STATEMENT OF CASH FLOWS FOR THE YEAR ENDED 31 MARCH 2021

Rs. in crores

	Particulars	Year ended 31 March 2021	Year ended 31 March 2020
A)	**CASH FLOW FROM OPERATING ACTIVITIES**		
	Profit before exceptional items and taxes	**416.33**	1,343.76
	Adjustments to reconcile profit before tax to net cash flows:		
	Add: Non-cash expenses		
	Depreciation, amortization and impairment	**125.88**	118.29
	Impairment on financial instruments	**1,564.12**	1,217.11
	Bad debts and write offs	**2,170.70**	837.36
	Net loss in fair value of derivative financial instruments	**201.20**	(119.73)
	Unrealized foreign exchange gain/loss	**(124.74)**	191.73
	Share based payments to employees	**15.99**	29.42
		3,953.15	2,274.18
	Less: Income considered separately		
	Net gain on fair value changes	**(40.39)**	(26.15)
	Income from investments in Government bonds and debt securities	**(264.32)**	(99.53)
	Dividend income	**(0.02)**	(54.63)
	Net gain on derecognition of property, plant and equipment	**(0.41)**	(0.70)
	Net gain on sale of investments	**(61.02)**	(45.74)
		(366.16)	(226.75)
	Operating profit before working capital changes	**4,003.32**	3,391.19
	Changes in -		
	Loans	**1,312.83**	(5,800.90)
	Trade receivables	**(2.32)**	(3.92)
	Interest accrued on other deposits	**(28.81)**	(36.67)
	Other financial assets	**(37.16)**	24.66
	Other financial liabilities	**294.60**	207.28
	Other non-financial assets	**(5.65)**	(0.27)
	Trade Payables	**7.35**	(377.90)
	Other non-financial liabilities	**1.12**	13.14
	Derivative financial instruments	**(0.97)**	–
	Provisions	**68.82**	(72.99)
	Cash used in operations	**1,609.81**	(6,047.57)
	Income taxes paid (net of refunds)	**(596.49)**	(494.80)
	NET CASH GENERATED FROM/(USED IN) OPERATING ACTIVITIES (A)	**5,016.64**	(3,151.18)
B)	**CASH FLOW FROM INVESTING ACTIVITIES**		
	Purchase of Property, plant and equipment and intangible assets	**(43.79)**	(105.35)
	Proceeds from sale of Property, plant and equipment	**3.66**	1.85
	Purchase of investments measured at amortized cost	**(36,573.50)**	(271.27)
	Proceeds from sale of investments measured at amortized cost	**33,998.67**	392.19
	Purchase of investments measured at FVOCI	**(4,547.94)**	(243.89)
	Purchase of investments measured at FVTPL	**(31,839.71)**	(72,847.12)
	Proceeds from sale of investments measured at FVTPL	**33,256.50**	71,315.31
	Purchase of investments measured at cost	**(0.01)**	(380.77)
	Proceeds from sale of investments measured at cost (in equity shares of Mahindra Asset Management Company Private Limited)	**20.80**	–
	Investment in term deposits with banks (net)	**(1,845.96)**	(580.43)
	Dividend income received	**0.02**	54.63

STATEMENT OF CASH FLOWS FOR YEAR ENDED 31 MARCH 2021 (CONTD...)

Rs. in crores

Particulars	Year ended 31 March 2021	Year ended 31 March 2020
Interest income received on investments measured at amortized cost, FVOCI, FVTPL and at cost	**188.58**	91.93
Change in Earmarked balances with banks	**0.09**	0.21
NET CASH USED IN INVESTING ACTIVITIES (B)	**(7,382.59)**	(2,572.71)
C) CASH FLOW FROM FINANCING ACTIVITIES		
Proceeds from issue of Equity shares, including securities premium (net of issue expenses)	**3,080.28**	–
Proceeds from borrowings through Debt Securities	**6,415.90**	12,807.80
Repayment of borrowings through Debt Securities	**(7,317.15)**	(17,369.31)
Proceeds from Borrowings (Other than Debt Securities)	**14,257.41**	27,667.93
Repayment of Borrowings (Other than Debt Securities)	**(14,485.57)**	(19,463.91)
Repayment of borrowings through Subordinated Liabilities	**(272.98)**	(139.77)
(Decrease)/Increase in loans repayable on demand and cash credit/overdraft facilities with banks (net)	**–**	(226.01)
Increase/(decrease) in Fixed deposits (net)	**626.99**	3,138.24
Payments for principal portion of lease liability	**(45.14)**	(38.12)
Dividend paid (including tax on dividend)	**–**	(477.86)
NET CASH GENERATED FROM FINANCING ACTIVITIES (C)	**2,259.74**	5,898.99
NET INCREASE/(DECREASE) IN CASH AND CASH EQUIVALENTS (A+B+C)	**(106.21)**	175.10
Cash and Cash Equivalents at the beginning of the year	**676.79**	501.68
CASH AND CASH EQUIVALENTS AT THE END OF THE YEAR	**570.58**	676.79
Components of Cash and Cash Equivalents		
Cash and cash equivalents at the end of the year		
– Cash on hand	**42.29**	14.30
– Cheques and drafts on hand	**33.12**	3.01
– Balances with banks in current accounts	**445.17**	459.48
– Term deposits with original maturity up to 3 months	**50.00**	200.00
Total	**570.58**	676.79

Notes:

1) The above Statement of Cash Flow has been prepared under the 'Indirect method' as set out in Ind AS 7 on 'Statement of Cash Flows'.
2) During the year, the Company has incurred an amount of Rs. 27.37 crores in cash (31 March 2020: Rs. 27.97 crores) towards corporate social responsibility (CSR) expenditure (Refer note 47).

As per our report of even date attached.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

for the year ended 31 March 2021

1 COMPANY INFORMATION

Mahindra & Mahindra Financial Services Limited ('the Company'), incorporated in India, is a public limited company, headquartered in Mumbai. The Company is a Non-Banking Financial Company ('NBFC') engaged in providing asset finance through its pan India branch network. The Company is registered as a Systemically Important Deposit Accepting NBFC as defined under Section 45-IA of the Reserve Bank of India ('RBI') Act, 1934 with effect from 4 September 1998. The equity shares of the Company are listed on the National Stock Exchange of India Limited ("NSE") and the BSE Limited ("BSE") in India. The Company is a subsidiary of Mahindra & Mahindra Limited.

The Company's registered office is at Gateway Building, Apollo Bunder, Mumbai 400001, India.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 ("the Act"), and in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020.

Any application guidance/clarifications/directions/expectations issued by RBI or other regulators are implemented as and when they are issued/applicable.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These standalone or separate financial statements have been approved by the Company's Board of Directors and authorized for issue on 23 April 2021.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. Effective from current financial year, all amounts are rounded-off to the nearest crores, unless otherwise indicated.

2.3 Basis of measurement

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for certain financial instruments which are measured at fair values as required by relevant Ind AS.

2.4 Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5 Use of estimates and judgements and Estimation uncertainity

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

Effective Interest Rate (EIR) Method

The Company recognizes interest income/expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given/taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weights, to derive the economic inputs into the ECL model
- Management overlay used in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios.

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary (refer note 51).

Provisions and other contingent liabilities

The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

Contingent Liabilities in respect of show cause notices are considered only when converted into demands.

The reliable measure of the estimates and judgments pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Provision for income tax and deferred tax assets:

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax, including the amount expected to be paid/recoverd for uncertain tax positions. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

Defined Benefit Plans:

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Estimation uncertainty relating to the global health pandemic from COVID-19 and current Macro-economic scenario:

The COVID-19 outbreak and its effect on the economy has impacted our customers and our performance, and the future effects of the outbreak remain uncertain. The outbreak necessitated government to respond at unprecedented levels to protect public health, local economies and livelihoods. There remains a risk of subsequent waves of infection, as evidenced by the recently emerged variants of the virus.

Economic forecasts are subject to a high degree of uncertainty in the current environment. Limitations of forecasts and economic models require a greater reliance on management judgement in addressing both the error inherent in economic forecasts and in assessing associated ECL outcomes.

The calculation of ECL under Ind AS 109 involves significant judgements, assumptions and estimates. The level of estimation uncertainty and judgement has increased during financial year as a result of the economic effects of the COVID-19 outbreak, including significant judgements relating to:

– the selection and weighting of economic scenarios, given rapidly changing economic conditions in an unprecedented manner, uncertainty as to the effect of government and RBI support measures designed to alleviate adverse economic impacts, and a wider distribution of economic forecasts than before the pandemic. The key judgements are the length of time over which the economic effects of the pandemic will occur, the speed and shape of recovery. The main factors include the effectiveness of pandemic containment measures, the pace of roll-out and effectiveness of vaccines, and the emergence of new variants of the virus, plus a range of geopolitical uncertainties, which together represent a very high degree of estimation uncertainty, particularly in assessing worst case scenario;
– estimating the economic effects of those scenarios on ECL, where there is no observable historical trend that can be reflected in the models that will accurately represent the effects of the economic changes of the severity and speed brought about by the COVID-19 outbreak. Modelled assumptions and linkages between economic factors and credit losses may underestimate or overestimate ECL in these conditions, and there is significant uncertainty in the estimation of parameters such as collateral values and loss severity; and
– the identification of customers experiencing significant increases in credit risk and credit impairment, particularly where those customers have accepted payment deferrals and other reliefs designed to address short-term liquidity issues given muted default experience to date.

Judgements (including overlays) in relation to credit impairments and the impact of macro-economic risks on the credit environment, in particular those arising from the COVID-19 pandemic, were discussed throughout the year. The management focused on the key assumptions, methodologies and in-model and post-model adjustments applied to provisions under Ind AS 109. The economic uncertainty and unprecedented conditions not experienced since the implementation of Ind AS 109 challenged the usefulness of model outputs. While the use of judgemental overlays and post-model adjustments should ideally be limited, their extensive use was deemed appropriate during the financial year, and are likely to continue to be required in future reporting periods.

As a result of government and bank support measures, significant credit deterioration has not yet occurred. This delay increases uncertainty on the timing of the stress and the realisation of defaults. Management has applied COVID-19 specific adjustments to modelled outputs to reflect the temporary nature of ongoing government support, the uncertainty in relation to the timing of stress and the degree to which economic consensus has yet captured the range of economic uncertainty. As a result, ECL is higher than would be the case if it were based on the forecast economic scenarios alone.

The Company has developed various accounting estimates in these Financial Statements based on forecasts of economic conditions which reflect expectations and assumptions as at 31 March 2021 about future events that the management believe are reasonable in the circumstances. There is a considerable degree of judgement involved in preparing forecasts. The underlying assumptions are also subject to uncertainties which are often outside the control of the Company. Accordingly, actual economic conditions are likely to be different from those forecast since anticipated events frequently do not occur as expected, and the effect of those differences may significantly impact accounting estimates included in these financial statements.

The significant accounting estimates impacted by these forecasts and associated uncertainties are predominantly related to expected credit losses, fair value measurement, and recoverable amount assessments of non-financial assets.

The impact of the COVID-19 pandemic on each of these accounting estimates is discussed further in the relevant note to these Financial Statements. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions (refer note 51).

2.6 Revenue recognition:

a) Recognition of interest income on loans

Interest income is recognized in Statement of profit and loss using the effective interest method for all financial instruments measured at amortized cost, debt instruments measured at FVOCI and debt instruments designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortized through interest income in the Statement of profit and loss.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest and interest on trade advances, are recognized when they become measurable and when it is not unreasonable to expect their ultimate collection.

Income from bill discounting is recognized over the tenure of the instrument so as to provide a constant periodic rate of return.

b) Subvention income

Subvention income received from manufacturer/dealers at the inception of the loan contracts which is directly attributable to individual loan contracts in respect of vehicles financed is recognized in the Statement of profit and loss using the effective interest method over the tenor of such loan contracts measured at amortized cost. In case of subvention income which is subject to confirmation from manufacturer and received later than inception date is recognized in the Statement of profit and loss using straight line method over the tenor of such loan contracts.

c) Rental Income

Income from operating leases is recognized in the Statement of profit and loss on a straight-line basis over the lease term. In certain lease arrangements, variable rental charges are also recognized over and above minimum commitment charges based on usage pattern and make/model of the asset.

d) Fee and commission income:

Fee based income are recognized when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognized as and when they are due.

e) Dividend and interest income on investments:

– Dividends are recognized in Statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

– Interest income from investments is recognized when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Assets held for sale or disposals are stated at the lower of their net book value and net realizable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date. Capital work-in-progress is stated at cost, net of impairment loss, if any.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis. Depreciation methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

In accordance with Ind AS 116 - Leases, applicable effective from 1 April 2019, the Right-Of-Use assets (Freehold premises) are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-Of-Use assets (Freehold premises) are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured.

The estimated useful lives used for computation of depreciation are as follows:

Buildings	60 years
Computers and Data processing units	3 to 6 years
Furniture and fixtures	10 years
Office equipments	5 years
Vehicles	8 years and 10 years
Vehicles under lease	8 years
Right-Of-Use assets (Leasehold premises)	2 to 10 years

Assets costing less than Rs. 5000/- are fully depreciated in the period of purchase.

PPE is derecognized on disposal or when no future economic benefits are expected from its use. Assets retired from active use and held for disposal are generally stated at the lower of their net book value and net realizable value. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognized in other income/netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognized.

2.8 Intangible assets:

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

Intangible assets comprises of computer software which is amortized over the estimated useful life. The amortization period is lower of license period or 36 months which is based on management's estimates of useful life. Amortization is calculated using the straight line method to write down the cost of intangible assets over their estimated useful lives.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.9 Investments in subsidiaries, associate and joint ventures:

Investments in subsidiaries, associate and joint ventures are measured at cost less accumulated impairment, if any.

2.10 Foreign exchange transactions and translations:

a) Initial recognition

Transactions in foreign currencies are recognized at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date.

b) Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Thus, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognized in other comprehensive income.

Non-monetary items that are measured at historical cost in foreign currency are not retranslated at reporting date.

2.11 Financial instruments:

a) Recognition and initial measurement -

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognized immediately in Statement of profit and loss.

b) Classification and Subsequent measurement of financial assets

On initial recognition, a financial asset is classified as measured at

- Amortized cost;
- FVOCI - debt instruments;
- FVOCI - equity instruments;
- FVTPL

Amortized cost -

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest ('SPPI') on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortized cost.

FVOCI - debt instruments -

The Company measures its debt instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and the contractual terms of the financial asset meet the SPPI test.

FVOCI - equity instruments -

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments. Investments representing equity interest in subsidiary and associate are carried at cost less any provision for impairment.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in other comprehensive income. This cumulative gain or loss is not reclassified to statement of profit and loss on disposal of such instruments. Investments representing equity interest in subsidiary and associate are carried at cost less any provision for impairment.

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL. This includes all derivative financial assets.

Subsequent measurement of financial assets

Financial assets at amortized cost are subsequently measured at amortized cost using effective interest method. The amortized cost is reduced by impairment losses. Interest income, and impairment provisions are recognized in Statement of profit and loss. Any gain and loss on derecognition is recognized in Statement of profit and loss.

Debt investment at FVOCI are subsequently measured at fair value. Interest income at coupon rate and impairment provision, if any, are recognized in Statement of profit and loss. Net gains or losses on fair valuation are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognized in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognized in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in Statement of profit and loss.

c) Financial liabilities and equity instruments:

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognized at the proceeds received. Transaction costs of an equity transaction are recognized as a deduction from equity.

Financial liabilities -

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in Statement of profit and loss. Any gain or loss on derecognition is also recognized in Statement of profit and loss.

d) Financial guarantee contracts:

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 - Financial Instruments; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115 - Revenue from Contracts with Customers.

e) Derecognition

Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

A financial liability is derecognized when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognized in Statement of profit and loss.

The Company also derecognises a financial liability when its terms are modified and the cashflows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value.

f) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

g) Derivative financial instruments

The Company enters into derivative financial instruments, primarily foreign exchange forward contracts, currency swaps and interest rate swaps, to manage its borrowing exposure to foreign exchange and interest rate risks.

Derivatives embedded in non-derivative host contracts are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Derivatives are initially recognized at fair value at the date the contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain/loss is recognized in Statement of profit and loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when fair value is negative.

h) Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

The Company recognizes lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognized is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information. (refer note 51).

Management overlay is used to adjust the ECL allowance in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios. Emerging local or global macroeconomic, micro economic or political events, and natural disasters that are not incorporated into the current parameters, risk ratings, or forward looking information are examples of such circumstances. The use of management overlay may impact the amount of ECL recognized.

The Company recognizes lifetime ECL for trade advances, lease and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is recognized in OCI and carrying amount of the financial asset is not reduced in the balance sheet.

Loan contract renegotiation and modifications:

Loans are identified as renegotiated and classified as credit impaired when we modify the contractual payment terms due to significant credit distress of the borrower. Renegotiated loans remain classified as credit impaired until there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows and retain the designation of renegotiated until maturity or derecognition.

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms, or if the terms of an existing agreement are modified such that the renegotiated loan is a substantially different financial instrument. Any new loans that arise following derecognition events in these circumstances are considered to be originated credit impaired financial asset and will continue to be disclosed as renegotiated loans.

Other than originated credit-impaired loans, all other modified loans could be transferred out of stage 3 if they no longer exhibit any evidence of being credit impaired and, in the case of renegotiated loans, there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows over the minimum observation period, and there are no other indicators of impairment. These loans could be transferred to stage 1 or 2 based on the risk assessment mechanism by comparing the risk of a default occurring at the reporting date (based on the modified contractual terms) and the risk of a default occurring at initial recognition (based on the original, unmodified contractual terms). Any amount written off as a result of the modification of contractual terms would not be reversed.

Loan modifications that are not identified as renegotiated are considered to be commercial restructuring. Where a commercial restructuring results in a modification (whether legalised through an amendment to the existing terms or the issuance of a new loan contract) such that the Company's rights to the cash flows under the original contract have expired, the old loan is derecognised and the new loan is recognised at fair value. The rights to cash flows are generally considered to have expired if the commercial restructure is at market rates and no payment-related concession has been provided. Mandatory and general offer loan modifications that are not borrower-specific, for example market-wide customer relief programmes announced by the Regulator or other statutory body, have not been classified as renegotiated loans and so have not resulted in derecognition, but their stage allocation is determined considering all available and supportable information under our ECL impairment policy.

i) Collateral repossessed -

Based on operational requirements, the Company's policy is to determine whether a repossessed asset can be best used for its internal operations or should be sold. Assets determined to be useful for the internal operations are transferred to their relevant asset category for capitalization at their fair market value.

In the normal course of business, the Company does not physically repossess assets/properties in its loan portfolio, but engages external agents to repossess and recover funds, generally by selling at auction, to settle outstanding debt. Any surplus funds are returned to the customers/obligors. As a result of this practice, the assets/properties under legal repossession processes are not separately recorded on the balance sheet.

j) Write offs -

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor/borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "Bad debts and write offs" forming part of "Impairment on financial instruments" in the Statement of profit and loss.

2.12 Employee benefits:

a) Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and these are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Contribution to provident fund, Superannuation fund, ESIC and National Pension Scheme -

The defined contribution plans i.e. provident fund (administered through Regional Provident Fund Office), superannuation fund and employee state insurance corporation and National Pension Scheme are post-employment benefit plans under which a Company pays fixed contributions and will have no legal and constructive obligation to pay further amounts beyond its contributions. The Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India and the Company has no obligation to the scheme beyond its contributions.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Company's contribution paid/payable during the year to provident fund, Superannuation scheme, ESIC and National Pension Scheme is recognized in the Statement of profit and loss.

c) Gratuity -

The Company's liability towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognized at the earlier of the plan amendment/curtailment and recognition of related restructuring costs/termination benefits.

The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contribution to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement gains/losses -

Remeasurement of defined benefit plans, comprising of actuarial gains/losses, return on plan assets excluding interest income are recognized immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Remeasurement gains or losses on long-term compensated absences that are classified as other long-term benefits are recognized in Statement of profit and loss.

d) Leave encashment/compensated absences/sick leave -

The Company provides for the encashment/availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

e) Employee stock options:

Equity-settled share-based payments to employees are recognized as an expense at the fair value of equity stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the graded vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.13 Finance costs:

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortized cost. Financial instruments include bank term loans, non-convertible debentures, fixed deposits mobilized, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

Effective from 1 April 2019, on application of Ind AS 116 (Leases), interest expense on lease liabilities computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

2.14 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

a) Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

2.15 Securities issue expenses:

Expenses incurred in connection with fresh issue of Share capital are adjusted against Securities premium reserve.

2.16 Impairment of assets other than financial assets:

The Company reviews the carrying amounts of its tangible (including assets given on operating lease) and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognized for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognized in Statement of profit and loss.

2.17 Provisions:

Provisions are recognized when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed. Provisions are not recognised for future operating losses.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.18 Leases:

The Company as a lessee -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises, certain IT equipments and general purpose office equipements used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments that are not paid at the commencement date, discounted using the Company's incremental average borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

In the Balance Sheet, ROU assets have been included in property, plant and equipment and Lease liabilities have been included in Other financial liabilities and the principal portion of lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

Where the Company is the lessor -

At the inception of the lease, the Company classifies each of its leases as either a finance lease or an operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

The Company has given certain vehicles on lease where it has substantially retained the risks and rewards of ownership and hence these are classified as operating leases. These assets given on operating lease are included in PPE. Lease income is recognized in the Statement of profit and loss as per contractual rental unless another systematic basis is more representative of the time pattern in which the benefit derived from the leased asset is diminished. Costs including depreciation are recognized as an expense in the Statement of profit and loss. Initial direct costs are recognized immediately in Statement of profit and loss.

In accordance with Ind AS 116, Leases, the financial information have been presented in the following manner.

a) ROU assets and lease liabilities have been included within the line items "Property, plant and equipment" and "Other financial liabilities" respectively in the Balance sheet;

b) Interest expenses on the lease liability and depreciation charge for the right-to-use asset have been included within the line items "Finance costs" and "Depreciation, amortization and impairment" respectively in the statement of profit or loss;

c) Short-term lease payments and payments for leases of low-value assets, where exemption as permitted under this standard is availed, have been recognized as expense on a straight line basis over the lease term in the statement of profit or loss.

d) Cash payments for the principal of the lease liability have been presented within "financing activities" in the statement of cash flows;

The disclosures as required in accordance with Ind AS 116, Leases, are set out under note no. 42.

2.19 Cash and cash equivalents:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.20 Corporate Social Responsibility (CSR) expenses

The Corporate Social Responsibility Committee ('CSR Committee' Board level) is responsible to formulate and recommend to the Board the CSR Policy indicating the activities falling within the purview of Schedule VII to the Companies Act, 2013, to be undertaken by the Company, to recommend the amount to be spent on CSR activities presented by the Financial Services Sector CSR Council ('FSS CSR Council') and to monitor the CSR Policy periodically.

Funding and Allocation:

For achieving the CSR objectives through implementation of meaningful and sustainable CSR Projects, the CSR Committee will allocate for its Annual CSR Budget, 2% of the average net profits of the Company made during the three immediately preceding financial years, calculated in accordance with the relevant Sections of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

The Company may spend upto 5% of the total CSR expenditure in one financial year on building CSR capabilities. The Company may also make contributions to its Corporate Foundations/Trusts i.e. K. C. Mahindra Education Trust and Mahindra Foundation, towards its corpus for projects approved by the Board. The CSR Committee will approve the CSR budget annually on receiving the recommendations from FSS CSR Council. Any unspent amount at the end of the financial year will be treated as per the provisions of the existing CSR Law. Any surplus arising out of the CSR Projects or Programs or activities shall not form part of the business profit of the Company.

The Company has set up the Mahindra Finance CSR Foundation (incorporated on 2nd April, 2019) as a wholly-owned subsidiary company registered under Section 8 of the Companies Act, 2013 to promote and support CSR projects and activities of the Company and its subsidiary companies. The Company implements its CSR programs through the Mahindra Finance CSR Foundation.

The Company has identified CSR Thrust Areas for undertaking CSR Projects/programs/activities in India. The actual distribution of the expenditure among these thrust areas will depend upon the local needs as may be determined by the need identification studies or discussions with local government/Grampanchayat/NGOs. The Company shall give preference to the local area and areas around which the Company operates for CSR spending. Thrust areas include health, education, environment and other activities.

The amount spent or contribution/donations made towards CSR activities is charged to Donations and Corporate Social Responsibility (CSR) expenses respectively, in the statement of Profit and Loss (Refer note 47)

2.21 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year.

2.21 Dividend:

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.22 New standards or amendments to the existing standards and other pronouncements:

i) New Standards issued or amendments to the existing standard but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from 1 April, 2021.

ii) Other recent pronouncements

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments primarily relate to:

a) Change in existing presentation requirements for certain items in Balance sheet, for eg. lease liabilities, security deposits, current maturities of long term borrowings, effect of prior period errors on Equity Share capital.

b) Additional disclosure requirements in specified formats, for eg. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters, etc.

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions.

d) Additional Regulatory Information, for eg.,compliance with layers of companies, title deeds of immovable properties, financial ratios, loans and advances to key managerial personnel, etc.

e) Disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency.

The amendments are extensive and the Company is evaluating the same.

Adjustment related to tax of prior years	**(15.50)**	–
Others	**4.67**	4.03
Reported income tax expense	**87.28**	437.36

The Taxation Laws (Amendment) Ordinance, 2019 contain substantial amendments in the Income Tax Act 1961 and the Finance (No.2) Act, 2019 which provides for an option to domestic companies to pay income tax at a concessional rate. The Company has elected to apply the concessional tax rate. Accordingly, the Company has recognized the provision for income tax and re-measured the net deferred tax assets at concessional rate for the year ended 31 March 2020. Further, the opening net deferred tax asset has been re-measured at lower rate with a one-time impact of Rs.103.99 Crores recognized as transition adjustment in the Statement of profit and loss for the year ended 31 March 2020.

	Percentage of holding (%)	**52.16%**	**52.16%**	51.19%	51.19%

d) **Terms/rights attached to equity shares:**

The Company has only one class of equity shares having a par value of Rs.2/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors and approved by the shareholders in the annual general meeting is paid in Indian rupees. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Other Equity

Description of the nature and purpose of Other Equity:

Statutory reserve

Statutory reserve represents reserve fund created pursuant to Section 45-IC of the RBI Act, 1934 through transfer of specified percentage of net profit every year before any dividend is declared. The reserve fund can be utilized only for limited purposes as specified by RBI from time to time and every such utilization shall be reported to the RBI within specified period of time from the date of such utilization.

Capital redemption reserve (CRR)

Capital redemption reserve represents reserve created pursuant to Section 55 (2) (c) of the Companies Act, 2013 by transfer of an amount equivalent to nominal value of the Preference shares redeemed. The CRR may be utilized by the Company, in paying up unissued shares of the Company to be issued to the members of the Company as fully paid bonus shares in accordance with the provisions of the Companies Act, 2013.

Securities premium reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilized only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve

General reserve is created through annual transfer of profits at a specified percentage in accordance with applicable regulations under the erstwhile Companies Act, 1956. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable profits for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer specified percentage of net profits to General reserve has been withdrawn. However, the amount previously transferred to the General reserve can be utilized only in accordance with the specific requirements of the Companies Act, 2013.

Debenture Redemption Reserve (DRR)

Until issuance of notification dated 16 August 2019 by MCA through the Companies (Share capital and Debentures) Amendment Rules, 2019, the Companies Act, 2013 required companies that issue debentures to create a debenture redemption reserve from annual profits until such debentures are redeemed. The Company was required to transfer a specified percentage (as provided in the Companies Act, 2013) of the outstanding redeemable debentures to debenture redemption reserve. The amounts credited to the debenture redemption reserve may be utilized only to redeem debentures. On completion of redemption, the reserve may be transferred to Retained Earnings.

Pursuant to issuance of notification dated 16 August 2019 by MCA through the Companies (Share capital and Debentures) Amendment Rules, 2019, the DRR is no longer required for certain class of companies, including listed NBFCs registered with RBI under section 45-IA of the RBI Act, 1934, in the case of public issue of debentures and privately placed debentures. Accordingly, during the year ended 31 March 2020, the Company had not created any amount of DRR and transferred the carrying amount of DRR created in the earlier years to Retained earnings as it was no longer required.

Employee stock options outstanding

The Employee Stock Options outstanding represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees and unvested stock options in the Statement of profit and loss in respect of equity-settled share options granted to the eligible employees of the Company and its subsidiaries in pursuance of the Employee Stock Option Plan.

Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

Details of dividends proposed

Rs. in crores

	31 March 2021	31 March 2020
Face value per share (Rupees)	**2.00**	2.00

36 Employee Stock Option Plan

The Company had allotted 48,45,025 Equity shares (face value of Rs.2/- each) under Employee Stock Option Scheme 2010 at par on 3 February 2011 to Mahindra and Mahindra Financial Services Limited Employees' Stock Option Trust ("the Trust") set up by the Company. The Trust holds these shares for the benefit of the employees and issues them to the eligible employees as per the recommendation of the Compensation Committee.

Pursuant to the Rights issue of one equity share for every equity share held as on record date, at an issue price of Rs.50 per Equity Share (including a premium of ₹ 48 per Equity Share), made by the Company, 20,63,662 equity shares have been allotted to the Trust in respect of its rights entitlement on 17 August 2020. All the option holders (beneficiaries) under existing grants have automatically became entitled to additional options at Rs.50/- per option as rights adjustment and accordingly, the number of outstanding options stand augmented in the same ratio as the rights issue. All the terms and conditions applicable to these additional options issued under rights issue shall remain same as original grant.

Upon exercise of stock options, including additional options issued as per Rights issue, under the scheme by eligible employees, the Trust had issued 41,29,660 equity shares to employees up to 31 March 2021 (31 March 2020: 32,13,044 equity shares), of which 9,16,616 equity shares (31 March 2020: 4,70,989 equity shares) were issued during the current year.

a) The terms and conditions of the Employees stock option scheme 2010 are as under:

Particulars	Terms and conditions
Type of arrangement	Employees share based payment plan administered through ESOS Trust
Contractual life	3 years from the date of each vesting
Number of vested options exercisable	Minimum of 50 or number of options vested whichever is lower
Method of settlement	By issue of shares at exercise price
Vesting conditions	20% on expiry of 12 months from the date of grant
	20% on expiry of 24 months from the date of grant
	20% on expiry of 36 months from the date of grant
	20% on expiry of 48 months from the date of grant
	20% on expiry of 60 months from the date of grant

b) Options granted during the year:

During the year ended 31 March 2021, the Company has not granted any stock options (31 March 2020: nil) to the employees under the Employees' Stock option scheme 2010.

c) Summary of stock options

Particulars	As at 31 March 2021 No. of stock options	As at 31 March 2021 Weighted average exercise price (Rs.)	As at 31 March 2020 No. of stock options	As at 31 March 2020 Weighted average exercise price (Rs.)
Options outstanding at the beginning of the year	**23,50,342**	**2.00**	28,66,916	2.00
Options granted during the year	–	–	–	–
Adjustment pertaining to Rights Issue	**19,87,633**	**50.00**	–	–
Options forfeited/lapsed during the year	**65,073**	**23.00**	42,882	2.00
Options expired during the year	**1,802**	**30.00**	2,703	2.00

Options outstanding at the end of the year	**33,54,484**	**26.00**	23,50,342	2.00
Options vested but not exercised at the end of the year	**7,07,970**	**28.00**	5,02,244	2.00

Adjusted for additional options issued in the ratio of one equity share for every one equity share held under Rights issue made by the Company during August 2020. The options issued under ESOP scheme 2010 are exercisable at Rs.2/- per option and adjustment options issued under Rights issue are exercisable at Rs.50/- each, including premium of Rs. 48/- per option (being the issue price under Rights allotment).

d) Information in respect of options outstanding:

Exercise price	As at 31 March 2021 No. of stock options	As at 31 March 2021 Weighted average remaining life	As at 31 March 2020 No. of stock options	As at 31 March 2020 Weighted average remaining life
i) At Rs.2.00 per option	**16,52,454**	50 months	23,50,342	54 months
ii) At Rs.50.00 per option	**17,02,030**	49 months	–	–
	33,54,484		23,50,342	

e) Average share price at recognized stock exchange on the date of exercise of the option is as under:

Year ended 31 March 2021 Date of Exercise	Year ended 31 March 2021 Weighted average share price (Rs.) #	Year ended 31 March 2020 Date of Exercise	Year ended 31 March 2020 Weighted Average share price (Rs.)
01 April 2020 to 31 March 2021	**167.30**	01 April 2019 to 31 March 2020	335.73

Adjusted for additional options issued in the ratio of one equity share for every one equity share held under Rights issue made by the Company during August 2020.

f) Determination of expected volatility

The measure of volatility used in the Black-Scholes option pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time.

The determination of expected volatility is based on historical volatility of the stock over the most recent period that is generally commensurate with the expected life of the option being valued. The period considered for volatility is adequate to represent a consistent trend in the price movements and the movements due to abnormal events are evened out.

Accordingly, since each vest has been considered as a separate grant, the model considers the volatility for periods, corresponding to the expected lives of different vests, prior to the grant date. Volatility has been calculated based on the daily closing market price of the Company's stock price on NSE over these years. Similar approach was followed in determination of expected volatility based on historical volatility for all the grants under the scheme.

In respect of stock options granted under Employee Stock Option Scheme 2010, the accounting is done as per the requirements of Ind AS 102. Consequently, Rs. 15.99 crores (31 March 2020: Rs. 29.42 Crores) has been included under 'Employee Benefits Expense' as 'Share-based payment to employees' based on respective grant date fair value, after adjusting for reversals on account of options forfeited. The amount includes cost reimbursements to the holding company of Rs. 0.47 crores (31 March 2020: Rs. 0.52 Crores) in respect of options granted to employees of the Company and excludes net recovery of Rs. 0.32 crores (31 March 2020: Rs. 0.57 Crores) from its subsidiaries for options granted to their employees.

37 Employee benefits

General description of defined benefit plans

Gratuity

The Company provides for the gratuity, a defined benefit retirement plan covering qualifying employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated period mentioned under The Payment of Gratuity Act, 1972. The Company makes annual contribution to the Gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity fund.

Post retirement medical cover

The Company provides for post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Through its defined benefit plans the company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatality -

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets underperform compared to this yield, this will create or increase a deficit. The defined benefit plans may hold equity type assets, which may carry volatility and associated risk.

Change in bond yields -

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

Variability in withdrawal rates -

If actual withdrawal rates are higher than assumed withdrawal rate assumption then the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Regulatory Risk -

Gratuity Benefit must comply with the requirements of the Payment of Gratuity Act, 1972 (as amended up-to-date). There is a risk of change in the regulations requiring higher gratuity payments (e.g. raising the present ceiling of Rs. 20,00,000, raising accrual rate from 15/26 etc.).

Inflation risk -

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The post retirement medical benefit obligation is sensitive to medical inflation and accordingly, an increase in medical inflation rate would increase the plan's liability.

Life expectancy -

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Details of defined benefit plans as per actuarial valuation are as follows:

		Funded Plan Gratuity Year ended 31 March	
Particulars		**2021**	2020

III.	**Maturity profile of defined benefit obligation**		
	Within 1 year	**6.32**	9.82
	Between 1 and 5 years	**27.76**	40.03

The estimate of future salary increases, considered in actuarial valuation, considers inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The plan assets have been primarily invested in government securities and corporate bonds.

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

During the year ended 31 March 2020, there was a revision in salary structure by reduction of basic pay with corresponding increase in variable pay of employees in certain grades made effective during the last quarter of the previous financial year which resulted in reduction in valuation of defined benefit obligation on account of gains recorded in past service cost amounting to Rs. 10.91 Crores and the same was netted against expenses recognized in Statement of Profit and Loss under the head Employee Benefits Expense. Accordingly, the Company had recognized a net gain of Rs. 0.66 Crores for the year ended 31 March 2020 in the Statement of Profit and Loss under the head Employee Benefits Expense.

During the year ended 31 March 2021, there was no increment in the salary due to lower business performance caused by COVID-19 led disruptions. As the salary structure primarily remained same as previous year, the actuarial valuation of defined benefit obligations for the current year were at same level as previous year except for change in assumptions or certain parameters used in valuation.

The Company's contribution to provident fund, superannuation fund and national pension scheme aggregating to Rs 58.41 crores (31 March 2020: Rs. 68.07 Crores) has been recognized in the Statement of profit and loss under the head Employee benefits expense.

38 Funds raised by issue of Rupee denominated USD settled, Secured Notes ("Masala Bonds")

During the year ended 31 March 2021, there was no capital raised in the overseas market by issue of Masala Bonds.

During the previous year ended 31 March 2020, the Company had raised funds in the overseas market amounting to Rs. 350.00 Crores (equivalent to USD 50 million) through issue of Rupee denominated USD settled, Secured Notes ("Masala Bonds") under External Commercial Borrowings (ECB) accessed through approval route requiring prior approval of RBI as per ECB Master directions. These are unlisted instruments, issued on 13 February 2020 for total duration of 4 years, carrying a fixed coupon rate of 7.40%, repayable at par on maturity on 13 February 2024.

The net proceeds from the issue of these Notes were applied for the purpose of on-lending, in accordance with the approvals granted by the RBI and the ECB Master Directions.

39 Funds raised by issue of equity shares through Rights Issue

Pursuant to authorization of further infusion of capital through Rights Issue by the Board of Directors of the Company at its meeting held on 1 June 2020, other resolutions passed on 18 July 2020 approving the issue size, rights entitlement ratio, fixing the issue price, fixing the record date and in accordance with the provisions of the Companies Act, 2013 and the applicable Rules prescribed thereunder, the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended, the Company had issued 61,77,64,960 fully paid-up equity shares of face value of Rs. 2 each for cash at a price of Rs. 50 per equity share (including a premium of Rs. 48 per equity share) aggregating to Rs. 3,088.82 crores on a rights basis to eligible equity shareholders in the ratio of one equity share for every one fully paid-up equity share held on the record date, that is 23 July 2020. These equity shares were allotted on 17 August 2020. The Company has utilized the entire proceeds (net of issue related expenses) from the above referred Rights Issue for the purposes as stated in its 'Letter of Offer'.

The fresh allotment of equity shares through Rights Issue as stated above has resulted in an increase of equity share capital by Rs.123.55 crores and securities premium reserve by Rs. 2,965.27 crores.

The share issue expenses of Rs.8.54 crores have been adjusted against securities premium reserve as per the accounting policy.

Increase in the Authorised Share Capital of the Company:

In view of Rights Issue and pursuant to the consent accorded by passing Special Resolutions by the Shareholders of Mahindra & Mahindra Financial Services Limited at the Extraordinary General Meeting ("EGM") held on Tuesday, 30 June, 2020, the Authorised share capital of the Company has been increased from Rs. 190.00 crores divided into 70,00,00,000 (Seventy crores) equity shares of Rs. 2 (Rupees Two) each of the Company and 50,00,000 (Fifty Lakhs) Redeemable Preference shares of Rs. 100 (Rupees hundred) each of the Company to Rs. 550.00 crores divided into 250,00,00,000 (Two hundred fifty crores) equity ehares of Rs. 2 (Rupees two) each of the Company and 50,00,000 (Fifty Lakhs) Redeemable Preference shares of Rs. 100 (Rupees hundred) each of the Company.

40 Transactions in the nature of change in ownership in other entities

Transactions pertaining to year ended 31 March 2021:

i) The Company, on 21 June 2019, along with Mahindra Asset Management Company Private Limited ('MAMCPL') and Mahindra Trustee Company Private Limited ('MTCPL'), then wholly-owned subsidiaries of the Company, had entered in to a share subscription agreement and shareholders' agreement to form a 51:49 Joint Venture with Manulife Asset Management (Singapore) Pte. Ltd. ('Manulife').

The transaction was settled on 29 April 2020 in accordance with share subscription and shareholders' agreements to acquire a 49% stake in MIAMCPL and MTCPL by Manulife. Accordingly, Manulife has made a fresh equity investment infusion aggregating to US $ 35.00 million to acquire 42% of the share capital of MAMCPL & MTCPL. The said agreements have also provided for sale of certain number of equity shares of MAMCPL by MMFSL at an agreed valuation within the overall stake divestment of 49% to Manulife. Accordingly, under the sale transaction, 1,47,00,000 equity shares of MAMCPL, equivalent to 7% of the fully paid up equity share capital of MAMCPL, for a consideration of Rs. 20.80 Crores (equivalent to USD 2.73 million), have been transferred in dematerialized form to Manulife. On this sale transaction, the Company recognized a pre-tax profit of Rs.6.10 crores on a standalone basis and the same has been disclosed as exceptional item in the statement of profit and loss for the year ended 31 March 2021.

Consequent to the above, the shareholding of the Company in MAMCPL and MTCPL has come down from 100% to 51% of the fully paid up equity share capital. The erstwhile names of MAMCPL and MTCPL have been changed to Mahindra Manulife Investment Management Private Limited (MMIMPL) and Mahindra Manulife Trustee Private Limited (MMTPL), respectively.

Transactions pertaining to previous year ended 31 March 2020:

ii) Pursuant to the offer made by National Housing Bank (NHB), the Board of Directors of the Company, at its meeting held on 27 March 2019, had approved the acquisition of 1,18,91,511 equity shares of Rs. 10/- each of Mahindra Rural Housing Finance Limited, a subsidiary of the Company, at a premium of Rs. 231.16, for cash, aggregating to Rs. 286.78 crs. During the year ended 31 March 2020, the Company had settled the entire amount of obligation as per the terms and conditions of the agreement.

iii) During the previous year ended 31 March 2020, the Company had entered in to a share subscription, share purchase and shareholders' agreement with Ideal Finance Limited ("Ideal Finance") and its existing Shareholders to form and operate a Joint Venture in the financial services sector in Sri Lanka. Pursuant to these agreements, the Company had agreed to subscribe/acquire up to 58.20% of the Equity share capital of Ideal Finance, in one or more tranches over a specified period of time, for an amount not exceeding Sri Lankan Rupees (LKR) 200.30 crores (equivalent to around Rs. 80.12 crores at foreign exchange rate of INR 1 to LKR 2.5). Upon acquisition of above stake, Ideal Finance will become a subsidiary of the Company. As part of this agreement, the Company had remitted an amount of Rs. 44.00 Crores (equivalent to LKR 110.00 Crores) to Ideal Finance towards acquisition of 38.20% of the Equity share capital under first and second tranches as prescribed in these agreements.

iv) During the previous year ended 31 March 2020,, the Company had incorporated a Wholly-owned subsidiary company, namely, Mahindra Finance CSR Foundation, under the provisions of section 8 of the Companies Act, 2013 for undertaking the CSR activities of the Company and its subsidiaries.

41 Capital management

The Reserve Bank of India vide its circular reference RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 outlined the regulatory guidance in relation to Ind AS financial statements from financial year 2019-20 onwards. This included guidance for computation of 'owned funds', 'net owned funds' and 'regulatory capital'. Accordingly, effective from the financial year ended 31 March 2020, the 'regulatory capital' has been computed in accordance with these requirements read with the requirements of the Master Direction DNBR. PD. 008/03.10.119/2016-17 dated September 01, 2016 (as amended).

'The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or convertible and/or combination of short term/long term debt as may be appropriate.

The company determines the amount of capital required on the basis of operations, capital expenditure and strategic investment plans. The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio.

