 Lakhs while valuing its balance inventory as per its accounting policies.

The Company has availed cash credit facilities which are secured by hypothecation of inventories.

This Note covers the equity component of the issued convertible preference shares

* Represents Rs 20/- (As at March 31, 2020 Rs 20/-)

(a) Terms/ rights attached to equity shares

The Company has three classes of equity shares. The details are as follows :-

Each holder of Class A Equity Share is entitled to one vote per share, shall not carry any dividend and shall not carry any economic rights. The Series A Equity Shares shall rank subordinate to the Compulsorily Convertible Preference Shares, the Series A OCRPS, the Series B OCRPS, the Series A Debentures, the Series B Debentures, the Series B Equity Shares and the Series C Equity Shares with respect to distribution rights and rights on liquidation, dissolution and winding up of the affairs of the Company.

Each holder of Class B Equity Share shall be non voting and entitled to dividend. The economic rights on Series B Equity Shares shall be for the entire Series B as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series B shareholder has achieved a 17% Internal Rate of Return (IRR) on the Investment Subscription Amount. On achieving 17% IRR by the Series B shareholder, the Series B Equity Shares to carry 35% share of the total economic rights of the Shareholders of the Company.

Each holder of Class C Equity Share shall be non voting and entitled to dividend. The economic rights on Series C Equity Shares shall be for the entire Series C as a whole, with economic rights equal to 50% of the total economic rights of the Shareholders of the Company, until the Series C shareholder has achieved a 17% IRR on the Investment Subscription Amount. On achieving 17% IRR by Series C shareholder, the Series C Equity Shares to carry 65% share of the total economic rights of the Shareholders of the Company.

(b) Terms of conversion/ redemption of Optionally Convertible Redeemable Preference Shares (OCRPS)

The Series A OCRPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum (“Fixed Dividends”). The Series A OCRPS shall be non-cumulative and not carry any voting rights. One Series A OCRPS shall convert to one Series A Equity Share at the conversion Ratio at the option of the holder of the Series A OCRPS. The Series A OCRPS shall be optionally redeemable at par. In the event of liquidation of the Company, Series A OCRPS shall be deemed to have been converted into Series A Equity Shares.

(c) Terms of conversion/ redemption of Compulsorily Convertible

CCPS shall carry a dividend, as and when declared, at the rate of 0.01% per annum (Fixed Dividend). The CCPS shall be non-cumulative and shall not carry any voting rights. One CCPS Share shall convert to one Series B Equity Share. The CCPS shall be deemed to have automatically and mandatorily converted to Series B Equity Shares at the Conversion Ratio at the expiry of 12 years from the date of allotment. CCPS can be voluntarily converted to Series B Equity Shares at the option of the holder. In the event of liquidation of the Company, the CCPS shall be deemed to have been converted into Series B Equity Shares.

Note on Issue of Class B and Class C Equity Shares on conversion of Compulsory Convertible Debentures (CCD) and Optionally Convertible Debentures (OCD) during the previous year

During the previous year ended March 31, 2020, the company has converted 3,20,17,000 Series A Compulsory Convertible Debentures and 3,20,17,000 Series B Optionally Convertible Debentures and allotted to Actis Mahi Holdings (Singapore) Private Limited fully paid-up 64,034 Series B Equity Shares (non-voting rights) of the face value of Rs 10 each and to Mahindra Lifespace Developers Limited fully paid-up 64,034 Series C Equity Shares (non-voting rights) of the face value of Rs 10 each respectively.

Non-Convertible Debentures (NCD)

A. Series II and III Secured, Unlisted, Rated, Redeemable Non-Convertible Debentures ('NCD')

The Series II and III Secured, Unlisted, Rated, Redeemable Non-Convertible Debentures ('NCD') shall bear a coupon rate of 8.50% payable annually. The tenor for the Series II is 3 years from the deemed date of allotment, i.e. date of redemption is December 15, 2020 and for Series III debentures, it is 4 years from the deemed date of allotment, i.e. date of redemption is December 15, 2021. All 2 series of NCDs shall be redeemed at par, with the scheduled redemption being on 'Bullet at Maturity' terms. The Company has excercised call option for Series III Non-Convertible Debentures ('NCD') in the month of December 2020 and repaid the entire Series III outstanding amount.

The NCDs was secured by first pari-passu charge over identified movable / immovable properties providing a minimum security cover of 1.25x at all times during the currency of the debentures; security cover was to be calculated on annual basis based on ratio of Market Value of the Security created on first pari-passu charge along with the existing holders on security / outstanding amount."

B. Loans repayable on demand from banks (Secured)

Axis Bank Ltd (sanctioned limit of Rs 5,000 lakhs)

Overdraft facility from Axis Bank Ltd carries interest rate in the range of 8.15% to 9.10% p.a. The facility is secured by first ranking pari passu charge by way of hypothecation (pari passu only with the security interest created / to be created to secure the working capital facilities availed by the Company) over the receivables, including security deposit to land owners, second charge over the land, building and development rights of Luminare project.

HDFC Bank Ltd (sanctioned limit of Rs 3,000 Lakhs)

Overdraft facility from HDFC Bank carries interest rate of 8.45% to 9.15% p.a. The facility is secured by first pari passu charge (pari passu along with other lenders for current facility) on receivables to the extent of Borrower's share (75% of receivables) pertaining to Gurgaon project and receivable of Bengaluru project, present and future to be shared pari-passu with Rupee Term Loan facility.

C. Short Term Loan from Banks (Secured)

HDFC Bank Ltd (Loan amount of Rs 1,000 Lakhs)

Short Term working capital loan carries interest rate of 5.80% per annum. The Loan will be paid as bullet repayment in April 2021. This facility is part of overall sanctioned limit of Rs 3,000 Lakhs by HDFC Bank Ltd in (B) above. The facility is secured by first pari passu charge (pari passu along with other lenders for current facility) on receivables to the extent of Borrower's share (75% of receivables) pertaining to Gurgaon project and receivable of Bengaluru project, present and future to be shared pari-passu with Rupee Term Loan facility.

D. Short Term Loan from Financial Institution (Unsecured)

Bajaj Finance Ltd (Loan amount of Rs 3,000 Lakhs)

Unsecured Short Term loan carries interest rate of 7.25% per annum. The Loan will be paid as bullet repayment at the end of 12 months i.e. December 2021.

Other Current Provisions		
Provision for Defect Liabilities	**218.97**	218.97
Total	**218.97**	218.97

Defect Liability Provisions:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units when control over the property has been transferred to the customer, the estimated cost of which is accrued during the period of construction, upon sale of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under a the defect liability period limited to 5 year from the date when control over the property has been transferred to the customer.

The movement in provision for defect liabilities is as follows:

(Rs. in Lakh)

Particulars	Provision for Defect Liability
Balance at March 31, 2019	165.02
Additional provisions recognised	53.95

18. Revenue from Operations

(Rs. in Lakh)

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Revenue from Contracts with Customers		
Revenue from Projects	**24,401.23**	42,155.70
Total	**24,401.23**	42,155.70

Revenue from operations for the year ended March 31, 2021 is net of Rs 3.84 Lakhs (March 31, 2020 -Rs 46.72 Lakhs) towards input tax credit benefits passed on to the customers as per the provisions of section 171 on Anti-Profiteering of CGST Act, 2017. The treatment is as per the prevailing Indian Accounting Standards.

Notes

a) Contract Balances

i) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as "Advances received from Customers" in note 16- Other Current Liabilities. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables in note 7- Trade Receivables.

ii) During the year, the Company recognised Revenue of Rs. 286.38 lakhs (Previous Year- Rs. 5,086.01 lakhs) from opening contract liability (after Ind AS 115 adoption) of Rs 36,841.70 lakhs. Contract Liability of Rs 1,300.82 Lakhs (previous year- Rs. 4,812.34 Lakhs) cancelled during the current year.

iii) There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing, sales cancellations and revenue recognition.

iv) Amounts previously recorded as contract liabilities increased due to further milestone based invoices raised during the year and decreased due to revenue recognised during the year on completion of the construction.

v) Amounts previously recorded as Trade receivables increased due to further milestone based invoices raised during the year and decreased due to collections during the year.

vi) There are no contract assets outstanding at the end of the year.

vii) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at March 31, 2021, is Rs. 22,311.49 lakhs (March 31, 2020: Rs. 24,614.30 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 100% within the next one year. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

b) Reconciliation of revenue recognised with the contracted price is as follows:

(Rs. in Lakh)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Contracted price	**24,413.19**	42,401.80
Adjustments on account of cash discounts or early payment rebates, deferred payment schemes etc.	**(11.96)**	(246.10)
Revenue recognised as per Statement of Profit & Loss	**24,401.23**	42,155.70

c) Contract Costs

(Rs. in Lakh)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Contract costs included in Prepaid expenses in Note 5- Other Assets	**384.45**	512.11

The Company incurs commissions that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under note no. 5 - Other Assets and amortises it upon completion of the related property sale contract.

For the year ended March 31, 2021, amortisation amounting to Rs. 1,019.30 lakhs (Previous Year - Rs. 1,394.70 lakhs) was recognised as brokerage cost in note 21- Other expenses. There was no impairment loss in relation to the costs capitalised.

19. Other Income

23. Earnings per share (EPS)**

Basic EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit/(loss) attributable to equity holders of the Company (after adjusting for interest on the convertible Debentures and dividend on preference shares) by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the profit/(loss) and share data used in the basic and diluted EPS computations:

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Profit/(Loss) after tax for the year (in Rs Lakh)	**1,185.25**	(18,936.25)
Weighted average number of Class A equity shares in calculating EPS*	**822,507**	822,507
Weighted average number of Class B equity shares in calculating EPS	**64,423**	64,423
Weighted average number of Class C equity shares in calculating EPS	**64,423**	33,281
Conversion of Compulsory Convertible Preference Shares	**1**	1
Conversion of Optionally Convertible Preference Shares	**1**	1
Face Value of Class B Equity Shares	**10**	10
Face Value of Class C Equity Shares	**10**	10
Earnings per Class B Equity share - Basic	**919.89**	(19,381.29)
Earnings per Class C Equity share - Basic	**919.89**	(56,898.45)
Earnings per Class B Equity share - Diluted (refer note)	**919.88**	(19,381.29)
Earnings per Class C Equity share - Diluted (refer note)	**919.88**	(56,898.45)

The following reflects the profit and share data used in the basic and diluted EPS computations:

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Net profit/(loss) for the year, used in the calculation of basic earning per share (in Rs Lakh)	**1,185.25**	(18,936.25)
Add: Interest on convertible debentures (net) - adjusted for attributable taxes (in Rs Lakh)	–	–
Profit for the year used in the calculation of diluted earnings per share	**1,185.25**	(18,936.25)
Weighted average number of equity shares used in calculating basic EPS	**128,846**	97,704
Effect of dilution:		
Compulsory Convertible Preference Shares & Optionally Convertible Preference Shares	**2**	2
Weighted average number of equity shares in the calculation of diluted EPS	**128,848**	97,706

* As Class A Equity Shares does not carry any dividend and economic rights, therefore the same has not been considered in calculation of Basic & Diluted EPS.

Note- In calculating the Earnings per share the effect of dilution on account of outstanding Convertible Preference Shares is ignored in the previous year since the results are anti-dilutive.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

24. Leases

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents, mutual funds and other financial assets.

Trade Receivables

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of directors who have established an appropriate liquidity risk management framework for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

(Rs. in Lakh)

Trade Payable	6,175.05	–
Other financial liabilities	32,342.56	–
Total	**46,245.73**	**3,000.00**

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Currency Risk

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company undertakes transactions in foreign currencies only for purchase of components which are required to be imported to carry out construction activities or for travelling and sales promotion activities; consequently, exposing to exchange rate fluctuations, but the same is not material in nature as compared to the size of the operations of the Company.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's financial statements are affected through the impact on floating rate borrowings, as follows:

(Rs. in Lakh)

	Increase/ decrease in basis points	Effect on financial statements*
As at March 31, 2021		
INR	**+100**	**(49.82)**
INR	**-100**	**49.82**
As at March 31, 2020		
INR	+100	(47.28)
INR	-100	47.28

* The effect as mentioned above will have impact on the carrying value of Inventories and Profit/(Loss) Before Tax.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

(Rs. in Lakh)

Particulars	As at March 31, 2021	As at March 31, 2020
Secured Bank Overdraft facility		
Expiring within one year	**4,018.22**	7,271.88
Total	**4,018.22**	7,271.88

27 - Impact of COVID 19 (Global Pandemic)

The Company is actively monitoring the impact of the global health pandemic on its financial condition, liquidity, operations, suppliers, industry, and workforce. The operations of the Company were impacted due to the stoppage of work at its project sites and corporate office following the nationwide lockdown by the Government of India on March 23, 2020. The sites were impacted due to the lockdown for different periods of time, depending on their location and local regulations. The Company has resumed its operations in a phased manner as per the directives issued by the Government of India and local authorities.

However, since early March 2021, India has witnessed a second wave of COVID-19 with sudden rise in COVID-19 cases across the country. This has again led to imposing lockdown like restrictions across the country, which is likely to impact the economic activity of the country as a whole and the Company's operations in particular. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on current assessments. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets.

The extent to which COVID -19 impacts the operations will depend on future developments which remain uncertain.

28. Capital & other Commitments

At March 31, 2021, the company has commitments of Rs. 2,075 lakhs (Previous year Rs. 2,075 lakhs) relating to further security deposit payable towards Joint Development Agreement.

29. Segment information

The Company is engaged only in the business of development of property and related activities in India. It has no other reportable segments as per the terms of Indian Accounting Standards (Ind AS) 108 on Segment Reporting.

No single customer contributed 10% or more to the company's revenue for year ended March 31, 2021 and year ended March 31, 2020.

30 - Contingent Liabilities

(Rs. in Lakh)

Particulars	As at March 31, 2021	As at March 31, 2020
i) Income Tax matters under dispute		
Income tax claims in respect of certain expenses disallowed by the Income Tax Department. The company is pursuing the matter with the appropriate appellate authorities.	**799.01**	37.57
ii) Indirect Tax matters under dispute		
Demand raised by Service Tax Authorities claiming construction service provided by the Company under Colloaboration agreement	**1,885.00**	
Input Service Tax claims disallowed by the Service Tax Department. Company is pursuing the matter with the appropriate appellate authorities	**279.54**	228.34

31 - Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

32. - Events after the reporting period

No material events have occurred after the Balance Sheet date and upto the approval of the Financial Statements

33. - Previous Year Figures

The figures for the previous year have been regrouped wherever necessary to confirm to current year's grouping.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Happinest Developers Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Mahindra Happinest Developers Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 34 of the financial statements, which describes that the potential impact of COVID-19 pandemic on the financial statements of the Company are dependent on future developments, which remain uncertain.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:
   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e. On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

      In our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration is not applicable.
   h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial position.
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Happinest Developers Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Mahindra Happinest Developers Limited of even date)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (Property, Plant and Equipment).

(b) The fixed assets (Property Plant and Equipment) were physically verified during the year by the Management in accordance with a regular program of verification which, in our opinion, provides for physical verification of all the fixed assets (Property Plant and Equipment) at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties of freehold or leasehold land and building other than sales and projects office and sales gallery, temporarily constructed at the project site and capitalized as Buildings, hence reporting under clause (i)(c) of the Order is not applicable

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act.

(iv) The Company has not granted any loans or provided guarantees, under the provisions of Section 185 of the Act. Provisions of Section 186 are not applicable to the Company, it being a Company engaged in the business of providing infrastructure facilities.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year and the provisions of Sections 73 to 76 of the Companies Act, 2013 are not applicable and hence reporting under clause 3 (v) of Order is also not applicable.

(vi) The Company is not required to maintain the cost records pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Goods and Service Tax, Customs Duty, cess and other material statutory dues applicable to it to the appropriate authorities. The provisions of Employees' State Insurance, Excise Duty, Service Tax and Value added tax are not applicable to the operations of the Company.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Service tax, cess and other material statutory dues in arrears as at 31st March, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income-tax, Goods and Service tax and Customs Duty which have not been deposited as on 31st March, 2021 on account of disputes.

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institution, bank and dues to debenture holders. The Company has not taken any loans or borrowings from government.

(ix) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. The money raised by way of term loans have been applied by the Company during the year for the purposes for which they were raised.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has not paid or provided any managerial remuneration during the year, hence compliance with the provisions of Section 197, read with Schedule V of the Act are not applicable to the Company.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us, in terms of Rule 4 of the Companies (Appointment and qualification of Directors) Rules, 2014 read with Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014, provisions of Section 177 of the Act are not applicable to the Company.

In our opinion and according to the information and explanations given to us, the Company has complied with other provisions of Section 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares of fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with its directors or directors of its holding Company or persons connected with them and hence provisions of section 192 of the Act are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

1. General Information

Mahindra Happinest Developers Limited ("The Company") (Formerly known as Mahindra Happinest Developers Pvt. Ltd.) was incorporated on 6th September, 2017 under the provisions of the Companies Act,2013. It was converted to a public limited company on 26th September, 2017.

The registered office of the company is located at 5th Floor, Mahindra Tower, Worli, Mumbai – 400018. The company is engaged in the business of development of residential complexes. The company is currently engaged in development of residential projects in Palghar and Kalyan near Mumbai.

2. Significant Accounting Policies

2.1 Statement of compliance and basis of preparation and presentation

The Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 26th April, 2021. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.3 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 : Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.4 Revenue from contracts with customers

2.4.1 Revenue from Projects

i. The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed i.e. Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

ii. The Company invoices the customers for construction contracts based on achieving performance-related milestones.

iii. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

iv. Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.2 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

– It is expected to be settled in normal operating cycle

– It is held primarily for the purpose of trading

– It is due to be settled within twelve months after the reporting period, or

– There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax asset and liabilities are classified as non-current asset and liabilities.

Borrowings and investment are classified as current if they are due to be settled within 12 months after the reporting period.

2.6 Leasing

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

2.6.1 The Company as a Lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.7 Employee Benefits

2.7.1 Defined Contribution Plan

The Company's contribution paid/payable during the year to Provident Fund and Superannuation Fund is recognised in profit or loss.

2.7.2 Defined Benefit Plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

2.7.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to profit or loss in subsequent period. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

2.7.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase the irentitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.8 Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise cash at banks and cash on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.9 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti- dilutive.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.11 Income Taxes

Income Tax expense represents the sum of tax currently payable and deferred tax

2.11.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantially enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.11.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.11.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.12 Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Furniture & Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Lease hold improvements are amortised over the period of lease/estimated period of lease.

Vehicles used by employees are depreciated over the period of 4 years considering this period as the useful life of the vehicle for the Company.

Sales office and the sample flat/ show unit cost at site is amortised over 5 years or the duration of the project (as estimated by management) whichever is lower.

Fixed Assets held for disposal are valued at estimated net realizable value.

2.13 Intangible Assets

2.13.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.13.2 Derecognition of Intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

2.13.3 Useful lives of Intangible assets

Estimated useful lives of the intangible assets are as follows:

Software 3 years

2.14 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.15 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.16 Cost of Construction / Development:

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction

work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed.

2.17 Provisions and contingent liabilities

2.17.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.17.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.17.3 Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

2.18 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.18.1 Classification and subsequent measurement

2.18.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

– Amortised cost; or

– Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss on derecognition is recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

2.18.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.18.1.3 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.18.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.18.3 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.18.4 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when and only when, the Company currently has legally enforceable rights to set off the amount and it intended either to settle them on a net basis or to realise the assets and settle liability simultaneously.

3. Use estimates and judgement

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment

The Company reviews the useful life of depreciable / amortisable assets at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to the financial statements.

C. Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

D. Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

E. Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has generally concluded that the over time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time, when control transfers which coincides with receipt of Occupation Certificate.

F. Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Loan from other party	**4,982.97**	7,965.91
Total Secured Borrowings	**4,982.97**	7,965.91
B. Non Current Unsecured Borrowings- at Fair value:		
a) Debentures		
1,76,00,000 Series 1 (Previous year 2,76,00,000) and 36,884,230 Series 2 (Previous year 36,884,230), 15% Optionally Convertible Redeemable Debentures ("OCRD") of Rs. 10/- each (Refer note 33 & 35)	**5,670.21**	7,663.18
b) Preference Shares		
12,33,500 Series 1 (Previous year 12,33,500) and 25,65,044 Series 2 (Previous year 25,65,044) Optionally Convertible Redeemable Preference Shares ("OCRPS") of face value of Rs. 10/- each (Refer note 33 & 35)	**3,373.39**	3,335.70
Total Unsecured Borrowings	**9,043.60**	10,998.88
Total Non Current Borrowings	**14,026.57**	18,964.79

A. Non Current Secured Borrowings- at amortised cost:

a) Term Loan from other party is repayable in 8 equal instalment starting from year 4 from the date of drawdown viz July 2018. The facility is fully secured against first charge over land, movable & immovable property, current assets and cash flow of Palghar Project. Term loan carries floating interest rate which is linked to 1 year MCLR of ICICI Bank Ltd and interest rate is in the range of 8.75% p.a. to 9.70% p.a. (previous year rate range 9.95% p.a. to 9.70% p.a.)

B. Terms and conditions of Series 1 and Series 2 Optionally Convertible Debenture (OCDs)

a) Series 1 and Series 2 Debentures are unsecured, unlisted, redeemable and optionally convertible debentures. The issue price of each Series 1 & Series 2 Debenture is Rs.10 (face value Rs.10). The Series 1 and Series 2 Debentures shall earn, interest of 15% per annum compounded annually. Interest on each Series 1 and Series 2 Debentures shall be accrued, due and payable to the holders of Series 1 & Series 2 Debentures subject to availability of Distributable Cash and on obtaining an approval from the Distributions Committee and the board of directors of the Company. Each Series 1 and Series 2 debentures constitutes a direct obligation of the Company and shall at all times rank pari passu inter se (without any preference or priority of one over the other or others of them).

At the time of redemption of Series 1 and Series 2 Debentures on a Redemption Date (not latter than 9 years from the date of allotment), the Company shall pay the holders of Series 1 and Series 2 Debentures an Interest determined by the Distributions Committee and such Interest shall become due and payable on the date of which it is determined by the Distributions Committee without the need for an approval from the Board.

At the option of the holder of the Series 1 and Series 2 Debentures, if the then outstanding Series 1 and Series 2 Debentures cannot be redeemed in full then, with the prior written unanimous approval of all the holders of the Series 1 and Series 2 Debentures, the Series 1 and Series 2 Debentures shall be converted into equity shares of the Company, in accordance with such formula as may be determined between the Company and the holder of the Series 1 and Series 2 Debentures, but at a price which is not less than fair market value of the equity shares at the time of such conversion.

In the event of conversion, the holders of Series 1 Debentures will be entitled to equity shares of the Company only up to the principal amount (i.e. the issue price) of the outstanding OCDS.

Terms and conditions of Series 1 and Series 2 Optionally Convertible redeemable Preference Shares (OCRPS)

b) Series 1 and Series 2 Preference Shares are unsecured, unlisted, redeemable, optionally convertible preference shares. The issue price of each Series 1 & Series 2 Preference Shares is Rs.100 (face value Rs.10). The Series 1 and Series 2 Preference Shares shall not be entitled to any voting rights, other than as prescribed under Applicable Law and the articles of association of the Company. Each Series 1 and Series 2 Preference Share constitutes a direct obligation of the Company and shall at all times rank pari passu inter se (without any preference or priority of one over the other or others of them).

Series 1 and Series 2 Preference Shares shall be eligible to receive Redemption Premium which shall be paid along with Redemption of Series 1 and Series 2 Preference Shares (not latter than 9 years from the date of allotment). Redemption Premium shall mean a premium not exceeding 15% per annum compounded annually from the date of subscription of the Series 1 and Series 2 Preference Shares that is being redeemed. The payment of Redemption Premium shall be subject to the Distributable Cash as determined by the Distribution Committee. The Redemption Premium shall be accrued, due and payable only on Redemption Date and proportionate to the Series 1 and Series 2 Preference Shares so being redeemed.

At the option of holder of the Series 1 and Series 2 Preference Shares, if the then outstanding Series 1 and Series 2 Preference Shares cannot be redeemed in full then, with the prior written unanimous approval of all the holders of the Series 1 and Series 2 Preference Shares, the Series 1 and Series 2 Preference Shares shall be converted into equity shares of the Company, in accordance with such formula as may be determined by the Company and the holder of the Series 1and Series 2 Preference Shares, but at a price which is not less than fair market value of the equity shares at the time of such conversion.

At the time of conversion, the holder of Preference Shares will be entitled to equity shares of the Company up to the principal amount (i.e. issue price) of the outstanding OCRPS.

Unrecognised Deferred Tax Asset	**388.83**	–
Total	**–**	(1,160.80)

27. Earnings per share (EPS)

Basic and diluted EPS amounts are calculated by dividing the (loss) for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

The following reflects the loss and share data used in the basic and diluted EPS computations:

(₹ in Lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Loss after tax (Rs. in Lakh)	**(1,338.14)**	(966.05)
Weighted average number of equity shares	**100,000**	100,000
Face Value of Equity Shares (in Rs.)	**10**	10
Earnings per Equity share - Basic (in Rs.)	**(1,338.14)**	(966.05)
Earnings per Equity share - Diluted (in Rs.)	**(1,338.14)**	(966.05)

28. Leases

A. As lessee

The company had entered into operating leases arrangement for its regional office and sales & marketing office. These operating leases have been either expired or terminated during the current year.

(₹ in Lakh)

Maturity Analysis - Contractual Undiscounted Cash Flow	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Less than one year	**–**	165.19
One to Three years	**–**	–
Three to five years	**–**	–
More than five years	**–**	–
Total discounted lease liabilities at Balance sheet date	**–**	159.54

During the year the company has incurred Rs. Nil against lease rental payments (Previous Year Rs. 184.09 lacs) of two premises which is classified as Lease Liability payment as per IND AS 116.

Expense of Rs 3.93 lakh (previous year Rs. 6.92 lakh) relating to leases of low-value assets for the year ended March 31, 2020 is inlcuded under Rent, Rates & Taxes in Note 25 “Other Expenses”

29. Disclosures as per IND AS 115

(1) Contract Balances

(a) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as “Advances received from Customers/Income received in Advance” in note no. 19- Other Current Liabilities amounting to Rs 26,603.61 lakhs (previous year Rs. 10,789.52 lakhs). Amounts billed for development milestones achieved but not yet paid by the customer are included in the balance sheet under note no.9 - Trade Receivables amounting to Rs.4,262.80 lakhs (previous year Nil).

(b) During the year, the Company recognised Revenue of Rs. 3,764.77 (previous year Nil) from opening contract liability of Rs 10,789.52 lakhs (previous year Rs. 3,640.64 lakhs).

(c) There were no significant changes in the composition of the contract liabilities during the reporting period other than on account of periodic invoicing and one new project opened for sale.

(d) Amounts previously recorded as contract liabilities increased due to further milestone based invoices raised during the year and one new project opened for sale.

(e) There are no contract assets outstanding at the end of the year.

(f) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as at March 31, 2021, is Rs. 46,327.57 lakhs (previous year Rs. 41,276.54 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 15% (previous year 26%) within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is not expected to be material.

(2) Contract costs

(₹ in Lakh)

Particulars	**As at 31st March, 2021**	As at 31st March, 2020
Contract costs included in Prepaid expenses in Note no. 12- Other Current Assets	**1,074.84**	494.49

(a) The Company incurs commissions & incentives that are incremental costs of obtaining a contract with a customer. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under Note no. 12 - Other Current Assets and amortises it upon completion of the related property sale contract.

30. Capital Commitments

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

32. Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 25.76 lakhs (31st March, 2020 Rs. 21.53 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The scheme is unfunded as on March 31, 2021.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	As at	
	31st March, 2021	31st March, 2020
Discount rate(s)	**5.71%**	5.68%
Expected rate(s) of salary increase	**5.00%**	5.00%
Attrition Rate	**0 to 42: 16%**	0 to 42: 16%
Mortality	**IALM (2012-14) ULT.**	IALM (2012-14) ULT.

Retirement age of the employees is assumed to be 60 years.

Defined benefit plans – as per actuarial valuation on 31st March, 2021

(₹ in Lakh)

Particulars	Un-funded Gratuity Plan For the year ended 31st March, 2021	For the year ended 31st March, 2020
Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:		
Service Cost		
Current Service Cost	**9.07**	8.27
Past service cost and (gains)/losses on transfer of employees from holding company as at 1st August, 2019	**–**	35.78
Net interest expense	**1.76**	1.46
Components of defined benefit costs recognised in profit or loss	**10.83**	45.51
Remeasurement on the net defined benefit liability		
Actuarial (gains)/loss arising from demographic assumptions	**–**	(4.11)
Actuarial (gains)/loss arising from changes in financial assumptions	**(0.03)**	(7.42)
Actuarial (gains)/loss arising from experience adjustments	**(8.69)**	(0.72)
Components of defined benefit costs recognised in other comprehensive income	**(8.72)**	(12.25)
Total	**2.11**	33.26
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March, 2021		
1. Present value of defined benefit obligation as at 31st March, 2021	**24.36**	33.27
2. Fair value of plan assets as at 31st March, 2021	**–**	–
3. Surplus/(Deficit)	**(24.36)**	(33.27)
4. Current portion of the above	**(4.16)**	(4.71)
5. Non current portion of the above	**(20.20)**	(28.56)
II. Movements in the present value of the defined benefit obligation are as follows.		
1. Present value of defined benefit obligation on transfer of employees from holding company as at 1st April, 2020	**33.27**	35.78
2. Transfer out liability	**(6.65)**	–
3. *Expenses Recognised in Profit and Loss Account*		
- Current Service Cost	**9.07**	8.27
- Past Service Cost	**–**	–
- Interest Cost	**1.76**	1.46
4. *Recognised in Other Comprehensive Income*		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	(4.11)
ii. Financial Assumptions	**(0.03)**	(7.42)
iii. Experience Adjustments	**(8.69)**	(0.72)
5. Benefit payments	**(4.37)**	–
6. Present value of defined benefit obligation at the end of the year	**24.36**	33.26

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(₹ in Lakh)

Principal Assumptions		Changes in assumption (%)	Impact on defined benefit obligation Increase in assumption	Decrease in assumption
Discount rate	**2021**	**1.00%**	**23.32**	**25.51**
	2020	1.00%	31.66	35.05
Salary growth rate	**2021**	**1.00%**	**24.85**	**23.92**
	2020	1.00%	34.33	32.30

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Maturity profile of defined benefit obligation:

	31st March, 2021	31st March, 2020
Within 1 year	**4.16**	4.71
1 - 2 year	**3.59**	4.66
2 - 3 year	**3.44**	4.12
3 - 4 year	**3.10**	4.21
4 - 5 year	**2.68**	3.95
5 - 10 years	**11.79**	12.98

The weighted average age considered for defined benefit obligation as at 31st March 2021 is 33.71 years (31st March, 2020 was 34.72 years)

33. Financial Instruments

Capital management

The Company's capital management objectives are-

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

(₹ in Lakh)

Particulars	As at 31st March, 2021	As at 31st March, 2020
Debt	**7,982.97**	7,965.91
Cash and Bank Balances	**(6,782.79)**	(1,577.41)

Trade Payables	1,296.49	–	1,296.49

34. COVID-19

The Company is actively monitoring the impact of the global health pandemic on its financial condition, liquidity, operations, suppliers, industry, and workforce. The operations of the Company were impacted due to the stoppage of work at its project sites and corporate office following the nationwide lockdown by the Government of India on March 23, 2020. The sites were impacted due to the lockdown for different periods of time, depending on their location and local regulations. The Company has resumed its operations in a phased manner as per the directives issued by the Government of India and local authorities.

However, since early March 2021, India has witnessed a second wave of COVID-19 with sudden rise in COVID-19 cases across the country. This has again led to imposing lockdown like restrictions across the country, which is likely to impact the economic activity of the country as a whole and the Company's operations in particular. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on current assessments. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets.

The extent to which COVID-19 impacts the operations will depend on future developments which remain uncertain.

35. Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash and cash equivalents and other financial assets.

Trade Receivables

The Company's trade receivables include receivables on sale of residential flats. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats.

Cash and cash equivalents and other financial assets

For Cash and bank balances only high rated banks are accepted. The Company holds cash and cash equivalents with banks which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of Directors who have established an appropriate liquidity risk management framework for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

(₹ in Lakh)

Particulars	Less than 1 Year	1 Year to 3 Years	3 Year to 5 Years

Unsecured Bank Overdraft facility		
- Expiring within one year	**4,200.00**	300.00
Total	**4,200.00**	300.00

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

CURRENCY RISK

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company undertakes transactions denominated in foreign currencies only for the purchases of the components which are required to carry out the construction activities. The Company manages its foreign currency risk by forward contracts that are expected to occur within a maximum 12 month from the entering of a contract.

INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase / decrease in basis points	(₹ in Lakh)
As at 31st March, 2021	**INR**	**+100**	**(49.83)**
	INR	**-100**	**49.83**
As at 31st March, 2020	INR	+100	(79.66)
	INR	-100	79.66

INDEPENDENT AUDITOR'S REPORT

To the Members of MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED** (the 'Company'), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at 31 March 2021, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no other key audit matters to communicate in our report

Information other than the Financial Statements and Auditor's Report thereon

5. The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

10. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

14. As required by Section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
15. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure 1, a statement on the matters specified in paragraphs 3 and 4 of the Order.
16. Further to our comments in Annexure 1, as required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
    a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
    b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
    c) the standalone financial statements dealt with by this report are in agreement with the books of account;
    d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
    e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act;
    f) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per Annexure 2 expressed an unmodified opinion; and
    g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
        i. The Company does not have any pending litigations which would impact its financial position;
        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE – 1 TO THE AUDITORS REPORT

The annexure referred to in independent auditors report to the members of the Company on the financial statements for the year ended 31 March 2021. We report that:

(i) The Company does not have fixed assets and, accordingly, the requirements under paragraph 4 (i) (a),(b) and (c) are not applicable to the Company.

(ii) The Company's business does not have inventories and, accordingly, the requirements under paragraph 4(ii) of the Order are not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.

(iv) In our opinion and according to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the company.

(v) The Company has not accepted any deposits from the public.

(vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act.

(vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, duty of custom, duty of excise, value added tax, Goods and Service Tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, duty of custom, duty of excise, value added tax, Goods and Service Tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income tax, sales-tax, wealth tax, service tax, customs duty, excise duty, value added tax, Goods and Service Tax and cess which have not been deposited on account of any dispute.

(viii) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holders or government.

(ix) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management and on an overall examination of the balance sheet, we report that monies raised by way term loans were applied for the purposes for which those were raised.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud on or by the officers and employees of the Company has been noticed or reported during the year.

(xi) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) In our opinion, the Company is not a nidhi company. Therefore, the provisions of clause 3(xi) of the order are not applicable to the Company and hence not commented upon.

(xiii) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence not commented upon.

(xv) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him.

(xvi) According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE TO THE MEMBERS OF MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED, ON THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Annexure 2

Independent Auditor's report on the Internal Financial Controls with reference to the standalone financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

1. In conjunction with our audit of the standalone financial statements of **MAHINDRA KNOWLEDGE PARK (MOHALI) LIMITED** (the "Company") as at and for the year ended 31 March 2021, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibility of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of Internal financial controls with reference to standalone financial statements includes obtaining an understanding of such Internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A Company's Internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of Internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal financial controls with reference to financial statements to future periods are subject to the risk that Internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. **Corporate information**

Mahindra Knowledge Park (Mohali) Limited ("the Company") is a public company incorporated in India on 11 July, 1994 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at Mahindra Towers, Dr G.M.Bhosale Marg, P.K. Kurne Chowk, Worli, Mumbai - 400018.

2. **Significant Accounting Policies**

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 26th April, 2021.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

2. Related parties have been identified by the Management.

Note No. 14 - Financial Instruments

Capital management

The company’s capital management objectives are:

– to ensure the company’s ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company manages capital risk in order to maximize shareholders’ profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

The Company is not subject to externally enforced capital regulation.

Debt-to-equity ratio as of 31 March 2021, 31 March 2020 is as follows:

	31-Mar-21	31-Mar-20
Debt (A)	**500,000**	500,000
Equity (B)	**(12,410,643)**	(12,243,047)
Debt Ratio (A/B)	**(0.04)**	(0.04)

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk list all such risks as applicable. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company.

Credit risk related to financial instruments

Credit risk from balances with banks and financial institutions is managed by Treasury in accordance with the Company's policy. Investments of surplus funds are made only by investment them in mutual funds. Hence the company is not exposed to any credit risk in this respect.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
	INR	INR	INR	INR
Non-derivative financial liabilities				
31-Mar-21				
Trade Payable	**189,249**	**158,076**	**859,205**	**10,712,354**
Total	**189,249**	**158,076**	**859,205**	**10,712,354**
31-Mar-20				
Trade Payable	62,077	980,574	10,712,354	–
Total	**62,077**	**980,574**	**10,712,354**	**–**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchnage fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Note No. 15 - Fair Value Measurement

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Trade Payable	**11,918,884**	11,755,005	**11,918,884**	11,755,005
Total financial liabilities	**11,918,884**	11,755,005	**11,918,884**	11,755,005

The management assessed that Investment in cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of the Group's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period.

Fair Value Hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021: **(Amount in)**

	Fair value measurement using			
	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Financial assets				
Assets measured at Fair Value:				
Other Bank Balances	–	2,666	–	2,666
Total	**–**	**2,666**	**–**	**2,666**
Financial liabilities				
Liabilities measured at fair value:				
Trade Payable	–	11,918,884	–	11,918,884
Total	**–**	**11,918,884**	**–**	**11,918,884**

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2020:

	Fair value measurement using			
	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Financial assets				
Assets measured at Fair Value:				
Other Bank Balances	–	2,666	–	2,666
Total	**–**	**2,666**	**–**	**2,666**
Financial liabilities				
Liabilities measured at fair value:				
Trade Payable	–	11,755,005	–	11,755,005
Total	**–**	**11,755,005**	–	**11,755,005**

There have been no transfers between Level 1 and Level 2 during year ended 31 March 2021.

Note No. 16: Previous period's figures have been regrouped/reclassified wherever necessary to correspond with the current period's classification/disclosure

DEEP MANGAL DEVELOPERS PRIVATE LIMITED

INDEPENDENT AUDITORS' REPORT

To the Members of Deep Mangal Developers Private Limited

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Deep Mangal Developers Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its Loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies

1110

Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial statements;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2021:

i. In respect of its fixed assets:

As per information provided by the Company to us, it does not have any fixed asset as on 31st March, 2021. Accordingly, paragraph 3 (i) of the Order is not applicable to the Company.

ii. In respect of its inventories:

A) The Company is having inventory and work in progress; and it is physically verified by its management at reasonable intervals.

B) Procedures adopted by the Company's management for physical verification of inventories are adequate and reasonable according to the size and nature of its business.

iii. Loan given by Company:

The Company has not granted secured or unsecured loans to Companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013.

iv. Loan to Directors and investment by company:

The Company has not given any loans, made any investment nor issued any guarantees and securities. Hence the provisions of section 185 and 186 of the Companies Act, 2013 are not applicable.

v. Deposits:

The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

According to information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including income tax, Goods and Service Tax (GST), and other material statutory dues, as applicable, with the appropriate authorities and there are no outstanding as on the last day of the financial year concerned for a period of more than six months. The Company has no obligation under Provident Fund and Employee State Insurance Rules. Payment of Sales Tax, Wealth Tax, Customs and Excise duties and Value Added Tax is not applicable to the Company during the period of Audit period.

viii. Repayment of Loans:

According to the records of the company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of any loans. The Company has also not issued any debentures as at the balance sheet date.

ix. Utilisation of IPO & further public offer:

The Company has not raised any money by way of initial public offer or further public offer and no term loan was raised by the Company.

x. Reporting of Fraud:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

xi. Approval of Managerial Remuneration:

According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not paid/provided for managerial remuneration during the Audit Period. Accordingly, paragraph 3 (xi) of the Order is not applicable to the Company.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Private Placements or Preferential Issues:

The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF DEEP MANGAL DEVELOPERS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Deep Mangal Developers Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. **Corporate information**

Deep Mangal Developers Private Limited ("the Company") is a public company incorporated in India on 25 May, 1989 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. **Significant Accounting Policies**

2.1 Statement of compliance and Basis of preparation and presentation

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 12th April, 2021.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 19

The accounts of the Company for the year ended 31st March, 2021 have been prepared on the basis of going concern.

Note No. 20 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(Amount in ₹)

Total	**602,779**	**–**	**–**	**–**	**602,779**	**602,779**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Amount in ₹)

Particulars	Less than 1 Year	1-3 Years	3-4 Years	5 years and above	Total	Carrying Value

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

Note No. 21 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs:

Level 3 inputs inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MOONSHINE CONSTRUCTION PRIVATE LIMITED

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Moonshine Construction Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its Loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report

expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

   Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2021:

   i. In respect of its fixed assets:

   As per information provided by the Company to us, it does not have any fixed assets. Accordingly, paragraph 3 (i) of the Order is not applicable to the Company.

   ii. In respect of its inventories:

   The Company does not have inventory. Accordingly, clause 3(ii) of the Order is not applicable.

   iii. Loan given by Company:

   The Company has not granted secured or unsecured loans to Companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013.

   iv. Loan to Directors and investment by company:

   According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, Investments made, guarantees given and security as applicable.

   v. Deposits:

   The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there-under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

   vi. Cost Records:

   The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

   vii. Statutory Dues:

   According to information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including income tax, Goods and Service Tax (GST), and other material statutory dues, as applicable, with the appropriate authorities and there are no outstanding as on the last day of the financial year concerned for a period of more than six months. The Company has no obligation under Provident Fund and Employee State Insurance Rules. Payment of Sales Tax, Wealth Tax, Customs and Excise duties and Value Added Tax is not applicable to the Company during the period of Audit period.

   viii. Repayment of Loans:

   According to the records of the company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of any loans. The Company has also not issued any debentures as at the balance sheet date.

   ix. Utilisation of IPO & further public offer:

   The Company has not raised any money by way of initial public offer or further public offer and no term loan was raised by the Company.

   x. Reporting of Fraud:

   During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance fraud by the Company or any fraud on the Company by its offices or employees, nor noticed or reported during the year.

   xi. Approval of Managerial Remuneration:

   According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not paid/provided for managerial remuneration during the Audit Period. Accordingly, paragraph 3 (xi) of the Order is not applicable to the Company.

   xii. Nidhi Company:

   The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Private Placements or Preferential Issues:

The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

xv. Non – cash Transactions:

The Company has not entered into any non-cash transactions with directors or persons connected with any director of the Company.

xvi. Register under RBI Act 1934:

The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MOONSHINE CONSTRUCTION PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Moonshine Construction Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Moonshine Construction Private Limited ("the Company") is a private limited company incorporated in India on 16 May, 1996 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 26th April, 2021.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Note No. 19 - The accounts of the Company for the year ended 31 March, 2021 have been prepared on the basis of going concern.

Note No. 20 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company does not have any borrowings.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Trade receivables

Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date and the Company measures the loss allowances at an amount equal to lifetime expected credit lossess. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

(B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

(Amount in ₹)

31-Mar-20						
Trade Payable	37,919	366,144	–	–	404,063	404,063
Total	**37,919**	**366,144**	**–**	**–**	**404,063**	**404,063**

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Amount in ₹)

Total	**46,804**	**–**	**–**	**–**	**46,804**	**46,804**

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

Note No. 21 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Level 1 Inputs:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date. A quoted market price in an active market provides the most reliable evidence of fair value and is used without adjustment to measure fair value whenever available, with limited exceptions. If an entity holds a position in a single asset or liability and the asset or liability is traded in an active market, the fair value of the asset or liability is measured within Level 1 as the product of the quoted price for the individual asset or liability and the quantity held by the entity, even if the market's normal daily trading volume is not sufficient to absorb the quantity held and placing orders to sell the position in a single transaction might affect the quoted price.

Level 2 Inputs:

Level 2 inputs are inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- inputs other than quoted prices that are observable for the asset or liability, for example-interest rates and yield curves observable at commonly quoted interval
- implied volatilities
- credit spreads
- inputs that are derived principally from or corroborated by observable market data by correlation or other means ('market-corroborated inputs')

Level 3 Inputs:

Level 3 inputs inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. An entity develops unobservable inputs using the best information available in the circumstances, which might include the entity's own data, taking into account all information about market participant assumptions that is reasonably available.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF MAHINDRA CONSULTING ENGINEERS LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Mahindra Consulting Engineers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, of its profit and total comprehensive income, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows, and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's Financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
    (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
    (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
    (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.

(h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements. (Refer Note 32 to the Standalone Financial Statements).

(ii) The Company did not have any long term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of **Mahindra Consulting Engineers Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT
(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) In respect of its fixed assets (Property, Plant and Equipment)

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment.

(b) Most of the Property, Plant and Equipment were physically verified during the year by the Management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable properties of freehold or leasehold land and building and hence reporting under clause (i)(c) of the Order is not applicable to the Company.

(ii) The Company does not have any inventory and hence reporting under clause (ii) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company

(iv) The Company has not granted any loans or provided guarantees and hence compliance of Sections 185 and 186 is not applicable. In our opinion and according to the information and explanation given to us, the Company has not made any investments or given guarantees or securities during the year.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not prescribed the maintenance of cost records under sub- section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generallybeen regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Services Tax, Cess and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable except Goods and Services Tax of Rs 14,400 which has been subsequently remitted.

(c) Details of dues of Income tax which has not been deposited as on March 31, 2021, on account of disputes is given below:

Nature of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Unpaid (Rs. In lakhs)
Income Tax Act	Income Tax	Income tax Appellate Tribunal	AY 1997-98	26.28

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company has not taken any loans or borrowings from government and financial institutions and has not issued any debentures

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the Order is not applicable to the Company.

(x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such cases by the Management.

(xi) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act. Also refer paragraph 2(g) of Independent Auditors' Report.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company

(xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.

(xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions during the year with its directors or directors of its holding company or subsidiary company or persons connected with them and hence provisions of Section 192 of the Act are not applicable.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

Notes forming part of Standalone Financial Statements as at and for the year ended March 31, 2021

1. General information

Mahindra Consulting Engineers Limited (MACEL/Company) was incorporated on October 26, 1993.

The Company is a multidisciplinary engineering consultancy organization providing Engineering, Project Advisory Services and Infrastructure Consulting. The sectors of operation covers urban infrastructure, industrial infrastructure, water and wastewater, environment, transportation sector, tourism infrastructure, renewable energy, sustainable development studies, buildings and structures, industrial plants and systems, agribusiness and food infrastructure, social infrastructure, institutional studies. The Company offers wide range of services in both domestic and international market right from project conceptualization, market demand, feasibility studies, planning, design, engineering, project management, Public Private Partnership (PPP) transaction advisory etc. across several sectors. The clientele base includes Central Government, State Government, Public Sector Undertakings, Infrastructure Development Agencies, Private Sector, Financial Institutions, International Consulting firms, etc.

2. Significant Accounting Policies

2.1. Statement of compliance

The Standalone financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2. Basis of preparation and presentation

The Standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these Standalone financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116 and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3. Exemption from preparation of Consolidated Financial Statements

The Company has investments in a Subsidiary. The Holding company, Mahindra and Mahindra Limited, having its registered office at Gateway Building, Apollo Bunder, Mumbai are presenting the consolidated financial statements. The Company has therefore availed the exemption under paragraph 4(a) of Ind AS 110 having satisfied the conditions for exemption from preparing consolidated financial statements as per Companies (Accounts) Amendments Rules, 2016 and thereby does not present consolidated financial statements.

Consequently, the accounting policies mentioned herein relate to the standalone financial statements of the Company.

2.4. Revenue recognition

a. The Company recognizes revenue on the percentage of completion method, which involves technical estimates with respect to costs to completion, of each contract / activity. The percentage of completion of a contract is determined considering the proportion that contract costs incurred to measure the efforts or work performed up to the reporting date bear to the estimated total contract costs estimated.

   Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

b. Revenue from project supervision/maintenance services (included under consultancy) is recognized based on agreed terms of contract, covers personnel costs of employees deputed for the project, materials used, and includes appropriate overheads and margins.

Other income

a. Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

b. Export incentive income is recognized when the Company fulfills all the eligible conditions and there is no uncertainty as to ultimate collection.

2.5. Foreign currencies

In preparing the Standalone financial statements of the Company, transactions in currencies other than the entity's functional currency, which is Indian Rupee, are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences on monetary items are recognized in statement of profit and loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and

- exchange differences on transactions entered into in order to hedge certain foreign currency risks (see Note 2.19 below for hedging accounting policies)

2.6. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1. Current tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

2.6.2. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3. Current and deferred tax for the year

Current and deferred tax are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.7. Tangible and Intangible assets

Property, Plant and Equipment are stated at cost less accumulated depreciation and impairment losses, if any. The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying assets up to the date the asset is ready for its intended use. Subsequent expenditure on assets after its purchase / completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. When an asset is scrapped or otherwise disposed of, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation is recognized so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

2.8. Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the statement of profit and loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognized for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the statement of profit and loss , to the extent the amount was previously charged to the statement of profit and loss . In case of revalued assets such reversal is not recognized.

2.9. Cash flow statement

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows from operating activities are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

2.10. Depreciation and amortization

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

Assets individually costing less than Rs.5000/- are fully depreciated in the year of purchase.

The estimated useful life for the other categories of assets are as given below:

Computers	3 years
Furniture & fixtures	10 years
Office equipment	5 years
Vehicles	8 years

2.11. Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out by an independent actuary at the end of each reporting period. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur.

Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to statement of profit and loss. Curtailment gains and losses are accounted for as past service costs. Past service cost is recognized in statement of profit and loss in the period of a plan amendment.

The obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflow expected to be made by the group in respect of services provided by employees up to the reporting date.

2.12. Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/ (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.13. Goods and Services Tax input credit

Goods and Services Tax Input Credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilizing the credits.

2.14. Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

The Company present the assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed it, in its normal operating cycle
- Held preliminarily for the purpose of trade
- Expected to be realized within 12 months from the end of the reporting period or
- cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when it is:

- Expected to be settled in the normal operating cycle
- Held preliminarily for the purpose of trade
- Due to be settled within 12 months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for atleast 12 months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.15. Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognized in the Standalone financial statements.

2.16. Financial instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in statement of profit and loss.

2.17. Financial assets

A financial asset is any asset that is:

(a) cash;

(b) an equity instrument of another entity;

(c) a contractual right:

i. to receive cash or another financial asset from another entity; or

ii. to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the Company; All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Impairment of financial assets recorded at amortised costs

The Company has used reasonable and supportable information to determine the credit risk on financial assets recorded at amortized cost and provides for impairment loss based on best estimate basis as prescribed under Ind AS 109.

2.17.1. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.17.2. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

2.18. Financial liabilities and equity instruments

2.18.1. Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.18.2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.18.3. Financial liabilities

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another entity.

Financial liabilities are subsequently measured at amortized cost using the effective interest method.

2.18.4. Derecognition of financial assets and financial liabilities

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

2.18.5. Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortized cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Earnings per share - Basic & Diluted (of Rs. 10 each)	**6.85**	5.67

Note No. 26 - Disclosure of interest in Subsidiaries

(a) Details of the Company's subsidiaries at the end of the reporting period are as follows:

Name of the Subsidiary	Principal Activity	Place of Incorporation and Place of Operation	Proportion of Ownership Interest and Voting power held by the Company 31-March-2021	31-March-2020	Quoted (Y/N)
Mahindra Namaste Limited	Capacity building and training activities	Place of Incorporation - Mumbai Place of Operation - Chennai	**100%**	100%	No

Note No. 27 - Employee benefits

(a) Defined Contribution Plan

a) The Company has recognized Rs. 19.09 Lakhs (Previous Year Rs.20.08 Lakhs) towards Company's Contribution to Provident Fund and Rs.22.41 Lakhs (Previous Year NIL) towards Company's Contribution to Superannuation Fund in the Statement of Profit and Loss.

(b) Defined Benefit Plans:

Gratuity

Gratuity payable as per Payment of Gratuity Act, 1972. In terms of the same Gratuity is computed by multiplying last drawn salary (Basic salary) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Gratuity Act provides for a vesting period of 5 years for withdrawal and retirement and ceiling of Rs.20,00,000/-. However if the enterprise has more favourable terms in these regard, the same is to be adopted.

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	
	31-March-2021	31-March-2020
Expected rate(s) of salary increase	**5%**	5%
Average Longevity	**12.50**	11.80

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, priority and other relevant factor, such as supply and demand in the employment market.

Defined benefit plans – as per actuarial valuation on March 31, 2021

			Impact on defined benefit obligation	
Principal assumption		**Changes in assumption**	**Increase in assumption**	**Decrease in assumption**
Discount rate	**2021**	+/- 0.50%	**99.85**	**104.85**
	2020	+/- 0.50%	96.30	101.45
Salary growth rate	**2021**	+/- 0.50%	**104.94**	**99.75**
	2020	+/- 0.50%	101.54	96.20

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs.6.00 Lakhs to the gratuity trusts during the next financial year of 2022.

Maturity profile of defined benefit obligation:

Rupees in Lakhs

	31-March-2021	31-March-2020
Within 1 year	**4.43**	4.20
1 - 2 year	**59.69**	56.99
2 - 3 year	**2.17**	2.08
3 - 4 year	**2.23**	2.14
4 - 5 year	**2.30**	2.20
5 - 10 years	**63.36**	24.66

The weighted average duration of the defined benefit obligation as at 31 March 2021 is ***5.3 years*** (2020: 5.7 years)

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company enters into an agreement with each customer. The trade receivables are also reviewed by the Management regularly and necessary actions are taken in order to collect any amount outstanding from customers.

Allowance for credit loss receivables, amounts due from customers and carry forward as current assets and allowance towards credit impaired receivables have been provided based on expected credit loss estimates by the management, based on past experience and on specific case to case basis on credit impaired receivables, current portfolio of customers and economic conditions in the geographies from where the customer operates etc.

LIQUIDITY RISK

(i) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Borrowings	169.86	–		
Total	**749.68**	–	–	–

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Rupees in Lakhs

Other Current Financial Assets	76.92		–	–
TOTAL	**966.83**	**14.13**	–	–

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

CURRENCY RISK

The company is yet to formulate its risk mitigation policies and accordingly the Company has not hedged its exposures in foreign currencies

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period and remain unhedged are as follows.

Particulars	Currency	31-March-2021	31-March-2020
Trade Receivables	USD	**4.76**	3.35
	OMR	**0.07**	0.07
	Euro	**0.74**	–

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Currency	Change in rate	Effect on profit before tax
31-March-21	USD	+10%	0.48
	USD	-10%	(0.48)
	EUR	+9%	0.07

INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF MAHINDRA HOLIDAYS & RESORTS INDIA LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Mahindra Holidays & Resorts India Limited ("the Company"), which comprise the standalone balance sheet as at March 31, 2021, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditors' Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters'

I) Revenue from Contracts with Customers under Ind AS 115
See note no. 36 and 52 to the standalone financial statements

The key audit matter	How the matter was addressed in our audit
The Company has a unique business model and its revenue comprises of numerous individual transactions and also multiple streams of revenue with its members. In accordance Ind AS 115 (a) the membership fees and (b) incremental costs to obtain a contract with a customer, are recognized over the effective membership period. The application of the accounting standard on revenue recognition, involves certain judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations and the appropriateness of the basis used to recognize revenue over a period. Incremental costs are those that would not have been incurred if the contract was not obtained. The Company has applied significant judgement in identifying the expenses which can be treated as incremental cost of acquiring new members.	Our procedures included the following: - Evaluating the appropriate accounting policy in accordance with Ind AS 115 for membership contracts entered with customers. - Evaluating and testing the identification of expenses incurred by the Company, which can get classified as incremental costs of acquisition. - Evaluating the process followed by the Company and evaluating the data used for the purpose of identifying and determining the effective membership period after considering breakage i.e customer's unexercised rights and comparing the basis with historical experience of utilization of memberships. - Evaluating the process followed by the Company and evaluating the data used for the purpose of deferral of revenue due to uncertainty of collection based on historical trends and considering factors impacting future collections. - Testing the processes and controls instituted for recognition of revenue and incremental costs of acquisition, over the effective membership period. Involving our IT specialists to test the controls in the IT system for recording revenue as per Ind AS 115. - Assessing the adequacy of the Company's disclosures in accordance with the requirements of Ind AS 115.

II) Contingent liabilities See note no. 43 to the standalone financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company has significant tax litigations for both direct and indirect taxes. There is a high level of judgement required in estimating the level of provisioning and appropriateness of disclosure of those litigations in the financial statements. The value of the litigations together with the level of judgement involved make it a significant matter for our audit.	Our audit procedures included the following: - Examining the list of outstanding litigation against the Company. - Inquiring and obtaining explanation for movement during the year. - Reading the latest correspondence between the Company and the regulatory authorities for significant matters. - Discussing the status of significant litigation with the Company's senior management personnel and assessing their responses. - Examining opinions obtained by the Company from external advisors. - Involving our tax specialists, and discussing with the Company's tax officers, their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws. - Assessing the decisions and rationale for provisions made or for decisions not to record provisions or make disclosures.

III) Leases in accordance with Ind AS 116 See note no. 3, 5 and 53 to the standalone financial statements	
The key audit matter	**How the matter was addressed in our audit**
The Company has a large number of leasing arrangements. The application of the accounting standard on leases, involves certain judgements relating to determination of incremental borrowing rate, determination of leases to which Ind AS 116 applies and determination of lease period. During the current year, Company has also negotiated lease concessions with lessors based on mutually agreed terms.	Our audit procedures included the following: - Assessing and testing processes and controls in respect of Ind AS 116 - Assessing the Company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business. - Evaluating the reasonableness of Company's key judgements and estimates made in determining the amounts at which ROU assets and lease liabilities are accounted. - Evaluating the completeness, accuracy and relevance of data used in preparing the lease adjustments. - Assessing management's calculation on remeasurement of lease liabilities. - On a statistical sample, assessing the key terms and conditions of each lease with the underlying lease contracts, including lease rent concessions received; and - On a statistical sample, evaluating computation of lease liabilities and challenging the key estimates such as, discount rates and the lease term. - Assessing the computation of lease incentives with the aforesaid lease rent concession terms agreed with lessors - Assessing and testing the presentation and disclosures relating to Ind AS 116

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a) The Company has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its standalone financial statements - Refer Note no. 43 to the standalone financial statements;

   b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company; and

   d) The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes during the period from November 8, 2016 to December 30, 2016 have not been made in these financial statements since they do not pertain to the financial year ended March 31, 2021.

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT - MARCH 31, 2021

(Referred to in our report of even date)

i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain fixed assets were physically verified by the management during the year. In our opinion, and according to information and explanations given to us, no material discrepancies were noticed on such verification.

(c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the registered sale deeds and Court orders approving schemes of arrangements/ amalgamations provided to us by the Company, the title deeds of immovable properties are held in the name of the Company except for the following which are not held in the name of the Company:

Sr. No.	Total no. of cases	Type of Assets	Gross Block as at March 31, 2021	Net Block as at March 31, 2021	Remarks
1	2	Freehold land	302,600,000	302,600,000	Received on merger of the erstwhile Companies. Company is in the process of transferring the title deeds.
2	2	Building	184,034.373	143,581,443	Received on merger of the erstwhile Companies. Company is in the process of transferring the title deeds

ii. The inventory has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.

iii. In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to the loans given, investments made, guarantees given and security provided.

v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. In our opinion and according to the information and explanations given to us, having regard to the nature of the Company's business/activities, paragraph 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and services tax, Provident fund, Employees' state insurance, Income-tax, Sales-tax, Luxury tax, Value added tax, Duty of customs, Cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Duty of excise.

According to the information and explanations given to us, no undisputed amounts payable in respect of Goods and services tax, Provident fund, Employees' state insurance, Income-tax, Sales-tax, Luxury tax, Value added tax, Duty of customs, Cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no dues of Goods and services tax, Sales tax, Value added tax and Duty of customs which have not been deposited on account of any dispute. The following disputed dues in respect of Income-tax, Luxury tax and Service tax have not been deposited by the Company with the appropriate authorities:

Name of the Statute	Nature of the Dues	Forum where dispute is pending	Period to which amount relates	Amount* (₹ in Lakhs)
Income Tax Act, 1961	Income tax, Interest and Penalty	High Court	AY 1999 to 2011	31,251

Kerala Value Added Tax Act	Value Added Tax	Assistant Commissioner	FY 2015 to 2017	23

* net of amounts paid under protest.

viii. According to the information and explanations given to us, and based on the records of the Company, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company did not have any outstanding loans or borrowing from financial institutions or government or debenture holders during the year.

ix. According to the information and explanations given to us, the Company did not raise money by way of initial public offer or further public offer (including debt instruments) or term loans during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.

x. According to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the course of our audit.

xi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

xii. In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Standalone Ind AS financial statements as required by the applicable accounting standards.

xiv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

xvi. According to information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA HOLIDAYS & RESORTS INDIA LIMITED FOR THE YEAR ENDED MARCH 31, 2021

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2 (A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Holidays & Resorts India Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 Corporate Information

The Company was incorporated on September 20, 1996, and is in the business of selling vacation ownership and providing holiday facilities.

2(a) Significant accounting policies

(i) Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

All amounts have been rounded off to the nearest lakhs, unless stated otherwise.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

a. Revenue from sale of Vacation Ownership

The Company's business is to sell vacation ownership and provide holiday facilities to members for a specified period each year, over a number of years, for which membership fee is collected either in full upfront, or on a deferred payment basis.

Revenue from Membership fees

The Company recognises the membership fees over the tenure of membership as the performance obligation is fulfilled over the tenure of membership (33 years/25 years/10 years or any other tenure applicable to the respective member). The Company will recognise revenue on a straight line basis over the tenure of membership after considering the expected customer unexercised rights from date of admission of each member. The revenue which will be recognised in future periods are disclosed under other liabilities – contract liability - deferred revenue - vacation ownership. Revenue from consumer offers and other benefits provided on membership are recognized as and when such benefits are provided to members at its respective fair value.

Discounts and other incentives provided to the customer's are reduced from the overall contract value. Incremental costs of acquisition of the members are deferred over the period of effective membership in line with revenue deferral. Incremental costs are those that would not have been incurred if the contract was not obtained. Such cost which will be amortised in the future period are disclosed under deferred acquisition cost.

Revenue from Annual subscription fees

Annual subscription fee dues from members are recognized as income on accrual basis and fees pertaining to the period beyond the date of the Balance Sheet is grouped under Other liabilities - Deferred revenue – Annual subscription fee.

Interest income on deferred payment plans

Interest revenue is recognised only to the extent that a contract asset (or receivable) or a contract liability is recognised in accounting for a contract with the customer. Also refer accounting policy for financial instruments (note no. xv)

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the Company. Revenue with respect to instalments/contracts where there is an uncertainty about collectability, is deferred (even though the membership is not cancelled). The estimation of such revenues where there is uncertainity in collection has been made by the Company based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

b. Income from resorts include income from room rentals, food and beverages, etc. and is recognized when services are rendered.

(iv) Leases

The Company has adopted Ind AS 116, Leases (which replaces earlier standard Ind AS 17) using the modified retrospective method, the effect of which is recognised at the date of initial application (i.e. April 1, 2019) and has been reported under transition difference in Other Equity.

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the present value of future lease liability. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the period of lease term. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rates in the country of domicile of these leases.

(v) Foreign currencies

The financial statements of the Company are presented in Indian Rupees (₹), which is the Company's functional currency. In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Under previous GAAP, paragraph 46A of AS 11, The Effects of Changes in Foreign Exchange Rates, provided an accounting treatment to Companies with respect to exchange differences arising on restatement of long-term foreign currency monetary items. Exchange differences in respect of items other than those related to acquisition of depreciable assets, could be accumulated in a foreign currency monetary item translation difference account ('FCMITDR'), and amortised over the balance period of such long term monetary item. Ind AS provides an option to Company to continue the above accounting treatment in respect of long term foreign currency items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS reporting period. The Company has elected this option.

(vi) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

(vii) Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are recognized as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out by an independent actuary at the end of each reporting period. Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments; settlements);
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in statement of profit and loss in the line item 'Employee benefits expense'. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to statement of profit and loss. Curtailment gains and losses are accounted for as past service costs. Past service cost is recognized in statement of profit and loss in the period of a plan amendment.

The obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflow expected to be made by the Company in respect of services provided by employees upto the reporting date.

(viii) Share based payment arrangements

Equity-settled share based payments to employees are measured at the fair value of the equity instruments at the grant date.

Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note no. 24.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognized in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to Share options outstanding account in Reserves & Surplus.

(ix) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred taxes are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on the tax rates and the tax laws enacted or substantively enacted as at the reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

(x) Property, plant and equipment (PPE)

Buildings held for use in the supply or production of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is valued at Fair value based on valuations by external independent valuers at sufficient regularity. Any revaluation surplus is recognised in other comprehensive income and accumulated in equity under revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised in statement of profit and loss, in which case the increase is recognised in statement of profit and loss. A revaluation deficit is recognised in statement of profit and loss, except to the extent that it offsets an existing surplus on the same asset carried in the revaluation reserve.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

PPE in the course of construction for supply, production or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees, other directly attributable expenses and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Category of Asset	Estimated useful lives
Leasehold Building	Period of lease
Buildings (other than those mentioned below)	30 - 60 years
Floating cottages (grouped under buildings)	25 years
Plant & equipment	5 - 15 years
Furniture and Fixtures (other than those mentioned below)	5 - 10 years
Furniture and Fixtures (in Club Mahindra Holiday World)	3 years
Vehicles (other than those mentioned below)	8 years
Motor vehicles/other assets provided to employees	4/5 years
Office equipment	5 years

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

(xi) Intangible assets

Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Category of Asset	Estimated useful lives
Computer Software and website development cost	3 years

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in statement of profit and loss when the asset is derecognized.

(xii) Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in statement of profit and loss.

(xiii) Inventories

Inventories are carried at the lower of cost and net realizable value. Costs of inventories are determined on moving weighted average basis. Cost includes the purchase price, non-refundable taxes and delivery handling cost. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(xiv) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(xv) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized immediately in statement of profit and loss.

Interest income from other financial assets is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income from investments is recognized when the shareholder's right to receive payment has been established, provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(xvi) Financial assets

A financial asset is any asset that is:

(a) cash;

(b) an equity instrument of another entity;

(c) a contractual right:

(i) to receive cash or another financial asset from another entity; or

(ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the Company; or

(d) a contract that will or may be settled in the Company's own equity instruments and is:

(i) a non-derivative for which the Company is or may be obliged to receive a variable number of the entity's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments.

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at "fair value through profit and loss (FVTPL)" on initial recognition):

the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments (except for debt instruments that are designated as at FVTPL on initial recognition) that meet the following conditions are subsequently measured at "fair value through other comprehensive income (FVTOCI)":

the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and

the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

Interest income is recognized in statement of profit and loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortized cost are recognized in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to statement of profit and loss.

A debt instrument that meets the amortised cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Equity instruments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The net gain or loss recognized in statement of profit and loss incorporates any dividend earned on the financial asset and is included under 'Other income'. Dividend on financial assets at FVTPL is recognized when the Company's right to receive the dividends is established and the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Investments in equity instruments of subsidiaries, joint ventures and associates are measured at cost.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, and other contractual rights to receive cash or other financial asset not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses considering the nature of industry and the deferred payment schemes operated.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in statement of profit and loss if such gain or loss would have otherwise been recognized in statement of profit and loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in statement of profit and loss if such gain or loss would have otherwise been recognized in statement of profit and loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

Foreign exchange gains and losses on financial assets

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognized in statement of profit and loss.

Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortized cost are recognized in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

(xvii) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

A financial liability is any liability that is:

(a) a contractual obligation :

(i) to deliver cash or another financial asset to another entity; or

(ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or

(b) a contract that will or may be settled in the Company's own equity instruments and is:

(i) a non-derivative for which the Company is or may be obliged to deliver a variable number of the Company's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments. For this purpose, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the Company offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments. Apart from the aforesaid, the equity conversion option embedded in a convertible bond denominated in foreign currency to acquire a fixed number of the Company's own equity instruments is an equity instrument if the exercise price is fixed in any currency.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

a) it has been incurred principally for the purpose of repurchasing it in the near term; or

b) on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or

c) it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

a) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;

b) the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or

c) it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in statement of profit and loss. The net gain or loss recognized in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'Other income' / 'Other expenses' line item as appropriate.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit and loss are recognized in statement of profit and loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized.

Foreign exchange gains and losses on financial liabilities

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains are determined based on the amortised cost of the instruments and are recognized in "Other income" and losses are recognised in "Finance Cost" to the extent it is related to borrowings.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in statement of profit and loss.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in statement of profit and loss.

(xviii) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows from operating activities are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(xix) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/ (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(xx) Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

(xxi) Operating cycle

Based on the nature of services / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2(b) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described above, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below :

a. Share based payments

The entity initially measures the cost of equity settled transactions with employees using the Black Scholes model to determine the fair value of the options granted. Estimating the fair value of the share options granted require determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating the fair value for the share based payment transactions are disclosed in Note no. 24.

b. Defined benefit plans (gratuity)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Further details about the gratuity obligation are disclosed in Note no. 44.

c. Intangible assets under development

The Company capitalizes intangibles under development in accordance with the accounting policy. Initial capitalization of costs is based on management's judgement that technological and economic feasibility is confirmed.

d. Life time Expected credit losses

Life time expected credit loss allowance is computed based on historical credit loss experience and adjusted for forward-looking information on collection.

e. Estimation towards revenue deferred due to uncertainity of collection

The quantum of revenue deferred due to uncertainity of collection is computed based on past trends of year-wise cancellation of memberships and considering factors impacting future collections.

f. Significant financing component

Given the nature of vacation ownership business, the Company has determined that membership fee does not include a significant financing component. Where the payment is received in installments, the Company charges appropriate interest to the members.

g. Customer unexercised rights

The Company considers the expected Customers unexercised rights, while determining the effective membership period over which the membership fee needs to be recognised. This customer unexercised right is computed based on past trend of utilisation of membership by the customer.

h. Litigation for taxation matters

The company is subject to tax litigation, the outcome of which is subject to many uncertainities inherent in litigation such as interpretation of legislation, outcome of appeals etc. Litigation provisions are reviewed at each accounting period and revisions made for the change in facts and circumstances.

i. Fair valuation of Freehold land

Freehold land is measured at Fair value based on valuations by external independent valuers using the market approach at sufficient regularity.

j. Leases

The Company makes an assessment on the expected lease term on a lease-by lease basis as per the contract period. Further, discount rate is based on the incremental borrowing rate of the company at the time of commencement of lease.

3 Changes in significant accounting policies
Leases (Change in previous year)

The Company has applied the modified retrospective approach as per para C5(b) of IND AS 116 to existing Leases as on April 1, 2019 and the cumulative effect of applying this standard is recognised at the date of initial application i.e. April 1, 2019 in accordance with para C7 of IND AS 116 as an adjustment to the Transition Difference under other equity. This has resulted in recognising a right-of-use asset of ₹ 19,736.60 lakhs and a corresponding lease liability of ₹ 21,183.10 lakhs by adjusting Transition Difference (other equity) net of taxes of ₹ 1,670.15 lakhs as at April 1, 2019 (This is further adjusted for the effect of change in tax rate). Due to the application of Ind AS 116, a lessee recognises a right-of-use ("ROU") asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The nature of expenses related to these leases has changed as Ind AS 116 replaced the operating lease expense (i.e. rent) with depreciation charge for ROU assets and interest expense on lease liabilities.

All amounts are in ₹ Lakhs unless otherwise stated

Authorised:				
Equity shares of ₹ 10 each with voting rights	**150,000,000**	**15,000.00**	150,000,000	15,000.00
Issued, Subscribed and Fully Paid:				
Equity shares of ₹ 10 each with voting rights	**133,553,784**	**13,355.38**	133,553,784	13,355.38
Treasury Shares (par value)	**(630,040)**	**(63.00)**	(630,040)	(63.00)
	132,923,744	**13,292.38**	132,923,744	13,292.38

Treasury shares represents equity shares of ₹ 10/- each fully paid up, allotted to Mahindra Holidays & Resorts India Limited Employees' Stock Option Trust ('ESOP Trust') but not exercised by employees.

24 a) Terms/rights attached to equity shares:

i) The Company has only one class of shares referred to as equity shares having a par value of ₹ 10/-. Each holder of equity share is entitled to one vote per share.

ii) Repayment of capital will be in proportion to the number of equity shares held.

iii) The dividends proposed by the Board of Directors is subject to approval of the shareholders in the Annual General Meeting.

iv) With the adoption of new revenue recognition policy in accordance with Ind AS 115, the Company had to change its revenue recognition policy. Consequently, the Deferred Revenue and Deferred Costs had to be recomputed and that resulted in a Transition Difference. The Company is profitable and has healthy cash flows and has declared dividends every year since 2006. The Company is seeking a clarification from Ministry of Corporate Affairs (MCA) that this Transition Difference ought not to be considered for the purpose of calculation of dividend, under section 123(1) of the Companies Act, 2013. The declaration of dividend, if any shall be subject to clarification from MCA.

24 b) Shares in the Company held by Holding Company

Name of shareholder	No. of shares	% held as at March 31, 2021	No. of shares	% held as at March 31, 2020
Mahindra & Mahindra Limited (Holding Company)	**89,890,615**	**67.31%**	89,890,615	67.31%

24 c) Details of shares held by each shareholder holding more than 5% shares:

Name of shareholder	No. of shares	% held as at March 31, 2021	No. of shares	% held as at March 31, 2020
Mahindra & Mahindra Limited	**89,890,615**	**67.31%**	89,890,615	67.31%
HDFC Trustee Company Limited	**12,051,889**	**9.02%**	11,461,397	8.58%

All amounts are in ₹ Lakhs unless otherwise stated

24 d) The reconciliation of the number of shares outstanding as at March 31, 2021 and March 31, 2020 is set out below:-

	As at March 31, 2021		As at March 31, 2020	
Particulars	**No. of Shares**	**In ₹ Lakhs**	No. of Shares	In ₹ Lakhs
Number of shares at the beginning	**132,923,744**	**13,292.38**	132,899,744	13,289.98
Add: Shares issued on exercise of employee stock options	**–**	**–**	24,000	2.40
Number of shares at the end	**132,923,744**	**13,292.38**	132,923,744	13,292.38

The Board of Directors at its meeting held on May 19, 2017 had approved issue of bonus shares in the proportion of 1:2, i.e. 1(one) bonus equity share of ₹ 10/- each for 2(two) fully paid up equity shares which was allotted on July 12, 2017 on approval being received in the shareholder's meeting.

24 e) i) Under the Employee Stock Option Scheme ("ESOS 2006") equity shares are allotted to the ESOP Trust set up by the Company. The ESOP Trust holds these shares for the benefit of the eligible employees/directors as defined under the scheme and transfers these shares to them as per the recommendation of the remuneration committee.

ii) The Company formulated the Employee Stock Option Scheme ("ESOS 2014"), under which the Company has the option to issue and allot the shares either directly to the eligible employees/directors or through the ESOP Trust. To the extent allotted, ESOP Trust would hold these shares for the benefit of the eligible Employees/Directors as defined under the scheme and would transfer the shares to them as per the recommendation of the remuneration committee.

iii) The Company formulated the Employee Stock Option Scheme ("ESOS 2020"), under which the Company has the option to issue and allot the shares directly to the eligible employees/directors as per the recommendation of the remuneration committee.

iv) The details of the Employees' Stock Option Schemes are as under:

Type of Arrangement	ESOS 2006 - Equity settled option plan administered through Employee Stock Option Trust.
	ESOS 2014 - Equity settled option plan issued directly/administered through Employee Stock Option Trust.
	ESOS 2020 - Equity settled option plan issued directly

Note No. 25 - Other Equity

Particulars	As at March 31, 2021	As at March 31, 2020
General reserve	**10,381.68**	10,381.68
Securities premium	**10,361.67**	10,361.67
Share options outstanding account	**1,603.47**	1,475.48
Retained earnings	**61,151.08**	48,574.59
Capital reserve	**44.75**	44.75
Capital redemption reserve	**145.80**	145.80
Reserves & Surplus	**83,688.45**	70,983.97
Revaluation Reserve	**76,925.70**	73,759.44
Other Comprehensive Income-Actuarial Loss	**(162.92)**	(147.89)
Transition Difference	**(140,272.59)**	(140,272.59)
	20,178.64	4,322.93

Notes :

a) **General reserve**: The general reserve is used from time to time to transfer net profits from retained earnings for appropriation purposes.

b) **Securities Premium**: Securities premium is credited when shares are issued at premium. It is utilised in accordance with the provisions of the Act, to issue bonus shares, write-off equity related expenses like share issue expenses, etc.

c) **Share Option Outstanding Account**: The Company has share option schemes under which options to subscribe the shares of the Company have been granted to certain eligible employees. The share-based payment reserve is used to recognise the value of equity-settled share-based payments provided to employees, including key management personnel, as part of their remuneration.

d) **Capital Reserve**: Capital Reserves are mainly the reserves created during business combination for the gain on bargain purchase and common control mergers. It is not available for distribution as dividend.

e) **Capital Redemption Reserve**: The capital redemption reserve is used towards issue of fully paid bonus shares of the Company.

f) **Revaluation Reserve**: The revaluation reserve is credited on account of revaluation of freehold land. It is not available for distribution as dividend.

g) **Transition Difference**: The Cumulative effect of applying Ind AS 115 Revenue from Contract with Customers, Ind AS 116 Leases and change in income tax rate resulting in re-measurement of accumulated deferred tax balances on the effect of applying Ind AS 115 and Ind AS 116 is recognised as an adjustment to other equity, by separately disclosing it in Transition Difference. Subsequent impact of unwinding of transition adjustments of Ind AS 115 and Ind AS 116 is included in retained earnings.

Note No. 41 - Current Tax and Deferred Tax

(a) Income Tax recognised in profit or loss

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Current Tax:		
In respect of current year	**–**	2,520.37
Deferred Tax:		
In respect of current year origination and reversal of temporary differences	**4,370.00**	722.88
One time impact on Tax expense (Deferred & Current) due to change in tax rate	**–**	19,972.94
Total income tax expense	**4,370.00**	23,216.19

The Special Bench of the Income Tax Appellate Tribunal (ITAT) has, after considering the relevant facts pertaining to the Company, by its order dated May 26, 2010 upheld the contention of the Company that in the Company's case 60% of the membership fees should be considered chargeable to tax in the year of enrolment of a member whereas the balance 40% should be charged on pro rata basis over the period of membership. The Department's appeal against the said order is pending before Madras High Court. Consequently, the Company has continued to provide for income tax by computing income by applying the order of the ITAT.

The Company has been advised that after the introduction of Section 43CB with effect from April 1, 2017 the revenue from membership fees is chargeable as per ICDS IV. The Company is further advised that as per the said ICDS the revenue from membership fees is chargeable to tax by spreading the entire fees over the membership period. The Company has, accordingly, filed its Return of Income from Assessment Year 2017-18 as per ICDS and proposes to make a similar claim in the Return of Income for the Financial Year 2020-21. However in the books of accounts, the Company has continued to make its provision for tax on the basis of the order of the ITAT. If the tax liability is computed applying ICDS IV the liability for current tax and corresponding payment for advance tax will be significantly lower.

Due to the adoption of concessional tax rate, the Company has remeasured the carrying balance of MAT credit entitlement and accumulated deferred tax asset which has resulted in a one-time additional charge of ₹ 19,972.94 Lakhs in standalone books of accounts for the year ended March 31, 2020.

(b) Income tax recognised in other Comprehensive income

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Current/Deferred Tax		
Remeasurement of defined benefit obligations and freehold land revaluation	**3,171.31**	18.37
	3,171.31	18.37
Classification of income tax recognised in other comprehensive income		
Income taxes related to items that will not be reclassified to profit or loss	**(3,171.31)**	(18.37)
	(3,171.31)	(18.37)

(c) Reconciliation of income tax expense and the accounting profit multiplied by Company's domestic tax rate:

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Profit before tax	**16,946.49**	12,394.74
Income tax expense calculated at 25.168%	**4,265.09**	3,119.51
Effect of change in tax rate	**–**	19,972.94

On September 20, 2019, the Government of India, vide the Taxation laws (Amendment) Ordinance 2019, inserted Section 115BAA in the Income Tax Act, 1961, which provides domestic Companies an option to pay Corporate Tax at reduced rate effective April 1, 2019 subject to certain conditions. During the previous year, the Company has decided to exercise the option of lower tax rate available under Section 115BAA of the Income Tax Act, 1961, as introduced by Taxation Laws (Amendment) Ordinance, 2019, with effect from FY 2019-2020. Accordingly, the Company has recognised the provision for income tax for year ended March 31, 2020 and remeasured the accumulated deferred tax asset at March 31, 2020 based on the rate prescribed under Section 115BAA. The resultant impact has been taken through the statement of profit and loss. The re-measurement of accumulated deferred tax has resulted in a one-time additional deferred tax asset remeasurement charge of ₹ 17,775.94 Lakhs and current tax asset charge (MAT Credit Entitlement) of ₹ 2,197 Lakhs in the books of accounts totalling the one-time impact as ₹ 19,972.94 Lakhs.

All amounts are in ₹ Lakhs unless otherwise stated

Note No. 42 - Earnings per Share

Basic earnings per share

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Profit / (Loss) for the year after tax	**12,576.49**	(10,821.45)
Weighted average number of equity shares (in lakhs)	**1,329.24**	1,329.04
Earnings per share - Basic in ₹ per share	**9.46**	(8.14)

Diluted earnings per share

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Profit / (Loss) for the year after tax	**12,576.49**	(10,821.45)

Add: Effect of ESOPs (in lakhs)	**0.96**	1.07
Weighted average number of equity shares used in the calculation of Diluted EPS (in lakhs)	**1,330.20**	1,330.11

Note No. 43 - Contingent liabilities and commitments

Contingent liabilities (to the extent not provided for)

Particulars	As at March 31, 2021	As at March 31, 2020
(a) Income Tax matters:		
Claims against the Company not acknowledged as debt (for matters disputed by the Company)		
pertaining to Revenue Recognition (timing differences *), pending before the CIT(A)/ITAT (Company appeal)	**52,652.65**	52,652.65
interest included in the above till the date of order	**13,584.11**	13,584.11
pertaining to other matters (mainly timing differences *), pending before the CIT(A)/ITAT (Company appeal)	**5,153.63**	5,153.63
interest included in the above till the date of order	**1,086.96**	1,086.96
Matters decided in favour of the Company, (but under appeal by the Department)		
pertaining to Revenue Recognition (timing differences *) pending before the Madras High Court (Department appeal) excluding interest	**27,140.61**	27,140.61
(b) Service Tax matters:		
claimed on interest on installments and other items (inclusive of penalty where quantified in demand)*	**3,080.32**	3,367.53

* For matters pertaining to timing differences, if liability were to crystallise, there would be future tax benefits, except to the extent of tax rate differences and interest, if any.

Notes:

1) In respect of above matters, it is not practicable for the Company to estimate the closure of these issues and the consequential timing of cash flows if any.

   (i) The Company has received show cause notices from service tax authorities of ₹ 21,991.33 lakhs (Previous year ₹ 21,991.33 lakhs). Company has filed its detailed reply and is confident that no payment is expected to be made for this notices.

   (ii) The Company has accounted for service tax receivable of ₹ 728.36 lakhs in relation to the service tax paid on ASF and Membership fee invoices for contracts which have been cancelled post GST implementation. The Company has received an unfavorable order against the refund claim and has filed an appeal against the order.

2) The above amounts are based on demands raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of these claims would depend on the outcome of the decision of the appellate authorities and the Company's rights for future appeals. No reimbursements are expected.

Particulars	As at March 31, 2021	As at March 31, 2020
(c) Luxury Tax matters:		
In respect of certain States, the Company has received demands for payment of luxury tax for member stay at resorts as summarised below:		
Demands raised (inclusive of penalty)	**6,895.37**	6,735.55

The Company has challenged the above demands before various appellate authorities / High Court, the outcome of which is pending. For all such matters, the Company has made cumulative provisions for ₹ 698.72 lakhs (Previous year ₹ 675.10 lakhs) on a best estimate basis.

All amounts are in ₹ Lakhs unless otherwise stated

Amount of guarantees given (THB)	**2,060.00**	1,620.00
Outstanding amount against guarantees (THB)	**1,780.00**	1,410.00
Amount of guarantees given (₹)	**71,910.43**	56,737.58
Outstanding amount against guarantees (₹)	**68,835.25**	51,364.43

(e) Other matters under appeal (Property related):

(i) The Government of Kerala through the Sub Collector, District of Devikulam issued an Order dated July 3, 2007 cancelling the assignment of land underlying the Munnar resort and directed repossession of land on the ground that it is agricultural land and cannot be used for commercial purposes. The Company had filed an appeal before the Commissioner of Land Revenue, Trivandrum against the said Order stating that the Patta issued does not specify that the land should be used only for agricultural purpose. The Commissioner of Land Revenue, Trivandrum vide his Order dated November 22, 2007 dismissed the appeal filed by the Company and cancelled the assignment of land underlying the Munnar Resort and further directed repossession of land on the ground that it is agricultural land and cannot be used for commercial purposes. The Company had filed a writ petition before the Kerala High Court against the said Order. The writ Petition has been disposed of by an Order dated May 21, 2019. Against the said Order, the company has filed a Writ Appeal and by an order dated June 19, 2019, the Court granted an interim stay of all further proceedings. The matter is currently pending before Kerala High Court.

(ii) With respect to certain claims of neighbouring property owners, the Company filed a suit in the Civil Court, Pune seeking inter-alia permanent injunction against them disturbing the possession of the Company's resort property at Lonavala, Maharashtra and obtained an interim stay. In another development, notwithstanding these proceedings, the neighbouring property owner obtained an order from the local Mamlatdar's Court for alleged access to his property through the resort property. The Company obtained a stay against the said order of the Mamlatdar. All matters with respect to the neighbouring property owner are currently pending before the Civil Court, Pune. Further, on account of the cancellation of the Non-Agricultural land conversion order by the Collector, Pune on the basis of complaint made by the said neighbouring owner and subsequently confirmed by the Additional Divisional Commissioner, Pune, the Company has also filed another Civil Suit at Civil Court, Pune against State of Maharashtra and Others, inter alia, seeking declaration that the proceedings and Orders in respect of cancellation of the NA status of the land underlying the resort property at Lonavala are not enforceable and also sought other reliefs. Ad-interim stay has been granted against State of Maharashtra and the Collector, Pune not to give effect to the Orders of NA cancellation and the matter is pending for further hearing.

(f) Other matters:

The Company engaged a building contractor for construction of a resort. As the construction did not proceed as per agreed timelines the Company terminated the contract. The contractor has claimed ₹ 1,256.15 lakhs as damages for termination of the Contract. The Company has made a counter claim of ₹ 2,003.56 lakhs towards liquidated damages and other losses. The matter has been heard by the Arbitrator and is reserved for Orders.

(g) With respect to member complaints pending before various consumer forum and other matters:

Estimated amount of claims ₹ 489.85 lakhs (As at March 31, 2020: ₹ 466.98 lakhs). In addition, there are claims by some members seeking certain reliefs which are not agreed by the company, the financial impact of these claims are currently not ascertainable and hence not captured in above.

(h) Capital commitment:

Particulars	As at March 31, 2021	As at March 31, 2020
Estimated amount of contracts remaining to be executed on Property, Plant & Equipment and not provided for (net of advances)	**4,236.93**	4,628.56

(i) Employees' Provident Funds and Miscellaneous Provisions Act, 1952:

In February 2019, the Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligation for past periods. Accordingly, based on legal advice the Company had made a provision for provident fund contribution from the date of the Supreme Court order.

Note No. 44 - Employee benefits

(a) Defined Contribution Plan:

The Company's contribution to Provident Fund and Superannuation Fund aggregating ₹ 1,148.73 lakhs (2020: ₹ 1,327.12 lakhs) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans (Gratuity):

The Company has a funded Gratuity Scheme for its employees and gratuity liability has been provided based on the actuarial valuation done at the year end. The Gratuity scheme of the Company is funded with the Life Insurance Corporation of India.

Defined benefit plans – as per actuarial valuation on March 31, 2021 and March 31, 2020:

Particulars	Funded Plan Gratuity 2021	2020
Ia. Expense recognised in the Statement of Profit and Loss for the year ended 31st March:		
Current service cost	**164.62**	146.51
Net Interest cost	**3.97**	6.46
Components of defined benefit costs recognised in profit & loss	**168.59**	152.97
Ib. Included in other Comprehensive Income:		
Difference between actual and expected return on plan assets	**14.52**	6.77
Actuarial (Gain)/Loss on account of :		
Demographic Assumptions	**6.04**	(0.02)
Financial Assumptions	**14.03**	38.29
Experience Adjustments	**(14.51)**	27.94
Components of defined benefit costs recognised in other comprehensive income	**20.08**	72.98

All amounts are in ₹ Lakhs unless otherwise stated

Particulars	Funded Plan Gratuity 2021	2020
I. Net Liability recognised in the Balance Sheet as at 31st March:		
Present value of defined benefit obligation as at 31st March	**1,020.04**	882.21
Fair value of plan assets as at 31st March	**763.03**	805.03
Deficit...	**(257.01)**	(77.18)
II. Change in the obligation during the year ended 31st March:		
Present value of defined benefit obligation at the beginning of the year..	**882.21**	723.74
Expenses Recognised in the Statement of Profit and Loss...		
– Current Service Cost	**164.62**	146.51
– Interest Expense	**45.40**	47.87
Recognised in Other Comprehensive Income		
Actuarial Gain/(Loss) arising from:		
Change in Demographic Assumptions	**6.04**	(0.02)
Financial Assumptions	**14.03**	38.29
Experience Adjustments	**(14.51)**	27.94
Benefit payments	**(77.75)**	(102.12)
Present value of defined benefit obligation at the end of the year	**1,020.04**	882.21
III. Change in fair value of assets during the year ended 31st March:		
Fair value of plan assets at the beginning of the year	**805.03**	626.02
Expenses Recognised in the Statement of Profit and Loss...		
Expected return on plan assets....................	**41.41**	41.40
Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
Difference between actual and expected return on plan assets	**(14.52)**	(6.77)
Contributions by employer (including benefit payments recoverable)	**8.86**	246.50
Benefit payments	**(77.75)**	(102.12)
Fair value of plan assets at the end of the year..	**763.03**	805.03
IV. Major categories of plan assets:		
Deposits with Insurance companies...................	**763.03**	805.03

The significant actuarial assumptions (estimated for adequate coverage of the obligation on a prudent basis), are as under:

Particulars	Valuation as at March 31, 2021	March 31, 2020
Discount rate(s)...	**4.70%**	5.15%
Expected rate(s) of salary increase	**5.00%**	5.00%
Expected rate of return on plan assets................	**4.70%**	5.15%
Attrition	**17%-56%**	25%-45%
Mortality table..	**IALM 2012-14**	IALM 2012-14

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption	Financial Year	Changes in assumption	Impact on defined benefit obligation: Decrease in assumption	Increase in assumption
Discount rate	**2020-2021**	**0.50%**	19.05	(19.76)
	2019-2020	0.50%	13.60	(14.01)
Salary growth rate........................	**2020-2021**	**0.50%**	(19.61)	19.09
	2019-2020	0.50%	(13.96)	13.68
Attrition rate	**2020-2021**	**0.50%**	47.06	(66.99)
	2019-2020	0.50%	49.65	(66.19)
Mortality rate	**2020-2021**	**0.50%**	(0.02)	0.02
	2019-2020	0.50%	(0.04)	0.04

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute ₹ 409.79 lakhs (Previous Year ₹ 215.17 lakhs) to the gratuity trust during the next financial year of 2021-22.

V. Maturity profile of defined benefit obligation:

Particulars	2021	2020
Within 1 year	**243.11**	258.27
1 - 2 year..	**219.93**	200.25
2 - 3 year..	**177.90**	167.65
3 - 4 year..	**133.71**	126.41
4 - 5 year..	**99.46**	86.98
> 5 years	**258.59**	172.98

Plan Assets.

The fair value of Company's pension plan asset as of March 31, 2021 and March 31, 2020 by category are as follows:

Particulars	2021	2020
Asset category:		
Contributions placed with Insurance companies...	**763.03**	805.03
	100%	100%

The weighted average duration of the defined benefit obligation as at March 31, 2021 is 3 years (2020: 3 years)

VI. Experience Adjustments:

Particulars (Gratuity)	Year Ended 2021	2020	2019	2018	2017
Defined Benefit Obligation	**1,020.04**	882.21	723.74	626.49	464.85
Fair value of plan assets.........	**763.03**	805.03	626.02	543.88	448.91
Surplus/(Deficit)...................	**(257.01)**	(77.18)	(97.72)	(82.61)	(15.94)
Experience adjustment on plan liabilities [(Gain)/Loss]..........	**5.56**	(66.21)	(8.50)	(77.78)	(27.54)
Experience adjustment on plan assets [Gain/ (Loss)]............	**(14.52)**	(6.77)	(4.83)	(31.66)	23.05

All amounts are in ₹ Lakhs unless otherwise stated

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(c) Defined Benefit Plans (Compensated absences)

The amount recognized as an expense in respect of compensated absences is ₹ 184.71 lakhs (Previous Year: ₹ 370.56 lakhs).

Note No. 45 - Financial Instruments

Capital management

The Company's key objective in managing its financial structure is to maximize value for shareholders, reduce cost of capital, while at the same time ensuring that the Company has the financial flexibility required to continue its expansion. The Company manages its financial structure majorly through internal accruals and makes any necessary adjustments in light of prevailing economic conditions. In this context, the capital structure of the Company consists only of equity and lease liability is not considered as debt. Equity comprises issued share capital, reserves and retained earnings as set out in the statement of changes in equity.

Financial Risk Management Framework

The Company has a robust business risk management process to identify, evaluate and mitigate risks impacting business of the Company. This framework seeks to create transparency, minimise adverse impact on the business objectives and enhance the Company's competitive advantage. This also defines the risk management approach across the enterprise at various levels including documentation and reporting. Risk management forms an integral part of the Company's Business Plan. The Company has adequate internal processes to assess, monitor and manage financial risks. These risks include credit risk, liquidity risk and market risk.

Risk	**Exposure primarily from**	**Measurement**	**Management**
Credit risk	Trade receivables	Ageing analysis, Credit assessment	Assessment of customer credit worthiness at inception and through the credit period
Liquidity risk	Capital commitments	Cash flow forecast	Availability of committed credit lines and borrowing facilities

(i) Credit risk management

A significant portion of the Company's sales of Vacation Ownerships are by way of deferred payment schemes where the customer is obligated to pay the membership fee in Equated Monthly Instalments (EMIs) and the ensuing credit risk is managed by the Company in the following manner.

(a) preliminary assessment of customer credit worthiness, ensuring realisation of minimum down payment and adherence to internal KYC norms;

All amounts are in ₹ Lakhs unless otherwise stated

(b) collecting post dated instruments such as cheques, Automated Clearing House (ACH) mandates, standing credit card instructions from the customers at inception to ensure security cover.

From an accounting perspective, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the Company. The member is not allowed to use the benefits of membership untill the overdue amount is regularised or fully paid in that relevant period. The Company also assesses lifetime expected credit loss by using appropriate models, as prescribed by Ind AS 109, using past trends of collections and historical credit loss experience. The categorisation of the receivables into its ageing buckets for the purposes of estimating the expected loss allowance has been profiled based on the longest overdue of that member, for example, if a member has one instalment overdue for say 12 months, the entire receivable of the member is aggregated into that ageing bucket and the credit loss allowance is determined after taking into account the credits against the member under "Contract liability- Deferred Revenue - Vacation ownership fee" (refer note no. 29 and note no. 34).