The Company is subject to the capital adequacy requirements of the Reserve Bank of India (RBI). Under RBI's capital adequacy guidelines, the Company is required to maintain a capital adequacy ratio consisting of Tier I and Tier II Capital. The total of Tier II Capital at any point of time, shall not exceed 100 percent of Tier I Capital. The minimum capital ratio as prescribed by RBI guidelines and applicable to the Company, consisting of Tier I and Tier II capital, shall not be less than 15 percent of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet.

The Company has complied with all regulatory requirements related capital and capital adequacy ratios as prescribed by RBI.

Regulatory capital

		Rs. in crores
	As at 31 March 2021	As at 31 March 2020
Tier - I capital	**12,653.79**	9,628.80
Tier - II capital	**2,141.99**	2,645.43
Total Capital	**14,795.78**	12,274.23
Aggregate of Risk Weighted Assets	**56,944.01**	62,485.47
Tier - I capital ratio	**22.2%**	15.4%
Total Capital ratio	**26.0%**	19.6%

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"owned fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

"Tier II capital" includes the following -

(a) preference shares other than those which are compulsorily convertible into equity;

(b) revaluation reserves at discounted rate of fifty five percent;

(c) General provisions (including that for Standard Assets) and loss reserves to the extent these are not attributable to actual diminution in value or identifiable potential loss in any specific asset and are available to meet unexpected losses, to the extent of one and one fourth percent of risk weighted assets. 12 month expected credit loss (ECL) allowances for financial instruments i.e. where the credit risk has not increased significantly since initial recognition, shall be included under general provisions and loss reserves in Tier II capital within the limits specified by extant regulations. Lifetime ECL shall not be reckoned for regulatory capital (numerator) while it shall be reduced from the risk weighted assets.

(d) hybrid debt capital instruments; and

(e) subordinated debt to he extend the aggregate does not exceed Tier I capital.

Aggregate Risk Weighted Assets -

Under RBI Guidelines, degrees of credit risk expressed as percentage weightages have been assigned to each of the on-balance sheet assets and off- balance sheet assets. Hence, the value of each of the on-balance sheet assets and off- balance sheet assets requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. The aggregate shall be taken into account for reckoning the minimum capital ratio.

42 Leases

I) In the cases where assets are taken on operating lease (as lessee) -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises, certain IT equipments and general purpose office equipments used for operating activities.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate at the date of initial application as at 1 April 2019, and thereafter, at the inception of respective lease contracts, ROU asset equal to lease liability is recognized at the incremental borrowing rate prevailed during that relevant period subject to certain practical expedients as allowed by the standard.

The weighted average incremental borrowing rate of 7.00% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

a) Maturity Analysis - Contractual Undiscounted Cash Flow:

		Rs. in crores
	As at 31 March 2021	As at 31 March 2020
Less than 1 year	**52.41**	54.63
1 - 3 years	**85.50**	82.54
3 - 5 years	**54.42**	53.88
More than 5 years	**43.07**	45.82
Total undiscounted lease liabilities	**235.40**	236.87

b) Other disclosures:

Following table summarizes other disclosures including the note references for the expense, asset and liability heads under which certain expenses, assets and liability items are grouped in the financial statements.

Rs. in crores

		Amount for the year ended/ As at **31 March 2021**	31 March 2020
i)	Depreciation charge for Right-Of-Use assets for Leasehold premises (presented under note - 31 "Depreciation, amortization and impairment")	**52.73**	47.04
ii)	Interest expense on lease liabilities (presented under note - 28 "Finance costs")	**15.40**	14.63
iii)	Expense relating to short-term leases (included in Rent expenses under note 32 "Other expenses")	**12.23**	24.76
iv)	Expense relating to leases of low-value assets (included in Rent expenses under note 32 "Other expenses")	**8.55**	12.65
v)	Payments for principal portion of lease liability	**42.75**	38.12
vi)	Additions to right-of-use assets during the year	**50.11**	42.45
vii)	Carrying amount of right-of-use assets at the end of the reporting period by class of underlying asset -	**–**	–
	- Property taken on lease for office premises (presented under note - 11 "Property, plant and equipments")	**173.58**	179.88
viii)	Lease liabilities (presented under note - 20 "Other financial liabilities")	**190.09**	188.80

Pursuant to amendments brought in by the Ministry of Corporate Affairs through the Companies (Indian Accounting Standards) Amendment Rules, 2020 vide notification dated 24 July 2020, Ind AS 116 - Leases was amended by inserting certain paragraphs (46A and 46B) related to application of practical expedient to Covid-19-Related Rent Concessions. The Company had applied the practical expedient to all such rent concessions received during the year ended 31 March 2021 from certain Lessors that meet the conditions specified in paragraph 46B. The amount of rent concessions recognized in the statement of profit or loss is Rs. 2.39 crores.

II) In the cases where assets are given on operating lease (as lessor) -

Key terms of the lease are as below:

i) New vehicles to retail customers for a maximum period of 48 months with a minimum holding period of 24 months.

ii) Used and refurbished vehicles to travel operators/taxi aggregators with a initial agreement validity period of 36 months to 48 months and provision for extension for such period and on such terms and conditions as may be agreed by both the parties. The lease agreement also provides for minimum lock in period 6 months from the date of execution and cancellation with 3 months' notice from either parties. The consideration payable by the lessee is either minimum commitment charges or variable rental charges based on usage, make/model of the vehicle and certain other terms and conditions forming part of the lease agreement.

Rental income arising from these operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the Statement of profit and loss. Costs, including depreciation, incurred in earning the lease income are recognized as an expense.

Other details are as follows:

Rs. in crores

	Particulars	**Year ended 31 March 2021**	Year ended 31 March 2020"
i)	**New vehicles to retail customers on operating lease -**		
	Gross carrying amount	**71.40**	49.26
	Depreciation for the year	**8.92**	3.96
	Accumulated Depreciation	**13.20**	4.28
ii)	**Used and refurbished vehicles to travel operators/taxi aggregators -**		
	Gross carrying amount	**2.75**	3.59
	Depreciation for the year	**0.19**	0.43
	Accumulated Depreciation	**0.75**	0.56

The total future minimum lease rentals receivable for the non-cancellable lease period as at the Balance sheet date is as under:

Rs. in crores

	Particulars	**As at 31 March 2021**	As at 31 March 2020
i)	**New vehicles to retail customers on operating lease -**		
	Not later than one year	**19.69**	14.51
	Later than one year but not later than five years	**43.05**	35.79
	Later than five years	**–**	–
		62.74	**50.30**
ii)	**Used and refurbished vehicles to travel operators/taxi aggregators -**		
	Not later than one year	**0.21**	**0.51**
	Later than one year but not later than five years	**0.32**	**0.34**
	Later than five years	**–**	–
		0.53	0.85

Since there is no contingent rent applicable in respect of these lease arrangements, the Company has not recognized any income as contingent income during the year.

43 Operating segments

There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' in respect of the Company.

The Company operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure.

No revenue from transactions with a single external customer amounted to 10% or more of the Company's total revenue in year ended 31 March 2021 or 31 March 2020.

44 Frauds reported during the year

There were 80 cases (31 March 2020: 101 cases) of frauds amounting to Rs.2.52 crores (31 March 2020: Rs.2.85 Crores) reported during the year. The Company has recovered an amount of Rs.0.61 crores (31 March 2020: Rs.0.71 Crores) and has initiated appropriate legal actions against the individuals involved. The claims for the un-recovered losses have been lodged with the insurance companies on merit basis.

45 Contingent liabilities and commitments (to the extent not provided for)

Rs. in crores

		31 March 2021	31 March 2020
i)	**Contingent liabilities**		
	Claims against the Company not acknowledged as debts	**159.41**	144.35
	Guarantees	**1,577.23**	1,117.42
		1,736.64	1,261.77
ii)	**Commitments**		
	Estimated amount of contracts remaining to be executed on capital account and not provided for	**12.66**	**13.17**
	Other commitments (loan sanctioned but not disbursed)	**61.62**	**239.46**
		74.28	252.63
Total		**1,810.92**	1,514.40

The Company's pending litigations comprise of claims against the Company primarily by the customers and proceedings pending with Income Tax, sales tax/VAT and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The amount of provisions/contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial performance and financial position. Regarding the amounts disclosed above, it is not practicable to disclose information on the possibility of any reimbursements as it is determinable only on the occurrence of uncertain future events.

46 Transfer of financial assets

Transferred financial assets that are not derecognized in their entirety

The Company has transferred certain pools of fixed rate loan receivables backed by underlying assets in the form of tractors, vehicles, equipments etc. by entering in to securitization transactions with the Special Purpose Vehicle Trusts ("SPV Trust") sponsored by Commercial banks for consideration received in cash at the inception of the transaction.

The Company, being Originator of these loan receivables, also acts as Servicer with a responsibility of collection of receivables from its borrowers and depositing the same in Collection and Payout Account maintained by the SPV Trust for making scheduled payouts to the investors in Pass Though Certificates (PTCs) issued by the SPV Trust. These securitization transactions also requires the Company to provide for first loss credit enhancement in various forms, such as corporate guarantee, cash collateral, subscription to subordinated PTCs. as credit support in the event of shortfall in collections from underlying loan contracts. By virtue of existence of credit enhancement, the Company is exposed to credit risk, being the expected losses that will be incurred on the transferred loan receivables to the extent of the credit enhancement provided.

In view of the above, the Company has retained substantially all the risks and rewards of ownership of the financial asset and thereby does not meet the recognition criteria as set out in Ind AS 109. Consideration received in this transaction is presented as "Associated liability related to Securitization transactions" under Note no.17.

The following table provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

Rs. in crores

Particulars	**As at 31 March 2021**	As at 31 March 2020
Securitizations -		
Carrying amount of transferred assets measured at amortized cost	**10,524.45**	8,855.24
Carrying amount of associated liabilities	**10,390.77**	8,881.71
Fair value of transferred assets (A)	**10,345.25**	8,769.74
Fair value of associated liabilities (B)	**9,592.85**	8,169.18
Net position (A-B)	**752.40**	600.56

47 Corporate Social Responsibility (CSR)

The CSR activities of the Company shall include, but not limited to any or all of the sectors/activities as may be prescribed by Schedule VII of the Companies Act, 2013 amended from time to time. Further, the Company reviews the sectors/activities from time to time and make additions/deletions/clarifications to the above sectors/activities.

During the year ended 31 March 2021, the Company has incurred an expenditure of Rs. **26.58** crores (31 March 2020: Rs. 25.34 Crores) towards CSR activities which includes contribution/donations made to the trusts which are engaged in activities prescribed under section 135 of the Companies Act, 2013 read with Schedule VII to the said Act and expense of Rs. **0.64** crores (31 March 2020: Rs. 2.46 Crores) towards the CSR activities undertaken by the Company.

Detail of amount spent towards CSR activities:

a) Gross amount required to be spent by the Company during the year is Rs. **27.29** crores (31 March 2020: Rs. 22.80 Crores).

b) Amount spent by the Company during the year:

Rs. in crores

Particulars	**For the year ended 31 March 2021**			For the year ended 31 March 2020		
	In cash	**Yet to be paid in cash**	**Total**	In cash	Yet to be paid in cash	Total
i) Construction/acquisition of any asset	**–**	**–**	**–**	–	–	–
ii) On purpose other than (i) above	**27.37**	**–**	**27.37**	27.97	–	27.97

The above expenditure includes Rs. **0.15** crores (31 March 2020: Rs. 0.17 Crores) as salary cost in respect of certain employees who have been exclusively engaged in CSR administrative activities which qualifies as CSR expenditure under section 135 of the Companies Act, 2013.

48 During the year ended 31 March 2020, the Company has made a contribution of Rs.6.00 crores to New Democratic Electoral Trust, a Trust approved by the Central Board of Direct Taxes under Electoral Trust Scheme, 2013 to enable Electoral Trust to make contributions to political party/parties duly registered with the Election Commission, in such manner and at such times as it may decide from time to time. This contribution was as per the provisions of section 182 of the Companies Act, 2013. There was no such contribution made during the year ended 31 March 2021.

49 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law/accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) has been made in the books of accounts.

50 Reconciliation of movement of liabilities to cash flows arising from financing activities

Year ended 31 March 2021 Rs. in crores

Particulars	1 April 2020	Cash flows (net)	Exchange difference	Amortization of loan origination costs	New leases (including transition to Ind AS 116)	31 March 2021
Debt securities	17,744.87	(901.25)	–	(9.05)	–	**16,834.57**
Borrowings (Other than debt securities)	29,487.35	(228.16)	(124.75)	7.64	–	**29,142.08**
Deposits	8,812.14	626.99	–	11.53	–	**9,450.66**

51 Financial Risk Management Framework

In the course of its business, the Company is exposed to certain financial risks namely credit risk, interest risk, currency risk & liquidity risk. The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the Company's risk management policy which has been approved by its Board of Directors.

Board of Directors of the Company have established Asset and Liability Management Committee (ALCO), which is responsible for developing and monitoring risk management policies for its business. The Company's financial services businesses are exposed to high credit risk given the unbanked rural customer base and diminishing value of collateral. The credit risk is managed through credit norms established based on historical experience.

51.1 Market Risk

Market the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

a) Pricing Risk

The Company's Investment in Mutual Funds is exposed to pricing risk. Other financial instruments held by the company does not possess any risk associated with trading. A 5 percent increase in Net Assets Value (NAV) would increase profit before tax by approximately **Rs 83.36 crores** (31st March 2020: Rs 162.06 crores). A similar percentage decrease would have resulted equivalent opposite impact.

b) Currency Risk

Currency Risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk arise majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company manages its foreign currency risk by entering into forward contract and cross currency swaps.

The carrying amounts of the Company's foreign currency exposure at the end of the reporting period are as follows:

Rs. in crores

	JPY	US Dollar	Euro	Total
As at 31 March 2021				
Financial Assets	**–**	**–**	**–**	**–**
Financial Liabilities	**988.13**	**2485.78**	**206.64**	**3,680.55**
As at 31 March 2020				
Financial Assets	–	–	–	–
Financial Liabilities	–	2,721.41	199.32	2,920.73

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant.

Rs. in crores

	Currency	Change in rate	Effect on Profit Before Tax
Year ended 31 March 2021	**INR/JPY**	**(+/-) 1.00%**	**(+/-) 9.88**
	INR/USD	**(+/-) 1.00%**	**(+/-) 2.07**
	INR/EUR	**(+/-) 1.00%**	**(+/-) 24.86**
Year ended 31 March 2020	INR/USD	(+/-) 1.00%	(+/-) 27.21
	INR/EUR	(+/-) 1.00%	(+/-) 1.99

c) **Interest Rate Risk**

The company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates.

Interest Rate risk on variable rate borrowings is managed by way of interest rate swaps.

Interest Rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Rs. in crores

	Currency	Increase/ decrease in basis points	Effect on profit before tax
Year ended 31 March 2021	**INR**	**100**	**135.71**
Year ended 31 March 2020	INR	100	155.98

d) **Off-setting of balances**

The table below summarizes the financial liabilities offsetted against financial assets and shown on a net basis in the balance sheet:

Financial assets subject to offsetting

Rs. in crores

	Offsetting recognized on the balance sheet		
Particulars	**Gross assets before offset**	**Financial liabilities netted**	**Assets recognized in balance sheet**
Loan assets			
At 31 March' 2021	**60,029.98**	**82.56**	**59,947.42**
At 31 March' 2020	65,091.55	98.03	64,993.52

Financial liabilities subject to offsetting

Rs. in crores

	Offsetting recognized on the balance sheet		
Particulars	**Gross liabilities before offset**	**Financial assets netted**	**Liabilities recognized in balance sheet**
Other financial liabilities			
At 31 March' 2021	**2,686.82**	**82.56**	**2,604.26**
At 31 March' 2020	2,411.99	98.03	2,313.96

51.2 Credit Risk Management

Credit risk is the risk that the Company will incur a loss because its customers fail to discharge their contractual obligations. The Company has a comprehensive framework for monitoring credit quality of its retail and other loans primarily based on Days past due monitoring at period end. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery are taken through follow ups and legal recourse.

Credit Quality of Financial Loans and Investments

The following table sets out information about credit quality of loans and investments measured at amortized cost primarily based on days past due information. The amount represents gross carrying amount.

Rs. in crores

Particulars	**31 March 2021**	31 March 2020
Gross carrying value of Retail loans		
Neither Past due nor impaired	**41,694.34**	49,494.84
Past Due but not impaired		
30 days past due	**6,315.88**	3,298.35
31-90 days past due	**7,947.58**	6,162.09
Impaired (more than 90 days)	**5,681.06**	5,484.50
Total Gross carrying value as at reporting date	**61,638.86**	64,439.78

Rs. in crores

Particulars	**31 March 2021**	31 March 2020
Gross carrying value of SME loans including Bills of exchange		
Neither Past due nor impaired	**1,499.69**	1,626.63
Past Due but not impaired		
30 days past due	**81.13**	497.97
31-90 days past due	**138.98**	78.49
Impaired (more than 90 days)	**38.03**	192.98
Total Gross carrying value as at reporting date	**1,757.83**	2,396.07

Rs. in crores

Particulars	**31 March 2021**	31 March 2020
Gross carrying value of Trade Advances		
Less than 60 days past due	**1,113.33**	963.83
61-90 days past due	**22.57**	211.50
Impaired (more than 90 days)	**59.08**	64.02
Total Gross carrying value as at reporting date	**1,194.98**	1,239.35

Rs. in crores

Particulars	**31 March 2021**	31 March 2020
Gross carrying value of Financial Investments measured at amortised cost		
Neither Past due nor impaired	**3,765.44**	1,129.59
Past Due but not impaired		
30 days past due	**–**	–
31-90 days past due	**–**	–
Impaired (more than 90 days)	**–**	–
Total Gross carrying value as at reporting date	**3,765.44**	1,129.59

The Company reviews the credit quality of its loans based on the ageing of the loan at the period end. Since the company is into retail lending business, there is no significant credit risk of any individual customer that may impact company adversely, and hence the Company has calculated its ECL allowances on a collective basis.

Inputs considered in the ECL model

In assessing the impairment of financial loans under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses and the measurement of interest income.

The Company categorizes loan assets into stages primarily based on the Days Past Due status.

Stage 1: 0-30 days past due

Stage 2: 31-90 days past due

Stage 3: More than 90 days past due

In case of unsecured advances (personal loans), the Company follows an early recognition norm of classification in to stage 3 assets where the overdue is more than 30 days past due.

The company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for trade advances, lease and other receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the company.

(i) RBI COVID-19 Regulatory Package

In accordance with the Reserve Bank of India (RBI) notification no. RBI/2019-20/186 DOR.No.BP.BC.47/21.04.048/2019-20 dated 27th March, 2020, RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2020-21 dated April 17, 2020 and Press Release: 2019-2020/2392 dated 22 May 2020 relating to 'COVID-19 - Regulatory Package', the Company, as per its Board approved policy and ICAI advisories, has granted moratorium upto six months on the payment of installments which became due between 01 March 2020 and 31 August 2020 to all eligible borrowers. This relaxation did not automatically trigger a significant increase in credit risk. The Company continued to recognize interest income during the moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period did not result in accounts becoming past due and automatically triggering Stage 2 or Stage 3 classification criteria and accordingly, the staging of such accounts of borrowers as at 31 March 2021 is based on day past due status considering the benefit of moratorium period.

During the previous year ended 31 March 2020, in accordance with the notifications issued by the Reserve Bank of India (RBI) relating to 'COVID-19 - Regulatory Package' till the date of results, the Company, as per its Board approved policy and ICAI advisories, had considered the moratorium up to three months on the payment of installments which became due between 01 March 2020 and 31 May 2020 to all eligible borrowers. Accordingly, in respect of accounts overdue but standard (i.e, stage 1 and stage 2) as at 29 February 2020 where moratorium benefit has been granted, for the purpose of staging of those accounts and for determination of impairment loss allowance as at 31 March 2020, the days past due status as on 29 February 2020 has been considered.

(ii) Impact of COVID-19

The impact of COVID-19 on the global economy and how governments, businesses and consumers respond is uncertain. This uncertainty is reflected in the Company's assessment of impairment loss allowance on its loans which are subject to a number of management judgements and estimates. In relation to COVID-19, judgements and assumptions include the extent and duration of the pandemic, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy.

The COVID-19 outbreak and its effect on the economy has impacted our customers and our performance, and the future effects of the outbreak remain uncertain. The outbreak necessitated government to respond at unprecedented levels to protect public health, local economies and livelihoods. There remains a risk of subsequent waves of infection, as evidenced by the recently emerged variants of the virus.

Across the geographies and segments where we operate, the COVID-19 outbreak has led to a worsening of economic conditions and increased uncertainty, which has been reflected in higher ECL provisions. Furthermore, credit losses may increase due to exposure to vulnerable sectors of the economy such as retail, hospitality and commercial real estate. The impact of the pandemic on the long-term prospects of businesses in these sectors is uncertain and may lead to significant credit losses on specific exposures, which may not be fully captured in ECL estimates.

The significant changes in economic and market drivers, customer behaviours and government actions caused by COVID-19 have materially impacted the performance of financial models. ECL model performance has been significantly impacted, which has increased reliance on management judgement in determining the appropriate level of ECL estimates. The reliability of ECL models under these circumstances has also been impacted by the unprecedented response from governments to provide a variety of economic stimulus packages to support livelihoods and businesses. Historical observations on which the models were built do not reflect these unprecedented support measures. We continue to monitor credit performance against the level of government support and customer relief programmes.

While the methodologies and assumptions applied in the impairment loss allowance calculations have primarily remained unchanged from those applied while preparing the financial results for the year ended March 2020, the Company has separately incorporated estimates, assumptions and judgements specific to the impact of the COVID-19 pandemic and the associated support packages in the measurement of impairment loss allowance and has recognized an overlay of Rs.996.36 crores (31 March 2020: Rs.574.01 crores) in the statement of profit and loss. The final impact of this pandemic and the Company's impairment loss allowance estimates are inherently uncertain, and hence, the actual impact may be different than that estimated based on the conditions prevailing as at the date of approval of these financial results. The management will continue to closely monitor the material changes in the macro-economic factors impacting the operations of the Company.

The Honourable Supreme Court of India (Hon'ble SC), in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), vide an interim order dated 03 September 2020 ("Interim Order"), had directed banks and NBFCs that accounts which were not declared NPA till 31 August 2020 shall not be declared as NPA till further orders. Accordingly, the Company did not classify any account which was not NPA as of 31 August 2020 as per the RBI IRAC norms, as NPA after 31 August 2020.

Basis the said interim order, until 31 December 2020, the Company did not classify any additional borrower account as NPA as per the Reserve Bank of India or other regulatory prescribed norms, after 31 August 2020 which were not NPA as of 31 August 2020, however, during such periods, the Company has classified those accounts as stage 3 and provisioned accordingly for financial reporting purposes.

The interim order granted to not declare accounts as NPA stood vacated on 23 March 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial manufacturers Association vs. UOI & Ors. and other connected matters. In accordance with the instructions in paragraph 5 of the RBI circular no. RBI/2021-22/17DOR. STR.REC.4/21.04.048/2021-22 dated 07 April 2021 issued in this connection, the Company has continued with the asset classification of borrower accounts as per the extant RBI instructions/ IRAC norms and as per ECL model under Ind AS financial statements for the quarter and year ended 31 March 2021.

In accordance with the instructions in aforementioned RBI circular dated 07 April 2021, and the Indian Banks' Association ('IBA') advisory letter dated 19 April 2021, the Company has put in place a Board approved policy to refund/adjust the 'interest on interest' charged to borrowers during the moratorium period i.e. 01 March 2020 to 31 August 2020. The Company has estimated the said amount and made a provision of Rs. 31.75 crores in the financial statements for the year ended 31 March 2021.

(iii) In accordance with the regulatory expectation of the Reserve Bank of India to bring down the net NPA ratio below 4%, which management has agreed with, the Company, has recorded an additional provision of Rs. 1,320 crores on Stage 3 loans during the quarter and year ended 31 March 2021. Resultantly, the net NPA ratio of the Company stands at 3.97% as at 31 March 2021.

(iv) Definition of default

The Company considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower account becomes 90 days past due on its contractual payments except for personal loans, where the Company has an early recognition norm of classification in to stage 3 on the basis of overdue more than 30 days past due.

(v) Exposure at default

"Exposure at Default" (EAD) represents the gross carrying amount of the assets subject to impairment calculation. Future Expected Cash flows (Principal and Interest) for future years has been used as exposure for Stage 2.

(vi) Estimations and assumptions considered in the ECL model

The Company has made the following assumptions in the ECL Model:

a. "Loss given default" (LGD) is common for all three Stages and is based on loss in past portfolio. Actual cash flows on the past portfolio are discounted at portfolio EIR rate for arriving loss rate.

b. "Probability of Default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD at 100%. This is calculated as an average of the last 60 months yearly movement of default rates and future adjustment for macro-economic factor.

(vii) Measurement of ECL

ECL is measured as follows:

- financial assets that are not credit impaired at the reporting date: for Stage 1, gross exposure is multiplied by PD and LGD percentage to arrive at the ECL. For Stage 2, future Expected Cash flows (Principal and Interest) for respective future years is multiplied by respective years Marginal PDs and LGD percentage and thus arrived ECL is then discounted with the respective loan EIR to calculate the present value of ECL. In addition, in case of Bills discounting and Channel finance, as the average lifetime is of 90 days, a time to maturity factor of 0.25 is used in the ECL computation.
- financial assets that are credit impaired at the reporting date: the difference between the gross exposure at reporting date and computed carrying amount considering EAD net of LGD and actual cash flows till reporting date;
- undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.

(viii) Forward Looking Information

Historical PDs has been converted into forward looking PD which incorporates the forward looking economic outlook. Considering that major chunk of borrowers in the retail portfolio is from rural area, Agriculture (real change% p.a.) is used as a macroeconomic variable. Agriculture (real change% p.a.) stands for Percentage change in real agricultural value-added, including livestock, forestry and fishing, over previous year). In case of SME and Bills Discounting portfolio, Real GDP (% change pa) is used as the macroeconomic variable.

The macroeconomic variables considered by the Company are robust reflections of the state of economy which result into systematic risk for the respective portfolio segments.

Additionally, three different scenarios have been considered for ECL calculation. Along with the actual numbers (considered for Base case scenario), other scenarios take care of the worsening as well as improving forward looking economic outlook. As at 31 March 2021, the probability assigned to base case scenario assumptions have been updated to reflect the rapidly evolving situation with respect to COVID-19. This includes an assessment of the effectiveness of stimulus packages announced by government and regulatory measures imparted by RBI. These are considered in determining the length and severity of the forecast economic downturn. The Company's base case economic forecast scenarios reflects a deterioration in economic conditions in the first quarter with a gradual improvement thereafter. In addition to the base case forecast which reflects largely the negative economic consequences of COVID-19, greater weighting has been applied to the downside scenarios given the Company's assessment of downside risks.

(ix) Assessment of significant increase in credit risk

When determining whether the credit risk has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the Company's historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort. The Company's accounting policy is not to use the practical expedient that the financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk. As a result the Company monitors all financial assets and loan commitments that are subject to impairment for significant increase in credit risk.

Based on the assessment by the Company, the RBI moratorium relaxation offered to the customers recognizing the potential detrimental impact of COVID-19 has not been deemed to be automatically triggering significant increase in credit risk. The Company continues to recognize interest income during the moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period does not result in accounts becoming past due and automatically triggering Stage 2 or Stage 3 classification criteria.

As a part of the qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeliness to pay. In such instances, the Company treats the customer at default and therefore assesses such loans as Stage 3 for ECL calculations, following are such instances:

- A Stage 3 customer having other loans which are in Stage 1 or 2.
- Customers who have failed to pay their first EMI.
- Physical verification status of the repossessed asset related to the loan.
- Cases where Company suspects fraud and legal proceedings are initiated.

Further, the Company classifies certain category of exposures in to Stage 3 and makes accelerated provision upto 100% based on qualitative assessment implying the significant deterioration in asset quality or increase in credit risk on selective basis.

Assessment of loan modifications on credit risk

In response to the economic fall-out on account of COVID-19 pandemic, RBI on August 6, 2020 announced resolution plan framework vide circular no. RBI/2020-21/16 DOR.No.BP.BC/3/21.04.048/2020-21 and RBI/2020-21/17 DOR.No.BP.BC/4/21.04.048/2020-21 for both personal loan and MSME loan customers. Loan modifications executed under these schemes have not been classified as renegotiated as they are as a result of market-wide customer relief programme and not borrower-specific. We continue to monitor the recoverability of loans granted in accordance with these circulars.The on-going and future performance of such loans remains an area of uncertainty at 31 March 2021. The relevant details in respect of these loans have been presented under note 57.

(x) Policy for write off of Loan Assets

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "Bad debts and write offs" forming part of "Impairment on financial instruments" in Statement of profit and loss.

(xi) Analysis of inputs to the ECL model with respect to macro economic variable

The below table shows the values of the forward looking macro economic variable used in each of the scenarios for the ECL calculations. For this purpose, the Company has used the data source of Economist Intelligence Unit. The upside and downside% change has been derived using historical standard deviation from the base scenario based on previous 8 years change in the variable.

ECL scenario for Macro Economic Variable	Year	Upside	Base	Downside
		%	%	%
Probability Assigned		0	85	15

ECL scenario for Macro Economic Variable	Year	Upside	Base	Downside
		%	%	%
Agriculture (% real change p.a)	**2021**	**6.5**	**4.2**	**1.9**
	2022	5.4	3.1	0.8
	2023	5.6	3.3	1.0
	2024	5.3	3.0	0.7
	2025	5.8	3.5	1.2
Real GDP (% change p.a)	**2020**	**7.2**	**6.1**	**5.0**
	2021	7.3	6.2	5.1
	2022	7.6	6.5	5.4
	2023	7.5	6.4	5.3
	2024	7.4	6.3	5.2

Impairment loss

The expected credit loss allowance provision for **Retail Loans** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired	Total
Gross Balance as at 31 March 2021	**48,010.22**	**7,947.58**	**5,681.06**	**61,638.86**
Expected credit loss rate	**0.86%**	**10.88%**	**57.54%**	
Carrying amount as at 31 March 2021 (net of impairment provision)	**47,599.49**	**7,082.67**	**2,412.08**	**57,094.24**
Gross Balance as at 31 March 2020	52,793.19	6,162.09	5,484.50	64,439.78
Expected credit loss rate	1.02%	11.75%	28.31%	
Carrying amount as at 31 March 2020 (net of impairment provision)	52,254.86	5,438.15	3,931.73	61,624.74

The expected credit loss allowance provision for **SME Loans including Bills of exchange** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired	Total
Gross Balance as at 31 March 2021	**1,580.82**	**138.98**	**38.03**	**1,757.83**
Expected credit loss rate	**0.36%**	**9.06%**	**42.70%**	
Carrying amount as at 31 March 2021 (net of impairment provision)	**1,575.07**	**126.39**	**21.79**	**1,723.25**
Gross Balance as at 31 March 2020	2,124.60	78.49	192.98	2,396.07
Expected credit loss rate	0.23%	27.21%	82.00%	
Carrying amount as at 31 March 2020 (net of impairment provision)	2,119.68	57.14	34.74	2,211.56

The expected credit loss allowance provision for **Trade Advances** is determined as follows:

Rs. in crores

	Less than 60 days past due	61-90 days past due	Credit impaired (more than 90 days)	Total
Gross Balance as at 31 March 2021	**1,113.33**	**22.57**	**59.08**	**1,194.98**
Expected credit loss rate	**0.40%**	**6.52%**	**100.00%**	
Carrying amount as at 31 March 2021 (net of impairment provision)	**1,108.87**	**21.10**	**–**	**1,129.97**
Gross Balance as at 31 March 2020	963.83	211.50	64.02	1,239.35
Expected credit loss rate	0.40%	6.77%	100.00%	
Carrying amount as at 31 March 2020 (net of impairment provision)	959.97	197.19	–	1,157.16

The expected credit loss allowance provision for **Financial Investments measured at amortized cost** is determined as follows:

Rs. in crores

	Performing Loans - 12 month ECL	Underperforming loans - 'lifetime ECL not credit impaired'	Impaired loans - 'lifetime ECL credit impaired	Total
Gross Balance as at 31 March 2021	**3,765.44**	**–**	**–**	**3,765.44**
Expected credit loss rate	**0.01%**			
Carrying amount as at 31 March 2021 (net of impairment provision)	**3,765.03**			**3,765.03**
Gross Balance as at 31 March 2020	1,129.59	–	–	1,129.59
Expected credit loss rate	0.12%			
Carrying amount as at 31 March 2020 (net of impairment provision)	1,128.23	–	–	1,128.23

Level of Assessment - Aggregation Criteria

The company recognizes the expected credit losses (ECL) on a collective basis that takes into account comprehensive credit risk information.

Considering the economic and risk characteristics, pricing range, sector concentration (e.g. vehicle loans in unorganized sectors) the company calculates ECL on a collective basis for all stages - Stage 1, Stage 2 and Stage 3 assets.

An analysis of changes in the gross carrying amount and the corresponding ECLs in relation to Retail Loans is, as follows:

Gross exposure reconciliation

As at 31 March 2020

Rs. in crores

Particulars	**Stage 1**	**Stage 2**	**Stage 3**	**Total**
Gross carrying amount balance as at 1 April 2019	49,728.69	5,173.80	3,838.98	58,741.47
Changes due to loans recognized in the opening balance that have:				
- Transfers to Stage 1	1,364.19	(1,127.59)	(236.60)	0.00
- Transfers to Stage 2	(5,155.84)	5,286.48	(130.64)	(0.00)
- Transfers to Stage 3	(1,973.00)	(1,253.91)	3,226.91	–

The contractual amount outstanding on financial investments that has been written off by the Company during the year ended 31 March 2021 and that were still subject to enforcement activity was nil (31 March 2020: nil).

Significant changes in the gross carrying value that contributed to change in loss allowance

The company mostly provide loans to retail individual customers in Rural and Semi urban area which is of small ticket size. Change in any single customer repayment will not impact significantly to Company's provisioning. All customers are being monitored based on past due and corrective actions are taken accordingly to limit the Company's risk.

Concentration of Credit Risk

Company's loan portfolio is predominantly to finance retail automobile loans. The Company manages concentration of risk primarily by geographical region in India. The following tables show the geographical concentrations of trade advances and loans:

Rs. in crores

Particulars	**31 March 2021**	31 March 2020
Concentration by Geographical region in India:		
North	**18,814.13**	19,851.42
East	**17,165.38**	17,354.14
West	**16,146.31**	17,486.30
South	**12,466.85**	13,384.34
Total Carrying Value	**64,592.67**	**68,076.20**

Maximum Exposure to credit Risk

The maximum exposure to credit risk of loans and investment securities is their carrying amount. The maximum exposure is before considering both the effect of mitigation through collateral.

Narrative Description of Collateral

Collateral primarily include vehicles purchased by retail loan customers and machinery & property in case of SME customers. The financial investments are secured by way of a first ranking pari-passu and charge created by way of hypothecation on the receivables of the other company.

Quantitative Information of Collateral

The Company monitors its exposure to loan portfolio using the Loan To Value (LTV) ratio, which is calculated as the ratio of the gross amount of the loan to the value of the collateral. The value of the collateral for Retail loans is derived by writing down the asset cost at origination by 20% p.a on reducing balance basis. And the value of the collateral of Stage 3 Retail loans is based on the Indian Blue Book value for the particular asset. The value of collateral of SME loans is based on fair market value of the collaterals held.

Gross value of total secured loans to value of collateral:

Rs. in crores

Loan To Value	**Gross Value of Secured Retail loans**		**Gross Value of Secured SME loans**	
	31 March 2021	31 March 2020	**31 March 2021**	31 March 2020
Upto 50%	**4,877.24**	5,771.40	**496.42**	723.23
51 - 70%	**8,524.92**	10,422.46	**123.27**	145.21
71 - 100%	**28,756.00**	38,504.86	**94.70**	72.78
Above 100%	**19,302.86**	9,462.03	**66.80**	230.12
	61,461.02	64,160.75	**781.19**	1,171.34

Gross value of credit impaired loans to value of collateral:

Rs. in crores

Loan To Value	Gross Value of Retail loans in Stage 3		Gross Value of SME loans in Stage 3	
	31 March 2021	31 March 2020	**31 March 2021**	31 March 2020
Upto 50%	**119.87**	124.06	**11.22**	95.28
51 - 70%	**152.99**	140.99	**2.30**	10.46
71 - 100%	**466.71**	405.98	**20.07**	7.72
Above 100%	**4,941.49**	4,813.47	**4.43**	79.52
	5,681.06	5,484.50	**38.02**	192.98

The below tables provide an analysis of the current fair values of collateral held for Stage 3 assets. The value of collateral has not been considered while recognizing the loss allowances.

Fair value of collateral held against Credit Impaired assets

Disclosure as required under RBI notification no. RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2019-20 dated 17 April 2020 on COVID-19 Regulatory Package - Asset Classification and Provisioning

Year ended 31 March 2021

Particulars	Rs. in crores Amount
i) Respective amounts in SMA/overdue categories, where the moratorium/deferment was extended *	**7,099.48**
ii) Respective amount where asset classification benefits is extended	**NIL****
iii) Provision made on the cases where asset classification benefit is extended ***	–
iv) Provisions adjusted during the respective accounting periods against slippages and the residual provisions	N/A

* Outstanding as on 31 March 2021 and 31 March 2020 respectively on account of all cases in SMA/overdue categories where moratorium benefit was extended by the Company up to 31 August 2020.

** There are NIL accounts where asset classification benefit is extended till 31 March 2021. Post the moratorium period, the movement of aging has been at actuals.

*** The Company has made adequate provision for impairment loss allowance (as per ECL model) for the year ended 31 March 2021. Further, the Company has created an additional general provision for regulatory submission in Q4 FY2020 and Q1 FY2021 amounting to Rs 377.48 crores. The residual provisions had been written back/adjusted by the Company in March 2021 as per the circular.

Year ended 31 March 2020

Particulars		Rs. in crores Amount
i)	Respective amounts in SMA/overdue categories, where the moratorium/deferment was extended	7,624.29
ii)	Respective amount where asset classification benefits is extended	835.89
iii)	Provisions made during the Q4 - FY2020 #	–
	In respect of accounts in default but standard where moratorium upto 3 months was granted, and asset classification benefit was extended, the Company has made general provisions of not less than 5 per cent of the total outstanding of such accounts as applicable for the quarter ended 31 March 2020 within the overall provision requirement of 10% of the total outstanding to be spread equally over two quarters. Balance general provision of not less than 5% of the total outstanding of such accounts was to be made during the quarter ended 30 June 2020.	
iv)	Provisions adjusted during the respective accounting periods against slippages and the residual provisions	N/A

Since the effective impairment allowance rate (as per ECL model) applied on standard assets outstanding equivalent Stage-1 and Stage-2 assets under Ind AS financial statements was much higher than the prescribed general provision of 5% for the current quarter (out of 10% provision to be spread equally over two quarters), the Company has not made any additional provision under this head in Ind AS financial statements for the quarter and year ended 31 March 2020. However, the Company has made an additional general provision of Rs.41.70 Crores at 5% of the total outstanding for the quarter and year ended 31 March 2020 as per IRAC norms and the same is included in relevant disclosures as applicable to the Company.

51.4 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

a) Maturity profile of non-derivative financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted contractual cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

There were no transfers between Level 1 and Level 2 during the year.

Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the company's financial statements. These fair values were calculated for disclosure purposes only.

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and balances, trade receivables, balances other than cash and cash equivalents, trade payables and investment & borrowings in commercial papers. Such amounts have been classified as Level 2 on the basis that no adjustments have been made to the balances in the balance sheet.

Loans and advances to customers

The fair values of loans and receivables are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics. The fair value is then extrapolated to the portfolio using discounted cash flow models that incorporate interest rate estimates considering all significant characteristics of the loans. This fair value is then reduced by impairment allowance which is already calculated incorporating probability of defaults and loss given defaults to arrive at fair value net of risk.

Financial Investments

For Government Securities, the market value of the respective Government Stock as on date of reporting has been considered for fair value computations. And since market quotes are not available in the absence of any trades, the carrying amount of Secured redeemable non-convertible debentures is considered as the fair value.

Issued debt

The fair value of issued debt is estimated by a discounted cash flow model incorporating interest rate estimates from market-observable data such as secondary prices for its traded debt itself.

Deposits from public

The fair value of deposits received from public is estimated by discounting the future cash flows considering the interest rate applicable on the reporting date for that class of deposits segregated by their tenure and cumulative/non-cumulative scheme.

Except for the above, carrying value of other financial assets/liabilities represent reasonable estimate of fair value.

52 Maturity analysis of assets and liabilities

The table below shows the maturity analysis of assets and liabilities according to when they are expected to be recovered or settled.

Rs. in crores

Exchange Traded Interest Rate (IR) Derivative

The Company has not entered into any exchange traded derivative.

b) Exchange Traded Interest Rate (IR) Derivatives

The Company is not carrying out any activity of providing Derivative cover to third parties.

c) Disclosures on Risk Exposure in Derivatives

Qualitative Disclosures –

i) The Company undertakes the derivatives transaction to prudently hedge the risk in context of a particular borrowing or to diversify sources of borrowing and to maintain fixed and floating borrowing mix. The Company does not indulge into any derivative trading transactions. The Company reviews, the proposed transaction and outline any considerations associated with the transaction, including identification of the benefits and potential risks (worst case scenarios); an independent analysis of potential savings from the proposed transaction. The Company evaluates all the risks inherent in the transaction viz., counter party risk, Market Risk, Operational Risk, basis risk etc.

ii) Credit risk is controlled by restricting the counterparties that the Company deals with, to those who either have banking relationship with the Company or are internationally renowned or can provide sufficient information. Market/Price risk arising from the fluctuations of interest rates and foreign exchange rates or from other factors shall be closely monitored and controlled. Normally transaction entered for hedging, will run till its life, irrespective of profit or loss. However in case of exceptions it has to be un-winded only with prior approval of M.D/CFO/Treasurer Liquidity risk is controlled by restricting counterparties to those who have adequate facility, sufficient information, and sizable trading capacity and capability to enter into transactions in any markets around the world.

iii) The respective functions of trading, confirmation and settlement should be performed by different personnel. The front office and back-office role is well defined and segregated. All the derivatives transactions is quarterly monitored and reviewed by CFO and Treasurer. All the derivative transactions have to be reported to the board of directors on every quarterly board meetings including their financial positions.

c)	Other short-term liabilities	2,262.38	3.80%	3.61%	3.05%

vi) Institutional set-up for liquidity risk management

The ultimate responsibility for liquidity risk management rests with the Board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The ALCO meets regularly to review the liquidity position based on future cash flows. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The Company also maintains adequate liquid assets, banking facilities and reserve borrowing facilities to hedge against unexpected requirements.

In order to achieve above, the Company also has an Investment Policy to ensure that safety, liquidity and return on the surplus funds are given appropriate weightages and are placed in that order of priority. The Investment Committee frames the strategy, sets the operational parameters and framework within the limits as may be set by the Board for investment. The Committee approaches the Board for revising the limit as and when required. The policy is also reviewed periodically in the background of developments in the money markets and the Investment Committee depending on the external factors proactively to reduce the risk in the investments. A well-defined front and back office mechanism is in place to ensure a system of checks and balances.

Definition of terms as used in the table above:

a) *Significant counterparty:*

A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC's total liabilities.

b) *Significant instrument/product:*

A "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the NBFC's total liabilities.

c) *Total liabilities:*

Total liabilities include all external liabilities (other than equity).

d) *Public funds:*

"Public funds" includes funds raised either directly or indirectly through public deposits, inter-corporate deposits, bank finance and all funds received from outside sources such as funds raised by issue of Commercial Papers, debentures etc. but excludes funds raised by issue of instruments compulsorily convertible into equity shares within a period not exceeding 5 years from the date of issue.

It includes total borrowings outstanding under all types of instruments/products.

e) *Other short-term liabilities:*

All short-term borrowings other than CPs and NCDs with original maturity less than 12 months.

56 Disclosures as required under Guidelines on Liquidity Risk Management Framework for NBFCs issued by RBI vide notification no. RBI/2019-20/88 DOR. NBFC (PD) CC. No.102/03.10.001/2019-20 dated 4 November 2019

As per the Guidelines on Liquidity Risk Management Framework for NBFCs issued by RBI vide notification no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20, all deposit taking NBFCs are required to maintain Liquidity Coverage Ratio (LCR) from 1 December 2020, with the minimum LCR to be 50%, progressively increasing, till it reaches the required level of 100%, by 1 December 2024.

(B) Liquidity Coverage Ratio (LCR) for the year ended 31 March 2021

Notes:

1) The average weighted and unweighted amounts are calculated taking simple average based on monthly observation for the respective quarter. The weightage factor applied to compute weighted average value is constant for all the quarters.
2) Prior to introduction of LCR framework, the company used to maintain a substantial share of its liquidity in form of fixed deposits with banks and investment in debt mutual funds. Post the introduction of LCR framework, the Company has consciously worked towards increasing its investment in High Quality Liquid Assets (HQLA) as per the RBI guidelines in order to meet the LCR requirement.
3) Weighted values have been calculated after the application of respective haircuts (for HQLA) and stress factors on inflow and outflow.
4) Components of High Quality Liquid Assets (HQLA).

5) Since the disclosure is effective from current financial year, the comparative disclosure for previous year is not applicable.

Qualitative information:

The Company has implemented the guidelines on Liquidity Risk Management Framework prescribed by the Reserve Bank of India requiring maintenance of Liquidity Coverage Ratio (LCR), which aim to ensure that an NBFC maintains an adequate level of unencumbered HQLAs that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario.

LCR = Stock of High-Quality Liquid Assets (HQLAs)/Total Net Cash Outflows over the next 30 calendar days

HQLAs comprise of Cash*, Investment in Central and State Government Securities, and highly-rated Corporate Bonds and Commercial papers, including those of Public Sector Enterprises, as adjusted after assigning the haircuts as prescribed by RBI.

** Cash would mean cash on hand and demand deposits with Scheduled Commercial Banks.*

Total net cash outflows are arrived after taking into consideration total expected cash outflows minus total expected cash inflows for the subsequent 30 calendar days. As prescribed by RBI, total net cash outflows over the next 30 days = Stressed Outflows - [Min (stressed inflows; 75% of stressed outflows)]. Total expected cash outflows (stressed outflows) are calculated by multiplying the outstanding balances of various categories or types of liabilities and off-balance sheet commitments by 115% (15% being the rate at which they are expected to run off further or be drawn down). Total expected cash inflows (stressed inflows) are calculated by multiplying the outstanding balances of various categories of contractual receivables by 75% (25% being the rate at which they are expected to under-flow).

The Liquidity Risk Management framework of the Company is governed by its Liquidity Risk Management Policy and Procedures approved by the Board. The Asset Liability Committee of the Board (ALCO) and Asset Liability Management Committee (ALMCO) oversee the implementation of liquidity risk management strategy of the Company and ensure adherence to the risk tolerance/limits set by the Board.

The Company maintains a robust funding profile with no undue concentration of funding sources. In order to ensure a diversified borrowing mix, concentration of borrowing through various sources is monitored. Further, the Company has prudential limits on investments in different instruments to maintain a healthy investment profile. Risks relating to foreign currency and interest rate is mitigated by entering in corresponding hedge transactions. Any potential collateral calls from the same forms a miniscule part of cash outflows. There is no currency mismatch in the LCR. The above is periodically monitored by ALMCO and reviewed by ALCO.

57 Disclosure as required under Guidelines on Resolution Framework for COVID-19-related Stress issued by RBI vide notification no. RBI/2020-21/16 DOR.No.BP.BC/3/21.04.048/2020-21 and RBI/2020-21/17 DOR.No.BP.BC/4/21.04.048/2020-21 dated 6 August 2020

During the year, to relieve COVID-19 pandemic related stress, the Company has invoked resolution plans for eligible borrowers based on the parameters laid down in accordance with the resolution policy approved by the Board of Directors of the Compnay and in accordance wth the guidelines issued by the RBI on 6 August 2020.

i) A comparison between provisions required under extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) and impairment allowances made under Ind AS 109 *(Continued)*

Since the total impairment allowances under Ind AS 109 is higher than the total provisioning required under IRACP (including standard asset provisioning) as at 31 March 2021 and 31 March 2020, no amount is required to be transferred to 'Impairment Reserve' for both the financial years. The gross carrying amount of asset as per Ind AS 109 and Loss allowances (Provisions) thereon includes interest accrual on net carrying value of stage - 3 assets as permitted under Ind AS 109. While, the provisions required as per IRACP norms does not include any such interest as interest accrual on NPAs is not permitted under IRACP norms.

The balance in the 'Impairment Reserve' (as and when created) shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, RBI.

ii) In terms of recommendations as per above referred notification, the Company has adopted the same definition of default for accounting purposes as guided by the definition used for regulatory purposes.

As at 31 March 2021 and 31 March 2020, there were no loan accounts that are past due beyond 90 days but not treated as impaired, i.e. all 90+ DPD ageing loan accounts have been classified as Stage-3 and no dispensation is considered in stage-3 classification.

iii) Policy for sales/transfers out of amortized cost business model portfolios

Sale/transfer of portfolios out of amortized cost business model:

As a short-term financing arrangement, the Company has been transferring or selling certain pools of fixed rate loan receivables backed by underlying assets in the form of tractors, vehicles, equipments etc. by entering in to securitization transactions with the Special Purpose Vehicle Trusts ("SPV Trust") sponsored by Commercial banks for consideration received in cash at the inception of the transaction. As a part of annual budgetary planning and with the objective of better liquidity and risk management, the Company, at the beginning of the year, obtains approval of Asset Liability Committee and Risk Management Committee of the Board of Directors for undertaking securitization transactions of certain value of standard assets comprising the collateral based loan receivables at appropriate times during the year.

These transactions are carried out after complying with RBI guidelines on securitization of standard assets. The consideration received through such securitization transactions is utilized for funding regular vehicle loan disbursements to customers who service their loans through fixed installments over a specified period of loan tenor. Besides using securitization as alternate financing tool, it is also being used as a effective Balance sheet management through better liquidity and risk management by transfer of assets from risk averse to risk takers.

When the assets in the form of loan receivables are sold/transferred to an SPV/Bank through securitization transaction, then on a consolidated portfolio level, such sale/transfer does not change the Company's business objective of holding financial assets to collect contractual cash flows.

The Company remains exposed to credit risk, being the expected losses that will be incurred on the securitized loan portfolio to the extent of the credit enhancement provided. Any increase in losses as compared to the expected loss shall require the Company to present its credit enhancement/cash collateral to help compensate the investors. This is as per the requirement of the Reserve Bank of India. Thus, the Company as per Ind AS 109 has retained substantially all the risks and rewards of ownership of the financial asset.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. Accordingly, the securitized financial assets are derecognized from the financial statements prepared as per IRACP norms.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Accordingly, these financial assets are not de-recognized by the Company from the financial statements prepared under Ind AS. Since the contractual terms of these financial assets give rise to cash flows, that are solely payments of principal and interest, on specified dates, these assets meet the SPPI criterion and are thus continued to be recognized in the books at amortized cost.

59 Disclosures pertaining to Fund raising by issuance of Debt Securities by Large Corporates as per SEBI notification no. SEBI/HO/DDHS/CIR/P/2018/144 dated 26 November 2018

As per the definition given in above referred notification, the Company is a Large Corporate and hence is required to disclose the following information about its borrowings.

i) Initial Disclosure as per Annexure - 'A' for the FY: 2021-22

Sr.no.	Particulars	Details
(1)	Name of the company	Mahindra & Mahindra Financial Services Limited
(2)	CIN	L65921MH1991PLC059642
(3)	Outstanding borrowing of the Company as on 31 March 2021	Rs. 41,571.97 Crores
(4)	Highest Credit Rating During the previous FY along with name of the Credit Rating Agency	• IND AAA/Stable by India Ratings & Research Private Limited • CARE AAA/Stable by CARE Ratings Limited • BWR AAA/Stable by Brickwork Ratings India Private Limited
(5)	Name of Stock Exchange in which the fine shall be paid, in case of shortfall in the required borrowing under the framework	BSE Limited

ii) Annual disclosure as per Annexure - B1 for the year ended 31 March 2021 and 31 March 2020

Rs. in Crores

Sr.no.	Particulars	Year ended 31 March 2021	Year ended 31 March 2020
(1)	Incremental borrowing done (a)	10,242.83	16,169.57
(2)	Mandatory borrowing to be done through issuance of debt securities (b) = (25% of a)	2,560.71	4,042.39
(3)	Actual borrowings done through debt securities (c)	4,815.90	4,957.80
(4)	Shortfall in the mandatory borrowing through debt securities, if any (d) = (b)-(c)	NIL	NIL
(5)	Reasons for short fall, if any, in mandatory borrowings through debt securities	NA	NA

Notes:

(i) Figures pertain to long-term borrowing basis original maturity of more than one year (excludes External Commercial Borrowings, Inter-corporate borrowings between a parent & subsidiaries and securitization portfolio outstanding); and

(ii) Figures are taken on the basis of cash flows/principal maturity value, excluding accrued interest, if any.

60 Disclosures on COVID-19 Relief Schemes announced by the Government of India, Ministry of Finance

i) Scheme of "Emergency Credit Line Guarantee Scheme" (ECLGS)

In view of COVID-19 crisis, the Government of India, Ministry of Finance had announced a special scheme, namely, ECLGS for providing 100% guarantee coverage for additional term loan facility to the existing customers on the books of the Company. The fund and the scheme is managed and operated by National Credit Guarantee Trustee Company Limited, which is a wholly owned trustee company of Government of India. During the year ended 31 March 2021, in accordance with the operational guidelines of the scheme (as amended), the Company has disbursed an amount of Rs. 528.34 crores as additional term loan facility to 36138 eligible customer accounts of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Mahindra Insurance Brokers Limited

Report on the Audit of Ind AS Financial Statements

1. **Opinion**

We have audited the accompanying Ind AS financial statements of Mahindra Insurance Brokers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and notes to the Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. **Basis for Opinion**

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Ind AS financial statements.

3. **Information other than the Ind AS financial statements and Auditor's report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors Report, Corporate Governance Report and Management Discussion and Analysis, but does not include the Ind AS financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of our auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

4. **Management's Responsibility for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS accounting standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

5. **Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with Standards on auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i) Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

   The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v) Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Emphasis of matter

We draw your attention to Note no. 32.4 to the Ind AS financial statement which explain the uncertainties and management's assessment of the financial impact due to the lockdown and other restrictions imposed by the Government and condition related to the COVID-19 pandemic situation, for which definitive assessment of the impact would highly depend upon circumstances as they evolve in the subsequent period.

Our opinion is not modified in respect of this matter.

7. Report on Other Legal and Regulatory Requirements

i) As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable

ii) As required by section 143 (3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of Ind AS Financial Statements.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of section 164 (2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations on the financial position in its Ind AS financial statements – Refer Note 31 to the Ind AS financial statements;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

   iii. There has been no delay during the year in transferring the amount which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA INSURANCE BROKERS LIMITED

Referred to in paragraph [7(i)] under Report on Other Legal and Regulatory Requirements of our report of even date

(i) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

The fixed assets of the company have been physically verified by the Management, in the phased manner during the year. The company is in the process of reconciling the same with the fixed asset register. The discrepancies if any, arising out of reconciliation will be considered in the books of accounts in the period in which the reconciliation is complete.

According to the information and explanations given to us and on the basis of our examination of the records of the company, there are no immovable properties held in the name of the Company. Accordingly, paragraph 3(i)(c) of the order is not applicable to the Company.

(ii) The company is in the business of providing insurance broking services and does not hold any inventory. Therefore, the provision of paragraph 3(ii) of the said order is not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, the provisions of paragraph 3(iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.

(iv) The Company has not granted any loans or made any investment, or provided any guarantees or security to the parties covered under Section 185. In our opinion, and according to the information and explanations given to us, the company has complied with the provisions of Section 186 of the Companies Act, 2013 in respect of loans and investments made, and guarantees and security provided by it, as applicable.

(v) According to information and explanation given to us the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.

(vi) According to information and explanations given to us by the Company it is not required to maintain cost records as prescribed by the Central Government under section 148 of the Companies Act, 2013. Thus the provisions on this Clause are not applicable to the Company.

(vii) According to the information and explanations given to us, in respect of statutory dues:

a) the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Services Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities as per the available records as far as ascertained by us on our verification.

b) According to the information and explanations given to us, there are no undisputed dues in respect of provident fund, income-tax, service tax, sales-tax, duty of customs, value added tax, cess and other material statutory dues which are outstanding, at the end, for a period of more than six months from the date they became payable.

c) According to the records of the Company, the dues outstanding of income-tax, sales tax, service tax, duty of customs, value added tax and cess on account of any dispute, are as follows:

Name of the statue	Nature of the dues	Amount (Rs.)	Period to which amount relates	Forum where the dispute is pending
Tax Deducted at Source	Interest on TDS	41,361	F.Y. 2011-12 to F.Y. 2019-2020	Rectification filed with the AO
Tax Deducted at Source	Short deduction of TDS	2,77,899	F.Y. 2011-12 to F.Y. 2019-2020	Rectification filed with the AO

(viii) The Company has not taken any loans or borrowings from the financial institution, banks and government, and has not issued and debentures. Accordingly, paragraph 3(viii) of the Order is not applicable to the Company.

(ix) According to the information and explanations given by the management, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under paragraph 3(ix) of the Order is not applicable to the Company.

(x) During the course of our examination of books of accounts and as far as records/details made available and verified by us and according to the information and explanations given to us, three instances of fraud by the employee of the Company (Amounting to Rs.19.68 Lakhs, part of which was recovered subsequently by the Company) were reported during the year pertaining to fake policy booking & collection of premium not deposited with the insurance company.

(xi) According to the information and explanations given to us, and based on our verification of records, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V of the Act.

(xii) In our opinion, the Company is not a Nidhi company. Therefore, the reporting under paragraph 3(xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the Ind AS financial statements, as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or person connected with them. Accordingly provisions of clause 3 (xv) of the Order are not applicable to the Company.

(xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. According the provisions of clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF MAHINDRA INSURANCE BROKER LIMITED

Referred to in paragraph [7(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Mahindra Insurance Broker Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

   Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

   We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

4. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

5. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

1 Company overview

Mahindra Insurance Brokers Limited is a Public Limited Company incorporated and domiciled in India. The Company's registered office is at Mahindra Towers, P. K. Kurne Chowk, Worli, Mumbai - 400 018. The Company is primarily involved in the business of rendering insurance broking services.

The immediate parent Company is Mahindra & Mahindra Financial Services Limited and ultimate parent Company is Mahindra & Mahindra Limited, a company incorporated in Mumbai, India.

2 Basis of preparation

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

a. Statement of compliance and basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the schedule III of the Act. Based on nature of services and the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current/non-current classification of assets and liabiities.

The financial statements of the Company for the year ended March 31, 2021 were approved for issue by the Company's Board of Directors on April 15, 2021.

b. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. All amounts are rounded-off to the nearest lacs, unless otherwise indicated.

c. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
– Certain financial assets and liabilities which are generally derivative instruments	Fair value
– Liabilities for cash-settled share-based payment arrangements	Fair value
– Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

d. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has established policies and procedures with respect to the measurement of fair values. The Chief Financial Officer and person entrusted has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, including assessments that these valuations meet the requirements of Ind AS. Significant valuation issues are reported to audit committee.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilties.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset ot liability that are not based on observable market data (unobservable inputs).

e. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Assumptions and estimation uncertainties

Following are areas that involved a higher degree of judgement or complexity in determining the carrying amount of some assets and liabilities. Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment in the year ending March 31, 2021 is included in relevant notes.

- Estimation of current tax expense and payable
- Estimated useful life of property, plant and equipments
- Estimated useful life of intangible assets
- Estimated goodwill impairment
- Estimation of defined benefit obligation
- Estimation of provision for warranty claims
- Estimated fair value of unlisted securities
- Estimation of of deferred tax assets for carried forward tax losses
- Impairment of trade receivables
- Impairment of financial assets
- Estimation of shared based payments

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

3 Significant accounting policies

a. Property, plant and equipment :

Recognition and measurement

All the items classified under property plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the items and restoring the site on which it is located.

When significant parts of an item of property, plant and equipment have different useful lives, they are depreciated for as separate items (major components) of property, plant and equipment.

Gains or losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within statement of profit and loss.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives as specified in the Schedule II of the Act or estimated by the management using straight-line method and is generally recognised in the statement of profit and loss except:

i. Motor cars where useful life is estimated at 4 years as against 8 years per Schedule II since the employees to whom these cars have been allotted as part of their terms of employment are entitled to change their vehicles every four years, and

ii. Property Plant & Equipmnets having value individually less than INR 5000 where useful life is estimated at less than one year having regard to the nature of these assets and the difficulty in estimating the useful life.

Further, residual value for all assets is considered Nil having regard to the difficulty in reasonably estimating the same and, in the case of motor cars, having regard to terms of employment under which these are allotted to the employees.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

Class of asset	Year ended 31 March 2021	Year ended 31 March 2020
Plant and equipment (including Computers)	**2-6 years**	2-6 years
Office equipments	**5 years**	5 years
Furniture and fixtures	**10 years**	10 years
Leasehold Premises	**Over the period of lease**	Over the period of lease
Vehicles	**4 years**	4 years

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. The effect of change in estimate of useful life is accounted on prospective basis

b. Intangible Assets :

Intangible Assets are initially recognised at cost.

Amortisation

Subsequent to initial recognition, intangible assets with indefinite useful lives are carried at cost less accumalated amortisation and accumaltated impairement, if any. Amortisation of intangible assets with finite useful lives is calculated on cost of intangible assets less their estimated residual values over their estimated useful lives using straight-line method and is generally recognised in the statement of profit and loss.

The estimated useful lives for the current and comparative periods are as follows:

Class of assets	Year ended 31 March 2021	Year ended 31 March 2020
Computer software	**3 years**	3 years

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. The effect of change in estimate of useful life is accounted on prospective basis.

Intangible assets under development

The Company capitalizes intangible asset under development in accordance with the accounting policy. Initial capitalization of costs is based on management's judgement that technological and economic feasibility is confirmed.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

c. Impairment of assets other than financial assets :

Impairment of tangible and intangible assets other than goodwill

The Company reviews the carrying amounts of its tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

d. Foreign currency :

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at period end exchange rates are generally recognised in statement of profit and loss. They are deferred in equity if they relate to qualifying cash flow hedges.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

e. Financial instruments:

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- fair value through other comprehensive income (FVOCI) - debt investment;
- fair value through other comprehensive income (FVOCI) - equity investment;
- fair value through profit or loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income (designated as FVOCI - equity investment). This election is made on investment-by-investment basis.

All financial asset not classified as measured at amortised cost or FVOCI as described above are measured at fair value through profit or loss (FVTPL). This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces accounting mismatch that would otherwise arise.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in statement of profit and loss and is included in the "Other income" line item.

Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified in the statement of profit and loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading (see note above).

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Group has not designated any debt instrument as at FVTPL

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost are susequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss derecognition is recognised in profit or loss.

Debt investment at FVOCI are susequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclssified to profit or loss.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

Equity investment at FVOCI are are susequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to statement of profit and loss.

Financial assets at FVTPL are susequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

Financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. The dividends on mandatorily redeemable preference shares are recognised in profit or loss as interest expense. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Compound financial instruments

The component parts of compound instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date. Interest related to the financial liability is recognised in profit or loss (unless it qualifies for inclusion in the cost of an asset).

Conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to [share premium/other equity [describe]]. Where the conversion option remains unexercised at the maturity date of the convertible instrument, the balance recognised in equity will be transferred to [retained profits/other equity. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Impairment of financial instruments

The Company recognises a loss allowance for expected credit losses (ECL) on:

– Financial assets measured at amortised cost;

– Financial assets measured at FVOCI - debt investments;

The Company always recognises lifetime ECL for trade receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.For debt securities at FVOCI, the loss allowance is recognised in OCI and carrying amount of the financial asset is not reduced in the balance sheet.

f. Revenue Recognition :

Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are exclusive of GST and net of revenue on policy cancellations and endorsements.

Rendering of services

Brokerage Income, Handling Charges & Broker Retainer Fees is accounted for net of GST amount on rendition of services. Brokerage income is recognized on receiving details of the policy issued by the insurance company or receipt of brokerage whichever is earlier.

The Company recognises revenue from rendering of consultancy services in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed based on surveys of work performed.

Dividend and interest income

Dividends are recognised in the statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

g. Employee benefits:

Superannuation Fund, ESIC and Labour Welfare Fund

The Company’s contribution paid/payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in statement of profit and loss.

Provident Fund

Contributions to Provident Fund are charged to the statement of profit and loss as incurred. The Company is liable for the contribution and any shortfall in interest between the amount of interest realised by the investments and the interest payable to the members at the rate declared by the Government of India.

Gratuity

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by acturial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid or availed as a result of the unused entitllement that has accumulated at the balance sheet date. Expense on non accumulating compensated absences is recognised in the period in which the absences occur.

Cash settled share based payments

Cash Settled Share Based Payments, the fair value of the amount payable to employees is recognized as ‘employee benefit expenses with corresponding increase in liabilities, over the period of non market vesting conditions getting fulfilled. The fair value of the option at the grant date is calculated by an independent valuer basis Black Scholes model. The Liability is remeasured at each reporting period up to, and including the settlement date, with changes in fair value recognized in employee benefit expenses.

h. Taxation:

Income tax expense comprises current tax and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax

Current tax comprises expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The Company’s current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and it is entended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

STATEMENT OF ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2021.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Minimum Alternate Tax (MAT)

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with asset will be realised.

Current and deferred tax expense is recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

i. Provisions, Contingent Liabilities and Contingent Assets :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability.Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

j. Leasing :

The company has applied Ind AS 116 using the modified retrospective approach.

As a Lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'other financial liabilities' in the statement of financial position. (Refer Schedule nos. 14 and 21)

k. Segment Reporting

Operating Segments are reported consistently with the internal reporting provided to the Managing Director. The highest decision making executive is reposnsible for allocating resources to and assessing the performance of the operating segments. The highest decision making body is Managing Director.

l. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average numbers of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

Capital management

The company's capital management objectives are:

– to ensure the company's ability to continue as a going concern

– to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position. The Company is subject to minimum capital requirements as stipulated by the IRDAI (Insurance Brokers) Regulations, 2018.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company.

Trade receivables consist of institutional customers, largely insurance companies. The Company deals only with those insurance companies who have obtained an acceptable level of credit rating. The Company does not have significant credit risk exposure to any single external counterparty. Out of total outstanding 22% of the debtors are pertaining to group companies.

The credit risk on liquid funds invested in Fixed Deposits with companies and Intercorporate Deposits is limited because the counterparties are group companies.

The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the expected loss provision for all trade receivables. The company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

There is no change in estimation techniques or significant assumptions during the reporting period.

The loss allowance provision is determined as follows:

As at 31 March 2021

	Not due	Less than 6 months past due	More than 6 months past due	Total
Gross carrying amount		**5,816.34**	**387.70**	**6,204.04**
Loss allowance provision		**20.50**	**360.49**	**380.99**
		5,795.84	**27.21**	**5,823.05**

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Loss allowance provision		17.19	174.02	191.21
		5,464.97	214.80	5,679.77

Reconciliation of loss allowance provision for Trade Receivables

₹ in Lakhs

Particulars	31-Mar-21	31-Mar-20
Balance as at beginning of the year	**191.21**	109.75
Impairment losses recognised in the year based on lifetime expected credit losses	**–**	–
– On receivables originated in the year	**189.78**	81.46
Impairment losses recognised in the year based on 12 month expected credit losses	**–**	–
– On receivables originated in the year	**–**	–
Balance at end of the year	**380.99**	191.21

The loss allowance provision has changed during the period due to delays in recovery of brokerage on insurance contracts brokered.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

₹ in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above

Total	**5,476.18**	**–**	**–**	**–**

(iii) Financing arrangements

The Company does not feel the need to have any borrowing facilities at this stage

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

₹ in Lakhs

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company invests in fixed rate instruments taking into account the current liquidity requirements. All such transactions are carried out within the guidelines set by the Board of Directors.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's/ Company's exposure to currency risk relates primarily to the Company's operating activities in reinsurance broking when transactions are denominated in a different currency from the Company's functional currency.

The Company mitigates its foreign currency risk by entering into reinsurance contracts wherein the risk is to the account of the cedant insurers or the reinsurers.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	31-Mar-21	31-Mar-20
Trade Receivables	USD	–	–
	EUR	–	–
	GBP	–	–
Trade Payables	USD	–	–
	EUR	–	–
	GBP	–	–

Foreign Currency Sensitivity

In management's opinion, any sensitivity analysis is not representative of the inherent foreign exchange risk because the exposure is to the account of the cedant insurer or reinsurer.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No. 22 - Financial Instruments (Cont)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company manages its interest rate risk by having a balanced portfolio of long-term as well as short-term fixed deposits with companies as well as intercorporate deposits.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for non-derivative instruments at the end of reporting period.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans given and investments in fixed deposits effected. With all other variables held constant, the Company's profit before tax is affected through the impact on fixed rate investments and interest bearing loans as follows:

₹ in Lakhs

	Currency	**Increase/ decrease in basis points**	**Effect on profit before tax**
31-Mar-21	**INR**	**+50**	**213.95**
	INR	**-50**	**(213.95)**
31-Mar-20	INR	+50	190.00
	INR	-50	(190.00)

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Note No. 23 - Fair Value Measurement

Fair value of financial assets and financial liabilities that are not measured at fair value

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No. 23 - Fair Value Measurement (Cont)

Fair value hierarchy as at 31st March 2020

	Level 1	Level 2	Level 3	Total
Financial assets carried at Amortised Cost				
– loans to related parties	–	34,925.00	–	34,925.00
– trade and other receivables	–	5,679.77	–	5,679.77
– other financial assets	–	1,832.39	–	1,832.39
– fixed Deposits with companies	–	3,075.00	–	3,075.00
Total	–	45,512.16	–	45,512.16
Financial liabilities				
Financial liabilities held at amortised cost				
– trade and other payables	**–**	**4,959.82**	**–**	4,959.82
– other financial laibilities	**–**	**2,193.61**	**–**	2,193.61
Total	–	7,153.43	–	7,153.43

The fair values of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties. In the opinion of the management, the difference between the carrying value of the above stated financial assets and liabilities is not materially different from their fair value. Accordingly, the fair value and carrying amount are the same.

Note No. 24 - Leases

Company as a lessee

Following are the changes in the carrying value of Right to use asset for the year ended March 31, 2021

₹ in Lakhs

	Category of Asset

Note No. 25 - Segment information

The Company has determined the operating segment based of structure of reports reviewed by the Strategic Management Council. For management purposes, the Company is organised into a single business unit and has only one reportable segment namely “Insurance Broking services”. The geographical segment is based on the location of client, whether in India or outside India. The Strategic Management Council of the Company monitors the operating results of its business unit for the purpose of making decisions about resource allocation and performance assessment

₹ in Lakhs

Geographic information	**Year Ended 31 March 2021**	Year Ended 31 March 2020
Revenue from external customers		
India	**23,602.06**	30,482.75
Outside India	**–**	–
Total revenue per statement of profit or loss	**23,602.06**	30,482.75

All Non-current operating assets comprising property, plant and equipment, investment properties and intangible assets, if any are located in India.

Revenue from major products and services

The following is an analysis of the Company’s revenue from continuing operations from its major products and services:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No. 25 - Segment information (Cont)

	Year Ended 31 March 2021	Year Ended 31 March 2020
Insurance Broking and auxillary activities	**23,602.06**	30,482.75
Total	**23,602.06**	30,482.75

Revenues from transactions with a single external customer amounts to 10% or more of the entity's revenues.

Note No. 26 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating Rs. 444.74 Lakhs (F-2020 : Rs.426.93 Lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently."

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Inflation risk

Some of the Company's pension obligations are linked to inflation, and higher inflation will lead to higher liabilities (although, in most cases, caps on the level of inflationary increases are in place to protect the plan against extreme inflation). The plans hold a significant proportion of assets in index linked gilts, together with other inflation hedging instruments and also assets which are more loosely correlated with inflation. However an increase in inflation will also increase the deficit to some degree.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Leave Encashment

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by acturial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid or availed as a result of the unused entitllement that has accumulated at the balance sheet date. Expense on non accumulating compensated absences is recognised in the period in which the absences occur.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

		Valuation as at	
	31-Mar-21	**31-Mar-20**	**31-Mar-19**
Discount rate(s)	**6.91%**	6.41%	7.67%
Expected rate(s) of salary increase	**7%**	7%	7%
Attrition Rate	**Attrition rate of 24% up to the age of 30, 11% up to age of 44 and 9% thereafter**	Attrition rate of 25% up to the age of 30, 12% up to age of 44 and 9% thereafter	Attrition rate of 20% up to the age of 35, 9% up to age of 45 and 3% thereafter

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No. 26 - Employee benefits (Cont)

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

₹ in Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	**2021**	**1**	**(84.83)**	**93.16**
	2020	1	(78.01)	84.71
Salary growth rate	**2021**	**1**	**92.14**	**(85.50)**
	2020	1	83.34	(78.28)
Life expectancy	**2021**	**+/- 1 year**	**Negligible**	**Negligible**
	2020	+/- 1 year	Negligible	Negligible

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

₹ in Lakhs

Principal assumption		Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	**2021**	**1**	**(66.06)**	**75.51**
	2020	1	(58.12)	66.42
Salary growth rate	**2021**	**1**	**74.70**	**(66.59)**
	2020	1	65.38	(58.33)
Life expectancy	**2021**	**+/- 1 year**	**Negligible**	**Negligible**
	2020	+/- 1 year	Negligible	Negligible

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

The Company expects to contribute Rs. 150 lakhs to the gratuity trusts during the next financial year of 2021.

Maturity profile of defined benefit obligation:

₹ in Lakhs

Gratuity	2021	2020
Within 1 year	**206.15**	192.10
1 - 2 year	**210.73**	193.14
2 - 3 year	**228.12**	240.17
3 - 4 year	**251.56**	260.79
4 - 5 year	**285.89**	286.71

₹ in Lakhs

Leave Encashment	2021	2020
Within 1 year	**132.39**	101.58
1 - 2 year	**121.17**	101.98
2 - 3 year	**117.87**	109.38
3 - 4 year	**124.12**	112.44
4 - 5 year	**128.27**	116.04

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

VIII. Experience Adjustments:	Period Ended 2021	2020	2019	2018	2017
	Gratuity				
1. Defined Benefit Obligation	**1,197.24**	1,089.09	715.12	563.39	292.76
2. Fair value of plan assets	**584.43**	466.12	392.35	343.42	296.21
3. Surplus/(Deficit)	**(612.82)**	(622.97)	(322.77)	(219.97)	3.45
4. Experience adjustment on plan liabilities [(Gain)/Loss]	**(74.54)**	266.85	36.38	178.81	51.64
5. Experience adjustment on plan assets [Gain/(Loss)]	**(29.88)**	(30.09)	(25.62)	(21.80)	(15.85)

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The current service cost and the net interest expense for the year are included in the employee benefits expense in profit or loss of the expense for the year.

Note No 27: Employees Share Based Payments (Employees Phantom Stock Option Plan 2019)

On January 18, 2019, Board of Directors approved the MIBL Employees Phantom Stock Option Plan 2019 (MIBL EPSOP 2019) for grant of stock options to the employees, within the meaning of the MIBL-EPSOP 2019 plan. The specific employees to whom the options would be granted and their eligibility criteria shall be determined by the Nomination and Remuneration Committee of the Board (Committee) from time to time on the basis of one or more factors including but not limited to longevity, total experience and role of the Employee. The options granted under EPSOP 2019 would vest after 1 (one) year but not later than the maximum vesting Period of 4 (four) years from the grant date of such options.

The Committee has prescribe the vesting schedule of the options granted under the plan, unless otherwise decided in exceptional cases like retirements:

Vesting Dates	Vesting Percentage
1st Anniversary from date of Grant	25% of Options granted
2nd Anniversary from date of Grant	25% of Options granted
3rd Anniversary from date of Grant	25% of Options granted
4th Anniversary from date of Grant	25% of Options granted

The Company will process vested options for settlement at each vesting date and determines appreciation in respect of all such Options with reference to Fair Market Value prevailing as on date of Vesting calculated as prescribed by MIBL EPSOP 2019. The Company recognises the fair value of the liability and expense for these plans over the vesting period based on the management's estimate of the vesting and forfeiture conditions.

Name	No. of options granted
Not Applicable	NIL

V. Method and Assumptions used to estimate the fair value of options granted during the year:

The fair value has been calculated using the Black Scholes Option Pricing model

The Assumptions used in the model are as follows:

Date of grant	Particulars
1. Risk Free Interest Rate	4.86
2. Expected Life	1.55
3. Expected Volatility	48.30
4. Dividend Yield	1.01
5. Price of the underlying share in market at the time of the option grant (Rs.)	1,791.00

Assumptions:

Stock Price: Closing price on National Stock Exchange on the date of grant has been considered

Volatility: The historical volatility over the expected life has been considered to calculate the fair value.

Risk-free rate of return: The risk-free interest rate being considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the zero-coupon yield curve for Government Securities.

Exercise Price: Exercise Price of each specific grant has been considered.

Time to Maturity: Time to Maturity/Expected Life of options is the period for which the Company expects the options to be live.

Expected divided yield: Expected dividend yield has been calculated as an average of dividend yields for five financial years preceding the date of the grant.

VI	Diluted Earnings Per Share pursuant to issue of shares on exercise of options calculated in accordance with Accounting Standard (AS) 20	Not Applicable

b) Sales Returns/Reversals	**–**	–
c) Deferrment of revenue	**–**	–
d) Changes in estimates of variable consideration	**–**	–
e) Recognition of revenue from contract liability out of opening balance of contract liability	**–**	–
f) Any other adjustments	**–**	–
Revenue from contract with customer as per the statement of Profit and Loss	**23,602.06**	30,482.75

D. Revenue to be recognised for performance obligation(s) not satisfied or partially satisfied at the end of the current year in respect of contracts with customer that are in place (i.e. signed agreements/ Pos/Wos/SOWs, etc) at the end of reporting period.

The company has reviewed the contract with insurers and customers and indentified claims handling services as an area that is affected by the new accounting standard. The application of new standard results in the indentifiaction of separate performance obligation for handling claims on behalf of customers as part of insurance brokerage customary business practice. The new standard requires the deferral of revenue recognition untill the performance obligation is satisifed. Based on the results of the review, the company does not expect a material imapct on the statement of profit and loss.

32.4 Note on COVID 19

The "severe acute respiratory syndrome coronavirus 2 (SARS-Co-V-2)", generally known as COVID -19, which was declared as a pandemic by WHO on March 11, 2020, continues to spread across India and there is unprecedented level of disruption on socio economic front across the country. Globally, countries and businesses are under intermittent lockdowns. Considering the severe health hazard associated with COVID-9 pandemic, the Government of India and respective State Governments have been intermittently declaring lockdowns or curfews. However such lockdowns and curfews have not affected the company's financial statements for the year ended March 31, 2021. Since there is a high level of uncertainty about the time required for things to get normal, the extent to which COVID-19 pandemic will impact the company's future operations and financial result is dependent upon the further developments, which are highly uncertain.

Note No. 33 - Previous year figures

INDEPENDENT AUDITORS' REPORT

To the Members of **Mahindra Rural Housing Finance Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Mahindra Rural Housing Finance Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Key audit matter	**How the matter was addressed in our audit**
Impairment of loans and advances	
Refer to the accounting policies in "Note 2.5 (ii) and (vi) to the Financial Statements: Impairment of Financial Statements and Estimation uncertainty relating to the global health pandemic from COVID-19 and current Macro-economic scenario", "Note 4 to the Financial Statements: Loans" and "Note 45 (ii) to the Financial Statements: Credit Risk Management"	
The Company has recorded impairment loss allowance of Rs. 52,347 lakhs as at 31 March 2021 and has recognized a reversal of Rs. 5,413 lakhs for the year ended 31 March 2021 in its statement of profit and loss. Under Ind AS 109, Financial Instruments, allowance for loan losses are determined using expected credit loss (ECL) model. The estimation of impairment loss allowance on financial instruments involves significant judgement and estimates. The key areas where we identified greater levels of management judgement and therefore increased levels of audit focus in the Company's estimation of ECLs are: • Data inputs - The application of ECL model requires several data inputs. This increases the risk that the data that has been used to derive assumptions in the model, which are used for ECL calculations, may not be complete and accurate. • Model estimations – Inherently judgmental models are used to estimate ECL which involves determining Exposures at Default ("EAD"), Probabilities of Default ("PD") and Loss Given Default ("LGD"). The PD and the LGD are the key drivers of estimation complexity in the ECL and as a result are considered the most significant judgmental aspect of the Company's modelling approach.	Our key audit procedures included: • Performed end to end process walkthroughs to identify the key systems, applications and controls used in the impairment loss allowance processes. We tested the relevant manual (including spreadsheet controls), general IT and application controls over key systems used in the impairment loss allowance process. • Assessed the design and implementation of controls in respect of the Company's impairment allowance process such as the timely recognition of impairment loss, the completeness and accuracy of reports used in the impairment allowance process and management review processes over the calculation of impairment allowance and the related disclosures on credit risk management. • Testing management's controls over authorisation and calculation of post model adjustments and management overlays.

Key audit matter	How the matter was addressed in our audit
• Economic scenarios – Ind AS 109 requires the Company to measure ECLs on an unbiased forward-looking basis reflecting a range of future economic conditions. Significant management judgement is applied in determining the economic scenarios used and the probability weights applied to them especially when considering the current uncertain economic environment arising from COVID-19. • Qualitative adjustments/ management overlays – Adjustments to the model-driven ECL results as overlays are recorded by management to address known impairment model limitations or emerging trends as well as risks not captured by models. As at 31 March 2021, overlays represent approximately 18% of the ECL balances. These adjustments are inherently uncertain and significant management judgement is involved in estimating these amounts especially in relation to economic uncertainty as a result of COVID-19. The underlying forecasts and assumptions used in the estimates of impairment loss allowance are subject to uncertainties which are often outside the control of the Company. The extent to which the COVID-19 pandemic will impact the Company's current estimate of impairment loss allowances is dependent on future developments, which are highly uncertain at this point. Given the size of loan portfolio relative to the balance sheet and the impact of impairment allowance on the financial statements, we have considered this as a key audit matter. Disclosures: The disclosures regarding the Company's application of Ind AS 109 are key to explaining the key judgements and material inputs to the Ind AS 109 ECL results.	• Evaluated whether the methodology applied by the Company is compliant with the requirements of the relevant accounting standards and confirmed that the calculations are performed in accordance with the approved methodology, including checking mathematical accuracy of the workings. • Sample testing over key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data and reasonableness of periods considered, economic forecasts, weights, and model assumptions applied. • Test of details on post model adjustments, considering the size and complexity of management overlays with a focus on COVID-19 related overlays, in order to assess the reasonableness of the adjustments by challenging key assumptions, inspecting the calculation methodology and tracing a sample of the data used back to source data. • Testing the 'Governance Framework' over validation, implementation and model monitoring in line with the RBI guidance. • Assessed whether the disclosures on key judgements, assumptions and quantitative data with respect to impairment loss allowance in the financial statements are appropriate and sufficient. Involvement of specialists - we involved financial risk modelling specialists for the following: • Evaluating the appropriateness of the Company's Ind AS 109 impairment methodologies and reasonableness of assumptions used (including management overlays). • The reasonableness of the Company's considerations of the impact of the current economic environment due to COVID-19 on the impairment loss allowance determination. We have involved IT specialists in performing the following key audit procedures: • Performed control testing on user access management, change management, segregation of duties, system reconciliation controls and system application controls over key financial accounting and reporting systems. • Tested key controls operating over information technology in relation to financial accounting and reporting systems, including system access and system change management, program development and computer operations.

Key audit matter	How the matter was addressed in our audit
The Company's financial accounting and reporting processes are dependent on information systems including automated controls in systems, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being misstated. In addition, the prevailing COVID-19 situation has caused the required IT systems to be made accessible on a remote basis and at the same time there are increasing challenges to protect the integrity of the Company's systems and data. We have identified 'IT systems and controls' as key audit matter because of the high level automation, number of systems being used by the management, current remote working situation and the inherent risks/ complexity of the IT architecture.	• Tested the design and operating effectiveness of key controls over user access management which includes granting access / right, new user creation, removal of user rights and preventive controls designed to enforce segregation of duties. • For a selected group of key controls over financial and reporting systems, we independently perform procedures to determine that these control remained unchanged during the year or were changed following the standard change management process. • Other areas that were tested include password policies, security configurations, system interface controls, controls over changes to applications and databases and controls to ensure that developers and production support did not have access to change applications, the operating system or databases in the production environment. • Assessment of data security controls in the context of a large population of staff working from remote location at the year end.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit / loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. (A) As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations as at 31 March 2021 on its financial position in its financial statements - Refer Note 37 to the financial statements;

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts. The Company has not entered into derivative contracts during the year - Refer Note 39 to the financial statements;

iii. There were no amounts required to be transferred to the Investor Education and Protection Fund by the Company; and

iv. The disclosures regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2021.

(C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report - 31 March 2021

The Annexure referred to in Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2021, we report that:

i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The fixed assets are physically verified by the management according to a programme of phased verification, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, the fixed assets have been physically verified by management during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

ii. The Company is in the business of providing Housing Finance Services and consequently, does not hold any inventory. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.

iii. According to the information and explanations given to us and based on the audit procedures conducted by us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable. Accordingly, paragraph 3(iv) of the Order is not applicable to the Company.

v. According to the information and explanations given to us and based on the examination of records, the Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of sections 73, 74, 75 and 76 or any other relevant provisions of the Act and Rules framed thereunder, to the extent notified, apply . Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any activities conducted/ services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of sales tax, duty of customs, duty of excise, value added tax and service tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, goods and service tax, cess and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they become payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the following dues have not been deposited by the Company on account of any disputes.