The allowances for credit loss and for revenue deferred at inception referred to above, carried at the end of every reporting period, are tested for adequacy and appropriately dealt with.

The credit loss allowance carried by the Company is as under:

Particulars	March 31, 2021	March 31, 2020
Carrying value of receivables (refer note no. 8 and 17)*	**120,479.19**	168,302.20
Credit loss allowance	**0.00**	113.97
Loss allowance (%)	**0.00%**	0.07%

* Given that the Company is deferring recognition of revenue at inception, as explained above the risk of credit loss is reduced and the member is allowed to avail the benefits of membership only when all the overdue amount is regularised or fully paid in that relevant period. The amounts deferred at inception and the credit loss allowance are adjusted from the carrying value of receivables (refer note no. 8 and 17) in the same proportion, except in cases where the allowance is directly attributable to a particular contract.

Reconciliation of credit loss allowance adjusted from Trade Receivables

Particulars	Amount
Balance as at March 31, 2020	113.97
Allowance for credit loss recognised during the year	–
Amounts written off during the year	(113.97)
Balance as at March 31, 2021	**0.00**
Balance as at March 31, 2019	113.97
Allowance for credit loss recognised during the year	–
Amounts written off during the year	–
Balance as at March 31, 2020	113.97

(ii) Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities (predominantly trade payables, retention payables, etc) with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3-5 Years	5 years and above
Non-derivative financial liabilities as at March 31, 2021				
Trade Payables	**19,496.55**	–	–	–
Lease Liabilities	**5,812.07**	**7,100.17**	**4,452.02**	**2,774.98**
Other Financial Liabilities	**9,396.56**	**787.16**	–	–
Financial guarantee contracts	**68,835.25**	–	–	–
Total	**103,540.43**	**7,887.33**	**4,452.02**	**2,774.98**
Non-derivative financial liabilities as at March 31, 2020				
Trade Payables	17,794.49	–	–	–
Lease Liabilities	6,468.70	8,313.01	5,161.90	2,849.30
Other Financial Liabilities	9,132.54	547.68	–	–
Financial guarantee contracts	51,364.43	–	–	–
Total	84,760.16	8,860.69	5,161.90	2,849.30

The Company has provided financial guarantees to its wholly owned subsidiaries. The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely that such an amount will not be payable under the arrangement.

Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	March 31, 2021	March 31, 2020
Cash credit		
– Expiring within one year	**6,000**	6,000
	6,000	6,000

(iii) Market risk management

The Company's market risk comprises solely of its foreign currency exposure which are limited and not material to the size of its operations.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's investing activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

in ₹ Lakhs

Particulars	Currency	March 31, 2021	March 31, 2020
Receivables	**MYR**	**732.94**	707.14
	EUR	**2,109.69**	1,707.79
	AED	**220.45**	749.28
	THB	**1,079.46**	972.87
	USD	**5.48**	–
	SGD	**65.52**	–

All amounts are in ₹ Lakhs unless otherwise stated

in ₹ Lakhs

Particulars	Currency	March 31, 2021	March 31, 2020
Payables	**USD**	**–**	419.34
	MYR	**42.34**	52.49
	BTN	**–**	37.35
	LKR	**–**	0.84
	SGD	**–**	77.97
	AED	**513.70**	947.73
	THB	**34.73**	7.30

Of the above foreign currency exposures, none of the exposures are hedged by a derivative. These foreign currency exposures are denominated in currencies that are not very volatile. Hence, the Company is not exposed to major currency risks.

Foreign Currency Sensitivity

The Company is exposed to the following currency risks - USD, AED, THB, MYR, BTN, LKR, SGD and EUR - and the following table demonstrates the sensitivity.

In ₹ Lakhs

Particulars	Currency	Change in rate	Impact on profit before tax
March 31, 2021	**USD**	**+10%**	**0.55**

Note No. 52 - Revenue from contract with customers

All amounts are in ₹ Lakhs unless otherwise stated

a) Disaggregation of revenue from contracts with customers

The Company derives revenue from the sale of vacation ownership and provide holiday facilities to members over time and at a point in time as under :

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Revenue from contracts with customers		
Over time (A)		
Vacation Ownership Income	**34,507.16**	34,670.75
Annual subscription fee	**29,303.94**	29,130.08
Total (A)	**63,811.10**	63,800.83
At a point in time (B)		
Income From resorts:		
Room rentals	**1,804.62**	4,801.89
Food and beverages	**7,070.18**	13,578.32
Wine and liquor	**201.12**	431.64
Others	**1,361.64**	4,016.09
Total (B)	**10,437.56**	22,827.94
Total Revenue from contract with customers (A + B)	**74,248.66**	86,628.77

b) Movement of Deferred Acquisition Cost and Deferred Contract Liability

1. Movement of Deferred Acquisition Cost:

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Opening Balance	**71,347.86**	68,842.63
i) Additions during the year (Net)	**3,905.16**	7,217.44
ii) Amortised during the year	**(4,872.02)**	(4,712.21)
Closing Balance	**70,381.00**	71,347.86

The deferred acquisition cost relates to incremental costs of acquisition of the member that are deferred over the period of effective membership. Incremental costs are those that would not have been incurred if the contract was not obtained. During the current year, the balance of Deferred Acquisition cost has been reduced to the effect of cancellation of membership.

2. Movement of Deferred Contract Liability:

Particulars	March 31, 2021		
	Vacation Ownership	**Annual Subscrip-tion Fee**	**Total**
Opening Balance	**537,137.48**	**14,736.18**	**551,873.66**
i) Addition during the year (Net)*	**(9,697.17)**	**29,761.25**	**20,064.08**
ii) Income recognised during the year	**(34,507.16)**	**(29,303.94)**	**(63,811.10)**
Closing Balance	**492,933.15**	**15,193.49**	**508,126.64**

*The balance of Contract Liability – Deferred Revenue has been reduced to the effect of cancellation of membership carried out during the year

Particulars	March 31, 2020		
	Vacation Ownership	Annual Subscrip-tion Fee	Total
Opening Balance	510,744.77	13,187.00	523,931.77
i) Addition during the year (Net)	61,063.46	30,679.26	91,742.72
ii) Income recognised during the year	(34,670.75)	(29,130.08)	(63,800.83)
Closing Balance	537,137.48	14,736.18	551,873.66

The deferred contract liability relates to the consideration received/receivable from customers, for which services will be provided over the effective membership period and revenue is recognised over that period.

c) Obligations for returns, refunds and other similar obligations:

Particulars	As at March 31, 2021	As at March 31, 2020
Return, refunds and other similar obligations	**83.38**	354.16
Total	**83.38**	354.16

The above obligation is only to the extent of revenue recognised, this does not include the obligation on refundable entitlement fees.

d) Revenue expected to be recognised in the future from Deferred Contract Liability:

Time Band	As at March 31, 2021	As at March 31, 2020
< 1 Year - Vacation Ownership	**38,180.36**	37,496.69
< 1 Year - ASF	**15,193.49**	14,736.18
1 - 2 Year	**37,669.87**	36,924.80
2 - 3 Year	**36,312.86**	36,504.60
3 - 4 Year	**35,313.16**	36,152.60
4 - 5 Year	**34,922.32**	35,919.86
5-10 Year	**157,186.75**	166,977.12
> 10 year	**153,347.83**	187,161.81
Total	**508,126.64**	551,873.66

The deferred contract liability broken year wise shows summary of Vacation Ownership and Annual subscription fee recognisible over the time. Annual subscription fee being the annual fees chargeable to the member every year over the life of contract.

e) Reconciliation of revenue from contract with customer:

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Revenue from contract with customer as per the contract price	**77,937.77**	92,632.52
Adjustments made to contract price on account of :-		
Discounts / Rebates / Incentives	**(3,689.11)**	(6,003.75)
Revenue from contract with customer as per the statement of Profit and Loss	**74,248.66**	86,628.77

All amounts are in ₹ Lakhs unless otherwise stated

Note No. 53 - Leases

Right of Use Asset

Particulars	As at March 31, 2021	As at March 31, 2020
Balance as at beginning of the year	**17,426.53**	19,736.60
Additions during the current year	**3,967.62**	3,259.91
Deletions during the current year	**(770.61)**	(453.46)
Amortisation of ROU	**(5,211.51)**	(5,116.52)
Balance as at end of the year	**15,412.03**	17,426.53

Lease Liabilities

Particulars	As at March 31, 2021	As at March 31, 2020
Current	**4,690.28**	5,180.94
Non-Current	**11,779.15**	13,545.23
Lease liabilities included in the Balance Sheet as at the end of the year	**16,469.43**	18,726.17

Maturity analysis - contractual undiscounted cash flows

Particulars	As at March 31, 2021	As at March 31, 2020
Less than one year	**5,812.07**	6,468.70
1 - 2 Year	**4,150.80**	4,613.67
2 - 3 Year	**2,949.37**	3,699.34
3 - 4 Year	**2,645.04**	2,861.93
4 - 5 Year	**1,806.98**	2,299.97
More than five years	**2,774.98**	2,849.30
Total undiscounted lease liabilities as at the end of the year	**20,139.24**	22,792.91

Amounts recognised in statement of Profit and Loss

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Interest expense on lease liabilities	**1,295.79**	1,598.09
Amortisation of ROU	**5,211.51**	5,116.52
Expenses relating to short term leases	**4,612.72**	6,750.76
Total	**11,120.02**	13,465.37

Amounts recognised in Cash Flow Statement

Particulars	As at March 31, 2021	As at March 31, 2020
Total Cash outflow for Leases	**3,587.01**	6,507.00

During the year ended March 31, 2021, the Company has renegotiated with certain lessors on the rent reduction / waiver due to COVID-19 pandemic which is short term in nature. Accordingly, the Company in the statement of profit and loss has recognised an amount of ₹ 3,074.87 Lakhs for the year ended March 31, 2021, as part of Other Income.

Note No. 54 - Specified Bank Notes (SBN)

The disclosures regarding details of specified bank notes held and transacted during November 8, 2016 to December 30, 2016 has not been made in these financial statements since the requirement does not pertain to financial year ended March 31, 2021.

Note No. 55 - Contribution to Political Parties

Payments made by the Company to Political Parties in India in accordance with Section 182 of Companies Act, 2013, during the year as follows:

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
New Democratic Electoral Trust (included under 'Miscellaneous expenses' in note no. 40)	**–**	50.00

Note No. 56 - Estimation uncertainty relating to COVID-19 outbreak

The Company has considered internal and external sources of information, economic forecasts and industry reports, up to the date of approval of the financial statements, in determining the impact of COVID-19 pandemic on various elements of its business operations and financial statements. The Company has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates, the Company expects to recover the carrying amount of its current and non-current assets. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

All amounts are in ₹ Lakhs unless otherwise stated

Note No. 57 - Recent pronouncements related to Schedule III

Ministry of Corporate Affairs (“MCA”) vide notification dated March 24, 2021 has amended Schedule III of the Companies Act, 2013, which shall be effective from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules, 2015 through additional disclosures in Balance Sheet such as presenting ageing schedule of trade receivables, trade payables, capital work-in-progress in specified format. Enhanced disclosure for borrowings from banks or financial institutions on the basis of security of current assets such as agreement of quarterly returns or statements of current assets filed by the Company with banks or financial institutions with books of accounts and if not, summary of reconciliation and reason of material discrepancies, if any. In statement of profit and loss additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of standalone financial statements. The company is in the process of analysing the impact of key amendments on its financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of
MAHINDRA HOTELS AND RESIDENCES INDIA LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of Mahindra Hotels and Residences India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 (the Act) (SAs). Our responsibilities under those Standards are further described in the *'Auditors' Responsibilities for the Audit of the Ind AS Financial Statements'* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Ind AS Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Information Other than the Ind AS Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report, but does not include the Ind AS Financial Statements and our Auditors' Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements.

As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that are sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.
   (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The company does not have any pending litigations which will impact its financial positions.
      ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Hotels and Residences India Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANEXURE "B" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the financial statements of Mahindra Hotels and Residences India Limited for the year ended March 31, 2021

Annexure to the Auditor's Report referred to in our report of even date:

1) According to the information and explanations given to us, the Company does not have fixed assets. Accordingly, the provisions of para 3(i) of the Order are not applicable to the Company.

2) According to the information and explanations given to us, the Company does not have inventory, therefore the provisions of para 3(ii) of the Order are not applicable to the Company.

3) The company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other related parties covered in the register maintained under section 189 of the Act.

4) The Company has not granted any loan, made investments or given guarantees during the year. Hence. the provisions of section 185 and section 186 of the Act are not applicable to the Company. We are informed that the company has not given any security during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it. According to information and explanation given to us, no undisputed amounts in respect of the above were outstanding, as on March 31, 2021 for a period of more than 6 months from the date they become payable.

   ii) There are no dues of income tax, sales tax, service tax, duty of customs, and duty of excise or value added tax, GST and cess which have not been deposited on the account of any dispute.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and the money raised by the Company by the way of Buyer's credit term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the provisions of para 3(xii) of the Order are not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 Corporate Information

The Company was incorporated on April 26, 2007 and has not yet commenced commercial operations.

2 Significant accounting policies

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

Up to the year ended March 31, 2016, the Company prepared its financial statements in accordance with the requirements of Generally Accepted Accounting Principles in India (previous GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

The Company had not commenced commercial operations during the year ended March 31, 2021.

(iv) Taxation

Since the Company did not have any commercial operations during the year, the question of income tax / deferred tax does not arise.

(v) Property, plant and equipment

There were no fixed assets in the Company during the year ended March 31, 2021.

(vi) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(vii) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

A debt instrument that meets the amortized cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

De-recognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

De-recognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(viii) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit before extra-ordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(ix) Earnings per share

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

REPORT ON AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

TO THE MEMBERS OF GABLES PROMOTERS PRIVATE LIMITED

We have audited the accompanying Standalone Ind AS Financial Statements of Gables Promoters Private Limited ("the Company"), which comprise of Balance Sheet as at March 31, 2021 and the Statement of Profit and Loss, (including other comprehensive income) and Statement of Cash Flows for the year ended on that date, and notes to the Standalone Financial Statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements'').

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS, of the state of affairs of the Company as at March 31, 2021 and its loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities* for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management & Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the preparation of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:-

As required by 'the Companies (Auditor's Report) Order, 2016', as amended, issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(a) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(b) The Balance Sheet, the Statement of Profit and Loss, and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

(c) In our opinion, the aforesaid Standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(d) On the basis of the written representations received from the directors as on March 31, 2021 and taken on record by the Board of Directors, we report that none of the directors is disqualified as on March 31, 2021 from being appointed as director in terms Section 164(2) of the Act.

(e) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure A"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial.

(f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   (i) The Company does not have any pending litigations which will impact its financial position in its standalone financial;

   (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   (iii) There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the company.

"ANNEXURE A" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE IND AS FINANCIAL STATEMENTS OF GABLES PROMOTERS PRIVATE LIMITED

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

I have audited the internal financial controls over financial reporting of Gables Promoters Private Limited ("the Company") as of March 31, 2021 in conjunction with my audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

My responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 Corporate Information

The Company was incorporated on January 9, 2012 (CIN:U45209 CH2012PTC033473) and is in the principle business of construction, maintenance & running of hotels, resorts, shopping malls, buildings and other commercial & residential apartments.

2 Significant accounting policies

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and as amended from time to time.

(ii) Basis of preparation and presentation

The financial statements of the Company have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

(iii) Revenue recognition

Income from resorts include income from room rentals, food and beverages, etc. and is recognized when services are rendered.

(iv) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

(v) Taxation

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted by the end of the reporting period. Since the company has commenced operations during the current year and has not generated any profit before tax, current tax is Nil.

(vi) Property, plant and equipment

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is measured at fair value and not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

PPE in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, commences when the assets are ready for their intended use.

Category of Asset	**Estimated useful lives**
Buildings (other than those mentioned below)	60 years
Plant & equipment	10 years
Furniture and Fixtures (other than those mentioned below)	10 years
Vehicles (other than those mentioned below)	8 years
Motor vehicles/other assets provided to employees	4/5 years
Office equipment	5 years

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

(vii) Inventories

Inventories are carried at the lower of cost and net realizable value. Costs of inventories are determined on moving weighted average basis. Cost includes the purchase price, non-refundable taxes and delivery handling cost. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(viii) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(ix) Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Classification of financial assets

Debt

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

Debt instruments classified as FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The Company has not designated any debt instrument as at FVTPL.

Equity

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

De-recognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included under 'Finance costs'.

De-recognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

(x) Cash flow statements

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit before extra-ordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(xi) Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Estimated amount of Contracts remaining to be executed on capital account and not provided for net of advances	–	–
	–	–

Note No. 33 - Revaluation of land

As at September 30, 2018, the Company has changed its accounting policy with respect to measurement of freehold land. According to the revised policy, freehold land is revalued and measured at fair value, based on periodic valuation done by external independent valuer using market approach. Any revaluation surplus is recorded in OCI and credited to revaluation reserve in other equity. This revaluation surplus is not available for distribution to shareholders.

Particulars	In Rs.
Revaluation surplus as at March 31, 2019	302,000,000
Deferred tax on the above revaluation	(62,816,000)
As at March 31, 2019	**239,184,000**

The carrying amount of freehold land as at March 31, 2019 under cost and revaluation model are given below:

Block of asset	Revaluation Model	Cost Model
Freehold Land	430,400,010	128,400,010

Deferred Tax Liability is reversed based on Indexed Value of Land amounting to Rs.42,001,067 as on March 31, 2021, accordingly Deferred Tax Liability in Financials as on March 31, 2021 is Rs. 20,814,933

Note No. 34 - Employee benefits

(a) Defined Contribution Plan

The Group's contribution to Provident Fund and Superannuation Fund aggregating Rs. 950,868 (2020: Rs. 1,321,969) has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans (Gratuity)

The Company does not have a funded Gratuity Scheme for its employees and gratuity liability has been provided based on the actuarial valuation done at the year end. The Gratuity scheme of the Company is not funded.

Defined benefit plans – as per actuarial valuation on March 31, 2021 and March 31, 2020:

Particulars	Unfunded Plan Gratuity 2021	2020
Ia. Expense recognised in the Statement of Profit and Loss for the year ended March 31:		
Current service cost	154,479	–
Net Interest cost	–	–
Components of defined benefit costs recognised in profit & loss	**154,479**	–
Ib. Included in other Comprehensive Income		
Difference between actual and expected return on plan assets	–	–
Actuarial (Gain)/Loss on account of :		
Demographic Assumptions	–	–
Financial Assumptions	–	–
Experience Adjustments	–	–
Components of defined benefit costs recognised in other comprehensive income	–	–
I. Net Liability recognised in the Balance Sheet as at March 31:		
1. Present value of defined benefit obligation as at March 31	–	–
2. Fair value of plan assets as at March 31	154,479	–
3. Deficit	–	–
	(154,479)	–
II. Change in the obligation during the year ended March 31:		
Present value of defined benefit obligation at the beginning of the year	–	–
Expenses Recognised in the Statement of Profit and Loss		
– Current Service Cost	154,479	–
– Interest Expense (Income)	–	–
Recognised in Other Comprehensive Income		
Actuarial Gain (Loss) arising from:		
Change in Demographic Assumptions	–	–
Financial Assumptions	–	–
Experience Adjustments	–	–
Benefit payments	–	–
Present value of defined benefit obligation at the end of the year	**154,479**	–

The significant actuarial assumptions (estimated for adequate coverage of the obligation on a prudent basis), are as under:

Particulars	Valuation as at	
	March 31, 2021	March 31, 2020
Discount rate(s)	5.18%	–
Expected rate(s) of salary increase	5.00%	–
Expected rate of return on plan assets	–	–
Attrition	25.00%	–
Mortality table	IALM 2006-08	–

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	2020-2021	0.50%	(3,444)	3,585
	2019-2020	0.50%	–	–
Salary growth rate	2020-2021	0.50%	3,574	(3,466)
	2019-2020	0.50%	–	–
Attrition rate	2020-2021	0.50%	(1,878)	1,896
	2019-2020	0.50%	–	–
Mortality rate	2020-2021	0.50%	8	(7)
	2019-2020	0.50%	–	–

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous period.

III. Maturity profile of defined benefit obligation:

Particulars	2021	2020
Within 1 year	336	–
1 - 2 year	19,948	–
2 - 3 year	28,549	–
3 - 4 year	26,675	–
4 - 5 year	26,742	–
> 5 years	97,950	–

The weighted average duration of the defined benefit obligation as at March 31, 2021 is 3 years (2020: 3 years)

IV. Experience Adjustments:

Particulars	Period Ended				
	2021	**2020**	**2019**	2018	2017
	Gratuity				
Defined Benefit Obligation	154,479	–	–	–	–
Fair value of plan assets	–	–	–	–	–
Surplus/(Deficit)	(154,479)	–	–	–	–
Experience adjustment on plan liabilities [(Gain)/Loss]	–	–	–	–	–
Experience adjustment on plan assets [Gain/(Loss)]	–	–	–	–	–

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(c) Defined Benefit Plans (Compensated absences)

The amount recognized as an expense in respect of Compensated absences is Rs 401,597 (Previous Year: Rs 128,644).

Note No. 35 - Others

1. The outbreak of Coronavirus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite period of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown.
2. As on March 31, 2021, based on facts and circumstances existing as of that date, at present the Company does not anticipate any material uncertainties on account of COVID-19 outbreak which affects its liquidity position and also ability to continue as going concern. However Revenue in future is total depend on the Govt. Policies and Lock down period for the industries.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF HERITAGE BIRD (M) SDN. BHD.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Heritage Bird (M) Sdn. Bhd., which comprise the statement of financial position as at March 31, 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages herein.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at March 31, 2021, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Private Entities Standards and the requirements of the Companies Act, 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Private Entities Standards and the requirements of the Companies Act, 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report.
- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 2016 in Malaysia, we also report that in our opinion, the accounting and other records and the registers required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2021

1. **General Information**

The Company is a private company, incorporated and domiciled in Malaysia. The registered office is situated at 802, 8th Floor, Block C, Kelana Square, 17 Jalan SS 7/26, 47301 Petaling Jaya, Selangor, and its principal place of business is located at 3A07, Block B, Phileo Damansara II, 15 Jalan 16/11, Off Jalan Damansara, 46350 Petaling Jaya, Selangor.

The Company's principal activities are holding of investment properties and lease rental.

The financial statements of the Company are presented in Ringgit Malaysia (RM).

2. **Compliance With Financial Reporting Standards and the Companies Act, 2016**

The financial statements have been prepared in compliance with the Malaysian Private Entities Reporting Standard (MPERS) issued by the Malaysian Accounting Standards Board (MASB) and the provisions of the Malaysian Companies Act, 2016.

3. **Basis of Preparation**

The financial statements of the Company have been prepared using cost basis which include historical cost, amortised cost, and lower of cost and net realisable value and fair value bases which include fair value basis and fair value less costs to sell basis.

Management has used estimates and assumptions in measuring the reported amounts of assets and liabilities at the end of the reporting year and the reported amounts of revenues and expenses during the reporting year. Judgements and assumptions are applied in measurement, and hence, the actual results may not coincide with the reported amounts. The areas involving significant judgements and estimation uncertainties are disclosed in Note 6.

4. **Significant Accounting Policies**

a) **Property, plant and equipment**

Operating tangible assets that are used for more than one accounting period in the production and supply of goods and services, for administrative purposes or for rental to others are recognised as property, plant and equipment when the Company obtains control of the asset. These include assets constructed or acquired for environmental protection purposes and investment property measured on the cost model. The assets, including major spares, stand-by equipment and servicing equipment, are classified into appropriate classes based on their nature. Any subsequent replacement of a significant component in an existing asset is capitalised as a new component in the asset and the old component is derecognised.

All property, plant and equipment are initially measured at cost. For a purchased asset, cost comprises purchase price plus all directly attributable costs incurred in bringing the asset to its present location and condition for management's intended use. For a self-constructed asset, cost comprises all direct and indirect costs of construction (including provision for restoration and cost of major inspection) but excludes internal profits. For an exchange of non-monetary asset that has a commercial substance, cost is measured by reference to the fair value of the asset received. For an asset transferred from a customer or a grantor, cost is measured by reference to the fair value of the asset.

All property, plant and equipment are subsequently measured at cost less accumulated depreciation and accumulated impairment losses.

All other property, plant and equipment are depreciated by allocating the depreciable amount of significant component or of an item over the remaining useful life. The depreciation methods used and the useful lives of the respective classes of property, plant and equipment are as follows:

	Method	**Useful life (years)**
Furniture and fittings	Straight-line	5
Building	Straight-line	50

At the end of each reporting period, the residual values, useful lives and depreciation methods for the property, plant and equipment are reviewed for reasonableness. Any changes in estimate of an item is adjusted prospectively over its remaining useful life, commencing in the current period.

b) **Impairment of non-financial assets**

An impairment loss arises when the carrying amount of a Company's asset exceeds its recoverable amount.

At the end of each reporting date, the Company assesses whether there is any indication that a stand-alone asset or a cash-generating unit may be impaired by using external and internal sources of information. If any such indication exists, the Company estimates the recoverable amount of the asset or cash-generating unit.

If an individual asset generates independent cash inflows, it is tested for impairment as a stand-alone asset. If an asset does not generate independent cash inflows, it is tested for impairment together with other assets in a cash generating unit at the lowest level in which independent cash inflows are generated and monitored for internal management purposes.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and the value in use. The Company determines the fair value less costs to sell of an asset or a cash-generating unit in a hierarchy based on: (i) price in a binding sale agreement; (ii) market price traded in an active market; and (iii) estimate of market price using the best available information. The value in use is estimated by discounting the net cash inflows (by an appropriate discount rate) of the asset or unit, using reasonable and supportable management's budgets and forecasts of five years and extrapolation of cash inflows for periods beyond the five-year forecast or budget.

For an asset measured on a cost-based model, any impairment loss is recognised in the profit or loss. For a property, plant and equipment measured on the revaluation model, any impairment loss is treated as a revaluation decrease.

For a cash-generating unit, any impairment loss is first allocated to reduce the carrying amount of goodwill allocated to the unit, if any, and the balance of the impairment loss is then allocated to the other assets of the unit pro rata based on the relative carrying amounts of the assets.

The Company reassesses the recoverable amount of an impaired asset or a cash-generating unit if there is any indication that an impairment loss recognised previously may have reversed.

Any reversal of impairment loss for an asset carried at a cost-based model is recognised in profit or loss, subject to the limit that the revised carrying amount does not exceed the amount that would have been determined had no impairment loss been recognised previously.

c) **Share capital and distribution**

(i) Share capital

Ordinary shares issued that carry no put option and no mandatory contractual obligation: (i) to deliver cash or another financial asset; or (ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company, are classified as equity instruments.

When ordinary shares and other equity instruments are issued in a private placement or in a rights issue to existing shareholders, they are recorded at the issue price. For ordinary shares and other equity instruments issued in exchange for non-monetary assets, they are measured by reference to the fair values of the assets received.

When ordinary shares and other equity instruments are issued as consideration transferred in a business combination or as settlement of an existing financial liability, they are measured at fair value at the date of the exchange transaction.

Transaction costs of an equity transaction are accounted for as a deduction from equity, net of any related income tax effect.

(ii) Distributions

Distributions to holders of an equity instrument are recognised as equity transactions and are debited directly in equity, net of any related income tax effect.

A dividend declared is recognised as a liability only after it has been appropriately authorised, which is the date when the Board of Directors declares an interim dividend, or in the case of a proposed final dividend, the date the shareholders of the Company approve the proposed final dividend in an annual general meeting of shareholders. For a distribution of non-cash assets to owners, including a distribution in specie, the Company measures the dividend payable at the fair value of the assets to distributed. At the end of each reporting period and at the date of settlement, the Company reviews and adjusts the carrying amount of the dividend payable to reflect changes in the fair value of the assets to be distributed, with any changes recognised in equity as adjustments to the amount of the distribution. Upon settlement, the difference between the carrying amount of the dividend payable and the carrying amount of the assets distributed is recognised as a gain or loss in profit or loss.

d) Financial instrument

(i) Initial recognition and measurement

The Company recognises a financial asset or a financial liability (including derivative instruments) in the statement of financial position when, and only when, it becomes a party to the contractual provisions of the instrument.

On initial recognition, all financial assets and financial liabilities are measured at fair value, which is generally the transaction price, plus transaction costs if the financial asset or financial liability is not measured at fair value through profit or loss. For instruments measured at fair value through profit or loss, transaction costs are expensed to profit or loss when incurred.

(ii) Derecognition of financial instrument

For derecognition purposes, the Company first determines whether a financial asset or a financial liability should be derecognised in its entirely as a single item or derecognised part-by-part of a single item or a group of similar items.

A financial asset is derecognised when, and only when, the contractual rights to receive the cash flows from the financial assets expire, or when the Company transfers the contractual rights to receive cash flows of the financial asset, including circumstances when the Company acts only as a collecting agent of the transferee, and retains no significant risks and rewards of ownership of the financial asset or no continuing involvement in the control of the financial asset transferred.

A financial liability is derecognised when, and only when, it is legally extinguished, which is either when the obligation specified in the contract is discharged, cancelled or expires. A substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. For this purpose, the Company considers a modification as substantial if the present value of the revised cash flows of the modified terms discounted at the original effective interest rate differs by 10% or more than compared with the carrying amount of the original liability.

(iii) Subsequent measurement of financial assets

For the purpose of subsequent measurement, the Company classifies financial assets into two categories namely (i) financial assets at fair value through profit or loss; and (ii) financial assets at amortised cost.

After initial recognition, the Company measures investments in quoted preference shares, quoted ordinary shares and derivatives that are assets at their fair values by reference to the active market prices, if observable, or otherwise by a valuation technique, without any deduction for transaction costs it may incur on sale or other disposal.

Investments in debt instruments, whether quoted or unquoted, are subsequently measured at amortised cost using the effective interest method. Investments in unquoted equity instruments and whose fair value cannot be reliably measured are measured at cost.

Other than financial assets measured at fair value through profit or loss, all other financial assets are subject to review for impairment in accordance with Note 4(d)(vii).

(iv) Subsequent measurement of financial liabilities

After initial recognition, the Company measures all financial liabilities are measured at amortised cost using the effective interest method, except for derivatives instruments that are liabilities and financial guarantee contracts, which are measured at fair value.

(v) Fair value measurement of financial instruments

The fair value of a financial asset or a financial liability is determined by reference to the quoted market price in an active market, and in the absence of an observable market price, by a valuation technique using reasonable and supportable assumptions.

(vi) Recognition of gains and losses

Fair value changes of financial assets and financial liabilities classified as at fair value through profit or loss are recognised in profit or loss when they arise.

For financial assets and financial liabilities carried at amortised cost, a gain or loss is recognised in profit or loss only when the financial assets or liability is derecognised or impaired, and through the amortization process of the instrument.

(vii) Impairment and uncollectibility of financial assets

At the end of each reporting year, the Company examines whether there is any objective evidence that a financial asset or a group of financial assets is impaired. Evidences of trigger loss events include: (i) significant difficulty of the issuer or obligor; (ii) a breach of contract, such as a default or delinquency in interest or principal payments; (iii) granting exceptional concession to a customer; (iv) it is probable that a customer will enter bankruptcy or other reorganization; (v) the disappearance of an active market for that financial asset because of financial difficulties; or (vi) any observable market data indicating that there may be a measurable decrease in the estimated future cash flows from a group of financial assets.

For a non-current loan and receivable carried at amortised cost, the revised estimated cash flows are discounted at the original effective interest rate. Any impairment loss is recognised in profit or loss and a corresponding amount is recorded in a loss allowance account. Any subsequent reversal of impairment loss of the financial asset is reversed in profit or loss with a corresponding adjustment to the loss allowance account, subject to the limit that the reversal should not result in the revised carrying amount of the financial asset exceeding the amount that would have been determined had no impairment loss been recognised previously.

For short-term trade and other receivables, where the effect of discounting is immaterial, impairment loss is tested for each individually significant receivable wherever there is any indication of impairment. Individually significant receivables for which no impairment loss is recognised are grouped together with all other receivables by classes based on credit risk characteristics and aged according to their past due year. A collective allowance is estimated for a class group based on the Company's experience of loss ratio in each class, taking into consideration current market conditions.

For an unquoted equity investment measured at cost less impairment, the impairment is the difference between the asset's carrying amount and the best estimate (which will necessarily be an approximation) of the amount (which might be zero) that the Company expects to receive for the assets if it were sold at the reporting date. The Company may estimate the recoverable amount using an adjusted net asset value approach.

e) **Related parties**

Related parties refer to persons connected to the directors and/or shareholders of the Company, and companies in which the directors and/or shareholders or persons connected to the said directors and/or shareholders have substantial equity interest.

f) **Cash and cash equivalents**

Cash comprises cash at bank.

g) **Provisions**

The Company recognises a liability as a provision if the outflows required to settle the liability are uncertain in timing or amount.

A provision for warranty costs, restoration costs, restructuring costs, onerous contracts or lawsuit claims is recognised when the Company has a present legal or constructive obligation as a result of a past event, and of which the outflows of resources on settlement are probable and a reliable estimate of the amount can be made. No provision is recognised if these conditions are not met.

Any reimbursement attributable to a recognised provision from a counterparty (such as an insurer) is not off-set against the provision but recognised separately as an asset when, and only when, the reimbursement is virtually certain.

A provision is measured at the best estimate of the expenditure required to settle the present obligation at the end of the reporting year. For a warranty provision, a probability-weighted expected outcome of the resources required to settle the obligation is applied, taking into account the Company's experiences of similar transactions and supplemented with current facts and circumstances. For a restoration provision, where a single obligation is being measured, the Company uses the individual most likely outcome as the best estimate of the liability by reference to current prices that contractors would charge to undertake such obligations, and taking into account likely future events that may affect the amount required to settle an obligation.

For an onerous contract, provision is measured based on the amount by which costs to fulfil the contract exceed the benefits. For a lawsuit provision, a probability-weighted expected outcome is applied in the measurement, taking into account past court judgements made in similar cases and advices of legal experts.

A provision is measured at the present value of the expenditures expected to be required to settle the obligation using a discount rate that reflects the time value of money and the risk that the actual outcome might differ from the estimate made. The unwinding of the discount is recognised as an interest expense.

h) **Foreign currency transactions and balances**

Transactions denominated in foreign currencies are translated and recorded at the rates of exchange prevailing at the respective dates of transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the period (i.e. the closing rates). Non-monetary items carried at revalued amounts or at fair values that are denominated in foreign currencies are retranslated at the rates prevailing at the dates the fair values were determined. Non-monetary items that are measured at their historical cost amounts continue to be translated at their respective historical rates and are not retranslated.

All exchange differences arising on settled transactions and on unsettled monetary items are recognised in profit or loss in the period except for: (i) loans and advances that form part of the net investment in a foreign operation; and (ii) transactions entered into in order to hedge foreign currency risks of net investments in foreign operations.

i) **Tax Assets and Tax Liabilities**

A current tax for current and prior periods, to the extent unpaid, is recognised as a current tax liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as a current tax asset. A current tax liability (asset) is measured at the amount the equity expects to pay (recover) using tax rates and laws that have been enacted or substantially enacted by the reporting date.

A deferred tax liability is recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from: (a) the initial recognition of goodwill; or (b) the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (or tax loss). The exceptions for initial recognition differences include items of property, plant and equipment that to not qualify for capital allowances and acquired intangible assets that are not deductible for tax purposes.

A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised, unless the deferred tax asset arises from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (or tax loss). The exceptions for the initial recognition differences include non-taxable government grants received and reinvestment allowances and investment tax allowances on qualifying property, plant and equipment. However, for deductible temporary differences related to investments in subsidiaries and branches, a deferred tax asset is recognised to the extent, and only to the extent that, it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

A deferred tax asset is recognised for the carry-forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

Deferred taxes are measured using tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred taxes reflects the tax consequences that would follow from the manner in which an entity in the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets or liabilities. For an investment property measured at fair value, if the owner-entity of the Group does not have a business model to hold the property solely for rental income, the deferred tax liability on the fair value gain is measured based on the presumption that the property is recovered through sale at the end of the reporting period.

At the end of each reporting period, the carrying amount of a deferred tax asset is reviewed, and is reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of a part or all of that deferred tax asset to be utilised. Any such reduction will be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

A current or deferred tax is recognised as income or expense in profit or loss for the period, except to the extent that the tax arises from items recognised outside profit or loss. For an income or expense item recognised in other comprehensive income, the current or deferred tax expense or tax income is recognised in other comprehensive income. For items recognised directly in equity, the related tax effect is also recognised directly in equity. Deferred tax assets and liabilities arising from a business combination, including tax effects of any fair value adjustment, are recognised as part of the net assets acquired.

j) Revenue recognition

The Company measures revenue from a sale of goods or service transaction at the fair value of the consideration received or receivable, which is usually the invoice price, net of any trade discounts and volume rebates given to a customer in a sale or service transaction.

Revenue from a sale of goods is recognised when: (a) the Company has transferred to the buyer the significant risk and rewards of ownership of the goods; (b) the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold; (c) the amount of the revenue can be measured reliably; (d) it is probable that economic benefits associated with the transaction will flow to the Company; and (e) the cost incurred or to be incurred in respect of the transaction can be measured reliably.

k) Fair Value Measurement

For assets, liabilities and equity instruments whether financial or non-financial items that require fair value measurement disclosure, the Company establishes a fair value measurement hierarchy that gives the highest priority to quoted prices (unadjusted) in active markets for identical assets, liabilities or equity instruments and the lowest priority to unobservable inputs.

A fair value measurement of an item is estimated using a quoted price in an active market if that price is observable. The active market is the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability; and for which the Company can enter into a transaction for the asset or liability at the price in that market at the measurement date.

In the absence of an active market price, the fair value of an item is estimated by an established valuation technique using inputs from the marketplace that are observable for substantially the full term of the asset or liability.

5. Financial Risk Management Policies

The Company's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Company's business whilst managing its risks. The Company operates within clearly defined guidelines that are approved by the Board and the Company's policy is not to engage in speculative transactions.

The main areas of financial risks faced by the Company and the policy in respect of the major areas of treasury activity are set out as follows:

a) Liquidity and cash flow risks

The Company ensures that there are adequate funds to meet all its obligations in a timely and cost-effective manner.

b) Foreign currency risk

The Company is exposed to foreign currency risk as a result of its normal trading activities, where the currency denomination differs from the local currency, Ringgit Malaysia (RM). The Company manages its exposure to foreign currency risk by monitoring fluctuations in foreign exchange and by timing its payments in foreign currencies accordingly.

c) Credit risk

Credit risk is controlled by monitoring procedures and by internal credit review where credit risk is material.

d) Interest rate risk

The Company's interest rate exposure arises principally from the borrowings. The interest rate risk is managed through the use of fixed and floating rate financial instruments.

Apart from the above, the Company does not face any material financial risks in other areas such as market risk, etc.

6. Critical Judgement and Estimation Uncertainty

The preparation of the financial statements in conformity with Malaysian Financial Reporting Standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in the future periods effected.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described below:

a) Loss allowances of financial assets

The Company recognises impairment losses for loans and receivables using the incurred loss model. Individually significant loans and receivables are tested for impairment separately by estimating the cash flows expected to be recoverable. All others are grouped into credit risk classes and tested for impairment collectively, using the Company's past experiences of loss statistics, ageing of past due amounts and current economic trends. The actual eventual losses may be different from the allowance made and this may affect the Company's financial position and results.

b) Depreciation of property, plant and equipment

The cost of an item of property, plant and equipment is depreciated on the straight-line method or another systematic method that reflects the consumption of the economic benefits of the asset over its useful life. Estimates are applied in the selection of the depreciation method, the useful lives and the residual values. The actual consumption of the economic benefits of the property, plant and equipment may differ from the estimates applied and this may lead to a gain or loss on an eventual disposal of an item of property, plant and equipment.

c) Measurement of income taxes

Significant judgement is required in determining the Company's provision for current and deferred taxes because the ultimate tax liability for the Company as a whole is uncertain. When the final outcome of the taxes payable is determined with the tax authorities in each jurisdiction, the amounts might be different from the initial estimates of the taxes payable. Such differences may impact the current and deferred taxes in the period when such determination is made. The Company will adjust for the differences as over or under provision of current or deferred taxes in the current period in which those differences arise.

d) Measurement of a provision

The Company uses a "best estimate" as the basis for measuring a provision. Management evaluates the estimates based on the Company's historical experiences and other inputs or assumptions, current developments and future events that are reasonably possible under the particular circumstances. In the case when a provision relates to large population of customers (such as a warranty provision), a probability- weighted estimate of the outflows required to settle the obligation is used. In the case of a single estimate (such as a provision for environmental restoration costs), a referenced contractor's price or market price or market price is used as the best estimate. If an obligation is to be settled overtime, the expected outflows are discounted at a rate that takes into account the time value of money and the risk that the actual outcome might differ from the estimates made.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Infinity Hospitality Group Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Infinity Hospitality Group Company Limited (the Company), which comprise the statement of financial position as at March 31, 2021, the statement of income and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2021, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

Basis for Opinion

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Federation of Accounting Profession's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

(Mr. Pongteera Chainsakultam)

NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 2021

1 GENERAL INFORMATION

Company status

Infinity Hospitality Group Company Limited, "The Company", is a limited company under Thai Civil and Commercial Code and domiciled in Thailand. It was incorporated on May 6, 2005, with registration no. 0105548060791

Place of company

20, Soi Sukhumvit 7 (Lerdsin 2) , Sukhumvit Rd., North Klongtoey, Wattana, Bangkok, Thailand

Business and operation

The objective of the Company are services and rent of hotel, apartment, mansion and condominium.

2 CORONAVIRUS DISEASE 2019 PANDEMIC

The Covid-19 pandamic is impacting various businesses and industries. The exponential reduction in personal and business travel has imposed significant pressure on the hospitality industry resulting in lower occupancy and revenue per available room. This situation significantly affects the Company's business activities in terms of hotel business. The company had to temporarily suspend the hotel operations since March 2020 due to lockdown measures in order to prevent the spread of Covid-19 and a decrease in number of foreign and local tourists. The company is still unable return to its normal operations because the main client is foreign tourists. However the company have main service agreement with headquarter to support the current cash flows. The management has continuously monitored ongoing developments and assessed the financial impact in respect of the valuation of assets, provision and contingent liabilities, and has used estimates and judgements in respect of various isssues as the situation has evolved .The management considered that there is no impairment and additional provision on this Covid-19 pandemic situation as of March 31, 2021.

3 BASIS OF FINANCIAL STATEMENT PREPARATION

The financial statements have been prepared in accordance with Generally Accepted Accounting Principles and Thai Financial Reporting Standards for Non-Publicly Accountable Entities enunciated on Notification of Federation of Accounting Professions (FAP) no. 20 (B.E.2554) under the Accounting Profession Act B.E.2547 which is effective on the financial statements for fiscal year beginning on or after January 1, 2011.

The management of the Company assessed that there is no material effects of this standard for the period in which they are initially applied.

The presentation of the financial statements has been made in compliance with the Notification of the Department of Business Development; Define Financial statement abstract B.E.2554 dated September 28, 2011, issued under the Accounting Act B.E.2543 which is effective on the financial statements for fiscal year beginning on or after January 1, 2011.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

4 SUMMARIZED SIGNIFICANT ACCOUNTING POLICIES

4.1 Cash and cash equivalents

Cash and cash equivalents is consist of cash on hand and deposit at banks including time deposit and temporary investment which is not over than 3 months to maturity date excepted cash deposit with obligation.

14 APPROVAL OF FINANCIAL STATEMENT

These financial statement were authorized for issue by company's authorized director on April 26, 2021.

______________________ Director

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of MH Boutique Hospitality Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of MH Boutique Hospitality Limited (the Company), which comprise the statement of financial position as at March 31, 2021, the statement of income and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2021, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

Basis for Opinion

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Federation of Accounting Profession's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

(Mr. Pongteera Chainsakultam)

8 APPROVAL OF FINANCIAL STATEMENT

These financial statement were authorized for issue by company's authorized director on April 26, 2021.

______________________ Director

INDEPENDENT AUDITORS' REPORT
TO THE MEMBER OF MHR Holdings (Mauritius) Ltd

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of MHR Holdings (Mauritius) Ltd, the "Company", which comprise the statement of financial position as at March 31, 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at March 31, 2021 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and in compliance with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 22 in the financial statements which indicates that the Company had accumulated losses of EUR 5,098,220 during the year ended March 31, 2021 and, as of that date, the Company had a net liability of EUR 4,953,220. As stated in Note 22, these conditions, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The shareholder has undertaken to provide financial support to ensure continuation of the Company's operations. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report Thereon ("Other Information")

Management is responsible for the Other Information. The Other Information comprises the information included under the Corporate Data and Commentary of the Directors sections, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence and in compliance with the requirements of the Mauritius Companies Act 2001, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- we have no relationship with, or any interests in, the Company other than in our capacity as auditors;
- we have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Other Matter

Our report is made solely to the member of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for our audit work, for this report, or for the opinion we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE WITH INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRS")

MHR Holdings (Mauritius) Ltd, the "Company", was incorporated in the Republic of Mauritius under the Mauritius Companies Act 2001 on June 26, 2014 as a private company with liability limited by shares and holds a Global Business Licence issued by the Financial Services Commission. The Company's registered office is SANNE House, Bank Street, TwentyEight, Cybercity, Ebene 72201, Republic of Mauritius.

The principal activity of the Company is to hold investments.

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") as modified by the exemption from consolidation in the Mauritius Companies Act 2001 for companies holding a Global Business Licence.

2. APPLICATION OF NEW AND REVISED IFRS

2.1 New and amended Standards that are effective for the current year

The Company has applied the following Standards, amendments and Interpretations to existing Standards for the first time for the financial year commencing on April 01, 2020:

Various	Amendments to References to the Conceptual Framework in IFRS Standards
IFRS 3	Definition of a Business (Amendments to IFRS 3)
IAS 1 and IAS 8	Definition of Material (Amendments to IAS 1 and IAS 9)
IFRS 9, IAS 39 and IFRS 7	Interest Rate Benchmark Reform (Amendments to IFRS 9, IAS 39 and IFRS 7)

Management has assessed the impact of these new and revised Standards and Interpretations and concluded that none of the above has an impact on these financial statements.

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these financial statements, several new, but not yet effective, Standards, amendments to existing Standards and Interpretations have been published by the IASB. None of these Standards, amendments or Interpretations have been adopted early by the Company.

Management anticipates that all relevant pronouncements, will be adopted in the Company's accounting policies for the first period beginning on or after the effective date of the pronouncement. Information on new Standards, amendments to existing Standards and Interpretations is provided below.

IFRS 16	COVID-19 Related Rent Concessions (Amendment to IFRS 16)
Various	Interest Rate Benchmark Reform Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)
IFRS 3	References to the Conceptual Framework (Amendments to IFRS 3)
IAS 16	Proceeds before Intended Use (Amendments to IAS 16)
IAS 37	Onerous Contract - Cost of Fulfilling a Contract (Amendments to IAS 37)
IFRS 1, IFRS 9, IFRS 16 and IAS 41	Annual improvements to IFRS Standards 2019-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)
IFRS 17	Insurance Contracts
IFRS 4	Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)
IAS 1	Classification of Liabilities as Current or Non-current (Amendments to IAS 1)

Management has yet to assess the impact of the above Standards, amendments to existing Standards and Interpretations on the Company's financial statements.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

3.2 Revenue

Interest income is recognised on the accrual basis using the effective interest method, unless collectability is in doubt.

3.3 Expenses

All expenses are accounted for in the statement of comprehensive income on the accrual basis.

3.4 Taxation

Tax expense recognised in the statement of comprehensive income comprises of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise of those obligations to, or claims from, fiscal authorities relating to the current period, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting date.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

3.5 Financial instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instruments and are measured initially at fair value adjusted by transaction costs. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for loan receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost;
- fair value through profit or loss (FVTPL);
- fair value through other comprehensive income (FVOCI).

In the current year, the Company does not have any financial assets categorised as FVTPL and FVOCI.

The classification is determined by both:

- the Company's business model for managing the financial asset.
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets are recognised in the statement of comprehensive income.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest method if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and

- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Discounting is omitted where the effect of discounting is immaterial. The Company's loans and cash and cash equivalents fall into this category of financial instruments.

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. For the Company, instruments within the scope of the new requirements include its loans receivable.

Recognition of credit losses is no longer dependent on the Company's first identifying a credit loss event. Instead, the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and

- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2").

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities consist of borrowings, accruals and derivative financial instruments (Note 3.15).

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

All interest-related charges are reported in the statement of comprehensive income.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.6 Consolidated financial statements

The financial statements are separate financial statements which contain information about MHR Holdings (Mauritius) Ltd as an individual company and do not contain consolidated financial information as the parent of a group.

The Company holds a Global Business Licence issued by the Financial Services Commission and has taken advantage of the exemption given in Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 from the requirement to prepare consolidated financial statements as it is a wholly owned subsidiary of a quoted company incorporated in the Republic of India, Mahindra Holidays & Resorts India Limited.

3.7 Investment in subsidiary

A subsidiary is an entity over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Investment in subsidiary is initially shown at cost. Where an indication of impairment exists, the recoverable amount of the investment is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to the statement of comprehensive income.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the statement of comprehensive income.

3.8 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank. Cash equivalents are short term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3.9 Equity

Stated capital represents the value of shares that have been issued.

Accumulated losses include current and prior years' results as disclosed in the statement of comprehensive income.

3.10 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be estimated reliably.

Provisions are measured at the estimated expenditure required to settle the present obligation based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. The increase in the provision due to passage of time is recognised as interest expense in the statement of comprehensive income.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole.

3.11 Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

3.12 Foreign currency translation

Functional and presentation currency

The financial statements are presented in Euro ("EUR"), which is the Company's functional and presentation currency.

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the Company using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

3.13 Impairment of assets

At each reporting date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered any impairment loss. When an indication of impairment loss exists, the carrying amount of the asset is assessed and written down to its recoverable amount.

3.14 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the year of the borrowings using the effective interest method.

Fees paid on loan facilities are recognised as transaction costs and are deducted from borrowings and amortised over the period of the facility to which it relates.

3.15 Derivative financial instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship. The Company has not designated the derivative contracts (interest rate swaps) as a hedging instrument.

3.16 Comparatives

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

4. SIGNIFICANT MANAGEMENT JUDGEMENT IN APPLYING ACCOUNTING POLICIES AND ESTIMATION UNCERTAINTY

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgements

The following are the significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. The directors have considered those factors and have determined that the functional currency of the Company is the EUR.

Going concern assumption

The directors have exercised significant judgement in assessing that the preparation of these financial statements on a going concern basis is appropriate. In making this assessment, the directors have considered the Company's future business projects, future cash flows and future profitability.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment of financial assets

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash generating unit based on expected future cash flows. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Fair value of derivative financial instruments

The fair value of the derivative financial instruments is determined based on valuation performed by an independent valuer. The assumptions used to value the derivative financial instruments are given in Note 6. In applying the valuation techniques, the independent valuer makes maximum use of market inputs, and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument.

Impact of COVID-19

In January 2020, the World Health Organization has declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets.

The directors have considered the potential adverse impact of the COVID-19 pandemic on the Company's business activities by making assumptions using the existing market conditions as well as forward looking estimates at the end of the reporting date. Estimation uncertainty relates to assumptions about future operating results.

5. FINANCIAL INSTRUMENT RISK

Risk management objectives and policies

The Company is exposed to various risks in relation to its financial instruments. The main types of risks are market risk, credit risk and liquidity risk.

The Company's financial assets and financial liabilities by category are summarised below.

	2021	2020
	EUR	EUR
Financial assets at amortised cost		
Non-current		
Loans	**31,679,327**	27,032,793

	4,897,427	56,447,560
Total financial liabilities	**76,967,789**	72,297,560

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate measures and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and in the Company's activities.

The Company does not actively engage in the trading of financial assets and derivatives for speculative purposes. The most significant financial risks to which the Company is exposed to are described below.

5.1 Market risk analysis

The Company is exposed to market risk through its use of financial instruments. Market risk is comprised specifically of currency risk and interest rate risk, which result from both its operating and investing activities.

(i) Foreign currency sensitivity

The Company is not exposed to any currency risk as most of its financial assets and financial liabilities are denominated in the Euro, which is the functional currency of the Company.

The currency profile of its financial assets and liabilities is as follows:

	Financial assets 2021	**Financial liabilities 2021**
	EUR	**EUR**
Long term exposure		
Euro (EUR)	**31,679,327**	**72,070,362**
Short term exposure		
Euro (EUR)	**17,150,339**	**4,869,551**
United States Dollar (USD)	**–**	**27,876**
	48,829,666	**76,967,789**

	Financial assets 2020	Financial liabilities 2020
	EUR	EUR
Long term exposure		
Euro (EUR)	27,032,793	15,850,000
Short term exposure		
Euro (EUR)	18,002,250	56,434,215
United States Dollar (USD)	–	13,345
	45,035,043	72,297,560

(ii) Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has interest bearing financial assets and liabilities in the form of loans receivables and borrowings.

The Company's interest bearing financial assets are in the form of loans to the subsidiary at a fixed rate of interest and therefore are not subject to market fluctuations.

The Company has interest bearing financial liabilities in the form of bank loans from HSBC Bank (Mauritius) Limited and ICICI Bank Limited as at reporting date.

The Company's interest rate risk arose principally from part of the bank borrowings from AXIS BANK LIMITED which were at variable interest rates. The Company managed its cash flow interest rate risk on these loans by using floating to fixed interest rate swaps. However, as at reporting date, these loans payable to AXIS BANK LIMITED were repaid.

The Company has taken the following loans from HSBC Bank (Mauritius) Limited, AXIS BANK LIMITED and ICICI Bank Limited:

Loans from HSBC Bank (Mauritius) Limited

Loan of EUR 6,850,000

The bank loan of EUR 6,850,000 from HSBC Bank (Mauritius) Limited was bearing interest at Fixed EUR Interest Rate Swap ("IRS") 5 year plus a margin of 2.75% per annum on fixed basis (Note 12 (ii)). The all-inclusive rate of interest was initially fixed at 3.45%. The interest is payable at the end of every 6 months. Pursuant to board minutes dated August 02, 2019, the loan extension period has been revised to August 04, 2022 and the margin rate has been modified to 1.10% per annum.

Loan of EUR 5,000,000

An initial bank loan of EUR 3,600,000 from HSBC Bank (Mauritius) Limited bearing interest at EUR Interest Rate EURIBOR 3 months plus a margin of 1.35% per annum on fixed basis (Note 12 (ii)) was granted. It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The loan is repayable within one year from the date of drawdown with the possibility of being renewed. The interest is payable at the end of every 3 months.

The bank loan of EUR 3,600,000 disbursed in prior financial years form part of EUR 5,000,000 Revolving Credit Facility. During the financial year ended March 31, 2020, an additional disbursement of EUR 700,000 was made out of the Revolving Credit Facility with the same conditions pertaining repayment and interest rate.

Pursuant to board minutes dated October 01, 2020, the Company approached the bank to roll-over the loan for an addition period of 1.99 years at an interest rate of EURIBOR 3 months plus a margin of 2.50% per annum on a fixed basis. In addition, during the current financial year, an additional amount of EUR 700,000 has been disbursed by the Bank with a repayment date of September 28, 2022. With the additional disbursement made during the current financial year, the loan sanction amount of EUR 5,000,000 has been fully utilised by the Company.

Loan of EUR 10,000,000

As at March 31, 2020, the Company received a bank loan of EUR 6,500,000 from HSBC Bank (Mauritius) Limited bearing interest at EUR Interest Rate EURIBOR 6 months plus a margin of 1.10% per annum on fixed basis (Note 12 (ii)). This represents the first tranche of loan disbursed to the Company out of a loan facility of EUR 10,000,000. It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The tenure of the loan is 2.99 years from each drawdown.

During the current financial year, the bank has disbursed an additional amount of EUR 3,500,000 with the same conditions pertaining repayment and interest rate. With the second disbursement, the loan sanction amount of EUR 10,000,000 has been fully utilised by the Company.

Loan of EUR 2,500,000

As at March 31, 2020, the Company received an additional bank loan of EUR 2,500,000 from HSBC Bank (Mauritius) Limited bearing interest at EUR Interest Rate EURIBOR plus a margin of 1.20% per annum on fixed basis (Note 12 (ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The loan is repayable within 1.99 years from the date of drawdown. The interest is payable at the end of every 3 or 6 months.

Loans from AXIS BANK LIMITED

Loan of EUR 47,000,000

The Company had contracted a loan of EUR 47,000,000 from AXIS BANK LIMITED which carried interest at EURIBOR 3-6 months plus Margin of 1.50% per annum (Note 12 (ii)). The loan was repayable at the end of 5 years.

Loan of EUR 4,750,000

The Company had contracted a loan of EUR 4,750,000 on June 23, 2017 from AXIS BANK LIMITED which carried interest at EURIBOR 3-6 months plus Margin of 1.5% per annum. As at March 31, 2020, the Company had received a total amount of EUR 3,070,000 (EUR 600,000 drawn on February 7, 2018 and EUR 2,470,000 drawn on July 16, 2018).

These loans were completely repaid during the year under review.

The Company had entered into interest swaps for an amount EUR 41,550,000 from AXIS BANK LIMITED by using floating to fixed interest rate swap. Such interest rate swap has the economic effect of converting borrowings from floating rate to fixed rate and protecting the Company from potential future interest rate hikes.

During the financial year ended March 31, 2020, the interest swap agreement for an amount of EUR 4,000,000 entered with HSBC expired and during the current financial year, the swap agreement entered with AXIS BANK LIMITED had reached it maturity and consequently has expired.

Loan from ICICI BANK LIMITED

Loan of EUR 50,100,000

During the year ended March 31, 2021, the Company entered into a Foreign Currency Term Loan facility agreement with ICICI Bank Limited to borrow an amount of up to EUR 55,000,000. As at reporting date, the Company received an amount of EUR 50,713,562 (inclusive of EUR 613,562 withheld by the bank as upfront fee) bearing interest at EURIBOR 6 months plus a margin of 2.50% per annum on fixed basis (Note 12(ii)). It is agreed that if the EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The tenure of the loan is 4 years from initial utilisation date.

5.2 Credit risk analysis

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers. The Company's exposure to credit risk is monitored by management on an ongoing basis. The Company limits its risk by carrying out transactions with related parties. The Company has significant concentration of credit risk as shown below.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2021	2020
	EUR	EUR
ASSETS		
Non-current		
Loans	**31,679,327**	27,032,793
Current assets		
Loans	**17,100,059**	17,413,864
Cash and cash equivalents	**50,280**	588,386
	17,150,339	18,002,250
	48,829,666	45,035,043

(i) The Company has provided loans to its subsidiary which are unsecured. The interest rate and repayment terms are disclosed in Note 11.

Under impairment provisions of IFRS 9, the Company measures credit risk and ECL using probability of default, exposure at default and loss given default of the loans to subsidiary. The directors consider both historical analysis and forward-looking information in determining any ECL. The directors acknowledge the current outbreak of COVID-19 and its adverse economic impact on the countries, industries and markets in which the Company invests. However, the directors believe that COVID-19 will not have a long term impact on the Company and the investments were made in the subsidiary with a view of having long term appreciation and returns. Additionally, the Company has the financial support of its shareholder to ensure continuation of its operations. The shareholder will compensate the Company for any losses caused and any impairment losses suffered because of its investments and loans receivables. Therefore, considering the long term perspective, the directors consider the probability of default to be close to zero as the subsidiary has huge prospect and has strong capacity to meet their contractual obligations and have not defaulted in the past. As a result, no loss allowance has been recognised based on 12-month ECL under Stage 1 of the ECL model.

(ii) The credit risk for the bank balance is considered negligible, since the counterparty is a reputable bank with high quality external credit ratings.

(iii) The carrying amounts disclosed above are the Company's maximum possible credit risk exposure in relation to these instruments.

(iv) None of the Company's financial assets are secured by collateral or other credit enhancements. The borrowings taken are secured against an Unconditional and Irrevocable Corporate Guarantee from Mahindra Holidays & Resorts India Limited, the parent company.

5.3 Liquidity risk analysis

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of financial liabilities, including interest payments:

	2021		2020	
	Less than 1 year	**More than 1 year**	Less than 1 year	More than 1 year
	EUR	**EUR**	EUR	EUR

6. FAIR VALUE MEASUREMENT

6.1 Fair value measurement of financial instruments

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: unobservable inputs for the asset or liability.

The following table shows the Levels within which the hierarchy of financial liabilities measured at fair value on a recurring basis at March 31, 2021 and March 31, 2020:

March 31, 2021	**Level 1**	**Level 2**	**Level 3**	**Total**
	EUR	**EUR**	**EUR**	**EUR**
Liabilities				
Interest rate swaps	–	–	–	–

March 31, 2020	Level 1	Level 2	Level 3	Total
	EUR	EUR	EUR	EUR
Liabilities				
Interest rate swaps	–	132,559	–	132,559

There has been no transfer from Level 1 and Level 2 in 2021 and 2020.

The fair value of financial instruments that are not traded in an active market (interest rate swap derivative) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves.

The Company's other financial assets and liabilities are measured at their carrying amounts, which approximate their fair values.

6.2 Fair value measurement of non-financial instruments

The Company's non-financial assets consist of investments in subsidiary and prepayments for which fair value measurement is not applicable since these are not measured at fair value on a recurring or non-recurring basis in the statement of financial position. At the reporting date, the Company did not have any non-financial liabilities.

7. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns to its member.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to its member, buy back shares or issue new shares.

The Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. For the year ended March 31, 2021 and March 31, 2020, the Company was fully geared since it relies on external borrowings to finance its operations.

8. TAXATION

(i) Income tax

The Company holds a Global Business Licence for the purpose of the Financial Services Act 2007 of Mauritius. Pursuant to the enactment of the Finance Act 2018, with effect as from January 1, 2019, the deemed tax credit has been phased out, through the implementation of a new tax regime. Companies which had obtained their Global Business Licence on or before October 16, 2017, including the Company, have been grandfathered and would benefit from the deemed tax credit regime up to June 30, 2021.

Accordingly, the Company is entitled to a foreign tax credit equivalent to the higher of the actual foreign tax suffered or 80% of the Mauritian tax ("Deemed tax credit") on its foreign source income resulting in an effective tax rate on net income of up to 3%, up to June 30, 2021. Further, the Company is exempted from income tax in Mauritius on profits or gains arising from sale of securities. In addition, there is no withholding tax payable in Mauritius in respect of payments of dividends to Shareholders or in respect of redemptions or exchanges of shares.

Post June 30, 2021 and under the new tax regime and subject to meeting the necessary substance requirements as required under the Financial Services Act 2007 (as amended by the Finance Act 2018) and such guidelines issued by the Financial Services Commission, the Company would be entitled to either (a) a foreign tax credit equivalent to the actual foreign tax suffered on its foreign income against the Company's tax liability computed at 15% on such income, or (b) a partial exemption of 80% of some of the income derived, including but not limited to foreign source dividends or interest income.

At March 31, 2021, the Company has accumulated tax losses of **EUR 1,240,267** (2020: EUR 858,177) which will be carried forward and available for set off against future taxable profit as follows:

	EUR
Up to the year ending March 31, 2022	**205,769**
Up to the year ending March 31, 2023	**127,557**
Up to the year ending March 31, 2024	**114,101**
Up to the year ending March 31, 2025	**165,327**
Up to the year ending March 31, 2026	**627,513**
	1,240,267

(ii) Deferred tax

Deferred income tax is calculated on all temporary differences under the liability method at the rate of 3%. At March 31, 2021, no deferred tax has been recognised in respect of the tax losses carried forward as it is not probable that taxable profit will be available in the foreseeable future.

(iii) Income tax reconciliation

The income tax on the Company's loss before tax differs from the theoretical amount that would arise using the effective tax rate of the Company as follows:

	2021	2020
	EUR	EUR
(Loss) before tax	**(875,653)**	(811,779)
Tax calculated at the rate of 3%	**(26,270)**	(24,353)
Non-allowable expenses	**18,825**	23,126
Items outside scope of taxation	**(3,977)**	(3,732)
Deferred tax asset not recognised	**11,422**	4,959
Tax expense	**–**	–

9. INVESTMENTS IN SUBSIDIARY

	2021	2020
	EUR	EUR
(i) Unquoted investments at cost:		
At 01 April and 31 March	**23,182,500**	23,182,500

(ii) Details pertaining to the unquoted investments are as follows:

Name of investee company	Country of incorporation	Type of investments	Number of shares	Cost 2021	Cost 2020
				EUR	EUR
Covington S.à.r.l	Luxembourg	Equity	12,500	**17,500**	17,500
Covington S.à.r.l	Luxembourg	Non-equity	–	**23,165,000**	23,165,000
			12,500	**23,182,500**	23,182,500

(iii) Pursuant to a Share Sale and Purchase Agreement dated July 17, 2014 between the Company (the "Purchaser") and D.LAW (the "Seller"), the Company purchased 12,500 shares without nominal value corresponding to 100% of the share capital of Covington S.à.r.l, a private limited company incorporated in Luxembourg, from the Seller for a total consideration of EUR 17,500.

(iv) Pursuant to Contribution Agreements dated July 31, 2014, November 10, 2014 and August 18, 2015 between the Company and Covington S.à.r.l (the "Receiver"), the Company contributed EUR 3,165,000, EUR 4,000,000 and EUR 16,000,000 respectively to the Receiver.

(v) The directors have assessed the recoverable amount of the investments (equity and non-equity) taking into consideration the current situation of the impact of COVID-19. The directors confirmed that the carrying amount of these investments have not suffered any impairment in value as at the reporting date due to COVID-19 since the investments were made with a view of having long term appreciation and returns. The directors are of the opinion that the subsidiary has huge prospect in the future.

(vi) The Company has 100% shareholding in Covington S.à.r.l and is therefore considered as the Company's subsidiary since it has control over the subsidiary through its 100% voting rights. The Company holds a Global Business Licence issued by the Financial Services Commission and has therefore taken advantage of Section 12 of Part 1 of the Fourteenth Schedule of the Mauritius Companies Act 2001 which dispenses it from presenting consolidated financial statements as it is a wholly owned subsidiary of a company incorporated in the Republic of India.

(vii) The non-equity investment in Covington S.à.r.l represents funds invested as "capital contribution" and settlement is not likely within one year. Repayment would be agreed between the Company and its investee company.

10. FINANCE INCOME AND FINANCE COSTS

	2021	2020
	EUR	EUR
10.1 Finance income		
Net fair value adjustment - Derivative financial instruments (Note 13)	**132,558**	124,400

Interest receivable	**400,059**	593,864
	17,100,059	17,413,864
Total	**48,779,386**	44,446,657

(i) The movement during the year on the loans is as follows:

	2021	2020
	EUR	EUR
Opening balance	**44,446,657**	35,490,855
Loans given during the year	**3,500,000**	9,000,000
Interest income for the year	**1,140,530**	955,802
Interest received during the year	**(307,801)**	(1,000,000)
Closing balance	**48,779,386**	44,446,657

(ii) Pursuant to board minutes and Loan Agreement dated August 21, 2020, the Company has disbursed an additional amount of EUR 3,500,000 to its subsidiary, Covington S.à.r.l, a private limited company incorporated in Luxembourg, to be used in the ordinary course of business. The loan amount carries an interest rated fixed at 2.20% per annum which is repayable along with the principal upon maturity. The loan is unsecured and has a term of 3 years which is extendable at the consent of the Company.

(iii) The loans amounting to EUR 16,700,000 granted on August 28, 2015 and September 10, 2015, which were receivable by August 28, 2019 were further extended for a period of additional two years pursuant to board meeting dated March 24, 2020. The interest rate has not changed subsequent to the extension period. During the year under review, the loan amount has been reclassified to current assets in these financial statements.

(iv) Loans amounting to EUR 3,500,000, EUR 100,000, EUR 1,750,000, EUR 3,000,000 and EUR 6,000,000 granted in prior financial years which were receivable during the financial year ended March 31, 2021 have been renewed for an additional period of two years pursuant to Addendum to Loan Agreement dated April 12, 2021. The loans have been classified as non-current assets in these financial statements.

(v) In addition, loan amounting to EUR 2,470,000 granted to the subsidiary in the financial year ended March 31, 2019 has been renewed for an additional period of 3 years pursuant to Addendum to Loan Agreement dated April 12, 2021. This loan has been classified as non-current asset in these financial statements.

During the year ended March 31, 2020, the Company granted additional loans to its subsidiary amounting to EUR 6,500,000 and EUR 2,500,000 on November 05, 2019 and March 24, 2020 based on board minutes dated October 31, 2019 and March 24, 2020 respectively. Both loans bear interest rate of 2.20% and receivable in 3 years' time.

The loan amounting to EUR 1,100,000 granted on April 07, 2017, which was receivable by April 03, 2020 was further extended for a period of additional three years pursuant to board meeting dated March 24, 2020. The interest rate has remained unchanged subsequent to the extension period.

(vi) The directors have taken into consideration both historical analysis and forward-looking information in determining any ECL. The directors acknowledge the current outbreak of COVID-19 and its adverse economic impact on the countries, industries and markets in which the subsidiary operates. However, the directors believe that the COVID-19 will not have a long term impact on the subsidiary and consequently, the directors consider the probability of default to be close to zero as the subsidiary has a strong capacity to meet the contractual obligations in the near term and have not defaulted in the past. As a result, no loss allowance has been recognised based on 12-month ECL under Stage 1 of the ECL model.

12 BORROWINGS

(ii) Bank loans

HSBC Bank (Mauritius) Limited

Loan of EUR 6,850,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on July 31, 2014 whereby the loan was repayable on August 04, 2019. The loan had interest rate at Fixed EUR Interest Rate Swap ("IRS") 5 year plus a margin of 2.75% per annum on fixed basis. The all-inclusive rate of interest was initially fixed at 3.45%. Pursuant to board minutes dated August 02, 2019, the loan extension period has been revised to August 04, 2022 and the margin rate has been modified to 1.10% per annum. Interest accrued on the loan outstanding at the reporting date amounted to EUR 10,827.

Loan of EUR 5,000,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on September 28, 2018 whereby the loan is repayable within 1 year from the date of each drawdown + rollover basis for 1 year tenure. The loan bears interest at EURIBOR 3 months plus a margin of 1.35% per annum on fixed basis. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility.

In the prior financial years, an amount of EUR 3,600,000 was disbursed out of the EUR 5,000,000 Revolving Credit Facility entered into by Company on September 28, 2018 . In the financial year ended March 31, 2020, an additional disbursement of EUR 700,000 was made. During the current financial year, an amount of EUR 700,000 was granted to the Company out of the Revolving Credit Facility. Interest accrued on the loan outstanding amount at the reporting date amounted to EUR 29,041.

With the additional disbursement made during the financial year ended March 31, 2021, the loan sanction amount of EUR 5,000,000 has been fully utilised by the Company.

Loan of EUR 10,000,000

The Company (the "Borrower") entered into a Term Loan Credit Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on October 29, 2019 for a loan of EUR 10,000,000 and repayable in 2.99 years. As at March 31, 2020, an amount of EUR 6,500,000 was disbursed. The loan bears interest at EURIBOR plus a margin of 1.10% per annum. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The interest is payable at the end of every 3 or 6 months and interest accrued on the loan outstanding at the reporting date amounted to EUR 29,832.

During the year ended March 31, 2021, an additional loan of EUR 3,500,000 was disbursed to the Company out of the Term Loan Credit Facility Agreement of EUR 10,000,000. The additional amount was disbursed at the same conditions prevailing for the first tranche. The interest accrued on the loan EUR 3,500,000 outstanding at the reporting date amounted to EUR 3,471.

Subsequent to the second tranche of disbursement, the loan sanction amount of EUR 10,000,000 has been fully utilised by the Company.

Loan of EUR 2,500,000

The Company (the "Borrower") entered into a Facility Agreement with HSBC Bank (Mauritius) Limited ("the Lender") on March 24, 2020 for a loan of EUR 2,500,000 and repayable in 1.99 years. The loan payable has been classified as current liabilities in these financial statements. The loan bears interest at EURIBOR plus a margin of 1.20% per annum. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. The interest is payable at the end of every 3 or 6 months and interest accrued on the loan outstanding at the reporting date amounted to EUR 417.

AXIS BANK LIMITED

Loans of EUR 47,000,000 and EUR 4,750,000

The Company (the "Borrower") entered into a Facility Agreement dated June 23, 2017 with AXIS BANK LIMITED (the "Lender") to borrow EUR 4,750,000 and repayable in 60 months. The loan carries interest at EURIBOR 3-6 months plus Margin of 1.5% per annum. This loan is split into (a) Stand by Letter of Credit ("SBLC") of a maximum amount of EUR 1,680,000 issued by the Company as security against loans borrowed by Holiday Club Resorts Oy ("HCR") from third parties; and (b) the remaining amount of EUR 3,070,000 is governed by the terms and conditions of the Facility Agreement. In the prior financial years, the Company received a total amount of EUR 3,070,000 (EUR 600,000 drawn on February 7, 2018 and EUR 2,470,000 drawn on July 16, 2018).

The Company (the "Borrower") entered into a Facility Agreement dated August 27, 2015 with AXIS BANK LIMITED (the "Lender") to borrow a loan of EUR 47,000,000 which carries interest at EURIBOR 3-6 months plus Margin of 1.50% per annum. The loan was acquired for the purpose of acquiring additional stake in HCR and to refinance the existing debt raised for acquisition of 23% stake in HCR.

During the financial year ended March 31, 2021, the loans payable to AXIS BANK LIMITED amounting to a total of EUR 50,467,998 (inclusive of interest) was repaid by the Company through a loan taken from ICICI Bank Limited (see Note below).

ICICI Bank Limited

Pursuant to board minutes and Credit Agreement Letter dated August 21, 2020 and August 25, 2020 respectively, the Company has been sanctioned a Foreign Currency Term Loan facility of EUR 55,000,000 by ICICI Bank Limited. The holding company, Mahindra Holidays & Resorts India Limited stands as guarantor for the loan with the Bank. The loan amount is repayable after a period of 4 years with the possibility to prepay after 3 years without any penalty.

The loan carries interest at EURIBOR 6 months plus a margin of 2.50%. It is agreed that if EURIBOR is negative, it would be deemed to be zero for the purpose of this facility. An upfront processing fee of 1.20% of disbursed amount is to be incurred by the Company as per the Credit Agreement Letter.

ICICI Bank Limited remitted the loan in two tranches. The first tranche was disbursed on August 28, 2020 amounting to EUR 47,606,275 out of which, EUR 47,000,000 was remitted directly to AXIS BANK LIMITED, EUR 30,000 to the Company and EUR 576,275 to ICICI Bank Limited in regard to processing fee.

The second tranche was disbursed on September 29, 2020 amounting to EUR 3,107,287 out of which, EUR 3,070,000 was remitted to AXIS BANK LIMITED and EUR 37,287 to ICICI Bank Limited in regard to processing fee.

The above loans are secured against an Unconditional and Irrevocable Corporate Guarantee from Mahindra Holidays & Resorts India Limited (the "Guarantor"). In that respect, an annual commission of 0.53% on the Corporate Guarantee should be paid to the Guarantor until the loans are fully repaid. During the year ended March 31, 2021, an amount of EUR 380,699 (2020: EUR 363,750) was charged as commission and an amount of EUR 1,856,384 (2020: EUR 1,475,685) remains payable as at March 31, 2021.

Since HCR was also benefiting from the loans borrowed by the Company in terms of the pledge provided, the latter therefore paid an annual commission to the Company which was then partly remitted to the Guarantor. However, during the year under review, an amount of EUR Nil (2020: EUR 35,416) was charged as commission and an amount of EUR Nil (2020: EUR Nil) is receivable as at March 31, 2021 since the loans have been fully repaid.

In the prior financial year, the Company had refunded an amount of EUR 100,602 to HCR representing excess guarantee commission charged in prior financial years.

(iii) The Company borrowed a loan amounting to EUR 250,000 from Mahindra Holidays & Resorts India Limited ("MHRIL"), the immediate holding company, bearing interest of 2.2% per annum and repayable on demand.

(iv) The Company entered into interest rate swap arrangements in respect of its borrowings from HSBC Bank (Mauritius) Limited and AXIS BANK LIMITED. During the year, a loss of EUR 123,225 (2020: EUR 256,379) was incurred on the swap arrangements.

13. DERIVATIVE FINANCIAL INSTRUMENTS

	2021	2020
	EUR	EUR
Current		
Interest rate swaps	**–**	132,558

The Company had entered into interest rate swap agreements to manage interest rate risk exposures.

The interest rate swap effectively modified the Company's exposure to interest rate risk by converting the Company's floating rate debt to a fixed rate basis for the entire term of the debt, thus reducing the impact of interest rate changes on future interest expense. This agreement involved the receipt of floating rate amounts in exchange for fixed rate interest payments over the life of the agreement without an exchange of the underlying principal amount.

During the year under review, the swap agreement entered with AXIS BANK LIMITED has reached it maturity and the loan has been fully repaid. Consequently, the notional principal amount of the outstanding interest rate swap at March 31, 2021 was EUR Nil.

The fixed interest rate and fair value as at March 31, 2021 based on the interest rate swap are as follows:

Details	**Notional amount**	**Fixed interest rate**	**Start date**	**Maturity date**	**Fair value 2021**	Fair value 2020
	EUR	**%**			**EUR**	EUR
AXIS BANK LIMITED	41,550,000	0.2526	December 22, 2015, January 03, 2017 and April 07, 2017	August 28, 2020	–	132,558

During the year under review, an amount of EUR 123,225 (2020: EUR 256,379) (Note 10.2) was recognised in the statement of comprehensive income representing loss relating to interest rate swaps of the borrowings from variable interest rates to the fixed interest rate. The net fair value movement on the derivative financial instruments amounted to EUR 132,558 (2020: EUR 124,400) (Note 10.1) during the year under review.

14. PREPAYMENTS

	2021	2020
	EUR	EUR
Prepayments	**2,403**	2,450

15. PROFESSIONAL FEES

	2021	2020
	EUR	EUR
Administration fees and disbursements	**62,771**	45,477
Directors' fees	**3,071**	3,679

	EUR	EUR
Issued and paid:		
145,000 Ordinary shares of EUR 1 each	**145,000**	145,000

In accordance with the Company's Constitution, the main rights and obligations attached to the ordinary shares are as follows:

- confer to its holder the rights to attend and exercise one vote at meetings of members generally and class meetings of the ordinary shares;
- have a right to receive any dividend or distribution; and
- be entitled, on a winding up, to share in the assets of the Company available for distribution.

20. RELATED PARTY TRANSACTIONS

During the year ended March 31, 2021, the Company had transactions with related parties. The nature, volume of transactions and balances with the related parties are as follows:

Name of companies	Nature of relationship	Nature of transactions	Volume of transactions	Debit/ (credit) balances at March 31, 2021	Debit/ (credit) balances at March 31, 2020
			EUR	**EUR**	EUR
Covington S.à.r.l. (Note 11 (i))	Subsidiary	Loans	**4,332,729**	**48,779,386**	44,446,657
Mahindra Holidays & Resorts India Limited (Note 12(iii))	Holding company	Loan	–	**(250,000)**	(250,000)
Mahindra Holidays & Resorts India Limited (Note 12(iii))	Holding company	Interest payable	**5,499**	**(79,703)**	(74,204)
Mahindra Holidays & Resorts India Limited (Note 12(ii))	Holding company	Commission on Corporate Guarantee	**380,699**	**(1,856,384)**	(1,475,685)

The terms and conditions of the loans and payable to holding company are as disclosed in the notes to the financial statements.

21. CONTINGENT LIABILITIES

The Company has no litigation claims outstanding, pending or threatened against it, which could have a material adverse effect on the Company's financial position or results as at March 31, 2021.

22. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared on the going concern basis which assumes that the Company will continue in operational existence for the foreseeable future. The validity of this assumption depends on the continued financial support of the shareholder.

The Company's accumulated losses have increased over the years to reach EUR 5,098,220 as at March 31, 2021 (March 31, 2020: EUR 4,222,567) and has also a net liability position of EUR 4,953,220 (March 31, 2020: EUR 4,077,567). The directors are of the opinion that financial support from the shareholder will be forthcoming over the next twelve months. They therefore believe that it is appropriate for the financial statements to be prepared on the going concern basis.

23. HOLDING COMPANIES

The directors consider Mahindra Holidays & Resorts India Limited, a quoted company incorporated in the Republic of India, as the Company's immediate holding company and Mahindra and Mahindra Limited, a quoted company incorporated in the Republic of India, as the Company's ultimate holding company.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

To the Annual General Meeting of Covington S.a.r.l.

Opinion

We have audited the annual accounts of Covington S.à.r.l. (the "Company"), which comprise the balance sheet as at March 31, 2021, and the profit and loss account for the year then ended, and notes to the annual accounts, including a summary of significant accounting policies.

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of the Company as at March 31, 2021 and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

Basis for opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession ("Law of July 23, 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the Law of July 23, 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the *"Responsibilities of "réviseur d'entreprises agréé" for the audit of the annual accounts"* section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Managers for the annual accounts

The Board of Managers is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Managers determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Managers is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Managers either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the réviseur d'entreprises agréé for the audit of the annual accounts

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Managers.
- Conclude on the appropriateness of the Board of Managers' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE ANNUAL ACCOUNTS

Note 1 - General information

Covington S.à r.l., hereinafter the "Company", was incorporated on November 27, 2013 as a "société à responsabilité limitée" for an unlimited period. The Company is organised under the laws of Luxembourg, in particular the law of August 10, 1915 on commercial companies, as amended.

The registered office of the Company is established in Luxembourg City and is registered at the Trade and Companies register in Luxembourg under the number B 182 265.

The financial year of the Company starts on April 1 and ends on March 31 of each year.

Based on the criteria defined by article 1711-7 of the Luxembourg law, the Company is exempt from the obligation to draw up consolidated accounts and a consolidation management report for the year ended March 31, 2021.

The Company is included in the consolidated accounts of Mahindra Holidays & Resorts India Limited, forming the smallest and largest body of undertakings of which the Company forms a part as direct subsidiary undertakings. The registered office of that company is located at Mahindra Towers, 2nd floor, 17/18 Patullos Road, Chennai - 600 002 and the consolidated financial statements are available at the registered adress.

The object of the Company is the acquisition of ownership interests, in Luxembourg or abroad, in any companies or enterprises in any form whatsoever and the administration, management, control and development of such participations. The Company may in particular acquire by way of subscription, purchase, exchange or in any other manner any stock, shares and/or other participation securities, bonds, debentures, certificates of deposit and/or other debt instruments and more generally any securities and/or financial instruments issued by any public or private entity whatsoever. It may participate in the creation, development, management and control of any company or enterprise. It may further make direct or indirect real estate investments and invest in the acquisition and management of a portfolio of patents or other intellectual property rights of any nature or origin whatsoever.

The Company may borrow in any form, except for borrowing from the public. It may issue notes, bonds, debentures and any other kind of debt and/or equity securities, including but not limited to preferred equity certificates and warrants, whether convertible or not in all cases. The Company may lend funds, including the proceeds of any borrowings and/or issues of debt securities, to its subsidiaries, affiliated companies or to any other company. It may also give guarantees and grant security interests in favour of third parties to secure its obligations or the obligations of its subsidiaries, affiliated companies or any other company. The Company may further mortgage, pledge, transfer, encumber or otherwise hypothecate all or some of its assets.

The Company may generally employ any techniques and utilize any instruments relating to its investments for the purpose of their efficient management, including techniques and instruments designed to protect the Company against creditors, currency fluctuations, interest rate fluctuations and other risks.

The Company may carry out any commercial, financial or industrial operations and any transactions with respect to real estate or movable property, which directly or indirectly, further or relate to its purpose.

Note 2 - Summary of significant accounting policies and valuation rules

Basis of preparation

These annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements under the historical cost convention. Accounting policies and valuation rules are, besides the ones laid down by the amended law of December 19, 2002, (the "Law"), determined and applied by the managers of the Company (the "Board of Managers") in conformity with the going concern basis.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Managers to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Board of Managers believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Although the current liabilities of the Company exceed the current assets as of March 31, 2021, the Board of Managers has prepared these annual accounts on a going concern basis. The Company has received positive indicators from its shareholder acting as creditor that they will not ask for repayment of the principal amount nor of the accrued but unpaid interests if this repayment would trigger an insolvency for the Company and its shareholder will provide a financial support if it is needed. The Board of Managers is not aware of anything that would prevent the Company from continuing as a going concern.

Significant accounting policies and valuation rules

The main accounting and valuation rules applied by the Company are the following:

Financial assets

Shares in affiliated undertakings or participating interests are valued at acquisition cost including the expenses incidental thereto. Loans to these undertakings/investment held as fixed assets and other loans are valued at nominal value.

In the case of durable depreciation in value according to the opinion of the Board of the Managers, value adjustments are made in respect of financial fixed assets, so that they are valued at the lower figure to be attributed to them at the balance sheet date. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

Debtors

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

Creditors

Creditors are stated at their reimbursement value.

Current tax liability

The tax liability estimated by the Company for the financial years for which the tax assessments have not yet been received are recorded under the caption "Tax authorities". The advance payments are shown in the assets of the balance sheet under the caption "Other Debtors", if applicable.

Foreign currency translation

The Company maintains its accounting records in Euro (EUR) and the balance sheet and the profit and loss accounts are expressed in this currency.

Transactions expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction.

Formation expenses and long term non-monetary assets expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. At the balance sheet date, these assets remain converted using the exchange rate at the time of the transaction (the "historical exchange rate").

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange losses and gains are recorded in the profit and loss account of the year.

In accordance with prudence principles found within generally accepted accounting principles in Luxembourg ("Lux Gaap"), other assets are translated separately, at the lower of the value converted using the historical exchange rate and the value converted using the exchange rate at the balance sheet date. Conversely, other liabilities are translated separately, at the higher of the value converted using the historical exchange rate and the exchange rate at the balance sheet date. Consequently, both realised and unrealised exchange losses are recorded in the profit and loss account while exchange gains are recorded in the profit and loss account when realised only.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the net unrealised losses are recorded in the profit and loss account while the net unrealised gains are not recognised.

Comparative figures

Certain comparative figures of the profit and loss account for the financial year ended March 31, 2020 have been restated to align with the current year presentation, with no effect on results of the financial year ended March 31, 2020 which remain unchanged.

Note 3 - Financial assets

a) The movements for the year are as follows:

	Shares in affiliated undertakings 2021 EUR	**Total 2021 EUR**	Total 2020 EUR
Gross book value - opening balance	**67,853,012.21**	**67,853,012.21**	65,879,136.21

Net book value - opening balance	**67,853,012.21**	**67,853,012.21**	65,879,136.21

Mahindra Holidays & Resorts India Ltd. (MHRIL) and certain management employees, shareholders of Holiday Club Resorts Oy (HCRO), had executed an Option agreement in September 2015. Subsequently the option agreement was assigned to the Company.

On January 11, 2017, the Company purchased 249,542 shares in HCRO, at the total price of EUR 4,366,985.00. Transfer tax of 1.60% related to the purchase of the above shares is also capitalised.

On March 21, 2017, the Company exercised the options to buy 127,160 shares in HCRO (110,260 shares for EUR 1,929,550.00 and 16,900 shares for EUR 228,150.00). The effective date of the transfer of the shareholding only occurred on April 11, 2017 whereby the direct shareholding of the Company in HCRO increased to 90,92%. This, combined with the indirect shareholding of 4.24%, amounts to a 95.16% holding in HCRO. Transfer tax of 1.60% related to the purchase of the above shares is also capitalised.

On August 20, 2018, the Company exercised the options to buy the remaining 26,310 shares under Option Agreement for a total amount of EUR 829,291.20 (EUR 31.52 per share) and 18,500 shares covered under HCR Agreement for a total amount of EUR 468,605.00 (EUR 25.33 per share). Transfer tax of 1.60% related to the purchase of above shares is also capitalised.

On November 12, 2018, the Company converted a part of its loans with HCRO into 200,000 new shares at the subscription price of EUR 15.00 per share for a total amount of EUR 3,000,000.00 whereby the direct shareholding of the Company in HCRO increased to 92.44%. This combined with the indirect shareholding of 4.04%, amounts to a 96.48%.

On March 31, 2020, the Company purchased 146,213 shares in HCRO at the subscription price of EUR 13.50 per share for a total amount of EUR 1,973,876.00 whereby the direct shareholding of the Company in HCRO increased to 95.96%. This combined with the indirect shareholding of 4.04%, amounts to a 100.00%. Transfer tax of 1.60% related to the purchase of the above shares is also capitalised.

On June 8, 2020, the Company paid transfer tax of EUR 31,582.02 pertaining to shares acquired on March 31, 2020

b) Undertakings in which the Company holds at least 20% interests in their share capital as at March 31, 2021 are as follows:

Undertaking's name	**Registered office**	**Percentage of holding**	**Last balance sheet date**	**Net equity at the last balance sheet date (EUR)**	**Result for the last financial year (EUR)**	**Net book value 2021 EUR**	Net book value 2020 EUR
Holiday Club Resorts Oy	Finland	95,96%	March 31, 2021	51,667,783.00	(11,396,534.00)	**64,084,712.84**	64,053,130.82
HCR Management Oy	Finland	100.00%	March 31, 2021	2,267,195.00	(1,073.00)	**3,799,881.39**	3,799,881.39
Total						**67,884,594.23**	67,853,012.21

As at the end of the financial year, the Managers estimated that the financial assets do not present any durable loss in value.

Based on the assessment performed the management of the Company believes that there are no indicators of durable value adjustment regarding shares in affiliated undertakings.

Note 4 - Debtors

This caption is detailed as follows:

	Within one year	**After one year and within five years**	**Total 2021 EUR**	Total 2020 EUR

Loans to Holiday Club Resorts OY - Principal (*)	3,151,337.45	–	**3,151,337.45**	3,151,337.45
Loans to Holiday Club Resorts OY - Accrued interest	122,216.76	–	**122,216.76**	52,433.32
Other debtors :				
Net Wealth tax - Advances	–	–	**–**	6,018.75
Total	**3,273,554.21**	**–**	**3,273,554.21**	3,209,789.52

(*) On September 1, 2017, the Company agreed to lend to Holiday Club Resorts Oy the sum of EUR 2,000,000.00 which bears interest at a nominal rate of 2.50% per annum. The tenure of the loan is one year, extendable with the consent of the Company. On August 20, 2018, EUR 1,318,662.55 has been repaid. On November 12, 2018, the remaining amount of EUR 681,337.45 together with the EUR 2,318,662.55 out of the remaining loan of EUR 2,470,000.00 from the second loan (below) has been converted into 200,000 new shares at the subscription price of EUR 15.00 per share for a total value of EUR 3,000,000.00.

On July 17, 2018, the Company entered into a second loan agreement with Holiday Club Resorts Oy for an amount up to EUR 3,000,000.00 with an interest rate of 2.50%. On July 23, 2018, the Company paid out an amount of EUR 2,470,000.00 to Holiday Club Resorts Oy. As stated above, on November 12, 2018, EUR 2,318,662.55 of the loan have been converted into equity. The initial maturity date of this loan was July 13, 2019 and has been extended for two additional years. On March 31, 2021, the outstanding amount of this loan is EUR 151,337.45 and the accrued interest amount to EUR 6,626.15.

On October 5, 2018, the Company entered into a third loan agreement of EUR 3,000,000.00 with Holiday Club Resorts Oy with an interest rate of 2.20% per annum. The initial maturity date of this loan was October 4, 2019 and has been extended for two additional years. On March 31, 2021, the accrued interest amount to EUR 115,590.61.

Note 5 - Capital and reserves

Subscribed capital and share premium (and similar premiums)

Note 11 - Taxation

The Company is subject to the general tax regulation applicable to all Luxembourg commercial companies.

Note 12 - Staff

The company did not employ any staff during the financial year ended March 31, 2021 (2020: Nil).

Note 13 - Emoluments granted to the members of the management and supervisory bodies and commitments in respect of retirement pensions for former members of those bodies

The Company did not grant any emoluments and has no commitments in respect of retirement pensions to members of its management during the financial year ended March 31, 2021 (2020: EUR Nil).

During the financial year, the Company incurred directors' fees amounting to EUR 2,425.00 (2020: EUR 6,062.50).

Note 14 - Advances and loans granted to the members of the management and supervisory bodies

The Company did not grant any advances or loans to members of the management during the financial period ended March 31, 2021 (2020: Nil).

Note 15 - Off balance sheet commitments and contingencies

The Company does not have any off balance sheet commitments or contingencies at the end of the financial year.

Note 16 - Subsequent events

The affiliated undertakings' financial position has weakened due to the sudden drop in demand due to the Covid-19 situation. Cash and cash equivalents position remains strong but will deteriorate rapidly as the situation continues. The management is finding out the most suitable additional financing methods to secure the situation if needed. Although Covid-19 has posed short-term challenges to the affiliated undertakings' operations, demand for their products and services is expected to develop positively in the longer term which we could see in the FY 20-21 for six months when things slowed down the demand had increased. In order to alleviate the situation with Covid-19, the management believes that it is strongly positioned to offer its services in the presumably growing domestic travel market.

The company's operations have not been materially impacted by the Covid-19 pandemic and business continuity can be ensured.

However, and whilst it is too early to assess the future impact precisely, the current environment may lead to have an impact on the value of the participation in the next financial year.

AUDITOR'S REPORT

To the Annual General Meeting of HCR Management Oy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HCR Management Oy (business identity code 2277650-4) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement, cash flow statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Reporting Requirements

Other Information

The Board of Directors is responsible for the other information. The other information comprises the report of the Board of Directors. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Our responsibility also includes considering whether the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

If, based on the work we have performed, we conclude that there is a material misstatement of the report of the Board of Directors, we are required to report that fact. We have nothing to report in this regard.

REDEMPTION CLAUSE IN ACCORDANCE WITH THE ARTICLES OF ASSOCIATION

A shareholder and the company have the right to redeem a share transferred from another owner, other than the company, to another. The primary right of redemption belongs to the shareholder. If more than one shareholder wants to use redemption right, the shares will be distributed among those willing to redeem them in proportion to the shares. If the distribution of shares does not go evenly, the remaining shares will be distributed among those wishing to redeem by lot. The company has the right of redemption if none of the shareholders redeems the transferable shares. In other respects, the provisions of the Companies Act apply to redemption.

AUDITOR'S REPORT

To the Annual General Meeting of Holiday Club Resorts Oy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Holiday Club Resorts Oy (business identity code 2033337-1) for the year ended March 31, 2021. The financial statements comprise the balance sheets, the income statements, cash flow statements and notes for the group as well as for the parent company.

In our opinion, the financial statements give a true and fair view of the group's and the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the parent company and of the group companies in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the parent company's and the group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the parent company or the group or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the parent company's or the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the parent company's or the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Reporting Requirements

Other Information

The Board of Directors and the Managing Director are responsible for the other information. The other information comprises the report of the Board of Directors. Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Our responsibility also includes considering whether the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in accordance with the applicable laws and regulations.

If, based on the work we have performed, we conclude that there is a material misstatement of the report of the Board of Directors, we are required to report that fact. We have nothing to report in this regard.

Other statements based on law

It is our responsibility to issue a statement on matters required by the Act on support for job retention and re-employment and compensation for the restriction of activities for companies in the food and beverage service sector (403/2020 section 3:7.7 §) based on our audit.

The Board of Directors and the Managing Director are responsible for including necessary notes to the financial statements in order to confirm that the actual restriction prescribed by section 3:7.6 § of the law is fulfilled.