Name of the statute	Nature of dues	Amount (Rs. in lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	37.76	2011-12	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	7.62	2012-13	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	22.55	2013-14	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	332.95	2016-17	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	465.00	2017-18	Assessing Officer (AO)

viii. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks, or debenture holders during the year. The Company did not have any borrowings from the government during the year.

ix. According to the information and explanations given to us and based on our examination of the records, the Company has utilised the money raised by way of issue of non- convertible debentures and terms loans during the year for the purpose for which they were raised. During the year, the Company has not raised moneys by way of initial public offer or further public offer.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or any material instance of fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such case by management.

xi. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

xiii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and the details of such transactions have been disclosed in the financial statements, as required by the applicable accounting standards.

xiv. According to the information and explanations given to us and based on our examination of the records, the Company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company is not required to be registered under Section 45- IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

Annexure B to the Independent Auditors' report on the financial statements of Mahindra Rural Housing Finance Limited for the year ended 31 March 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Referred to in paragraph 2(A) (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date

Opinion

We have audited the internal financial controls with reference to financial statements of Mahindra Rural Housing Finance Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1 COMPANY INFORMATION

Mahindra Rural Housing Finance Limited ('the Company'), incorporated in India is a Housing Finance Company ('HFC') engaged in providing housing finance through its pan India branch network. In exercise of the powers conferred on the National Housing Bank vide Section 29A of The National Housing Bank Act, 1987, the Company has been granted Certificate of Registration dated 13 August 2007 to commence the business of a housing finance institution without accepting public deposits. The Company fulfils the Principal Business Criteria as laid down under paragraph 4.1.17, of the Master Direction - Non-Banking Financial Company - Housing Finance Company (Reserve Bank) Directions, 2021 ('Master Directions'). The Company's financial assets constitute more than 60% of its total assets and out of the total assets, the Company has financed over 50% towards housing loans to individuals.

The Company is a subsidiary of Mahindra & Mahindra Financial Services Limited. Mahindra & Mahindra Limited is the ultimate holding company.

The Company's registered office is at Mahindra Towers, 4th Floor, Dr. G. M. Bhosale Marg, Worli, Mumbai 400018, India.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 ("the Act") and in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020.

Any application guidance/ clarifications/ directions issued by Reserve Bank of India (RBI), National Housing Bank (NHB) or other regulators are implemented as and when they are issued/ applicable.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These separate financial statements were approved by the Company's Board of Directors and authorised for issue on 20 April 2021.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value.

2.4 Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5 Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are the areas that involve a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

(i) Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

(ii) Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulas and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weights, to derive the economic inputs into the ECL model
- Management overlay used in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios.

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary (refer note 45)

(iii) Provisions and other contingent liabilities:

The Company does not recognise a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs. Contingent Liabilities in respect of show cause notices are considered only when converted into demands.

The reliable measure of the estimates and judgements pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Notes to the Financial Statements for the year ended 31 March 2021

(iv) Provision for income tax and deferred tax assets:

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax, including the amount expected to be paid / recovered for uncertain tax positions. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(v) Defined Benefit Plans:

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(vi) Estimation uncertainty relating to the global health pandemic from COVID-19 and current Macro-economic scenario:

The Covid-19 outbreak and its effect on the economy has impacted our customers and our performance, and the future effects of the outbreak remain uncertain. The outbreak necessitated government to respond at unprecedented levels to protect public health, local economies and livelihoods. There remains a risk of subsequent waves of infection, as evidenced by the recently emerged variants of the virus.

Economic forecasts are subject to a high degree of uncertainty in the current environment. Limitations of forecasts and economic models require a greater reliance on management judgement in addressing both the error inherent in economic forecasts and in assessing associated ECL outcomes.

The calculation of ECL under Ind AS 109 involves significant judgements, assumptions and estimates. The level of estimation uncertainty and judgement has increased during financial year as a result of the economic effects of the Covid-19 outbreak, including significant judgements relating to:

- the selection and weighting of economic scenarios, given rapidly changing economic conditions in an unprecedented manner, uncertainty as to the effect of government and RBI support measures designed to alleviate adverse economic impacts, and a wider distribution of economic forecasts than before the pandemic. The key judgements are the length of time over which the economic effects of the pandemic will occur, the speed and shape of recovery. The main factors include the effectiveness of pandemic containment measures, the pace of roll-out and effectiveness of vaccines, and the emergence of new variants of the virus, plus a range of geopolitical uncertainties, which together represent a very high degree of estimation uncertainty, particularly in assessing worst case scenario;
- estimating the economic effects of those scenarios on ECL, where there is no observable historical trend that can be reflected in the models that will accurately represent the effects of the economic changes of the severity and speed brought about by the Covid-19 outbreak. Modelled assumptions and linkages between economic factors and credit losses may underestimate or overestimate ECL in these conditions, and there is significant uncertainty in the estimation of parameters such as collateral values and loss severity; and
- the identification of customers experiencing significant increases in credit risk and credit impairment, particularly where those customers have accepted payment deferrals and other reliefs designed to address short-term liquidity issues given muted default experience to date.

Judgements (including overlays) in relation to credit impairments and the impact of macro-economic risks on the credit environment, in particular those arising from the COVID-19 pandemic, were discussed throughout the year. The management focused on the key assumptions, methodologies and in-model and post model adjustments applied to provisions under Ind AS 109. The economic uncertainty and unprecedented conditions not experienced since the implementation of Ind AS 109 challenged the usefulness of model outputs. While the use of judgemental overlays and post-model adjustments should ideally be limited, their extensive use was deemed appropriate during the financial year, and are likely to continue to be required in future reporting periods.

As a result of government and bank support measures, significant credit deterioration has not yet occurred. This delay increases uncertainty on the timing of the stress and the realisation of defaults. Management has applied COVID-19 specific adjustments to modelled outputs to reflect the temporary nature of ongoing government support, the uncertainty in relation to the timing of stress and the degree to which economic consensus has yet captured the range of economic uncertainty. As a result, ECL is higher than would be the case if it were based on the forecast economic scenarios alone.

The Company has developed various accounting estimates in these Financial Statements based on forecasts of economic conditions which reflect expectations and assumptions as at 31 March 2021 about future events that the management believe are reasonable in the circumstances. There is a considerable degree of judgement involved in preparing forecasts. The underlying assumptions are also subject to uncertainties which are often outside the control of the Company. Accordingly, actual economic conditions are likely to be different from those forecast since anticipated events frequently do not occur as expected, and the effect of those differences may significantly impact accounting estimates included in these financial statements.

The significant accounting estimates impacted by these forecasts and associated uncertainties are predominantly related to expected credit losses, fair value measurement, and recoverable amount assessments of non-financial assets.

The impact of the COVID-19 pandemic on each of these accounting estimates is discussed further in the relevant note to these Financial Statements. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions (refer note 45).

(vii) Going Concern

COVID 19 has an adverse impact on the functioning of the financial sector companies, notwithstanding this the financial statements of the Company are prepared on a going concern basis.

Management is of the view that it is considered appropriate to prepare these financial statements on a going concern basis as the Company expects to generate sufficient cash flows from operating activities and unused lines of credit to meet its obligations in the foreseeable future (refer note 44 and note 45 (iii)).

2.6 Revenue recognition:

a) Recognition of interest income

Effective Interest Rate (EIR) method

Interest income is recognised in the statement of profit and loss using the effective interest method for all financial instruments measured at amortised cost. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the statement of profit and loss.

Notes to the Financial Statements for the year ended 31 March 2021

Interest income

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest income is recognised when it becomes measurable and when it is not unreasonable to expect its ultimate collection.

b) Fee and commission income

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

c) Dividend and interest income on investments

Dividends are recognised in the statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

Interest income from investment is recognised when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under Other non-financial assets. Capital work in progress comprises the cost of Property, Plant and Equipment that are not ready for its intended use at the reporting date. Capital work-in-progress is stated at cost, net of impairment loss, if any.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis. Depreciation methods, useful lives and residual values are reviewed in each financial year, and changes, if any, are accounted for prospectively.

In accordance with Ind AS 116 - Leases, applicable effective from 01 April 2019, the Right-Of-Use assets (Freehold premises) are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-Of-Use assets (Freehold premises) are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured.

The estimated useful lives used for computation of depreciation are as follows:

Assets	Useful life
Buildings	- 60 years
Computers	- 3 years
Furniture and fixtures	- 10 years
Vehicles	- 8 years
Office equipments	- 5 years
Right-Of-Use assets (Leasehold premises)	- 2 to 10 years

For following assets the useful life is taken as estimated by the management based on the actual usage pattern of the assets:

- Assets costing less than Rs.5000/- are fully depreciated in the period of purchase.
- Vehicles used by employees are depreciated over the period of 48 months considering this period as the useful life of the vehicle for the Company, as against the useful life of 8 years as mentioned in Schedule II.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Assets retired from active use and held for disposal are generally stated at the lower of their net book value and net realizable value. Any gain or loss arising on derecognition of the asset (caculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the statement of profit and loss in the year the asset is derecognised.

2.8 Intangible assets:

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognized in profit or loss as incurred.

Intangible assets comprises of computer software which is amortized over the estimated useful life. The maximum period for such amortization is taken as 36 months based on management's estimates of useful life. Amortisation is calculated using the Straight line method to write down the cost of intangible assets over their estimated useful lives.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.9 Cash and cash equivalent:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.10 Financial instruments:

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value Through Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the statement of profit and loss.

Classification and subsequent measurement

- ***Financial assets***

  On initial recognition, a financial asset is classified as measured at

  - *Amortised cost;*
  - *Fair Value Through Other Comprehensinve Income (FVTOCI) - debt instruments;*
  - *Fair Value Through Other Comprehensinve Income (FVTOCI) - equity instruments;*
  - *Fair Value Through Profit and Loss (FVTPL)*

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest ('SPPI') on the principal amount outstanding. Accordingly, the Company measures bank balances and loans at amortised cost.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Notes to the Financial Statements for the year ended 31 March 2021

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Subsequent measurement and gains and losses:

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

Financial liabilities and equity instruments:

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities -

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in the statement of profit and loss.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

Financial assets carried at amortised cost:

The Company recognises lifetime expected credit loss (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial assets carried at amortised cost is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12 month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on historical experience and forward-looking information.

Management overlay is used to adjust the ECL allowance in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Company's lending portfolios. Emerging local or global macro economic, micro economic or political events, and natural disasters that are not incorporated in to the current parameters, risk ratings, or forward looking information are examples of such circumstances. The use of management overlay may impact the amount of ECL recognised.

The expected credit losses on these financial assets are estimated using a historical credit loss experience, adjusted for factors that are specific to the general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. It has been the Company's policy to regularly review its model in the context of actual loss experience and provide for additional impairment allowance due to management overlay when necessary (refer note 45)

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "bad debts/loss on termination" forming part of "impairment on financial instruments" in statement of profit and loss.

Loan contract renegotiation and modifications:

Loans are identified as renegotiated and classified as credit impaired when we modify the contractual payment terms due to significant credit distress of the borrower. Renegotiated loans remain classified as credit impaired until there is sufficient evidence to demonstrate a significant reduction in the risk of non payment of future cash flows and retain the designation of renegotiated until maturity or derecognition.

A loan that is renegotiated is derecognised if the existing agreement is cancelled and a new agreement is made on substantially different terms, or if the terms of an existing agreement are modified such that the renegotiated loan is a substantially different financial instrument. Any new loans that arise following derecognition events in these circumstances are considered to be originated credit impaired financial asset and will continue to be disclosed as renegotiated loans.

Other than originated credit-impaired loans, all other modified loans could be transferred out of stage 3 if they no longer exhibit any evidence of being credit impaired and, in the case of renegotiated loans, there is sufficient evidence to demonstrate a significant reduction in the risk of non-payment of future cash flows over the minimum observation period, and there are no other indicators of impairment. These loans could be transferred to stage 1

Notes to the Financial Statements for the year ended 31 March 2021

or 2 based on the risk assessment mechanism by comparing the risk of a default occurring at the reporting date (based on the modified contractual terms) and the risk of a default occurring at initial recognition (based on the original, unmodified contractual terms). Any amount written off as a result of the modification of contractual terms would not be reversed.

Loan modifications that are not identified as renegotiated are considered to be commercial restructuring. Where a commercial restructuring results in a modification (whether legalised through an amendment to the existing terms or the issuance of a new loan contract) such that the Company's rights to the cash flows under the original contract have expired, the old loan is derecognised and the new loan is recognised at fair value. The rights to cash flows are generally considered to have expired if the commercial restructure is at market rates and no payment-related concession has been provided. Mandatory and general offer loan modifications that are not borrower-specific, for example market-wide customer relief programmes announced by the Regulator or other statutory body, have not been classified as renegotiated loans and so have not resulted in derecognition, but their stage allocation is determined considering all available and supportable information under our ECL impairment policy.

2.11 Employee benefits:

a) Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. Short-term employee benefit obligations are measured on an undiscounted basis and these are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Contribution to provident fund, ESIC and National Pension Scheme

The defined contribution plans i.e. provident fund (administered through Regional Provident Fund Office), superannuation fund and employee state insurance corporation and National Pension Scheme are post-employment benefit plans under which a Company pays fixed contributions and will have no legal and constructive obligation to pay further amounts beyond its contributions. The Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Company's contribution paid/payable during the year to provident fund, superannuation scheme, employees state insurance corporation (ESIC) and national pension scheme (NPS) is recognised in the Statement of profit and loss.

c) Gratuity

The Company's liability towards gratuity scheme is determined by actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognised at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/termination benefits.

"The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss."

"When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contribution to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of acturial gains / losses, return on plan assets excluding interest income are recognised immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to the statement of profit and loss in the subsequent period.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Statement of profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Remeasurement gains or losses on long-term compensated absences that are classified as other long-term benefits are recognised in the statement of profit and loss.

d) Superannuation fund

The Company makes contribution to the Superannuation scheme, a defined contribution plan, administered by Life Insurance Corporation of India, which are charged to the statement of profit and loss. The Company has no obligation to the scheme beyond its contributions.

e) Leave encashment / compensated absences / sick leave

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

f) Employee stock options:

Equity-settled share-based payments to employees are recognised as an expense at the fair value of stock options at the grant date. The fair value determined at the grant date of the Equity-settled share-based payments is expensed on a stright-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.12 Finance costs:

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at amortised cost, i.e., bank term loans, non-convertible debentures, inter corporate deposits, commercial papers and subordinated debts, to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

Interest expense on lease liabilities (Ind AS 116 - Leases) computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

2.13 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

a) Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) **Deferred tax:**

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

2.14 Securities issue expenses:

Expenses incurred in connection with the fresh issue of Share capital are adjusted against Securities premium reserve.

2.15 Impairment of non financial assets:

The Company reviews the carrying amounts of its tangible and other intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the assets is considered impaired, and is written down to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in the statement of profit and loss.

2.16 Provisions:

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed. Provisions are not recognised for future operating losses.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.17 Leases:

The Company as a lessee -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipments and general purpose office equipments used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments that are not paid at the commencement date, discounted using the Company's incremental average borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

In the Balance Sheet, ROU assets have been included in property, plant and equipment and Lease liabilities have been included in Other financial liabilities and the principal portion of lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

In accordance with Ind AS 116, Leases, the financial information have been presented in the following manner.

a) ROU assets and lease liabilities have been included within the line items "Property, plant and equipment" and "Other financial liabilities" respectively in the Balance sheet;

b) Interest expenses on the lease liability and depreciation charge for the right-to-use asset have been included within the line items "Finance costs" and "Depreciation, amortization and impairment" respectively in the statement of profit or loss;

c) Short-term lease payments and payments for leases of low-value assets, where exemption as permitted under this standard is availed, have been recognized as expense on a straight line basis over the lease term in the statement of profit or loss.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

d) Cash payments for the principal of the lease liability have been presented within "financing activities" in the statement of cash flows;

The disclosures pertaining to Ind AS 116 are set out under note no. 35.

2.18 Corporate Social Responsibility (CSR) expenses

The Corporate Social Responsibility Committee ('CSR Committee' Board level) is responsible to formulate and recommend to the Board the CSR Policy indicating the activities falling within the purview of Schedule VII to the Companies Act, 2013, to be undertaken by the Company, to recommend the amount to be spent on CSR activities and to monitor the CSR Policy periodically.

Funding and Allocation:

For achieving the CSR objectives through implementation of meaningful and sustainable CSR Projects, the CSR Committee will allocate for its Annual CSR Budget, 2% of the average net profits of the Company made during the three immediately preceding financial years, calculated in accordance with the relevant Sections of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014.

The Company may spend upto 5% of the total CSR expenditure in one financial year on building CSR capabilities. The Company may also make contributions to its Corporate Foundations/Trusts i.e. K. C. Mahindra Education Trust and Mahindra Foundation, towards its corpus for projects approved by the Board. The CSR Committee will approve the CSR budget annually.

Any unspent amount at the end of the financial year will be treated as per the provisions of the existing CSR Law. Any surplus arising out of the CSR Projects or Programs or activities shall not form part of the business profit of the Company.

The Company has identified CSR Thrust Areas for undertaking CSR Projects/ programs/activities in India. The actual distribution of the expenditure among these thrust areas will depend upon the local needs as may be determined by the need identification studies or discussions with local governments/Grampanchayat/ NGOs. The Company shall give preference to the local area and areas around which the Company operates for CSR spending. Thrust areas include health, education, environment and other activities.

The amount spent or contribution / donations made towards CSR activities is charged to Donations and Corporate Social Responsibility (CSR) expenses respectively, in the statement of Profit and Loss (Refer note 30)

2.19 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year.

2.20 New standards or amendments to the existing standards and other pronouncements:

i) New Standards issued or amendments to the existing standard but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2021.

ii) Other recent pronouncements

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from April 1, 2021. The amendments primarily relate to:

a) Change in existing presentation requirements for certain items in Balance sheet, for eg. lease liabilities, security deposits, current maturities of long term borrowings, effect of prior period errors on Equity Share capital.

b) Additional disclosure requirements in specified formats, for eg. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters, etc.

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions.

d) Additional Regulatory Information, for eg.,compliance with layers of companies, title deeds of immovable properties, financial ratios, loans and advances to key managerial personnel, etc.

e) Disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency.

The amendments are extensive and the Company is evaluating the same.

d) Terms / rights attached to equity shares:

The Company has only one class of equity shares having a par value of Rs. 10/- per share. Each holder of equity shares is entitled to one vote per share. The dividend proposed by the board of directors and approved by the shareholders in the annual general meeting is paid in Indian rupees. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

19 Other Equity

Description of the nature and purpose of Other Equity:

Statutory reserve

As per Section 29C of the National Housing Bank Act, 1987, the Company is required to transfer at least 20% of its net profits every year to a reserve before any dividend is declared. The Company transfers an amount to Special Reserve at year end. The Company does not anticipate any withdrawal from Special Reserve in the foreseeable future.

Securities premium

Securities premium is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

General reserve

General reserve is created through annual transfer of profits at a specified percentage in accordance with applicable regulations under the erstwhile Companies Act, 1956. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid up capital of the Company for that year, then the total dividend distribution is less than the total distributable profits for that year. Consequent to introduction of the Companies Act, 2013, the requirement to mandatorily transfer specified percentage of net profits to General reserve has been withdrawn. However, the amount previously transferred to the General reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

Employee stock options outstanding

The Employee Stock Options outstanding represents amount of reserve created by recognition of compensation cost at grant date fair value on stock options vested but not exercised by employees.

Retained earnings

Retained earnings or accumulated surplus represents total of all profits retained since Company's inception. Retained earnings are credited with current year profits, reduced by losses, if any, dividend payouts, transfers to General reserve or any such other appropriations to specific reserves.

32 Employee Stock Option Scheme:

The Company has used fair value method to account for the compensation cost of stock options. Fair value of options is based on the valuation of the independent valuer using the Black -Scholes model.

Description of ESOP Scheme:

Particulars	**ESOP**
Vesting requirements	Stock Options due for vesting on each vesting date shall vest on the basis of time i.e. mere continuance of employment as on relevant date of vesting.
Vesting Conditions	25% on expiry of 12 months from the date of grant
	25% on expiry of 24 months from the date of grant
	25% on expiry of 36 months from the date of grant
	25% on expiry of 48 months from the date of grant
Method of Settlement	Equity settled

The Fair value of options, based on the valuation of the independent valuer as on the date of grant are:

	31 March 2021			31 March 2020		
Vesting Date	**No of years vesting**	**Fair Value (Rs.) per share**	**Exercise Price (Rs.)**	No of years vesting	Fair Value (Rs.) per share	Exercise Price (Rs.)
Grant Dated 18 January 2021	**4 Years**	**176.31**	**10.00**	–	–	–
Grant Dated 16 October 2019	**–**	**–**	**–**	4 Years	212.46	10.00

The Key assumptions used in Black-Scholes model for calculating fair value as on the date of grant are:

Variables#	**31 March 2021**	31 March 2020
1) Risk free interest rate	**3.55%**	3.97%
2) Expected life	**4 Years**	4 Years
3) Expected volatility	**44.68%**	38.80%
4) Price of the underlying share at the time of option grant (Rs.)	**185.00**	221.00

the value mentioned against each of the variables are based on the weighted average percentage of vesting.

33 Employee Benefits

General description of defined benefit plans:

Gratuity

The Company provides for gratuity, a defined benefit retirement plan covering qualifying employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated period mentioned under The Payment of Gratuity Act, 1972. The Company makes annual contribution to the gratuity scheme adminstered by the Life Insurance Corporation of India through its gratuity fund.

Post retirement medical cover

The Company provides for post retirement medical cover to select grade of employees to cover the retiring employee and their spouse upto a specified age through mediclaim policy on which the premiums are paid by the Company. The eligibility of the employee for the benefit as well as the amount of medical cover purchased is determined by the grade of the employee at the time of retirement.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility -

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets underperform compared to this yield, this will create or increase a deficit. The defined benefit plans may hold equity type assets, which may carry volatility and associated risk.

Change in bond yields -

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan's investment in debt instruments.

Variability in withdrawal rates -

If actual withdrawal rates are higher than assumed withdrawal rate assumption then the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Regulatory Risk -

Gratuity Benefit must comply with the requirements of the Payment of Gratuity Act, 1972 (as amended up-to-date). There is a risk of change in the regulations requiring higher gratuity payments (e.g. raising the present ceiling of Rs. 20,00,000, raising accrual rate from 15/26 etc.).

Inflation risk -

The present value of some of the defined benefit plan obligations are calculated with reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. The post retirement medical benefit obligation is sensitive to medical inflation and accordingly, an increase in medical inflation rate would increase the plan's liability.

Life expectancy -

The present value of defined benefit plan obligation is calculated by reference to the best estimate of the mortality of plan participants, both during and after the employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

Quantitative sensitivity analysis for impact of significant assumptions on defined benefit obligation are as below:

Assumptions	31 March 2021	31 March 2020
One percentage point increase in discount rate	**(29.49)**	(20.57)
One percentage point decrease in discount rate	**32.11**	24.11
One percentage point increase in salary growth rate	**30.74**	23.82
One percentage point decrease in salary growth rate	**(29.69)**	(20.71)

Maturity profile of defined benefit obligation

	31 March 2021	31 March 2020
Within 1 year	**423.44**	797.52
Between 1 and 5 years	**2,603.93**	5,737.70

The estimate of future salary increases, considered in actuarial valuation, considers inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The plan assets have been primarily invested in government securities and corporate bonds.

The cost of the defined benefit plans and other long term benefits are determined using actuarial valuations. Actuarial valuations involve making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases and mortality rate. Due to these complexity involved in the valuation it is highly sensitive to the changes in these assumptions. All assumptions are reviewed at each reporting date. The present value of the defined benefit obligation and the related current service cost and planned service cost were measured using the projected unit cost method.

During the year ended 31 March 2021, there was a revision in salary structure by reduction of basic pay with corresponding increase in variable pay of employees in certain grades made effective during the last quarter of the previous financial year which resulted in reduction in valuation of defined benefit obligation on account of gains recorded in past service cost amounting to Rs. 284.11 lakhs and the same was netted against expenses recognized in Statement of Profit and Loss under the head Employee Benefits Expense. Accordingly, the Company had recognized a net gain of Rs. 136.28 lakhs for the year ended 31 March 2021 in the Statement of Profit and Loss under the head Employee Benefits Expense.

During the year ended 31 March 2021, there was no increment in the salary due to lower business performance caused by COVID-19 led disruptions. As the salary structure primarily remained same as previous year, the actuarial valuation of defined benefit obligations for the current year were at same level as previous year except for change in assumptions or certain parameters used in valuation.

The Company's contribution to provident fund and superannuation fund aggregating Rs. 1,426.12 lakhs (31 March 2020 : Rs. 1,664.90 lakhs) has been recognised in the statement of profit and loss under the head employee benefits expenses.

34 Operating segments

There is no separate reportable segment as per Ind AS 108 on "Operating Segments" in respect of the Company.

The Company operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure.

No revenue from transactions with a single external customer or counterparty amounted to 10% or more of the Company's total revenue in the year ended 31 March 2021 or 31 March 2020

35 Leases

In the cases where assets are taken on operating lease (as lessee) -

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipments and general purpose office equipments used for operating activities.

In accordance with the requirements under Ind AS 116, Leases, the Company has recognized the lease liability at the present value of the future lease payments discounted at the incremental borrowing rate at the date of initial application as at 1 April 2019, and thereafter, at the inception of respective lease contracts, ROU asset equal to lease liability is recognized at the incremental borrowing rate prevailed during that relevant period subject to certain practical expedients as allowed by the standard.

The weighted average incremental borrowing rate of 9.75% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

Maturity analysis – contractual undiscounted cash flows	31 March 2021	31 March 2020
Less than 1 year	**799.66**	786.19
1-3 years	**1,471.13**	1,474.63
3-5 years	**1,231.98**	1,202.39
More than 5 years	**706.89**	927.46
Total undiscounted lease liabilities	**4,209.66**	**4,390.67**

Other disclosures:

Following table summarizes other disclosures including the note references for the expense, asset and liability heads under which certain expenses, assets and liability items are grouped in the financial statements.

Particulars		31 March 2021	31 March 2020
i)	Depreciation charge for Right-Of-Use assets for Leasehold premises (presented under note - 29 "Depreciation, amortization and impairment")	**632.68**	660.64
ii)	Interest expense on lease liabilities (presented under note - 25 "Finance costs")	**271.70**	320.37
iii)	Expense relating to short-term leases	**–**	–
iv)	Expense relating to leases of low-value assets	**100.16**	108.74
v)	Payments for lease liability	**775.65**	768.20
vi)	Additions to right-of-use assets during the year	**408.28**	288.14
vii)	Carrying amount of right-of-use assets at the end of the reporting period by class of underlying asset -		
	– Property taken on lease for office premises (presented under note - 8 "Property, plant and equipments")	**2,913.82**	3,138.22
viii)	Lease liabilities (presented under note - 15 "Other financial liabilities")	**3,255.36**	3,351.03

Pursuant to amendments brought in by the Ministry of Corporate Affairs through the Companies (Indian Accounting Standards) Amendment Rules, 2020 vide notification dated 24 July 2020, Ind AS 116 - Leases was amended by inserting certain paragraphs (46A and 46B) related to application of practical expedient to Covid-19-Related Rent Concessions. The Company had applied the practical expedient to all such rent concessions received during the year ended 31 March 2021 from certain Lessors that meet the conditions specified in paragraph 46B. The amount of rent concessions recognized in the statement of profit or loss for the current year is not material.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

36 Frauds reported during the period

There were 95 cases (31 March 2020: 279 cases) of frauds amounting to Rs. 255.91 Lakhs (31 March 2020: Rs. 239.84 Lakhs) reported during the year. The Company has recovered amount of Rs. 266.36 Lakhs (31 March 2020: Rs.106.96 Lakhs) and wherever required has initiated appropriate legal actions against the individuals involved. The claims for the un-recovered losses are lodged with the insurance companies on merit basis.

37 Contingent liabilities and commitments (to the extent not provided for)

	31 March 2021	31 March 2020
i) Claims against the Company not acknowledged as debt		
Legal suits filed by customers	**134.36**	170.58
Income Tax	**116.87**	69.95
ii) Commitments		
Estimated amount of contracts remaining to be executed on capital account and not provided for	**155.02**	108.78
Other commitments:		
Amount on account of loan sanctioned but not disbursed	**37,435.01**	41,981.03
Total	**37,841.26**	42,330.34

The Company's pending litigations comprise of claims against the Company primarily by the customers and proceedings pending with Income Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The amount of provisions / contingent liabilities is based on management's estimate, and no significant liability is expected to arise out of the same.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial performance and financial position regarding the amounts disclosed above, it is not practicable to disclose information on the possibility of any reimbursements as it is determinable only on the occurrence of uncertain future events.

The Company has a process whereby periodically all long-term contracts are assessed for material foreseeable losses. At the year end, the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

38 Corporate Social Responsibility (CSR)

The CSR activities of the Company shall include, but not limited to any or all of the sectors/activities as may be prescribed by Schedule VII of the Companies Act, 2013 amended from time to time. Further, the Company reviews the sectors/activities from time to time and make additions/ deletions/ clarifications to the above sectors/activities.

During the period, the Company has incurred an expenditure of Rs. 756.25 Lakhs (31 March 2020: Rs. 611.32 Lakhs) towards CSR activities which includes contribution / donations made to the trusts which are engaged in activities prescribed under section 135 of the Companies Act, 2013 read with Schedule VII to the said Act and expense of Rs. NIL (31 March 2020: Rs. 21.81 Lakhs) towards the CSR activities undertaken by the Company.

Detail of amount spent towards CSR activities:

a) Gross amount required to be spent by the Company during the period is Rs. 756.24 lakhs (31 March 2020: Rs. 611.25 lakhs).

b) Amount spent by the Company during the period:

		For the year ended 31 March 2021			For the year ended 31 March 2020

ii)	On purpose other than (i) above	**756.25**	**–**	**756.25**	611.32	–	611.32

39 The Company has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the period end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of accounts. The Company has not entered into derivative contracts during the year.

40 Capital Management

The Reserve Bank of India vide its circular reference RBI/2020-21/60 DOR. NBFC (HFC). CC. No. 118/03.10.136/2020-21 dated 22 October 2020 has made applicable regulation issued by The Reserve Bank of India vide its circular reference RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020 outlining the regulatory guidance in relation to Ind AS financial statements. This included guidance for computation of 'owned funds' , 'net owned funds' and 'regulatory capital'. Accordingly, effective from the financial year ended 31 March 2021, the 'regulatory capital' has been computed in accordance with these requirements.

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or convertible and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its operations, capital expenditure and strategic investment plans. The capital structure is monitored on the basis of net debt to equity and maturity profile of overall debt portfolio.

The Company is subject to the capital adequacy requirements as per Chapter IV "Capital" of Master Directions. As per Capital requirement guidelines, the Company is required to maintain a capital adequacy ratio on an going basis consisting of Tier I and Tier II Capital which shall not be less than 14% on or before 31st March 2021 of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet. The Tier I capital at any point of time shall not be less than 10 percent. The total of Tier II Capital at any point of time, shall not exceed 100 percent of Tier I Capital.

Company has complied with all regulatory requirements related to regulatory capital and capital adequacy ratios as prescribed by RBI.

Regulatory capital

	31 March 2021	31 March 2020
Tier 1 capital	**130,685.04**	105,519.56
Tier 2 capital	**49,530.31**	44,110.22
Total capital	**180,215.35**	149,629.78
Risk weighted assets	**413,345.61**	347,640.16
Tier 1 capital ratio	**31.62%**	30.35%
Tier 2 capital ratio	**11.98%**	12.69%
Total capital ratio	**43.60%**	43.04%

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

"Tier I Capital" means owned fund as reduced by investment in shares of other non-banking financial companies including housing finance companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

"Owned Fund" means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves including balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

Tier II capital" includes the following -

a. Preference shares other than those which are compulsorily convertible into equity;

b. Revaluation reserves at discounted rate of fifty-five per cent.

c. General provisions (including that for Standard Assets) and loss reserves to the extent these are not attributable to actual diminution in value or identifiable potential loss in any specific asset and are available to meet unexpected losses, to the extent of one and one fourth per cent of risk weighted assets;

d. Hybrid debt capital instruments and

e. Subordinated debt;

to the extent the aggregate does not exceed Tier I capital.

45 Financial Risk Management Framework

In the course of its business, the Company is exposed to certain financial risks namely credit risk, interest risk, currency risk & liquidity risk.The Company's primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The financial risks are managed in accordance with the Company's risk management policy which has been approved by its Board of Directors.

Board of Directors of the Company have established Asset and Liability Management Committee (ALCO), which is responsible for developing and monitoring risk management policies for its business. The Company's financial services businesses are exposed to high credit risk given the unbanked rural customer base. The credit risk is managed through credit norms established based on historical experience.

i) Market Risk

Market the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, etc. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

a) Pricing Risk

The Company's investment in Mutual Funds is exposed to pricing risk. A 1 percent increase in Net Assets Value (NAV) would increase profit before tax by approximately Rs 813.29 lakhs (31st March 2020 : Rs 115.09 lakhs). A similar percentage decrease would have resulted equivalent opposite impact.

b) Currency Risk

The Company does not have significant foreign currency exposure. As a result, the Company is not exposed to currency risk.

c) Interest Rate Risk

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day-to-day operations. Further, certain interest bearing liabilities carry variable interest rates.

Interest Rate sensitivity

The sensitivity analyses below have been determined based on exposure to financial instruments at the end of the reporting year. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting year was outstanding for the whole year. The following table demonstrates the sensitivity to a reasonably possible change in interest rates on the financial assets & liabilities.

With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings and floating rate advances given, as follows:

	Currency	Increase/ decrease in basis points	Effect on profit before tax	Effect on pre-tax equity
Year ended 31 March 2021	**INR**	**100**	**720.29**	**–**
Year ended 31 March 2020	INR	100	1,258.64	–

Offsetting of balances: The Company has not offset financial assets and financial liabilities.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

ii) Credit Risk Management

Credit risk is the risk that the Company will incur a loss because its customers fail to discharge their contractual obligations. The Company has a comprehensive framework for monitoring credit quality of its loans primarily based on days past due monitoring as at a period end. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery are taken through follow ups and legal recourse.

Credit quality of financial assets

The following table sets out information about credit quality of loan assets measured at amortised cost primarily based on months past due information. The amount represents gross carrying amount.

Particulars	31 March 2021	31 March 2020
Gross carrying value of loan assets		
Neither Past due nor impaired	**373,684.69**	497,117.82
30 days past due	**81,516.30**	54,767.22
31 - 90 days past due	**208,876.36**	164,783.15
Impaired (more than 90 days past due)	**100,593.39**	127,721.16
Total Gross carrying value as at reporting date	**764,670.74**	844,389.35

The Company reviews the credit quality of its loans based on the ageing of the loan at the period end. Since the company is into retail home loan lending business, there is no significant credit risk of any individual customer that may impact company adversely, and hence, the Company has calculated its ECL allowances on a collective basis.

Inputs considered in the ECL model

In assessing the impairment of loan assets under Expected Credit Loss (ECL) Model, the assets have been segmented into three stages. The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages, relate to the recognition of expected credit losses and the measurement of interest income.

The Company categorises loan assets into stages primarily based on the Days Past Due status.

Stage 1 : 0-30 days past due

Stage 2 : 31-90 days past due

Stage 3 : More than 90 days past due

(a) RBI COVID-19 Regulatory Package

In accordance with the Reserve Bank of India (RBI) notification no. RBI/2019-20/186 DOR.No.BP.BC.47/21.04.048/2019-20 dated 27th March, 2020, RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2020-21 dated April 17, 2020 and Press Release: 2019-2020/2392 dated 22 May 2020 relating to 'COVID-19 - Regulatory Package', the Company, as per its Board approved policy and ICAI advisories, has granted moratorium upto six months on the payment of installments which became due between 1 March 2020 and 31 August 2020 to all eligible borrowers. This relaxation did not automatically trigger a significant increase in credit risk. The Company continued to recognize interest income during the moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period did not result in accounts becoming past due and automatically triggering Stage 2 or Stage 3 classification criteria and accordingly, the staging of such borrowers as at 31 March 2021 is based on days past dues status considering the benefit of moratorium period.

During the previous year ended 31 March 2020, in accordance with the Reserve Bank of India (RBI) notification relating to 'COVID-19 - Regulatory Package', till the date of results, the Company, as per its Board approved policy and ICAI advisories, has granted moratorium upto three months on the payment of installments falling due between 1 March 2020 and 31 May 2020 to all eligible borrowers. And in respect of accounts overdue but standard (i.e, stage 1 and stage 2) at 29 February 2020 where moratorium benefit has been granted, for the purpose of staging of those accounts and for determination of impairement loss allowance as at 31 March 2020, the days past due status as on 29 February 2020 has been considered.

(b) Impact of COVID-19

The impact of COVID-19 on the global economy and how governments, businesses and consumers respond is uncertain. This uncertainty is reflected in the Company's assessment of impairment loss allowance on its loans which are subject to a number of management judgements and estimates. In relation to COVID-19, judgements and assumptions include the extent and duration of the pandemic, the impacts of actions of governments and other authorities, and the responses of businesses and consumers in different industries, along with the associated impact on the global economy.

The Covid-19 outbreak and its effect on the economy has impacted our customers and our performance, and the future effects of the outbreak remain uncertain. The outbreak necessitated government to respond at unprecedented levels to protect public health, local economies and livelihoods. There remains a risk of subsequent waves of infection, as evidenced by the recently emerged variants of the virus.

Across the geographies and segments where we operate, the Covid-19 outbreak has led to a worsening of economic conditions and increased uncertainty, which has been reflected in higher ECL provisions. Furthermore, credit losses may increase due to exposure to vulnerable sectors of the economy such as retail, hospitality and commercial real estate. The impact of the pandemic on the long-term prospects of businesses in these sectors is uncertain and may lead to significant credit losses on specific exposures, which may not be fully captured in ECL estimates.

The significant changes in economic and market drivers, customer behaviours and government actions caused by Covid-19 have materially impacted the performance of financial models. ECL model performance has been significantly impacted, which has increased reliance on management judgement in determining the appropriate level of ECL estimates. The reliability of ECL models under these circumstances has also been impacted by the unprecedented response from governments to provide a variety of economic stimulus packages to support livelihoods and businesses. Historical observations on which the models were built do not reflect these unprecedented support measures. We continue to monitor credit performance against the level of government support and customer relief programmes.

While the methodologies and assumptions applied in the impairment loss allowance calculations have primarily remained unchanged from those applied while preparing the financial results for the period ended March 2020, the Company has separately incorporated estimates, assumptions and judgements specific to the impact of the COVID-19 pandemic and the associated support packages in the measurement of impairment loss allowance and has included management overlay amounting to Rs. 9,745.41 lakhs (31 March 2020: Rs. 15,451.93 lakhs) in the total impairment provision recognised in the statement of profit and loss. The final impact of this pandemic and the Company's impairment loss allowance estimates are inherently uncertain, and hence, the actual impact may be different than that estimated based on the conditions prevailing as at the date of approval of these financial results. The management will continue to closely monitor the material changes in the macro-economic factors impacting the operations of the Company.

(c) Definition of default

The Company considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower becomes 90 days past due on its contractual payments.

(d) Exposure at default

"Exposure at Default" (EAD) represents the gross carrying amount of the assets subject to impairment calculation. Future Expected Cash flows (Principal and Interest) for future years has been used as exposure for Stage 2.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

(e) Estimations and assumptions considered in the ECL model

The Company has made the following assumptions in the ECL Model:

a. "Loss given default" (LGD) is common for all three Stages and is based on loss in past portfolio. Actual cashflows on the past portfolio are discounted at portfolio EIR rate for arriving at the loss rate.

b. "Probability of Default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD at 100%. This is calculated as an average of the last 60 months yearly movement of default rates and further adjusted for macro economic factors.

(f) Measurement of ECL

ECL is measured as follows:

– financial assets that are not credit impaired at the reporting date: for Stage 1, gross exposure is multiplied by PD and LGD percentage to arrive at the ECL. For Stage 2, future Expected Cash flows (Principal and Interest) for respective future years is multiplied by respective years Marginal PDs and LGD percentage and thus arrived ECL is then discounted with the respective loan EIR to calculate the present value of ECL.

– financial assets that are credit impaired at the reporting date: the difference between the gross exposure at reporting date and computed carrying amount considering EAD net of LGD and actual cash flows till reporting date;

– undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Company if the commitment is drawn down and the cash flows that the Company expects to receive.

(g) Forward Looking Information

Historical PDs have been converted into forward looking PD which incorporates the forward looking economic outlook. Considering that major chunk of borrowers in the retail portfolio is from rural area, Agriculture (real change % p.a.) is used as a macroeconomic variable.

The macroeconomic variables considered by the Company are robust reflections of the state of economy which result into systematic risk for the respective portfolio segments.

Additionally, three different scenarios have been considered for ECL calculation. Along with the actual numbers (considered for base case scenario), other scenarios take care of the worsening as well as improving forward looking economic outlook. As at 31 March 2021, the probability assigned to base case scenario assumptions have been updated to reflect the rapidly evolving situation with respect to Covid-19. This includes an assessment of the effectiveness of stimulus packages announced by government and regulatory measures imparted by RBI. These are considered in determining the length and severity of the forecast economic downturn. The Company's base case economic forecast scenarios reflects a deterioration in economic conditions in the first quarter with a gradual improvement thereafter. In addition to the base case forecast which reflects largely the negative economic consequences of COVID-19, greater weighting has been applied to the downside scenarios given the Company's assessment of downside risks.

(h) Assessment of significant increase in credit risk

When determining whether the credit risk has increased significantly since initial recognition, the Company considers both quantitative and qualitative information and analysis based on the Company's historical experience, including forward-looking information. The Company considers reasonable and supportable information that is relevant and available without undue cost and effort. The Company's accounting policy is not to use the practical expedient that the financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk. As a result, the Company monitors all financial assets and loan commitments that are subject to impairment for significant increase in credit risk.

Based on the assessment by the Company, the RBI moratorium relaxation offered to the customers recognising the potential detrimental impact of COVID-19 has not been deemed to be automatically triggering significant increase in credit risk. The Company continues to recognize interest income during the moratorium period and in the absence of other credit risk indicators, the granting of a moratorium period does not result in accounts becoming past due and automatically triggering Stage 2 or Stage 3 classification criteria.

As a part of the qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeliness to pay. In such instances, the Company treats the customer at default and therefore, assesses such loans as Stage 3 for ECL calculations, following are such instances:

– A Stage 3 customer having other loans which are in Stage 1 or 2.

– Cases where Company suspects fraud and legal proceedings are initiated.

Further, the Company classifies certain category of exposures in to Stage 3 and makes accelerated provision upto 100% based on qualitative assessment implying the significant deterioration in asset quality or increase in credit risk on selective basis

Assessment of loan modifications on credit risk

In response to the economic fall-out on account of Covid-19 pandemic, RBI on August 6, 2020 announced resolution plan framework vide circular no. RBI/2020-21/16 DOR.No.BP.BC/3/21.04.048/2020-21 for personal loan customers. Loan modifications executed under these schemes have not been classified as renegotiated as they are as a result of market-wide customer relief programme and not borrower-specific. We continue to monitor the recoverability of loans granted in accordance with these circulars.The on-going and future performance of such loans remains an area of uncertainty at 31 March 2021. The relevant details in respect of these loans have been presented under note 46.

(i) Policy for write off of Loan Assets

The gross carrying amount of a financial asset is written off to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the customer does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the loan outstanding dues. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made from written off assets are netted off against the amount of financial assets written off during the year under "bad debts/loss on termination" forming part of "impariment on financial instruments" in statement of profit and loss.

(j) Analysis of inputs to the ECL model with respect to macro economic variable

The below table shows the values of the forward looking macro economic variable used in each of the scenarios for the ECL calculations. For this purpose, the Company has used the data source of Economist Intelligence Unit.The upside and downside % change has been derived using historical standard deviation from the base scenario based on previous 8 years change in the variable.

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

ECL scenario for Macro Economic Variable Probability Assigned	Year		Best Case	Base Case	Worst Case
			10%	65%	25%
Agriculture (% real change p.a)					
	2020	%	5.4	3.0	0.6
	2021	%	5.4	3.0	0.6
	2022	%	5.5	3.1	0.7
	2023	%	5.7	3.3	0.9
	2024	%	7.4	5.0	2.5
	2025	%	6.2	3.8	1.3
	2026	%	4.7	2.2	(0.2)
	Subsequent Years	%	4.3	1.9	(0.5)

Impairment loss

The expected credit loss allowance provision for loans is determined as follows:

	Performing Loans - 12 month ECL	Underperforming loans - lifetime ECL not credit impaired	Impaired loans - lifetime ECL credit impaired	Total
Gross Balance as at 31 March 2021	**455,200.99**	**208,876.36**	**100,593.39**	**764,670.74**
Expected credit loss rate	**1.34%**	**8.55%**	**27.73%**	
Carrying amount as at 31 March 2021 (net of impairment provision)	**449,095.07**	**191,017.30**	**72,698.14**	**712,810.51**
Gross Balance as at 31 March 2020	551,885.04	164,783.15	127,721.16	844,389.35
Expected credit loss rate	1.04%	6.19%	32.45%	
Carrying amount as at 31 March 2020 (net of impairment provision)	546,159.15	154,578.84	86,270.01	787,008.00

Level of Assessment - Aggregation Criteria

The Company recognises the expected credit losses (ECL) on a collective basis that takes into account comprehensive credit risk information.

Considering the economic and risk characterstics, pricing range, sector concentration, the Company calculates ECL on a collective basis for all stages - Stage 1, Stage 2 and Stage 3 assets.

An analysis of changes in the gross carrying amount and the corresponding ECLs in relation to loans is, as follows :

Gross exposure reconciliation - Loans

Particulars	**Stage 1**	**Stage 2**	**Stage 3**	**Total**
Gross carrying amount balance as at 1 April 2019	539,528.34	160,582.65	104,763.77	804,874.76

New loans originated during the year	**391.10**	**48.02**	–	**439.12**
Write-offs	–	–	–	–
Net remeasurement of loss allowance	**(14.99)**	**18.51**	**0.80**	**4.32**
ECL allowance balance as at 31 March 2021	**408.42**	**77.97**	**0.97**	**487.36**

The increase in ECL of the portfolio was driven by an increase in the size of the portfolio, movements between stages as a result of increases in credit risk and due to deterioration in economic conditions.

Significant changes in the gross carrying value that contributed to change in loss allowance

The Company provides loans to retail individual customers in rural and semi urban areas which are of small ticket size. Change in any single customer repayment will not impact significantly to Company's provisioning. All customers are being monitored based on past due and corrective actions are taken accordingly to limit the Company's risk.

Concentration of Credit Risk

Company's loan portfolio is predominantly to finance retail home loans. The Company manages concentration of risk primarily by geographical region in India.The following tables show the geographical concentrations of loans:

Particulars	As at 31 March 2021	As at 31 March 2020
Concentration by Geographical region in India:		
North	**56,240.09**	63,910.54
East	**8,725.56**	8,331.85
West	**369,770.00**	444,777.96
South	**329,935.09**	327,369.00
Total Carrying Value	**764,670.74**	844,389.35

Maximum exposure to credit risk

The maximum exposure to credit risk of loans is their carrying amount. The maximum exposure is before considering the effect of mitigation through collateral.

Collaterals

Narrative description of collateral

Collateral primarily include land and constructed/purchased house property by retail loan customers. Company generally does not obtain additional collateral during the term of the loan.

The below tables provide an analysis of the fair values of collateral held for credit impaired assets:

31 March 2021	Maximum exposure to Credit Risk	Land and Building	Surplus Collateral	Total Collateral	Net Exposure	Associated ECL
Loans:						
a) Loans against assets	**100,591.34**	**184,021.44**	**(86,680.26)**	**97,341.18**	**3,250.16**	**27,893.12**
b) Others	**2.05**	–	–	–	**2.05**	**2.13**
Total	**100,593.39**	**184,021.44**	**(86,680.26)**	**97,341.18**	**3,252.21**	**27,895.25**

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

31 March 2020	Maximum exposure to Credit Risk	Land and Building	Surplus Collateral	Total Collateral	Net Exposure	Associated ECL
Loans:						
a) Loans against assets	127,709.15	351,686.04	(226,513.05)	125,172.99	2,536.16	41,439.14
b) Others	12.01	–	–	–	12.01	12.01
Total	127,721.16	351,686.04	(226,513.05)	125,172.99	2,548.17	41,451.15

The Company has provided for additional impairment for the shortfall in collateral value on its credit impaired assets.

Collaterals repossessed

Company did not obtain non financial assets during the year by taking possession of collateral it held as security.

Quantitative information of collateral - credit impaired assets

The Company holds residential properties as collateral for the housing loans it grants to its customers. The Company monitors its exposure to retail lending using the Loan To Value (LTV) ratio, which is calculated as the ratio of the gross amount of the loan - or the amount committed for loan committments - to the value of the collateral. The value of the collateral for residential housing loans is typically based on the collateral value at origination.

Disclosure as required under RBI notification no. RBI/2019-20/220 DOR. No.BP.BC.63/21.04.048/2019-20 dated 17 April 2020 on COVID-19 Regulatory Package - Asset Classification and Provisioning

		31 March 2021	31 March 2020
i)	Respective amounts in SMA/ overdue categories, where the moratorium/deferment was extended*	**478,816.95**	233,128.35
ii)	Respective amount where asset classification benefits is extended	**NIL****	18,381.36
iii)	Provision made on the cases where asset classification benefit is extended ***	**NIL**	NIL
iv)	Provisions adjusted during the respective accounting periods against slippages and the residual provisions	**NIL**	NIL

* Outstanding as on 31 March 2021 and 31 March 2020 respectively on account of all cases in SMA / overdue categories where moratorium benefit was extended by the Company up to 31 August 2020.

** There are NIL accounts where asset classification benefit is extended till 31 March 2021. Post the moratorium period, the movement of ageing has been at actuals.

*** The Company has made adequate provision for impairment loss allowance (as per ECL model) for the year ended 31 March 2021. Further the Company created an additional general provision for regulatory submission in Q4 2020 and Q1 2021 amounting to Rs. 12,891.60 Lakhs. The residual provisions had been written back / adjusted by the Company in March 2021 as per the circular

iii) Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company also has Inter corporate deposits line available from holding company & fellow subsidiary companies within its group to meet any short term fund requirements.

Maturity profile of non-derivative financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted contractual cash flows of financial liabilities based on the earliest date on which the Company may be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is calculated considering interest rate prevailing as at respective year end date.

iv) Measurement of Fair Value

Valuation technique for fair value measurement

Fair value of loans & borrowings are calculated using a portfolio based approach, grouping them as far as possible into homogenous groups based on similar characteristics (such as tenor & rates of interest). Using the discounted cash flow approach, the values are then calculated for the portfolio considering all significant characteristics of the loans and borrowings.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There were no transfers between Level 1, Level 2 and Level 3 during the year.

Financial instruments regularly measured using fair value - recurring items

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

– Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.

– Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

– Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Financial assets/ financial liabilities	Fair Value								
	Financial assets/ financial liabilities	Category	As at 31 March 2021	As at 31 March 2020	Fair value hierarchy	Valuation technique(s)	Key inputs	Significant unobservable input(s) for level 3 hierarchy	Relationship of unobservable inputs to fair value and sensitivity
Investment in Mutual Funds	Financial Assets	Financial instrument measured at FVTPL	**81,328.67**	11,509.35	Level 1	Quoted market price			

46 Disclosure as required under Guidelines on Resolution Framework for COVID-19-related Stress issued by RBI vide notification no. RBI/2020-21/16 DOR. No.BP.BC/3/21.04.048/2020-21 dated 6 August 2020

During the year, to relieve COVID-19 pandemic related stress, the Company has invoked resolution plans for eligible borrowers based on the parameters laid down in accordance with the resolution policy approved by the Board of Directors of the Company and in accordance with the guidelines issued by the RBI on 6 August 2020.

Type of borrower	(A) Number of accounts where resolution plan has been implemented under this window	(B) Exposure to accounts mentioned at (A) before implementation of the plan	(C) Of (B), aggregate amount of debt that was converted into other securities	(D) Additional funding sanctioned, if any, including between invocation of the plan and	(E) Increase in provisions on account of the implementation of the resolution plan

Doubtful - up to 1 year	Stage 3	28,993.77	6,198.56	22,795.21	5,652.67	545.89
1 to 3 years	Stage 3	36,268.12	8,855.97	27,412.15	8,970.63	(114.66)
More than 3 years	Stage 3	14,039.83	7,419.30	6,620.53	6,623.33	795.97
Subtotal for doubtful		79,301.72	22,473.83	56,827.89	21,246.63	1,227.20
Loss	Stage 3	293.42	293.42	–	296.96	(3.54)
Subtotal for NPA		100,593.39	27,895.25	72,698.14	24,735.98	3,159.27
Other items such as guarantees, loan commitments, etc. which are in the scope of Ind AS 109 but not covered under current Income Recognition, Asset Classification and Provisioning (IRACP) norms	Stage 1	36,353.41	408.42	35,944.99	–	408.42
	Stage 2	1,077.04	77.97	999.08	–	77.97
	Stage 3	4.56	0.97	3.58	–	0.97
Subtotal		37,435.01	487.36	36,947.65	–	487.36
Total	Stage 1	491,554.40	6,514.34	485,040.06	1,401.92	5,112.42
	Stage 2	209,953.40	17,937.04	192,016.37	615.12	17,321.92
	Stage 3	100,597.95	27,896.22	72,701.72	24,735.98	3,160.24
Total (Including commitments)		802,105.75	52,347.60	749,758.15	26,753.02	25,594.58

Since the total impairment allowances under Ind AS 109 is higher than the total provisioning required under IRACP (including standard asset provisioning) as at 31 March 2021, no amount is required to be transferred to 'Impairment Reserve' for the financial year. The gross carrying amount of asset as per Ind AS 109 and Loss allowances (Provisions) thereon includes interest accrual on net carrying value of stage - 3 assets as permitted under Ind AS 109. While, the provisions required as per IRACP norms does not include any such interest as interest accrual on NPAs is not permitted under IRACP norms.

The balance in the 'Impairment Reserve' (as and when created) shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, RBI

ii) In terms of recommendations as per above referred notification, the Company has adopted the same definition of default for accounting purposes as guided by the definition used for regulatory purposes.

As at 31 March 2021 and 31 March 2020, there were no loan accounts that are past due beyond 90 days but not treated as impaired, i.e. all 90+ days ageing loan accounts have been classified as Stage-3 and no dispensation is considered in stage-3 classification.

48 Disclosures pertaining to Fund raising by issuance of Debt Securities by Large Corporates as per SEBI notification no. SEBI/HO/DDHS/CIR/P/2018/144 dated 26 November 2018

As per the definition given in above referred notification, the Company is a Large Corporate and hence is required to disclose the following information about its borrowings.

(i) Initial disclosure as per Annexure - 'A' for the year ended 31 March 2021

Sr.no.	Particulars	
1	Name of the Company	Mahindra Rural Housing Finance Limited
2	CIN	U65922MH2007PLC169791
3	Outstanding borrowing of the Company as on 31 March 2021	Rs. 6,95,217.18 Lakhs
4	Highest credit rating during the financial year along with name of the credit rating agency	a) Bank Borrowings –IND AA+/ STABLE b) NCD/Sub-Debt – IND AA+/ STABLE, CARE AA+/STABLE, CRISIL AA+/STABLE c) Short term external credit rating (Commercial Papers)-IND A1+,CRISIL A1+
5	Name of Stock Exchange in which the fine shall be paid, in case of shortfall in the required borrowing under the framework	BSE Limited

(Rs. in Lakhs)

Notes to the Financial Statements for the year ended 31 March 2021

(ii) Initial disclosure as per Annexure - 'A' for the year ended 31 March 2020

Sr.no.	Particulars	
1	Name of the Company	Mahindra Rural Housing Finance Limited
2	CIN	U65922MH2007PLC169791
3	Outstanding borrowing of the Company as on 31 March 2020	Rs. 6,59,893.45 Lakhs
4	Highest credit rating during the financial year along with name of the credit rating agency	a) Bank Borrowings –IND AA+/ STABLE b) NCD/Sub-Debt – IND AA+/ STABLE, CARE AA+/STABLE, CRISIL AA+/STABLE c) Short term external credit rating (Commercial Papers)-IND A1+,CRISIL A1+
5	Name of Stock Exchange in which the fine shall be paid, in case of shortfall in the required borrowing under the framework	BSE Limited

(iii) Annual disclosure as per Annexure - B1 for the year ended 31 March 2021 and 31 March 2020

Sr. no.	Particulars	Year ended 31 March 2021	Year ended 31 March 2020
1	Incremental borrowing done (a)	**270,540.00**	166,200.00
2	Mandatory borrowing to be done through issuance of debt securities (b) = (25% of a)	**67,635.00**	41,550.00
3	Actual borrowings done through debt securities (c)	**153,500.00**	45,000.00
4	Shortfall in the mandatory borrowing through debt securities, if any (d) = (b)-(c)	**NIL**	NIL
5	Reasons for short fall, if any, in mandatory borrowings through debt securities	**NA**	NA

Notes:

(i) Figures pertain to long-term borrowing basis original maturity of more than one year (excludes intercorporate borrowings between parent & subsidiaries); and

(ii) Figures are taken on the basis of cash flows / principal maturity value, excluding accrued interest, if any.

49 Disclosures on COVID-19 Relief Schemes announced by the Government of India, Ministry of Finance

(i) Scheme for Grant of Ex-gratia payment

The Government of India, Ministry of Finance, vide its notification dated 23 October 2020, had announced COVID-19 Relief Scheme for grant of Ex-gratia payment of difference between compound interest and simple interest for six months to borrowers in specified loan accounts ("the Scheme"), as per the eligibility criteria and other aspects specified therein and irrespective of whether RBI moratorium was availed or not. During the year, the Company had implemented the Scheme and credited the accounts of or remitted amounts to the eligible borrowers as per the Scheme.

The Statement of claim for Rs. 2,821.06 lakhs towards the amount of ex-gratia interest credited to the accounts of or paid to the eligible borrowers in specified loan accounts has been submitted to the relevant authority as designated by Government of India, Ministry of Finance and the same has been included as Ex-gratia interest receivables under Other non-financial assets as per note 10.

(ii) Refund/adjustment of 'interest on interest'

The Company vide Supreme Court judgment dated 23 March 2021 in the matter of Small Scale Industrial Manufacturers Association vs UOI & Ors and other connected matters and in accordance with RBI Circular no. RBI/2021-22/17 DOR.STR.REC.4/21.04.048/2021-22 has put in place a Board approved policy to refund / adjust the 'interest on interest' charged to borrowers during the moratorium period. i.e. 1 March 2020 to 31 August 2020.

In line with the RBI circular dated 7 April 2021 and the Indian Banks' Association (IBA) advisory letter dated 19 April 2021, the Company has calculated such additional interest on interest and made as estimated provision of Rs. 9.09 Lakhs in the financial statements.

50 Compensation of key management personnel of the Company

Key management personnel are those individuals who have the authority and responsibility for planning and exercising power to directly or indirectly control the activities of the Company or its employees.

Institutional set-up for liquidity risk management

The ultimate responsibility for liquidity risk management rests with the Board of directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Company's short, medium and long-term funding and liquidity management requirements. The ALCO meets regularly to review the liquidity position based on future cash flows. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities. The Company also maintains adequate liquid assets, banking facilities and reserve borrowing facilities to hedge against unexpected requirements.

In order to achieve above, the Company also has an Investment Policy to ensure that safety, liquidity and return on the surplus funds are given appropriate weightages and are placed in that order of priority. Investments are as per the operational parameters and framework within the limits as may be set by the Board for investment. The Board approves revising the limit as and when required. The policy is also reviewed periodically in the background of developments in the money markets and on the external factors proactively to reduce the risk in the investments. A well-defined front and back office mechanism is in place to ensure a system of checks and balances.

Definition of terms as used in the table above:

a) **Significant counterparty**

A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC's total liabilities.

b) **Significant instrument/product:**

A "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the NBFC's total liabilities.

c) **Total liabilities:**

Total liabilities include all external liabilities (other than equity).

d) **Public funds:**

"Public funds" includes funds raised either directly or indirectly through public deposits, inter-corporate deposits, bank finance and all funds received from outside sources such as funds raised by issue of commercial papers, debentures etc. but excludes funds raised by issue of instruments compulsorily convertible into equity shares within a period not exceeding 5 years from the date of issue.

It includes total borrowings outstanding under all types of instruments/products.

e) **Other short-term liabilities:**

All short-term borrowings other than CPs and NCDs with original maturity less than 12 months.

Notes to the Financial Statements for the year ended 31 March 2021

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited)

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited)** ("the Company"), which comprise the Balance sheet as at March 31, 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order;

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;

   g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the financial statements of **Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited)** ("the Company") for the year ended March 31, 2021

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment.

   (b) These Property, Plant & Equipment have been physically verified by the management of the Company during the year at reasonable interval. No material discrepancies were identified on such verification and have been properly accounted for in the books of account.

   (c) The Company has no immovable properties and hence Clause 3(i)(c) is not applicable to the Company.
2. The Company does not hold any physical inventories. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.
3. No parties are covered in the register maintained under section 189 of Companies Act, 2013 by the Company. Therefore, clauses 3(iii) (a), (b) & (c) of the Order, is not applicable to the Company.
4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of 186 of the Act. During the year, the Company has not provided loan to any of its directors, therefore, provisions of section 185 were not applicable during the year.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits to which the directives of the Reserve Bank of India and the provisions of Sections 73-76 of the Act and the rules framed there under to the extent modified apply. Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company and no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
6. According to the information and explanations given to us, the central government has not prescribed the maintenance of cost records under section 148(1) of the Act for any of the services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.
7. (a) According to the records of the Company examined by us and information and explanations given to us, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income Tax, Customs Duty, Cess and other statutory dues applicable to it with the concerned authorities.

   (b) According to the information and explanations given to us, there are no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income tax, Sales Tax, Wealth Tax, Excise Duty, Service Tax, Goods and Service Tax, Customs Duty and Value Added Tax that were outstanding, at the year-end for a period of more than six months from the date they became payable.

   (c) According to the information and explanations given to us and records of the Company examined by us, there are no dues of income-tax, sales tax, service tax, excise duty, customs duty and value added tax and cess which have not been deposited on account of any dispute.
8. Based on the records examined by us and according to the information and explanations given to us, the Company has not taken any loans or borrowings from financial institutions, government and has not issued any debentures.
9. The Company did not raise any money by way of initial public offer, further public offer (including debt instruments) or term loan during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.
10. Based on the records examined by us and according to the information and explanations given to us, there were no material frauds by the Company or on the Company by its officers or employees noticed or reported during the year.
11. Based on the records examined by us and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.
12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence paragraph 3(xii) of the Order is not applicable to the Company.
13. Based on the records examined by us and according to the information and explanations given to us, transactions with related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. Based on the records examined by us and according to the information and explanations given to us, the Company has made private placement of shares during the year. The requirements of section 42 of the Act have been complied with and the amount raised has been used for the purpose for which the funds were raised.
15. Based on the records examined by us and according to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.
16. In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited)** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls system over financial reporting with reference to these financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. CORPORATE INFORMATION

Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited) ('the Company'), was incorporated under the Companies Act, 1956 on June 20, 2013. As on March 31, 2021, the company is a joint venture of Mahindra & Mahindra Financial Services Ltd. and Manulife Investment Management (Singapore) Pte. Ltd. The Company has a license from the Securities & Exchange Board of India to provide investment management services to the schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund). SEBI granted the certificate of registration to Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund) on February 4, 2016. The Company earns fees from investment management activities provided to the schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund). As on March 31, 2021, the Company was managing sixteen schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund).

Change in shareholding of the Company

As on March 31, 2020, the Company had issued 21,00,00,000 (Twenty-one crore) shares to Mahindra and Mahindra Financial Services Ltd ('MMFSL') and its nominees and was a subsidiary of MMFSL. On June 21, 2019, MMFSL and the Company entered into a Share Subscription Agreement ('SSA') with Manulife Investment Management (Singapore) Pte Ltd ('Manulife Singapore'). As per the SSA and subsequent amendments thereto, Manulife Singapore was to hold 49% stake in the Company after the completion of all the formalities required in the Agreement including the receipt of regulatory approvals. Subsequent to the signing of the Agreement, the Company received the required approvals from the Competition Commission of India as well as the Securities and Exchange Board of India. In an Extraordinary General Meeting held on April 15, 2020, the shareholders of the Company approved an offer of 17,29,41,180 (Seventeen crore twenty-nine lakh forty-one thousand one hundred and eighty) equity shares. MMFSL also proposed to sell 1,47,00,000 (One crore forty-seven lakh) number of shares of the Company to Manulife Singapore. These transactions were completed on April 29, 2020 and accordingly MMFSL now holds 51% of the equity of the Company and Manulife Singapore holds 49% of the equity of the Company. The Company received an amount of Rs. 243.66 crores at Rs. 14.09 per equity share.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1. Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements of the Company for the year ended March 31, 2021 were approved for issue by the Company's Board of Directors on April 15, 2021.

2.2. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3. Basis of measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair value.

2.4. Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5. Use of estimates and judgments

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) require management's best estimate about future developments.

Defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

2.6. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Fees from management of mutual fund schemes

Fees from management of mutual fund schemes are recognised on an accrual basis at specific rates, applied on the average daily net assets of the schemes of Mahindra Manulife Mutual Fund in accordance with the Investment Management Agreement between the Company and the Trustees of Mahindra Manulife Mutual Fund and SEBI (Mutual Fund) Regulations, 1996 as amended from time to time. Amount disclosed as fees are exclusive of GST.

Other Income

The gains/losses on sale of investments are recognised in the Statement of Profit and Loss on the trade day and it is determined on FIFO ('first in first out') method.

Recognition of Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

Recognition of Dividend Income

Dividend from investments are recognised in the Statement of Profit and Loss when the right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

2.7. Property, Plant and Equipment ('PPE')

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date.

In accordance with Ind AS 116 - Leases, applicable effective from 01 April 2019, the Right-of-Use assets (Freehold premises) are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-Use assets (Freehold premises) are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis except for following assets in respect of which useful life is taken as estimated by the management based on the actual usage pattern of the assets.

- Motor vehicles where useful life is assumed at four years as against eight years as per Schedule II since the employees to whom these vehicles have been allotted, in accordance with the terms of their employment, are entitled to change their vehicles every four years, and
- Fixed assets individually having a value less than Rs 5,000 are fully depreciated in the year of purchase.

Further, residual value for all assets is considered as zero due to the difficulty in estimating the same and in the case of motor cars, having regard to terms of employment under which these are allotted to the employees.

Accordingly, useful life of assets is estimated as follows:

Assets	Useful life
Vehicles	- 4 years
Computers	- 3 years
Furniture and fixtures	- 10 years
Office equipment	- 5 years
Right-Of-Use assets (Leasehold premises)	- Over the period of lease

PPE is de-recognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income/netted off from any loss on disposal in the Statement of Profit and Loss in the year the asset is de-recognised.

2.8. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment loss, if any.

Intangible assets comprise of computer software which is amortised over the estimated useful life. The maximum period for such amortisation is taken as 36 months based on management's estimates of useful life. Amortisation is calculated using the Straight line method to write down the cost of intangible assets over their estimated useful lives.

2.9. Cash and cash equivalent

Cash comprises of cash on hand and bank balances.

2.10. Foreign exchange transactions and translations

Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and the foreign currency on the transaction date.

Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

2.11. Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as - measured at:

— Amortised cost; or

— Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

— Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

— Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as amortised cost or FVTOCI are measured at FVTPL.

The financial assets held with the objective to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of interest on the principal amount outstanding are measured at amortised cost on the reporting date. Accordingly, the Company measures investment in Non-Convertible debentures at amortised cost. Interest income and impairment if any, is recognised in the Statement of Profit and Loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long- term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as FVTOCI as the Company believes that this provides a more meaningful presentation of medium or long-term strategic investments, than reflecting changes in fair value immediately in the Statement of Profit and Loss. Dividend income, if any, received on such equity investments are recognised in the Statement of Profit and Loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured as FVTPL. Subsequent changes in fair value are recognised in the Statement of Profit and Loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost. Interest expense are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

Impairment of financial assets

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

2.12. Security deposits measured at amortised cost

The Company's rent/lease agreements for the rented/ leased office premises are cancellable with a notice period of 2-3 months. All the agreements are considered to be short term in nature. Accordingly, the Company has not applied the provisions of Ind AS 109 - Financial Instruments for taking the effect of fair valuation of security deposits in the financial statements and the deposits.

2.13. Employee Benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Contribution paid/payable during the year to Superannuation Fund, ESIC and Labour Welfare Fund are recognised in the Statement of Profit and Loss.

Contribution to provident fund

Company's contribution paid/payable during the year to provident fund is recognised in the Statement of Profit and Loss.

Gratuity

The Company's liability towards gratuity scheme is determined by an independent actuary using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in the Balance Sheet with corresponding debit or credit to other comprehensive income. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in the Statement of Profit and Loss.

Superannuation fund

The Company makes contribution to the Superannuation scheme, a defined contribution scheme, administered by Life Insurance Corporation of India, which are charged to the Statement of Profit and Loss. The Company has no obligation under this scheme beyond its contribution.

Leave encashment/compensated absences/sick leave

The Company provides for the encashment/availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/ availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Employee Share based payments

Cash-settled share-based payments to employees are measured at the fair value of the equity instruments at each reporting date. Any change in fair value is recognized for the vested period in the Statement of Profit and Loss for the period.

2.14. Scheme related expenses

As per SEBI circular dated October 22, 2018, all scheme related expenses subsequent to that date are to be borne by the mutual fund schemes. As a result, the investment management fees subsequent to this date are received net of all scheme expenses. Expenses of schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund) in excess of the limits in accordance with the SEBI (Mutual Fund) Regulations, 1996 are borne by the Company and are recognised in the Statement of Profit and Loss.

New Fund Offer ('NFO') expenses

Expenses pertaining to NFO are charged to the Statement of Profit and Loss in the year in which these expenses are incurred which is in compliance with SEBI (Mutual Fund) Regulations 1996.

2.15. Finance Costs

Finance costs include interest expense accrued on a time basis, by reference to the principal outstanding. Effective from 1 April 2019, on application of Ind AS 116 (Leases), interest expense on lease liabilities computed by applying the Company's weighted average incremental borrowing rate has been included under finance costs.

2.16. Income taxes

Current tax

Current tax comprises amount of tax payable in respect of the taxable income for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

2.17. Securities issue expenses

Expenses incurred in connection with the fresh issue of share capital are adjusted against Securities premium.

2.18. Impairment of non-financial assets

The Company reviews the carrying amounts of its tangible and other intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the assets is considered impaired, and is written down to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in the statement of profit and loss.

2.19. Provisions

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.20. Leasing

Where the Company is the lessee

As a lessee, the Company's lease asset class primarily consist of buildings or part thereof taken on lease for office premises and certain IT equipments used for operating activities. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost which comprises of initial amount of lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. These are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The Company has adopted Ind AS 116 dealing with leases from April 1, 2019. Ind AS 116 introduces a single, on-balance sheet lease accounting model for lessees. The Company recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

2.21. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit/ loss for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares, etc that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

29 Disclosure on Employee Share-based Compensation Scheme (Cash-settled phantom share based payments)

The Company has a Long Term Incentive Compensation Scheme ('LTIC') for eligible employees. The same was announced in Financial Year 2018-19. The LTIC payment calculation is based on a framework of phantom shares. The cash-settled share-based amount is measured at the fair value of the liability as per the requirements of Ind AS 102 Share-based payments. Until the liability is settled, the Company shall remeasure the fair value of the liability at the end of each reporting period and at the date of settlement, with any changes in fair value recognised in the Statement of profit and loss for the period.

Accordingly, a charge to Statement of Profit and loss for the year ended March 31, 2021 is Rs. 262.34 lakhs.

Summary of phantom shares

	FY 2019-20		FY 2020-21

Total Provision made as on 31 March 2021			**517.39**

Valuation of the Company has been done by assigning a valuation percentage to the average assets under management of the company for March 2021. A different valuation percentage was assigned to different asset classes. The total value of the company is divided by the total number of shares outstanding as on reporting date, to arrive at the fair value per share of the Company.

30 Leases

Company as a lessee

Following are the changes in the carrying value of Right to Use asset for the year ended 31 March 2021

		Rs. in lakhs
	Category of Asset Building

Balance at the end	**486.99**	535.76

The table below provides details regarding the contactual maturities of lease liabilities on an undiscounted basis:

		Rs. in lakhs
Particulars	**For the year ended 31 March 2021**	For the year ended 31 March 2020
Less than one year	**124.53**	176.12
One to five years	**342.77**	420.11
More than five years	**54.96**	97.78
Balance at the end	**522.26**	694.01

The effect of adoption of Ind AS 116 Leases has resulted in an additional debit of Rs 45.38 lakhs in the Statement of profit and loss for the year ended 31 March 2021.

31 Operating Segments

There is no separate reportable segment as per Ind AS 108 on “Operating Segments” in respect of the Company. For management purposes, the Company is organised into a single business unit and has only one reportable segment namely ‘Investment Management services’. There are no operations outside India and hence there is no external revenue or assets which require disclosure.

32 Social Security code

The new Code on Social Security, 2020 has been enacted, which would impact the contributions by the Company towards Provident Fund and Gratuity. The effective date from which the changes will be applicable and the rules, are yet to be notified. The Company will complete its evaluation and will give appropriate impact in its financial statements in the period in which, the Code and the Rules become effective.

33 Impact of COVID-19

The Company is in the business of providing investment management services to the schemes of Mahindra Manulife Mutual Fund and earns fees for providing these services. Due to COVID-19, the uncertainty related to long term revival of economic activity is likely to impact investment returns in near future and hence, affect inflows into financial instruments. During the financial year 2020-21, the Company has received an equity infusion which will address liquidity concerns. The Company does not expect any major impact on its operations.

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Manulife Trustee Private Limited
(Formerly known as Mahindra Trustee Company Private Limited)

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS Financial Statements of **Mahindra Manulife Trustee Private Limited (Formerly known as Mahindra Trustee Company Private Limited)** ("the Company"), which comprise the Balance sheet as at March 31, 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013, as amended ('the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order;

2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

   d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;

   g) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid/provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date on the financial statements of **Mahindra Manulife Trustee Private Limited (Formerly known as Mahindra Trustee Company Private Limited)** for the year ended March 31, 2021

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment.

   (b) These Property, Plant & Equipment have been physically verified by the management of the Company during the year at reasonable interval. No material discrepancies were identified on such verification and have been properly accounted for in the books of account.

   (c) The Company has no immovable properties and hence Clause 3(i)(c) is not applicable to the Company.

2. The Company does not hold any physical inventories. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.

3. No parties are covered in the register maintained under section 189 of Companies Act, 2013 by the Company. Therefore, clauses 3(iii) (a), (b) & (c) of the Order, is not applicable to the Company.

4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of 186 of the Act. During the year, the Company has not provided loan to any of its directors, therefore, provisions of section 185 were not applicable during the year.

5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits to which the directives of the Reserve Bank of India and the provisions of Sections 73-76 of the Act and the rules framed there under to the extent modified apply. Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company and no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.

6. According to the information and explanations given to us, the central government has not prescribed the maintenance of cost records under section 148(1) of the Act for any of the services rendered by the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

7. (a) According to the records of the Company examined by us and information and explanations given to us, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income Tax, Customs Duty, Cess and other statutory dues applicable to it with the concerned authorities.

   (b) According to the information and explanations given to us, there are no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income tax, Sales Tax, Wealth Tax, Excise Duty, Service Tax, Goods and Service Tax, Customs Duty and Value Added Tax that were outstanding, at the year-end for a period of more than six months from the date they became payable.

   (c) According to the information and explanations given to us and records of the Company examined by us, there are no dues of income-tax, sales tax, service tax, excise duty, customs duty and value added tax and cess which have not been deposited on account of any dispute.

8. Based on the records examined by us and according to the information and explanations given to us, the Company has not taken any loans or borrowings from financial institutions, government and has not issued any debentures.

9. The Company did not raise any money by way of initial public offer, further public offer (including debt instruments) or term loan during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.

10. Based on the records examined by us and according to the information and explanations given to us, there were no material frauds by the Company or on the Company by its officers or employees noticed or reported during the year.

11. Based on the records examined by us and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013.

12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence paragraph 3(xii) of the Order is not applicable to the Company.

13. Based on the records examined by us and according to the information and explanations given to us, transactions with related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

14. Based on the records examined by us and according to the information and explanations given to us, the Company has made private placement of shares during the year. The requirements of section 42 of the Act have been complied with and the amount raised has been used for the purpose for which the funds were raised.

15. Based on the records examined by us and according to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.

16. In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Manulife Trustee Private Limited (Formerly known as Mahindra Trustee Company Private Limited)** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls system over financial reporting with reference to these financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2021

1. CORPORATE INFORMATION

Mahindra Manulife Trustee Private Limited (formerly known as Mahindra Trustee Company Private Limited) ('the Company'), was incorporated under the Companies Act, 1956 on July 10, 2013. The company is a joint venture of Mahindra & Mahindra Financial Services Ltd. and Manulife Investment Management (Singapore) Pte. Ltd. The Company is incorporated to function as a Trustee to Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund). The Company has entered into Investment Management Agreement with Mahindra Manulife Investment Management Private Limited (formerly known as Mahindra Asset Management Company Private Limited) ('Investment Manager') for managing the schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund).

Change in shareholding of the Company

On June 21, 2019, MMFSL and the Company entered into a Share Subscription Agreement (`SSA') with Manulife Investment Management (Singapore) Pte Ltd (`Manulife Singapore'). As per the SSA and subsequent amendments thereto, Manulife Singapore was to hold 49% stake in the Company after the completion of all the formalities required in the Agreement including the receipt of regulatory approvals. Subsequent to the signing of the Agreement, the Company has received the required approvals from the Competition Commission of India as well as the Securities and Exchange Board of India. In an Extraordinary General Meeting held on April 15, 2020, the shareholders of the Company approved an offer of 4,80,400 equity shares to Manulife Singapore. The allotment of these equity shares to Manulife Singapore was completed on April 29, 2020 and accordingly MMFSL now holds 51% of the equity of the Company and Manulife Singapore holds 49% of the equity of the Company. The Company received an amount of Rs 75.75 lakhs at Rs 15.77 per equity share as consideration for the issue of shares.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1. Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

The financial statements of the Company for the year ended March 31, 2021 were approved for issue by the Company's Board of Directors on April 16, 2021.

2.2. Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency.

2.3. Basis of measurement

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values.

2.4. Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5. Use of estimates and judgments

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities:

Fair value of financial assets, liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) require management's best estimate about future developments.

2.6. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Revenue from Operations:

Trusteeship Fees (net of tax)

Trusteeship Fees are recognised as revenue when the trusteeship services are performed for the schemes of Mahindra Manulife Mutual Fund (formerly known as Mahindra Mutual Fund). Amount disclosed as fees are exclusive of GST.

Other Income

The gains/losses on sale of investments are recognised in the Statement of Profit and Loss on the trade day and it is determined on FIFO ('first in first out') method.

Recognition of Dividend Income

Dividend from investments are recognised in the Statement of Profit and Loss when the right to receive payment is established.

Recognition of Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding.

2.7. Property, plant and equipment ('PPE')

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under Long term loans and advances. Capital work in progress comprises the cost of Property, Plant and Equipments that are not ready for its intended use at the reporting date.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis except for following assets in respect of which useful life is taken as estimated by the management based on the actual usage pattern of the assets:

Fixed assets having value individually less than Rs 5,000 are fully depreciated in the period of purchase. Further, residual value for all assets is considered as zero due to the difficulty in estimating the same. Accordingly, useful life of assets is estimated as follows:

Notes to the Financial Statements for the year ended March 31, 2021

Computer	– 3 years
Furniture	– 10 years
Office Equipment	– 5 years
Assets costing less than Rs 5,000	< 1 year

PPE is de-recognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income/netted off from any loss on disposal in the Statement of Profit and Loss in the year the asset is de-recognised.

2.8. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment loss, if any. Intangible assets comprise of computer software which is amortised over the estimated useful life. The maximum period for such amortisation is taken as 36 months based on management's estimates of useful life. Amortisation is calculated using the Straight line method to write down the cost of intangible assets over their estimated useful lives.

2.9. Cash and cash equivalent

Cash comprises of cash on hand and bank balances.

2.10. Foreign exchange transactions and translations

Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and the foreign currency on the transaction date.

Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of Profit and Loss. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

2.11. Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and subsequent measurement Financial assets

On initial recognition, a financial asset is classified as - measured at:

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or
- Fair Value through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

The financial assets held with the objective to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of interest on the principal amount outstanding are measured at amortised cost on the reporting date. Interest income and impairment, if any, are recognised in the Statement of Profit and Loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to the Statement of Profit and Loss on disposal of the investments.

These investments in equity are not held for trading. Instead, they are held for medium or long- term strategic purpose. Upon the application of Ind AS 109, the Company has chosen to designate these investments as FVTOCI as the Company believes that this provides a more meaningful presentation for medium or long-term strategic investments, than reflecting changes in fair value immediately in the Statement of Profit and Loss. Dividend income, if any, received on such equity investments are recognised in the Statement of Profit and Loss.

Equity investments that are not designated to be measured at FVTOCI are designated to be measured at FVTPL. Subsequent changes in fair value are recognised in the Statement of Profit and Loss.

Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost. Interest expense are recognised in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognised on its Balance Sheet, but retains either all or substantially all

Notes to the Financial Statements for the year ended March 31, 2021

of the risks and rewards of the transferred assets, the transferred assets are not de-recognised and the proceeds received are recognised as a collateralised borrowing.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged, cancelled or expires. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

Impairment of financial assets

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

Impairment of non financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset or a cash-generating unit is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) earlier. The reversal of an impairment loss is recognised in Statement of Profit and Loss.

2.12. Employee Benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Leave encashment/compensated absences/sick leave

The Company provides for the encashment/availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment. The liability is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

2.13. Income taxes

Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods is accounted for using the tax rates and tax laws enacted or substantively enacted as on the balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.14. Securities issue expenses

Expenses incurred in connection with fresh issue of Share capital are adjusted against Securities premium as per the provisions of Ind AS 32 – Financial Instruments Presentation.

2.15. Provisions

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.16. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit/ loss for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares, etc

Notes to the Financial Statements for the year ended March 31, 2021

that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

NOTE NO. 21 - COVID-19 IMPACT

The Company is in the business of providing trustee services to the schemes of Mahindra Manulife Mutual Fund and earns fees for providing these services. Due to COVID-19, the uncertainty related to long term revival of economic activity is likely to impact investment returns in near future and hence affect inflows into financial instruments. During the financial year 2020-21, the Company has received an equity infusion which will address liquidity concerns. The Company does not expect any major impact on its operations.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Finance CSR Foundation.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Ind AS Financial Statements of **Mahindra Finance CSR Foundation** ("the Company"), which comprise the Balance sheet as at March 31, 2021, the Statement of Income and Expenditure, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Companies Act,2013, as amended ('the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its financial performance, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Section 143(3)(i) mandates the auditor to comment on whether the Company has adequate internal financial controls over financial reporting of the Company and the operating effectiveness of such controls. In terms of paragraph 5 of Ministry of Corporate Affairs notification number G.S.R. 583 (E) dated June 13, 2017, and as amended from time to time, exemption has been provided to private limited companies fulfilling certain criteria mentioned in the notification, from the applicability of requirement of reporting in terms of section 143(3)(i). As the Company meets the relevant criteria specified in the said notification for the Financial Year 2020-21, the requirement of Section 143(3)(i) is not applicable to the Company and accordingly no report has been made under the said clause.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As requirements by the Companies (Auditor's Report) Order, 2016/2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, is not applicable to the Company, no comment on report specified in paragraphs 3 and 4 of the Order is made;
2. As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
   c) The Balance Sheet, the Statement of Statement of Income and Expenditure, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
   d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
   e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
   f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial position;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
      iii. There were no amounts which were required to the Investor Education and Protection Fund by the Company.

Notes Forming part of the financial statements for the year ended 31 March, 2021

1 COMPANY INFORMATION

Mahindra Finance CSR Foundation ('the Company'), incorporated in India, is a public limited company, headquartered in Mumbai dated April 2, 2019. The Company has received license under Section 8 (1) of the Companies Act, 2013. The Company is established to undertake, by itself or joining, collaborating with, or participating in, projects that, support, promote and enhance: education, including special education, especially among children, women, elderly and the differently abled; employment, vocational skills, and sustainable livelihood; curative and preventive healthcare measures; sanitation and availability of safe drinking water; measures eradicating hunger, poverty and malnutrition; sustainability environmental and ecological balance; protection of flora and fauna, animal welfare, agro forestry; conservation of natural resources; maintenance of quality of soil, air and water; including but not limited to, rehabilitation efforts prior, during and or after natural disasters. The objective of the Company is to work, contribute towards all activities outlined by, but not restricted to, Section 135, Schedule VII of the Companies Act, 2013, the related rules and the amendments thereto from time to time.

Further, the company received its registration under section 12AA of the Income Tax Act 1961 on 29 November, 2019 and certificate under section 80G of the Income Tax Act,1961 on 24 December, 2019 valid from 3 June, 2019.

None of the objects of the Company will be carried out on commercial basis. The Company is a subsidiary of Mahindra & Mahindra Financial Services Limited.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of accounting

These financial statements are the company's first Ind–AS financial statement. The financial statements have been prepared on a historical cost convention and on an accrual basis.

2.2 Functional and presentation currency

'These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest rupee, unless otherwise indicated.

2.3 Revenue recognition

The revenue is measured on actual receipt basis of donations received.

2.4 Provisions

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

2.5 Finance Act 2020 brought about changes in the existing norms for exemptions under Section 80G and Section 12A of the Income Tax Act, 1961. There provisions were initially made effective from 1st June 2020. Due to the current Covid -19 crisis, the Central Board of Direct Taxes (CBDT) has made applicable the new provisions by introducing The Income Tax (6th Amendment) Rules, 2021 vide notification dated 26th March, 2021, effective from 1st April 2021 whereby all existing institutions already registered under Section 80G and Section 12AA, would be required to re-apply to the income tax authorities for renewal of their registration. The Company is in the process of re-applying for its registrations with the Income Tax office.

2.6 As per the provisions of Section 11(2) of the Income Tax Act, 1961, Mahindra Finance CSR Foundation was required to apply at least 85% of its income to Charitable or religious purposes during the previous year. However, the Company has not applied 85% of its income as per section 11(2) of the Act. The Company undertakes to accumulate or set apart an amount of Rs. 6,89,78,921 for the CSR Flagship program for Drivers Community purpose and the required compliances under the Income-tax Act, 1961 would be complied with. The Company shall make an application in the prescribed Form 10 to accumulate or set apart the aforesaid amount for carrying out the above CSR activity.

The company was incorporated in the previous year due to which the comparative figures are not comparable.