Our statement is that the actual restriction is fulfilled as presented in note Accounting principles for the consolidated financial statements – Support received to the financial statements.

ACCOUNTING PRINCIPLES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Basic information of the Group

The Group's main branch of business is to sell and rent the timeshare weeks and Villas apartments constructed by the Group. The Group also operates in the Spa hotel business. Group has activities in four countries: Finland, Sweden, Spain and Russia.

Holiday Club Resorts Oy is a parent company for the Group, having its registered domicile in Helsinki at Hitsaajankatu 22, 00810 Helsinki.

Holiday Club Resorts Oy is a subsidiary of Covington S.a.r.l. The Company's registered domicile is in Luxembourg. Covington S.a.r.l owns 100% of the company's shares (4.04% of ownership coming through HCR Management Oy). Covington S.a.r.l is a subsidiary of MHR Holdings (Mauritius) Limited and in turn Mahindra Holidays & Resorts India Limited (domicile in India) and in turn subsidiary of the ultimate holding company Mahindra & Mahindra Limited (domicile in India).

Consolidation principles

Intragroup ownership

Subsidiaries are consolidated using the acquisition method. The subsidiaries' acquisition cost and the corresponding share of the difference in shareholder's equity has been allocated partly to fixed assets, partially presented as goodwill and as group reserve. The acquired subsidiaries are consolidated from the moment the control has been obtained and divested subsidiaries until the day that the control has ceased to exist.

The consolidated financial statements include the parent company, Holiday Club Resorts Oy and all the subsidiaries in which it holds, directly or indirectly, over 50% of the voting rights or over which it otherwise has control. This does not include timeshare and Villas apartment companies as they are represented in the current assets. Also, according to the Finnish Accounting Act's chapter six, companies which do not have a material impact on the group's result and financial position, have been left out of the consolidated financial statements.

Intra-group transactions, unrealized internal margin, receivables, liabilities and dividends between group companies are eliminated in consolidation.

The subsidiaries' financial statements are prepared in correspondence of the accounting principles used by the group.

Associated companies and joint ventures

Associated companies and joint ventures are consolidated using the equity method in accordance with the instructions of the Finnish Accounting Board. The group's share of the results of the associated companies are shown under other operating income.

All timeshare and Villas apartment companies, including the ones of which the group owns more than 20%, are presented in the current assets as they are actively traded.

Minority Share

The minority shares have been separated from Group's equity and financial year profit.

Foreign Currency Translation

Transactions in foreign currencies

Items in the subsidiaries' financial statements are valued in the currency, which is used in each subsidiary's main operating environment (functional currency). The consolidated financial statements are presented in euros, which is the functional and presentation currency of the group. Assets and liabilities are translated into euros at the closing rate of the balance sheet date. Exchange differences resulting from sales and purchases are recorded as adjustments to the corresponding items above the operating profit. At the company level, exchange gains from foreign currency denominated loans are presented in the accrued expenses according to the principle of prudence. Exchange losses are recognized through profit and loss. At the group level, exchange gains and losses are recognized in equity as retained earnings.

Foreign subsidiaries

Foreign subsidiaries' income statements are translated into euros using the average exchange rates for the period. All balance sheet items, except profit for the period, are translated into euros using the closing exchange rates. The translation differences arising from the translation of income statement and balance sheet at different exchange rates and from eliminating the foreign subsidiaries equity is recognized in the group's equity. When a subsidiary is divested entirely or partially, the cumulative translation difference is recognized in the income statement as a part of the gain or loss from the sale.

Valuation and depreciation of non-current assets

Non-current assets

Goodwill

Goodwill represents the excess of the acquisition cost and the acquired company's net assets at the fair value at the date of the acquisition. Goodwill is allocated to cash-generating units, if such can be designated. As a main rule, goodwill is amortized and if the expected future operating cash flow is lower than the carrying amount of the goodwill, an impairment loss is recognized as an expense in the income statement.

Other intangible assets

Intangible assets are recorded in the balance sheet at their original acquisition cost, if the cost can be measured reliably and if it is probable that the expected benefits of the asset will benefit the company. Significant renovations are capitalized and amortized over the remaining useful life of the asset, if it is probable that the future benefits associated with the asset will benefit the company.

Intangible assets mainly include software licenses and renovation investments

Tangible assets

The subsidiaries' tangible assets have been valued in the balance sheet at historical cost less accumulated, straight-line depreciations and possible impairment losses. Land areas are not depreciated.

Residual values and useful lifetimes are reviewed at each balance sheet date and, if necessary, adjusted to reflect the changes of expected economic benefits.

Additional investments are capitalized and depreciated over the remaining useful life of the asset, if it is probable that the future benefits associated with the asset will benefit the company. Capital gains are presented in other operating income and losses under other operating expenses. The interest expenses related to the acquisition of the asset are expensed.

Fixed asset amortization and depreciation periods

The useful lives of the different asset categories are as follows:

Intangible rights	5-10 years
Goodwill and group goodwill	5-10 years
Long-term expenses	5-10 years
Buildings	50-60 years
Other constructions	10 years
Machinery and equipment	5-10 years
Renovations	5-10 years
Other tangible assets	10 years

Investments

Investments have been valued with original acquisition cost less possible impairments in the balance sheet.

Group reserve

The group reserve is allocated, in accordance with the share of ownership, to those assets and liabilities of the subsidiary that the group reserve is considered to derive from. The unallocated portion is recognized in the group's balance sheet as a separate item before liabilities. The group reserve is recognized as income when the corresponding expenditure or loss is recorded as an expense in the income statement of the subsidiary or where it corresponds to a realized return. The unallocated group reserve is recognized as income over time. These procedures are in accordance with the Finnish Accounting Act.

Received grants

Grants received by the company are recorded as other operating income in the income statement during the periods in which the related expenses are incurring. Investment grant for the acquisition of fixed assets is recorded in the balance sheet as accrued expense and recognized in the income statement as revenue over the asset's systematical depreciation period.

Inventory

Inventory is valued at the original acquisition cost or the lower net realizable value. Net realizable value is the estimated selling price less the estimated costs of completion and selling in the ordinary course of business. The cost of finished and unfinished products comprises of raw materials, direct labor costs and other direct costs. The costs of selling and financing are not allocated to the acquisition cost.

Receivables

Receivables are valued at the nominal value or the lower probable value.

Financial assets

The group's cash and cash equivalents consist of cash, bank deposits and other short-term highly liquid investments. Cash and cash equivalents have a maximum maturity of three months from the acquisition date. Financial assets are recognized on the settlement date and derecognized when the group has lost its contractual rights to the cash flows or when it has transferred substantial part of all the risks and rewards of ownership to parties outside the group.

Liabilities

Liabilities are valued at the nominal value. Transaction costs are expensed as incurred.

Deferred tax assets and liabilities

Deferred tax assets and liabilities of the Group are calculated with a current tax rate as temporary differences between taxation and financial statements. Deferred tax assets are recognized at the probable amount in the balance sheet. The deferred tax assets have been booked only to the amount of confirmed tax losses in the local taxation.

Deferred taxes are not recognized in parent company income statement nor balance sheet.

Ordinary repair and maintenance

Ordinary repair and maintenance costs are expensed as they incur.

External services

External services include among other things expenses from rented personnel and expenses from cleaning and laundry services used by the hotel.

Pensions

Payments for defined contribution plans are made to a pension insurance company. Payments made for defined contribution plans are recognized as expenses in the income statement for the financial period to which the debit relates.

Direct taxes

Taxes based on taxable income for the period are calculated on taxable income using the tax rate that is in force in the country in which the particular subsidiary is based. The amount of tax is adjusted for any taxes concerning previous periods.

Revenue recognition

Revenue from services is recognized as income when the service is rendered to the customer. Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer. At that time, the group has no longer any supervision or control power over the good sold.

Rental income from holiday homes and revenue from hotels are recognized when the customer has accommodated. Income from restaurants and from other services related to hotel activities are recognized as revenue when the service is rendered. Rental income from retail premises are recognized on a straight-line basis over the rental period.

Income from Villas apartments and starting end of financial year 2020-2021 also income from Timeshare apartments, is recognized by using the stage of completion method in accordance with the guidelines of the Confederation of Finnish Construction Industries and the Finnish Accounting Board. The percentage of completion is defined based on the percentage of the completion of the construction project and the percentage of the shares sold.

At the closing of the Timeshare deal, the company will record a so-called cancellation provision in case of future cancellation of deals. This is done based on previous experience and statistics on customer behavior. Statutory cancellation time is 14 days from the moment the deal was signed.

Use of estimates and assumptions

The preparation of financial statements requires management to make estimates and assumptions regarding future events. Actual results may differ from these estimates and assumptions. In addition, management must exercise judgment in applying accounting principles. Estimates are based on management's best knowledge at the time. Possible changes in estimates and assumptions are recognized during the period in which the estimates or assumptions are adjusted and in all subsequent financial periods.

The key assumptions and uncertainties concerning the future, which may cause significant changes in the carrying values of assets and liabilities within the next financial year are as follows:

Impairment losses

The group reviews fixed assets and inventory annually and evaluates indications of impairment as set out above in the accounting policies. The deferred tax assets have been booked only to the amount of confirmed tax losses in the local taxation.

Revenue recognition

Timeshare weeks have a 14-day cancellation right stated by the Consumer Protection Act. The cancellation policy is taken into account in profit recognition by taking advantage of the experience and statistics on customer behavior.

Receivables

From uncertain loans and any permanent impairments, the group recognizes a credit loss in accordance with the principle of prudence.

Significant events during the financial year

The Covid-19 pandemic, which began just before the beginning of the financial year, has had a very significant negative impact on the company's business during the current financial year. After a difficult spring, when the disease situation temporarily improved for the summer, the company's business returned to almost normal levels. However, the deterioration that began in the autumn continued throughout the final financial year. The most difficult situation has been in spa hotels and related services, which have also been affected by official restrictions. On the other hand, the rental of holiday apartments has remained at a good level. Sales of holiday shares remained at a reasonably good level given the circumstances but began to weaken in the last quarter of the year as the pandemic continued and due to simultaneous cautious consumer behavior.

The Group's profitability developed in line with net sales and thus suffered significantly from a lack of demand. However, the company reacted immediately to changed situations, adjusting its expenses accordingly. Variable expenses were well adjusted, but the high fixed expenses of the spa business in particular weighed on the result significantly.

Support received

Due to the Covid-19 pandemic, the Group has received various subsidies totaling EUR 1,888,022. The amount includes the compensation received by the parent company Holiday Club Resorts Oy from the state for the restriction period from April 4 to May 31, 2020 amounting to EUR 404,891, as well as re-employment aid of EUR 177,000.

The customer premises of the company's restaurant have been closed during the statutory restriction period from April 4 to May 31, 2020. The compensation received by the company in the amount of EUR 404,891 has been recognized in the income statement for the financial year in other operating income.

The loss of the company's restaurants for the restriction period was EUR 716,417, compared to a profit of EUR 548,523 for the comparison period January-February 2020. The result has thus decreased by EUR 1,264,939. The amount of compensation received from the government (EUR 404,891) does not exceed the statutory maximum amount (EUR 500,000).

The loss for the restriction period and the profit for the comparison period have been determined by applying the principles followed in the preparation of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

Holiday Club Canarias Sales & Marketing company has received claims from time share customers arguing that the contracts are null and void. Total amount of received claims is 6.2 million euros. Claims are related to different interpretations of changing timeshare legislation in Spain. The company has received 134 claims, out of which 80 have a ruling from first instance and 21 also have a ruling from second instance, for the amount of 1.9 million euros. The amount to pay for the rulings can be the money received for the company minus the enjoyment of the weeks or a bigger amount. All the rulings been appealed and are expected to get a favourable outcome for the contracts signed after July 2012, which constitute the majority. Based on these rulings the company has made a provision that is estimated to cover possible future liabilities.

Secured loans include covenant terms. The covenant conditions were not met in the financial statements 2021.

According to the funding agreement, a breach of the covenants could lead to a change in the terms of the funding. However, the company has obtained the consent of the creditors not to invoke their right of termination. For this reason, the company may continue to operate in accordance with the going concern principle.

Investing commitments

Holiday Club Resorts Oy has given completion commitments to Fennia in relation to the land areas sold. If the completion commitments are not met, Fennia has the right to cancel the deal. Holiday Club Resorts Oy has guaranteed the land lease payments until apartments have been build on the plots.

Responsibility to review tax deductions related to real estate investments

Holiday Club Resorts Oy and Koy Rauhan Liikekiinteistöt 1 are responsible to annually review VAT deductions made from the real estate investments and from renovation costs made to leased properties. Responsibility is for 10 years after the completion of the investment, in so far as the VAT taxable use of the property decreases during the ten-year period.

Purchase and sales commitments

According to the agreement made between Holiday Club Resorts Oy, Sunborn Oy and Sunborn Saga Oy, Holiday Club Resorts Oy is obliged to sell annually 75 Sunborn timeshares. If Holiday Club Resorts Oy doesn't achieve its yearly target, Holiday Club is obliged to purchase the missing amount of timeshares with a price related to the agreement.

Holiday Club Resorts Oy has committed to purchase back the shares of Kiinteistö Oy Salla Star -named company from the buyer no later than June 5, 2025. The new date was agreed upon on in August 2020.

Holiday Club Resorts Oy has committed to purchase back the shares of the company named Kiinteistö Oy Iso-Ylläksentie 42 from the mutual insurance company Ilmarinen no later than March 31, 2022.

Related to the above mentioned agreement Holiday Club Resorts Oy sold the business operations of Ylläs Saaga to Lapland Hotels Oy in October 2014. The lessor, mutual insurance company Ilmarinen, required that Holiday Club Resorts Oy stays in joint liability for fulfillment of the obligations of rental and buyback agreements. If the lessor makes claims towards Holiday Club Resorts Oy due to this obligation, has Holiday Club Resorts Oy a retroactive right of recourse from Lapland Hotels Oy and its parent company North European Invest Oy.

In the course of the Holiday Club Åre asset deal the commitment given by Holiday Club Spa Hotels AB to purchase a multi-purpose arena from Åre Kongress AB in 2023, if Åre Kongress AB has not sold the arena before that, transferred to Holiday Club Sport And Spa Hotels AB. Holiday Club Resorts Oy and Holiday Club Sport And Spa Hotels AB are jointly responsible for the sales price of the arena towards Åre Kongress AB

Other liabilities and guarantees

Other liabilities and guarantees contain a surety that the parent has given regarding the lease obligations of Holiday Club Sport and Spa Hotels Ab.

The surety equates the lease obligation of 12 months.

Liabilities from customer finance agreements

Holiday Club Resorts Oy has agreed in the customer financing agreement made between Holiday Club Resorts Oy and OP Corporate Bank Oyj (OP Financing) the following:

The customer's inability to pay, or if the customer otherwise is in breach with contract, gives OP Financing the right to call in the financing or to terminate the financing contract. If OP Financing claims, Holiday Club Resorts Oy has committed to redeem the financing with the amount that corresponds 50 % of the current financing agreement balance between customer and OP Financing related to the purchase of the timeshare week. Redemption price may be at maximum 50 % of the original purchase price of the timeshare week.

The financing agreement between Holiday Club Resorts Oy and OP Corporate Bank Oyj has been amended on 2.11.2014 and by this amendment the 50 % redemption in question has been renounced with regard to new sales. This amendment does not apply to those timeshares that Holiday Club Resorts Oy finances on its own risk and of which Holiday Club Resorts Oy has in 2012 signed a 100 % buyback commitment.

Holiday Club Resorts Oy has agreed in the customer financing agreement made between Holiday Club Resorts Oy and Danske Bank Oyj the following:

If Danske Bank terminates the customer's financing contract for timeshare purchase based on the terms of contract, the following risk distribution contract applies:

If Danske Bank claims, Holiday Club Resorts Oy is committed to purchase the timeshare which has been given as a collateral for a financing agreement.

The purchase price is 30% of the timeshare's original purchase price. If the purchase price, calculated by the foregoing way, is more than the financier's financed part based on the sale agreement issue, the purchase price will be the amount of financed part of the sale agreement at issue.

For the timeshares Holiday Club Resorts Oy has financed on its own risk, 100 % buyback commitment is applied.

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Himos Gardens

Opinion

We have audited the financial statements of Kiinteistö Oy Himos Gardens (business identity code 2165494-3) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT

To the Annual General Meeting of Suomen Vapaa-aikakiinteistöt Oy LKV

Opinion

We have audited the financial statements of Suomen Vapaa-aikakiinteistöt Oy LKV (business identity code 2306829-4) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG Oy Ab

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Vanha Ykköstii

Opinion

We have audited the financial statements of Kiinteistö Oy Vanha Ykköstii (business identity code 2425177-9) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Tenetinlahti

Opinion

We have audited the financial statements of Kiinteistö Oy Tenetinlahti (business identity code 2455539-3) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Mällösniemii

Opinion

We have audited the financial statements of Kiinteistö Oy Mällösniemi (business identity code 1765304-0) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ACCOUNTING PRINCIPLES

Valuation principles

The financial statements have been drawn up in accordance with regulations governing small and medium-sized enterprises

(Government Decree on the information presented in the financial statements of a small undertaking and micro-undertaking, 1753/2015).

Tangible and intangible assets have been entered under acquisition costs and financial assets under nominal value.

The acquisition cost of the building will be depreciated over its useful life.

No tax depreciation was made in the financial year 2020-2021, as the acquistion cost still corresponds to the fair value of the building.

Revenues and expenses are amortised on an accrual basis.

The company belongs to the Holiday Club Resorts Oy group. The parent company is Holiday Club Resorts Oy.

Copies of the consolidated financial statements are available at the Holiday Club Resorts Group headquarters. Hitsaajankatu 22, 00810 Helsinki

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Rauhan Ranta 1

Opinion

We have audited the financial statements of Kiinteistö Oy Rauhan Ranta 1 (business identity code 2145035-0) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Rauhan Ranta 2

Opinion

We have audited the financial statements of Kiinteistö Oy Rauhan Ranta 2 (business identity code 2145034-2) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

The company belongs to the Holiday Club Resorts Oy group. The parent company is Holiday Club Resorts Oy. Copies of the consolidated financial statements are available at the Holiday Club Resorts Group headquarters.

Hitsaajankatu 22, 00810 Helsinki

ACCOUNTING PRINCIPLES

The financial statements have been drawn up in accordance with regulations governing small and medium-sized enterprises (Government Decree on the information presented in the finacial statements of a small undertaking and micro-undertaking, 1753/2015)

Non-current assets

In this balance sheet, capital assets are listed as the difference between purchase price and accumulated planned depreciation.

Planned depreciation is calculated as a straight-line depreciation based on the useful life of the object.

The indicative useful lives on which the planned depreciation is based are as follows:

– buildings	20-30 yrs
– machines and equipment	5-10 yrs
– other tangible assets	30 yrs

Current assets

Receivables and liabilities have been valued at the nominal value.

Board of Directors proposal to process profit and loss for the previous financial year

The Board of Directors proposes to the Annual General Meeting that a loss of EUR (0.16) be transferred to the profit and loss account and that no dividends be distributed.

Company shares

There are 100 company shares. Each share confers the same right to dividends and company assets.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala
Authorised Pulic Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Supermarket Capri Oy

Opinion

We have audited the financial statements of Supermarket Capri Oy (business identity code 2535232-8) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala

Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Kylpyläntorni 1

Opinion

We have audited the financial statements of Kiinteistö Oy Kylpyläntorni 1 (business identity code 2498932-7) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Spa Lofts 2

Opinion

We have audited the financial statements of Kiinteistö Oy Spa Lofts 2 (business identity code 2428891-8) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S REPORT

To the Annual General Meeting of Kiinteistö Oy Kuusamon Pulkkajärvi 1

Opinion

We have audited the financial statements of Kiinteistö Oy Kuusamon Pulkkajärvi 1 (business identity code 0780839-5) for the year ended March 31, 2021. The financial statements comprise the balance sheet, income statement and notes.

In our opinion, the financial statements give a true and fair view of the company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the company in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the company or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S NOTE

A report of the audit has been submitted today.

Helsinki April 16, 2021

KPMG OY AB

Esa Kailiala
Authorised Public Accountant

AUDITOR'S REPORT

To the general meeting of the shareholders of Ownership Service Sweden AB, corporate identity number 556676-0327

Report on the annual accounts

Opinions

We have audited the annual accounts of Ownership Service Sweden AB for the financial year April 1, 2020 to March 31, 2021.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Ownership Service Sweden AB as of March 31, 2021 and its financial performance for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Ownership Service Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors are responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors are responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors of Ownership Service Sweden AB for the financial year April 1, 2020 to March 31, 2021 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Ownership Service Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor´s report.

SUPPLEMENTARY DISCLOSURES

Note 1 Accounting and Valuation Principles

The annual accounts have been prepared in accordance with BFNAR 2016:10 Annual Accounts of Small Limited Companies.

Definitions of key performance indicators

Equity/assets ratio

Equity and untaxed reserves (less deferred tax) as a percentage of total assets.

Note 2 Significant events during/after the financial year

The company has taken into account the impact of the effects of the COVID-19 outbreak and it has been concluded that the impact during the year has been limited. The company also has taken into account the impact on the company's future development and risks that may affect financial reporting going forward. In this asessment, it has been concluded that the impact on the company still is limited.

Note 3 Parent Company

The parent company in the smallest group in which the company is included, and which prepares consolidated accounts is Holiday Club Resorts OY, Corporate Identity Number 2033337-1, which has its registered office in Helsinki, Finland. The parent company in the largest group in which the company is included and which prepares consolidated accounts is Mahindra & Mahindra Ltd, L65990MH1945PLC004558 with its registered office in India.

Annual reports for parent company could be found at Patent- och registerstyrelsen, PRH, for Finland and Ministry of Corporate Affairs (Company Master Data) for India.

The income statement and balance sheet will be presented for adoption at the Annual General Meeting of Shareholders held on April 14, 2021

SUPPLEMENTARY DISCLOSURES

Note 1 Accounting and Valuation Principles

The annual accounts have been prepared in accordance with the Annual Accounts Act and BFNAR 2016:10 Annual reports in small limited companies.

Definitions of key performance indicators

Equity/assets ratio

Equity and untaxed reserves (less deferred tax) as a percentage of total assets

Note 2 Significant events during/after the financial year

The company has taken into account the impact of the effects of the COVID-19 outbreak and it has been concluded that the impact during the year has been limited.

The company also has taken into account the impact on the company's future development and risks that may affect financial reporting going forward. In this assessment, it has been concluded that the impact on the company still is limited.

Note 3 Parent Company

The parent company in the smallest group in which the company is included, and which prepares consolidated accounts is Holiday Club Resorts OY, Corporate Identity Number 2033337-1, which has its registered office in Helsinki, Finland.

The parent company in the largest group in which the company is included and which prepares consolidated accounts is Mahindra & Mahindra Ltd, L65990MH1945PLC004558 with its registered office in India.

Annual reports for parent company could be found at Patent- och registerstyrelsen, PRH, for Finland and Ministry of Corporate Affairs (Company Master Data) for India.

Authorized Public Accountant

AUDITOR'S REPORT

To the general meeting of the shareholders of Holiday Club Sweden AB, corporate identity number 556683-0385

Report on the annual accounts

Opinions

We have audited the annual accounts of Holiday Club Sweden AB for the financial year April 1, 2020 to March 31, 2021.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Holiday Club Sweden AB as of March 31, 2021 and its financial performance for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Holiday Club Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors and the Managing Director are responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor's report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors and the Managing Director of Holiday Club Sweden AB for the financial year April 1, 2020 to March 31, 2021 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Holiday Club Sweden AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors and the Managing Director are responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors and the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor's report.

AUDITOR'S REPORT

To the general meeting of the shareholders of Holiday Club Sport and Spa Hotels AB, corporate identity number 559032-5733

Report on the annual accounts

Opinions

We have audited the annual accounts of Holiday Club Sport and Spa Hotels AB for the financial year April 1, 2020 to March 31, 2021.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act and present fairly, in all material respects, the financial position of Holiday Club Sport and Spa Hotels AB as of March 31, 2021 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Holiday Club Sport and Spa Hotels AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Significant uncertainty factor regarding the assumption of going concern

Without affecting our statement above, we would like to draw attention to the information in the administration report and the balance sheet that the equity has been used up. Equity shows a shortfall of approximately SEK 37 million. Furthermore, it appears from the balance sheet that current liabilities far exceed the company's current assets.

In this context, we also want to draw attention to information in the administration report and in Note 2 on decisions to, among other things, restore the company's equity through capital injections no later than May 2021, which is the basis for the board's assumption of going concern when preparing the annual report. Without the aforementioned additions and other capital-strengthening measures, or even more adverse effects of Covid-19 will continue or intensify, there is a significant uncertainty factor that could lead to significant doubts about the company's ability to continue operations.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, The Board of Directors and the Managing Director are responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors and the Managing Director intends to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibility for the audit of the annual accounts and consolidated accounts is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor's report.

Report on other legal and regulatory requirements

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors and the Managing Director of Holiday Club Sport and Spa Hotels AB for the financial year April 1, 2020 to March 31, 2021 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the loss be dealt with in accordance with the proposal in the statutory administration report and that the members of the Board of Directors and the Managing Director be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section. We are independent of Holiday Club Sport and Spa Hotels AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors and the Managing Director

The Board of Directors and the Managing Director are responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors and the Managing Director are responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner.

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors and the Managing Director in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

A further description of our responsibility for the audit of the administration is available on Revisorsinspektionen's website: www.revisorsinspektionen.se/revisornsansvar. This description is part of the auditor's report.

SUPPLEMENTARY DISCLOSURE

Note 1 Accounting and Valuation Principles

General information

This annual report has been prepared in accordance with the Swedish Annual Accounts and the Swedish Accounting Standards Board's general guidelines BFNAR 2012:1 Annual Report and Consolidated Accounts (K3).

The accounting policies remain unchanged as compared to the previous year.

Revenue recognition

Revenue has been measured at the fair value of consideration received or receivable. The Company therefore recognises revenue at nominal value (invoice amount) of remuneration received in cash and cash equivalents directly upon delivery. Deduction is made for discounts granted.

Fixed assets

Intangible and tangible assets are recognised at cost less accumulated amortisation/depreciation and any impariment.

Amortisation/depreciation takes place on a straight-line basis over the estimated useful life of the asset taking the significant residual value into account. The following periods of depreciation/amortisation are applied:

Intangible fixed assets	
Software	20%
Goodwill	20%
Tangible assets	
Improvement fees on the property of others	5%
Equipment, tools, fixtures and fittings	5-20%

Accounts receivable/current receivables

Accounts receivable and current receivables are recognised as current assets at the amount expected to be paid after deduction of individually assessed doubtful receivables.

Leases

The Company recognises all leases, both financial and operating, as operating leases. Operating leases are recognised as a cost straight-line over the leasing period.

Inventories

Inventories are valued at the lower of cost and net realisable value on the balance sheet date. The net realisable value refers to the calculated sales price of the products less selling costs. The selected valuation method means that the inventory obsolescence has been taken into consideration.

Income tax

Current tax

Current tax refers to income tax for the current financial year and the portion of previous income tax which has not yet been recognised. Current tax is calculated based on the tax rate applicable on the balance sheet date.

Definitions of key performance indicators

Equity/assets ratio (%)

Adjusted equity (equity and untaxed reserves less deferred tax) as a percentage of the balance sheet total.

Note 2 Significant events after the end of the financial year

The Board of Directors have reviewed the plan to restore the company equity in its meeting April 1, 2021. It was noted that the latest time to restore the control balance sheet situation is in May 2021. It was pointed out that equity injection amount required is heavily dependent on the operational result forecast and Government support received.

It was decided that the equity will be restored but due to the unclear situation, the board will make the decision regarding required restoration amount in April and convenes the extraordinary shareholder's meeting, agreed actions completed latest in May. Amount and balance between cash and non-cash to be determined based on April forecast.

Note 3 Distribution of sales

	2021 kSEK	2020 kSEK
Net sales by business segment		
Hotel operations	**67,222**	135,381
	67,222	135,381

Note 4 Intra-Group purchases and sales

	2021	2020
Percentage of total purchases during the year from other companies in the Group	**0.26%**	0.19%
Percentage of total sales during the year from other companies in the Group	**1.95%**	1.35%

Note 5 Leases - Operating leases lessee

Lease costs for the year amounted to SEK 40,934,959.

Future lease payments, for non-cancellable leases, fall due for payment as follows:

	2021 kSEK	2020 kSEK
Within one year	**40,756**	40,860
Between one and five years	**161,997**	160,077

AUDIT REPORT

To the Members of HOLIDAY CLUB RESORTS RUS, LLC

Opinion

We have audited the accompanying annual accounting (financial) statements of HOLIDAY CLUB RESORT RUS, LLC (Main State Registration Number (OGRN) 5067847052301; 191015 St. Petersburg, ul. Shpalernaya 54, Litera B, office 19н/16) consisting of the balance sheet as at December 31, 2020, the income statement, and appendices to the balance sheet and the income statement, including the statement of changes in equity and the cash flow statement for the year then ended, as well as explanatory information to the balance sheet and financial statements, and the key provisions of the accounting policies.

In our opinion, the accompanying annual accounting (financial) statements present fairly, in all material respects, the financial position of HOLIDAY CLUB RESORT RUS, LLC, as at December 31, 2020, and its financial performance and its cash flows for the year then ended in accordance with accounting (financial) reporting standards aplicable in the Russian Federation.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA). In line with these Standards, our responsibility is delineated in the *Auditors' Responsibility for the Audit of Annual Accounting (Financial) Statements* paragraph of the present report. We are independent of the entity subject to the audit as required by rules on auditors' independence and the Auditors' Professional Code of Conduct, as well as the International Code of Ethics for Professional Accountants (including International Independence Standards) and performed our other professional duties in compliance with the above mentioned professional standards. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

We draw attention to Article 15 of the Explanatory Note to the 2020 Financial Statements, where the management's doubts are expressed as to the Entity's ability to continue as a going concern. This raises substantial doubts about the ability of HOLIDAY CLUB RESORT RUS to continue as a going concern. Our Opinion has not been modified due to this circumstance.

Management's Responsibility for the Annual Accounting (Financial) Statements

The management of the audited entity is responsible for the preparation and fair presentation of the annual accounting (financial) statements in accordance with accounting (financial) standards established in the Russian Federation and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounting (financial) statements, management bears responsibility for the assessment of the entity's ability to continue as a going concern, for the disclosure of information in connection with going concern, and for the preparation of the financial statements on a going concern basis, unless management intends to liquidate the audited entity or to cease trading, or has no realistic alternative but to do so. The management is responsible for the control over the preparation of the annual accounting statements of the audited entity.

Auditors' Responsibility for the Audit of the Annual Accounting (Financial) Statements

Our goal is to obtain reasonable assurance about whether the annual accounting (financial) statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report stating our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit, carried out in compliance with ISA, always detects material misstatements when there is any. Misstatements may arise from fraudulent activities or error and are considered to be material when there is reasonable assurance that, taken individually or collectively, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual accounting (financial) statements.

In performing an audit in accordance with ISA, we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit and, among other things:

a) Identify and assess risks of material misstatements in the accounting (financial) statements, whether due to fraud or error; design and perform audit procedures in response to such risks; obtain sufficient and appropriate audit evidence to provide a reasonable basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting one resulting from error, as fraudulent activities may involve collusion, forgery, deliberate failure to record transactions, intentional misrepresentations or circumvention of internal control;

b) Obtain an understanding of the internal control system sufficient to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the audited entity's system of internal controls;

c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the auditee's management, as well as evaluating the overall financial statement presentation and disclosures;

d) Evaluate the appropriateness of management's use of the going concern assumption and conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we determine that such estimation uncertainty exists, we must draw attention in our audit report to an adequate disclosure of such problem in the annual accounting (financial) statements or modify our opinion if such disclosure is inappropriate.

   Our conclusions are based on the audit evidence gathered prior to the date of our audit report. Future events or conditions, however may affect the entity's ability to continue as a going concern;

e) Evaluate the overall presentation, structure and content of the accounting (financial) statements, and whether the accounting (financial) statements represent the underlying transactions and events in a manner that achieves a fair presentation.

We have communicated to the management of the audited entity, among other matters, the scope and timing of the audit and material observations arising from the audit, including observations on the deficiencies of the system of internal controls identified during the audit.

Responsible for the audit assignment that formed the basis for the Audit Report,
Director General
I. Y. Kochinskaya

REPORT OF THE INDEPENDENT AUDITOR ON THE FINANCIAL STATEMENTS

To the Shareholders of HOLIDAY CLUB CANARIAS INVESTMENT, SLU:

Report on the Financial Statements

We have audited the financial statements of HOLIDAY CLUB CANARIAS INVESTMENT, SLU, (the Company) which comprise the balance sheet as at March 31, 2021, the income statement and the related explanatory notes thereto for the year then ended.

In our opinion, the accompanying financial statements present, in all material aspects, a true and fair view of the net equity and financial situation of the Company as at March 31, 2021 and of its results for the year then ended, in accordance with the regulatory financial reporting framework that is applicable (identified in note 2 to the financial statements) and, in particular, with the accounting principles and criteria contained therein.

Basis for the opinion

We have carried out our audit in accordance with the prevailing standards governing the activity of auditing accounts in Spain. Our responsibilities in accordance with these standards are described later in the section of our report on "*Responsibilities of the auditor in connection with the audit of the financial statements*".

We are independent from the Company in accordance with the requirements on ethics, including those of independence, which are applicable to our audit of financial statements in Spain, as required by the regulations governing the activity of auditing accounts. In this regard, we have not provided services other than the audit of the financial statements, nor have situations or circumstances arisen that, in accordance with the aforementioned regulations, may have compromised our necessary independence.

We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, according to our professional judgment, have been considered to give rise to the most significant risks of material misstatement in our audit of the financial statements of the current period. These risks have been addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon we do not express a separate opinion on said risks.

Balances with related parties

As shown in the balance sheet, the items of assets and liabilities with the highest amount correspond to "Short-term investments in Group, Multigroup and Associate companies", amounting to 1,217,642 euros, and "Short-term debts with Group and Associated Companies", amounting to 1,225,241 euros, respectively (see note 10 of the report). These items represent practically the total assets and liabilities of the balance sheet. Due to the monetary relevance of said items and the balance connection, the valuation of said credits has been considered a relevant aspect, especially the collectability of the asset figure.

Our procedures included the analysis of the reconciliation of the balances with the group companies, as well as the collectability of the asset's item. To this end, the Annual Accounts of the group companies have been audited.

Directors' responsibilities

The Director is responsible for the preparation of the accompanying financial statements in order to present a true and fair view of the net equity, the financial position and the results of the Company in accordance with the Financial Reporting Standards applicable in Spain, and for such internal control as they consider necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In the preparation of the financial statements, the Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as appropriate, the issues related to going concern and using the accounting principle of going concern, except if the Director intends to liquidate the Company or cease operations, or if there is no other realistic alternative.

Responsibilities of the auditor in connection with the audit of the financial statements

Our objectives are to obtain reasonable assurance that the financial statements as a whole are free of material misstatement, due to fraud or error, and to issue an audit report that contains our opinion.

Reasonable assurance is a high degree of assurance but it does not guarantee that an audit conducted in accordance with the prevailing regulations governing the activity of auditing in Spain will always detect material misstatement when it exists. Misstatements may be due to fraud or error and are considered material if, individually or in aggregate, they can reasonably be expected to influence the economic decisions that users make based on the financial statements.

As part of an audit in accordance with the regulations governing the activity of auditing accounts in Spain, we apply our professional judgment and maintain an attitude of professional skepticism throughout the audit. Furthermore:

- We identify and assess the risks of material misstatement in the financial statements, due to fraud or error, design and apply audit procedures to respond to such risks and obtain sufficient and adequate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement due to fraud is higher than in the case of a material misstatement due to error, since fraud may involve collusion, falsification, deliberate omissions, intentionally erroneous statements, or circumvention of internal control.

- We obtain knowledge of the internal control relevant to the audit in order to design audit procedures that are appropriate to the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- We evaluate whether the accounting policies applied are adequate as well as the reasonableness of the accounting estimates and the corresponding information disclosed by the Director.
- We conclude on whether the use, by the Director, of the accounting principle of going concern is adequate and, based on the audit evidence obtained, we conclude on whether or not there is material uncertainty related to facts or conditions that could generate significant doubt as to the ability of the company to continue as a going concern. If we conclude that there is material uncertainty, in our audit report we are required to draw attention to the corresponding information disclosed in the financial statements or, if such disclosures are not adequate, we are required to express an amended opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to be a going concern.
- We evaluate the overall presentation, the structure and content of the financial statements, including the disclosed information, and whether the financial statements represent the underlying transactions and events in a way that expresses a true and fair view.

We communicate with the entity's Director regarding, among other matters, the scope and timing of the planned audit and the significant findings of the audit, as well as any significant internal control deficiencies that we identified during the course of the audit.

Among the issues that have been communicated to the entity's Director, we determine those that have been most significant to the audit of the financial statements of the current period and that are, consequently, the risks considered most significant.

We describe those issues in our audit report unless legal or regulatory provisions prohibit public disclosure of the matter.

2021 NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

1. THE COMPANY'S BUSINESS

1.1. HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U. was set up as a limited corporation on December 9, 2010, before the Notary Public Valentín Concejo Arranz, Member of the Guild of Notaries of the Canary Islands, whose offices are located in Maspalomas, under his Protocol Number 1525.

On March 3, 2011, it acquired its current status as a Sole Proprietor Limited Liability Company and on July 22, 2011, a corporate decision was notarised in which the accounting year initially established in the Corporate By-Laws from October 1st to September 30th was changed. However, in February the 1st 2016 the General Meeting of the company decided to modify the beginning and the end of the financial period in the Company By-Laws and now is from April 1st till March 31st every year.

1.2. The main corporate mission comprises the acquisition, promotion, construction, urbanisation, management, operation, holding, use, enjoyment of, yielding of, business management of any type, or property, buildings, tourist complexes, hotels, and/or agricultural land in the country or urban areas and personal rights or rights in rem of real-estate property including its conveyance, whether in its entirety or partially, per apartment or by means of the sale of or assignment of rotational enjoyment rights, timeshare or any other kind of rights to use.

1.3. The Corporate offices are located at Avenida Ministra Anna Lindh 1, Urb. Amadores, in the municipality of Mogán (Gran Canaria).

1.4. The Company is dominant in the Holiday Club Canarias group under the terms of the article 42 of the Commercial Code. However, it does not prepare consolidated annual accounts because it does not exceed the limits set forth in the Capital Companies Law, so the following annual accounts refer exclusively to Holiday Club Canarias Investment, S.L.U. Furthermore, the company is a member of a group whose parent company is Holiday Club Resort OY, located in an EU Member State, Finland, that presents Consolidates Financial Statements in that country. In addition, Holiday Club Resort OY is a member of a group whose holding company is Mahindra & Mahindra limited, located in India.

The Spanish Group is composed of the next companies:

- HOLIDAY CLUB CANARIAS INVESTMENT, SLU
- HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU
- HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU
- HOLIDAY CLUB CANARIAS VACATION CLUB, SL

1.5. At the date of formulation of these annual accounts, Royal Decree 926/2020 of October 25th is in force, extending the state of alarm for the management of the health crisis situation caused by COVID-19.

The Company has been opening and closing the five hotels since March 23rd, taking into account the market demand and the health situation at any time. This situation has affected the Group's three companies in the Canary Islands equally: HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU (company that originally owns the weeks it sells under Time Sharing scheme) and the one that manages the Angry Birds activity park, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU (company that manages the maintenance of the hotels) and HOLIDAY CLUB CANARIAS VACATION CLUB, SLU (company that buys weeks of accommodation and exploits the Group's available weeks in the Canary Islands).

The main consequences of the closure have been the following:

- Personnel: due to the closure of the hotels, the Group companies in the Canary Islands have carried out a temporary employment regulation file (ERTE) that has affected 116 people out of the total of 128 people who work in the Group. These employees have been affected and disaffected by the ERTE during different periods along the financial year.
- Tour Operators: The Group in the Canary Islands exploits unsold weeks as a hotel service through the entity VACATION CLUB. This hotel activity has been logically interrupted, so that agreements with tourism providers have been temporarily suspended
- Owners: The Group in the Canary Islands invoices week's owners at the beginning of the calendar year for maintenance fees through the entity RESORT MANAGEMENT. Given that the activity has been abruptly interrupted before the end of the year, the company in the Canary Islands is offering owners the possibility of compensating the effect of not enjoying their week in exchange for being able to enjoy two weeks in the period 2021-2022. At the date of formulation of these annual accounts, the majority of the owners are welcoming this measure.
- Financial and non-financial assets: No possible deterioration has been identified at the date of formulation of these annual accounts. Logically, if the situation of inactivity lasts for longer, the circumstances would have to be analyzed again.
- Liquidity: The situation of the Group's treasury in the Canary Islands is not worrying in the short term. With the liquidity that was already available, we must add the provision of a new ICO line of credit loan for the amount of 500,000 euros signed on 23/03/2020 and another one for the same amount signed on 02/05/2020.

2. BASIS USED FOR THE PRESENTATION OF THE ANNUAL ACCOUNTS

The figures contained in the balance sheet, in the Profit & Loss Account, in the Statement of Changes to Equity, in the Cash-flow Statement and in this Report are expressed in Euros, which, upon being rounded out, cause small differences in their presentation.

In the presentation of the accompanying abridged annual accounts, expressed in euros, the current commercial guidelines have been followed, which are:

2.1. True and Fair View

The annual accounts are obtained from the Company's accounting records and have been presented according to the regulations set out in Law 16/2007 of July 4th, on the revised and adapted mercantile accounting legislation to harmonise it internationally on the basis of the European Union and by Royal Decree 1515/2007 of November 16th, in which the General Accounting Plan was approved and the added modifications by Royal Decree 1159/2010 of September 17th and Royal Decree 602/2016 of September 2nd, in order to reflect a true and fair view of the Equity, the financial situation and the Company's Profit & Loss as well as the veracity of the streams incorporated into the Cash-flow, according to generally accepted accounting practices and regulations.

2.2. Non-Mandatory Accounting Principles Applied

During this Financial Year, only those Accounting Principles mandatory according to the Spanish Business Code and the Small & Medium Companies General Accounting Plan have been applied.

The Administrative Body has formulated these Annual Accounts, taking into account all mandatory accounting regulations and principals which carry a significant effect.

There is no principle which, if mandatory, has not been applied.

2.3. Critical Aspects in the Valuation and Judgement of Uncertainty

Due to future development, it is possible that additional information to the existing at the date of formulation of these annual accounts make that some estimates have to be changed in future periods.

The annual accounts have been made taking into account the going concern principle. However, taking into account that this company has a net equity amounting to 896 Euros, less than one third of the share capital, there are some doubts about the capacity to keep being a going concern. Shareholders consider that there are some mitigating factors of the created situation that make it possible to assume the existence of a sufficient guarantee regarding the going concern principle, specifically, it is considered that the shares with related parties detailed in the note 5.3 have a value bigger than the accounted one.

2.4. Comparison of the Information

The figures corresponding to the Financial Year ending on March 31, 2021 according to the current law, show comparatively the balances of the previous financial period, which match with the information of the annual account for the financial period ending on March 31, 2020.

3. APPLICATION OF RESULTS

The proposal for the application of the results of the financial period ending March 31, 2021 which the Administrators shall draw up for approval by the Members, together with the distribution approved for the period ending on March 31, 2020, is as follows:

Euros		
Distribution Balance	**2021**	2020
Financial period Losses	**(1,458)**	(1,363)
Total	**(1,458)**	(1,363)
Distribution		
Losses accumulated from previous Financial Periods	**(1,458)**	(1,363)
Total	**(1,458)**	(1,363)

4. RECOGNITION AND MEASUREMENT

The main accounting principles and practices applied in the preparation of the annual accounts are adapted to the current legal requirements, highlighting as most important the principles of going concern, accrual, uniformity, prudence, not compensation and relative importance.

The main rules used by the company for the drafting of their financial period Annual Accounts, according to those established in the Spanish General Accounting Plan were the following:

4.1. Financial Instruments

The breakdown of the financial assets is as follows:

a) Loans and accounts receivable, including those loans for commercial or non-commercial operations. Those whose maturity is no longer than one year are valued at their face-value, because they do not have any contractual interest rate and the effect of not up-dating cash-flow is not significant. Those whose maturity is over one year are measured at their reasonable value, which is equal to the value of the compensation delivered plus directly attributable transaction costs. Interest accrued is accounted for in the Profit & Loss Account, applying the Effective Interest Rate method.

b) Investments in group, multi-group and associated companies: Investments in group companies are initially valued at their cost, plus transaction costs. The subsequent valuation is due to its cost lessened by the accumulated amount of the valuation adjustments for impairment that may exist.

Impairment occurs when the recoverable value is lower than the carrying amount, the recoverable value being understood as the greater of its fair value less sales costs and the present value of the future cash flows from the investment, which due to the Circumstances of the investee is considered recoverable value as the net asset value that is shown in the balance sheet of the group or associated company, corrected for the tacit capital gains that exist at the closing date.

The Company's financial liabilities are all debits and payable items, including debits for commercial operations and debits for non-commercial operations. They are initially valued at their fair value, except the debts for commercial transactions with a maturity not exceeding one year and without a contractual interest, the amount of which is expected to be paid in the short term, which are valued at their nominal value. Financial liabilities are subsequently measured at amortized cost. Accrued interests are recorded in the income statement using the effective interest rate method.

The financial instruments are classified in short and long term, if their maturity is less than or greater than twelve months, respectively.

The Company has complied with the requirements set forth in the registration and valuation standard for financial instruments.

4.2. Tax on Profits

The Company pays tax under the Tax Consolidation System, according to what is set out in Chapter 7 of title 7 of the Law 274/2014 of November 27th of Corporate Tax. Holiday Club Canarias Investment is the parent Company, which presents the correspondent settlement

No current tax expense has been recorded in the year, because of the negative tax base results.

A deferred tax asset has been recognized on negative tax bases.

4.3. Income and Expenses

Income has been recognised as a consequence of an increase in the Company's resources, as long as its amount has been determined reliably. Expenses have been recognized as a consequence of a decrease in the Company's resources, as long as their amount has also been reliably estimated.

4.4. Transactions between related parties

Transactions between related parties are accounted by their reasonable value which is the same value for transactions with not related third parties.

5. FINANCIAL ASSETS

5.1. Categories of financial assets (except investments in equity of group companies, multigroup and associates)

The breakdown of financial assets (excluding investments in group, multi-group and associated companies) by categories and classes is as follows:

Euros	Equity Instruments		Debt Securities		Credits/Derivatives/ Others	
	2021	2020	**2021**	2020	**2021**	2020
Short- term Financial Assets						
Loans and Receivables	**–**	–	**–**	–	**1,871,862**	1,217,815
Liquid Assets	**–**	–	**–**	–	**1,067**	3,003
Total	**–**	–	**–**	–	**1,872,929**	1,220,818

5.2. Breakdown by maturity:

The classification by maturity of the different financial assets is all related to the short term and all the loans and receivables with companies of the group and associated, for the amount of 1,871,689 Euros and debtors for the amount of 173 Euros.