Independent Auditor's Report
To The Members of Mahindra Lifespace Developers Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Mahindra Lifespace Developers Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 39 of the standalone financial statements, which describes that the potential impact of COVID-19 pandemic on the financial statements of the Company are dependent on future developments, which remain uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	**Carrying values of Inventories (Construction work in Progress and Stock in Trade)**	**Principal audit procedures performed:**
	There is a risk that the valuation of inventory may be misstated as it involves the determination of net realizable value (NRV) and estimated total construction cost of completion of each of the projects which is an area of judgement. Refer Notes 2.17 and 11 to the Standalone Financial Statements	We assessed the Company's process for the valuation of inventories. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: • Evaluated the design of the internal controls relating to the valuation of inventories. • Tested the operating effectiveness of controls for the review of estimates involved for the expected cost of completion of projects including construction cost incurred, construction budgets and net realizable value. We carried out a combination of procedures involving enquiry and observation, and inspection of evidence in respect of operation of these controls. Additionally we carried out site visits for a number of projects in the year. Selected a sample of project specific inventories and performed the procedures around: • Construction costs incurred for the project specific inventories by testing the supporting documents, estimated total construction cost to be incurred for completing the construction of the project and corroborated the same with the reports from external supervising engineers, where applicable. Obtained the company's assessment of NRV for the project specific inventories.

Sr. No.	Key Audit Matter	Auditor's Response
1	**Carrying values of Inventories (Construction work in Progress and Stock in Trade)**	**Principal audit procedures performed:**
		• Obtained the detailed project reviews to support the estimates and challenged the judgements underlying those reviews with senior operational and financial management. We focused on the significant judgements adopted by the Company, we critically assessed the forecast costs to complete. • The expected net amounts to be realized from the sale of inventories in the ordinary course of business by critically evaluating the estimates used by the Company for NRV of such inventory.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, Management Discussion and Analysis Report, Corporate Governance Report and Business Responsibility Report, but does not include the standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

   d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   e) On the basis of the written representations received from the directors as on 31 March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

   g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

   h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Lifespace Developers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Mahindra Lifespace Developers Limited of even date)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets (Property, Plant and Equipment).

(b) The fixed assets (Property, Plant and Equipment) were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets (Property, Plant and Equipment) at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) With respect to immovable properties of acquired land and buildings, according to the information and explanations given to us and the records examined by us and based on the examination of the court orders approving schemes of arrangements provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date. According to the information and explanation given to us, the Company does not have any other land or building other than administrative block and project facilities, temporarily constructed at the project sites and capitalised as Building.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are at reasonable intervals and no material discrepancies were noticed on physical verification.

(iii) According to the information and explanations given to us, the Company has granted unsecured loans to companies covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:

(a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company’s interest.

(b) The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations.

(c) There is no overdue amount remaining outstanding as at the year-end.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposits during the year and the provisions of sections 73 to 76 of the Act are not applicable and hence reporting under clause 3 (v) of the Order is also not applicable.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Service Tax, Customs Duty, Value Added Tax, cess and other material statutory dues applicable to it to the appropriate authorities. The provisions of Employees’ State Insurance and Excise Duty are not applicable to the operations of the Company.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Service Tax, Customs Duty, Value Added Tax, cess and other material statutory dues in arrears as at 31st March, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty and Value Added Tax which have not been deposited as on 31st March, 2021 on account of disputes except as given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (₹ in lakh)
Income Tax Act, 1961	Income Tax	Income Tax Appellate Tribunal	AY 2006-2007	240.23
		Commissioner of Income tax (Appeals)	AY 2007-2008	453.63
Finance Act, 1994	Service Tax	Appellate Authority - up to Commissioners/ Revisional authorities level	FY 2005 to 2010*	69.79
			FY 2010	339.72
			FY 2009 to 2014	67.70
			FY 2014 to 2016	41.54
Sales Tax and Value Added Tax Laws	Sales Tax and VAT	Appellate Authority- up to Commissioners/ Revisional authorities level	FY 2007 to 2010	2.89
		High Court	FY 2006 to 2010	276.59

* net of ₹ 7.75 lakhs paid under protest

(viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company has not taken any loans or borrowings from debenture holders, financial institutions and government.

(ix) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer/ further public offer (including debt instruments). The money raised by way of the term loans have been applied by the Company during the year for the purposes for which they were raised.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Ind AS financial statements etc. as required by the applicable accounting standards.

(xiv) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of CARO 2016 is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes to the Standalone Financial Statements as at and for the year ended 31st March, 2021

1. **General Information**

   Mahindra Lifespace Developers Limited ('the Company') is a limited company incorporated in India. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). Its parent and ultimate holding company is Mahindra & Mahindra Limited.

   The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report. The Company along with its subsidiary companies is engaged in the development of residential projects and large formats developments such as integrated cities and industrial clusters.

2. **Significant Accounting Policies**

   2.1 Statement of compliance and basis of preparation and presentation

   The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act') and other relevant provision of the act. The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on 12th May, 2021.

   Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

   2.2 Basis of measurement

   These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

   Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

   2.3 Measurement of Fair Values

   Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102 – Share based Payments and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 - Inventories or value in use in Ind AS 36 – Impairment of Assets.

   In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

   - Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
   - Level 2 : Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
   - Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

   2.4 Revenue from Contracts with Customers

   2.4.1 Revenue from Projects

   i. The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time i.e. Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred to the buyer all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with ownership, (b) The seller has effectively handed over possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) It is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

   ii. The Company invoices the customers for construction contracts based on achieving performance-related milestones.

   iii. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

   iv. Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

   v. Contract assets is the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time.

   2.4.2 Revenue from Sale of land and other rights

   Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts/agreements.

   2.4.3 Revenue from Project Management fees and Rental Income

   Revenue from Project Management Fees and Rental Income are recognized on accrual basis as per the terms and conditions of relevant agreements.

   2.4.4 Dividend and interest income

   Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

— Expected to be realised or intended to be sold or consumed in normal operating cycle
— Held primarily for the purpose of trading
— Expected to be realised within twelve months after the reporting period, or
— Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

— It is expected to be settled in normal operating cycle
— It is held primarily for the purpose of trading
— It is due to be settled within twelve months after the reporting period, or
— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.6 Leasing

2.6.1 The Company as a Lessor

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as expense on a straight-line basis over the lease term. The respective leased assets are included in the balance sheet based on their nature. The Company did not need to make any adjustments to the accounting for assets held as a lessor as a result of adopting IND AS 116-Leases.

2.6.2 The Company as a Lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term and a corresponding lease liability at the lease commencement date i.e. the date at which the leased asset is available for use by the Company. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.7 Foreign exchange transactions and translation

Transactions in foreign currencies i.e. other than the Company's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.8 Employee Benefits

2.8.1 Defined contribution plans

The Company's contribution paid/payable during the year to Superannuation Fund and Provident fund is recognised in profit or loss.

2.8.2 Defined benefit plan

The liability or assets recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Statement of Profit and Loss.

2.8.3 Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet. Remeasurements are not reclassified to profit or loss in subsequent period.

Remeasurement gains or losses on long term compensated absences that are classified as other long term benefits are recognised in profit or loss.

2.8.4 Short-term and other long-term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

2.8.5 Employee Stock Option Scheme

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

At the end of each reporting period the Company revises its estimate of the No. of equity instruments expected to vest. The impact of revision of the original estimate, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate with the corresponding adjustments to the equity settled.

2.9 Cash and Cash Equivalents

Cash and cash equivalent in the Balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

2.10 Earnings per share

The Company reports basic and diluted earnings per share in accordance with Ind AS - 33 on 'Earnings per Share'. Basic earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.12 Income Taxes

Income Tax expense represents the sum of tax currently payable and deferred tax

2.12.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantially enacted by the end of the reporting period.

2.12.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.12.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.13 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture & Fixtures and Office equipment's are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Lease hold improvements are amortised over the period of lease/ estimated period of lease.

Vehicles used by employees are depreciated over the period of 48 months considering this period as the useful life of the vehicle for the Company.

Sales office and the sample flat/ show unit cost at site is amortised over 5 years or the duration of the project (as estimated by management) whichever is lower.

Fixed Assets held for disposal are valued at estimated net realizable value.

2.14 Intangible Assets

2.14.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.14.2 Derecognition of Intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

2.14.3 Useful lives of Intangible assets

Estimated useful lives of the intangible assets are as follows:

Computer Software	5 years

2.15 Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

Investment property includes freehold/leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.16 Impairment of tangible and intangible asset other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.17 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.18 Cost of Construction/Development

Cost of Construction/Development (including cost of land) incurred is charged to the statement of profit and loss proportionate to project area sold. Costs incurred for projects which have not received Occupancy/Completion Certificate is carried over as construction work-in-progress. Costs incurred for projects which have received Occupancy/Completion Certificate is carried over as Completed Properties.

2.19 Dividend Distribution

Dividends paid (including income tax thereon) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

2.20 Provisions and contingent liabilities

2.20.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.20.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.20.3 Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

2.21 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.21.1 Classification and subsequent measurement

2.21.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

— Amortised cost; or

— Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

— Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

— Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain and loss on derecognition is recognised in profit or loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Debt investment at FVTOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in Other Comprehensive Income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long term strategic purpose.

Equity investments that are not designated as measured at FVTOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in profit or loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

2.21.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

2.21.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.21.3 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.21.4 Impairment of financial assets

The Company applies the expected credit loss (ECL) model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVTOCI, the loss allowance is recognised in OCI and is not reduced from the carrying amount of the financial asset in the balance sheet.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

2.21.5 Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and/or payable is recognised in profit or loss.

3. Use of estimates and judgements

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements:

A. Useful lives of property, plant and equipment, Investment Property and Intangible Asset

The Company reviews the useful life of property, plant and equipment, Investment Property and Intangible Asset at the end of each reporting period. This re-assessment may result in change in depreciation expense in future periods.

B. Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to the financial statements.

C. Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

D. Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

E. Determination of the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

F. Determination of performance obligations

With respect to the sale of property, the Company has evaluated and concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

G. Impairment of investments

The Company assesses impairment of investments in subsidiaries, associates and joint ventures which are recorded at cost. At the time when there are any indications that such investments have suffered a loss, if any, is recognised in the statement of Profit and Loss. The recoverable amount requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate.

H. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonable certain to exercise that option and period covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of the lease.

The discount rate is generally based on increment borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Fair value disclosure on Company's investment properties

The Company's investment property consist of a commercial property constructed on land taken on perpetual lease in India, Mahindra Towers at Delhi. Management determined that the investment properties consist of two classes of assets – office and retail – based on the nature, characteristics and risks of each property.

Details of the investment properties and information about the fair value hierarchy:

(₹ in lakh)

Particulars	Mahindra Towers, Delhi #		
	Land	Buildings	Total
Opening balance as at 1st April, 2019	**14,280.89**	**1,103.98**	**15,384.87**
Fair value difference	(1,760.89)	(33.98)	(1,794.87)
Closing balance as at 31st March, 2020	**12,520.00**	**1,070.00**	**13,590.00**
Fair value difference	(320.00)	(20.00)	(340.00)
Closing balance as at 31st March, 2021	**12,200.00**	**1,050.00**	**13,250.00**

The fair values of the Mahindra Towers at Delhi have been arrived at on the basis of a valuation carried out by the independent valuers of Anarock Property Consultant Pvt. Ltd., not related to the Company who are registered with the authority which governs the valuers in India and have appropriate qualifications and experience in the valuation of properties in the relevant locations. The Fair value was determined using the discounted cash flow methodology as on 31st March, 2021 based on the forecasted cash flows for five years (market comparable approach as on 31st March 2020 based on recent market prices without any significant adjustments being made to the market observable data).

Notes:

a. During the year ended 31st March, 2021, the Company has opted to convert its investment in 2,637 11% Optionally Convertible Debentures (OCDs) of the face value of ₹ 1.00 lakh each and interest receivable of ₹ 518.21 lakhs in Knowledge Township Limited and has received 2,80,71,664 fully paid up equity shares of the face value of ₹ 10 each as per the terms of Debenture subscription agreement.

b. During the year ended 31st March, 2020, the Company has opted to convert its investment in 3,20,17,000 Series B Optionally Convertible Debentures (OCD’s) in Mahindra Homes Private Limited and has received 64,034 fully paid-up Series C Equity Shares (non-voting rights) of the face value of ₹ 10 each.

c. During the year ended 31st March, 2020, Mahindra Homes Private Limited (MHPL), a Joint Venture of the Company saw significant cancellations of earlier bookings. The Company had evaluated the carrying value of its investment and on the basis of estimated Net Present Value of forecasted cash flows provided for an aggregate impairment loss of ₹ 23,731.31 lakh. This was done as a matter of prudence in an uncertain market environment.

d. During the year ended 31st March, 2021, the Company has assessed its investment in subsidiaries and have considered provision of ₹ Nil lakhs (31st March 2020: ₹ 230.77 lakhs in Industrial Township (Maharashtra) Limited), and reversal of provision of ₹ Nil lakhs (31st March 2020: ₹ 1,800 lakhs for investment in Mahindra Infrastructure Developers Limited) considering the performance of these Companies and their future projections, which have been included in note no. 28 - Other Expenses and note no. 24 - Other Income of the statment of Profit & Loss respectively.

Total	**4,846.95**	**9,322.46**	4,113.49	8,908.49

Other Advances mainly includes Advance to Employees and Project Advances given to vendors.

Advance given to employees as per the Company's policy are not considered for the purposes of disclosure under section 186(4) of the Companies Act, 2013.

* The Company had entered into an agreement to acquire a parcel of land near Thane, Maharashtra, at a consideration of ₹ 2,000.00 lakhs. While full consideration was paid, the land was not conveyed pending completion of certain formalities. The Company has incurred additonal cost of ₹ 1,530.54 lakhs towards liasoning and other related costs upto 31st March 2021, (₹ 1,530.54 lakhs upto 31st March 2020) which has been included in inventories as construction work in progress in note no. 11. Tahsildar (Thane) has issued an order against the registered owner alleging non-adherence of certain conditions pertaining to Bombay Tenancy and Agricultural Lands Act, 1948 and changed the land records to reflect Government of Maharashtra as the holder of the land. The Company has been legally advised that the said order and the demand thereunder is grossly erroneous and not tenable. Accordingly, the Company has filed an appeal before Sub-Divisional Officer Thane (SDO). SDO after hearing and completing the process has issued an order dated 07th February, 2019 and set aside the order passed by Tahsildar (Thane) and has also directed Tahsildar (Thane) to delete the name of Government of Maharashtra from the land records of the aforesaid land.

11 - Inventories (at lower of cost and net realisable value)

(₹ in lakh)

Particulars		As at 31st March, 2021	As at 31st March, 2020
(a)	Raw materials	**1,882.38**	2,006.57
(b)	Construction Work-in-progress*	**89,232.18**	80,457.45
(c)	Finished Goods	**12,058.98**	8,786.71
Total		**103,173.54**	91,250.73

* Construction Work-in-Progress represents materials at site and construction cost incurred for the projects.

Notes:

1. Based on projections and estimates by the Company of the expected revenues and costs to completion, provision for losses to completion and/ or write off of costs carried to inventory are made on projects where the expected revenues are lower than the estimated costs to completion. In the opinion of the management, the net realisable value of the construction work in progress will not be lower than the costs so included therein. The amount of inventories recognised as an expense of ₹ 8,042.60 lakhs as on 31st March, 2021.(31st March, 2020: ₹ 35,064.64 lakhs) include 31st March, 2021: ₹ NIL (31st March, 2020: ₹ NIL) in respect of write down of inventory to net realisable value.
2. The Company has availed cash credit facilities and short term loans, which are secured by hypothecation of inventories.
3. The Company had purchased land parcel at Alibaug and two GAT Numbers (1755 and 1756) out of this land parcel have been attached by Income Tax department by serving order of attachment dated 31st July 2017 on one of the erstwhile land owners in lieu of recovery proceedings of tax dues of ₹ 5,988.00 lakhs payable towards Income Tax department. The Company had lodged objections to the attachment of these two GAT Numbers with Income Tax Department.

During the year ended 31st March, 2021, based on the letter dated 16th February, 2021 received by the Company from Deputy Commissioner of Income Tax, the erstwhile land owner's income tax liability stands at ₹ 24.33 lakhs. There is no change in the wealth tax liability of ₹ 6.06 lakhs.

Capital redemption reserve	**7,353.58**	7,353.58
Share Application money pending allotment	**0.75**	0.12
	139,406.50	144,492.51

Description of the nature and purpose of Other Equity:

General Reserve: The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. There is no policy of regular transfer. Items included under General Reserve shall not be reclassified back into the Profit and Loss.

Securities Premium : The Securities Premium is created on issue of shares at a premium.

Share Options Outstanding Account: The Share Options Outstanding Account represents reserve in respect of equity settled share options granted to the Company's employees in pursuance of the Employee Stock Option Plan.

Retained Earnings: This reserve represents cumulative profits of the Company and effects of remeasurement of defined benefit obligations. This reserve can be utilised in accordance with the provisions of Companies Act, 2013.

Capital Redemption Reserve: The Capital Redemption Reserve was created against redemption of Preference Shares.

Share Application Money Pending allotment: This represents share application money received from the eligible employees upon exercise of employee stock option. The same will be transferred to equity share capital account after the allotment of shares to the applicants. The share application money pending allotment of ₹ 0.12 lakhs pertaining to previous year has been transferred to equity share capital during the year upon allotment of shares.

23 - Revenue from Operations

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
(a) Revenue from Contracts with Customers		
(i) Revenue from Projects........	**8,228.62**	42,103.00
(ii) Project Management Fees........	**65.94**	733.98
(b) Income from Operation of Commercial Complexes	**669.03**	1,151.49
Total	**8,963.59**	43,988.47

Notes:

(1) Contract Balances

(a) Amounts received before the related performance obligation is satisfied are included in the balance sheet (Contract liability) as “Advances received from Customers” in note no. 22- Other Current Liabilities. Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables in note no. 12.

(b) During the year, the Company recognised Revenue of ₹ 3,489.49 lakhs (April 1, 2020: ₹ 24,830.49 lakhs) from opening contract liability (after Ind AS 115 adoption) included in the balance sheet as “Advances received from Customers” in note no. 22 - Other Current Liabilities of ₹ 22,490.89 (April 1, 2020 : ₹ 36,784.55 lakhs).

(c) There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

(d) Amounts previously recorded as contract liabilities increased due to further milestone based invoices raised during the year and decreased due to revenue recognised during the year on completion of the construction.

(e) Amounts previously recorded as Trade receivables increased due to further milestone based invoices raised during the year and decreased due to collections during the year.

(f) There are no contract assets outstanding at the end of the year.

(g) The aggregate amount of the transaction price allocated to the performance obligations that are completely or partially unsatisfied as March 31, 2021, is ₹ 82,432.55 lakhs (March 31, 2020 : ₹ 57,082.93 lakhs). Out of this, the Company expects, based on current projections, to recognize revenue of around 20% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

(2) Reconciliation of revenue recognised with the contracted price is as follows:

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Contracted price	**8,228.62**	42,103.00
Adjustments on account of cash discounts or early payment rebates, etc...	**–**	–
Revenue recognised as per Statement of Profit & Loss	**8,228.62**	42,103.00

(3) Contract costs

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Contract costs included in Prepaid expenses in Note no. 10- Other Assets	**1,223.44**	1,079.80

(a) The Company incurs commissions that are incremental costs of obtaining a contract with a customer. Previously, all such costs were expensed as and when incurred. Under Ind AS 115, the Company recognises the incremental costs of obtaining a contract as assets under Prepaid Expenses under note no. 10 - Other Assets and amortises it upon completion of the related property sale contract.

(b) For the year ended 31 March 2021 amortisation amounting to ₹ 89.14 lakhs (31 March 2020: ₹ 563.27 lakhs) was recognised as Brokerage cost in note no. 25 - Cost of Sales. There were no impairment loss in relation to the costs capitalised.

24 - Other Income

(₹ in lakh)

(e)	Advertisement, Marketing & Business Development	**1,433.30**	2,268.45
(f)	Travelling and Conveyance Expenses	**57.81**	292.05
(g)	Expenditure on Corporate Social Responsibility (CSR) under section 135 of the Companies Act, 2013	**70.72**	124.85
(h)	Donations and Contributions *	**–**	50.00
(i)	Payment to Auditors #	**64.54**	90.22
(j)	Legal and other professional costs	**995.43**	1,614.56
(k)	Printing & Stationery	**14.97**	44.79
(l)	Miscellaneous expenses	**1,352.72**	2,024.02
Total		**4,911.49**	7,621.43

* Given to New Democratic Electoral trust (Incorporated as a section 8 Company under the Companies Act, 2013)

Payments to Auditors

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
(i) To Statutory auditors		
For Audit	**47.50**	47.50
For Other Services	**14.90**	39.75
Reimbursement of Expenses	**0.56**	1.39
(ii) To Cost auditors for cost audit	**1.58**	1.58
Total	**64.54**	90.22

29 - Tax (Credit)/Expense

(₹ in lakh)

(a) Tax (Credit)/Expense recognised in profit or loss

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Current Tax:		
In respect of current year	**–**	–
Deferred Tax:		
In respect of current year origination and reversal of temporary differences	**(1,742.08)**	(382.44)
Total	**(1,742.08)**	(382.44)

(b) Tax (Credit)/Expense recognised in Other Comprehensive income

Particulars	Year ended 31st March, 2021	Year ended 31st March, 2020
Deferred tax related to items recognised in other comprehensive income during the year:		
Remeasurements of the defined benefit plans	**5.05**	(28.77)
Total	**5.05**	(28.77)

(c) Reconciliation of estimated income tax expense at tax rate to income tax expense reported in Statement of Profit or Loss is as follows:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Loss before tax	**(6,966.58)**	(22,982.95)
Income tax expense calculated at 25.17%	**(1,753.49)**	(5,784.81)
Effect of income that is exempt from taxation	**–**	(776.49)
Effect of expenses that is non deductible in determining taxable profit	**17.80**	5,783.31
Changes in recognised deductible temporary differences	**(6.39)**	395.55
Income tax expense recognised In profit or loss	**(1,742.08)**	(382.44)

30 - Earnings per Share

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
	₹	₹
Basic Earnings per share	**(10.17)**	(44.01)
Diluted earnings per share	**(10.17)**	(43.90)

Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Loss for the year	**(5,224.50)**	(22,600.51)
Weighted average number of equity shares	**51,373,583**	51,356,467

Diluted earnings per share

The diluted earnings per share has been computed by dividing the net Loss after tax available for equity shareholders by the weighted average number of equity shares, after giving dilutive effect of the outstanding stock options for the respective periods.

(₹ in lakh)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Loss for the year used in the calculation of diluted earnings per share	**(5,224.50)**	(22,600.51)

The weighted average number of ordinary shares for the purpose of diluted earnings per share reconciles to the weighted average number of ordinary shares used in the calculation of basic earnings per share as follows:

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Weighted average number of equity shares used in the calculation of Basic EPS	**51,373,583**	51,356,467
Add: Options outstanding under Employee Stock Option Plan*	**–**	119,605
Weighted average number of equity shares used in the calculation of Diluted EPS	**51,373,583**	51,476,072

* 291,969 potential equity shares are considered anti-dilutive and therefore excluded from the calculation of weighted average number of equity shares used in the calculation of diluted EPS

31 - Financial Instruments

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to maximise the returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt equity ratio which is determined as the proportion of total debt to total equity.

Particulars	As at 31st March, 2021 (₹ in lakh)	As at 31st March, 2020 (₹ in lakh)
Debt	**11,204.70**	12,431.10
Cash and bank balances	**(10,822.55)**	(9,540.89)
Net Debt (A)	**382.15**	2,890.21
Equity (B)	**144,544.82**	149,628.65
Net Debt to Equity Ratio (A / B)	**0.003**	0.019

- Non Derivative Financial Liabilities	3,637.02	–	3,637.02

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factor.

CREDIT RISK

(i) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents & other financial assets.

Trade Receivables:

The Company's trade receivables include receivables on sale of residential flats and rent receivable. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. The rent receivables are secured by security deposits obtained under the lease agreement. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats and rent receivables.

Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For Other Financial Assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. Other Financial Assets are considered to be low credit risk exposure assets.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. All such transactions are carried out within the guidelines set by the Board of Directors.

Currency Risk

Foreign currency risk is the risk that the fair value or the future cash flows of an exposure will fluctuate because of changes in the foreign exchange rate. The Company undertakes transactions denominated in foreign currencies only for the purchases of the components which are required to carry out the construction activities. The Company manages its foreign currency risk by forward contracts that are expected to occur within a maximum 12 month from the entering of a contract.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Increase / decrease in basis points	**Currency**	**As at March 31, 2021 Effect on loss before tax (₹ In Lakhs)**	As at March 31, 2020 Effect on loss before tax (₹ In Lakhs)
+100	₹	**(111.40)**	(118.92)
-100	₹	**111.40**	118.92

32 - Fair Value Measurement

Fair Valuation Techiques and Inputs used - Recurring Items

(₹ in lakh)

Financial assets measured at Fair value	Fair value as at 31st March, 2021	Fair value as at 31st March, 2020	Fair value hierarchy	Valuation Technique(s)	Applicable for Level 2 and Level 3 hierarchy Key input(s)
Financial assets					
Investments					
1) Investment in Preference Shares - unquoted	**858.39**	1,271.85	Level 3	Income Approach - Discounted Cash Flow/ Net Asset Value / Comparable Companies Method / Market Multiple Approach and Price of Recent Transaction	For Discounted Cash Flow -Companies Financial projections. These include forecasts of balance sheet, statement of profit and loss along with underlying assumptions. For Net Asset Value- The value is derived based on the book value since the assets are intended to be disposed off. For Comparable Companies Method- In this approach the fair value is derived based on revenue multiple of comparable companies. For Market Multiple Approach and Price of Recent Transaction - In this approach the fair value is derived based on market multiples like PE multiple, Enterprise value (EV) multiple, Revenue multiple etc.
2) Investment in Equity Shares - unquoted	**0.50**	15.08	Level 3	Net Asset Value/ Comparable Companies Method/ Market Multiple Approach and Price of Recent Transaction	For Net Asset Value- The value is derived based on the book value since the assets are intended to be disposed off. For Comparable Companies Method- In this approach the fair value is derived based on revenue multiple of comparable companies. For Market Multiple Approach - In this approach the fair value is derived based on market multiples like PE multiple, Enterprise value (EV) multiple, Revenue multiple etc.
3) Investment in Optionally Convertible Debentures	**10,723.50**	13,157.71	Level 3	Income Approach - Discounted Cash Flow	For Discounted Cash Flow - Companies Financial projections. These include forecasts of balance sheet, statement of profit and loss along with underlying assumptions.
Total financial assets..............................	**11,582.39**	14,444.64			

Significant unobservable inputs used in level 3 fair value measurements

(₹ in lakh)

Financial assets measured at Fair value	Fair value as at 31st March, 2021	Fair value as at 31st March, 2020	Fair value hierarchy	Significant unobservable inputs	Relationship of unobservable inputs to fair value and sensitivity
1) Investment in Preference Share - unquoted	**858.39**	1,271.85	Level 3	Interest Rates to discount future cash flow, Financial Projections Intrinsic worth of Net Assets/ Market multiples used by benchmarking for valuation	Any change (increase/ decrease) in the discount factor, financial projections etc. would entail corresponding change in the valuation Increase in book value/ multiple will result in increase in valuation
2) Investment in Equity Share - unquoted...	**0.50**	15.08	Level 3	Intrinsic worth of Net Assets/Market multiples used by benchmarking for valuation	Increase in book value/ multiple will result in increase in valuation
3) Investment in Optionally Convertible Debentures	**10,723.50**	13,157.71	Level 3	Interest Rates to discount future cash flow, Financial Projections	Any change (increase/ decrease) in the discount factor, financial projections etc. would entail corresponding change in the valuation

Financial Instrument not measured using Fair Value i.e. measured using amortized cost

The carrying value of Other financial assets / liabilities represent reasonable estimate of fair value.

There were no transfers between Level 1 and Level 2 during the year.

Reconciliation of Level 3 fair value measurements of financial instruments measured at fair value

(₹ in lakh)

33 - Leases

As lessee

The Company has entered into operating lease arrangements for Worli and Andheri Office. The lease is non-cancellable for a period of 1 - 2 years and may be renewed based on mutual agreement between the parties. The leases have varying terms, escatation clauses and renewal rights. From 1 April 2019, the Company has recogninsed right of use assets for these leases, except for short term leases.

Undiscounted Cash Flow of Lease liabilities	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Less than one year	**65.90**	497.47
One to Three years	**–**	65.90
Three to five years	**–**	–
More than five years	**–**	–
Total undiscounted lease liabilities at Balance sheet date....	**65.90**	563.37

Cash outflow for leases for the year ended March 31, 2021 is ₹ 470.60 lakhs (March 31, 2020 is ₹ 492 lakhs).

Expense relating to leases of low-value assets of ₹ 2.63 lakhs for the year ended March 31, 2021 (₹ 81.32 lakhs for the year ended March 31, 2020) is inlcuded in "Rent, Rates & Taxes" in Note 28 "Other Expenses"

34 - Segment information

The reportable segments of the Company are 'Projects, Project Management and Development' and 'Operating of Commercial Complexes'.

The segments are largely organised and managed separately according to the organisation structure that is designed based on the nature of business. Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director regarded as the Chief Operating Decision Maker ("CODM").

Description of each of the reportable segments for all periods presented, is as under:

i) Projects, Project Management & Development: This Segment of the business includes income from sale of residential units across projects, project management and development in India.

ii) Operating of Commercial Complexes: This Segment of the business includes rental income from commercial properties at New Delhi.

The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments. The measurement of each segment's revenues, expenses and assets is consistent with the accounting policies that are used in preparation of the financial statements. Segment profit represents the profit before interest and tax.

Information regarding the Company's reportable segments is presented below:

(₹ in lakh)

Particulars	31st March, 2021			31st March, 2020		
	Projects, Project Management & Development	**Operating of Commercial Complexes**	**Total**	Projects, Project Management & Development	Operating of Commercial Complexes	Total

Revenue from type of products and services

The operating segments are primarily based on nature of products and services and hence the Revenue from external customers of each segment is representative of revenue based on products and services.

Geographical Information

The Company operates in one reportable geographical segment i.e. "Within India". Hence, no separate geographical segment wise disclosure is applicable as per the requirements of Ind AS 108 Operating Segments.

Information about major customers

Revenues from transactions with a single external customer did not amount to 10 percent or more of the Company's revenues from external customers.

Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sales in the current year as well as previous year.

35 - Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund and Superannuation Fund aggregating ₹ 292.74 lakhs (31st March, 2020 : ₹ 330.06 lakhs) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	As at	
	31-Mar-21	31-Mar-20
Discount rate(s)	**5.71%**	5.68%
Expected rate(s) of salary increase	**8.00%**	5.00%
Expected average remaining service	**5.72**	4.98
Attrition Rate	**0 to 42: 14%**	0 to 42: 16%
Mortality rate	**IALM (2006-08) ULT.**	IALM (2006-08) ULT.

Defined benefit plans – as per actuarial valuation on 31st March, 2020

(₹ in lakh)

4. Expenses Recognised in Profit and Loss Account		
- Current Service Cost	**88.99**	115.47
- Interest Cost	**17.31**	25.73
5. Recognised in Other Comprehensive Income		
Remeasurement gains / (losses)		
- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**9.99**	(29.76)
ii. Financial Assumptions	**56.10**	(80.94)
iii. Experience Adjustments	**(43.69)**	(3.32)
6. Benefit payments	**(59.92)**	(69.31)
7. Present value of defined benefit obligation at the end of the year	**407.40**	331.97
III. Movements in the fair value of plan assets are as follows.		
1. Fair value of plan assets at the beginning of the year	**264.69**	246.45
2. Actual Return on Plan Assets	**2.31**	0.29
3. Interest Income	**15.83**	17.95
4. Fair value of plan assets at the end of the year	**282.83**	264.69

(₹ in lakh)

Particulars	Funded Plan Gratuity For the year ended 31st March, 2021	Funded Plan Gratuity For the year ended 31st March, 2020
IV. The fair value of the plan assets at the end of the reporting period for each category, are as follows:		
- Issuer Managed funds (Non quoted value)	**282.83**	264.69

In respect of the plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2021 by G. N. Agarwal, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(₹ in lakh)

Principal assumption		Changes in assumption (%)	Impact on defined benefit obligation: Increase in assumption	Impact on defined benefit obligation: Decrease in assumption
Discount rate	**2021**	**1.00%**	**382.81**	**434.98**
	2020	1.00%	316.56	348.94
Salary growth rate	**2021**	**1.00%**	**428.76**	**387.16**
	2020	1.00%	345.77	318.86

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

The Company expects to contribute ₹ 39.79 lakhs (31st March, 2020 ₹ 61.01 Lakhs) to the gratuity trusts during the next financial year.

Maturity profile of defined benefit obligation:

	31st March, 2021	31st March, 2020
Within 1 year	**39.79**	61.01
1 - 2 year	**40.12**	40.99
2 - 3 year	**47.63**	38.46
3 - 4 year	**45.02**	41.91
4 - 5 year	**43.06**	36.00
5 - 10 years	**184.65**	137.64

Major Category of plan assets for Gratuity Fund is as follows:

	31st March, 2021	31st March, 2020
Asset category:		
Deposits with Insurance companies	**100%**	100%
	100%	100%

The weighted average age considered for defined benefit obligation as at 31st March 2021 is 36.79 years (31st March, 2020: 36.24 years)

* The above inter corporate deposit have been given for general business purposes.

As the liability for gratuity and leave encashment is provided on an actuarial basis for the Company as a whole, the amount pertaining to the Key Management Personnel is not ascertained separately, and therefore, not included above.

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

Compensation of key management personnel

The current year remuneration of key management personnel includes remuneration paid to Ms. Sangeeta Prasad upto 30th June 2020 and to Mr. Arvind Subramanian from 01st July 2020 as below:

(₹ in lakh)

Capital Commitment : Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)...	**43.32**	51.94

39 - Impact of COVID-19 (Global Pandemic)

The Company is actively monitoring the impact of the global health pandemic on its financial condition, liquidity, operations, suppliers, industry, and workforce. The operations of the Company were impacted due to the stoppage of work at its project sites and corporate office following the nationwide lockdown by the Government of India on March 23, 2020. The various sites were impacted due to the lockdown for different periods of time, depending on their location and local regulations. The Company has resumed its operations in a phased manner as per the directives issued by the Government of India and local authorities.

However, since early March 2021, India has witnessed a second wave of COVID-19 with sudden rise in COVID-19 cases across the country. This has again led to imposing lockdown like restrictions across the country, which is likely to impact the economic activity of the country as a whole and the Company's operations in particular. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on current assessments. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets. The extent to which COVID -19 impacts the operations will depend on future developments which remain uncertain.

40 - 'Disclosure as per Regulation 34(3) read with Para A of Schedule V of the SEBI (Listing Obligations and Disclosures Requirements) Regulation, 2015 and section 186(4) of Companies Act, 2013

Loans and advances in the nature of loans given to subsidiaries, joint ventures, firms / companies in which directors are interested:

(₹ in lakh)

Name of the party	Relationship	**Amount outstanding as at 31st March, 2021**	Maximum balance outstanding during the period	Amount outstanding as at 31st March, 2020	Maximum balance outstanding during the previous year
Deepmangal Developers Private Limited	Subsidiary	**158.14**	158.14	109.64	109.64
Moonshine Construction Private Limited	Subsidiary	**1.50**	1.50	1.50	1.50

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA INFRASTRUCTURE DEVELOPERS LIMITED

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of **M/s. Mahindra Infrastructure Developers Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021 and the Statement of Profit and Loss and statement of cash flows for the year then ended, the Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its Profit and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditors' report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company does not have any pending litigations which would impact its financial statements;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

   Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2021:

i. In respect of its fixed assets:

As per information provided by the Company to us, it does not have any fixed asset as on 31st March, 2021. Accordingly, paragraph 3 (i) of the Order is not applicable to the Company.

ii. In respect of its inventories:

The Company does not have inventory. Accordingly, clause 3(ii) of the Order is not applicable.

iii. Loan given by Company:

According the information and explanations given to us, the Company has granted unsecured loans to bodies corporate, covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which :

(a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.

(b) The schedule of repayment of principal and payment of interest has been stipulated and repayments or receipts of principal amounts and interest have been regular as per stipulations

(c) There is no overdue amount remaining outstanding as at the year-end

iv. Loan to Directors and investment by company:

According to the Information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 inrespect of grant of loans, Investments made, guarantees given and security as applicable.

v. Deposits:

The company has not accepted any deposits covered under section 73 to 76 or any other relevant provisions of the Companies Act, 2013.

vi. Cost Records:

The maintenance of cost records as specified under subsection (1) of the section 148 of the Act are not applicable to the Company and hence relevant provisions of the Order is not applicable.

vii. Statutory Dues:

a) According to the information and explanations given to us and the records of the company examined by us, in our opinion, the company is regular in depositing the undisputed statutory dues including Income tax, service tax, sales tax, goods and service tax and other material statutory dues as applicable with the appropriate authorities.

b) According to the records of the company and the information and explanations given to us, there are no dues of Income tax, service tax, goods and service tax, Duty of customs, duty of excise, value added tax which have not been deposited on 31st March, 2021 on account of any dispute.

viii. Repayment of Loans:

According to the records of the company and the information and explanations given by the Company, the Company does not have any loans or borrowing from financial institution, bank, Government or dues to debenture holders and hence relevant provisions of the Order is not applicable.

ix. Utilisation of IPO & further public offer:

The company has not raised any money by public issues during the year and in our opinion, and according to the information and explanations given to us, on an overall basis, the Company does not have term loans and hence relevant provisions of the Order is not applicable.

x. Reporting of Fraud:

In our opinion and according to the information and explanations given to us, any fraud by the company or any fraud on the Company by its officers or employees has not been noticed or reported during the year.

xi. Approval of Managerial Remuneration:

According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not paid/provided for managerial remuneration during the Audit Period. Accordingly, paragraph 3 (xi) of the Order is not applicable to the Company.

xii. Nidhi Company:

The Company is not a Nidhi Company and so relevant clause is not applicable.

xiii. Related Party Transaction:

During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us all transactions with related parties have been disclosed in the financial statements.

xiv. Private Placements or Preferential Issues:

The company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year which is covered under Section 42 of the Companies Act, 2013 during the year.

xv. Non – cash Transactions:

The company has not entered into any non-cash transactions with directors or persons connected with him.

xvi. Register under RBI Act 1934:

The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA INFRASTRUCTURE DEVELOPERS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Mahindra Infrastructure Developers Limited** (“the Company”) as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate information

Mahindra Infrastructure Developers Limited ("the Company") is a public company incorporated in India on 10 May, 2001 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of development of infrastructure projects and infrastructure related services.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 26th April, 2021

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Notes:

1. During the year, there were no amounts required to be written off or written back in respect of debts due from or to related parties.
2. Related parties have been identified by the Management.

Note No. 22 As the Company can continue its current operations with its own cash resources for a period of atleast one year, the accounts of the Company for the period ended 31 March, 2021 have been prepared on the basis of going concern.

Note No. 23 - Financial Instruments

[I] Capital management

The Company's capital management objectives is to ensure the Company's ability to continue as a going concern

The capital structure of the Company consists of equity.

The Company does not have any borrowings.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primary trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

(i) Trade receivables

Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date and the Company measures the loss allowances at an amount equal to lifetime expected credit lossess. The Company does not hold collateral as security.

(ii) Financial instruments and cash deposits:

Credit risk from balances with banks is managed by the Company in accordance with the Company's policy. Investments of surplus funds are made only with bank.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(Amount in ₹)

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchange fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have significant exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have significant other price risk.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA WORLD CITY (MAHARASHTRA) LIMITED

Report on the Ind AS Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of Mahindra World City (Maharashtra) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021, and its loss and cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.
6. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

    a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

13. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

14. As required by section 143(3) of the Act, we report that:

a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014

e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.

h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Mahindra World City (Maharashtra) Limited for the year ended March 31, 2021

1) The Company did not have any fixed assets during the year. Hence the provisions of the para 3(i) of the Order are not applicable.

2) The Company does not have inventory as on March 31, 2021. Hence the provisions of para 3(ii) of the Order are not applicable.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA WORLD CITY (MAHARASHTRA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra World City (Maharashtra) Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

1. Corporate information

Mahindra World City (Maharashtra) Limited ("the Company") is a public company incorporated in 2005 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of development of Multi product SEZ in Maharashtra as a joint venture with Maharashtra Industrial Development Corporation (MIDC).

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 12th April, 2021.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Financial assets and Liabilities

2.3 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.4 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.4.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.4.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.5 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.5.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.5.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.5.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.6 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.7.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.7.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2a. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

Note No. 18 The accounts of the Company for the year ended 31st March, 2021 have been prepared on the basis of going concern.

Note No. 19 - Financial Instruments

Capital management

The Company's capital management objectives are:

– safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders

– maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt ratio which is determined as the proportion of total debt to total equity.

Debt ratios are as follows:	**As at 31st March, 2021**	As at 31st March, 2020
Debt (A)	**149,460,295**	148,760,295
Equity (B)	**(99,078,719)**	(90,088,592)
Debt Ratio (A/B)	**(1.51)**	(1.65)

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to credit risk.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	**Less than 1 Year**	**1-3 Years**	**3 Years to 5 Years**
Non-derivative financial liabilities			
31-Mar-21			
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	**149,460,295**
Non-derivative financial liabilities			
31-Mar-20			
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	148,760,295

C) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have other price risk.

Note No. 20 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021

at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Fair value of financial assets and financial liabilities that are not measured at fair value

Particulars	31-Mar-21 Carrying amount	31-Mar-21 Fair value	31-Mar-20 Carrying amount	31-Mar-20 Fair value

INDEPENDENT AUDITORS' REPORT

To the Members of
Mahindra Integrated Township Limited

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Mahindra Integrated Township Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, of its loss and total comprehensive loss, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No	Key Audit Matters	How our audit addressed the Key Audit Matter
1	Assessment of recoverability of Deferred Tax Assets recognized on tax losses and recognition of MAT credit The Company has recognised Deferred Tax Assets on carried forward losses from the previous years and also MAT credit. These assets have been recognised on the basis of the Company's assessment of availability of future taxable profit to offset such tax losses based on business projections for the next year. The recoverability of the deferred tax assets / MAT credit depends upon factors such as the projected taxable profitability of business and the period considered for such projections, the rate at which those profits will be taxed and the period over which tax losses will be available for recovery. This was considered as a key audit matter as the amount is material to the Standalone Financial Statements and significant judgement in key assumptions was required by the Company's Management in the preparation of forecasts of future taxable profits based on the underlying business plans.	Principal audit procedures performed: Evaluated the design and tested the operating effectiveness of Company's controls relating to taxation and the assessment of carrying amount of deferred tax assets relating to unabsorbed tax losses and MAT credit. Assessed the reasonableness of the period of projections used in the deferred tax asset recoverability assessment. Compared the Company's performance for the year with the approved budget to assess the reasonableness of the assumptions. Compared the Company's projections of future taxable profit to the approved business plans. Tested whether the projections prepared were consistent with our understanding and knowledge of current business and the general economic environment in which the Company operates and whether the tax losses can be utilized within the forecast recoupment period.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company does not have any pending litigations which would impact its financial position.

      (ii) The Company does not have any long-term contracts which has any material foreseeable losses. The Company does not have any derivative contracts.

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Financial Statements of Mahindra Integrated Township Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Stand alone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment.