5.3. Companies of the group, multigroup and associated:

a) The information of companies of the group and associated referred to 2021 is detailed below:

Euros	GROUP COMPANIES								
	Balance 2021						Participation value		
Sociedad	%	Share Capital	Reserves	Profit & (Loss) from previous periods	Result for the period	Grants	Theoretical	Accountant	Deterioration
HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U. Address: Avda Ministra Anna Lindh, número 1, Urbanización Amadores, Mogán Activity: Its main activity is the sale of use rights per shift of properties of the complexes Playa Amadores, Sol Amadores, Vista Amadores, Jardín Amadores and Puerto Calma.	**100**	**3,100**	**5,396,060**	**(5,274,659)**	**(702,974)**	**121,573**	**(578,473)**	**3,100**	**—**
HOLIDAY CLUB CANARIAS RESORT & MANAGEMENT, S.L.U. Address: Avda Ministra Anna Lindh, número 1, Urbanización Amadores, Mogán Activity: Its main activity is the management of five hotel complexes (Playa Amadores, Sol Amadores, Vista Amadores, Jardín Amadores y Puerto Calma)	**100**	**3,100**	**4,096,345**	**(73,342)**	**1,765,257**	**—**	**5,791,361**	**3,100**	**—**
HOLIDAY CLUB CANARIAS VACATION CLUB, S.L. Address: Avda Ministra Anna Lindh, número 1, Urbanización Amadores, Mogán Activity: Its main activity is that of tourist accommodation and other short-stay accommodation	**100**	**3,000**	**514,560**	**(0)**	**393,856**	**—**	**911,416**	**3**	**—**
TOTAL GROUP COMPANIES								**6,203**	**—**

b) There are not movements during 2020 and 2021 in equity instruments in companies of the Group and associated.

6. FINANCIAL LIABILITIES

6.1. Types of liabilities

The breakdown of financial liabilities by category is as follows:

Euros	Debits with Credit Institutions		Bonds and Other Market Securities		Derivatives/Others	
	2021	2020	**2021**	2020	**2021**	2020
Short-term Financial Liabilities						
Debits and Payables	**–**	–	**–**	–	**1,878,845**	1,225,241
Total	**–**	–	**–**	–	**1,878,845**	1,225,241

6.2. Classification by maturity

The short-term financial liabilities indicated in the previous section correspond to "Debts with companies of the Group and associates in the short term" for the amount of 1,878,845 Euros.

7. EQUITY

7.1. The Share Capital comes to 3,100 Euros, divided into thirty-one shares at face value of 100 Euros each.

7.2. The Company has the sole proprietorship status, being its unique partner the entity Holiday Club Sweden AB.

8. FISCAL POSITION

8.1. Tax Consolidation Regime

The Company is taxed in the consolidated tax system in accordance with Chapter VI, title VII of the 27/2017 law, of 27th November of the profit tax, which approved the revised text from the Law of Corporate Tax.

The Tax Group comprises the following corporations:

Parent: Holiday Club Canarias Investment, S.L.U.

Subsidiaries: Holiday Club Canarias Sales & Marketing, S.L.U., Holiday Club Canarias Resort Management, S.L.U. and Holiday Club Canarias Vacation Club S.L.

8.2. Individual tax base

The reconciliation of the net amount of incomes and expenses with the taxable base of the Corporate Tax is as follows:

Euros	Profit and (Loss) account	Expenses and income directly attributed to equity
Balance of income and expenses for the year	**(1,458)**	—
Tax revenue	**(486)**	—
Tax base (tax result)	**(1,944)**	—
Full fee (25% of tax result)	**(486)**	

Notwithstanding the aforesaid, the Company is taxed within a group in which it is the parent company, subject to the special tax system of consolidated taxation. The generated taxable income that would be offset in future periods is compensated with positive taxable bases generated in the Group.

Loans between companies in the Group to cover negative taxable bases have been recorded in the Company's accounting.

As per current legislation, taxes cannot be considered to have been settled until the returns presented have been inspected by the Revenue Service or the four-year statute of limitations has passed.

Therefore, at the date of closing, the Company has all taxes applicable corresponding to the last four years, including its Corporate Tax for the period 2021, available for inspection.

The Administrative body of the Company considers that the abovementioned taxes have all been adequately settled, for which, even in the event of discrepancies in the interpretation of current regulations in the fiscal treatment practised on the operations, possible resulting liabilities, in the event they should materialise, would not significantly affect the attached abridged yearly accounts.

8.3 Profits or Tax Incentives

In the settlement of Corporate Taxes corresponding to the period 2021, the Company has not applied any tax incentives.

9. INCOME AND EXPENSES

The Company has carried out the following operations in this period, which are reflected in the corresponding heading in the Profit and Loss Account:

a) External services:

Euros	2021	2020
Professional services	**865**	748
Banking services	**5**	—
Local Tax	**1,074**	1,069
Total	**1,944**	1,817

10. TRANSACTIONS WITH RELATED PARTIES

The balances at March 31, 2021 and 2020 with related companies are as follows:

Euros	2021		2020	
	Debit Balances	**Credit Balances**	Debit Balances	Credit Balances
Company				
Holiday Club Canarias Sales & Marketing, SLU	—	**1,878,845**	—	1,225,241
Holiday Club Canarias Resort Managemet, SLU	**1,551,580**	—	1,045,485	—
Holiday Club Canarias Vacation Club, SL	**320,109**	—	172,157	—
Totals	**1,871,689**	**1,878,845**	1,217,642	1,225,241

11. OTHER INFORMATION

11.1. Average number of Employees

The Company haven't had employees during this period and the period before.

11.2. Information about the Environment and Greenhouse Gas Emission Rights.

Given the activity that the Company carries out, there are no responsibilities, expenses, assets or contingencies of any environmental nature that could be of any significance with regard to equity, the financial position and its results. Therefore, no specific breakdowns are included in this report.

Mogán, April 14, 2021

Calvin Stuart Lucock
Joint and Several Administrator and
Holiday Club Resorts Oy Representative

REPORT OF THE INDEPENDENT AUDITOR ON THE FINANCIAL STATEMENTS

To the Sole Shareholder of HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU:

Report on the Financial Statements

We have audited the financial statements of HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU, (the Company) which comprise the balance sheet as at March 31, 2021, the income statement, and the related explanatory notes thereto for the year then ended.

In our opinion, the accompanying financial statements present, in all material aspects, a true and fair view of the net equity and financial situation of the Company as at March 31, 2021 and of its results and cash flows for the year then ended, in accordance with the regulatory financial reporting framework that is applicable (identified in note 2 to the financial statements) and, in particular, with the accounting principles and criteria contained therein.

Basis for the opinion

We have carried out our audit in accordance with the prevailing standards governing the activity of auditing accounts in Spain. Our responsibilities in accordance with these standards are described later in the section of our report on "*Responsibilities of the auditor in connection with the audit of the financial statements*".

We are independent from the Company in accordance with the requirements on ethics, including those of independence, which are applicable to our audit of financial statements in Spain, as required by the regulations governing the activity of auditing accounts. In this regard, we have not provided services other than the audit of the financial statements, nor have situations or circumstances arisen that, in accordance with the aforementioned regulations, may have compromised our necessary independence.

We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, according to our professional judgment, have been considered to give rise to the most significant risks of material misstatement in our audit of the financial statements of the current period. These risks have been addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon we do not express a separate opinion on said risks.

Inventories

As shown in the liquid assets in the balance sheet, the Company has registered inventories for the net of 7.36 million euros. In note 10 is shown that 99% of the stocks are made up of the weeks not sold in timeshare regime for each of the complexes and type of room. The valuation of the unsold weeks can be of two types: The valuation of few weeks is the cost of the original acquisition that it had for the Company in April 2011 (see note 1.6). Other weeks, which were sold at the time and the Company had them back at rest due to contractual breach by customers, are valued at the cost of their repossession. The Entity maintains inventory control at the close of the fiscal year, both for the weeks acquired at the origin, as well as for the weeks repossessed. Due to the large number of none sold weeks, the diversity of room types by the complex and the results for which these weeks are activated in stock, the proof of the laborious work is correct and the units of the stocks, the integrity and the valuation of the inventories has been considered to be subject to significant risk.

Our procedures included, among others, the verification of the inventory of weeks not sold and the costs associated to each one of them, validating the possible types of valuation, based on the reason for registration in stock. In addition, it has carried out verifications in weeks sold in the year to verify that they have not been sold below cost and that they do not appear in the Company's stock at the end of the year.

Client claims

As explained by the Company in note 14.1, the Entity has received 121 customer claims, which request the nullity of the contract and an economic compensation for a total amount of 5.7 million euros. As of the date of issuance of this report 25 cases have been closed and there have been 85 judgment decisions, mostly against the Entity, which condemn it to the payment around 1.2 million euros. The Entity has estimated a risk amount of 554,838 euros at the year end. For the calculation of that risk, the Entity analyses, together with the legal advisor, case by case, since the judgments do not all follow the same criteria. Due to the high volume of demands regarding the number and amounts, the diversity of judgments received since the conclusion on the estimation of risk is subject to significant judgments and estimates by the Company's Management, it has been considered a relevant aspect in our audit the correct accounting estimate of the existing risk and its correct explanation in the annual accounts.

Our audit procedures consisted, among others, in a meeting with the Company's legal counsel, analysing the type of judgment on a case-by-case basis, verifying the cases in which there has been recourse by the Company and analysing the criteria followed by the Company to determine the risk of each of them. Finally, it has been verified that notes 4.8 and 14.1 of the report include the information required by the applicable financial reporting framework.

Directors' responsibilities

The Director is responsible for the preparation of the accompanying financial statements in order to present a true and fair view of the net equity, the financial position and the results of the Company in accordance with the Financial Reporting Standards applicable in Spain, and for such internal control as they consider necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In the preparation of the financial statements, the Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as appropriate, the issues related to going concern and using the accounting principle of going concern, except if the Director intends to liquidate the Company or cease operations, or if there is no other realistic alternative.

Responsibilities of the auditor in connection with the audit of the financial statements

Our objectives are to obtain reasonable assurance that the financial statements as a whole are free of material misstatement, due to fraud or error, and to issue an audit report that contains our opinion.

Reasonable assurance is a high degree of assurance but it does not guarantee that an audit conducted in accordance with the prevailing regulations governing the activity of auditing in Spain will always detect material misstatement when it exists. Misstatements may be due to fraud or error and are considered material if, individually or in aggregate, they can reasonably be expected to influence the economic decisions that users make based on the financial statements.

As part of an audit in accordance with the regulations governing the activity of auditing accounts in Spain, we apply our professional judgment and maintain an attitude of professional skepticism throughout the audit. Furthermore:

- We identify and assess the risks of material misstatement in the financial statements, due to fraud or error, design and apply audit procedures to respond to such risks and obtain sufficient and adequate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement due to fraud is higher than in the case of a material misstatement due to error, since fraud may involve collusion, falsification, deliberate omissions, intentionally erroneous statements, or circumvention of internal control.
- We obtain knowledge of the internal control relevant to the audit in order to design audit procedures that are appropriate to the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- We evaluate whether the accounting policies applied are adequate as well as the reasonableness of the accounting estimates and the corresponding information disclosed by the Director.
- We conclude on whether the use, by the Director, of the accounting principle of going concern is adequate and, based on the audit evidence obtained, we conclude on whether or not there is material uncertainty related to facts or conditions that could generate significant doubt as to the ability of the company to continue as a going concern. If we conclude that there is material uncertainty, in our audit report we are required to draw attention to the corresponding information disclosed in the financial statements or, if such disclosures are not adequate, we are required to express an amended opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to be a going concern.
- We evaluate the overall presentation, the structure and content of the financial statements, including the disclosed information, and whether the financial statements represent the underlying transactions and events in a way that expresses a true and fair view.

We communicate with the entity's Director regarding, among other matters, the scope and timing of the planned audit and the significant findings of the audit, as well as any significant internal control deficiencies that we identified during the course of the audit.

Among the issues that have been communicated to the entity's Director, we determine those that have been most significant to the audit of the financial statements of the current period and that are, consequently, the risks considered most significant.

We describe those issues in our audit report unless legal or regulatory provisions prohibit public disclosure of the matter.

NOTES TO THE FINANCIAL STATEMENTS PERIOD ENDING ON MARCH 31, 2021

1. THE COMPANY'S BUSINESS ACTIVITY.

1.1. HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U. was founded as a limited corporation on December 9, 2010, before the Notary Public of the Guild of the Canary Islands, whose office is located in Maspalomas, Mr. Valentín Concejo Arranz, under his Protocol number 1524.

1.2. On March 3, 2011, the Company acquired its current condition as a Sole Proprietor Limited Liability Company. On July the 22nd, 2011 a social agreement changes the financial year that in the corporate statutes was from October the 1st till September the 30th. However, on February the 1st, 2016 in the annual general meeting was agreed to modify the dates of starting and ending of the financial year to April the 1st till March the 31st.

1.3. Its main corporate mission comprises the acquisition, promotion, construction, urbanisation, management, operation, holding, use, enjoyment of, yielding of, business management of any type, or property, buildings, tourist complexes, hotels, and /or agricultural land in the country or urban areas and personal rights or rights in rem of real-estate property including its conveyance, whether in its entirety or partially, per apartment or by means of the sale of or assignment of rotational enjoyment rights, timeshare or any other kind of rights to use. The main activity is the sale of rotational enjoyment rights of holiday units in the five resorts called Playa Amadores, Sol Amadores, Vista Amadores, Jardín Amadores and Puerto Calma, as well as the management of a theme park in the municipality of Mogán, in Gran Canaria.

1.4. The Corporate offices are located at Avenida Anna Lindh 1, Urbanización Amadores, in the municipality of Mogán (Gran Canaria).

1.5. On April 6th, 2011 the Public Deed was signed, by means of which the Company, together with its related company HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U., acquired the business of the five tourist complexes which they are currently operating. In said acquisition, the Company was assigned the unsold weeks, which were recorded in the inventory for the amount of 3,730,000 Euros; the rights to client's loans recorded as financial assets for the amount of 2,251,656 Euros, and the Goodwill corresponding to the main business of "Timeshare" for the amount of 1,967,742 Euros. The remaining assets (real-estate property and goodwill from the administration and maintenance business) was assigned to the abovementioned related Company. On June 1, 2012 a public Deed was also signed comprising a series of agreements related to the purchase of the business described above, which caused amongst other things, goodwill to be adjusted to 1,807,995 Euros.

1.6. The Company is a part of a Group whose parent Company is HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., headquartered in the same address. Said company does not present yearly consolidated accounts, because it is not mandatory due to its size. This Spanish Group is integrated in a higher one, which parent company is Holiday Club Resorts Oy, located in a European Union Member, Finland, which presents yearly consolidated accounts. In addition, Holiday Club Resort OY is a member of a group which parent company is Mahindra & Mahindra limited, located in India.

The spanish group is composed of the next companies:

-HOLIDAY CLUB CANARIAS INVESTMENT, SLU

-HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU

-HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU

-HOLIDAY CLUB CANARIAS VACATION CLUB, SL

1.7. At the date of formulation of these annual accounts, Royal Decree 926/2020 of October 25th is in force, extending the state of alarm for the management of the health crisis situation caused by COVID-19.

The Company has been opening and closing the five hotels since March 23rd, taking into account the market demand and the health situation at any time. This situation has affected the Group's three companies in the Canary Islands equally: HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU (company that originally owns the weeks it sells under Time Sharing scheme) and the one that manages the Angry Birds activity park, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU (company that manages the maintenance of the hotels) and HOLIDAY CLUB CANARIAS VACATION CLUB, SLU (company that buys weeks of accommodation and exploits the Group's available weeks in the Canary Islands).

The main consequences of the closure have been the following:

- Personnel: due to the closure of the hotels, the Group companies in the Canary Islands have carried out a temporary employment regulation file (ERTE) that has affected 116 people out of the total of 128 people who work in the Group. These employees have been affected and disaffected by the ERTE during different periods along the financial year.
- Tour Operators: The Group in the Canary Islands exploits unsold weeks as a hotel service through the entity VACATION CLUB. This hotel activity has been logically interrupted, so that agreements with tourism providers have been temporarily suspended
- Owners: The Group in the Canary Islands invoices week's owners at the beginning of the calendar year for maintenance fees through the entity RESORT MANAGEMENT. Given that the activity has been abruptly interrupted before the end of the year, the company in the Canary Islands is offering owners the possibility of compensating the effect of not enjoying their week in exchange for being able to enjoy two weeks in the period 2021-2022. At the date of formulation of these annual accounts, the majority of the owners are welcoming this measure.
- Financial and non-financial assets: No possible deterioration has been identified at the date of formulation of these annual accounts. Logically, if the situation of inactivity lasts for longer, the circumstances would have to be analyzed again.
- Liquidity: The situation of the Group's treasury in the Canary Islands is not worryin in the short term. With the liquidity that was already available, we must add the provision of a new ICO line of credit loan for the amount of 500,000 euros signed on 23/03/2020 and another one for the same amount signed on 02/05/2020.

2. BASIS USED FOR THE PRESENTATION OF THE ANNUAL ACCOUNTS

The figures contained in the balance sheet, in the Profit & Loss Account, in the Statement of Changes to Equity, in the Cash-flow Statement and in this Report are expressed in Euros, which, upon being rounded out, cause small differences in their presentation.

These annual accounts are presented for approval to the Ordinary General Meeting of Members.

2.1. True and Fair View.

The annual accounts are obtained from the Company's accounting records and have been presented according to the regulations set out in Law 16/2007 of July 4, on the revised and adapted mercantile accounting legislation to harmonise it internationally on the basis of the European Union and by Royal Decree 1515/2007 of November 16th, in which the General Accounting Plan was approved and the added modifications by Royal Decree 1159/2010 of September 17th and Royal Decree 602/2016 of September 2nd, in order to reflect a true and fair view of the Equity, the financial situation and the Company's Profit & Loss as well as the veracity of the streams incorporated into the Cash-flow, according to generally accepted accounting practices and regulations.

2.2. Non-Mandatory Accounting Principles Applied

During this Financial Year, only those Accounting Principles mandatory according to the Spanish Business Code and the Small & Medium Companies General Accounting Plan have been applied.

The Administrative Body has formulated these Annual Accounts, taking into account all mandatory accounting regulations and principals which carry a significant effect.

There is no principle which, if mandatory, has not been applied.

2.3. Critical Aspects in the Valuation and Judgement of Uncertainty.

At the end of the financial year some estimations are used to formulate these annual accounts: calculation of the assets impairment, estimation of the assets useful life, and more. Due to future development, it is possible that additional information to the existing at the date of formulation of these annual accounts make that some estimates have to be changed in future periods.

At the end of the financial year the company has a negative net worth per books for amount of 456,900 Euros. It means that, according to the article 363 of the Law on corporations, the company is in cause of dissolution.

However, shareholders consider that there are some mitigating factors, based on the fact that the reasonable value of the week's inventory owned by the company is much bigger than the accounted value. It means that the real net worth per books is very positive (See Note 10.1 and 10.2)

2.4. Comparing Information.

The figures corresponding to the Financial Year ending on March 31, 2021 according to the current law, show comparatively the balances of the previous financial period, which match with the information of the annual account for the financial period 2020. The difference the format used last period for the annual account was the regular one and this year was the abridged one, according to the current law.

3. APPLICATION OF RESULTS.

The proposal for the application of the results of the financial period ending March 31, 2021 which the Administrators shall draw up for approval by the Members, together with the distribution approved for the period ending on March 31, 2020, is as follows:

Euros	**2021**	2020
Distribution Balance		
Financial Period Losses	**(707,974)**	(114,474)
Distribution		
Losses accumulated from previous Financial Periods	**(707,974)**	(114,474)
Total	**(707,974)**	(114,474)

4. RECOGNITION AND MEASUREMENT REGULATIONS.

The main accounting principles and practices applied in the drafting of the Annual Accounts follow current legislation, highlighting as most important the principles of company operation, accrual, consistency, prudence, non-compensation and relative importance.

The most significant accounting criteria applied in the drafting of the Annual Accounts is the following ones:

4.1. Intangible Fixed Assets.

The intangible fixed assets are comprised of Goodwill and Computer applications which are valued at their acquisition price, including necessary additional expenses to get them up and running. The computer applications are amortised at 33 per cent according to their useful lives and the Goodwill is amortised at 10 per cent according to the Royal Decree 602/2016 of December 2, which determine that this intangible has to be amortised in 10 years.

At the closing of the financial period, goodwill has been measured and no impairment has been identified, as it has been estimated that the recoverable value is higher than the accounting value.

4.2. Tangible Fixed Assets.

These have been appraised at their acquisition cost, including those additional costs necessary to put the assets into operation.

Maintenance and repair costs which do not improve the use of or extend the useful life of the assets are charged to the Profit and Loss account when they occur.

It is depreciated linearly depending on the useful life of assets and their residual value, according to the normal depreciation experienced during its operation, use and enjoyment, using as a reference point, the regulations contained in Law 27/2014 of November 27th, in which the Regulation of Corporate Taxes was approved, without prejudice to taking into consideration the technical or commercial obsolescence which could affect it. The percentages applied are the following:

Buildings.	11 %
Machinery.	10 - 25%
Other installations.	10 - 25%
Furniture.	10 - 25 %
IT Equipment	15- 25 %
Vehicles	12 %
Other intangible assets.	10 - 33 %

The Company's administrators consider that the accounting value of these assets does not exceed their recoverable value.

4.3. Financial Instruments

The Company's financial instruments are classified as:

a) Loans and accounts receivable, including those loans for commercial or non-commercial operations. Those who´s maturity is no longer than one year are valued at their face-value, because they do not have any contractual interest rate and the effect of not up-dating the cash-flow is not significant. Those whose maturity is over one year are measured at their reasonable value, equal to the value of the compensation delivered plus directly attributable transaction costs. Interests accrued are accounted for in the Profit & Loss Account, applying the Effective Interest Rate method.

Loss due to impairment of the value of these financial assets is the difference between their book value and the real value of future cash-flow estimated to be generated by them, less the effective interest rate calculated at the time of their initial recognition. The reversal of the impairment shall be limited by the loan's book value.

b) Investments held until their maturity: The financial assets that the Company means to hold until their maturity has been included in this category. Their initial valuation is their reasonable value, which saving evidence to the contrary, shall be the price of the transaction plus those transaction costs directly attributable to them. Their subsequent valuation shall be measured at amortised cost. Interest shall be applied to the Profit and Loss Account at an effective interest rate. No corrections have been applied to their values.

c) Debits and accounts payable, including debits from commercial operations and the amounts owed by non-commercial operations: They will initially be measured by their reasonable value, except those debits which are for trade operations with a maturity of not more than one year and which do not bear any contractual interest, the amount of which is expected to be paid off short term, which are valued at their face value. Interest accrued is accounted for in the Profit and Loss Account, applying the effective interest rate method.

Financial instruments are classified as short and long-term, according to whether their maturity is less than or more than twelve months, respectively.

The Company has complied with requirements set out in the regulations relating to governing, recording and measurement of financial instruments.

4.4. Inventories.

The Company's commercial stocks correspond to rotational enjoyment rights of rooms in the possession of the Company and are valued at acquisition price.

The Company's Administrators consider that the book value of the inventories does not exceed their recoverable value.

4.5. Transactions in Foreign Currency.

The accounts mentioned in foreign currency are measured at the exchange rate in effect at the time of the transaction. Positive or negative differences occurring at the time of payment or collection as a consequence of monetary fluctuations are carried over to the Profit and Loss Account. At closing of the period, differences both positive and negative that did not occur are carried over to the Profit and Loss Account.

4.6. Profit Tax.

The Company pays tax under the Tax Consolidation System, according to what is set out in Chapter 7 of Royal Legislative Decree 4/2004 of March 5, in which the Revised Text of the Corporate Tax Law was approved. Holiday Club Canarias Investment is the parent Company which presents the correspondent settlement.

Following the Accrual Principle, profit tax has been charged as an income during the period. Current tax has been calculated per the financial results before taxes, adjusted by permanent differences and consolidation and decreased by applying deductions, as set out in the tax regulations in effect.

Income has also been accrued from deferred tax by activating tax credits at different times, originated in part by a fiscally non-deductible amortisation.

4.7. Income and Expenses.

Income and expenses are charged according to the actual stream of goods and services which they represent and regardless of when the monetary or financial flow deriving there from arises.

Revenue from sales and services performed will be measured at the fair value of the consideration received or receivable; the amount of any discount deducted, reduction in the price or other similar items that the company might grant. They are recognized when all the risks and significant benefits inherent in the ownership of the property have been transferred to the buyer.

Purchases and services incorporate taxes levied on the operation, with the exception of the VAT when deductible status is had.

4.8. Provisions and Contingencies.

Provisions are present obligations on the date of the balance sheet that have arisen as a result of past events; the amount and timing of cancellation are undetermined. Provisions are recorded at the current value of the estimated amount that the company will have to pay to settle the obligation in the future.

Contingent liabilities are potential liabilities arising as a result of past events, whose realization is contingent upon that happening or not, one or more future events independent of the will of the Company. Contingent liabilities, as well as the Provisions whose amount cannot be estimated reliably or it is not very likely that the Company must dispose of resources embodying profits, for their cancellation are not recognized for accounting purposes but are broken down in the Report.

All the possible contingencies due to the health crisis of the COVID-19 have been taken into account.

4.9. Personnel Expenses.

Personnel expenses are recognised on the basis of their accrual, considering that bonus payments are accrued on a yearly basis. There are no commitments for pensions nor retirement bonuses in the Company.

4.10. Grants, Donations and Legacies.

Capital grants, which are non-refundable, are recorded directly in Equity as revenue, excluding the tax effect and are attributed to the Financial Period's results in proportion to the allocation of depreciation in the period for the assets pertaining to the grant.

The operating grants are attributed to the financial period for the granted amount.

4.11. Criteria used in transactions between related parties.

Transactions between related parties are accounted for, in general, by their reasonable value.

5. INTANGIBLE FIXED ASSETS.

5.1. The transactions that occurred during the 2021 and 2020 periods were the following:

Euros	Balance 2019	Acquisitions	Disposals	Balance 2020
Gross Costs.				
Goodwill	1,807,995	–	–	1,807,995

7.3. Corrections due to Impairment caused by Credit Risk.

Transactions in the corrective accounts representative of impairment losses due to credit risk to customers are as follows:

Euros	**Amount**
Balance at March 31, 2019	162,273
Impairment Maturity (Note 13.1)	72,628
Impairment reversal (Note 13.1)	(131,392)
Balance at March 31, 2020	103,509
Impairment Maturity (Note 13.1)	118,426
Impairment reversal (Note 13.1)	(20,473)
Balance at March 31, 2021	**201,462**

Information relating to the Profit and Loss Account.

7.4. Financial Income.

Under the heading Financial Income from Marketable Securities and Other Financial Instruments in the Profit and Loss Account for the amounts of 58,394 Euros and 90,548 Euros for 2021 and 2020 Financial Periods respectively, correspond mainly to the accrual of default interest on late payments from clients.

Other Information.

7.5 Reasonable Value.

The book value of the financial assets is an acceptable approximation to the reasonable value.

Equity Instruments not being traded on an active market according to what is provided for in the 9th Rule of Recognition and Measurement of the Spanish New General Accounting Plan, are valued at their cost.

Equity Instruments traded on an active market according to what is provided for in the 9th Rule of Recognition and Measurement of the Spanish New General Accounting Plan are measured at their reasonable value.

7.6 Information Regarding the Nature and Level of Risk from Financial Assets:

Due to its normal activity, the Company is exposed to different financial risks, essentially, credit risk, liquidity risk and market risk, the latter referring to the rate of exchange; of interest rates and other price risks.

Credit Risks:

This basically refers to sales on credit to clients and debtors. To prevent possible effects, credit granted to clients and debtors are granted based on a preliminary solvency study and strict follow-up of loans and receivables. The client base is quite diversified.

Liquidity Risk:

The Company tries to keep an adequate liquidity ratio at all times to be able to honour its commitments, ensuring that current assets not including inventories, shall reasonably cover the current payables.

Market Rate Risk:

Due to the Company's activity and scope, it is subject to exchange rate risks of the sales made in foreign currency, depending on the volatility of the exchange rates.

Interest rate risks are minimum, because the Company grants loans at a fixed interest rate.

7.7 Accrual adjustments

In January, every year, the company assumes the debt with the related company Holiday Club Canarias Resort Management SLU related to the yearly maintenance fees of the unsold weeks. At the end of the financial year there are, in the accrual adjustment balance, the proportional part of the not accrued months in March 31, 2021, for the amount of 1,321,131 Euros, 1,638,934 Euros in March 31, 2020.

8 FINANCIAL LIABILITIES.

Information related to the Balance Sheet.

8.1. Categories of Financial Liabilities:

The breakdown of the financial liabilities by categories and classes is as follows:

Euros	Debits with Credit Institutions		Bonds and Other Market Securities		Derivatives/Others	
	2021	2020	**2021**	2020	**2021**	2020

Information relating to the Profit and Loss Account and Equity.

8.3 Financial Expenses

The heading for financial expenses for debts with group and associated companies for the 2021 and 2020 financial years for the amounts of 255,467 Euros and 275,309 Euros, respectively, correspond to the accrual of interest on loans granted by group companies (See Note 18.3). The heading of debts to third parties includes interest accrued with credit institutions and the amount for the 2021 financial period was 130 Euros and for the financial period 2020 is 772 Euros.

Other Information.

8.4 Reasonable Value.

The book value of the financial liabilities is an acceptable approximation to the reasonable value.

8.5 Information on the Nature and Level of Risk from Financial Liabilities

Due to its regular activity, the Company is exposed to diverse financial risks, basically credit risks, liquidity risks and market risks, the latter of which refers to exchange rate risks, interest rate risks and other price risks.

9 SHAREHOLDERS' EQUITY.

9.1 The share capital, for an amount of 3,100 Euros, comprises 31 shares of 100 Euros face value each.

9.2 As per the Revised Text of the Law of Share Capital Companies, a figure equal to 10% of the period's profit must be kept in a reserve fund until this reaches at least 20% of the share capital. During the 2012 financial period, 3,100 Euros were allocated to these reserves.

9.3 The Canary Islands Investments Reserve Fund for the amount of 3,093,871 Euros, is subject to the availability limitations established in the tax regulations.

9.4 The corporation HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., owns 100 per cent of the share capital of the Company.

9.5 The breakdown of the heading "other reserves" from the Balance Sheet, is as follows:

Euros	2021
Legal reserve	**3,100**
Voluntary Reserves	**1,892,290**
Canary Islands Investment Reserves	**3,093,871**
Goodwill Reserves.	**406,799**
Totals.	**5,396,060**

10 INVENTORIES.

10.1. Inventories show the following break-down:

Euros	2021	2020
Merchandise in Stock, Angry Birds Theme Park.	**36,183**	35,969
Unsold Weeks in Stock	**7,459,817**	7,322,151
Totals.	**7,496,000**	7,358,120

10.2 The transactions of unsold weeks in stock during the 2021 and 2020 financial periods, have been as follows:

Euros	Balance 2020	Acquisitions	Disposals	Balance 2021
Unsold weeks in stock	7,322,151	185,550	(47,884)	7,459,817
	Balance 2019	**Acquisitions**	**Disposals**	**Balance 2020**
Unsold weeks in stock	7,237,777	674,326	(589,952)	7,322,151

Acquisitions of inventory during the 2021 and 2020 financial period owes to the weeks sold in previous financial periods and recovered in 2021 and 2020, due to defaulting on payment of clients of their debts to the Company, weeks received from the relates company RESORT OY or weeks that come back to the company due to a court ruling (See Note 14.1)

There are not commitments for sales or purchases or a future contract about the inventories or restraints on disposal.

10.3 There were suppliers' advances for the amount of 2,199 Euros for the financial period 2020.

10.4 There are no signs of impairment to the inventories at the end of the financial periods 2021 and 2020.

11 FOREIGN CURRENCY.

11.1 Assets in foreign currency mostly correspond to commercial loans for the sale of weeks in stock. The most significant balances in the diverse foreign currencies are detailed below:

Foreign currency	Balance at 2021	Exchange Rate at 2021	Euros at 2021
- Pounds Sterling	103,526	0.85378 libra/euro	121,256
Foreign currency	**Balance at 2020**	**Exchange Rate at 2020**	**Euros at 2020**
- Pounds Sterling	76,523	0.88643 libra/euro	86,327

11.2. The exchange differences recognized in the financial year 2021and 2020 with debit balance for the amount of 6,662 Euros and 14,053 Euros respectively are related to the settled transactions during the period.

12 TAX POSITION.

Profit Tax.

12.1. Tax Consolidation Regime

The Company is taxed in the consolidated tax system in accordance with Chapter VI, title VII of the 27/2017 law, of 27th November of the profit tax, which approved the revised text from the Law of Corporate Tax.

The Tax Group comprises the following corporations:

Parent: Holiday Club Canarias Investment, S.L.U.

Subsidiaries: Holiday Club Canarias Sales & Marketing, S.L.U., Holiday Club Canarias Resort Management, S.L.U. and Holiday Club Canarias Vacation Club S.L.

12.2 Individual Tax Base.

The reconciliation of the net amounts of income and expenditures for the financial period against the tax base of Corporate Tax is the following:

Euros	Profit & Loss Account	Inc. & expend. directly attributable to Equity
Balance of income and expenditure for the financial year	**(702,974)**	–
Total Expenditure on Income Tax	**(566,291)**	–
Profit Tax	**(653,658)**	–
Current Tax	**87,367**	–
Deferred Tax		
Goodwill Deduction	**90,400**	–
Non-deductible Expenses	**1,000**	–
Temporary Differences		
70% Limit Amortization	**(30,413)**	–
Tax Base (Tax Profit & Loss)	**(1,208,279)**	–
Internal operations (Eliminations / additions)	**(312,971)**	
Negative tax bases	**(1,000,000)**	
Tax base (tax result)	**(2,521,250)**	

12.3. Corporate Tax Settlement

By applying the tax rate over the tax base, you obtain the total tax due for the tax group which is reduced by the items and amounts expressed below:

Euros	2020
Full fee (25% of taxable income)	**(630,312)**
DAFN 18/19	**(9,473)**
DAFN 20/21	**(6,189)**
Deduction Reversion Temporary measures (DT 36 LIS)	**(7,684)**
Liquid fee	**(653,658)**

Under the rules applicable to the Tax Consolidation Regime, the taxable income of the tax group is determined by adding individual taxable bases corresponding to the companies comprising the Fiscal group, deletions, additions of deletions carried out in previous years and, in the event that the above sum proves to be positive, compensating the carry-forwards of the Fiscal group, as well as the outstanding tax bases to be applied by the companies taxable at the time of joining the Tax Group.

In consequence, the Individual Tax Base of Holiday Club Canarias Sales & Marketing, S.L.U., for a negative amount of 653,658 Euros, are subject to addition together with the rest of the tax bases of the remaining companies comprising the Tax Group. The group tax base includes the elimination and net addition for the amount of 312,971 Euros related to internal operations made by Holiday Club Canarias Sales & Marketing, SLU.

The tax base of the group, before the compensation of the negative tax bases (BINs) amounts 1,220,195 Euros. This base is reduced by the application of the BINs, therefore the final tax base of the group amounts 220,195 Euros. By applying the tax rate (25%) over the tax base is obtained the gross tax payable which is totally reduced by the application of the tax deductions for the amount of 55,049 Euros.

The BINs pending to apply the next years amount 433,984 Euros.

12.4 Breakdown of expenditure on Income Tax.

The expenditure on Income Tax accrued in the financial periods 2021and 2020 is broken down as follows:

Euros	2021	2020
1. Current Tax	**(653,658)**	(265,837)
2. Deferred tax	**87,367**	95,039
- Temporary differences, 70% limit fiscal amortisation	**9,124**	9,124
- Temporary differences from intragroup operations	**78,243**	85,915
3. Total expenditure on income tax.	**(566,291)**	(170,798)

12.5. Deduction because of the investments

Investments in fix assets during the financial period subject to deduction amount 24,757 Euros. Using the deduction rate (25%) in the investments made during the financial year, a deduction for the amount of 6,189 Euros is obtained. It means that, at the end of the financial period, the outstanding deductions are as follows:

Euros

Exercise	Initial outstanding amount	Acquisitions	Applications	Balance 2021	Limit	Time limit
2018	8,847	–	–	**8,847**	**50%**	**2033**
2019	9,473	–	(9,473)	**–**	**50%**	**2034**
2020	34,518	–	–	**34,518**	**50%**	**2035**
2021	–	6,189	(6,189)	**–**	**50%**	**2036**
Totals	52,838	6,189	(15,662)	**43,365**		

12.6. Deferred Tax Asset.

Transactions during the 2021 and 2020 financial periods found in this heading have been the following:

Euros	Balance 2019	Acquisitions	Applications	Balance 2020
- Temporary differences, 70% limit fiscal amortisation	59,506	–	(9,124)	50,382
Totals	59,506	–	(9,124)	50,382
	Balance 2020	**Acquisitions**	**Applications**	**Balance 2021**
- Temporary differences, 70% limit fiscal amortisation	**50,382**	**–**	**(9,124)**	**41,258**
Totals	**50,382**	**–**	**(9,124)**	**41,258**

12.7 Deferred Tax Liabilities.

Transactions during the 2021 and 2020 financial periods found in this heading have been the following:

Euros	Balance 2019	Acquisitions	Applications	Balance 2020
Capital grant (Note 16.2)	79,427	–	(19,452)	59,976
Intragroup operations	–	85,915	–	85,915
Totals	79,427	85,915	(19,452)	145,891
	Balance 2020	**Acquisitions**	**Applications**	**Balance 2021**
Capital grant (Note 16.2)	**59,976**	**–**	**(19,452)**	**40,523**
Intragroup operations	**85,915**	**81,656**	**(3,414)**	**164,158**
Totals	**145,891**	**81,656**	**(22,865)**	**204,682**

12.8 The Canary Islands Investment Reserve.

The Canary Islands Investment Reserve was provided for from January 1, 2007 and what has been set out in Royal Decree Act 12/2016 of December 29, in which Law 19/1994 of July 6, Modification of the Canary Islands Financial and Tax Regime (REF) was modified, is applicable.

At the end of the financial year 2021, the situation of the Canary Islands Investment Reserve is as follows:

Euros

Item	**2011**	**2012**	**2013**
Provisions	**776,358**	**1,081,563**	**1,235,950**

Also, at the time of the initial investment relating to the opening of the Angry Birds Park, the creation of jobs occurred, which caused an increase of the total average number of employees. This has resulted in the materialization of the reserve in the creation of jobs, which, as indicated in the Report for the 2014 Financial Period, amounted to 201,892 Euros.

During the financial period 2015, the Company has carried out the following investments: using the Reserve on the following assets and on the dates indicated in the following table. This table shows the Financial Period for which the provisions were materialised by type of asset is indicated:

Euros

Account	Item	Acquisition Date	Acquisition Amount	Amount materialised	Provision 2013

		IT Equipment	**3,740**	**3,740**	**3,740**

Furthermore, on the occasion of the initial investment for the launch of the Angry Birds Park on November 1, 2013, jobs have been created which have determined an increase of the average total number of staff. This has resulted in the realization of the reserve due to the creation of jobs.

In particular, the increase to the average amount of staff pursuant to Article 27.4.C of Law 19/1994, July 6 and Article 10 of the Royal Decree of 1758/2007, was 10.56 employees.

During the financial period 2015, the amount of 24,136 Euros is the average cost of the gross wages and compulsory social contributions of employees connected to the Park. Consequently, in accordance with Article 27.6 of Law 19/1994, the materialization of the reserve due to the increase of the number of employees at the initial investment, is 254,879 Euros

This investment, due to the creation of jobs materializes part of the reserve allocated in the Financial Period 2013.

During the financial period 2016, the Company has carried out the following investments: using the Reserve on the following assets and on the dates indicated in the following table. This table shows the Financial Period for which the provisions were materialised by type of asset is indicated:

Euros

On March 31, 2017 the partners agreed to dispose part of the RIC 2013 special reserve, so that they agreed to transfer part of the special reserve to voluntary reserves, specifically for the amount pending to materialize at this date, the amount of 1,229,049 Euros. Consequently, one of the requirements established in the article 27 of the Law 19/1994 has been violated, integrating, in accordance with article 27.6 of Law 19/1994, this amount into the tax base of the corporate tax corresponding to 2017 period.

As a result of this breach, moratory interests have been paid to the administration for the amount of 53,975 Euros, of which 46,096 Euros were accrued as at March 31, 2017

The realization for the amount of 26,781 Euros in the annual report for the financial period 2017 that was booked in the account 21100001, has been reclassified during the financial period 2018 to the account 21901008, but the assets are still in the company with the same amount and all the requirements related to the realization have been fulfilled.

Finally, it must be reported that the Company has not carried out investments prior the provision and it has not been benefited from any other tax benefit accrued at the time of the Investments made as a result of the realization of the RIC.

12.9 Financial Periods Open to the Possibility of a Tax Inspection.

As set forth in current legislation, taxes cannot be considered definitively settled until the tax returns presented have been inspected by the tax authorities or the four-year statute of limitations has run out.

At the closing date, the company is also open to inspection of all the taxes that are applicable to it, corresponding to the last four years.

The Board of Directors of the Company considered that liquidations of the mentioned taxes have been properly settled, so, even though discrepancies could arise in the interpretation or the existing tax regulations by the handling of tax granted to the operations, the eventual resulting liabilities in case of materialisation would not significantly affect the abridged annual accounts.

13 INCOMES AND EXPENSES

13.1 Breakdown of the following items in the Profit and Loss Account:

4.a) Consumption of goods: corresponding to the cost of the acquired weeks and with purchases of merchandise and merchandising for the Theme Park. The amounts are as follows:

Euros	**2021**	2020
Cost of weeks acquired	**1,642**	78,345
Merchandise purchased Theme Park	**32,975**	155,484
Change in Inventory merchandise Theme park	**(215)**	11,177
Totals	**34,402**	245,007

The purchase of acquired weeks has been carried out in Spanish territory and the theme park merchandise has been purchased from members countries of the European Union.

6.b) Social security: corresponds entirely with the business contribution whose amount totalled 259,194 Euros and 294,885 Euros for the Financial Periods 2021 and 2020, respectively.

During the period 2021 have been accounted Social Security grants related to the employees affected by the ERTE for the amount of 155,141 Euros.

7.a) External Services:

Euros	**2021**	2020
Leases and Charges	**20,003**	152,603
Repair and Maintenance	**1,991,509**	2,105,534

Other Services	**15,176**	74,836
Totals	**2,644,426**	3,174,635

7.c) Losses on, impairment of and change in trade provisions:

Euros	**2021**	2020
Losses from bad debts	**25,650**	239,498
Trade Provision	**118,426**	72,628
Excess Trade Provision	**(20,473)**	(131,392)
Provision packs	**–**	(20,039)
Provision Sales-persons' commissions	**(51,979)**	3,126
Provision Transfers	**–**	(69,610)
Provision RCI	**(1,160)**	(19,881)
Other provisions	**(7,466)**	(5,551)
Totals	**62.998**	68.779

13.2. Other results: these correspond to the net of Profit & Loss that stem from events that are not a part of the Company's typical activities and which are not expected to occur frequently. In the financial year 2021 and 2020 they correspond, mainly, to the long term provision the for amount of 195,000 Euros and 326,649 Euros, respectively (See note 14.1)

14 PROVISIONS AND CONTINGENCIES.

Provisions

14.1 The long-term provision for the amount of 641,416 Euros corresponds to judicial processes in favour of different clients for claims for weeks sold in previous periods. Transactions during the 2020 and 2021 financial periods are as follows:

Euros	Balance at 2019	Acquisitions	Disposals	Balance at 2020	Acquisitions	Disposals	Balance at 2021
Long-term provisions	344,882	326,649	(116,692)	554,838	195,000	(108,422)	**641,416**

The company has been sued for several clients arguing that the contracts are null for de amount of 6,240,000 Euros. At the date of preparation of these annual accounts 134 claims have been received. 25 have been closed and 80 of them have a ruling from first instance and 21 have also a ruling from second instance. A positive ruling from the Supreme Court has been also received. The rulings are mostly negative for the company for the amount of 1,900,000 Euros. The amount to pay for the rulings can be the money received for the company minus the enjoyment of the weeks or a bigger amount. Although there are unfavourable rulings all of them have been appealed and are expected to get a favourable ruling for the contracts signed after July 2012. Most of them are in this case. The maximum risk has been quantified in 641,416 Euros for March 31, 2021.

14.2 The short-term provision corresponds to the accrual of commissions pending payment to sales staff and provisions for the cancellation of sales. The balance at the end of the financial years 2021 and 2020 amounts 15,736 euros and 76,341 Euros, respectively. Transactions during the 2020 and 2021 financial periods are as follows:

Euros	Balance at 2019	Acquisitions	Disposals	Balance at 2020	Acquisitions	Disposals	Balance at 2021
Short-term provisions	188,296	3,126	(115,081)	76,341	9,167	(69,772)	**15,736**

Contingencies.

14.3 There are guarantees provided to one of the group Companies, to respond to a loan granted by a financial institution, amounting 500,000 Euros at the end of the financial year (see Note 18.3).

14.4 The company provided a guarantee to a Finance company for the amount of 204,450 Euros to face all the trials commented in the note 14.1. being also endorsed by the company of the group Holiday Club Canarias Resort Management SLU. (See Note 18.3)

14.5 All the contingencies due to the health crisis because of the COVID-19 have been taken into account and have been detailed in the Note 1.7.

15. ENVIRONMENTAL INFORMATION.

Given the activity that the Company carries out, there are no responsibilities, expenses, assets or contingencies of any environmental nature that could be of any significance with regard to equity, the financial position and its results. Therefore, no specific breakdowns are included in this report.

16. GRANTS, DONATIONS AND LEGACIES.

16.1 On June 24, 2014 a grant was given by the Ministry of Finance and other Public Administrations for the investment Project in the Angry Birds Theme Park, for the amount of 870,213 Euros. On April 2018 the company paid back 69,982 Euros because some conditions were not complied.

16.2 Variations in the capital grant during the financial years 2021 and 2020 are as follows:

Euros	Balance 2019	Acquisitions	Transfer to results	Balance 2020
Capital Grant	317,710	–	(77,807)	239,903
Tax Effect	(79,427)	–	19,452	(59,976)
Totals	238,283	–	(58,355)	179,928

Euros	Balance 2020	Acquisitions	Disposals	Balance 2021
Capital Grant	**239,903**	**–**	**(77,807)**	**162,096**
Tax Effect	**(59,976)**	**–**	**19,452**	**(40,523)**
Totals	**179,928**	**–**	**(58,355)**	**121,573**

17 EVENTS AFTER THE CLOSING OF THE YEAR.

No events have occurred after closing that could be considered significant and affect the financial period's accounts.

18. TRANSACTIONS BETWEEN RELATED PARTIES.

18.1 Regarding the Managing Board and Key Company Staff.

Managers and the key personnel of the company with whom related-party transactions have been carried out are the following:

- Mr. Calvin Stuart Lucock, Administrator and Managing Director.

Remuneration paid to managers and key personnel of the company, during the financial period 2021, in their status as employees of the company, amounts to 48,800 Euros and 48,800 Euros for the financial period 2020.

On the Balance Sheet there is a current account with partners and administrators at March 31, 2021, that amounts 679 Euros in favour of the manager. (5,764 Euros at March 31, 2020)

18.2 Information required by Article 229 Of the Corporate Enterprises Act.

According to the Article 229 of the Corporate Enterprises Act, we hereby inform that the members of the Board of Directors do not have shares or hold positions or perform functions in companies whose corporate purpose is the same, similar or complementary to the Company's.

However, the members of the Board of Directors hold various shares in companies related to the Company and hold management positions and carry out functions related to the management, which have not been subject to inclusion in this Note of the Report, as this does not pose any conflict with regard to their duties of diligence and loyalty or the existence of potential conflicts of interest in the context of Law 26/2004 17 July, that amended Law 24/1988, of July 28, in which the market values and the text revised from the Corporate Enterprises Act approved by Royal Legislative Decree 1/2010 of 2 July.

Also, during the Financial Period, the members of the Board of Directors have not carried out transactions outside the normal course of business beyond the ordinary traffic or in conditions other than those of the market with the company or group companies. The only transactions with administrators are those outlined in Note 18.1.

18.3 Transactions and Balances with Group companies:

The transactions carried out with Group companies during the Financial periods 2021 and 2020, are the following:

Euros	2020		
Company	**Financial Expenses**	**Services received**	**Services rendered**
Holiday Club Canarias Resort Management, SLU	–	2,048,272	180,143
Holiday Club Resort OY	–	309,463	239,668

20 INFORMATION ABOUT DEFERRAL PAYMENTS MADE TO SUPPLIERS. THIRD ADDITIONAL REGULATION TO THE "DUTY OF INFORMATION" OF LAW 15/2010 OF 5 JULY.