(b) The property, plant and equipment were physically verified during the year by the management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have any immoveable properties of freehold or leasehold land and building and hence reporting under clause 3(i)(c) of the Order is not applicable to the Company.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are done at reasonable intervals and no material discrepancies were noticed on physical verification. In case of inventory of construction materials lying with vendor at sites, certificates confirming the inventory have been received for the stock held at the balance sheet date.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under clause3(iii) of the Order is not applicable to the Company.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act with respect to investments made by the Company. The Company has not granted any loans or provided any guarantee or security during the year to the parties covered under Sections 185 and 186 of the Act.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) There are no dues of Income-tax and Goods and Services Tax as on March 31, 2021 which have not been deposited on account of disputes.

(viii) According to the information and explanations given to us and on the basis of our examination of books and records of the Company, the Company has not defaulted in the repayment of loans or borrowings to banks and debenture holders. The Company has not taken any loans or borrowings from financial institutions and Government.

(ix) In our opinion and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans. Accordingly, the reporting under clause 3(ix) of the Order is not applicable to the Company.

(x) During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

(xi) In our opinion and according to the information and explanations given to us, the Company has not paid / provided any managerial remuneration. Accordingly, the reporting under clause 3(xi) of the Order is not applicable to the Company.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Standalone Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under clause 3(xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company, subsidiary company or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under clause (xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

1. General Information

Mahindra Integrated Township Limited ("the Company") was incorporated on June 26, 1996.

The Company is a Co-developer, approved under Special Economic Zone Act, 2005, engaged in development of township including residential infrastructure in Mahindra World City SEZ and giving it on perpetual lease. The address of its registered office and principal place of business is Administrative Block, Central Avenue, Mahindra World City, Chengalpet, Kancheepuram – 603 002.

The level of activity carried out by the Company depends on the number of projects handled and accordingly the revenue from operations may not be comparable on a year-to-year basis. During the year, the company has issued listed debentures – 450 secured rated listed non-convertible debentures of face value of Rs.10,00,000 each aggregating to Rs. 45 crores on private placement basis. Due to this, the Company falls under the definition of a debt listed entity and is required to comply with provisions of SEBI (Listing and Obligations) Disclosures Regulations, 2015 and the Companies Act, 2013 to the extent applicable.

2. Significant Accounting Policies

2.1 Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

2.2 Basis of measurement

2.2.1 Basis of preparation

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2.2 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these standalone financial statements is determined on such a basis as applicable, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in IND AS 2- Inventories or value in use in IND AS 36- Impairment of assets

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.3 Revenue from Contracts and Customers

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

2.3.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time i.e Completed contract method of accounting as per IND AS 115 when (a) the seller has transferred all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with the ownership, (b) The seller has effectively handed over the possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) it is not unreasonable to expect ultimate collection of revenue from buyers.. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.3.2 Revenue from sale of Land

Revenue from Sale of land is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements.

2.3.3 Revenue from Project Management Fees

Project Management Fees receivable on fixed period contracts is accounted over the tenure of the contract/ agreement. Where the fee is linked to the input costs, revenue is recognised as a proportion of the work completed based on progress claims submitted. Where the management fee is linked to the revenue generation from the project, revenue is recognised on the percentage of completion basis.

2.3.4 Contract Costs

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.3.5 Significant accounting judgements, estimates and assumptions

2.3.5.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on an analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

2.3.5.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

2.3.6 Dividend and interest income

Dividend income from investments in subsidiary company is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non-Current classification of assets and liabilities.

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.5 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

2.6 Foreign currencies

Transactions in foreign currencies i.e. other than the Company's functional currency are recognised at the rates of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.

Exchange differences on monetary items are recognised in statement of profit and loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into in order to hedge certain foreign currency risks

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantively enacted by the end of the reporting period.

2.8.2 Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.8.3 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.4 Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9 Property, plant and equipment (PPE)

PPE are stated in the balance sheet at cost less accumulated depreciation.

Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss. PPE held for disposal are valued at estimated net realizable value.

Depreciation on PPE has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Lease hold improvements are amortised over the period of lease/ estimated period of lease.

2.10 Impairment of PPE

At the end of each reporting period, the Company reviews the carrying amounts of its PPE to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

2.11 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest and manpower costs and expenses incidental to the projects undertaken by the Company.

2.12 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.13 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.15 Employee Benefits

Employee benefits include provident fund, gratuity fund and compensated absences.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Long term Compensated Absences and Gratuity

Company's liability towards long term compensated absences are determined by independent actuaries, using the projected unit credit method.

Company's liability towards gratuity as at the balance sheet date are determined by independent actuaries, using the projected unit credit method. Past services are recognised at the earlier of the plan amendment/curtailment and the recognition of related restructuring costs/termination benefits.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

The obligation on long term compensated absences and defined benefit plans are measured at the present value of estimated future cash flows using a discount rate that is determined by reference to the market yields at the balance sheet date on government bonds where the currency and terms of the government bonds are consistent with the currency and estimated terms of the obligation.

Remeasurement gains/losses

Remeasurement of defined benefit plans, comprising of actuarial gains or losses, return on plan assets excluding interest income are recognised immediately in balance sheet with corresponding debit or credit to other comprehensive income. Remeasurements are not reclassified to statement profit and loss in subsequent period. Remeasurement gains or losses on long term compensated absences that are classified as other long-term benefits are recognised in statement of profit and loss.

2.16 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.16.1 Classification and subsequent measurement

2.16.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

- Amortised cost; or
- Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or
- Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or
- Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain and loss on recognition is recognised in statement of profit and loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Debt investment at FVTOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Other net gains and losses are recognised in Other Comprehensive Income (OCI). On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long term strategic purpose.

Equity investments that are not designated as measured at FVTOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

2.16.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

2.16.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.17 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

2.18 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.19 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the standalone financial statements.

Determination of the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

Determination of performance obligation

With respect to the sale of property, the Company has evaluated and concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the standalone financial statements.

Construction Materials	**558.87**	575.97
Construction Work-in-progress*	**12,557.96**	10,687.29
Finished goods	–	–
Total Inventories (at lower of cost and net realisable value)	**13,116.83**	11,263.26

*Construction Work-in-Progress represents materials at site and unbilled costs on the projects. Based on projections and estimates by the Company of the expected revenues and costs to completion, provision for losses to completion and/ or write off of costs carried to inventory are made on projects where the expected revenues are lower than the estimated costs to completion. In the opinion of the management, the net realisable value of the construction work in progress will not be lower than the costs so included therein.

Construction Materials primarily comprises of Steel, Cement, Chrome plated & Sanitary Fixtures and UPVC windows which are used for construction activities.

The cost of inventories recognised as an expense during the year in respect of continuing operations is Rs.406.65 lakhs (FY 19-20: 39.72 lakhs).

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

The Company has availed cash credit facilities, Term Loan and borrowings through issue of Non-Convertible Debentures which are secured by hypothecation of inventories.

Based on detailed assessment and evaluation of impact of the COVID-19 epidemic, the management concluded that realiseable value of these inventories will not be lower than the carrying value.

Note No. 9 - Trade Receivables

* **Terms/ rights attached to equity shares:** The Company has one class of equity shares having a par value of Rs.10 per share. Each shareholder is eligible for one vote per share. Dividends are paid in Indian Rupees. The dividends proposed by the Board of Directors are subject to the approval of the shareholders at the Annual General Meeting. Repayment of capital will be in proportion to the number of equity shares held.

\# In the Board meeting held on 23rd January, 2020, the Board of Directors of the Company had approved the proposal for buy-back of 435,000 Equity Shares at Rs 28.60 per equity share aggregating to Rs 124.41, in accordance with Article 79 of the Articles of Association of the Company, and subject to such other approvals, permissions and sanctions of Registrar of Companies, Chennai and / or other authorities, institutions or bodies, as may be necessary. The buy back was completed on 26th March, 2020 after obtaining all approvals and the necessary forms were filed with the Statutory authorities. Post buyback, the paid up capital of the Company reduced from Rs. 5,043.50 lakhs to Rs. 5,000.00 lakhs. Consequent to the buy back and as required by Section 69 of Companies Act, 2013, an amount of Rs. 43.50 lakhs was transferred to Capital Redemption Reserve Account (Refer Note 12a). The buyback was made out of reserves of the Company.

Defect Liability Provision:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units given under perpetual lease, the estimated cost of which is accrued during the period of construction, upon lease of units and recognition of related revenue. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under a defect liability period limited to 5 year from the date of handover of residential units. It is expected that most of these costs will be incurred within two years after the reporting date.

Note No. 28 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total debt divided by total equity. Total liabilities and total equity are based on the amounts stated in the financial statements.

The Company is not subject to externally enforced regulation.

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents, mutual Funds & other financial assets.

(ii) Trade Receivables:

The Company's trade receivables include receivables on lease of residential flats and rent maintenance receivable. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. The rent maintenance receivables are secured by security deposits obtained under the lease agreement. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats and rent receivables. However owing to COVID-19 pandemic outbreak the Company expects considerable slow down in collections of existing receivables and delay in billing further milestones owing to lockdown.

(iii) Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
31st March, 2021				
Non-interest bearing				
Trade Payables	**975.83**	–	–	–
Other Current Financial Liabilities	**78.90**	–	–	–
Interest Accrued but not due including premium on NCD	**28.80**	–	–	–
Current maturities of long term debt	–	–	–	–
Variable interest rate instruments				
Short term Borrowing-Principal	**3,917.31**	–	–	–
Long Term Borrowing - Principal	–	**3,000.00**	**3,000.00**	–
Total	**5,000.84**	**3,000.00**	**3,000.00**	–

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
31st March, 2020				
Non-interest bearing				
Trade Payables	1,399.47	–	–	–
Other Current Financial Liabilities	152.64	–	–	–
Interest Accrued but not due including premium on NCD	502.55	–		
Current maturities of long term debt	2,499.21			
Variable interest rate instruments				
Short term Borrowing-Principal	3,882.39	–	–	–
Fixed interest rate instruments				
Long Term Borrowing - Principal	–	3,000.00	–	
Total	**8,436.26**	**3,000.00**	–	–

The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement.

(iii) Financing arrangements

The Company had access to following undrawn borrowing facilities at the end of the reporting period:

Particulars	31st March, 2021	31st March, 2020
Secured Bank Overdraft facility		
- Expiring within one year	**682.69**	1,812.61
Secured Bank Guarantee Limit (sub limit of CC Credit facility)		
- Expiring within one year	**100.00**	100.00
Secured Letter of Credit (sub limit of CC Credit facility)		
- Expiring within one year	**100.00**	100.00

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial assets				
31st March, 2021				
Non-interest bearing				
Non Current Investment	–	–	–	**6,629.48**
Trade Receivable	**377.45**	–	–	–
Cash and Cash equivalents	**44.43**	–	–	–
Bank balances other than above	**217.39**	–	–	–
Other Non Current Financial Assets	–	–	–	**0.75**
Other Current Financial Assets	**25.34**	–	–	–
Total	**664.61**	–	–	**6,630.23**

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
31st March, 2020				
Non-interest bearing				
Non Current Investment	–	–	–	6,629.48
Trade Receivable	827.76	–	–	–
Cash and Cash equivalents	148.22	–	–	–
Bank balances other than above	366.00	–	–	–
Other Non Current Financial Assets	–	–	–	0.75
Other Current Financial Assets	17.72	–	–	–
Total	1,359.70	–	–	6,630.23

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchange fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company's policy is to keep atleast 60% of its borrowings at fixed rates of interest. At 31 March 2021, 100% of the Company's borrowings are at a fixed rate of interest (31 March 2020: 100%).

Interest rate sensitivity

The sensitivity analysis below has been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's (loss)/profit before tax is affected through the impact on floating rate borrowings, as follows:

	Currency	Increase/ decrease in basis points	Effect on (loss)/profit before tax
31st March, 2021	**INR**	**+100**	**(36.17)**
	INR	**-100**	**36.17**
31st March, 2020	INR	+100	(24.87)
	INR	-100	24.87

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

29 - Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

COVID -19 Impact assessment:

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance . The construction and development activities were temporarily suspended owing to lock down during the year and post phased out lifting of the lock down, the construction activities have commenced. Statutory authorities have considered relaxation norms for handover deadlines and the Company at this moment expects no outflow on account delayed payment compensation . The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

For recurring and non-recurring fair value measurements, if the highest and best use of a nonfinancial asset differs from its current use, an entity shall disclose that fact and why the non-financial asset is being used in a manner that differs from its highest and best use.

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note No. 32- INDAS 115 Disclosures

1 Contract Balances

Amounts received before the related performance obligation is satisified are included in the balance sheet (Contract liability) as "Advances received from Customers". Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables.

During the year, the Company recognised Revenue of Rs. NIL (FY 19-20 Rs. 58.92 lakhs) from opening contract liability (after Ind AS 115 adoption) of Rs. NIL (FY 19-20 Rs. 733.94 lakhs).

There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to Collection during the year.

There are no contract assets outstanding at the end of the year.

The aggregate value of performance obligations that are completely or partially unsatisfied as at 31st March, 2021, is Rs. 5,406.68 Lakhs (as at 31st March, 2020 Rs. 3,256.44 lakhs). Out of this, the Company expects to recognize revenue of 100% within the next two years. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

2 Reconciliation of revenue recognized with the contracted price is as follows:

		Rs. Lakhs
	Year ended 31st March, 2021	**Year ended 31st March, 2020**
Contracted price	**1,550.00**	58.92
Adjustments on account of cash discounts or early payment rebates, etc	–	–
Revenue recognised as per Statement of Profit & Loss	**1,550.00**	58.92

3 Contract costs

		Rs. Lakhs
	As at 31st March, 2021	**As at 31st March, 2020**
Costs to obtain contracts	**83.80**	40.00

For the year ended 31st March 2021, amortisation amounting to Rs. 0.47 lakhs (Rs. 2.46 lakhs) is recognised as part of other expenses in the statement of profit and loss. There was no impairment loss in relation to the costs capitalised.

(Also refer note 2.3.2)

Note No. 33 - Employee Benefits

a) Defined Contribution plans

The Company makes Provident fund contribution to defined contribution plans for the employees. Under the scheme, the company is required to contribute a specified percentage of the payroll cost to the fund the benefits. The Company recognized Rs. 27.77 Lakhs (PY Rs. 15.91 Lakhs) for Provident fund & Other funds contributions in the statement of profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

b) Defined Benefit Plans

The Company's obligation towards gratuity is defined benefit plan. The gratuity expense is included under 'Employee Benefit Expenses' in Note 22 Employee benefits expense. The details of actuarial valuation are given below:

Gratuity:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

		Rs. Lakhs
	Gratuity (Unfunded) 2020–21	Gratuity (Unfunded) 2019–20
a. Net Liabilities recognized in the balance sheet		
Present Value of Defined Benefit Obligation	**48.03**	53.34
Fair Value of Plan assets	–	–
Liabilities recognised in the balance sheet	**48.03**	53.34
b. Expense recognized in the Statement of Profit and Loss		
Past service cost	–	–
Current Service cost	**7.46**	5.68
Interest cost	**3.41**	2.39
Expected return on plan assets	–	–
Actuarial (gains) / Losses	**(14.27)**	10.23
Total expenses	**(3.40)**	18.30

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

Rs. Lakhs

	Gratuity (Unfunded) 2020–21	Gratuity (Unfunded) 2019–20
c. Change in present value of Defined Benefit obligation		
Present Value of the obligation at the beginning of the year	**53.34**	–
Obligation transferred from parent company	–	48.73
Past service cost	–	–
Current Service cost	**7.46**	5.68
Interest Cost	**3.41**	2.39
Actuarial (Gains)/Losses	**(14.27)**	10.23
Benefits Paid	**(1.91)**	(13.69)
Present value of the obligation as at the end of the year	**48.03**	53.34
d. Principal actuarial assumptions		
Discount Rate	**6.19%**	6.50%
Expected rate of Salary increase	**8.00%**	10.00%
Attrition Rate	**14.00%**	10.00%
Mortality	**LIC (2006–08) Ultimate mortality tables**	**LIC (2006–08) Ultimate mortality tables**

e. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Actuarial assumptions for long-term compensated absences		
Discount rate	**6.19%**	6.50%
Salary escalation	**8.00%**	10.00%
Attrition	**14.00%**	10.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

			Impact on defined benefit obligation	
	Year	**Change in Assumption**	**Increase in assumption**	**Decrease in assumption**
Discount Rate	2021	0.50%	46.54	49.61
	2020	0.50%	50.99	55.88
Salary Growth Rate	2021	0.50%	49.65	46.49
	2020	0.50%	55.53	51.12

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

	As at 31st March, 2021	As at 31st March, 2020
Year 1	**5.92**	3.99
Year 2	**5.70**	4.05
Year 3	**5.51**	4.13
Year 4	**5.15**	4.24
Year 5	**4.81**	4.21
Next 5 Years	**19.89**	21.54

Note No. 34 - Leases

The Company has not applied the requirement of IND AS 116 to short-term leases of all assets that have a lease term of 12 months or less. Amount recognised in Statement of Profit and Loss Account is Rs 17.08 lakhs (FY 19-20-Rs.4.73 Lakhs).

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KNOWLEDGE TOWNSHIP LIMITED

Report on the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Knowledge Township Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31st March 2021, and its loss and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
    a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
    b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
    c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
    d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014
    e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.
    f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.
    g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.
    h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:
        i. The Company does not have any pending litigations which would impact its financial position.
        ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
        iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Knowledge Township Limited for the year ended March 31, 2021

1) The Company does not have fixed assets. Hence, para 3(i) of the Order is not applicable to the Company.

2) Company's inventory comprises of Construction work in progress and no material discrepancies were noticed in the same.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess.

8) The Company has not obtained loans or borrowing from a financial institution, bank or Government. The Company has not raised any money through debentures during the year.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF Knowledge Township Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Knowledge Township Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2021. based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. General Information

The company was incorporated on August 16, 2007 and is engaged in the business of development of Knowledge City in Pune, Maharashtra. Its parent and ultimate holding company is Mahindra Lifespace Developers Ltd.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognized when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognized at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones. For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts/agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognized as assets when incurred and amortized upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognized when the unit holder's right to receive payment has been established (if it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use.

Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Depreciation is recognized to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss.

If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than it carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.'

2.9 Inventories

Inventories are stated at the lower of cost and net realizable value. The cost of construction material is determined based on weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provisions

Provisions are recognized when the Company has present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognized when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value .Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

2.13.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments. A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortized cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL. A financial asset that meets the amortized cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognized in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized based on the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.
- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognized as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument. This is recognized and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognized in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognized in equity will be transferred to retained earnings.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

No gain or loss is recognized in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognized directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortized over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise.
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognized in profit or loss. The remaining amount of change in the fair value of liability is always recognized in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognized in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument. Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognized in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in profit or loss

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

Note No. 3 - Property, Plant and Equipment

(₹ in Lakhs)

Note No. 19 - Financial Instruments

Capital management

The company's capital management objectives are:

To ensure the company's ability to continue as a going concern

To provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Debt-to-equity ratio as of 31 March 2021 and 31 March 2020 is as follows:

(₹ in Lakhs)

	31-Mar-21	31-Mar-20
Debt (A)	943.00	3,480.00
Equity (B)	5514.32	2,363.54

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
MAHINDRA RESIDENTIAL DEVELOPERS LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Residential Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, of its profit and total comprehensive income, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to

the best of our information and according to the explanations given to us:

(i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements (Refer Note 25 to the Financial Statements) .

(ii) The Company did not have any long- term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Financial Statements of Mahindra Residential Developers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment.

(b) The Property, Plant and Equipment were physically verified during the year by the Management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have any immoveable properties of freehold or leasehold land and building and hence reporting under clause 3(i)(c) of the Order is not applicable to the Company.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds, site visits by the Management and certification of extent of work completion by competent persons, are done at reasonable intervals and no material discrepancies were noticed on physical verification.

(iii) According to the information and explanations given to us, the Company had granted unsecured loans to Companies covered in the register maintained under Section 189 of the Companies Act, 2013, in respect of which:

a) The terms and conditions of the grant of such loans were, in our opinion, prima facie, not prejudicial to the Company's interest.

b) The schedule of repayment of principal and payment of interest were stipulated and the repayments or receipts of principal amounts and interest have been regular as per stipulations and there are no overdues.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security during the year to the parties covered under Sections 185 and 186 of the Act.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) The details of dues of Income –tax which have not been deposited as on March 31, 2021 on account of disputes are given below

Name of the Statue	Nature of dues	Forum where dispute is pending	Period to which Amount relates	Amount unpaid (Rs. in Lakhs)
Income Tax Act, 1961	Income Tax	Income Tax Appellate Tribunal	AY 2012-13 to AY 2014-15	365.77

(viii) In our opinion and according to the information and explanations given to us, the Company has not taken any loans or borrowings from banks, financial institutions and government or has issued any debentures. Accordingly, the reporting under clause 3(viii) of the Order is not applicable to the Company.

(ix) In our opinion and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans. Accordingly, the reporting under clause 3(ix) of the Order is not applicable to the Company.

(x) During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

(xi) In our opinion and according to the information and explanations given to us, the Company has not paid / provided any managerial remuneration. Accordingly, the reporting under clause 3(xi) of the Order is not applicable to the Company.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under clause 3(xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

1. General Information

Mahindra Residential Developers Limited ("the Company") was incorporated on February 1, 2008.

The Company is a Co-developer, approved under Special Economic Zone Act, 2005, engaged in development of township including residential infrastructure in Mahindra World City SEZ and giving it on perpetual lease. The address of its registered office and principal place of business is Administrative Block, Central Avenue, Mahindra World City, Chengalpet, Kancheepuram – 603 002.

The level of activity carried out by the Company depends on the number of projects handled and accordingly the revenue from operations may not be comparable on a year-to-year basis.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of Act.

2.2 Basis of measurement

2.2.1 Basis of preparation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2.2 Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis as applicable, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in IND AS 2- Inventories or value in use in IND AS 36-Impairment of Assets

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.3 Revenue from Contracts and Customers

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

2.3.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time i.e Completed contract method of accounting as per IND AS 115 when (a)the seller has transferred all significant risks and rewards of ownership and the seller retains no effective control of the real estate to a degree usually associated with the ownership, (b) The seller has effectively handed over the possession of the real estate unit to the buyer forming part of the transaction; (c) No significant uncertainty exists regarding the amount of consideration that will be derived from real estate sales; and (d) it is not unreasonable to expect ultimate collection of revenue from buyers. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.3.2 Contract Costs

Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.3.3 Significant accounting judgements, estimates and assumptions

2.3.3.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on an analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate. The Company has concluded that the overtime criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

2.3.3.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

2.3.4 Dividend and interest income

Dividend income from investments in mutual funds is recognised when the unit holder's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 5 years for the purpose of Current – Non Current classification of assets and liabilities.

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantively enacted by the end of the reporting period.

2.6.2 Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.6.3 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.4 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment (PPE)

PPE are stated in the balance sheet at cost less accumulated depreciation.

Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss. PPE held for disposal are valued at estimated net realizable value.

Depreciation on PPE has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Lease hold improvements are amortised over the period of lease/ estimated period of lease.

2.8 Impairment of PPE

At the end of each reporting period, the Company reviews the carrying amounts of its PPE to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit and loss.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

2.9 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest and manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.12 Foreign currencies

Transactions in foreign currencies i.e. other than the Company's functional currency are recognised at the rates of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.

Exchange differences on monetary items are recognised in statement of profit and loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into in order to hedge certain foreign currency risks.

2.13 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.14 Contingent liabilities

Contingent liability is disclosed in case of:

a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b) a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.15 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

2.15.1 Classification and subsequent measurement

2.15.1.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured at either amortised cost or fair value depending on their respective classification.

On initial recognition, a financial asset is classified as - measured at:

– Amortised cost; or

– Fair Value through Other Comprehensive Income (FVTOCI) - debt investment; or

– Fair Value through Other Comprehensive Income (FVTOCI) - equity investment; or

– Fair Value Through Profit or Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVTOCI are measured at FVTPL.

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain and loss on derecognition is recognised in the statement of profit and loss.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Debt investment at FVTOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Other net gains and losses are recognised in Other Comprehensive Income (OCI). On derecognition, gains and losses

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

accumulated in OCI are reclassified to statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVTOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for medium or long term strategic purpose.

Equity investments that are not designated as measured at FVTOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.

2.15.1.2 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company is recognised at the proceeds received, net of directly attributable transaction costs.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative (that does not meet hedge accounting requirements) or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

2.15.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2.16 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.17 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.18 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the financial statements.

(a) Determination of the timing of revenue recognition on the sale of completed and under development property

The Company has evaluated and generally concluded that the recognition of revenue over the period of time criteria are not met owing to non-enforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time. The Company has further evaluated and concluded that based on the analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

(b) Determination of performance obligation

With respect to the sale of property, the Company has evaluated and concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

(c) Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

Note No. 7 - Inventories

Particulars	As at 31st March, 2021	As at 31st March, 2020
(a) Construction Materials	**245.66**	250.32
(b) Construction Work-in-Progress	**2,547.83**	2,316.63
(c) Finished Goods	**264.09**	1,628.53
Total Inventories (at lower of cost and net realisable value)	**3,057.58**	4,195.48

* Construction Work-in-Progress represents materials at site and unbilled costs on the projects. Based on projections and estimates by the Company of the expected revenues and costs to completion, provision for losses to completion and/ or write off of costs carried to inventory are made on projects where the expected revenues are lower than the estimated costs to completion. In the opinion of the management, the net realisable value of the construction work in progress will not be lower than the costs so included therein.

Construction materials primarily comprises of include Steel, Cement, Chrome Plated & Sanitary Fixtures and UPVC windows.

The cost of inventories recognised as an expense during the year in respect of continuing operations was Rs. 1,351.61 lakhs (FY 19-20 - Rs. 3,945.79 lakhs).

Based on detailed assessment and evaluation of impact of the COVID-19 epidemic, the management concluded that realisable value of these inventories will not be lower than the carrying value.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

Note No. 13 - Trade Payables

Particulars	As at 31st March, 2021	As at 31st March, 2020
Trade payables		
- total outstanding dues of micro enterprises and small enterprises (Refer Note 31 (i))	51.68	100.87
- total outstanding dues of creditors other than micro enterprises and small enterprises	734.50	802.30
Retention Payable	87.61	81.70
Total Trade Payables	**873.79**	984.87

Trade Payables are payables in respect of the amount due on account of goods purchased or services received in the normal course of business.

Trade Payables include Rs. 430.22 Lakhs (Rs. 330.22 Lakhs as on 31st March, 2020) payable to Gannon Dunkerley & Co Ltd (GDCL)- a vendor. The Vendor in the earlier years had gone for arbitration against the Company due to termination of their contract on account of non performance. There were claims and counter claims made by both parties.

During the current year the arbitration panel has passed the award which is partially unfavourable to the Company. The Company has made an assessment of the estimated outflow based on a legal opinion on the award and has accordingly created an additonal provison of Rs. 100.00 Lakhs during the year. (Also refer Note 25b)

The average credit period is in the range of 7-31 days as per the agreement with Contractors/Suppliers.

Details of movement in Other Provisions is as follows:

Particulars	Defect Liability Provision
Balance as at 1st April, 2019	22.32
Additional provisions recognised	34.46
Balance as at 31st March, 2020	56.78
Balance as at 1st April, 2020	56.78
Additional provisions recognised	11.74
Balance as at 31st March, 2021	**68.52**

Defect Liability Provision:

Provision for defect liability represents present value of management's best estimate of the future outflow of economic resources that will be required in respect of residential units given under perpetual lease, the estimated cost of which is accrued during the period of construction. Management estimates the related provision for future defect liability claims based on historical cost of rectifications and is adjusted regularly to reflect new information. The residential units are generally covered under a the defect liability period limited to 5 year from the date of handover of residential units. It is expected that most of these costs will be incurred within two years from the reporting date.

Arbitration		
Claims awarded by the Arbitrator to a civil contractor in respect of Aqualily project , in respect of which the company is in the process of filing an appeal in Hon'ble High Court of Madras. (Also refer Note 13)	**143.00**	–

The above amounts are based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities, Courts and Company's rights for future appeals.

Note No. 26 - Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company is not subject to externally enforced capital regulation.

	1,066.85	–	–	1,066.85

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from trade receivables, cash and cash equivalents, mutual Funds and other financial assets.

(ii) Trade Receivables:

The Company's trade receivables include receivables on lease of residential flats and rent maintenance receivable. As per the Company's flat handover policy, a flat is handed over to a customer only upon payment of entire amount of consideration. The rent maintenance receivables are secured by security deposits obtained under the lease agreement. Thus, the Company is not exposed to any credit risk on receivables from sale of residential flats and rent receivables. However owing to COVID-19 pandemic outbreak the Company expects considerable slow down in collections of existing receivables and delay in billing further milestones owing to lockdown.

(iii) Cash and Cash Equivalents & Other Financial Assets

For banks and financial institutions, only high rated banks/institutions are accepted. The Company holds cash and cash equivalents with bank and financial institution counterparties, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial liabilities				
31-Mar-2021				
Non Interest Bearing				
Trade Payables	**873.79**	–	–	–
Deposits from Customers	**47.58**	–	–	–
Total	**921.37**	–	–	–
31-Mar-2020				
Non Interest Bearing				
Trade Payables	**984.87**	–	–	–
Deposits from Customers	**81.98**	–	–	–
Total	**1,066.85**	–	–	–

The amounts included above for financial guarantee contracts are the maximum amounts the Company could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the arrangement.

(iii) Financing arrangements

The Company has no borrowing facilities at the end of the reporting period

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years	5 years and above
Non-derivative financial Assets				
31st March, 2021				
Non-interest bearing				
Trade Receivables	**76.04**	–	–	–
Security Deposits	**0.77**	–	**23.54**	
Interest receivables	**94.40**	–	–	–
Cash and Cash Equivalents	**1,405.75**	–	–	–
Bank Balances other than above	**70.50**			
Fixed interest rate instruments				
Loans to Related Parties	**4,500.00**	–	–	–
Total	**6,147.46**	–	**23.54**	–
31st March, 2020				
Non-interest bearing				
Trade Receivables	727.49	–	–	–
Security Deposits	3.67	–	23.17	–
Interest receivables	72.32	–	–	–
Cash and Cash Equivalents	115.24	–	–	–
Bank Balances other than above	98.96			
Fixed interest rate instruments				
Loans to Related Parties	4,595.00	–	–	–
Total	5,612.68	–	23.17	–

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities is subject to change if changes in variable interest rates differ to those estimates of interest rates determined at the end of the reporting period.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors and Risk Management Committee.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchange fluctuations.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

Note No. 27 - Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

COVID -19 Impact assessment:

The Company is actively monitoring the impact of the global health pandemic on its financial condition, liquidity, operations, suppliers, industry, and workforce. The Company has used the principles of prudence in applying judgments, estimates and assumptions based on the current estimates. In assessing the recoverability of assets such as inventories, financial assets and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets. The extent to which COVID-19 impacts the operations will depend on future developments which remain uncertain.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2021

All amounts are in Rupees Lakhs unless otherwise stated

	Fair value hierarchy as at 31st March, 2020			
	Level 1	Level 2	Level 3	Total
Financial liabilities				
Financial Instruments not carried at Fair Value				
– Other financial Liabilities	–	81.98	–	81.98
– trade and other payables	–	984.87	–	984.87
Total	–	1,066.85	–	1,066.85

For recurring and non-recurring fair value measurements, if the highest and best use of a nonfinancial asset differs from its current use, an entity shall disclose that fact and why the non-financial asset is being used in a manner that differs from its highest and best use.

The fair values of the financial assets and financial liabilities included in the level 2 and level 3 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Note No. 30 - INDAS 115 Disclosures

1) **Contract Balances**

Amounts received before the related performance obligation is satisified are included in the balance sheet (Contract liability) as "Advances received from Customers". Amounts billed for development milestone achieved but not yet paid by the customer are included in the balance sheet under trade receivables.

During the year, the Company recognised Revenue of Rs. 173.21 Lakhs (FY 19-20 Rs. 1,836.78 lakhs) from opening contract liability (after Ind AS 115 adoption) of Rs. 133.12 Lakhs (FY 19-20 Rs. 2,255.51 lakhs.)

There were no significant changes in the composition of the contract liabilities and Trade receivable during the reporting period other than on account of periodic invoicing and revenue recognition.

Amounts previously recorded as contract liabilities increase due to further milestone based invoices raised during the year and decrease due to revenue recognised during the year on completion of the construction.

Amounts previously recorded as Trade receivables increase due to further milestone based invoices raised during the year and decrease due to colelctions during the year.

There are no contract assets outstanding at the end of the year.

The aggregate value of performance obligations that are completely or partially unsatisfied as at 31st March, 2021, is Rs. 157.90 Lakhs (as at 31st March,2020 Rs. 1,065.95 lakhs). The Company expects to recognize the entire revenue within the next one year. This includes contracts that can be terminated for convenience with a penalty as per the agreement since, based on current assessment, the occurrence of the same is expected to be remote.

2) **Reconciliation of revenue recognized with the contracted price is as follows:**

Rs. Lakhs

	Year ended 31st March, 2021	**Year ended 31st March, 2020**
Contracted price	**1,683.82**	5,385.01
Adjustments on account of cash discounts or early payment rebates, etc.	**–**	36.37
Revenue recognised as per Statement of Profit & Loss	**1,683.82**	5,348.64

3) **Contract costs**

Rs. Lakhs

	As at 31st March, 2021	**As at 31st March, 2020**
Costs to obtain contracts	**0.70**	5.56

For the year ended 31st March 2021, amortisation amounting to Rs. 2.89 Lakhs (FY 19-20 Rs. 42.23 lakhs) is recognised as part of other expenses in the statement of profit or loss. There was no impairment loss in relation to the costs capitalised.

(Also refer note 2.3.2)

Note No. 31 - Additional Information to the Financial Statements

i) **Disclosures required under Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006**

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Management. This has been relied upon by the auditors.

There are no overdue amounts payable to Micro, Small and Medium Enterprises, as defined in the Micro, Small and Medium Enterprises Development Act, 2006, as at the reporting date or anytime during the year and hence no interest has been paid or payable accordingly no additional disclosures have been made.

Sl No	Particulars	**31st March, 2021**	31st March, 2020
1	Dues remaining unpaid

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INDUSTRIAL TOWNSHIP (MAHARASHTRA) LIMITED

Report on the Ind AS Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of Industrial Township (Maharashtra) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021, and its profit and cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.

6. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

    a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

13. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

14. As required by section 143(3) of the Act, we report that:

a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014

e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.

h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Industrial Township (Maharashtra) Limited for the year ended March 31, 2021

1) The Company did not have any fixed assets during the year. Hence the provisions of the para 3(i) of the Order are not applicable.

2) Company's inventory comprises of Construction work in progress and no material discrepancies were noticed in the same.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess.

8) The Company has not obtained loans or borrowing from a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF INDUSTRIAL TOWNSHIP (MAHARASHTRA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Industrial Township (Maharashtra) Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. General Information

The company was incorporated on July 02, 2008 and is engaged in the business of development of Industrial Township, Maharashtra. Its parent and holding company is Mahindra Lifespace Developers Ltd.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements have been prepared in accordance with Ind-AS notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

2.4 Revenue recognition

2.4.1 Revenue from Projects

The Company develops and sells residential and commercial properties. Revenue from contracts is recognised when control over the property has been transferred to the customer. An enforceable right to payment does not arise until the development of the property is completed. Therefore, revenue is recognised at a point in time when the legal title has passed to the customer and the development of the property is completed. The revenue is measured at the transaction price agreed under the contract.

The Company invoices the customers for construction contracts based on achieving a series of performance-related milestones.

For certain contracts involving the sale of property under development, the Company offers deferred payment schemes to its customers. The Company adjusts the transaction price for the effects of the significant financing component.

2.4.2 Revenue from Sale of land and other rights

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements. The determination of transfer of control did not change upon the adoption of Ind AS 115.

2.4.3 Contract Costs

- Costs to obtain contracts ("Contract costs") relate to fees paid for obtaining property sales contracts. Such costs are recognised as assets when incurred and amortised upon recognition of revenue from the related property sale contract.

2.4.4 Dividend and interest income

Dividend income from investment in mutual funds is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties during construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss

2.8 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, premium for development rights, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.10 Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) because of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, considering the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.11 Employee benefits provisions

Employee benefits provisions are measured and classified into long term and short-term provisions based on Actuarial valuation as per IND AS-19 as on Balance sheet date.

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.13 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

2.13.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss. All other financial assets are subsequently measured at fair value.

2.13.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.13.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

2.13.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

2.13.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

undue cost or effort, that is indicative of significant increases in credit risk since initial recognition .

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

2.13.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.13.7 Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.14 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.14.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.14.2 Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

2.14.2.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.14.2.2 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item. However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

2.14.2.3 Financial Liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.14.2.4 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.5 Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

2.14.2.6 Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

2.14.2.7 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. Significant accounting judgements, estimates and assumptions

3.1 Determining the timing of revenue recognition on the sale of completed and under development property

The Company has generally evaluated and concluded that based on a careful analysis of the rights and obligations under the terms of the contracts relating to the sale of property, the revenue is to be recognised at a point in time when control transfers which coincides with receipt of Occupation Certificate.

The Company has generally concluded that the overtime criteria are not met owing to non-reinforceable right to payment for performance completed to date and, therefore, recognises revenue at a point in time.

3.2 Determination of performance obligations

With respect to the sale of property, the Company has concluded that the goods and services transferred in each contract constitute a single performance obligation. In particular, the promised goods and services in contracts for the sale of property is to undertake development of property and obtaining the Occupation Certificate. Generally, the Company is responsible for all these goods and services and the overall management of the project. Although these goods and services are capable of being distinct, the Company accounts for them as a single performance obligation because they are not distinct in the context of the contract.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
ANTHURIUM DEVELOPERS LIMITED

Report on the Ind AS Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of Anthurium Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021, and its profit and cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.
6. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
    a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

13. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

14. As required by section 143(3) of the Act, we report that:

a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014

e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.

h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid remuneration to directors in accordance with the provisions of section 197 of the Act.

i) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITOR'S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Anthurium Developers Limited for the year ended March 31, 2021

1) The Company did not have any fixed assets during the year. Hence the provisions of the para 3(i) of the Order are not applicable.

2) The Company does not have inventory as on March 31, 2021. Hence the provisions of para 3(ii) of the Order are not applicable.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess.

8) The Company has not obtained loans or borrowing from a financial institution, bank or Government. The Company has not raised any money through debentures.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ANTHURIUM DEVELOPERS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Anthurium Developers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH 2021

1. Corporate information

Anthurium Developers Limited ("the Company") is a public company incorporated in India on 02 June, 2010 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016.

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue on 13th April, 2021.

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed off, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH 2021

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

	From continuing operations	0.46	8.66
	From discontinuing operations	–	–
	Total diluted earnings per share	0.46	8.66

Basic earnings per share

The earnings and weighted average number of ordinary shares used in the calculation of basic earnings per share are as follows:

	For the year ended 31st March 2021	For the year ended 31st March 2020
Profit/(loss) for the year attributable to owners of the Company	22,954	433,218
Less: Preference dividend and tax thereon		
Profit/(loss) for the year used in the calculation of basic earnings per share	22,954	433,218
Profit for the year on discontinued operations used in the calculation of basic earnings per share from discontinued operations		
Profits used in the calculation of basic earnings per share from continuing operations	22,954	433,218
Weighted average number of equity shares	50,000	50,000
Earnings per share from continuing operations - Basic	0.46	8.66

Note No. 15 As the Company can continue its current operations with its own cash resources for a period of atleast one year, the accounts of the Company for the year ended 31st March, 2021 have been prepared on the basis of going concern.

Note No. 16 - Financial Instruments

Capital management

The Company's capital management objectives are:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Management of the Company monitors the capital structure using debt ratio which is determined as the proportion of total debt to total equity.

Debt ratios are as follows:	As at 31st March, 2021	As at 31st March, 2020
Debt (A)	–	–
Equity (B)	2,953,487	2,930,534
Debt Ratio (A/B)	–	–

Categories of financial assets and financial liabilities

[II] Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A) CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is not exposed to credit risk.

B) LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years
Non-derivative financial liabilities			
31-Mar-21			
Non-interest bearing			
Trade Payable	–	–	–
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–

Particulars	Less than 1 Year	1-3 Years	3 Years to 5 Years
Non-derivative financial liabilities			
31-Mar-20			
Non-interest bearing			
Trade Payable	5,640	–	–
Long Term Borrowing			
Long Term Borrowing - Principal	–	–	–

C) MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the Company's exposure to market risk or the methods in which they are managed or measured.

(i) Currency Risk

The Company undertakes transactions denominated only in Indian Rupees and hence, there is no risk of foreign exchnage fluctuations.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have exposure to the risk of changes in market interest rates.

(iii) Other price risk

The Company does not have other price risk.

Note No. 17 - Fair Value Measurement

Fair Valuation Techniques and Inputs used

This section explains the judgment and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in financials statements. To provide an indication about the reliability of the inputs used in determining the fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standards.

Fair value of financial assets and financial liabilities that are not measured at fair value

Particulars	31-Mar-21 Carrying amount	31-Mar-21 Fair value	31-Mar-20 Carrying amount	31-Mar-20 Fair value
Financial assets				
Financial assets carried at Amortised Cost				
- trade and other receivables				
- cash & cash equivalents	**144,495**	–	304,629	–
- Other bank balances	**2,721,978**	–	2,532,839	–
- Other Current Assets	**175,227**	–	278,628	–
	3,041,700	–	3,116,096	–
Financial liabilities				
Financial liabilities held at amortised cost				
- loans from related parties	–	–	–	
- trade and other payables	–	–	5,640	–
Total	–	–	5,640	–

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA INDUSTRIAL PARK PRIVATE LIMITED.

Report on the Ind AS Financial Statements

Opinion

1. We have audited the accompanying Ind AS financial statements of Mahindra Industrial Park Private Limited. ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, and a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021, and its loss and cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The company's Board of Directors is responsible for the other information. The other information comprises the Board report. Our opinion on Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act.
6. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
    a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for

one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

13. As required by the Companies (Auditor's Report) Order,2016, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act (the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

14. As required by section 143(3) of the Act, we report that:

a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

c) the Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014

e) On the basis of written representations received from the directors as on March 31, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B.

g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors.

h) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended) in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE “A” TO THE AUDITOR’S REPORT

Referred to in paragraph 9 of our report of even date on the accounts of Members of Mahindra Industrial Park Private Limited. for the year ended March 31, 2021

1) i) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

   ii) Fixed assets have been physically verified by the management during the year and no material discrepancies were noted on such verification.

   iii) The title deeds of immovable property are held in the name of the Company.

2) Company’s inventory comprises of raw materials and Construction work in progress and no material discrepancies were noticed in the same.

3) The Company has not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under section 189 of the Act. Hence, the provisions of para 3(iii) of the Order are not applicable.

4) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions during the year.

5) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Act and the Rules framed thereunder.

6) We have been informed that the Central Government has not prescribed maintenance of Cost records under section 148(1) of the Act.

7) i) According to the records of the Company, the Company has been generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Income Tax, Service Tax, Value Added Tax, GST and other statutory dues applicable to it.

   ii) There are no disputed dues outstanding as on March 31, 2021 on account of sales tax, customs duty, income tax, service tax, GST and cess.

8) The Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or Government or dues of debenture holders.

9) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) and term loans were applied for the purpose for which those are raised.

10) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing principles in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

11) According to the information and explanations given to us, the Company has not paid any remuneration to managerial personnel as defined in the Act and accordingly the provisions of para 3(xi) of the Order are not applicable to the Company.