The average period for payment to suppliers and creditors is 34 days for the financial year 2021 (49 days for the financial year 2020).

In Mogán, April 15, 2021.

REPORT OF THE INDEPENDENT AUDITOR ON THE FINANCIAL STATEMENTS

To the Sole Shareholder of HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU:

Report on the Financial Statements

We have audited the financial statements of HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU, (the Company) which comprise the balance sheet as at March 31, 2021, and the income statement, statement of changes in equity, the cash flow statement, and the related explanatory notes thereto for the year then ended.

In our opinion, the accompanying financial statements present, in all material aspects, a true and fair view of the net equity and financial situation of the Company as at March 31, 2021 and of its results and cash flows for the year then ended, in accordance with the regulatory financial reporting framework that is applicable (identified in note 2 to the financial statements) and, in particular, with the accounting principles and criteria contained therein.

Basis for the opinion

We have carried out our audit in accordance with the prevailing standards governing the activity of auditing accounts in Spain. Our responsibilities in accordance with these standards are described later in the section of our report on *"Responsibilities of the auditor in connection with the audit of the financial statements"*.

We are independent from the Company in accordance with the requirements on ethics, including those of independence, which are applicable to our audit of financial statements in Spain, as required by the regulations governing the activity of auditing accounts. In this regard, we have not provided services other than the audit of the financial statements, nor have situations or circumstances arisen that, in accordance with the aforementioned regulations, may have compromised our necessary independence.

We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, according to our professional judgment, have been considered to give rise to the most significant risks of material misstatement in our audit of the financial statements of the current period. These risks have been addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon we do not express a separate opinion on said risks.

Maintenance Fees incomes

As shown in the Profit and Loss account, the sales figure amounts to 5,2 million euros (see note 19), while in the current liabilities there is a balance of 4,02 million euros of short-term accruals. As explained in note 1, the main activity of the Company consists in offering maintenance services to five apartment complexes that the related company HOLIDAY CLUB CANARIAS SALES MARKETING, SLU sells by the timeshare regime, or it exploits tourism. For each calendar year, the owners' meeting of each complex approves the maintenance fees for each type of room and complex, which are invoiced in the following January, with the non-accrued portion registered in the section of short-term accruals. Due to the monetary relevance of the sales item and the diversity of quotes due to the number of complexes and types of rooms to which the Company provides services, a valuation of the sales and the short-term accruals of the Company have been considered a relevant aspect of our audit.

Our procedures consisted, among other things, in a verification of the annual quotas approved in the minutes by the number and type of rooms of each complex, verifying the accrued portion based on the time elapsed between the billing and the closing of the financial year of the Company.

Cost center for apartment complexes

As indicated in note 19, the incomes for maintenance fee amounts of 4,9 million euros. The Company divides its activity among five apartment complexes, reason why each of them supports a part of those expenses. This information is used to establish, with approval in the owners' meeting, the maintenance fees that are invoiced (income) to the owners of each Resort, differentiated by each type of room. The Company keeps track of the allocation of costs to each apartment complex and informs owners about the total expenses of the year for each of the complexes. Due to the high amount of expenses, together with the different nature of the same, where the assignment of these to each cost center entails a detailed analysis, we have considered a relevant aspect for our audit work.

As part of our audit, our procedures included the analysis of the reasonableness of the imputation of the expenses by complex. In addition, tests were carried out in detail to verify the correct assignment of the same.

Other information: Management Report

The other information includes the management report for the year ended March 31, 2021, the formulation of which is the responsibility of the Company's Director, although it is not an integral part of the financial statements.

Our audit opinion on the financial statements does not cover the management report. Our responsibility for the other information, in accordance with the requirements of the regulations governing the activity of auditing accounts, consists of evaluating and reporting on the consistency of the other information with the financial statements, based on the knowledge of the entity obtained in the performance of the audit, without including information other than that obtained as audit evidence. Likewise, our responsibility with respect to the management report consists of evaluating and reporting on whether its content and presentation are in accordance with the applicable regulations. If, based on the work we have performed, we conclude that there are material misstatements, we are obliged to report them.

Based on the work carried out, as described in the previous paragraph, except for the material misstatement described in the following paragraph, the information contained in the management report is consistent with the financial statements for 2020-2021 and its content and presentation are in accordance with the applicable regulations.

Directors' responsibilities

The Director is responsible for the preparation of the accompanying financial statements in order to present a true and fair view of the net equity, the financial position and the results of the Company in accordance with the Financial Reporting Standards applicable in Spain, and for such internal control as they consider necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In the preparation of the financial statements, the Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as appropriate, the issues related to going concern and using the accounting principle of going concern, except if the Director intend to liquidate the Company or cease operations, or if there is no other realistic alternative.

Responsibilities of the auditor in connection with the audit of the financial statements

Our objectives are to obtain reasonable assurance that the financial statements as a whole are free of material misstatement, due to fraud or error, and to issue an audit report that contains our opinion.

Reasonable assurance is a high degree of assurance but it does not guarantee that an audit conducted in accordance with the prevailing regulations governing the activity of auditing in Spain will always detect material misstatement when it exists. Misstatements may be due to fraud or error and are considered material if, individually or in aggregate, they can reasonably be expected to influence the economic decisions that users make based on the financial statements.

As part of an audit in accordance with the regulations governing the activity of auditing accounts in Spain, we apply our professional judgment and maintain an attitude of professional skepticism throughout the audit. Furthermore:

- We identify and assess the risks of material misstatement in the financial statements, due to fraud or error, design and apply audit procedures to respond to such risks and obtain sufficient and adequate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement due to fraud is higher than in the case of a material misstatement due to error, since fraud may involve collusion, falsification, deliberate omissions, intentionally erroneous statements, or circumvention of internal control.
- We obtain knowledge of the internal control relevant to the audit in order to design audit procedures that are appropriate to the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- We evaluate whether the accounting policies applied are adequate as well as the reasonableness of the accounting estimates and the corresponding information disclosed by the Director.
- We conclude on whether the use, by the Director, of the accounting principle of going concern is adequate and, based on the audit evidence obtained, we conclude on whether or not there is material uncertainty related to facts or conditions that could generate significant doubt as to the ability of the company to continue as a going concern. If we conclude that there is material uncertainty, in our audit report we are required to draw attention to the corresponding information disclosed in the financial statements or, if such disclosures are not adequate, we are required to express an amended opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to be a going concern.
- We evaluate the overall presentation, the structure and content of the financial statements, including the disclosed information, and whether the financial statements represent the underlying transactions and events in a way that expresses a true and fair view.

We communicate with the entity's Director regarding, among other matters, the scope and timing of the planned audit and the significant findings of the audit, as well as any significant internal control deficiencies that we identified during the course of the audit.

Among the issues that have been communicated to the entity's Director, we determine those that have been most significant to the audit of the financial statements of the current period and that are, consequently, the risks considered most significant.

We describe those issues in our audit report unless legal or regulatory provisions prohibit public disclosure of the matter.

NOTES TO THE FINANCIAL STATEMENTS PERIOD ENDING ON MARCH 31, 2021

1. THE COMPANY'S BUSINESS ACTIVITY.

1.1. HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U. was founded as a limited corporation on December 9, 2010, before the Notary Public of the Guild of the Canary Islands, whose office is located in Maspalomas, Mr. Valentín Concejo Arranz, under his Protocol number 1525.

1.2. On March 3, 2011, the Company acquired its current condition as a Sole Proprietor Limited Liability Company. On July the 22nd, 2011 a social agreement changes the financial year that in the corporate statutes was from October the 1st till September the 30th. However, on February the 1st, 2016 in the annual general meeting was agreed to modify the dates of starting and ending of the financial year to April the 1st till March the 31st.

1.3. Its main corporate mission comprises the acquisition, promotion, construction, urbanisation, management, operation, holding, use, enjoyment of, yielding of, business management of any type, of property, buildings, tourist complexes, hotels, farms and /or agricultural land in the country or urban areas and personal rights or rights in rem of real-estate property including its conveyance, whether in its entirety or partially, per apartment or by means of the sale of or assignment of rotational enjoyment rights, timeshare or any other kind of rights to use. The main activity is the management of five hotel complexes (Playa Amadores, Sol Amadores, Vista Amadores, Jardín Amadores and Puerto Calma, as well as the lease of commercial premises).

1.4. The Corporate offices are located at Avenida Anna Lindh, number 1, Urbanización Amadores, in the municipality of Mogán in Gran Canaria.

1.5. On April 6, 2011 the Public Deed was signed, by means of which the Company, together with its related company HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U., acquired the business of the five tourist complexes which they are currently operating. In said acquisition, the Company was assigned property for the amount of 3,170,602 Euros and the administration and maintenance operations' Goodwill valued at 1,700,000 Euros. The remaining assets (unsold weeks, customers' loan rights and goodwill corresponding to the main business of Timeshare) was assigned to the above mentioned related Company. On June 1, 2012 a public Deed was also signed comprising a series of agreements related to the purchase of the business described above.

1.6. The Company is a part of a Group whose parent Company is HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., headquartered in the same address. Said company does not present yearly consolidated accounts, because it is not mandatory due to its size. This Spanish Group is integrated in a higher one, which the parent company is Holiday Club Resorts Oy, located in a EU country, Finland, which presents yearly consolidated accounts. Furthermore, the mentioned company belongs to a group which parent company is Mahindra & Mahindra limited, located in India.

The Spanish group is composed of the next companies:

- HOLIDAY CLUB CANARIAS INVESTMENT, SLU
- HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU
- HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU
- HOLIDAY CLUB CANARIAS VACATION CLUB, SL

1.7. At the date of formulation of these annual accounts, Royal Decree 926/2020 of October 25th is in force, extending the state of alarm for the management of the health crisis situation caused by COVID-19.

The Company has been opening and closing the five hotels since March 23rd, taking into account the market demand and the health situation at any time. This situation has affected the Group's three companies in the Canary Islands equally: HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU (company that originally owns the weeks it sells under Time Sharing scheme) and the one that manages the Angry Birds activity park, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU (company that manages the maintenance of the hotels) and HOLIDAY CLUB CANARIAS VACATION CLUB, SLU (company that buys weeks of accommodation and exploits the Group's available weeks in the Canary Islands).

The main consequences of the closure have been the following:

- Personnel: Due to the closure of the hotels, the Group companies in the Canary Islands have carried out a temporary employment regulation file (ERTE) that has affected 116 people out of the total of 128 people who work in the Group. These employees have been affected and disaffected by the ERTE during different periods along the financial year.
- Tour Operators: The Group in the Canary Islands exploits unsold weeks as a hotel service through the entity VACATION CLUB. This hotel activity has been logically interrupted, so that agreements with tourism providers have been temporarily suspended.
- Owners: The Group in the Canary Islands invoices week's owners at the beginning of the calendar year for maintenance fees through the entity RESORT MANAGEMENT. Given that the activity has been abruptly interrupted before the end of the year, the company in the Canary Islands is offering owners the possibility of compensating the effect of not enjoying their week in exchange for being able to enjoy two weeks in the period 2021-2022. At the date of formulation of these annual accounts, the majority of the owners are welcoming this measure.
- Financial and non-financial assets: No possible deterioration has been identified at the date of formulation of these annual accounts. Logically, if the situation of inactivity lasts for longer, the circumstances would have to be analyzed again.
- Liquidity: The situation of the Group's treasury in the Canary Islands is not worrying in the short term. With the liquidity that was already available, we must add the provision of a new ICO line of credit loan for the amount of 500,000 euros signed on 23/03/2020 and another one for the same amount signed on 02/05/2020.

2. BASIS USED FOR THE PRESENTATION OF THE ANNUAL ACCOUNTS

The figures contained in the Balance Sheet, in the Profit & Loss Account, in the Statement of Changes to Equity, in the Cash-flow Statement and in this Report are expressed in Euros, which, upon being rounded out, cause small differences in their presentation.

These annual accounts are presented for approval to the Annual General Meeting of Members.

2.1. True and Fair View.

The annual accounts are obtained from the Company's accounting records and have been presented according to the regulations set out in Law 16/2007 of July 4, on the revised and adapted mercantile accounting legislation to harmonise it internationally on the basis of the European Union and by Royal Decree 1515/2007 of November 16th, in which the General Accounting Plan was approved and the added modifications by Royal Decree 1159/2010 of September 17th and Royal Decree 602/2016 of September 2nd, in order to reflect a true and fair view of the Equity, the financial situation and the Company's Profit & Loss as well as the veracity of the streams incorporated into the Cash-flow, according to generally accepted accounting practices and regulations.

2.2. Critical Aspects in the Valuation and Judgement of Uncertainty.

At the end of the financial year some estimations are used to formulate these annual accounts: calculation of the assets impairment, estimation of the assets useful life, and more. Due to future development, it is possible that additional information to the existing at the date of formulation of these annual accounts make that some estimates have to be changed in future periods.

2.3. Comparing Information.

The figures corresponding to the Financial Year ending on March 31, 2021 according to the current law, show comparatively the balances of the previous financial period, which match with the information of the annual account for the financial period 2020.

3. APPLICATION OF RESULTS.

The proposal for the application of the results of the financial period ending March 31, 2021 which the Administrators shall draw up for approval by the Members, together with the distribution approved for the period ending on March 31, 2020, is as follows:

Euros	2021	2020
Distribution Balance		
Financial Period Profits	**1,765,257**	452,792
Distribution		
Reserve for investments on Canary Islands	**360,000**	290,000
Voluntary Reserves	**1,331,915**	–
Negative result from previous years	**73,342**	162,792
Totals	**1,765,257**	452,792

4. RECOGNITION AND MEASUREMENT REGULATIONS.

The main accounting principles and practices applied in the drafting of the Annual Accounts, follow current legislation, highlighting the principles of company operation, accrual, consistency, prudence, non-compensation and relative importance as most significant.

The most significant accounting criteria applied in the drafting of the Annual Accounts are the following ones:

4.1. Intangible Fixed Assets.

The intangible fixed assets are comprised of Goodwill.

At the closing of the financial period, goodwill has been measured and no impairment has been identified, as it has been estimated that the recoverable value is higher than the accounting value. The Goodwill is amortised at 10 per cent according to the Royal Decree 602/2016 of December 2, which determine that this intangible has to be amortised in 10 years.

4.2. Tangible Fixed Assets.

These have been measured at their acquisition cost, including those additional costs necessary to put the assets into operation.

Maintenance and repair costs which do not improve the use of or extend the useful life of the assets are charged to the Profit and Loss account when they occur.

It is depreciated linearly depending on the useful life of assets and their residual value, according to the normal depreciation experienced during operation, use and enjoyment, using as a reference point, the regulations contained in the Royal Decree 1777/2004 of July the 30th, in which the Regulation of Corporate Taxes was approved, without prejudice to taking into consideration the technical or commercial obsolescence which could affect it. The percentages applied are the following:

Buildings	3%
Machinery	12%
Other installations	12%
Furniture	10%
IT Equipment	25%
Transport elements	16%
Other intangible assets	12-33%

The Company's administrators consider that the accounting value of these assets does not exceed their recoverable value.

4.3. Real-estate Investments.

The Company classifies as Real-estate Investments, those buildings which are not being used for the production process and the profits from which are obtained through revenue from leases. The recording and measurement criteria are the same as applied to intangible fixed assets. They are amortised linearly, and the percentage applied is 3 per cent.

The Company's administrators consider that the accounting value of these assets do not exceed their recoverable value.

4.4. Financial Instruments

The Company's financial instruments are classified as:

a) Loans and accounts receivable, including those loans for commercial or non-commercial operations. Those whose maturity is no longer than one year are valued at their face-value, because they do not have any contractual interest rate and the effect of not up-dating cash-flow is not significant. Those whose maturity is over one year are measured at their reasonable value, which is equal to the value of the compensation delivered plus directly attributable transaction costs. Interest accrued is accounted for in the Profit & Loss Account, applying the Effective Interest Rate method.

   Loss due to impairment of the value of these financial assets is the difference between their book value and the real value of future cash-flow estimated to be generated by them, less the effective interest rate calculated at the time of their initial recognition. The reversal of the impairment shall be limited by the loan's book value.

b) Debits and accounts payable, including debits from commercial operations and the amounts owed by non-commercial operations: They will initially be measured by their reasonable value, except those debits which are for trade operations with maturity of no more than one year and which do not bear any contractual interest, the amount of which is expected to be paid off short term, which are measured at their face value. Interest accrued is accounted for in the Profit and Loss Account, applying the Effective Interest Rate method.

   Financial instruments are classified as short and long-term, according to whether their maturity is less than or more than twelve months, respectively.

   The Company has complied with requirements set out in the regulations governing recording and measurement relating to financial instruments.

4.5. Transactions in Foreign Currency.

Accounts mentioned in foreign currency are measured at the exchange rate in effect at the time of the transaction. Positive or negative differences occurring at the time of payment or collection as a consequence of monetary fluctuations are carried over to the Profit and Loss Account. At closing of the period, both positive and negative differences that did not occur are carried over to the Profit and Loss Account.

4.6. Profit Tax.

The Company pays tax under the Tax Consolidation System, according to what is set out in Chapter 7 of Royal Legislative Decree 27/2014 of November the 27th the Corporate Tax Law. Holiday Club Canarias Investment is the parent Company, which presents the correspondent settlement.

Following the Accrual Principle, profit tax has been charged as an expense during the period. Current tax has been calculated per the financial results before taxes, adjusted by permanent differences and consolidation and decreased by applying deductions, as set out in the tax regulations in effect.

Income and expense have also been accrued from deferred tax by activating tax credits at different times, originated in part by a fiscally non-deductible amortisation and short-term provisions allocated in previous financial periods and which are respectively, tax deductible.

4.7. Provisions and Contingencies.

Provisions are present obligations on the date of the balance sheet that have arisen as a result of past events; the amount and timing of cancellation are undetermined. Provisions are recorded at the current value of the estimated amount that the company will have to pay to settle the obligation in the future.

Contingent liabilities are potential liabilities arising as a result of past events, whose realization is contingent upon that happening or not, one or more future events independent of the will of the Company. Contingent liabilities, as well as the Provisions whose amount cannot be estimated reliably or it is not very likely that the Company must dispose of resources embodying profits, for their cancellation are not recognized for accounting purposes but are broken down in the Report.

4.8. Income and Expenses.

Income and expenses are charged according to the actual stream of goods and services which they represent and regardless of when the monetary or financial flow deriving therefrom arises.

Revenue from sales and services performed will be measured at the fair value of the consideration received or receivable; the amount of any discount deducted, reduction in the price or other similar items that the company might grant. They are recognized when all the risks and significant benefits inherent in the ownership of the property have been transferred to the buyer.

Purchases and services incorporate taxes levied on the operation, with the exception of the VAT when deductible status exists.

All the possible contingencies due to the health crisis of the COVID-19 have been taken into account.

4.9. Personnel Expenses.

Personnel expenses are recognised on the basis of their accrual, considering that bonus payments are accrued on a yearly basis. There are no commitments for pensions nor retirement bonuses in the Company.

4.10. Grants, Donations and Legacies.

The operating grants are attributed to the financial period for the granted amount.

4.11. Criteria used in transactions between related parties.

Transactions between related parties are accounted for, in general, by their reasonable value.

5. INTANGIBLE FIXED ASSETS.

5.1. As indicated in Note 1.6, during the 2011 financial period the Company acquired the goodwill corresponding to the business of administration and maintenance for the amount of 1,700,000 Euros. The transactions occurred during the financial periods 2020 and 2021 were the following:

Euros	Balance 2019	Acquisitions	Disposals	Balance 2020
Goodwill	1,700,000	–	–	1,700,000
Accumulated amortization	(510,000)	(170,000)	–	(680,000)
Net Totals	1,190,000			1,020,000
	Balance 2020	**Acquisitions**	**Disposals**	**Balance 2021**
Goodwill	**1,700,000**	**–**	**–**	**1,700,000**
Accumulated amortization	**(680,000)**	**(170,000)**	**–**	**(850,000)**
Net Totals	**1,020,000**			**850,000**

5.2. There is no evidence of impairment through March 31, 2021 on any of the elements in the Intangible Fixed Assets.

6. TANGIBLE FIXED ASSETS.

6.1. The transactions occurring during the 2020 and 2021 periods were the following:

Euros	Balance 2019	Acquisitions	Disposals	Balance 2020

Net Totals	**3,392,367**			**3,287,949**

6.2. The Buildings heading corresponds to property for which the value of the plots and buildings come to 1,061,167 euros and 2,241,952 euros, respectively.

6.3. Acquisitions during the financial period 2020 correspond mostly to the building of new apartments in some of the resorts owned by the company.

6.4. Advances and fixed assets in progress during the period 2021 for the amount of 50,573 Euros correspond to advances to buy furniture.

6.5. During the period 2020 have been transferred to real estate investments tangible asset. They were a restaurant and a pool bar and the refurbishment made during the period also because they are run now for a third party. The total net value is 265,230 Euros (See note 7.3)

6.6. There is a transport element connected to a financial lease for the amount, which was acquired for the amount of 50,393 Euros and was fully depreciated during 2020.

6.7. There are fully depreciated transport elements in use at March 31, 2021 for the amount of 424,763 Euros. (403,383 Euros on March 31, 2020).

6.8. There are no signs of impairment through March 31, 2021 for the elements in the Tangible Fixed Assets.

6.9. There are tangible assets linked to tax incentives. (See Note 11.7)

6.10. The fixed assets are covered against risk of fire, theft, etc., by means of several insurance policies with the corresponding premiums paid up to date.

7. REAL-ESTATE INVESTMENTS.

7.1. The transactions occurring during the 2020 and 2021 periods were the following:

Euros	Balance 2019	Acquisitions	Disposals	Balance 2020
Buildings	641,631	–	293,886	935,518
Accumulated amortisation	(89,178)	(17,162)	(28,683)	(135,023)
Net Totals	552,454			800,495

	Balance 2020	**Acquisitions**	**Disposals**	**Balance 2021**
Buildings	**935,518**	–	–	**935,518**
Accumulated amortisation	**(135,023)**	**(17,381)**	–	**(152,404)**
Net Totals	**800,495**			**783,114**

7.2. The heading for Plots and Buildings correspond to property in which the value of the plot and the buildings come to 356,161 Euros and 579,357 Euros, respectively.

7.3. During the period 2020 have been transferred to real estate investment tangible assets. They were a restaurant and a pool bar. During the period 2020 these intangible assets have been transferred to real estate investments and the refurbishments made during the period also because they are run for a third party. The total net value transferred is 265,203 Euros (See note 6.5)

7.4. The Company's Real-estate investments for rental have generated revenue of 28,414 Euros and 84,161 Euros during the financial periods 2021 and 2020 respectively and correspond to three restaurants, a hairdressers' salon and a diving centre

7.5. The main expenditures for these properties correspond to allocation for amortisation.

7.6. There are no signs of impairment through March 31, 2021 for the elements in the Real-estate investments.

7.7. The Real-estate investments are covered against risk of fire, theft, etc., by means of several insurance policies with the corresponding premiums paid up to date.

8. FINANCIAL ASSETS.

Information related to the Balance Sheet.

8.1 Categories of financial assets (except for investments in the equity of Group, Multigroup and associated companies)

The breakdown of financial assets (except for investments in the equity of Group, jointly controlled group and associated companies) by categories is as follows:

Euros	Equity Instruments		Debt Securities		Credits/Derivatives/Others	
	2021	2020	**2021**	2020	**2021**	2020
Long-term Financial Assets						
Investments held to maturity	**–**	–	**136,300**	136,300	**–**	–
Loans and Receivables	**–**	–	**–**	–	**5,109**	5,109
Totals	**–**	–	**136,300**	136,300	**5,109**	5,109
Short- term Financial Assets						
Loans and Receivables	**–**	–	**–**	–	**7,547,936**	4,450,919
Liquid Assets	**–**	–	**–**	–	**1,764,815**	1,543,654
Totals	**–**	–	**–**	–	**9,312,751**	5,994,573

8.2. Classification by Maturity:

The ratings depending on the maturity of the different financial assets are as follows:

Euros

Financial Assets	2022	2023	2024	2025	2026	Next	Total l/t
Investments in Group and Associated Companies	**6,399,227**	–	–	–	–	–	–
Loans to companies	**6,399,227**	–	–	–	–	–	–
Short-term financial investments	**1,557**	–	–	–	–	**141,409**	**141,409**
Debt securities	–	–	–	–	–	**136,300**	**136,300**
Other financial assets	**1,557**	–	–	–	–	**5,109**	**5,109**
Commercial Debts and other Receivables.	**1,147,153**	–	–	–	–	–	–
Trade receivable	**1,131,267**	–	–	–	–	–	–
Trade receivable from group and associated	**2,325**	–	–	–	–	–	–
Sundry Receivables	**11,850**	–	–	–	–	–	–
Personnel	**1,710**	–	–	–	–	–	–
Cash and other Liquid Assets.	**1,764,815**	–	–	–	–	–	–
Liquid Assets	**1,764,815**	–	–	–	–	–	–
Totals	**9,312,751**	–	–	–	–	**141,409**	**141,409**

8.3. Corrections due to Impairment caused by Credit Risk.

No variations due to impairment have been applied to the corrective accounts during the financial periods 2020 and 2021.

Information relating to the Profit & Loss Account.

8.4 Financial Income.

Under the heading Financial Income from Marketable Securities and Other Financial Instruments in the Profit and Loss Account, the amounts of 22,664 Euros and 34,352 Euros for the financial periods 2021 and 2020 respectively, correspond mainly to the accrual of bank account interest, term deposits and interest on commercial clients.

Other Information.

8.5. Reasonable Value.

The book value of the financial assets is an acceptable approximation to the reasonable value.

Equity Instruments not being traded on an active market according to what is provided for in the 9th Rule of Recognition and Measurement of the Spanish New General Accounting Plan are valued at their cost.

8.6. Information Regarding the Nature and Level of Risk from Financial Assets:

Due to its normal activity, the Company is exposed to different financial risks, essentially, credit risk, liquidity risk and market risk, the latter referring to the rate of exchange; of interest rates and other price risks.

Credit Risks:

This basically refers to sales on credit to clients and debtors. To prevent possible effects, credit to clients and debtors are granted based on a preliminary solvency study and strict follow-up of credits and receivables. The client base is quite diversified.

Liquidity Risk:

The Company tries to keep an adequate liquidity ratio at all times to be able to honour its commitments, ensuring that current assets not including inventories, shall reasonably cover the current payables.

Market Rate Risk:

Due to the Company's activity and scope, it is subject to exchange rate risks of the sales made in foreign currency, depending on the volatility of the exchange rates.

Interest rate risks are minimum, because the Company grants loans at a fixed interest rate.

9. FINANCIAL LIABILITIES.

Information related to the Balance Sheet.

9.1 Categories of Financial Liabilities:

The breakdown of the financial liabilities by categories is as follows:

Euros

	Debits with Credit Institutions		Bonds & Other Market Securities		Derivatives/Others	
	2021	2020	**2021**	2020	**2021**	2020
Long-term financial Liabilities						
Debits and Payables	**757,145**	616,706	**–**	–	**1,100**	1,100
Totals.	**757,145**	616,706	**–**	–	**1,100**	1,100
Short-term Financial Liabilities						
Debits and Payables	**359,561**	167,726	**–**	–	**2,940,468**	1,915,467
Totals.	**359,561**	167,726	**–**	–	**2,940,468**	1,915,467

9.2. Classification by Maturity:

Classification according to the maturity of the different financial liabilities is as follows:

Euros

Financial Liabilities	2022	2023	2024	2025	Next	Total l/t
Debts	**360,561**	313,438	294,763	127,506	22,537	758,245
Debts with Credit Institutions	**359,561**	313,438	294,763	127,506	21,437	757,145
Other financial liabilities	**1,000**	–	–	–	1,100	1,100
Debts with Group and Associated Companies	**2,761,690**	–	–	–	–	–
Trade Creditors and other accounts payable	**177,778**	–	–	–	–	–
Suppliers	**560**	–	–	–	–	–
Suppliers, group companies and associates	**177,155**	–	–	–	–	–
Staff (salaries pending payment)	**64**	–	–	–	–	–
Totals	**3,300,029**	**313,438**	**294,763**	**127,506**	**22,537**	**758,245**

Information related to the Profit & Loss Account

9.3. Financial Expenses

The heading of debts to third parties is mainly the interest accrued with credit institutions, the amounts of which come to 19,677 Euros and 8,757 Euros for the financial periods 2021 and 2020, respectively.

Other Information

9.4. Reasonable Value.

The book value of the financial liabilities is an acceptable approximation to the reasonable value.

9.5. Information on the Nature and Level of Risk from Financial Liabilities

Due to its regular activity, the Company is exposed to diverse financial risks, basically credit risks, liquidity risks and market risks, the latter of which refers to exchange rate risks, interest rate risks and other price risks.

9.6. Other Information about Financial Instruments.

a) Debts with credit institutions show the following breakdown:

Euros	2021	2020
Personal secured loans	**525,780**	127,463
ICO loans (note 9.6.b)	**590,926**	656,969
Totals	**1,116,706**	784,432

b) The ICO loans, which amount on March 31, 2021 is 590,926 Euros are backed for companies of the group. (See notes 14.2 and 17.3)

c) The average interest rate of non-commercial debts fluctuates between 1 and 2 per cent per annum

9.7 Accrual adjustments

On January, every year, the company issues the maintenance fees invoices for every week. At the end of the financial period there are, in the heading of accrual adjustments, the proportional part of the not accrued months on March 31, 2021 for the amount of 3,863,153 Euros. It was 4,017,613 Euros on March 31, 2020.

10. SHAREHOLDERS´ EQUITY.

10.1 The share capital, for an amount of 3,100 Euros, comprises 31 shares of 100 Euros face value each.

10.2 The Canary Islands Investments Reserve Fund for the amount of 1,278,036 Euros, is subject to the availability limitations established in the tax regulations.

10.3 The corporation HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., owns 100 per cent of the share capital of the Company.

10.4 The breakdown of the heading "other reserves" from the Balance Sheet, is as follows:

Euros	2021	2020
Voluntary Reserves	**2,300,538**	2,300,538
Canary Islands Investment Reserves	**1,278,036**	988,036
Goodwill Reserves	**517,151**	517,151
Totals	**4,095,725**	3,805,725

11 TAX POSITION.

Profit Tax.

11.1 Tax Consolidation Regime

The Company is taxed in the consolidated tax system in accordance with Chapter VI, title VII of the 27/2017 law, of 27th November of the profit tax, which approved the revised text from the Law of Corporate Tax. The Tax Group comprises the following corporations:

Parent: HOLIDAY CLUB CANARIAS INVESTMENT, SL.U.
Subsidiaries: HOLIDAY CLUB CANARIAS SALES & MARKETING, S.L.U, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U. and HOLIDAY CLUB CANARIAS VACATION CLUB S.L.

11.2 Individual Tax Base.

The reconciliation of the net amounts of income and expenditures for the financial period against the tax base of Corporate Tax, is the following:

Euros	Profit & (Loss) Account	Inc. & expend. directly attributable to Equity
Balance of income and expenditure for the financial year	**1,765,257**	–
Tax over benefits	**457,582**	–
Profit Tax	**506,192**	–
Current Tax	**(48,610)**	–
Deferred Tax		
Donations	**7,859**	–
Reserve for investments in the Canary Islands	**(360,000)**	–
Goodwill Deduction	**85,000**	–
Temporary Differences		
70% Limit Amortization	**(7,210)**	–
Provisions (Art. 14 LIS)	**203,092**	–
Tax Base (Tax Profit & (Loss))	**2,151,581**	–

11.3 Corporate Tax Settlement.

Under the rules applicable to the Tax Consolidation Regime, the taxable income of the tax group is determined by adding individual taxable bases corresponding to the companies comprising the Fiscal group, deletions; additions of deletions carried out in previous years and, in the event that the above sum proves to be positive, compensating the carry-forwards of the Fiscal group, as well as the outstanding tax bases to be applied by the companies taxable at the time of joining the Tax Group.

In consequence, the Individual Tax Base of HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, S.L.U. for the amount of 506,192 Euros, is subject to addition together with the rest of the tax bases of the remaining companies comprising the Tax Group.

By applying the tax rate over the tax base, you obtain the total tax due for the tax group which is reduced by the items and amounts expressed below.

Euros	
Full fee (25% of taxable income)	**537,895**
DAFN 2018	(27,524)
DAFN 2020	(1,537)
DAFN 2021	(767)
Deduction Reversion Temporary measures (DT 36 LIS)	(1,875)
Liquid fee	**506,192**

The tax base of the group, before the compensation of the negative tax bases (BINs) amounts 1,220,195 Euros. This base is reduced by the application of the BINs, therefore the final tax base of the group amounts 220,195 Euros. By applying the tax rate (25%) over the tax base is obtained the gross tax payable which is totally reduced by the application of the tax deductions for the amount of 55,049 Euros.

The BINs pending to apply the next years amount 433,984 Euros.

11.4 Breakdown of expenditure on Income Tax.

The expenditure on Income Tax accrued in the financial periods is broken down as follows:

Euros	2021	2020
1. Current Tax	**506,192**	94,134
2. Deferred tax	**(48,610)**	(7,315)
- deductible temporary differences that are activated in the period	**(83,545)**	(52,329)
- deductible temporary differences that are deducted in the period	**34,935**	45,014
3. Total expenditure on Income Tax	**457,582**	86,819

11.5 Deductions for Investments.

Investments in fix assets during the financial period subject to deduction amount 3,068 Euros. Using the deduction rate (25%) in the investments made during the financial year, a deduction for the amount of 767 Euros is obtained. It means that, at the end of the financial period, the outstanding deductions are as follows:

Euros

Exercise	Initial outstanding amount	Acquisitions	Applications	Balance 2021	Limit	Time limit
2018	63,382	–	(27,524)	35,857	50%	2033
2020	49,153	–	(1,537)	47,615	50%	2035
2021	–	767	(767)	–	50%	2036
Totals	**112,534**	**767**	**(29,829)**	**83,473**		

11.6 Deferred Tax Assets.

Transactions during the financial periods 2021 and 2020 found in this heading have been the following:

Euros	Balance 2019	Acquisitions	Applications	Balance 2020
- Temporary differences for non-deductible provisions	42,851	52,329	(42,851)	52,329
- Temporary differences, 70% limit fiscal amortisation	14,059	–	(2,163)	11,896
Totals	56,910	52,329	(45,014)	64,225

During the period 2020 the Company has carried out investments prior to the provision of the same period for the amount of 290,000 Euros all of them detailed and it has not been benefited from grants or any other tax benefit accrued at the time of the investment made as a result of the realization of the RIC.

11.8 Financial Periods Open to the Possibility of a Tax Inspection.

As set forth in current legislation, taxes cannot be considered definitively settled until the tax returns presented have been inspected by the tax authorities or the four-year statute of limitations has run out.

At the closing date, the company is also open to inspection of all the taxes that are applicable to it, corresponding to the last four years.

The Board of Directors of the Company considered that liquidations of the mentioned taxes has been properly settled, so, even though discrepancies could arise in the interpretation or the existing tax regulations by the handling of tax granted to the operations, the eventual resulting liabilities in case of materialisation would not significantly affect the annual accounts.

12 FOREIGN CURRENCY.

The Exchange differences recognised for the financial periods 2021 and 2020 in the Profit and Loss Account, for debtor´s amounts of 71 Euros and 91 Euros respectively, belongs to transactions settled during the Financial Period.

13 INCOME AND EXPENSES

Breakdown of the following items in the Profit and Loss Account:

4.a) Consumption of goods: corresponding entirely to the purchases of merchandise for the amounts of 8,670 Euros and 27,176 Euros during the financial periods 2021 and 2020, respectively. All purchases have been made in Spanish territory.

6.b) Social security: corresponds entirely to the Business contribution to Social Security for a total amount of 433,301 Euros and 536,920 Euros for the financial periods 2021 and 2020, respectively.

During the period 2021 have been accounted Social Security grants related to the employees affected by the ERTE for the amount of 234,394 Euros.

Euros	2021	2020
Provisions Other Trade Transactions (Note 14).	**334,180**	308,004
Totals	**334,180**	308,004

13. Other results: these correspond to the Profits & Losses that stem from events that are not a part of the Company's typical activities and which are not expected to occur frequently. The negative result in 2021 and 2019/20 for the amount of 6,787 Euros and 11,065 Euros respectively correspond mainly penalties.

14 PROVISIONS AND CONTINGENCIES.

Provisions

14.1 Transactions during the financial periods 2020 and 2021 found in this heading have been the following:

Euros	Balance at 2019	Acquisitions	Disposals	Balance at 2020	**Acquisitions**	**Disposals**	**Balance at 2021**
Sinking Fund	177,090	302,604	(264,691)	215,004	**334,180**	**(131,088)**	**418,096**
Collective labour agreement	–	5,400	–	5,400	**–**	**–**	**5,400**
	177,090	308,004	(264,691)	220,404	**334,180**	**(131,088)**	**423,496**

The sinking fund provision is a monthly provision to cover general expenses approved in the owners' meeting. The company uses this provision when it is necessary. The provision Collective labour agreement corresponds to the salaries increase.

Contingencies

14.2 A guarantee has been provided by one of the Group companies, to respond for a loan granted by a Finance Company, which balance at the end of the period is 590,926 Euros (See Notes 9.6b and 17.3).

14.3 The company provided a guarantee to a Finance company for the amount of 204,450 Euros to respond to all the trials of the related company Holiday Club Canarias Sales & Marketing (See Note 17.3)

14.4 All the contingencies due to the health crisis because of the COVID-19 have been taken into account and have been detailed in the Note 1.7.

15 ENVIRONMENTAL INFORMATION.

Given the activity that the Company carries out, there are no responsibilities, expenses, assets or deadlines of any environmental nature that could be of any significance with regard to equity, the financial position and its results. Therefore, no specific breakdowns are included in this report.

16 EVENTS AFTER THE CLOSING OF THE FINANCIAL YEAR.

No events have occurred after closing that could be considered significant and affect the financial period's accounts.

17 TRANSACTIONS BETWEEN RELATED PARTIES.

17.1. Regarding the Managing Board and Key Company Staff.

Managers and the key personnel of the company with whom related-party transactions have been carried out are the following:

- Mr. Calvin Stuart Lucock, Administrator and Managing Director.
- Mrs. Claudia Esplá Marín, Finance Manager
- Mr. Roberto Picón Pampin, Operations Manager

Remuneration paid to managers and key personnel of the company, during the financial periods 2021, in their status as employees of the company, amounts to 216,610 Euros and 198,800 Euros in the financial period 2020.

17.2. Information required by Article 229 Of the Corporate Enterprises Act.

According to the Article 229 of the Corporate Enterprises Act, we hereby inform that the members of the Board of Directors do not have shares or hold positions or perform functions in companies whose corporate purpose is the same, similar or complementary to the Company's.

However, the members of the Board of Directors hold various shares in companies related to the Company and hold management positions and carry out functions related to the management, which have not been subject to inclusion in this Note of the Report, as this does not pose any conflict with regard to their duties of diligence and loyalty or the existence of potential conflicts of interest in the context of Law 26/2004 of July 17, which amended Law 24/1988, of July 28, in which the Market Values and the revised text of the Corporate Enterprises Act approved by Royal Legislative Decree 1/2010 of 2 July.

Also, during the Financial Period, the members of the Board of Directors have not carried out transactions outside the normal course of business beyond the ordinary traffic or in conditions other than those of the market with the company or group companies. The only transactions with administrators are those outlined in Note 17.1.

17.3. Transactions and Balances with Group companies:

Transactions between related companies during the period 2021 and 2020 are as follows:

Euros	**2021**		2020	
Company	**Services received**	**Services rendered**	Services received	Services rendered
Holiday Club Canarias Sales & Marketing, SLU	**130,007**	**1,872,163**	180,143	2,048,272
Holiday Club Resort OY	**1,392**	**2,173**	823	321
Holiday Club Canarias Vacation Club, SL	**–**	**414,747**	–	224,212
Totals	**131,399**	**2,289,082**	180,967	2,272,804

Balances from clients have been transferred to the related company Holiday Club Canarias Vacation Club S.L. to be incorporated as intangible asset related to the rights of use of the repossessed weeks. The transfer amounts for the periods 2021 and 2019 respectively are 93,711 Euros and 275,584 Euros.

All the transactions between related companies have been made under normal market conditions.

Pending amount with related companies for the financial year 2021 and 2020, both long a short term is at the end of periods, are as follows:

Euros	**2021**		2020	
Company	**Debit Balances**	**Credit Balances**	Debit Balances	Credit Balances
Holiday Club Canarias Sales & Marketing, SLU	**6,399,227**	**–**	3,648,354	–

	Days	**Days**
Payment Ratio	58	57
Outstanding payment Ratio	30	30
Average period for payment to suppliers	54	54
	Euros	**Euros**
Total payments in the period	1,169,063	1,646,425
Total outstanding payments	177,155	242,238

In Mogán, on April 14, 2021

Calvin Stuart Lucock
Joint and Several Administrator and
Holiday Club Resorts OY Representative

REPORT OF THE INDEPENDENT AUDITOR ON THE FINANCIAL STATEMENTS

To the Sole Shareholder of HOLIDAY CLUB CANARIAS VACATION CLUB, SLU:

Report on the Financial Statements

We have audited the financial statements of HOLIDAY CLUB CANARIAS VACATION CLUB, SLU, (the Company) which comprise the balance sheet as at March 31, 2021, the income statement, and the related explanatory notes thereto for the year then ended.

In our opinion, the accompanying financial statements present, in all material aspects, a true and fair view of the net equity and financial situation of the Company as at March 31, 2021 and of its results and cash flows for the year then ended, in accordance with the regulatory financial reporting framework that is applicable (identified in note 2 to the financial statements) and, in particular, with the accounting principles and criteria contained therein.

Basis for the opinion

We have carried out our audit in accordance with the prevailing standards governing the activity of auditing accounts in Spain. Our responsibilities in accordance with these standards are described later in the section of our report on *"Responsibilities of the auditor in connection with the audit of the financial statements"*.

We are independent from the Company in accordance with the requirements on ethics, including those of independence, which are applicable to our audit of financial statements in Spain, as required by the regulations governing the activity of auditing accounts. In this regard, we have not provided services other than the audit of the financial statements, nor have situations or circumstances arisen that, in accordance with the aforementioned regulations, may have compromised our necessary independence.

We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Most relevant aspects of the audit

The most relevant aspects of the audit are those that, according to our professional judgment, have been considered to give rise to the most significant risks of material misstatement in our audit of the financial statements of the current period. These risks have been addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon we do not express a separate opinion on said risks.

Sales

As shown in the profit and loss account, the turnover amounts to 3,616,321 euros. The totality of sales comes from the operation of five hotels owned by the related company HOLIDAY CLUB SALES & MARKETING, SLU. A part of the clients are mainly attracted from web pages and travel agencies, while the rest has been invoiced to the Red Cross of Spain. For the control of the first kind of services (web sides and travel agencies), the Company uses the web support of the intermediaries where the date of arrival, departure, clients, apartment complex, etc. is detailed. During the year there are numerous transactions that could affect the integrity and valuation of sales and, periodically, the information is transferred to the accounting program and reviewed by different people responsible for both administration and the Marketing department. Due to the monetary relevance of this item, the high number of transactions and the different complexes operated by the Entity, the analysis of the integrity and accuracy of the turnover has considered a relevant aspect for our audit work.

Our audit work has been focused on checking the effectiveness of the key controls detected in the sales procedure. Likewise, analytically, the development, both individually and comparatively, of the sales volumes, as well as margins obtained, has been analysed, giving reasonableness to those anomalous or specific behaviours. In addition, tests have been carried out in detail on a sample of services provided by the Company to verify the accounting and valuation.

Right of use over weeks

The Company has registered intangible assets amounting to 1,097,735 euros, which corresponds to the right to use the weeks of the hotels owned by the related company HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU. When the Group repossesses a week, the aforementioned related party resigns its right of repossession in favour of HOLIDAY CLUB CANARIAS VACATION CLUB, SL, who makes a financial compensation (see note 4.1). The valuation of each week and the aforementioned resignation, implies a related transaction that requires both fair value analysis. Due to the importance of this item in the assets of the balance sheet, as well as the complexity of the calculations and the increasing number of weeks repossessed, it has been considered a relevant aspect in our audit.

Our work has been focused on verifying the reconciliation of the auxiliary of intangible assets with the accounting, and on the analysis of the calculations made by the Company reflecting the auxiliary mentioned. The adequacy of the fair value of related-party transactions has also been analysed.

Directors' responsibilities

The Directors are responsible for the preparation of the accompanying financial statements in order to present a true and fair view of the net equity, the financial position and the results of the Company in accordance with the Financial Reporting Standards applicable in Spain, and for such internal control as they consider necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In the preparation of the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as appropriate, the issues related to going concern and using the accounting principle of going concern, except if the Directors intend to liquidate the Company or cease operations, or if there is no other realistic alternative.

Responsibilities of the auditor in connection with the audit of the financial statements

Our objectives are to obtain reasonable assurance that the financial statements as a whole are free of material misstatement, due to fraud or error, and to issue an audit report that contains our opinion.

Reasonable assurance is a high degree of assurance but it does not guarantee that an audit conducted in accordance with the prevailing regulations governing the activity of auditing in Spain will always detect material misstatement when it exists. Misstatements may be due to fraud or error and are considered material if, individually or in aggregate, they can reasonably be expected to influence the economic decisions that users make based on the financial statements.

As part of an audit in accordance with the regulations governing the activity of auditing accounts in Spain, we apply our professional judgment and maintain an attitude of professional skepticism throughout the audit. Furthermore:

- We identify and assess the risks of material misstatement in the financial statements, due to fraud or error, design and apply audit procedures to respond to such risks and obtain sufficient and adequate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement due to fraud is higher than in the case of a material misstatement due to error, since fraud may involve collusion, falsification, deliberate omissions, intentionally erroneous statements, or circumvention of internal control.
- We obtain knowledge of the internal control relevant to the audit in order to design audit procedures that are appropriate to the circumstances, and not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- We evaluate whether the accounting policies applied are adequate as well as the reasonableness of the accounting estimates and the corresponding information disclosed by the Directors.
- We conclude on whether the use, by the Directors, of the accounting principle of going concern is adequate and, based on the audit evidence obtained, we conclude on whether or not there is material uncertainty related to facts or conditions that could generate significant doubt as to the ability of the company to continue as a going concern. If we conclude that there is material uncertainty, in our audit report we are required to draw attention to the corresponding information disclosed in the financial statements or, if such disclosures are not adequate, we are required to express an amended opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to be a going concern.
- We evaluate the overall presentation, the structure and content of the financial statements, including the disclosed information, and whether the financial statements represent the underlying transactions and events in a way that expresses a true and fair view.

We communicate with the entity's Directors regarding, among other matters, the scope and timing of the planned audit and the significant findings of the audit, as well as any significant internal control deficiencies that we identified during the course of the audit.

Among the issues that have been communicated to the entity's Directors, we determine those that have been most significant to the audit of the financial statements of the current period and that are, consequently, the risks considered most significant.

We describe those issues in our audit report unless legal or regulatory provisions prohibit public disclosure of the matter.

2021 NOTES TO THE ABRIDGED FINANCIAL STATEMENTS

1. THE COMPANY'S BUSINESS

1.1. The company of this financial report was set up as an owned limited liability partnership on March 21, 2017, before the Notary Public Enrique Rojas Martínez, Member of the Guild of Notaries of the Canary Islands, whose offices are located in Las Palmas de Gran Canaria, under its Protocol Number 447. In May the 9th 2019 the name of the company was changed to Holiday Club Canarias Vacation Club, S.L in a public deed.

1.2. On December 18, 2018, it was totally acquired for the company Holiday Club Canarias Investment, SLU. The same day the public deed makes public the adaptation of the corporate statutes being the more remarkable the following:

- it is agreed to transform the company from an owned limited liability partnership to a limited partnership.
- the main mission of the company is changed being now the touristic accommodations and other short-term accommodations.
- the financial period is changed, and it will finish the 31st of March every year. The financial period is from April the 1st till March the 31st.
- Corporate offices are located at Avenida Ministra Anna Lindh 1, Urb. Amadores, in the municipality of Mogán (Gran Canaria).

1.3. Its main corporate mission comprises the hotel business of own repossessed weeks (See Note 5) and weeks from the related parties Holiday Club Canarias Sales & Marketing SLU and Holiday Club Canarias Resort Management SLU.

1.4. The Company is a part of a Group whose parent Company is HOLIDAY CLUB CANARIAS INVESTMENT, S.L.U., headquartered in the same address. Said company does not present yearly consolidated accounts, because it is not mandatory due to its size. This Spanish Group is integrated in a higher one, which parent company is Holiday Club Resorts Oy, located in a European Union Member, Finland, which presents yearly consolidated accounts. In addition, Holiday Club Resort OY is a member of a group which parent company is Mahindra & Mahindra limited, located in India.

The spanish group is composed of the next companies:

-HOLIDAY CLUB CANARIAS INVESTMENT, SLU

-HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU

-HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU

-HOLIDAY CLUB CANARIAS VACATION CLUB, SL

1.5. At the date of formulation of these annual accounts, Royal Decree 926/2020 of October 25th is in force, extending the state of alarm for the management of the health crisis situation caused by COVID-19.

The Company has been opening and closing the five hotels since March 23rd, taking into account the market demand and the health situation at any time. This situation has affected the Group's three companies in the Canary Islands equally: HOLIDAY CLUB CANARIAS SALES & MARKETING, SLU (company that originally owns the weeks it sells under Time Sharing scheme) and the one that manages the Angry Birds activity park, HOLIDAY CLUB CANARIAS RESORT MANAGEMENT, SLU (company that manages the maintenance of the hotels) and HOLIDAY CLUB CANARIAS VACATION CLUB, SLU (company that buys weeks of accommodation and exploits the Group's available weeks in the Canary Islands).

The main consequences of the closure have been the following:

- Personnel: due to the closure of the hotels, the Group companies in the Canary Islands have carried out a temporary employment regulation file (ERTE) that has affected 116 people out of the total of 128 people who work in the Group. These employees have been affected and disaffected by the ERTE during different periods along the financial year.
- Tour Operators: The Group in the Canary Islands exploits unsold weeks as a hotel service through the entity VACATION CLUB. This hotel activity has been logically interrupted, so that agreements with tourism providers have been temporarily suspended
- Owners: The Group in the Canary Islands invoices week's owners at the beginning of the calendar year for maintenance fees through the entity RESORT MANAGEMENT. Given that the activity has been abruptly interrupted before the end of the year, the company in the Canary Islands is offering owners the possibility of compensating the effect of not enjoying their week in exchange for being able to enjoy two weeks in the period 2021-2022. At the date of formulation of these annual accounts, the majority of the owners are welcoming this measure.
- Financial and non-financial assets: No possible deterioration has been identified at the date of formulation of these annual accounts. Logically, if the situation of inactivity lasts for longer, the circumstances would have to be analyzed again.
- Liquidity: The situation of the Group's treasury in the Canary Islands is not worrying in the short term. With the liquidity that was already available, we must add the provision of a new ICO line of credit loan for the amount of 500,000 euros signed on 23/03/2020 and another one for the same amount signed on 02/05/2020.

2. BASIS USED FOR THE PRESENTATION OF THE ANNUAL ACCOUNTS

The figures contained in the balance sheet, in the Profit & Loss Account, in the Statement of Changes to Equity, in the Cash-flow Statement and in this Report are expressed in Euros, which, upon being rounded out, cause small differences in their presentation.

In the presentation of the accompanying abridged annual accounts, expressed in euros, the current commercial guidelines have been followed, which are:

2.1. True and Fair View

The annual accounts are obtained from the Company's accounting records and have been presented according to the regulations set out in Law 16/2007 of July 4th, on the revised and adapted mercantile accounting legislation to harmonise it internationally on the basis of the European Union and by Royal Decree 1515/2007 of November 16th, in which the General Accounting Plan was approved and the added modifications by Royal Decree 1159/2010 of September 17th and Royal Decree 602/2016 of September 2nd, in order to reflect a true and fair view of the Equity, the financial situation and the Company's Profit & Loss as well as the veracity of the streams incorporated into the Cash-flow, according to generally accepted accounting practices and regulations.

2.2. Non-Mandatory Accounting Principles Applied

During this Financial Year, only those Accounting Principles mandatory according to the Spanish Business Code and the Small & Medium Companies General Accounting Plan have been applied.

The Administrative Body has formulated these Annual Accounts, taking into account all mandatory accounting regulations and principals which carry a significant effect.

There is no principle which, if mandatory, has not been applied.

2.3. Critical Aspects in the Valuation and Judgement of Uncertainty

At the end of the financial year some estimations are used to formulate these annual accounts: calculation of the assets impairment, estimation of the assets useful life, and more. Due to future development, it is possible that additional information to the existing at the date of formulation of these annual accounts make that some estimates have to be changed in future periods.

2.4. Comparison of the Information

The figures corresponding to the Financial Year ending on March 31, 2021 according to the current law, show comparatively the balances of the previous financial period, which match with the information of the annual account for the financial period 2020.

3. APPLICATION OF RESULTS

The proposal for the application of the results of the financial period ending March 31, 2021, which the Administrators shall draw up for approval by the Members, together with the distribution approved for the period ending on March 31, 2020, is as follows:

Euros	2021	2020
Distribution Balance		
Financial Period Benefit/Losses	**393,856**	516,472
Distribution		
Voluntary reserve	**393,856**	513,960
Losses accumulated from previous Financial Periods	**–**	2,512
Total	**393,856**	516,472

4. RECOGNITION AND MEASUREMENT

The main accounting principles and practices applied in the preparation of the annual accounts are adapted to the current legal requirements, highlighting as most important the principles of going concern, accrual, uniformity, prudence, not compensation and relative importance.

The main rules used by the company for the drafting of their financial period Annual Accounts, according to those established in the Spanish General Accounting Plan were the following:

4.1. Intangible assets

The intangible assets consist of rights of use of weeks owned by Holiday Club Canarias Sales & Marketing SLU. The value is based on the reposition cost of the weeks plus 50-60% depending on the type of reposition and the difference between updated cadastral value of the week. The right of use of these weeks are depreciated at 3%.

4.2. Financial Instruments

The breakdown of the financial assets is as follows:

Loans and accounts receivable, including those loans for commercial or non-commercial operations. Those whose maturity is no longer than one year are valued at their face-value, because they do not have any contractual interest rate and the effect of not up-dating cash-flow is not significant. Those whose maturity is over one year are measured at their reasonable value, which is equal to the value of the compensation delivered plus directly attributable transaction costs. Interest accrued is accounted for in the Profit & Loss Account, applying the Effective Interest Rate method. Corrections of the values haven´t been made.

Impairment occurs when the recoverable value is lower than the carrying amount, the recoverable value being understood as the greater of its fair value less sales costs and the present value of the future cash flows from the investment, which due to the Circumstances of the investee is considered recoverable value as the net asset value that is shown in the balance sheet of the group or associated company, corrected for the tacit capital gains that exist at the closing date.

The Company's financial liabilities are all debits and payable items, including debits for commercial operations and debits for non-commercial operations. They are initially valued at their fair value, except the debts for commercial transactions with a maturity not exceeding one year and without a contractual interest, the amount of which is expected to be paid in the short term, which are valued at their nominal value. Financial liabilities are subsequently measured at amortized cost. Accrued interests are recorded in the income statement using the effective interest rate method.

The financial instruments are classified in short and long term, if their maturity is less than or greater than twelve months, respectively.

The Company has complied with the requirements set forth in the registration and valuation standard for financial instruments.

4.3. Tax on Profits

The Company pays tax under the Tax Consolidation System, according to what is set out in Chapter 7 of title 7 of the Law 274/2014 of November 27th of Corporate Tax. Holiday Club Canarias Investment is the parent Company, which presents the correspondent settlement

Following the accrual principle, the current tax has been accounted as a expense of the period and it has been calculated according to the profit and loss before taxes following the current tax laws.

4.4. Provisions and contingencies

Provisions are present obligations on the date of the balance sheet that have arisen as a result of past events; the amount and timing of cancellation are undetermined. Provisions are recorded at the current value of the estimated amount that the company will have to pay to settle the obligation in the future.

Contingent liabilities are potential liabilities arising as a result of past events, whose realization is contingent upon that happening or not, one or more future events independent of the will of the Company. Contingent liabilities, as well as the Provisions whose amount cannot be estimated reliably or it is not very likely that the Company must dispose of resources embodying profits, for their cancellation are not recognized for accounting purposes but are broken down in the Report.

All the possible contingencies due to the health crisis of the COVID-19 have been taken into account.

4.5. Income and Expenses

Income has been recognised as a consequence of an increase in the Company's resources, as long as its amount has been determined reliably. Expenses have been recognized as a consequence of a decrease in the Company's resources, as long as their amount has also been reliably estimated.

4.6. Personnel Expenses

Personnel expenses are recognised on the basis of their accrual, considering that bonus payments are accrued on a yearly basis. There are no commitments for pensions nor retirement bonuses in the Company.

4.7. Grant, donation and legacies

The operating grants are attributed to the financial period for the granted amount.

4.8. Transactions between related parties

Transactions between related parties are accounted by their reasonable value which is the same value for transactions with not related third parties.

5. INTANGIBLE ASSETS.

5.1. The transactions occurring during the periods 2021 and 2020 were the following:

Euros	Balance 2019	Acquisitions	Disposals	Balance 2020
Rights Of Use	–	734,103	(80,357)	653,746
Accumulated amortization	–	(11,134)	813	(10,321)
Net Totals	–			643,425

Euros	**Balance 2020**	**Acquisitions**	**Disposals**	**Balance 2021**
Rights Of Use	**653,746**	**480,099**	**(1,642)**	**1,132,203**
Accumulated amortization	**(10,321)**	**(24,163)**	**17**	**(34,468)**
Net Totals	**643,425**			**1,097,735**

5.2. Right of use correspond to Time Share weeks owned by a company of the Group which runs the Company as touristic accommodation.

5.3. Disposals in the financial years 2021 and 2020 correspond to repurchase of the rights of use by the related company, which has generated a profit for the amount of 17 Euros and 813 Euros respectively, corresponding to the accumulated amortization of the sold weeks.

5.4. There is no evidence of impairment through March 31.

6. FINANCIAL ASSETS

6.1. Categories of financial assets (except investments in equity of group companies, multigroup and associates)

The breakdown of financial assets (excluding investments in group, multi-group and associated companies) by categories and classes is as follows:

	Equity Instruments		Debt Securities		Credits/Derivatives/Others	
Euros	**2021**	2020	**2021**	2020	**2021**	2020
Short-term Financial Assets						
Loans and Receivables	**–**	–	**–**	–	**1,289,516**	748,102
Liquid Assets	**–**	–	**–**	–	**459,389**	219,909
Totals	**–**	–	**–**	–	**1,748,905**	968,011

6.2. Breakdown by maturity:

The classification by maturity of the different financial assets is all related to the short term, being all clients´ loans and receivables related to sales and services, loans to the personnel and current account with companies of the group and associated for the amount of 76,906 Euros, 2,500 Euros and 1,210,110 Euros respectively.

6.3. Debt related to clients

There are customer advances for the amount of 58,003 Euros that correspond to accommodation services charges not accrued at the end of the financial year.

6.4 Accrual adjustments

In January, the company assume the debt with the related HOLIDAY CLUB CANARIAS RESORT MANAGEMENT corresponding to the yearly maintenance fees of the weeks in its intangible assets as rights of use (See note 5). At the end of the financial year there are accrual adjustments related to the not accrued months at March 31, 2021 for the amount of 146,075 Euros. (2020: 82,608 Euros).

7. FINANCIAL LIABILITIES

7.1. Types of liabilities

The breakdown of financial liabilities by category is as follows:

	Debits with Credit Institutions		Bonds and Other Market Securities		Derivatives/Others	
Euros	**2021**	2020	**2021**	2020	**2021**	2020
Short-term Financial Liabilities						
Debits and Payables	**–**	–	**–**	–	**1,977,093**	993,858
Totals	**–**	–	**–**	–	**1,977,093**	993,858

7.2. Classification by maturity

The short-term financial liabilities indicated in the previous section correspond to “Short Term Debts with companies of the Group” for the amount of 1,868,353 Euros, “Creditors for services rendered” for the amount of 107,303 Euros and “Other short term debts” for the amount of 1,437 Euros.

8. EQUITY

8.1. The Share Capital comes to 3,000 Euros, divided into 3000 shares at face value of 1 Euros each.

8.2. The unique partner of the company is the entity Holiday Club Canarias Investment SLU.

9. FISCAL POSITION

9.1. Tax consolidation regime

The Company is taxed in the consolidated tax system in accordance with Chapter VI, title VII of the 27/2017 law, of 27th November of the profit tax, which approved the revised text from the Law of Corporate Tax.

The Tax Group comprises the following corporations:

Parent: Holiday Club Canarias Investment, SL.U.

Subsidiaries: Holiday Club Canarias Sales & Marketing, S.L.U., Holiday Club Canarias Resort Management, S.L.U. and Holiday Club Canarias Vacation Club, S.L.

9.2 Individual tax base

The reconciliation of the net amounts of incomes and expenses for the financial period against the tax base of Corporate Tax, is the following:

Euros	**Profit & Loss Account**	**Inc. & expend. directly attributable to Equity**
Balance of income and expenditure for the financial year	**393,856**	**–**
Profit Tax	**147,952**	**–**
Permanent differences		
Fines and penalties	**50,000**	**–**
Tax Base (Tax Profit & Loss)	**591,808**	**–**
Full fee (25% of tax result)	**147,952**	

9.3 Corporate tax assessment:

Under the rules applicable to the Tax Consolidation Regime, the taxable income of the tax group is determined by adding individual taxable bases corresponding to the companies comprising the Fiscal group, deletions, additions of deletions carried out in previous years and, in the event that the above sum proves to be positive, compensating the carry-forwards of the Fiscal group, as well as the outstanding tax bases to be applied by the companies taxable at the time of joining the Tax Group.

In consequence, the Individual Tax Base of Holiday Club Canarias Vacation Club, S.L., for the amount of 591,808 Euros, are subject to addition together with the rest of the tax bases of the remaining companies comprising the Tax Group.

The tax base of the group, before the compensation of the negative tax bases (BINs) amounts 1,220,195 Euros. This base is reduced by the application of the BINs, therefore the final tax base of the group amounts 220,195 Euros. By applying the tax rate (25%) over the tax base is obtained the gross tax payable which is totally reduced by the application of the tax deductions for the amount of 55,049 Euros.

The BINs pending to apply the next years amount 433,984 Euros.

9.4 Breakdown of the corporate tax expense

Due to the fact that there are not temporary differences when calculating the tax base, the current tax for the period 2021 is the same as the expense for the corporate tax for the amount of 147,952 Euros.

9.5 Financial Periods Open to the Possibility of a Tax Inspection.

The corporate tax is open to be inspected for the following periods: 2017, 2018, 2019, 2020 and 2021.

9.6 Other taxes

At the closing date, the company is also open to inspection of all the taxes that are applicable to it:

- Withholdings related to paid incomes
- IGIC (General Indirect Canarian Tax)
- Property Transfer and Certified Legal Documents Tax
- Local taxes

It is not expected that contingent liabilities appear due to possible differences when the taxes are Implemented.

10. INCOME AND EXPENSES

Breakdown of the next items the Profit and Loss Account:

a) Social expenses: the amount of 54,275 Euros is all related to the social security payable by the company for the period 2021, being 61,549 Euros for the period 2020. During the period 2021 have been accounted Social Security grants related to the employees affected by the ERTE for the amount of 24,907 Euros.

b) External services:

Euros	**2021**	2020
Leases and royalties	**2,535,943**	2,003,099
Repairs and conservations	**116,754**	20,741
Professional services	**5,848**	10,710
Transport	**1,409**	94,190
Insurance premiums	**1,002**	1,033
Bank Services and Similar	**7,875**	41,471
Advertising	**1,705**	803
Other Services	**1,116,472**	420,325
Other losses in current management	**499**	–
Totals	**3,787,507**	2,592,372

c) Other outcomes: there is a provision for responsibilities that amounts 50,000 Euros. (See Note 11.1)

11. PROVISIONS AND CONTINGENCIES

Provisions

11.1 The company has booked a provision in the financial year that amounts 50,000 Euros corresponding to possible sanctions from the Mogán Town Hall against two of the hotels (See Note 10.c)

Contingencies

11.2 There are guarantees provided to one of the group companies, Holiday Club Canarias Resort Management, SLU, to respond to a loan granted, amounting 90,926 Euros at the end of the financial year.

12. TRANSACTIONS WITH RELATED PARTIES

The balances at March 31, 2021 and 2020 with related companies are as follows:

	2021		2020	
Euros	**Debit Balances**	**Credit Balances**	Debit Balances	Credit Balances
Company:				
Holiday Club Canarias Sales & Marketing, SLU	**–**	**1,548,243**	–	782,726
Holiday Club Canarias Resort Management, SLU	**1,210,110**	**–**	626,014	–
Holiday Club Canarias Investment, SLU	**–**	**320,109**	–	172,157

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MAHINDRA TWO WHEELERS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra Two Wheelers Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss, (statement of changes in equity) and Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial Statements, including the disclosures, and whether the financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

As required by Ind AS 103 Business combinations under Appendix C- business combination of entities under common control, the financial information for the year ended 31March 20 are restated for giving effect of merger (Refer Note 44 of financial statement)

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial Statements.

(g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act. Also refer paragraph (xi) of Annexure B to the Independent Auditors’ Report.

(h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements – Refer Note 29 to the Financial Statements;

ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Mahindra Two Wheelers Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Mumbai, April 23, 2021

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

1) i) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

ii) The Company has a regular programme for physical verification of its property, plant and equipment and investment properties by which the property, plant and equipment and investment properties are verified by the management according to a phased programme designed to cover all the items over a period of 3 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. In accordance with the programme, the Company has physically verified certain property, plant and equipment and investment properties during the year and no material discrepancies were noticed on such verification.

iii) According to the information and explanations given to us, the Company has no immoveable properties registered in its name. Accordingly, the reporting under Clause 3(i)(c) of the Order is not applicable to the Company.

2) According to the information and explanations given to us, the inventory comprising of traded goods, packing materials and stores and spare parts has been physically verified at reasonable intervals by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no material discrepancies for each class of inventory were noticed on such verification between the physical inventory and the book records. We have relied on confirmations and representations from third parties in case of inventory lying in their locations, wherever applicable.

3) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

4) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

5) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

6) The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

7) i) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted/accrued in the books of account in respect of undisputed statutory dues of Income-tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in a few cases. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

ii) According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

iii) According to the information and explanation given to us and on the basis of our examination of records of the Company, the arrears of undisputed statutory dues in respect of income tax

Name of the statute	Nature of dues	Amount (Rs in lakhs)	Financial year to which is it pertains	Forum where the disputes is pending
Income Tax Act, 1961	Income tax including interest	146	2014-15	DCIT

Name of the statute	Nature of dues	Amount (Rs in lakhs)	Financial year to which is it pertains	Forum where the disputes is pending
Income Tax Act 1961	Income tax including interest	441	2018-19	DCIT
Central sales tax act	C form and F form liability	778	2016-17	DC of state tax

8) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from financial institutions and Government.

9) According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

11) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid/provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act. Also refer paragraph 2(h) of Independent Auditors' Report.

12) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

13) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures or Accounting Standard (AS) 18, Related Party Disclosures specified under Section 133 of the Act.

14) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

16) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note no. 1. GENERAL INFORMATION

Mahindra Two Wheelers Limited is in the business of trading in spare parts and accessories. It deals in parts required for the range of Two wheelers, passenger light motor vehicle and commercial vehicles manufactured and sold by its Holding Company, Mahindra & Mahindra Limited. The Company undertakes procurement, warehousing management, logistics and sale of spare parts and accessories. It has a network of dealers spread across India to ensure timely availability of spare parts to customers.

The Company has elected not to prepare consolidated financial statements, as Mahindra & Mahindra Limited being the Holding Company prepares consolidated financial statements at Group Level. Copies of the annual report of the Mahindra & Mahindra Limited can be obtained from the Company Secretary, Mahindra & Mahindra Limited, Mahindra Towers, Dr. G. M. Bhosale Marg, Worli, Mumbai, 400 018, India"

Note no. 2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance:

The standalone financial statements of the Company ('financial statements') have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. The figures for the year ended 31 March 2020 included in these standalone financial statements for the year ended 31 March 2020, have been restated to give effects of the scheme of amalgamation of Mahindra Trucks and Buses Limited (Transferor) and Mahindra Automobile Distributor Private Limited (Transferor) in Mahindra Two Wheelers Limited (Transferee) the Company pursuant to an order of The National Company Law Tribunal Special Bench, Mumbai on 17 July 2020 from the appointed date i.e. 1 April 2019 and which is in line with Ind AS 103, Business combinations of entities under common control.

2.2 Basis of preparation and presentation:

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

1. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
2. Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
3. Level 3 inputs are unobservable inputs for the asset or liability

2.3 Revenue Recognition:

Revenue is recognised at the fair value of the consideration received or receivable. Sale are recognised, net of returns, trade discounts, VAT/Sales Tax on the transfer of risk and rewards of ownership of the products to the customers, which is generally on dispatch of goods.

Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

a) The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
b) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
c) The amount of revenue can be measured reliably;
d) It is probable that the economic benefits associated with the transaction will flow to the company; and
e) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

2.4 Leases:

The Company's significant leasing arrangements are in respect of operating lease for godowns. These leasing arrangements, which are non-cancellable, range between 2-3 years, and are usually renewable by mutual consent on agreed terms. The lease rentals payable are charged on a straight line basis over the lease term.

2.5 Foreign exchange transactions:

Transactions in foreign currencies (other than company's functional currency) are recorded at the exchange rates prevailing on the date of transaction. Monetary items are re-translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on re-translation of Monetary items at the end of the year, is recognised as income or expense, as the case may be.

2.6 Employee Benefits:

2.6.1 Defined contribution plan

The Company's contributions paid/payable during the year to Provident Fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

2.6.2 Defined benefit plan/leave encashment

The Company's liability towards gratuity and leave encashment is determined using the projected unit credit method which considers each period of service as giving rights to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognised on straight line basis over the average period until the benefits become vested. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income as income or expense. Obligation is measured at the present value of estimated future cash flow using discounted rate i.e. determined by reference to the market yield at the Balance Sheet date on Government Bonds where the currency and terms of the Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

2.6.3 Other benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

2.7 Taxes on Income:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and applicable tax laws. Deferred tax is recognised on temporary differences between the carrying amounts assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Property Plant & Equipment:

Property Plant & Equipments are carried at cost less depreciation. Cost comprises the purchase price and other attributable costs.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on assets is calculated on Straight Line Method at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013, except in respect of the following categories of assets, in whose case the useful life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. :

Vehicles	5 years
Plant & Machinery	7 years

2.9 Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. Impairment loss is provided to the extent the carrying amount of assets exceeds their recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

2.10 Inventories:

Inventories comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Stock-in-trade are valued at lower of cost or net realisable value after provision for obsolescence and other losses, where considered necessary. Cost is determined on the basis of weighted average method. Excise duty is included in the value of inventory.

2.11 Product Warranty:

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are accrued at the time of sale on the basis of technical estimate. These estimates are established using historical information on the nature, frequency and average cost of warranty claims. The estimates for accounting of warranties are reviewed and revisions are made as required.

2.12 Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial Assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial liabilities and equity instruments: Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

<u>Investments in equity instruments at FVTOCI</u>

A financial asset is held for trading if:

1. It has been acquired principally for the purpose of selling it in the near term; or
2. on initial recognition it is part of a portfolio of identified financial instruments or a financial guarantee
3. it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee

The Company has equity investments in one entity which are not held for trading. The company has elected the FVTOCI irrevocable option for this investment (see note no 4). Fair value is determined in the manner described in note no 30. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit and loss on disposal of the investment.

Dividends on this investment in equity instruments is recognised in profit or loss when the company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other Income' line item.

2.13 Critical accounting judgements and key sources of estimation uncertainty:

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these standalone financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, obligations relating to employee defined benefits etc. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

2.14 Cash and cash equivalents (for purposes of Cash Flow Statement):

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.15 Investments:

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non current investments.

2.16 Segment Reporting:

The Company has single reportable business segment namely Automotive vehicles-related spare parts. The Company has only one reportable geographical segment.

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash & cash equivalent as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management as and when required. The Company does not have significant credit risk exposure to any single counterparty.

The loss allowance provision is determined as follows:

As at March 31, 2021 — Rupees Lakhs

Particulars	Not due	Less than 6 months past due	More than 6 months past due	Total
Expected loss rate	0%	0%	22%	7%

Impairment losses recognised in the year based on lifetime expected credit losses (Net of Recovery)	178.05	20.49
Balance at end of the year	358.01	179.96

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Rupees Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
March 31, 2020

Total	**6,486.59**	–	–	–
March 31, 2019				
Non-interest bearing	5,536.99	–	–	–
Total	**5,536.99**	–	–	–

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

MARKET RISK

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	As at March 31, 2021	As at March 31, 2020
Trade Receivables	USD	**85,545.59**	1,18,713.60
	INR (Rupees Lakhs)	**62.95**	89.63
Trade Payables	USD	**72,551.00**	93,087.43
	INR (Rupees Lakhs)	**53.06**	70.15
	EUR	**2,488.00**	–
	INR (Rupees Lakhs)	**2.16**	–

Of the above foreign currency exposures, the following exposures are not hedged by a derivative:

Particulars	Currency	As at March 31, 2021	As at March 31, 2020
Trade Receivables	USD	**85,545.59**	1,18,713.60
	INR (Rupees Lakhs)	**62.95**	89.63
Trade Payables	USD	**72,551.00**	93,087.43
	INR (Rupees Lakhs)	**53.06**	70.15
	EUR	**2,488.00**	–
	INR (Rupees Lakhs)	**2.16**	–

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Rupees Lakhs

For the year ended	Currency	Change in rate	Effect on profit before tax	Effect on pre-tax equity
March 31, 2021	**USD/EURO**	**+10%**	**0.77**	**0.77**
	USD/EURO	**-10%**	**(0.77)**	**(0.77)**
March 31, 2020	USD/EURO	+10%	1.95	1.95
	USD/EURO	-10%	(1.95)	(1.95)

2. Related party transactions for the period are at arm's length.

Note no. 32 - Employee benefits

(a) Defined Contribution Plan

The Company makes Provident Fund contributions to defined contribution plans for qualifying employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised Rs.8.73 Lakhs (2020: Rs.5.73 Lakhs) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested, it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

1) Liability Risks

a. Asset-Liability Mismatch Risk-

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation wings caused by interest rate movements. Hence, companies are encouraged to adopt asset-liability management.

b. Discount Rate Risk-

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

c. Future Salary Escalation and Inflation Risk -

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to uncertainties in estimating this increasing risk.

2) Asset Risks

All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India.LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years.

The company has opted for a traditional fund wherein all assets are invested primarily in risk averse markets. The company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claims settlement and hence 100% liquidity is ensured. Also, interest rate and inflation risk are taken care of.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at	Valuation as at
	31-Mar-21	31-Mar-20
Discount rate(s)	**5.60%**	5.50%
Expected rate(s) of salary increase	**9.00%**	9.00%

Defined benefit plans – as per actuarial valuation on March 31, 2021

		Rupees Lakhs
	Funded Plan	Funded Plan

Particulars	March 31, 2021	March 31, 2020
Ia. Expense recognised in the Statement of Profit and Loss for the year:	**4.03**	2.96
1. Current service cost	**4.62**	3.76
2. Past Service Credit	–	–
3. Interest cost	**(0.59)**	(0.80)

Ib. Included in other Comprehensive Income	**4.64**	(0.33)
1. Return on plan assets	–	–
2. Actuarial (Gain)/Loss on account of :	**4.64**	(0.33)
- Demographic Assumptions		
- Financial Assumptions	**4.64**	(0.33)
- Experience Adjustments		
3. Others (specify)	–	–

Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:

a. Service Cost:		
Current Service Cost	**4.62**	3.76
Past service cost and (gains)/losses from settlements	–	–
Net interest expense	**(0.59)**	(0.80)
Components of defined benefit costs recognised in profit or loss	**4.03**	2.96

b. Remeasurement on the net defined benefit liability		
Return on plan assets (excluding amount included in net interest expense)	–	–
Actuarial gains and loss arising form changes in financial assumptions	**4.64**	(0.33)
Actuarial gains and loss arising form experience adjustments	–	–
Components of defined benefit costs recognised in other comprehensive income	**4.64**	(0.33)
Total	**8.68**	2.63

I. Net Asset/(Liability) recognised in the Balance Sheet as at year end	**2.67**	10.00
1. Present value of defined benefit obligation as at year end	**46.35**	36.56
2. Fair value of plan assets as at year end	**49.02**	46.56
3. Surplus/(Deficit)	**2.67**	10.00

		Rupees Lakhs
	Funded Plan	Funded Plan
	Gratuity	Gratuity
Particulars	March 31, 2021	March 31, 2020
4. Current portion of the above	–	–
5. Non current portion of the above	**49.02**	46.56
II. Change in the obligation during the year ended		
1. Present value of defined benefit obligation at the beginning of the year	**36.56**	30.66
2. Add/(Less) on account of Scheme of Arrangement/Business		
Transfer	–	–
3. Expenses Recognised in Statement of Profit and Loss		
- Current Service Cost	**4.62**	3.76
- Past Service Cost	–	–
- Transfer In/(Out)	–	–
- Interest Expense (Income)	**1.97**	2.10
4. Recognised in Other Comprehensive Income		
Remeasurement gains/(losses)	**3.19**	0.04
5. Benefit payments	–	–
6. Present value of defined benefit obligation at the end of the year	**46.35**	36.56

III. Change in fair value of assets during the year ended 31st March		
1. Fair value of plan assets at the beginning of the year	**46.56**	40.53
2. Add/(Less) on account of Scheme of Arrangement/Business Transfer		
3. Expenses Recognised in Statement of Profit and Loss		
- Expected return on plan assets	**2.56**	2.89
4. Recognised in Other Comprehensive Income		
Remeasurement gains/(losses)		
- Actual Return on plan assets in excess of the expected return	**(0.10)**	2.91
5. Contributions by employer (including benefit payments recoverable)	–	0.23
6. Benefit payments	–	–
7. Fair value of plan assets at the end of the year	**49.02**	46.56

IV. The Major categories of plan assets		
Fund managed by insurer	**100.00%**	100.00%

V. Actuarial assumptions		
1. Discount rate	**5.60%**	5.50%
2. Expected rate of return on plan assets	**5.50%**	6.80%
3. Attrition rate	**20.00%**	20.00%
4. Medical premium inflation	**NA**	NA

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rupees Lakhs

Principal assumption	Changes in assumption	March 31, 2021 Impact on defined benefit obligation		March 31, 2020 Impact on defined benefit obligation	
		Increase in assumption	**Decrease in assumption**	Increase in assumption	Decrease in assumption
Discount rate	-1.00%		48.54		39.66
	1.00%	44.35		33.90	
Salary growth rate	-1.00%		44.81		34.23
	1.00%	48.00		39.20	
Withdrawal rate	-1.00%		46.67		34.69
	1.00%	46.06		38.42	

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as and when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Mortality : It is assumed that the active members of the scheme will experience in-service mortality in accordance with the Indian Assured Lives Mortality (2006-08) ultimate (IALM ult). A sample pick from this table is given below:

Age	Mortality rate
21	0.000934
22	0.000937
23	0.000936
24	0.000933
25	0.000931

Age of the members at the valuation date is taken as their nearest age at that date.

Maturity profile of defined benefit obligation:

Particulars	March 31, 2021	March 31, 2020
Within 1 year	**11.45**	5.58
1 - 2 year	**7.72**	5.85
2 - 3 year	**7.49**	3.55
3 - 4 year	**9.77**	3.71
4 - 5 year	**7.57**	5.68
5 - 10 years	**23.48**	23.32

Plan Assets

The fair value of Company's pension plan asset as of March 31, 2021 is as follows:

Particulars	March 31, 2021	March 31, 2020
Asset category:		
Cash and cash equivalents	**0%**	0%
Debt instruments (quoted)	**0%**	0%
Debt instruments (unquoted)	**0%**	0%
Equity instruments (quoted)	**0%**	0%
Deposits with Insurance companies	**100%**	100%
Total	**100%**	100%

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Note no. 33 - Segment Reporting

The Company has single reportable business segment namely Automotive vehicles-related spare parts. All other activities of the Company revolve around its main business. Hence there are no separate reportable primary segments. The Company deals into trading of Spare parts. The Company has only one reportable geographical segment.

		Rupees Lakhs
Geographic information	**As at March 31, 2021**	As at March 31, 2020
Revenue from external customers		
India	**22,276.45**	26,730.32
Outside India	**496.47**	512.55
Total revenue per statement of profit or loss	**22,772.92**	27,242.87

All the non-current assets of the Company are located in India.

Revenue from major products and services

The following is an analysis of the company's revenue from its major products and services:

		Rupees Lakhs
Particulars	**As at March 31, 2021**	As at March 31, 2020
Sale of spares	22,772.92	27,242.87
Total	22,772.92	27,242.87

Revenues from transactions with a single external customer does not amounts to 10% or more of a Company's revenues during the year.

Since there is single segment there is no difference in measurement of profit & loss and measurement of assets and liabilities.

Note no. 42 - Employee stock option

Certain employees of the Company are covered by Employee Stock Option Scheme (ESOP scheme) offered by holding Company, Mahindra & Mahindra Limited. Under the scheme, eligible employees are granted an option to purchase shares of Mahindra & Mahindra Limited, in accordance with the terms and conditions of the scheme.

The Company recognises this scheme as an equity settled share based payments arrangement in accordance with IND AS 102 - Share Based Payment. Options granted under Parent's ESOP scheme vests in 4/5 instalments on expiry of 12 months, 24 months, 36 months, 48 months and 60 months from the date of grant. The options may be exercised subject to condition of minimum number of option vesting, on specified day over a period of 4/5 years from the date of vesting. Such ESOP expense in respect of employees of the Company is charged by the holding Company over the vesting period. The charge is based on fair value of options calculated using Black and Scholes Option Pricing Model. The fair value charge is recognised as share based payment expenses under Employee Benefit Expenses.

Note no. 43 - Covid-19 Impact on financials

The Company, based on internal & external sources of information including market research, economic forecast and other information, has assessed that as a result of Covid-19 outbreak, there is no significant financial impact on the financial statements for the year ended March 31, 2021 as at the date of approval of these financial statements

Note No. 44 - Merger Effect

The Board of Directors of MTWL, MTBL and MADPL in their meetings held on 16th January 2020 approved a Composite Scheme of Arrangement (Scheme) involving

- the merger of MTBL with MTWL in consideration of MTBL shareholders getting shares of MTWL at a swap ratio of 819 Equity Shares for every 100 Equity Shares held in MTBL of INR 0.02/- each fully paid up
- the merger of MADPL with MTWL in consideration of MADPL shareholders getting shares of MTWL at a swap ratio of 88978 Equity Shares for every 100 Equity Shares held in MADPL of INR 0.02/- each fully paid up

The Scheme has been approved by the Mumbai Bench of the National Company Law Tribunal on June 30, 2020 and upon completion of the required formalities (Filing of Order Copy with the Registrar of Companies) on July 30, 2020 (hereinafter to be referred as "the effective date"); the Scheme has become effective from the appointed date of 01 April 2020.

Previous year numbers in the financials have been restated to give effect to the above-referred scheme.

As a result of the scheme:

1. The assets and liabilities pertaining to MTBL and MADPL as on the appointed date are recorded by MTWL at the respective book values as appearing in the books of MADPL and MTBL
2. Balance of the retained earnings appearing in the financial statements of MTBL and MADPL is aggregated with the corresponding balance appearing in the financial statements of MTWL.
3. The issued, subscribed and paid-up capital of the company has been increased by 38,41,35,01,732 shares amounting to Rs 7682.70 lakhs

Issued, subscribed and fully paid-up capital	Amt (in Rs lakhs)
2,998,389,216 Equity shares of Rs 0.02/- each with voting rights	599.68
4,668,478,380 Equity shares of Rs 0.02/- each with voting rights	7682.7

Note no. 45 -

Previous year's figures have been regrouped/reclassified wherever necessary to correspond with the current year's classification/disclosure.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CLASSIC LEGENDS PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Classic Legends Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the Financial Statements, and a summary of significant accounting policies and other explanatory information (herein after referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Emphasis of Matter

We draw attention to Note No 40 to the financial statements which describes the probable / potential impact of the outbreak of COVID 19 on the business operations of the Company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in this matter.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

   c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

   g) Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Hence, the provisions of Section 197 of the Act related to the managerial remuneration are not applicable. Also, refer paragraph xi of annexure A to the Independent Auditors' Report.

   h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors') Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

b) The Company has a regular programme for physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its property, plant and equipment and investment properties. During the year, the Company did not verify the property, plant and equipment.

c) According to the information and explanation given to us, no immovable property is held by the Company in its own name.

ii. According to the information and explanations given to us, the inventory has been physically verified at reasonable intervals by the management during the year. In our opinion, coverage and procedure of such verification is appropriate and no material discrepancies were noticed on such verification between the physical inventory and the book records. According to the information and explanation given to us, there is no inventory lying with third party.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order is not applicable to the Company.

iv. According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, the reporting under Clause 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, the amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services tax, Income Tax, Provident Fund, Employees' State Insurance, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no undisputed statutory dues payable in respect of Sales tax, Service tax, Duty of Customs, Duty of Excise and Value Added Tax.

According to the information and explanations given to us and on the basis of our examination of records of the Company, there were no arrears of undisputed statutory dues in respect of Goods and Services tax, Provident fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues as on the last day of the year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, there are no statutory dues in respect of Goods and Services Tax Service tax, Income tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise and Value Added Tax as at March 31, 2021, which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not taken any loans or borrowings from banks, debenture holders, financial institutions and Government. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

ix. According to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or no material fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such case by the Management.

xi. Based on the records examined by us and according to information and explanations given to us, the Company has not paid/provided for managerial remuneration. Accordingly, the reporting under Clause 3(xi) of the Order is not applicable to the Company. Also refer paragraph 2(g) of Independent Auditors' Report.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence the provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under Clause 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial reporting of **Classic Legends Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Reporting

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

Company details

Classic Legends Private Limited (CLPL) was incorporated on 17th June'2015. On 18th October 2016, it became subsidiary of Mahindra and Mahindra Limited (M&M). However, w.e.f 1st July'2017 M&M became joint venturer of the Company. CLPL is engaged in Design, Development, Sales, Marketing and related activities for Motorcycles & Two Wheeled Products.

2. METHOD OF ACCOUNTING

These standalone or separate financial statements have been prepared in accordance with the Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the latest annual financial statements of the Company prepared under the Act.

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

These financial statements were approved by the Board of Directors and authorised for issue on 23rd April, 2021.

3. SIGNIFICANT ACCOUTING POLICIES

3.01 Basis of accounting preparation and presentation

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

3.02 Use of estimate

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of assets, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Leases

Ind AS 116 requires lessees to determine the lease term as the non cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Provisions for product warranties

The Company recognises provision for warranties in respect of the products that it sells. Provisions are discounted, where necessary, to its present value based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which the reliable estimate can be made. Provisions are reviewed at each balance sheet date, adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

3.03 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

3.04 Foreign Currency

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks.

3.05 Employee benefits

1. Defined Benefit Plan:

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement.

(i) **Gratuity:** The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15/26 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation.

(ii) **Compensated Absences:** The Company provides for the encashment of compensated absences with pay subject to certain rules. The employees are entitled to accumulate compensated absences subject to certain limits, for future encashment. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit and the accumulated leave expected to be carried forward beyond twelve months is treated as long-term employee benefit which are provided based on the number of days of unutilised compensated absence on the basis of an independent actuarial valuation.

3.06 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3.07 Property Plant and Equipment

Property Plant and Equipment (PPE) are stated at cost of acquisition or construction less accumulated depreciation / amortisation and impairment loss, if any. All costs relating to the acquisition and installation of property plant and equipment are capitalised and include borrowing costs relating to funds attributable to construction or acquisition of qualifying assets, up to the date the asset / plant is ready for intended use. The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodies within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

Depreciation is calculated on straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc:

i) Plant and machinery – 3 years, 5 years, 8 years

ii) Laptops – 3 years

iii) Vehicles – 5 years

iv) Office equipment – 2 years, 5 years

v) Assets costing less than Rs 5000 each - 1 year

3.08 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Following summarises the nature of intangible and the estimated useful life:

(a) Software Costs – The expenditure incurred is amortised over three financial years equally commencing from the year in which the expenditure is incurred.

(b) Development expenditure – The expenditure incurred on technical services and other project/product related expenses is amortised over the period of benefit, not exceeding five years

Intangible asset with indefinite useful lives is reviewed annually to determine whether indefinite-life assessment continues to be supportable.

Intangible assets under development

The Company expenses cost incurred during research phase to profit or loss in the year in which they are incurred. Development phase expenses are initially recognised as intangible assets under development until the development phase is complete, upon which the amount is capitalised as intangible assets.

3.09 Impairment

(i) Financial assets (other than at fair value)

The Company assesses at end of each reporting period whether a financial asset or a group of financial assets is impaired.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit or loss.

3.10 Inventories

Inventories comprise all cost of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition

Finished goods purchased for sale, are carried at cost or net realisable value whichever is lower.

3.11 Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification and subsequent measurement

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on their respective classification.

On initial recognition, a financial assets is classified as - measured at

– Amortised Cost; or

– Fair Value Through Other Comprehensive Income (FVTOCI)

– Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequently to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gains and loss on derecognition are recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net off direct issue cost.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

3.12 Borrowing Costs:

Interest and other costs incurred in connection with the borrowing of the funds are charged to revenue on accrual basis except those borrowing costs which are directly attributable to the acquisition or construction of those Qualifying assets, which necessarily take a substantial period of time to get ready for their intended use. Such costs are capitalised with the Qualifying assets.

4. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

Capital management

The company's capital management objectives are:

The Board policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The board of directors monitors the return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as total liabilities divided by total equity. Total liabilities and total equity are based on the amounts stated in the separate financial statements.

Debt-to-equity ratio is as follows:

Rs. in Lakhs

	March 31, 2021	March 31, 2020
Debt (A)	**–**	–
Equity (B)	**10,561.53**	16,298.05
Debt Ratio (A / B)	**–**	–

At the end of the reporting period, there are no significant concentrations of credit risk for financial assests designed at fair value through profit & loss. The carrying amount reflected above represents the company's maximum exposure to credit risk to such financial assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are mutual funds and banks with high credit-ratings.

There is no change in estimation techniques or significant assumptions during the reporting period.

LIQUIDITY RISK

(i) *Liquidity risk management*

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) *Maturities of financial liabilities*

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

Rs. in Lakhs

Particulars	March 31, 2021 Less than 1 Year	March 31, 2021 1-3 Years	March 31, 2021 3-5 Years	March 31, 2020 Less than 1 Year	March 31, 2020 1-3 Years	March 31, 2020 3-5 Years
Financial liabilities						
Other Financial liabilities	**727.58**	**593.67**	**1.65**	591.87	317.65	11.56
Trade payables	**15,386.09**	**–**	**–**	3,979.95	–	–
Total	**16,113.67**	**593.67**	**1.65**	4,571.82	317.65	11.56

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

a) *Foreign Currency exchange rate risk*

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exposure to currency risk relates primarily to the Company's operating activities and borrowings when transactions are denominated in a different currency from the Company's functional currency.

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities.The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies. The information on derivative instruments is as follows.

Foreign currency exposures that are not hedged by derivative instruments

Rs. in Lakhs

Particulars	Currency	As at March 31, 2021 Foreign Currency Amount	As at March 31, 2021 Rupees Lakhs	As at March 31, 2020 Foreign Currency Amount	As at March 31, 2020 Rupees Lakhs
Trade payables	USD	21,600	15.79	2,100	1.59
Trade payables	EURO	6,820	5.85	4,350	3.60

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Rs. in Lakhs

Particulars	Currency	Change in rate	Effect on profit / (loss) before tax	Effect on pre-tax equity
31-Mar-21	USD	+10%	(1.58)	(1.58)
	USD	-10%	1.58	1.58
	EUR	+10%	(0.59)	(0.59)
	EUR	-10%	0.59	0.59
31-Mar-20	USD	+10%	(0.16)	(0.16)
	USD	-10%	0.16	0.16
	EUR	+10%	(0.36)	(0.36)
	EUR	-10%	0.36	0.36

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Note - 31 Fair Value Measurement

Note - 32 Employee benefits

(a) Defined Contribution Plan

Amount recognised as an expense in the Statement of Profit and Loss in respect of Defined Contribution Plans is Rs. 51.34 Lakhs (March 31, 2020 Rs. 37.79 Lakhs)

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the amount calculated as per the Payment of Gratuity Act, 1972, Gratuity is a benefit to an employee based on 15 days last drawn salary for each completed year of service. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Actuarial gains and losses in respect of defined benefit plans are recognised in the Financial statements through other comprehensive income.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Changes in bond yields

A decrease in government bond yields will increase plan liabilities.

Inflation risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Life expectancy

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Defined benefit plans – as per actuarial valuation on 31st March, 2021

Rs. in Lakhs

Particulars	Unfunded Plan Gratuity 2021	Unfunded Plan Gratuity 2020
Amounts recognised in profit and loss in respect of these defined benefit plans are as follows:		
Current Service Cost	**27.95**	13.24
Net interest expense	**5.33**	3.87
Transfer In/(Out)	**5.54**	–
Components of defined benefit costs reconised in profit or loss	**38.82**	17.11
Amounts recognised in other comprehensive income		
Remeasurement on the net defined benefit liability		
Actuarial (gains) and loss arising form changes in demographic assumptions	**(2.68)**	–
Actuarial (gains) and loss arising form changes in financial assumptions	**–**	7.71
Actuarial (gains) and loss arising form experience adjustments	**(9.67)**	2.63
Componenets of defined benefit costs recognised in other comprehensive income	**(12.35)**	10.34
I. Net Asset/(Liability) recognised in the Balance Sheet as at 31st March		
1. Present value of defined benefit obligation as at 31st March	**101.59**	76.66
2. Fair value of plan assets as at 31st March	**–**	–
3. Surplus/(Deficit)	**(101.59)**	(76.66)
4. Current portion of the above	**(2.91)**	(1.61)
5. Non current portion of the above	**(98.68)**	(75.05)
II. Change in the obligation during the year ended 31st March		
1. Present value of defined benefit obligation at the beginning of the year	**76.66**	49.96
2. Trasfer in /(out)	**5.54**	–
3. Expenses Recognised in Profit and Loss Account		
– Current Service Cost	**27.95**	13.24
– Transfer In/(Out)		–
– Interest Expense (Income)	**5.33**	3.87
4. Recognised in Other Comprehensive Income		
Remeasurement gains / (losses) - Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**(2.68)**	–
ii. Financial Assumptions	**–**	7.71
iii. Experience Adjustments	**(9.67)**	2.63
5. Benefit payments	**(1.54)**	(0.75)
6. Present value of defined benefit obligation at the end of the year	**101.59**	76.66
III. Actuarial assumptions		
1. Discount rate (%)	**6.90**	6.90
2. Expected rate(s) of salary increase (%)	**10.00**	10.00
3. Attrition rate (%)	**6.00**	5.00

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Rs. in Lakhs

Principal assumption		Impact on defined benefit obligation		
		Changes in assumption	Increase in assumption	Decrease in assumption