12) The Company, not being a Nidhi Company, the para 3(xii) of the Order is not applicable to the Company.

13) According to the information and explanations given to us, all transactions with related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details of the same have been disclosed in the financial statements as required by the applicable accounting standards.

14) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence, the provisions of para 3(xiv) of the Order are not applicable to the Company.

15) According to the information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him. Hence, the provisions of para 3(xv) are not applicable to the Company.

16) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, the provisions of para 3(xvi) of the Order are not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MAHINDRA INDUSTRIAL PARK PRIVATE LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mahindra Industrial Park Private Limited. ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

1. Corporate information

Mahindra Industrial Park Private Limited ("the Company") is a public company incorporated in India on 29th March, 2013 under the provisions of erstwhile Companies Act, 1956. The registered office of the Company is located at 5th Floor, Mahindra Towers, Dr. G. M. Bhosale Marg, P. K. Kurne Chowk, Worli, Mumbai – 400 018.

The Company is in the business of establishing, acquiring, developing and maintaining Industrial Parks, Technology Parks, Bio-tech Parks, Software Parks, Special Economic zones, Export Processing Zones, Industrial Areas, Industrial estates, Integrated Townships, Residential and/or Commercial Complexes, Housing Facility in India and outside India.

The Company is subsidiary of Mahindra Lifespace Developers Limited, Mumbai, a company incorporated in India. The ultimate parent company is Mahindra & Mahindra Limited.

2. Significant Accounting Policies

2.1 Statement of compliance and Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016. For all periods upto and including the financial year ended 31st March, 2021

All assets and liabilities are classified as current if it is expected to realise or settle within 12 months after the Balance Sheet date.

The financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency.

The financial statements were approved by the Board of Directors and authorised for issue in the meeting held on 23rd April, 2021

2.2 Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. The estimated useful lives, residual values, are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

When an asset is scrapped or otherwise disposed of, the cost and related depreciation are removed from the books of account and resultant profit or loss, if any, is reflected in the statement of profit and loss.

Depreciation on assets (other than impaired assets) is calculated on straight line method at the rate of 11.31% p.a. which is based on useful life of about 9 years determined on the basis of technical evaluation by the Management of the Company and is different from the useful life of 15 years indicated in part C of schedule II to the Companies Act, 2013.

2.3 Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement profit and loss.

2.4 Inventories

Inventories are stated at the lower of cost and net realisable value, whichever is lower. Cost is arrived at on first-in-first-out basis and includes overheads on absorption basis, where appropriate.

Financial assets and Liabilities

2.5 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

2.6 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.1 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowances at an amount equal to lifetime expected credit losses.

2.6.2 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31ST MARCH, 2021

2.7 Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.7.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at Fair value through profit and loss.

2.7.1.2 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between the lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit and loss.

2.8 Revenue recognition

Revenue on account of sale of services is recognised under the completed service contract method to the extent it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured.

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Dividend income is recognised in the statement of profit and loss when the right to receive payment is established.

Interest Income is accounted for on time proportion basis.

2.9 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.9.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

2.9.2 Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.9.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.9.4 Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax against which the MAT paid will be adjusted.

2.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/ (loss) for the year is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3. Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses, etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Total Current Borrowings	**272,628,109**	175,500,000

Note - 10 (a) Terms and conditions of Optionally Convertible Debenture (OCDs)

Series IV Optionally Convertible Debenture (OCDs)

Series IV OCD's are unsecured, unlisted, redeemable and optionally convertible debentures having a tenure of 5 years from the date of allotment. The issue and face value of each Series IV Debenture is Rs.1,00,000. During six months preceding the date of maturity, the Series IV Debenture holders shall be entitled to exercise an option to convert OCD's into equity shares (face value of Rs.10 each) at a price determined in accordance with the terms of the issue and on the basis of valuation report of the Registered valuer.

If the option to convert is not exercised, the OCDs shall be compulsorily redeemed at the rate of 11% on annual compounding basis from the date of allotment of OCRDs till redemption.

Series V Optionally Convertible Debenture (OCDs)

Series V OCDs are unsecured, unlisted, redeemable and optionally convertible debentures. The face value and issue price of each OCDs is Rs.1,00,000. The OCD's shall earn, interest of 17% per annum compounded annually. Interest on each OCDs shall be accrued, due and payable subject to availability of Distributable Cash and on obtaining an approval from the Distributions Committee and the board of directors of the Company. Each OCDs constitutes a direct obligation of the Company and shall at all times rank pari passu inter se (without any preference or priority of one over the other or others of them). The OCD's shall rank pari passu with the Series 1A Debentures, Series 1B Debentures and Series B Debentures, as the case maybe, with regards to the distribution of distributable cash in accordance with the terms of issue.

At the time of redemption of OCD's, the Company shall redeem such number of OCD's which is proportionate to the number of Series 1A Series 1A Debentures, Series 1B Debentures and Series B Debentures, as the case maybe in accordance Distribution Waterfall and Distribution Waterfall Mechanism.

In the event of conversion, the holder of Debentures will be entitled to equity shares of the Company only up to the principal amount (i.e. the issue price) of the outstanding Debentures.

Note - 10 (b). The Company has issued unsecured, unlisted, redeemable, non-convertible debentures as below:-

Particulars	Series 1A	Series 1B	Series B	Total
Face Value (Rs.)	100,000	100,000	100,000	
No. of Debentures	2,641	4,924	756	8,321
Total Face Value	264,100,000	492,400,000	75,600,000	832,100,000
Discount on issue	10%	10%	Nil	Nil
Total Issue Value	**237,690,000**	**443,160,000**	**75,600,000**	**756,450,000**

The key terms series 1A are as below:

(a) Coupon on each Series 1A Debenture shall accrue on a quarterly basis at the end of each quarter of a Financial Year, and shall become due and payable to the holders of Series 1A Debentures quarterly subject to availability of Distributable Cash as determined by Distribution committee. The Company shall redeem the relevant Series 1A Debentures in accordance with the Distribution Waterfall and Distribution Waterfall Mechanism.

The key terms series 1B are as below:

(a) Coupon on each Series 1B Debenture shall accrue on a quarterly basis at the end of each quarter of a Financial Year, and shall become due and payable to the holders of Series 1B Debentures quarterly subject to availability of Distributable Cash as determined by Distribution committee. The Company shall redeem the relevant Series 1B Debentures in accordance with the Distribution Waterfall and Distribution Waterfall Mechanism.

The key terms series B are as below:

(a) Coupon on each Series B Debenture shall accrue on a quarterly basis at the end of each quarter of a Financial Year, and shall become due and payable to the holders of Series B Debentures quarterly subject to availability of Distributable Cash as determined by Distribution committee. The Company shall redeem the relevant Series B Debentures in accordance with the Distribution Waterfall and Distribution Waterfall Mechanism.

Note No. 17 - Financial Instruments

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

MAHINDRA WATER UTILITIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Mahindra Water Utilities Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the report of Board of Directors, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are

appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account
   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
   e. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
   g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
   h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
      i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements -;
      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
      iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Water Utilities Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021 , based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra Water Utilities Limited on the financial statements for the year ended March 31, 2021)

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(b) The property, plant and equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have any immovable properties of freehold or leasehold land and building and hence reporting under clause (i)(c) of the Order is not applicable.

(ii) The Company does not have any inventory and hence reporting under clause (ii) of the Order is not applicable.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 or 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposit during the year.

(vi) Having regard to the nature of the Company's business/activities, reporting under clause (vi) of the Order is not applicable.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Service Tax, Goods and Services Tax and other material statutory dues in arrears, as at March 31, 2021 for a period of more than six months from the date they became payable. We have been informed that the provisions of Sales Tax, Customs Duty, Excise Duty, Value Added Tax and Cess are not applicable to the Company for the year.

(c) Details of dues of Income-tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Involved (Rs.)	Amount Unpaid (Rs.)
Income Tax Act, 1961	TDS matters	Appellate Authority – Asst. Commissioner (CPC)	FY 2009 – 10	112,220	112,220
		Appellate Authority – Asst. Commissioner (CPC)	FY 2012 – 13	598,430	598,430
		Appellate Authority – Assessing Officer	FY 2013 – 14	48,040	48,040
		Jurisdictional AO Circle 7(2)(1)	FY 2017 – 18	47,230	47,230

(viii) The Company has not taken any loans or borrowings from financial institutions, banks and government nor has issued any debentures. Hence reporting under clause (viii) of the Order is not applicable to the Company.

(ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause of the Order is not applicable.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) According to the information and explanations given to us, the Company has not paid/provided any managerial remuneration as per the provisions of Section 197 read with Schedule V to the Act and hence, reporting under clause (xi) of the Order is not applicable to the Company.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Sections 188 and 177 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of Section 192 of the Act are not applicable.

(xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Note 1. Corporate information:

Mahindra Water Utilities Limited (the Company) is a public company incorporated in India on August 10, 1999 under the provisions of Companies Act, 1956. The Company is engaged in operation & maintenance of water and sewage system for M/s. New Tirupur Area Development Corporation Limited, Tirupur. The Company is a subsidiary of Mahindra Infrastructure Developers Limited and the ultimate holding company is Mahindra and Mahindra Limited.

Note 2. Significant accounting policies:

2.1 Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis for preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Property, Plant and Equipment:

Property, Plant and Equipment held for use in supply of services or for administrative purposes, are stated in the Balance Sheet at cost less depreciation and accumulated impairment losses, if any. Costs comprise purchase price and attributable costs, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives as determined by the Management, using the straight-line method. Estimated useful life as determined by the Management is in line with that prescribed in Schedule II to the Companies Act 2013. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets costing individually less than Rs. 5,000 is fully depreciated in the year of purchase.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.4 Impairment of tangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.5 Revenue recognition:

Revenue is measured at the fair value of the consideration received or receivable.

i) Income for services is accounted for as and when services are rendered as per terms of the agreement at the contractual rate and there exists no significant uncertainty as to ultimate realisation.

ii) Dividend income from investments is recognised when the shareholder's right to receive payment has been established provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

iii) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.6 Employee benefits

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.7 Lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees. The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in the Statement of Profit and Loss except when they relate to items that are recognised in Other Comprehensive Income, in which case, the current and deferred tax are also recognised in Other Comprehensive Income.

2.9 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.10 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

(i) Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets at fair value through profit or loss (FVTPL)

Investments in units of Mutual Funds are classified as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss. The net gain

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the Company, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety, the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Foreign exchange gains and losses on financial assets

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss.

(ii) Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Note 3 Critical accounting judgements and key sources of estimation uncertainty:

In the application of the Company's accounting policies, which are described in Note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

At the end of the reporting period, there were no key assumptions concerning the future period that may have had a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Trade receivables

The entire trade receivables balance as at March 31, 2021 and March 31, 2020 is due from M/s. New Tirupur Area Development Corporation Ltd., the sole client of the Company.

The average credit period on invoice for services is 15 days. No interest is charged on trade receivables.

The concentration of credit risk is high, since the entire trade receivables are due from only one client, M/s. New Tirupur Area Development Corporation Ltd.

The Company has incurred expenses towards certain specified categories of maintenance of plant and facilities. As per the terms of the aforementioned agreement with NTADCL, the Company is entitled to reimbursement of the aforesaid expenses, which the Company has also claimed from NTADCL. The Company has not formally received a confirmation on the payment due for such reimbursable services.

Based on further negotiations/ discussions with NTADCL, the company is confident of receiving these payments and hence no further provision has been done in the current year.

Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The company monitors capital on the basis of the carrying amount of equity presented on the face of the statement of financial position.

The company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

** The Company considers that the carrying amount of these financial instruments recognised in the financials statements approximate their fair values.

Fair value of Investments

Investments represent investment by the Company in units of HDFC Cash Management Fund. The closing value at the end of each accounting period represents NAV as per HDFC Cash Management Fund and hence no separate fair valuation.

Financial Risk Management Framework

The Company's activities expose it to financial risks - credit risk and liquidity risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

Credit risk management

(i) Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The company has only one client for whom the operation and maintenance services are rendered. The Company has reached a settlement with its customers and has a approved payment schedule in place and also revenue terms for the future period.

(ii) The Company has invested in units of HDFC Cash Management Fund which has the NAV of Rs.3,62,193 as at the end of the reporting period(Previous year Rs.3,40,346). HDFC has been regular in dividend payments and the credit risk on the investment is minimal.

The Company is not subject to any externally imposed capital requirements.

There is no change in estimation techniques or significant assumptions during the reporting period.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amounts disclosed in the table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

(iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

Note - 29 Employee benefits

(a) Defined Contribution Plan

The Company's contribution to Provident Fund aggregating Rs. 22,17,790/- (2020 : Rs.24,42,434/-) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with references to government bond yields; if plan assets under perform compared to the government bonds discount rate, this will create or increase a deficit. The defined benefit plans hold a significant proportion of equity type assets, which are expected to outperform government bonds in the long-term while providing volatility and risk in the short-term.

As the plans mature, the Company intends to reduce the level of investment risk by investing more in assets that better match the liabilities.

However, the Company believes that due to the long-term nature of the plan liabilities and the strength of the supporting group, a level of continuing equity type investments is an appropriate element of the Company's long term strategy to manage the plans efficiently.

Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plans' bond holdings and interest rate hedging instruments.

Life expectancy

The majority of the plan's obligations are to provide benefits for the life of the member, so increase in life expectancy will result in an increase in the plan's liabilities. This is particularly significant in the Company's defined benefit plans, where inflationary increases result in higher sensitivity to changes in life expectancy.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Note: An entity shall disclose description of any plan amendments, curtailments and settlements.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

	Valuation as at 31-Mar-21	Valuation as at 31-Mar-20
Discount rate(s)	**6.80%**	6.85%
Expected rate(s) of salary increase	**8.00%**	8.00%
Expected rate of return on plan assets	**6.80%**	6.85%

Attrition rate

- Actuarial Gain (Loss) arising from:		
i. Demographic Assumptions	**–**	–
ii. Financial Assumptions	**50,154**	7,58,506
iii. Experience Adjustments	**(5,15,677)**	(5,67,173)
5. Benefit payments	**(5,25,000)**	(1,26,993)
6. Others (Specify)		
7. Present value of defined benefit obligation at the end of the year	**90,57,817**	87,11,920

Particulars	Funded Plan Gratuity **2021** Rupees	2020 Rupees
III. Change in fair value of plan assets during the year ended March 31,		
1. Fair value of plan assets at the beginning of the year	**84,34,228**	78,78,790
2. Add/(Less) on account of Scheme of Arrangement/Business Transfer	**–**	–
3. Expenses Recognised in Profit and Loss Account		
– Expected return on plan assets	**5,51,224**	5,79,065
4. Recognised in Other Comprehensive Income		
Remeasurement gains/(losses)		
– Actual Return on plan assets in excess of the expected return	**9,505**	(11,077)
5. Contributions by employer (including benefit payments)	**2,14,152**	1,14,443
6. Benefit payments	**(5,25,000)**	(1,26,993)
7. Fair value of plan assets at the end of the year	**86,84,109**	84,34,228
IV. The Major categories of plan assets		
– Insurer managed funds (Non Quoted Value)	**86,84,109**	84,34,228

Notes:

The current service cost and net interest expenses for the year is included in the "Employee benefits expenses" line item in the statement of profit and loss.

The remeasurement of the net defined benefit liability is Included-in other comprehensive income.

V The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Impact on defined benefit obligation	
		Increase in assumption	**Decrease in assumption**
Discount rate	2021	81,28,484	1,01,54,120
	2020	78,30,285	97,56,095
Salary growth rate	2021	1,01,30,110	81,30,085
	2020	97,33,703	78,31,422

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

VI Maturity profile of defined benefit obligation:

	2021	2020
Expected benefits for year 1	**3,03,838**	7,74,327
Expected benefits for year 2	**5,54,493**	2,85,026
Expected benefits for year 3	**5,01,044**	5,34,786
Expected benefits for year 4	**14,52,865**	4,83,405
Expected benefits for year 5	**3,69,058**	12,84,521
Expected benefits for year 6	**2,62,190**	3,53,032
Expected benefits for year 7	**4,51,660**	2,46,559
Expected benefits for year 8	**7,52,953**	4,31,648
Expected benefits for year 9	**8,12,871**	7,36,100
Expected benefits for year 10	**1,70,65,681**	1,67,84,662

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

VII Plan Assets

The fair value of Company's pension plan asset as of March 31, 2021 and 2020 category are as follows:

	2021	2020
Asset category:		
Cash and cash equivalents	**–**	–
Debt instruments (quoted)	**–**	–
Debt instruments (unquoted)	**–**	–
Equity instruments (quoted)	**–**	–
Deposits with Insurance companies	**86,84,109**	84,34,228
	86,84,109	84,34,228

The Company's policy is driven by considerations of maximizing returns while ensuring credit quality of the debt instruments. The asset allocation for plan assets is determined based on investment criteria prescribed under the Indian Income Tax Act, 1961, and is also subject to other exposure limitations. The Company evaluates the risks, transaction costs and liquidity for potential investments. To measure plan asset performance, the Company compares actual returns for each asset category with published benchmarks.

The weighted average duration of the defined benefit obligation as at March 31, 2021 is 11.12 years (2020: 10.99 years)

VIII. Experience Adjustments :

	Year ended				
	2021	**2020**	**2019**	**2018**	**2017**
	Gratuity				
1. Defined Benefit Obligation	90,57,817	87,11,920	73,66,597	66,84,418	55,74,480
2. Fair value of plan assets	86,84,109	84,34,228	78,78,790	73,74,778	56,31,497
3. Surplus/(Deficit)	(3,73,708)	(2,77,692)	5,12,193	6,90,360	57,017
4. Experience adjustment on plan liabilities [(Gain)/Loss]	(5,15,677)	(5,67,173)	(1,83,710)	(2,13,107)	11,97,367
5. Experience adjustment on plan assets [Gain/(Loss)]	(9,505)	11,077	54,216	(1,09,471)	43,622

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Note - 34 Corporate Social Responsibility

(a) Gross amount required to be spent by the company during the year - Rs.21,31,890

(b) Amount spent during the year on (give categories):

Particulars	Amount spent	Amount yet to be paid	Total Amount
Education of the girl Child	22,00,000	–	**22,00,000**
Covid-19 Relief Activities	52,950	–	**52,950**
Total	**22,52,950**	**–**	**22,52,950**

Note - 35

The Company's business activity is that of an Operations and Maintenance (O&M) Contractor. All activities of the company revolve around its main business. The company operates only in India. There is a single operating segment as defined by Indian Accounting Standard 108 "Operating Segments".

Note - 36

The Company has entered into operating lease arrangements for warehouse. The lease is cancellable and for a period of 11 months, renewable by mutual consent. Lease payments recognised in the Statement of Profit and loss is Rs. 3,30,000/- (Previous year 3,30,000/-)

Note - 37

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable to the Company from April 1, 2021.

Note - 38

In respect of the current year, the Board at its meeting held on April 23, 2021 has recommended a dividend of Rs.900 per share on equity shares of Rs.10 each subject to approval by shareholders at the Annual General Meeting. The same has not been included as a liability in these financial statements. The proposed equity dividend is payable to all shareholders on the Register of Members as on the date of approval by the shareholders ("the record date"). The total estimated equity dividend to be paid is Rs.9,00,00,000."

Note - 39

The Company considered the impact of COVID-19 on the assumptions and estimates used in the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting periods presented and determined that there were no material adverse impacts on the financial statements of the Company for the year ended March 31, 2021.

Note - 40

No material events have occurred after the balance sheet date and upto the approval of the financial statements.

Note - 41

The financial statements were approved for issue by the Board of Directors on April 23, 2021.

Note - 42

Previous year's figures have been regrouped/reclassified wherever necessary to correspond with the current year's classification/disclosure.

INDEPENDENT AUDITORS' REPORT

To the Members of

MAHINDRA WORLD CITY DEVELOPERS LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Mahindra World City Developers Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, of its loss and total comprehensive loss, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the

underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.

   (g) In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year and hence provisions of Section 197 of the Companies Act, 2013 are not applicable.

   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements. (Refer Note 28 to the Standalone Financial Statements)

      (ii) The Company did not have any long- term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.

      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date]

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section (3) of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Mahindra World City Developers Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. In respect of its Property, Plant and Equipment:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment.

(b) The Property, Plant and Equipment were physically verified during the year by the Management and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) With respect to immoveable properties of land that are freehold, according to the information and explanations given to us and the records examined by us and based on the examination of the original title deeds / Land Delivery Receipts (LDR's) issued by Government provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.

ii. In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of title deeds are done at reasonable intervals and no material discrepancies were noticed on physical verification.

iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under clause3(iii) of the Order is not applicable to the Company,

iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act with respect to investments made. The Company has not granted any loans or provided any guarantee or security during the year to the parties covered under Sections 185 and 186 of the Act.

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

vi. The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Act and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) The details of dues of Service Tax which has not been deposited as on March 31, 2021 on account of disputes are given below:

Name of Statue	Nature of Dues	Forum where dispute is pending	Period to which Amount relates	Amount Unpaid (Rs. in Lakhs)
Finance Act, 1994	Service Tax	CESTAT	2008-2017	455.23

viii. According to the information and explanations given to us and on the basis of our examination of books and records of the Company, the Company has not defaulted in the repayment of loans or borrowings to financial institutions and banks. The Company has not taken any loans or borrowings from Government and has not issued any debentures.

ix. In our opinion and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans. Accordingly, the reporting under clause 3(ix) of the Order is not applicable to the Company.

x. During the course of our examination of books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.

xi. In our opinion and according to the information and explanations given to us, the Company has not paid / provided any managerial remuneration. Accordingly, the reporting under clause 3(xi) of the Order is not applicable to the Company.

xii. According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

xiii. In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under clause 3(xiv) of the Order is not applicable to the Company.

xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or directors of its holding company, Associate, Joint venture or persons connected with them during the year and hence provisions of Section 192 of the Act are not applicable to the Company. Accordingly, the reporting under (xv) of the Order is not applicable to the Company.

xvi. According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause (xvi) of the Order is not applicable to the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

1. General Information

Mahindra World City Developers Limited ("the Company") was incorporated on February 19, 1997. The Company is in the business of land development for industrial, commercial and residential use. The Company acquires land and incurs expenditure on its development and related infrastructure facilities for lease / sale. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees. The Company has developed and operates an integrated business city "Mahindra World City" at Chengalpattu taluk near Chennai.

Promoted in a Public Private Partnership by the Mahindra Group and Tamilnadu Industrial Development Corporation Limited (A Government of Tamil Nadu Undertaking), Mahindra World City surpasses the conventional definition of a business space - it is a business eco-system, carefully linked and integrated to function with efficiency. Mahindra World City, Chennai is India's first integrated City and Corporate India's first operational SEZ.

Etching its name on India's business map, Mahindra World City Chennai, has attracted corporate giants such as BMW, B.Braun, Capgemini, Holiday Inn Express, Infosys, BASF, Lincoln Electric, Parker Hannifin, Renault-Nissan, Tesa SE, Federal Mogul, Fujitec, NTN Corporation, Timken, TVS Group of Companies and Wipro among others.

The Registered office of the company is located at Ground Floor, Mahindra Towers, 17/18, Patulous Road, Chennai, Tamil Nadu -600 002.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

2.2 Basis of Measurement

2.2.1 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2.2 Exemption from preparation of consolidated financial statements

The Company has investments in an Associate and a Joint venture. The Holding company, Mahindra Lifespaces Developers Limited, having its registered office at 5th floor, Mahindra Towers, Worli, Mumbai 400 018 are presenting the consolidated financial statements. The Company has therefore availed the exemption under paragraph 4(a) of Ind AS 110 having satisfied the conditions for exemption from preparing consolidated financial statements as per Companies (Accounts) Amendments Rules, 2016 and thereby does not present consolidated financial statements.

Consequently, the accounting policies mentioned herein relate to the standalone financial statements of the Company.

2.2.3 Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data (unobservable inputs)

2.2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 1 year for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

— Expected to be realised or intended to be sold or consumed in normal operating cycle
— Held primarily for the purpose of trading
— Expected to be realised within twelve months after the reporting period, or
— Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

— It is expected to be settled in normal operating cycle
— It is held primarily for the purpose of trading
— It is due to be settled within twelve months after the reporting period, or
— There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Sale of land

Revenue from Sale of land and other rights is generally a single performance obligation and the Company has determined that this

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

is satisfied at the point in time when control transfers as per the terms of the contract entered into with the buyers, which generally are with the firmity of the sale contracts / agreements.

2.3.3 *Project Management fee*

Project Management Fees receivable on fixed period contracts is accounted over the tenure of the contract / agreement. Where the fee is linked to the input costs, revenue is recognised as a proportion of the work completed based on progress claims submitted. Where the management fee is linked to the revenue generation from the project, revenue is recognised on the percentage of completion basis.

2.3.4 *Income from Operation and Maintenance (O&M)*

Income from operation and maintenance charges and water charges are recognized on an accrual basis as per terms of the agreement with the lessees.

2.3.5 *Dividend and interest income*

Dividend income from investments from Joint ventures and Associates is recognised when the unit holder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 *Leases*

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.4.1 *The Company as a Lessor*

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.4.2 *The Company as a Lessee*

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. The assets given by the Company on operating leases are capitalised in the books as fixed assets. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.5 *Taxation*

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.5.1 *Current tax*

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

2.5.2 *Deferred tax*

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.5.3 *Current and deferred tax for the year*

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.6 *Borrowing costs*

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

2.7 *Property, plant and equipment*

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Furniture and Fixtures and Office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

2.8 Impairment of tangible and intangible asset other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash generating unit, as the case may be, is estimated and the impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit and loss.

2.9 Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Work in progress includes cost of land and all expenditure incurred in connection with, or attributable to the project, and, being a long-term project, includes interest.

2.10 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.11 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.12 Provisions, contingent liabilities and contingent assets

2.12.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.12.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.12.3 Contingent liabilities

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events, when no reliable estimate is possible.

2.12.4 Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.13 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

2.14 Foreign currency transactions and translations

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets / liabilities are translated at exchange rates prevailing on the date of settlement or at the year-end as applicable, and gain / loss arising out of such translation is adjusted to the statement of profit and loss.

2.15 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.15.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in statement of profit and loss for Financial assets at fair value through other comprehensive income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to statement of profit and loss.

All other financial assets are subsequently measured at fair value.

The Management assessed that fair value of cash and short-term deposits, trade receivables, other current assets, trade payables, book overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

2.15.2 The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The fair-value of the financial-instruments factor the uncertainties arising out of COVID-19, where applicable.

2.15.3 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at financial assets at fair value through profit or loss ("FVTPL"). Interest income is recognised in statement of profit and loss and is included in the "Other income" line item.

2.15.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.15.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

In addition, the Company has also considered credit reports and other credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19. The Company believes that the carrying amount of allowance for expected credit loss with respect to trade receivables, unbilled revenue and other financial assets is adequate.

2.15.6 *Derecognition of financial assets*

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

2.15.7 *Foreign exchange gains and losses*

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency, denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in statement of profit and loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in statement of profit and loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.16 *Financial liabilities and equity instruments*

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.16.1 *Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in statement of profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

2.16.1.1 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

2.16.1.2 Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.16.1.3 Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

2.17 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

The Company's contribution to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognized as a liability at the present value of the defined benefit obligation as at the Balance Sheet date.

2.18 Earnings per Share

Basic / Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

2.19 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.20 Goods and Services tax input credit

Goods and Services tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

2.21 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 1, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The Company has used the principles of prudence in applying judgments, estimates and assumptions including sensitivity analysis and based on the current estimates, the Company expects to fully recover the carrying amount of trade receivables including unbilled

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

receivables, goodwill, intangible assets and investments. The eventual outcome of impact of the global health pandemic may be different from those estimated as on the date of approval of these financial statements.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements based on estimates and assumptions, which have the significant effect on the amounts recognised in the standalone financial statements.

Taxes

Deferred tax assets are recognised for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the standalone financial statements.

26. Segment information

Business segments

The Company operates in only one business segment, i.e. 'lease of land and properties constructed' based on the nature of the services and products, the risks and returns etc. This has been determined in the manner consistent with the internal reporting provided to the Manager regarded as the Chief Operating Decision Maker ("CODM"). The Company operates only in India. The conditions prevailing in India being uniform, no separate geographical disclosure within India is considered necessary.

27. Earnings per Share

(Amounts in INR Lakhs)

Particulars	For the year ended 31 March, 2021	For the year ended 31 March, 2020
Loss for the year attributable to owners of the Company	(1,016.82)	(857.46)
Weighted average number of equity shares (in Nos)	2,00,00,000	2,00,00,000
Earnings per share from continuing operations - Basic and Diluted (in Rs.) ((face value of Rs.10/- each)	(5.08)	(4.29)

28. Contingent liabilities and Capital Commitments

(Amounts in INR Lakhs)

Particulars	As at 31 March, 2021	As at 31 March, 2020
Contingent liabilities (to the extent not provided for)		
Income Tax Demands*	–	936.78
Service tax demands received	493.21	493.21
(The above amount is based on demand raised, which the Company is contesting with the concerned authorities. Outflows, if any, arising out of this claim would depend on the outcome of the decision of the appellate authorities and Company's rights for future appeals.)		
Total Contingent Liabilities	**493.21**	1,429.99

* The Company had in the previous year received an unfavorable order from the Hon'ble High Court of Madras against appeals filed with reference to income tax liability pertaining to Assessment Years 2010-11, 2011-12 and 2012-13. The Company had filed a Special Leave Petition against this order with Hon'ble Supreme Court and the Supreme Court had referred back the case to Assistant Commissioner of Income Tax. The Company has similar disputes for the Assessment Years 2013-14 and 2014-15, (appeal

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

not filed with the Hon'ble High court against unfavorable orders received from Income Tax Appellate Tribunal). The disputes arose on account of differential treatment with respect to the allowance of interest expenses incurred by the company on land development, being the qualifying asset – claimed as borrowing costs and capitalized in the books whereas claimed as allowable expenditure on incurring for income tax purposes. This contention of the Company was disregarded and the decision was that the allowability for tax also would happen only actual sale of land, similar to the treatment in the books.

The Company has opted to settle all the above pending Income tax disputes through Vivad Se Vishwas Scheme,2020 and relevant statutory forms were filed and Income Tax Department has accepted our applications. The Company has also withdrawn special leave petition filed with Hon'ble Supreme Court. Consequently, net provision for tax relating to the above settlements, amounting to INR 366.35 Lakhs was provided during the year and shown as tax relating to earlier years.

29. Employee Benefits

a) Defined Contribution plans

The Company makes Provident fund contribution to defined contribution plans for the employees. Under the scheme, the company is required to contribute a specified percentage of the payroll cost to the fund the benefits. The Company recognized Rs. 16.46 Lakhs (PY Rs. 17.78 Lakhs) for Provident fund & Other funds contributions in the statement of profit and Loss. The contributions payable to these plans by the company are at rates specified in the rules of the scheme.

b) Defined Benefit Plans

The Company's obligation towards gratuity is defined benefit plan. The gratuity expense is included under 'Employee Benefit Expenses' in Note 22 Employee benefits expense. The company has funded the gratuity Liability through LIC Scheme. The details of actuarial valuation are given below:

Gratuity:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund. Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The present value of the defined benefit plan liability (denominated in Indian Rupee) is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The significant actuarial assumptions used for the purposes of the actuarial valuations were as follows:

(Amounts in INR Lakhs)

		Gratuity (Funded)	
		2020-21	2019-20
a.	**Net Liabilities recognized in the balance sheet**		
	Present Value of Defined Benefit Obligation	**46.97**	53.69

	Expected return on plan assets	**(2.01)**	(1.44)
	Actuarial (gains) / Losses	**(7.36)**	5.75
	Total expenses	**(1.88)**	10.99
c.	**Change in present value of Defined Benefit obligation**		
	Present Value of the obligation at the beginning of the year	**53.69**	41.37
	Past service cost	–	–
	Current Service cost	**4.24**	3.66
	Interest Cost	**3.25**	3.02
	Actuarial (Gains) /Losses	**(7.36)**	5.75
	Benefits Paid	**(6.85)**	(0.11)
	Present value of the obligation as at the end of the year	**46.97**	53.69
d.	**Change in fair value of plan assets**		
	Present value of plan assets as the beginning of the year	**25.52**	24.19
	Expected return on plan assets	**2.01**	1.44
	Contributions made	–	–
	Benefits paid and Charges	**(0.23)**	(0.11)
	Present value of plan assets at the end of the year	**27.30**	25.52
e.	**Principal actuarial assumptions**		
	Discount Rate	**6.29%**	6.47%
	Expected return on plan assets	**6.29%**	6.47%
	Expected rate of Salary increase	**8.00%**	10.00%
	Attrition Rate	**10.00%**	10.00%
	Mortality	LIC (2006-08) Ultimate mortality tables	
f.	**Estimate of amount of contribution in the immediate next year**	**19.67**	28.17

g. Estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotions, increments and other relevant factors such as supply and demand in the employment market.

h. Basis used to determine expected rate of return - The Gratuity Fund is managed by the Life Insurance Corporation of India and they have not made available the information on major categories of plan assets and the expected rate of return on each class of plan assets.

(Amounts in INR Lakhs)

i.	Experience adjustment as provided by actuary:	for the years				
		2020-21	**2019-20**	**2018-19**	**2017-18**	**2016-17**
	Present value of DBO	**46.97**	53.69	41.37	28.64	24.02
	Fair value of plan assets	**27.30**	25.52	24.19	22.14	24.36
	Experience gain / (loss) adjustments on plan liabilities	**(2.01)**	(1.44)	(2.19)	(1.01)	(2.11)
	Experience gain / (loss) adjustments on plan assets	**0.24**	(0.32)	0.52	(0.51)	0.72

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

Long-Term Compensated Absences
Actuarial assumptions:

Particulars	For the year ended 31 March, 2021	For the year ended 31 March, 2020
Discount rate	**6.29%**	6.47%
Expected return on plan assets	**6.29%**	6.47%
Salary escalation	**8.00%**	10.00%
Attrition	**10.00%**	10.00%

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Amounts in INR Lakhs)

	Year	Change in Assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount Rate	**2021**	0.50%	45.89	48.10
	2020	0.50%	52.18	55.28
Salary Growth Rate	**2021**	0.50%	47.76	46.20
	2020	0.50%	54.60	52.79

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:

(Amounts in INR Lakhs)

	As at 31 March, 2021	As at 31 March, 2020
Year 1	4.56	5.01
Year 2	20.45	4.86
Year 3	2.73	19.13
Year 4	2.69	3.31
Year 5	2.62	3.29
Next 5 Years	19.56	23.73

Plan of Assets

The fair value of Company's pension plan asset as of 31 March, 2021 and 31 March, 2020 by category are as follows:

Asset Category	As at 31 March, 2021	As at 31 March, 2020
Deposits with Insurance companies	100%	100%

30 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 2, the management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

COVID -19 Impact assessment :

The management assessed the Company's future projections in light of the developments due to COVID 19 situation and has reassessed the impact that it may cause on the Company's financial and operational performance. The business activities were temporarily suspended owing to lock down during the year and post phased out lifting of the lock down, the activities have commenced in a gradual manner . The Company has credit and term loan facilities available to meet the project costs and pay off the vendors and bankers in the immediate 12 months from the date of approval of these financial statements. The Company expects no additional inflow of capital towards currently planned development. Based on the above assessment, the management is of the view that company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

31. Financial Instruments

Capital management

The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary. There is no change in the overall capital risk management strategy of the Company compared to last year.

The Company uses debt ratio as a capital management index and calculates the ratio as total debt divided by total equity. Total liabilities and total equity are based on the amounts stated in the financial statements.

The Company is not subject to externally enforced regulation.

Debt-to-equity ratio as of 31st March, 2021 and 31st March, 2020 is as follows:

(Amounts in INR Lakhs)

	31 March, 2021	31 March, 2020
Debt (A)	**30,693.32**	30,054.13
Equity (B)	**13,046.01**	14,057.44
Debt Equity Ratio (A/B)	**2.35**	2.14

Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

CREDIT RISK

(i) Credit risk management

The amount of trade receivable from Land leasing, Industrial park maintenance service and property leasing activities as appearing in the balance sheet of the company shows the amount due from the customers to whom the Industrial park Maintenance charges, water charges and property Lease services are provided. Company executes Land leasing agreement with customers only entire lease premium is paid by customers and hence no risk of credit loss in dues relating to Land leasing premium. Further, As per the company's policy, every customer has to deposit 3 to 6 months of Maintenance charges and/or monthly lease rentals with the company and as per the terms of the agreement with the customer's, company is entitled to adjust the pending dues against the deposits taken from customer and hence, company is not exposed to any credit loss risk. Further there has been no instance in past which shows that the company has written off any significant any dues pending and is not exposed to a credit risk. During the year to the extent where recoverability of debt is doubtful the company has made provision for expected credit loss.

LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

– Expiring within one year	**20.00**	20.00
	1,381.70	1,183.03

(iv) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

(Amounts in INR Lakhs)

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

Currency Risk

The Company undertakes transactions denominated only in India Rupees and hence there is no risk of foreign exchange fluctuations.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The sensitivity analyses below have been determined based on exposure to interest rate for both derivative and non-derivative instruments at the end of reporting period. For floating rate liabilities, analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
MAHINDRA WORLD CITY (JAIPUR) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Mahindra World City (Jaipur) Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, of its Profit and total comprehensive income, its cash flows and its changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors' Report and the related annexures, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in Annexure B, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
   (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
   (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Financial Statements.
   (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.
   (h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
      (i) The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements. (Refer Note 30 to the Financial Statements).
      (ii) The Company did not have any long- term contracts which has any material foreseeable losses. The Company did not have any derivative contracts.
      (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Financial Statements of **Mahindra World City (Jaipur) Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls over Financial Reporting

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2021, based on the criteria for internal financial control with reference to Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) In respect of its property, plant and equipment and investment properties:

a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and investment properties.

b) Most of the property, plant and equipment and investment properties were physically verified during the year by the management in accordance with a regular programme of verification, which in our opinion, provides for physical verification of property, plant and equipment and investment properties at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

c) With respect to the leasehold land on which the properties are constructed by the Company, based on examination of the registered lease deeds provided to us, we report that the lease agreements are in the name of the Company as at the balance sheet date where the Company is the lessee in the agreement.

(ii) In our opinion and according to the information and explanations given to us, having regard to the nature of inventory, the physical verification by way of verification of lease deeds, certificate received from third party confirming the inventory, site visits by the management and certification of extent of work completion by competent persons, are done at reasonable intervals and no material discrepancies were noticed on such verification.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the reporting under Clause 3(iii) of the Order is not applicable to the Company.

(iv) According to the information and explanations given to us, the Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act. Accordingly, the reporting under Clause 3(iv) of the Order is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under, where applicable. Accordingly, the reporting under Clause 3(v) of the Order is not applicable to the Company.

(vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under subsection (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues applicable to it to the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, Cess and other material statutory dues in arrears as applicable as at March 31, 2021 for a period of more than six months from the date they became payable.

(c) The details of dues of Urban Land Tax and Income-tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where dispute is pending	Period to which the Amount relates	Amount unpaid (Rs. In Lakhs)
Jaipur Development Authority Act 1982	Urban assessment /Shahri Jamabandi	Jaipur Development Authority	2006-16	32,179.39
Income Tax Act, 1961	Income Tax Demand	Commissioner of Income Tax (Appeals)	AY 2011-12	32.16

(viii) According to the information and explanations given to us and on the basis of our examination of books and records of the Company, the Company has not defaulted in the repayment of loans or borrowings to banks and debenture holders. The Company has not taken any loans or borrowings from financial institutions and Government.

(ix) In our opinion and according to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the reporting under Clause 3(ix) of the Order is not applicable to the Company.

(x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such cases by the Management.

(xi) In our opinion, the managerial remuneration for the year ended March 31, 2021 has been paid / provided by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, the reporting under Clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us the Company has entered into transactions with related parties in compliance with provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Financial Statements as required by Indian Accounting Standard (IND AS) 24, Related Party Disclosures, specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the reporting under Clause 3(xiv) of the Order is not applicable to the Company.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them during the year and hence provisions of Section 192 of the Companies Act, 2013 are not applicable. Accordingly, the reporting under clause 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under Clause 3(xvi) of the Order is not applicable to the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

1. General Information

Mahindra World City (Jaipur) Limited ("the Company") is engaged in the business of development of an Industrial park with Special Economic Zone (SEZ) and Domestic Tariff Area (DTA). The Company acquires land under lease, incurs expenditure on its development and related infrastructure facilities and gives them on a long-term lease for industrial, commercial and residential use. The Company also maintains the Industrial Park for which it collects operation and maintenance charges from the lessees.

The registered office of the Company is located at 4th Floor, 411, Neelkanth Tower, Bhawani Singh Road, C-Scheme, Jaipur – 302001, Rajasthan.

2. Significant Accounting Policies

2.1 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Companies Act, 2013 ("the Act"). The aforesaid financial statements have been approved by the Company's Board of Directors and authorised for issue in the meeting held on May 10, 2021.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

2.3.1 Land Lease Premium

Land lease premium is recognized as income upon creation of leasehold rights in favour of the lessee or upon an agreement to create leasehold rights with handing over of possession.

2.3.2 Income from properties

Income from properties and other assets given under operating lease is recognised based on the terms of lease agreement on a straight-line basis over the non-cancellable lease period.

2.3.3 Income from Operations and Maintenance (O&M)

Income from operation & maintenance charges and water charges are recognized over time on an accrual basis as per terms of the agreement with the lessees.

2.3.4 Other income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4 Current versus non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current – Non Current classification of assets & liabilities.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Borrowings are classified as current if they are due to be settled within 12 months after the reporting period.

2.5 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

2.5.1 The Company as a Lessee

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

2.5.2 Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term.

2.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.6.1 Current tax

Current tax is determined as the amount of tax payable in respect of taxable income for the year. The Company's current tax is calculated using tax rate that has been enacted or substantively enacted by the end of the reporting period.

2.6.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the way the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.6.3 Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.8 Inventories

Inventories are stated at lower of cost and net realisable value. The cost of construction material is determined on the basis of weighted average method. Construction Work-in-Progress includes cost of land, construction costs and allocated interest & manpower costs and expenses incidental to the projects undertaken by the Company.

2.9 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.10 Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties used in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

Depreciation on tangible fixed assets has been provided on pro-rata basis, on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except for certain assets as indicated below:

Certain plant and equipment are depreciated over a period of 12 years based on technical evaluation of useful life by management.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.11 Investment Property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, Investment properties are measured in accordance with requirement of IND AS 16 for cost model.

Investment property includes leasehold land and building. Depreciation on investment property has been provided on pro-rata basis, on the straight-line method as per the useful life of such property. Buildings are depreciated over the period of 60 years considering this period as the useful life for the Company.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated at the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.12 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also, allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.13 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.14 Provisions, contingent liabilities and contingent assets

2.14.1 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

2.14.2 Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.14.3 Contingent liabilities

Contingent liability is disclosed in case of:

a. a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and

b. a present obligation arising from past events, when no reliable estimate is possible.

2.14.4 Contingent assets

Contingent assets are disclosed where an inflow of economic benefits is probable.

2.15 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.16.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2021

Interest income is recognised in profit or loss for Fair Value through Other Comprehensive Income (FVTOCI) debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.16.2 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.16.3 Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument by- instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition, it is part of a portfolio of identified financial instruments
- that the Company manages together and has a recent actual pattern of short term
- profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or
- a financial guarantee.

2.16.4 Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right Offsetting to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.16.5 Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.
